REVENUE DEPARTMENT.

NOTIFICATIONS.

No 1164L.A —The 1st February 1915.—The following agreement made under section 41 of the Land Acquisition Act, I of 1894, is published for general information

J. H. KERR,

Secy. to the Govt. of Bengal.

Agreement executed by the Comilla Central Co-operative Bank, Limited, desiring to acquire land under section 41 of the Land Acquisition Act.

AGREEMENT made this 19th day of December 1914 between THE COMILLA CENTRAL CO-OPERATIVE BANK, LIMITED, a Co-operative Society incorporated under the Act (Act II of 1912) relating to Co-operative Societies and having its registered office at Kandirpar within the town and Municipality of Comilla, district Tippera (hereinafter called the Company), of the one part and THE SECRETARY OF STATE FOR INDIA IN COUNCIL (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of an office building and out-houses, etc., the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894 of the piece or parcel of land containing 1 bigha, 1 cottah and 2 chitaks or thereabout situate in the village of Kandirpar within the town and Municipality of Comilla, district Tippera and more particularly described in the schedule and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Company the said piece of land.

And whereas the said Government of Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the land which will be acquired for the Company tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894 or by the Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Company under the last preceding clause not being thereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the above-mentioned Act, the Secretary of State shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said land shall be held by the Company for the purposes of such building and out-houses, etc., as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said building and outhouses, etc., shall be completed (and fully equipped in all respects ready for use) within three years from the date on which possession of the said land shall have been given to the Company.

6. Should the said building and outhouses, etc., not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of eighteen consecutive months, to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land, and thereupon the interest of the Company in the said land shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land as it may think proper. Should the said Government sell the said land, the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company. Should the said Government, on taking possession, decide not to sell the land, it shall repay to the Company all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent.) but will not repay any sums paid and received on account of costs, charges and expenses.

* Not printed and published here with, but may be inspected in the office of the Collector of Tippera

8. The office shall be open to the reasonable use of all the *bond fide* members of the Company during the office hours of the Company and at all hours to those who have business to transact with the Company as regards admission of members into the Company, applications for loans, deposit and withdrawal of money and also to those making enquiries relating thereto

Provided that the Company may make rules fixing and regulating its hours of business, a copy of which shall be affixed to a conspicuous place on the premises but any rules framed by the Company in restriction of the general right of admission shall be inoperative against the public unless assented to in writing by the Secretary of State or his accredited agents, the Government of Bengal

Provided also that nothing herein contained shall be construed to confer on the public the right to make use of the premises for individual profit or gain except with the permission of the Company first had and obtained.

9 Should any dispute or difference arise touching or concerning the subject-matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

In witness whereof (the said Company) has caused its seal to be affixed and the Secretary of State for India in Council hath hereunto set his hand and seal the day and year first above written.

The seal of the abovenamed Company has hereto been affixed in the presence of

Seal of the Comilla Central Co-operative Bank, Limited
BIPIN CHANDRA DEB,
Joint Secretary
Witness

**REVISION OF PAY OF CIVIL ASSISTANT SURGEONS
APPOINTED TO BE CIVIL SURGEONS IN BENGAL.**

FINANCIAL DEPARTMENT.

MEDICAL.

CALCUTTA, THE 2ND FEBRUARY, 1915.

RESOLUTION—No. 189Medl.

READ—

- (1) Letter from the Government of India, Home Department, No 358, dated the 4th June 1913.
- (2) Letter to the Government of India, Home Department No 441 Medl, dated the 19th July 1913
- (3) Letter from the Government of India, Home Department, No 844, dated the 21st September 1914.
- (4) Letter to the Government of India, Home Department, No 5049Medl, dated the 5th November 1914
- (5) Letter from the Government of India, Home Department, No 1159, dated the 3rd December 1914

In connection with a scheme for the improvement of the pay and prospects of the Civil Assistant Surgeons in Bengal, which was sanctioned by the Government of India in Home Department Resolution No. 1112—50, dated the 22nd August 1898, it was decided for the first time that a certain number of Civil Surgeoncies should be opened to this class of officers. The pay to be drawn by a Civil Assistant Surgeon when appointed to a Civil Surgeoncy was then fixed at Rs 350—30—500 a month. In 1912 the pay and prospects of the Civil Assistant Surgeons in Bengal were generally revised, but the rate of pay to be drawn by these officers holding Civil Surgeoncies was left unaltered. The question of improving their pay has, however, since been under consideration, and the Government of India have now decided in the Home Department letter No 844, dated the 21st September 1914, cited in the preamble, that the pay of Civil Assistant Surgeons appointed to be Civil Surgeons in Bengal should be raised from Rs. 350—30—500 to Rs 400—40—600 a month. These orders will have effect from the 21st September 1914

2. The Government of India have also subsequently sanctioned in Home Department letter No 1159, dated the 3rd December 1914, the following concessions to the Civil Assistant Surgeons appointed to officiate as Civil Surgeons, viz —

- (i) that Civil Assistant Surgeons officiating as Civil Surgeons should be allowed, irrespective of their grade, to draw the full minimum pay of the post, in recognition of their higher status and increased responsibilities and of the additional expenses incidental to short incumbencies, and
- (ii) that when a Civil Assistant Surgeon has drawn pay at the rate of Rs. 400 per mensem for a year as a Civil Surgeon, officiating or substantive, he should be eligible for his first increment in the scale of pay of Civil Assistant Surgeons promoted to Civil Surgeoncies

These orders will have effect from the 3rd December 1914.

ORDER :—Ordered that a copy of this Resolution be published in the *Calcutta Gazette*, and that a copy be forwarded to the Surgeon-General with the Government of Bengal and to the Accountant-General, Bengal, for information and guidance.

By order of the Governor in Council, 9

H. L. STEPHENSON,
Secretary to the Govt. of Bengal.

ROYAL WARRANT instituting a new Decoration, entitled "The Military Cross"

GEORGE R I

GEORGE THE FIFTH by the Grace of God of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India, To all to whom these Presents shall come Greeting; Whereas We have taken into Our Royal consideration the distinguished services in time of War of Officers of certain ranks in Our Army; And whereas We are desirous of signifying Our appreciation of such services by a mark of Our Royal favour We do by these Presents for Us Our heirs and successors institute and create a Cross to be awarded to Officers whose distinguished and meritorious services have been brought to Our notice.

Firstly: It is ordained that the Cross shall be designated "The Military Cross."

Secondly It is ordained that the Military Cross shall consist of a Cross of silver having on each arm Our Imperial Crown and bearing in the centre the letters G R I.

Thirdly: It is ordained that no person shall be eligible for this Decoration nor be nominated thereto unless he is a Captain, a Commissioned Officer of a lower grade, or a Warrant Officer in Our Army, or Our Indian or Colonial Military Forces, and that The Military Cross shall be awarded only to Officers of the above ranks on a recommendation to Us by Our Principal Secretary of State for War.

Fourthly It is ordained that Foreign Officers of an equivalent rank to those above mentioned, who have been associated in Military operations with Our Army, or Our Indian or Colonial Military Forces, shall be eligible for the Honorary award of The Military Cross

Fifthly It is ordained that the names of those upon whom We may be pleased to confer this Decoration shall be published in the London Gazette, and that a Register thereof shall be kept in the Office of Our Principal Secretary of State for War

Sixthly It is ordained that the Military Cross shall be worn immediately after all Orders and before all Decorations and Medals (the Victoria Cross alone excepted), and shall be worn on the left breast pendent from a riband of one inch and three-eighths in width, which shall be of colour white with a purple stripe.

Seventhly It is ordained that the Military Cross shall not confer any individual precedence, and shall not entitle the recipient to any addition after his name as part of his description or title

Eighthly It is ordained that any person whom by an especial Warrant under Our Royal Sign Manual We declare to have forfeited The Military Cross shall return the said Decoration to the Office of Our Principal Secretary of State for War, and that his name shall be erased from the Register of those upon whom the said Decoration shall have been conferred.

Lastly: We reserve to Ourselves, Our heirs and successors full power of annulling, altering, abrogating, augmenting, interpreting, or dispensing with these Regulations, or any part thereof, by a notification under Our Royal Sign Manual

Given at Our Court at *St James's* this 28th day of *December*, one thousand nine hundred and fourteen, in the Fifth year of Our Reign.

By His Majesty's Command.

Kitchener.

MEDICAL DEPARTMENT

SUBORDINATE.

No. 39.—With the approval of the Most Hon'ble the Secretary of State for India, the Government of India sanction the following changes in the conditions of service of Military Assistant Surgeons of the Indian Subordinate Medical Department, with effect from the 11th November 1914.—

I.—RECRUITMENT

(a) The standard of preliminary education of candidates for admission into Medical Colleges shall be raised to or be equivalent to that required by the General Medical Council of Great Britain; and the present course of professional study shall be extended from four to five years.

(b) Candidates selected for admission as Military Medical pupils shall be on probation for six months, and shall be liable, at any time, to removal from the College, if in the opinion of the Director-General, Indian Medical Service, they are, for any reasons, unlikely to become efficient Assistant Surgeons.

(c) On completion of their course of study at a Medical College, and after obtaining a qualification recognised by the General Medical Council and passing the examination held by the Director-General, Indian Medical Service, they will be admitted into the service as 4th class Assistant Surgeons, and will be required to serve for a period of seven years before they can claim their discharge.

Any Military Medical pupil failing to obtain his qualification on the completion of his years' course of study will, at the discretion of the Director-General, Indian Medical Service, either be remanded for a definite period, at his own expense, or he may be summarily removed if the results of the examination show that he is not likely to become an efficient Assistant Surgeon.

II—PAY AND PROMOTION

(i) The rates of grade pay of Assistant Surgeons shall be as follows.—

		Per mensem
		Rs.
4th Class ...	Ranking as Sub-Conductors . . {	.. 100
3rd „ .		. 150
2nd Class		. 200
1st „ ...	Ranking as Conductors. {	... 250
Senior Assistant Surgeon with the honorary rank of Lieutenant.		.. 350
Senior Assistant Surgeon with the honorary rank of Captain or Major.		.. 450

(ii) Subject to good conduct and efficiency, and in the case of 3rd class Assistant Surgeons, to the passing of a professional examination also, as detailed in the next clause, a service of seven years in the 4th class and five years in the 3rd and 2nd classes, respectively, will render an Assistant Surgeon eligible for promotion to the next higher class.

(u) Third class Assistant Surgeons will, before being eligible for promotion, be required to pass an examination in certain subjects, at any time before their twelfth year of service. This examination will be held annually under the orders of the Director-General, Indian Medical Service. No allowance will be made for failure to pass; and a candidate may be remanded by the Director-General, Indian Medical Service, to a further course of study for a period not exceeding two years, if the results of this examination are unsatisfactory.

(v) Promotion to the grade of Senior Assistant Surgeon with the honorary rank of Lieutenant, Captain or Major will be made by selection, in accordance with the Royal Warrant dated the 26th September 1911.

(v) Assistant Surgeons in the service on the 11th November 1914 (including those who have been specially promoted, degraded or passed over for promotion during their service) will be classified from that date according to their length of service as follows:—

those with less than 7 years' service, will be graded in the 4th class,
 those with 7 and less than 12 years' service, will be graded in the 3rd class,
 those with 12 and less than 17 years' service, will be graded in the 2nd class,
 those with 17 years' service and over will be graded in the 1st class
 and their rank in their new class will in like manner be fixed according to the date of their Warrant rank.

(vi) An Assistant Surgeon in the Warrant grade who has been specially promoted to a higher class may receive further promotion in accordance with the time-scale, until he reaches the top of the Warrant grade; but his advancement to the Commissioned grade will be deferred until all those originally senior to him have been promoted or superseded. An Assistant Surgeon who has been specially promoted to the Commissioned grade will be similarly treated, as regards substantive promotion.

III—ENGLISH FURLOUGH PAY.

The rates of English furlough pay will be as follows —

				Per annum.	
				£	s
4th Class	80	
3rd "	110	
2nd "			...	120	
1st "		140	
Senior Assistant Surgeon with the honorary rank of Lieutenant				165	
Senior Assistant Surgeon with the honorary rank of Captain or Major				220	

IV.—STUDY LEAVE

Study leave will be granted, with allowances as noted below, in accordance with rules which will be issued under the orders of the Director-General, Indian Medical Service —

- (a) Rs. 50 per mensem whilst studying at Institutions in India.
- (b) 4 shillings per diem during the period of study in the United Kingdom or out of India

The amount of study leave will be restricted to one month for every year's service, up to a maximum of 12 months in all.

B HOLLOWAY, Colonel,
 Secy. to the Govt. of India.

The Calcutta Gazette

WEDNESDAY. FEBRUARY 3, 1915

PART I B.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS

No. 198M—*The 27th January 1915*—In exercise of the power conferred by section 14 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to appoint the following gentlemen to be Commissioners of the Chakdah Municipality, in the district of Nadia —

Nadia.

The Sub-Registrar of Chakdah (*ex-officio*)

Babu Ashutosh Datta, B.A.

„ Basanta Kumar Mitra

„ Panchanan Bhattacharya

The Governor in Council is also pleased to appoint, under section 23 of the Act, the Subdivisional Officer of Ranaghat to be Chairman of the above Municipality.

No. 212M.—*The 28th January 1915.*—The following draft order which the Governor in Council proposes to make in exercise of the powers conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

Bankura.

2. The draft will be taken into consideration on the 15th March 1915, and any objection or suggestion which may be received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered —

Draft order.

In exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the Sonamukhi Municipality, in the district of Bankura, made in pursuance of a resolution passed at a meeting specially convened to consider the question, the Governor in Council is pleased to extend all provisions of Part X of that Act to the said Municipality.

No. 231M—The 1st February 1915.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council makes, in supersession of the Rules published under Notification No. 228M., dated the 15th January 1897, at page 12 of Part IB of the *Calcutta Gazette* of the 20th idem, the following rules, subject to which the Commissioners of the Howrah Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to holdings within the Municipality for domestic purposes only.—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow the owner or occupier of any holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 50 or such higher amount as may be fixed from time to time by the Commissioners at a meeting, to lay communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1 The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office, and the work must be commenced within three months from the date of sanction, failing which the sanction shall be deemed to be withdrawn, and a fresh application and sanction shall be required.

2 Before any work is commenced every such owner or occupier must pay to the Commissioners such fee as the Commissioners in meeting may from time to time direct, under section 301 of the Act, for each new connection and also a fee of Re. 1 for each addition to, or alteration in, an existing connection, such fee to be in addition to all other costs and charges imposed under these rules.

3. No persons other than the Licensed Plumbers will be allowed to execute any work in connection with the supply of water to any holding as contemplated in Part VII of the Bengal Municipal Act.

4 (1) The owner or occupier of the holding in respect of which the connection is required must bear the entire cost thereof, including the cost of the supply and fixing of the fittings referred to in rule 8.

(2) The applicant for the connection will also be liable for the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water-mains, or pipes and the cost of such other works as may be necessitated by, or result from, the work of making such connection, and also all charges for which the Commissioners may become liable in respect of any of the matters referred to in this sub-rule.

5 Each holding must have a separate connection, and extensions from the communication-pipe of one holding to another shall not be permitted. Connections, however, may be allowed from a common communication-pipe provided that such pipe is laid in a street or common passage, and that separate stop-cock and metre is fixed to each such connection.

6. Every connection with municipal water-mains must be made under the supervision of an officer appointed by the Commissioners in this behalf, and no such connection shall be made except at such time as may be appointed, and in such position as may be selected, by an authorized Municipal officer.

7. No connection shall be allowed to the rising main except with the permission of the Commissioners at a meeting.

8. A holding connection shall comprise the following parts or fittings:—

- (a) a brass or gun-metal ferrule inserted in the main supply-pipe;
- (b) a galvanized iron communication-pipe from the ferrule to the meter,
- (c) a stop-cock and its surface box,
- (d) a meter,
- (e) service-pipes from the stop-cock to the taps; and
- (f) taps.

9. Of the fittings referred to in rule 8, those specified under (a), (c), (d) and (f) shall, subject to the approval of a Municipal officer authorized in

this behalf, be supplied by the Licensed Plumbers at such rates as may from time to time be fixed by the Commissioners in meeting.

10. All communication-pipes and service-pipes shall be inspected and stamped by an officer authorized by the Commissioners before being fixed.

11. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (a) and (b) of rule 8 and the number of taps should be fixed in accordance with the annual valuation of the holdings as follows—

Annual valuation of holding	Size of ferrule	Diameter of communication-pipe	Number of taps
Under Rs. 200	.. 1"	1"	2
From Rs. 200 to 499	... 1½"	1½"	3
From „ 500 to 799	. 2"	2"	4
From „ 800 to 1,199	... 2½"	2½"	5
From „ 1,200 to 1,999	. 3"	3"	6
From „ 2,000 to 3,000	... 3½"	1"	7

Over Rs. 3,000 one additional tap for every additional Rs. 1,000 in the annual valuation of the holding:

Provided that though the communication-pipe shall not ordinarily be more than ½" larger in diameter than the ferrule, yet the Engineer may, under special circumstances, fix the size of the communication-pipe with reference to the length of the pipe and the prevailing pressure.

12. The holding connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until this test has been applied by the Commissioners.

13. No connection shall be allowed to any holding unless the Engineer is satisfied that such holding is provided with means of efficient drainage for waste water.

14. (a) On every communication-pipe, a brass or gun-metal stop-cock, having the same waterway as such pipe, shall be placed outside the holding to be supplied, but as near as practicable to the point where that pipe enters the holding.

(b) The stop-cock shall be built in a brick-chamber provided with a surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(c) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

15. (a) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(b) The meter must be fixed in a brick-chamber covered over with a surface box of approved pattern.

16. The Commissioners shall depute an authorized person to read every meter not less than once a quarter and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

17. Every tap shall be of the same size as the pipe to which it is attached, and shall be of brass and of the pattern known as screw-down, or of such other pattern as may from time to time be approved by the Commissioners at a meeting. Every tap shall, except with the special permission of the Commissioners, be at least three feet above the road-level.

18. No communication-pipe or service-pipe shall be laid along or adjacent to any drain or watercourse or in any place where, in the opinion of the Engineer, there is risk or likelihood of the water in such pipe becoming contaminated.

19. Whenever a communication-pipe has to be laid across a sewer or open drain, or in any place where, in the opinion of the Engineer, it is liable to injury, such pipe must be passed through a cast-iron pipe of sufficient length and strength to afford due protection.

20. The Commissioners may cut off the connection between any water-works of the Municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely:—

(a) if the holding is unoccupied,

(b) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorized under this Act or under any bye-law or rule framed under this Act, or prevents such officer from making such examination or inspection,

- (c) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman, or wilfully or negligently injures or damages it ;
- (d) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ,
- (e) if the owner or occupier of any holding which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same .

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules

In the circumstances contemplated in clause (d) an officer authorized by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

21. In all cases in which disputes arise as to the size or quality of pipes or fittings or in which these rules do not apply an appeal against the orders of the Chairman or Engineer, as the case may be, shall lie to the Commissioners in meeting, whose decision shall be final, provided that no appeal shall lie against an order passed under rule 20 unless and until such order has been complied with.

No. 235 M.—The 2nd February 1915.—Whereas it appears from a special inquiry undertaken in this behalf that the Netrakona Municipality, in the district of Mymensingh, does not comply with the condition laid down in section 10 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), that three-fourths of the adult male population of a Municipality should be chiefly employed in pursuits other than agricultural Now, therefore, the Governor in Council, in exercise of the power conferred on him by the second proviso to section 9 of the said Act, read with clause (b) of that section, is pleased to declare his intention to exclude from the said Municipality a local area consisting of the 25 mauzas named and defined below .—

Names of mauzas	Revenue Survey numbers
Bhatpara . . .	1215
Mamudpur . . .	1216
Rajendrapur or Barshikura . .	1197
Chotagara . . .	1196
Baragara . . .	1195
Medni . . .	1218
Rampur . . .	1808
Baluakhali . . .	1219
Bandarkona or Gobindapur . .	1784
Koonapara . . .	1788
Faridpur . . .	1787
Panchananpur . . .	1786
Panchkahonia . . .	1790
Dharia . . .	1780
Khatibnoga . . .	1222
Balamoga . . .	1223
Kebalastam . . .	1229
Mahadipur . . .	1228
Challishapara . . .	1234
Nizampur . . .	1230
Parla . . .	1231
Shakua . . .	1233
Teligati . . .	1232
Hoshenpur . . .	1227
Alampur . . .	1226

2. The boundaries of the Netrakona Municipality after the exclusion of the said area will be as follows: -

On the North—Mauzas Ulahati Parla R. S. No. 1214 and Digjan R. S. No. 1809.

On the East—Mauzas Medni R. S. No. 1218, Rampur R. S. No. 1808, Baluakhali R. S. No. 1219, Gobindapur R. S. No. 1784, Faridpur R. S. No. 1787, and Panchananpur R. S. No. 1786.

On the South—Mauzas Dharia R. S. No. 1780, Khali Naba or Khatibnoga R. S. No. 1222, Bali Naba or Balianoga R. S. No. 1223, Mahadipur R. S. No. 1228, Alampur R. S. No. 1226, Hosenpur R. S. No. 1227, and Baragara-Gopalpur R. S. No. 1195.

On the West—Mauzas Baragara-Gopalpur R. S. No. 1195, Gara Chhota or Chota Gara R. S. No. 1196, Rajendrapur R. S. No. 1197, Mamudpur R. S. No. 1216, Bhatpara R. S. No. 1215, and Ulahati Parla R. S. No. 1214.

3. Any rate-payer of the said Municipality, or any inhabitant of the said local area, who objects to the exclusion of the said local area from the said Municipality should submit his objection in writing, through the District Magistrate, to the undersigned before the 22nd March 1915.

No. 233 L.S.-G—The 1st February 1915—The following by-laws, which have been made by the District Road Committee of Darjeeling under section 180 of the Cess Act, 1880 (Bengal Act IX of 1880), have been sanctioned by the Governor in Council, and are published for general information:—

BY-LAWS FOR THE DISTRICT ROAD COMMITTEE OF DARJEELING UNDER SECTION 180 OF THE CESS ACT, 1880 (BEN. ACT IX OF 1880).

Definitions.

1. In these by-laws, unless there is anything repugnant in the subject or context,—

(1) the word “cattle” has the same meaning as in the Cattle-trespass Act, 1871, and

(2) “road” means a road vested in, or under the control and administration of, the District Road Committee or a Branch Road Committee and includes—

(a) a village road,

(b) the slope, berm, borrow-pits and side-drains of a road, and

(c) all land vested in, or under the control and administration of, the District Road Committee or a Branch Road Committee, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

2. (1) No person shall encroach on any part of a road by cultivating crops or planting trees thereon.

(2) No person shall, on any road,—

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(a) without the permission of the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee, or the District Engineer, make or cause any encroachment, or

- (b) obstruct traffic, or
- (c) cause any inconvenience to passengers, or
- (d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

5. (1) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(3) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

Damage to fences, posts, soil, turf or grass on road

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable.

9. (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee, or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

10. The owner or occupier of any tank, well, or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee.

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee, or (in emergent cases, pending application to such Chairman) the District Engineer.

Use of roads, bridges, culverts or canals while closed to traffic

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee, or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

Discharge of rainfall from roof to road.

Flow of filth on to road

13. No person shall allow the water of any privy, or any matter offensive or deleterious to health, to flow on any road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee, or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

Removal of trees or erections falling on to road

Curing hides on or near road

15. No person shall cure hides on or near any road.

Slaughter of animals, cleaning of carcasses, etc., on or near road

16. No person shall slaughter any animal, or clean any carcasses, or collect bones, on or within fifty feet of any road.

Placing or burning of bodies on road

17. No person shall leave or burn any corpse or the dead body of any animal on or near any road except at established burning grounds

18. No person shall steep any jute, hemp, bamboos, hides or other offensive matter in any drain, borrow-pit or excavation at the side of any road.

Steeping offensive matter in road-side drain, pit or excavation

Flying kite on road

19. No person shall fly a kite on or over any road

20. (1) Any person driving or drawing a vehicle along a road and meeting another vehicle shall keep on the left or near side of the road, so as to allow sufficient room for the other vehicle to pass

Rule of the road

(2) No person driving or drawing a vehicle along a road and overtaking another vehicle shall attempt to pass the latter vehicle otherwise than on the right or off side of the road.

21. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road

Freedom of roads

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

Care of animals on road

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

(4) No person shall ride any pony on a road without a bit and bridle.

(5) No person shall drive upon a road at the same time more than four pack animals.

23. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road, must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Elephants and camels on road to have bell

Taking elephants over road, embankment, bridge or culvert

24 No person driving or in charge of an elephant shall—

- (a) cause material injury to a road, or to an embankment vested in the District Road Committee or a Branch Road Committee by taking the elephant over the same, or
- (b) take the elephant over a bridge or culvert vested in the District Road Committee or a Branch Road Committee, unless the same be constructed of arched masonry

25. Every driver of an elephant or camel shall, on being so required by the driver or rider of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road

Removal of elephants or camels from road to admit passage of horse

Care of vehicles on roads

26 (1) No person shall drive or have in his charge on any road more than one vehicle at a time.

(2) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road.

(3) No person shall leave a vehicle standing on a road for any longer time than is necessary for loading or unloading it

(4) No person shall drive upon a road any vehicle laden with bamboos, logs, bullahs planks or other materials of a similar character which exceed twelve feet in length and project beyond the vehicle, unless the vehicle be accompanied also by another person

(5) All owners and drivers of vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road

(6) If any vehicle breaks down on a road, the driver shall remove it to the edge of the road and in the hills to the khudside, if practicable, without delay, and shall, within a reasonable time, remove from the road all materials (if any) which have fallen from the vehicle, and shall place the vehicle in such a position that it will not obstruct traffic.

(7) No person shall lead or drive any vehicle up or down the slopes of any road, except at crossings fixed by the District Road Committee or a Branch Road Committee

27 No person shall carry bamboos or bullahs on a cart on any road in such a manner as to scrape the road, or to cause injury or annoyance, or risk of injury, to travellers thereon

Carrying bamboos or bullahs on cart on road

28. After the first day of March 1915, no bullock cart shall travel on any road, unless the iron tyres of the wheels, or (in the case of carts not having iron tyres) the wooden rims of the wheels, are two inches or more in width

Width of tyres

Provided that this by-law shall not apply to carts owned by residents of other districts which do not ordinarily ply within the Darjeeling district but merely pass through that district

29. Where separate tracks on roads have been set apart for carts and carriages, respectively, no cart shall be permitted to pass over the portion reserved for carriages.

Separate tracks for cart traffic and carriage traffic

30 No person shall transport heavy machinery over a timber bridge so as to injure the bridge

Transport of heavy machinery over bridge

31. Every carriage, including a spring ekka (tum-tum), drawn by a horse or horses, every waggon drawn by any other animals or propelled by motive power, and every motor-car shall carry two conspicuous lights, one on either side, and every two-wheeled cart and springless (country) ekka and every rickshaw, bicycle, tricycle and motorcycle shall carry one conspicuous light, when travelling on a road between dusk and dawn, except on clear moonlight nights.

Lighting of vehicles on road

32. No parent, or other person for the time being in charge, of any child under five years of age shall allow such child to stray on any road so as to cause obstruction or risk of obstruction to traffic,

Care of children on roads

Nuisances on roads

33. No person shall commit a nuisance on any road or bridge or culvert

Trees.

Damage to trees

34. No person shall destroy or damage, or cause to be destroyed or damaged,—

(a) any tree planted by, or under the charge of, the District Road Committee or a Branch Road Committee, or

(b) any gabion or other defensive enclosure erected for the protection of any such tree.

35. No person shall tap any date or palm tree, or remove fruit from any tree planted by, or under the control of, the District Road Committee or a Branch Road Committee without a lease or written permission previously obtained from the Chairman or Vice-Chairman of the District Road Committee or a Branch Road Committee.

Tapping, or taking fruit from, trees on road

Fires.

36. No person shall light a fire in any unenclosed place within ten yards of any wooden bridge vested in the District Road Committee, or within fifty yards of any Inspection or Dāk Bungalow vested in the District Road Committee or a Branch Road Committee

Lighting of fires

Penalties

37. (1) A breach of any of these by-laws shall be punished with fine, which may extend to ten rupees.

(2) A continuing breach of by-laws 2(2), 4, 5(2), 7(2), 8, 9, 10 or 28 shall be punished with a further fine, which may extend to two rupees for every day during which the breach is continued after the offender has been convicted of such breach

H. F. SAMMAN,

Secy to the Govt. of Bengal.

CORPORATION OF CALCUTTA.

THE General Committee having, under section 350 (1) of Act III (B C) of 1899, previously given public notice of their intention to define the general line of buildings on both sides of Boloram Ghose Street, in District I, and no objection having been received within the date specified for receiving the same, do hereby, under section 350 (4) of the said Act, order that the line defined as per plan approved by the General Committee on the 8th January 1915 is the general line of buildings on the said Boloram Ghose Street.

C. F. PAYNE

Chairman of the Corporation of Calcutta.

MUNICIPAL OFFICE, the 26th January 1915.

PART IC.

Educational Notices.

CIVIL ENGINEERING COLLEGE, SIBPUR.

THE following courses of instruction are provided at this College:—

I—THE ENGINEER DEPARTMENT.

(Affiliated to the Calcutta University)

A four-year course leading to the Bachelor of Engineering Degree in Civil Engineering followed by one year on practical training, qualifying for the College Diploma of "Civil Engineer"

Admission qualification.—The Intermediate Examination in Science or Arts (with Mathematics, Physics or Chemistry), or equivalent. In addition candidates for admission are required to pass a special examination in Drawing.

Applications for admission from regular students are due on or before July, 1st.

The Session commences on the first Monday in November

II—THE APPRENTICE DEPARTMENT.

A—Courses in Civil Engineering—

(a) The Sub-Overseer course of two academic years leading to—

(b) The Upper Subordinate or Civil Overseer course of two years followed by one year of practical training

The first year Sub-Overseer Session begins on the first Monday in May.

Entrance qualification.—The Matriculation Examination of an Indian University, the Junior Cambridge Local, or equivalent. To enable Indian students to join in May a special Entrance Test is held at the College in March at which candidates registered for the Matriculation Examination may appear.

The second year Sub-Overseer Session begins on the second Monday in April.

Entrance qualification.—The passing of the School Final Examination of the B. classes of Zilla Schools.

The Upper Subordinate Class Session begins in April.

Entrance qualification.—The passing of the Sub-Overseer Examination.

B.—Course in Mechanical and Electrical Engineering—

A three-year course followed by one year of practical training leading to the Full Course Certificate of the Joint Technical Examination Board.

C.—Course in Mining—

A three-year course leading to the Diploma in the Principles of Mining.

The Session of the preliminary year of the Mechanical and Electrical Engineering and Mining courses begins on the second Monday in January.

Admission qualifications—The Matriculation or Junior Cambridge Examination. Candidates who have passed the Sub-Overseer Examination may be admitted to the second or Junior year of these courses.

III—CLASSES IN TINCTORIAL CHEMISTRY AND DYEING.

A two-year course in Tinctorial Chemistry and Dyeing leading to a College Diploma is offered

Jullundur City.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta

Notice.

NOTICE is hereby given that all Exhibits filed in cases in the Court of the Municipal Magistrate, Calcutta, in the year 1913, will be destroyed if not taken back by the parties who filed them before 31st March 1915

G. NIBARAN CHANDRA GHATAK,
Municipal Magistrate, Calcutta

Town Hall, Calcutta, the 19th January 1915.

Notice.

ON and from 15th October, 1914, the Government of Bengal has ceased to undertake cash sales of publications of that Government at the Bengal Secretariat Book Depot.

Intending purchasers should in future apply to Messrs Cambray & Co., Booksellers and Publishers, of No. 9, Hastings Street, or to Messrs Rai M C Sarkar Bahadur & Sons, of 75-1-1, Harrison Road, Calcutta, at whose premises all publications of this Government which are for sale will be open to inspection.

Agents for the sale of Government publications and booksellers, who are allowed commission on the purchase of books, will be supplied by the Book Depot as at present

The Book Depot will continue as heretofore, to conduct sales of books by post, and persons, desirous of procuring Government publications by this method, should address their requisitions to the Book Depot

All issues of the said Reports from the said Depot to subscribers and officials will be suspended during that month

A. W. WATSON,
Secy. to the Govt. of Bengal,
Legislative Dept.

LEGISLATIVE DEPT. ;
BOOK DEPOT BRANCH,
The 17th December, 1914.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

SULPHATE OF QUININE, SULPHATE OF CINCHONIDINE, CINCHONA FEBRIFUGE, RESIDUAL ALKALOID

AND Quinoidine

Manufactured at the Bengal Government Cinchona Plantation

THESE articles are guaranteed to be free from wilful admixture with other Cinchona alkaloids. Quinine can be purchased by Government officers, District and Local Boards. It can also be purchased by Missionaries for bona fide public purposes. Otherwise it is not sold to private persons or firms. Cinchonidine is for sale to Government officers and to dealers. Cinchona Febrifuge can be purchased both in powder and 4-grain tablet form by Government officers and the general public. It is also sold by the Principal Druggists in Calcutta. Quinoidine or Pure Amorphous Alkaloid and Residual Alkaloid or Amorphous Cinchona Alkaloid which contains about 40 per cent of Pure Amorphous Alkaloid are for sale to Missionaries and Government institutions only. These drugs are sold strictly cash and in advance, but private purchasers may use the V-P post system, and these are obtainable from the Superintendent, Juvenile Jail, Alipore.

The rates for these drugs from 1st April 1914 are as follows—

Sulphate of Quinine

	Rs
For quantities of not less than 6 lbs in one delivery, 18 per lb.	
For any quantity less than 6 lbs in one delivery, 15 " "	

Sulphate of Cinchonidine

	Rs
For quantities of not less than 6 lbs in one delivery, 12 per lb.	
For any quantity less than 6 lbs in one delivery, 14 " "	

Cinchona Febrifuge

	Rs
For quantities of not less than 6 lbs in one delivery, 6 per lb.	
For any quantity less than 6 lbs in one delivery, 6 " "	
Residual Alkaloid or Amorphous Cinchona Alkaloid and Quinoidine or Pure Amorphous Alkaloid, for any quantity, Rs 4 per lb.	

Quinine is available in 1-oz, 4-lb, 1-lb and 4-lb tins.

Cinchonidine is available in 4-lb, 1-lb and 1-lb tins.

Cinchona Febrifuge is available in 4-lb, 1-lb and 1-lb tins.

Residual Alkaloid is available in 10-lb, 5-lb and 1-lb tins.

Quinoidine is available in 10-lb and 1-lb tins.

Freight charges are in addition to the above prices in every case.

Drugs are sold strictly cash and in advance. Price of postage must accompany the price of the drug (when the drug is required by post). No charges are made when drugs are sent by rail. The name of the railway station, steamer, or post office must be written distinctly when the parcels are required by rail, steamer or by post. A scale of postage is given below—
[For 4 and 4-lb 4 annas, 1 lb 6 annas, 2 lbs 10 annas, 8 lbs 12 annas, 4 lbs Re 1, 5 lbs Re 1 4, and for 6 lbs Re 1 6.]

 Mairu-Lumara. Fasc. 3-4 (English) Rs. 2-8.
 Maitra or Maitrayaniya Upanishad. Fasc. 1. As. 10.
 Visvahitam. Fasc. 1. As. 10.
 Kavindravasa Samuccaya. Rs. 3-8.
 Sri Surigaryayam. Fasc. 2. As. 10.

**LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT
 FROM October 1913 to March 1914.**

Monthly Weather Review, May to November 1913. (Illustrated by 7 plates.) Quarto, Paper cover. Re. 1 per month.
 Annual Summary of the Monthly Weather Review, 1912. (Illustrated by 6 plates.) Quarto, Paper cover. Rs. 3.
 Memoirs of the Indian Meteorological Department, Vol. XXII, Part II. By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto. Paper cover. Re. 1-8.

**LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA
 DURING THE WEEK ENDING 7TH FEBRUARY 1914.**

Records of the Geological Survey of India, Vol. XLIII, Part 3, by Director, Geological Survey of India. Contributions to the Geology of the Province of Yunnan in Western China. I. The Bhamo Teng-yueh area (with plates 6 to 17). Contributions to the Geology of the Province of Yunnan in Western China. II. Petrology of the Volcanic Rocks of the Teng-yueh District (with plates 18 to 20). The Kirana and other Hills in the Jach and Rechna Doabs (with plates 21 and 22). The Banawali Aerolite. Re. 1.
 Records of the Geological Survey of India, Vol. XLIII, Part 4, by Director, Geological Survey of India. The Gold-bearing Alluvium of the Chindwin River and Tributaries (with plates 23 to 25). The correlation of the Siwaliks with Mammal Horizons of Europe (with plates 26 to 28). Contributions to the Geology of the Province of Yunnan in Western China. III. Notes on the Stratigraphy of the Ordovician and Silurian Beds of Western Yunnan by J. Coggin Brown, M.Sc., with Provisional Palaeontological Determinations by F. R. Cowper Reed, M.A., F.E.S. Further Notes on the species "Camarotoechinus Asiaticus" from Burma. Re. 1.
 Memoirs of the Geological Survey of India, Vol. XLIII, Part I. By Sir Thomas Holland, K.C.I.E., Professor of Geology, University of Manchester, and G. H. Tipper, M.A. Geological Survey of India. Indian Geological Terminology. Rs. 2.

**LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA
 DURING THE WEEK ENDING 30TH MAY 1914.**

Memoirs of the Geological Survey of India, Volume XL, Part 2. By E. H. Pascoe, M.A., D.Sc., F.G.S., Assistant Superintendent, Geological Survey of India. The Petroleum Occurrences of Assam and Bengal. Rs. 3.
 Records of the Geological Survey of India, Volume XLIV, Part 1. By Director, Geological Survey of India. General Report of the Geological Survey of India for the year 1913. A Carbonaceous Aerolite from Rajputana (with text figure). Notes on Value of Nummulites as Zone Fossils, with a description of some Burmese Species. (With plates 1 to 3.) Re. 1.

**LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT
 DURING THE CURRENT QUARTER.**

Monthly Weather Review, December 1913. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re. 1.
 Monthly Weather Review, January 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re. 1.
 Monthly Weather Review, February 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re. 1.
 Monthly Weather Review, March 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re. 1.
 Correlation in seasonal variations of weather III. On the criterion for the reality of relationship or periodicities. Memoirs of the Indian Meteorological Department, Vol. XXI, Part IX. Quarto. Paper cover. By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Price As. 8. (8a)

- Monthly Weather Review, April 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re 1.
 Monthly Weather Review, May 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re. 1
 Monthly Weather Review, June 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re. 1.
 Monthly Weather Review, July 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re. 1
 Monthly and Annual Normals of Pressure, Temperature, Relative Humidity, Vapour Tension and Cloud. Memoirs of the Indian Meteorological Department, Vol. XXII, Part III. By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto. Paper cover. Price Re. 1 annas 8.
 Monthly Weather Review, August 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Price Re. 1.

LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT FROM JANUARY TO JUNE 1914.

- Monthly Weather Review, August 1913 to January 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Re 1 per month.
 Annual Summary of the Monthly Weather Review, 1912. (Illustrated by 6 plates.) Quarto. Paper cover. Re. 3.
 A further study of relationship with Indian monsoon rainfall—Memoirs of the Indian Meteorological Department, Vol. XXI, Part VIII, by Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto. Paper cover. As 8.

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 27TH JUNE 1914.

- Records of Geological Survey of India, Volume XLIV, Part 2, by Director, Geological Survey of India. Contributions to the Geology of the Province of Yunnan in Western China. IV. The Country around Yunnan Fu (with Plate 4). Note on a Dyke of White Trap from the Panoh Valley Coalfield, Ohhindwana District, Central Provinces (with text figures 2 and 3). Statement of Mineral Concessions granted during 1913. Re 1.

LIST OF BOOKS PUBLISHED BY THE COORG ADMINISTRATION DURING THE HALF-YEAR WHICH ENDED ON THE 30TH JUNE 1914.

- Report on Forest Administration in Coorg, by H. Tireman, Esq., Deputy Conservator of Forests, Coorg, "Progress Report on the Forest Administration in Coorg for the year 1912/13." It deals with the Administration of Forests in Coorg. Foolscap folio. Paper binding. Price 8a or 9d (6 pies.)

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 1ST AUGUST 1914.

- Memoirs of the Geological Survey of India, Volume XLI, Part 2, by L. Leigh Fermor, D.Sc., A.R.S.M., F.G.S., Superintendent, Geological Survey of India. On the Geology and Coal Resources of Korea State, Central Provinces. (With 12 plates.) Rs 3.
 Memoirs of the Geological Survey of India, Volume XLII, Part 1, by J. Coggin Brown, M.Sc., F.G.S., Assistant Superintendent, Geological Survey of India. The Burma Earthquake of May 1912. Rs 3

LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT FROM APRIL TO SEPTEMBER 1914.

- Monthly Weather Review, December 1913 to April 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Re 1 per month
 A Further Study of Relationship with Indian Monsoon Rainfall. Memoirs of the Indian Meteorological Department, Vol. XXI, Part VIII. By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto. Paper cover. Annas 8
 Correlation in Seasonal Variations of Weather, III, on the Criterion for the Reality of Relationships or Periodicities. Memoirs of the Indian Meteorological Department, Vol. XXI, Part IX. By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto. Paper cover. Price annas 8

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 17TH OCTOBER 1914.

- Memoirs of the Geological Survey of India, Palaeontologia Indica, Sr. XV, Himalayan Forests, Volume IV, Fasc. No. 5, by Miss Paula Steiger, Ph.D. Additional Notes of the Fauna of the Spiti Shales. Re 1.

**LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA
DURING THE WEEK ENDING 29th NOVEMBER 1914.**

Records of the Geological Survey of India. Volume XLIV. Part 3. By Director, Geological Survey of India. Some newly discovered Coal-Seams near the Yaw River, Pakokku District, Upper Burma (with plates 5 to 12). The Monazite Sands of Travancore (with plates 13 to 17). A Lower Cretaceous Fauna from the Himalayan Gleumai Sandstone together with a description of a few Fossils from the Chikkim Series, by Dr. Albrecht Spitz (Vienna). Translated by E. Vredenburg, B.Sc., B.Sc., F.G.S. (with plates 18 and 19 and text figures 4 to 11). Further description of Indarotos Satmontanus Pilgrim, the new genus of Bear from the Middle Siwaliks, with some remarks on the Fossil Indian Ursidae (with plate 20). On the Probable Future Beheading of the Son and Red Rivers by the Hoado (with plate 21). Re. 1.

**LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING
THE WEEK ENDING 26th DECEMBER 1914.**

Records of the Geological Survey of India, Volume XLIV, Part 4. By W. A. K. Christie, B.Sc., Ph.D., Chemist, Geological Survey of India, Guy E. Pilgrim, D.Sc., F.G.S., Officiating Superintendent, Survey of India, Captain J. L. Griminton, R.Q.A., F.R.Q.S. Notes on the Salt Deposits of the Gila-indus Salt Ranges. Description of teeth referable to the Lower Siwalik Creodont genus Dissopsalis, Pilgrim. Notes on some Glaciers of the Dhaul and Lissar Valleys, Kumaon Himalaya, September 1912. Miscellaneous Notes, Index. Re. 1.

**LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT
FROM JULY TO DECEMBER 1914.**

Monthly Weather Review, March to July 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Re. 1 per month.

Correlation in seasonal variations of Weather, III, on the criterion for the Reality of relationships or Periodicities. Memoirs of the Indian Meteorological Department, Volume XXI, Part IX. By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto. Paper cover. Price annas 8.

Light	0.3 second.
Eclipse	2.7 seconds.

CHINA SEA—TIENTSIN DISTRICT.

Wreck of the S.S. Guthrie off Taku Bar will probably be unlighted during winter.

No. 24 (second publication).—The Coast Inspector, Shanghai, has given Notice (No. 579 of 1914) that the wreck of the S.S. *Guthrie*, lying $3\frac{1}{4}$ cables S. 64° W., magnetic, from the advertised position of the Lightship *Taku*, will be liable to be unlighted during the winter months.

The wreck lies in 18 feet of water at low water of spring tides, and her hull is entirely submerged. Her funnel is gone, but her masts are still standing.

As the customary withdrawal of the Taku Lightship during the winter will take place, vessels approaching the Taku Bar during that period should exercise great caution.

CHINA SEA—CHEFOO DISTRICT.

Loshan Bay—Uncharted shoal.

No. 25 (second publication).—The Coast Inspector, Shanghai, has given Notice (No. 580 of 1914) that Japanese Notice to Mariners No. 377 of 1914 announces the existence of a rocky patch with 15 feet of water over it at low water in the following position: "Data Rock" bearing S. 9° E, magnetic, distant 6.6 cables.

The 11th January 1915.

KOREA—WEST COAST.

Kunsan harbour—Alteration in characteristics of lights.

No. 13 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1791 of 1914), are republished:—

(a) *Position.*—On beacon situated on south side of entrance to harbour.

Lat. $35^{\circ} 58\frac{1}{4}'$ N., long. $126^{\circ} 32\frac{1}{4}'$ E.

New abridged description.—(U) Lt. Gp. Fl. (2), ev. 6 secs., 36 ft., vis. 10 m.

Details.—The fixed light with white and red sectors has been replaced by a light having the undermentioned characteristics —

Character.—A group flashing white light showing a group of two flashes every six seconds, thus:—

2 Flashes,	eclipse
1½ secs.	4½ secs

Elevation.—36 feet.

(b) *Position.*—On beacon situated on northern side of harbour.

Lat. $36^{\circ} 00\frac{1}{4}'$ N., long. $126^{\circ} 40\frac{1}{4}'$ E

New abridged description.—(U) Lt. F.

Details.—The occulting white light has been replaced by a light having the undermentioned characteristics.

Character.—A fired white light.

Elevation.—30 feet.

Visibility.—10 miles.

Remarks.—The remaining details of the above lights are unchanged.

Charts affected.—No. 913, Mackau group to Clifford islands.

„ 3480, Shantung promontory to Nagasaki.

Publications.—List of Lights, Part VI, 1914, Nos. 1732, 1734.

China Sea Pilot, Vol. V, 1912, page 627.

Authority.—Seoul Notices, Nos. 389 and 405 of 1914. (H. 5590/14).

PORTUGUESE EAST AFRICA.

Limpopo river entrance—Light established.

No. 14 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1792 of 1914), are republished :—

- *Position.*—In the position formerly occupied by the beacon on Monte Bello, situated on the west bank of the river.

Lat. $25^{\circ} 11\frac{1}{2}'$ S., long. $33^{\circ} 30'$ E

Abridged description.—Lt. Gp. Fl. (4), *ev. 20 sec., 305 ft., vis. 24 m.*

Details :

Character.—A group flashing white light showing a group of four flashes every twenty seconds.

Elevation.—305 feet.

Visibility.—24 miles

Order.—3rd.

Structure.—Masonry tower, 35 feet in height.

Remarks.—The beacon on Monte Bello and the height 278 feet are to be expunged from the charts, "*Lt. Ho.*" being substituted in the title, and the note on the leading line altered to read "*Lt. Ho. and beacon in line.*"

Charts affected.—No. 685, Plan of Limpopo river entrance.

„ 648, Delagoa bay to river Zambezi.

„ 597, Delagoa bay to Cape Guardafui.

„ 748*a*, Indian Ocean, southern portion.

Publications.—List of Lights, Part VI, 1914, No. 65.

AUSTRALIA—NEW SOUTH WALES

Newcastle harbour—Existence of shoal depths, Leading beacons established.

No. 15 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1803 of 1914), are republished :—

1. Existence of shoal depths.

Position.—(a) At a distance of 215 yards, 226° (S. 36° W. *Mag.*), from the red Pile beacon with green light (30 ft.), situated off the south-western end of the northern breakwater.

Lat. $32^{\circ} 55\frac{1}{2}'$ S., long $151^{\circ} 47\frac{1}{2}'$ E.

(b) At a distance of 60 yards, 245° (S. 55° W. *Mag.*) from (a).

Depth.—20 feet, with rocky bottom, in each case.

2. Leading beacons established :

(a) *Position.*—At a distance of 190 yards, 14° (N. 4° E. *Mag.*), from the red Pile beacon with green light (30 ft.) off the south-western end of the northern breakwater.

Description.—A triangular beacon (apex up) painted in black and white horizontal bands.

Remarks.—This beacon in line with the foregoing red Pile beacon with green light bearing 14° (N. 4° E. *Mag.*), leads clear to the eastward of the 20-foot shoals described in (1).

- (b) *Position*.—On the guide wall extending northward from the Life-boat shed, and at a distance of 195 yards, 284° (*N. 86° W. Mag.*), from the white light on the inner end of the southern breakwater.
- Description*.—A triangular beacon (apex up), painted in black and white horizontal bands, exhibiting a *white* light.
- Remarks*.—This light-beacon in line with the white light on the inner end of the southern breakwater bearing 104° (*S. 86° E Mag.*), leads clear to the southward of the 20-foot shoals described in (1).
- Variation*.— 10° E
- Chart affected*.—No. 2119, Newcastle harbour.

CEYLON, WEST COAST.

Colombo harbour approach—Light-buoy established

No. 16 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1804 of 1914), are republished:—

Position.—At a distance of $2\frac{1}{10}$ miles, 337° (*N 22° W. Mag.*), from Colombo light (group flashing), and 305° (*N. 54° W Mag.*), from the light on north end of the new arm of the south-west breakwater.

Lat $6^{\circ} 57\frac{1}{2}'$ N., long. $79^{\circ} 49\frac{1}{4}'$ E.

Description.—Light-buoy exhibiting an *occulting red* light.

Remarks.—This buoy has been established in connection with the Examination Service, and mariners are warned that in making the port they are to pass close to the buoy and leave it on their starboard hand. A note to this effect is to be placed on the charts

Variation.— 1° W.

Charts affected.—No. 3686, Approaches to Colombo harbour.

„ 3700, Colombo to Galle.

„ 813, Ceylon, south part, south of $7^{\circ} 20'$ N.

BRITISH POSSESSIONS.

Caution when Approaching British Ports.

No. 17 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1805 of 1914), are republished:—

PART I.

CLOSING OF PORTS.

Former Notice.—No. 1 of 1914 (*This Office No. 74 of 1914*), hereby cancelled.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that local or other circumstances may arise in which it may be necessary, on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to certain ports of the Empire, this is to

give notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three *red* vertical lights by night, or three *red* vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this Notice.

If these signals are displayed, vessels must either proceed to the position marked "Examination Anchorage" on the Admiralty charts and anchor there, or keep the sea.

(3) At all the ports and localities at home or abroad referred to in Part III of this Notice, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working

PART II.

EXAMINATION SERVICE.

(4) Under certain circumstances it may become necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this Notice.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the Examination anchorage. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In entering by night any of the ports mentioned in Part III, serious delay and risk will be avoided if four efficient all round lamps, two *red* and two *white*, are kept available for use.

(7) **By day** the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed

By night the steamer will carry :—

- (a) Three *red* vertical lights if the port is closed.
- (b) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer. In the absence of any instructions from the Examination Steamer they must proceed to the position marked "Examination Anchorage" on the Admiralty Charts and anchor there, or keep the sea.

Whilst at anchor in the Examination Anchorage, Masters are warned that they must not lower any boats (except to avoid accident), communicate with the shore, work cables, move the ship, or allow anyone to leave the ship, without permission from the Examination Steamer.

(9) In case of fog, Masters of vessels are enjoined to use the utmost care, and the Examination Anchorage itself should be approached with caution.

(10) Merchant vessels when approaching ports are specially cautioned against making use of private signals of any description, either by day or night the use of them will render a vessel liable to be fired on.

(11) The pilots attached to the ports will be acquainted with the regulations to be followed

PART IV.

SWEEPING OPERATIONS.

H.M. Vessels are constantly engaged in sweeping operations off ports in the United Kingdom.

Whilst so engaged, they work in pairs, connected by a wire hawser, and are consequently hampered to a very considerable extent in their manœuvring powers.

With a view to indicating the nature of the work on which these vessels are engaged, they will show the following signals —

A black ball at the foremost head and a similar ball at the yardarm, or where it can best be seen, on that side on which it is dangerous for vessels to pass.

For the public safety, all other vessels, whether steamers or sailing craft, must keep out of the way of vessels flying this signal, and should especially remember that it is dangerous to *pass between* the vessels of a pair.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Sugarcane Crop of Bengal, 1914-15.

NOTE.—On an average of the five years ending 1912-13, the area under sugarcane in Bengal represents some 9.9 per cent. of the total area under sugarcane in British India.

Character of the season.—Since the issue of the preliminary forecast, weather conditions generally proved a little more favourable till the end of September, but the defective rainfall in October followed by continued drought in November and December adversely affected the growth of the crop. The conditions, therefore, have not been wholly favourable.

Acresage.—The area planted with sugarcane this year is estimated to be 233,400 acres against 218,300 acres last year, or an increase of about 7 per cent.

Outturn.—From the Appendix attached to the Report, it will be seen that nine districts report a crop between 90 and 100 per cent., fourteen districts between 80 and 88 per cent., and the rest between 58 and 75 per cent.

According to estimates of District Officers, the total outturn of the crop for the Province works out to 82 per cent. of the normal against 86 per cent. last year.

Taking $35\frac{1}{2}$ maunds as the normal rate of cane-*gur* per acre, the gross outturn for the Province is estimated at 4,991,700 cwts. against 4,896,500 cwts. last year.

Other sources of *gur*.—The total quantity of *gur* likely to be obtained from date palm juice is estimated at 1,809,100 cwts. and from palmyra palm juice 1,400 cwts. The total quantity of *gur* in the Province from all sources this year is estimated at 6 802,200 cwts.

J. R. BLACKWOOD,
Director of Agriculture, Bengal.

CALCUTTA,
The 28th January 1915

APPENDIX I.

Final Forecast of the Sugarcane Crop of 1914-15.

DISTRICT	Estimated normal area under sugarcane	ESTIMATED AREA UNDER SUGARCANE—		TAKING 100 TO REPRESENT THE NORMAL, WHAT WOULD BE THE AVERAGE OUTTURN PER ACRE CROPPED—		Date by which the harvesting of the crop generally commenced this year, and whether that date was early, normal or late.	REMARKS BY DISTRICT OFFICERS.
		Last year.	This year	Last year	This year		
1	2	3	4	5	6	7	8
	Acres.	Acres.	Acres.				
24 Parganas	5,100	2,800	3,800	75	88	First week of December	Since the submission of the preliminary forecast, the weather has not been favourable owing to insufficient rainfall. The outturn is normal in Barrackpur and Basirhat, while it is poor in Baranagar and Sadar.
Nadia ..	7,900	6,100	5,700	92	83	First week of December Normal	The character of the weather was not quite favourable. The outturn is below the normal owing to drought.
Murshidabad	3,600	3,300	3,300	75	88	January to February Normal.	The condition of the crop was not very favourable owing to want of rain from July to December which has caused damage by about two annas.
Jessore	6,600	3,900	2,700	88	92	November. Normal.	The weather was unfavourable. Most of the plants remained under flood water in August and September.
Khulna ..	1,500	1,300	1,300	100	100	End of September Normal	The weather was favourable. The outturn is normal.
Burdwan	28,800	22,700	28,300	75	75	Not yet commenced	In July and August the rainfall was above the normal, but in September there was almost complete cessation of rain thus affecting the crop considerably. The injury caused by the drought may amount to three annas.
Birbham ..	9,000	7,000	9,000	75	58	Not yet begun	The weather was not favourable. Excessive rainfall after the submission of the first forecast, and drought towards the end of the year caused damage by about five annas.
Bankura	15,000	10,500	10,500	92	100	Not yet commenced	The weather and general condition of the crop are good.
Midnapore	3,000	3,000	3,000	80	90	Beginning of January Normal	From July to September the weather was favourable, but the want of rain from October to middle of December has caused the outturn to fall below the normal by about 10 per cent.
Hooghly	7,200	6,300	5,900	86	97	November Normal.	The weather was fair from July to August, but the cessation of rain in September caused some damage to the crop. Hence the outturn has slightly fallen below the normal.
Hawrah	8,500	4,800	4,800	67	69	Beginning of January. Normal	The weather was not favourable. Insufficient rain in July and August and want of rain from September to November has caused the outturn to fall below the normal.
Rajshahi ..	18,000	13,200	13,100	80	80	Middle of November. Normal	The weather was favourable from July to October but it was not good since then owing to want of timely rain. Hence the outturn is below the normal.
Dinajpur	28,600	20,800	20,300	84	87	Beginning of November Normal.	The weather was not quite favourable. The want of rain retarded the growth of the crop. Hence the outturn has fallen below the normal.
Jalpaiguri ..	5,300	4,300	4,300	84	91	1st week of November Normal	The weather was generally favourable, but some injury caused by drought.
Darjeeling	1,300	100	100	65	62	December Early	The weather was not favourable. The fall in the outturn below the normal is due to injury caused by drought.
Rangpur ..	20,500	14,000	11,400	100	100	1st week of December. Normal.	The weather was favourable although the rainfall since the submission of the preliminary forecast was deficient.
Bogra ..	20,000	20,000	20,000	80	80	Middle of Jan. Normal	The weather on the whole was favourable from July to September, but was unfavourable from October owing to continued drought. Hence the outturn is below the normal.
Pabna ...	10,000	10,000	10,000	95	80	January	The weather conditions after planting were not favourable. Hence the outturn is below the normal.

DISTRICT	Estimated normal area under sugarcane	ESTIMATED AREA UNDER SUGAR CANE—		TAKING 100 TO REPRESENT THE NORMAL, WHAT WOULD BE THE AVERAGE OUTTURN PER ACRE CROPLET—		Date by which the harvesting of the crop generally commenced this year and whether that date was early, normal or late	REMARKS BY DISTRICT OFFICERS
		Last year	This year	Last year	This year		
1	2	3	4	5	6	7	8
	Acres	Acres	Acres				
Malda	200	500	300	90	80	October Normal	The growth of the crop was retarded owing to drought since October. Hence the outturn is below the normal
Dacca	21 100	17 600	19 500	90	84	Ditto	The increase in area is due to extension of cultivation. Scanty rain towards the end of August and in September and want of rain in November and December adversely affected the crop
Mymensingh	13 600	9,800	13 300	100	89	First week of December Normal	The short outturn is due to the fact that in Jamalpur the fields were not matured
Faizpur	7 100	5,300	7,000	81	90	November Normal	The weather has not been favourable owing to irregular distribution of rain.
Bakarganj	11 000	11,700	17,700	88	84	Middle of August Normal	The weather was not very satisfactory. The fall in outturn is due to heavy rain in June
Chittagong	6,400	6 000	5 000	88	86	First part of November	The distribution of rainfall has not been entirely favourable
Tippura	8,000	4 000	6,200	93	95	Latter part of November Normal	The increase in area is due to extension of cultivation in the Sadar subdivision. The weather was not favourable. Want of sufficient rain caused some damage to the crop. Hence the outturn is below the normal
Noakhali	900	900	800	80	80	Latter part of September Normal	Owing to unfavourable weather at planting time, the outturn is below the normal
Chittagong Hill Tracts	500	700	1,000	60	80	January	The outturn is better than last year due to favourable weather
Total Bengal	282,000	214,700	234 400	86	82

Wholesale—(1) Chella Hat, (2) Ramkrishnapur Hat, (3) Sealdah Fish and Milk Markets, (4) Posta Bazar

Retail—(1) Sir Stuart Hogg Market, (2) Orphananj Market, (3) Solan Bazar, (4) Nutan Bazar, (5) Raja Babu's Bazar, (6) Bowbazar, (7) Kareya Bazar, (8) Taltolla Bazar, (9) Jagu Babu's Bazar, (10) Mallick Bazar

KRISHNAKALI MUKHARJI,

Persl. Asst. to Commissioner, and
President, Advisory Food Committee.

CALCUTTA,

The 1st February 1915.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 1st February 1915.

Summary.—During the week under report light rain fell in parts of the Rajshahi Division. Threshing of winter rice is approaching completion and harvesting of early *rabi* crops has commenced in some districts. Preparation of lands for *bhadai* crops and pressing of sugarcane continue. The prospects of standing *rabi* crops have greatly improved from the rainfall during the past weeks. Cattle-disease is reported from seven districts. The average price of common rice for the Province has risen by about one per cent. as compared with that of the previous week.

Director of Agriculture, Bengal.

DEPARTMENT OF STATISTICS, INDIA.

TRADE FLUCTUATIONS.

PRINCIPAL STAPLES IMPORTED INTO AND EXPORTED
FROM CALCUTTA IN THE SEVEN MONTHS OF
APRIL TO OCTOBER 1914.

THE following tables are intended to show the trade of Calcutta in selected articles during the months of April to October 1914 by all routes, *i.e.*, by rail, road, river, canal and sea. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the District Magistrates of the 24-Parganas and Howrah, and the Assistant Engineer Calcutta Canals.

Table I summarises briefly the imports into and exports from Calcutta of staples during the month of October 1914 as against the corresponding period of 1913.

Tables II—VII give in detail the imports into and exports from Calcutta for the seven months ending October 1914.

The total imports into Calcutta in the seven months of April to October 1914 of rice, wheat, wheat-flour, gram and pulse and other food-grains were 18,000,000 maunds, as against 23,000,000 maunds and 29,000,000 maunds in the corresponding periods of 1913 and 1912. But although trade in food-grains declined generally, the imports of rice and wheat-flour showed an increase of about 1,000,000 and 50,000 maunds, respectively, in the seven months of 1914, as compared with the corresponding seven months of 1913. The total imports of wheat, however, declined from 5,200,000 maunds in the seven months of 1913 to 2,600,000 maunds in the same period of 1914. The imports of husked rice and paddy were 12,549,000 maunds, as against 11,142,000 maunds in the corresponding period of 1913. The district of 24-Parganas supplied Calcutta with a little less than half of the total imports of rice received from Bengal. It will also be observed that Burma exported 7,600,000 maunds of rice and paddy to Calcutta, as against 4,300,000 maunds received from the interior of Bengal.

There were also decreases in the imports of coal and coke, cotton raw, Indian cotton piece-goods, jute, rape and mustard, raw silk, sugar (refined and unrefined) and unmanufactured tobacco, while indigo, cotton twist and yarn, gunny-bags, lac, tea and manufactured tobacco were imported into Calcutta in somewhat larger quantities. Of the Rs 98,00,000 of Indian cotton piece-goods imported into Calcutta, Rs. 63,00,000 came from Bombay, Rs. 13,00,000 from the district of Hooghly and Rs. 9,00,000 from the Central Provinces and Berar. More than Rs. 41,00,000 worth of piece-goods were imported *via* the Bengal-Nagpur Railway and about Rs. 34,00,000 *via* the Eastern Bengal State Railway.

Among the articles of import, jute, owing to war conditions, shows a very serious fall—only 1,732,000 bales were imported into Calcutta in the seven months, April to October 1914, as compared with 3,251,000 bales in the corresponding period of 1913. Jute was received chiefly from Faridpur (363,000 bales), followed by Dacca (291,000 bales), Mymensingh (211,000 bales), 24-Parganas (148,000 bales), and Rangpur (132,000 bales). Over 151,000,000 gunny-bags were imported almost entirely from the districts of Hooghly and the 24-Parganas. The exports of the number of gunny-bags were 484,000,000, of which 461,000,000 went to foreign countries, 21,000,000 to the United Kingdom, 13,000,000 to Burma, 4,000,000 to Bombay, and 3,000,000 to Sind.

There has likewise been a decline in the exports by sea of food-grains. In the seven months of April to October 1913, the exports of rice amounted to 5,179,000 maunds, wheat to 2,042,000 maunds, gram and pulse 2,438,000 maunds and other food-grains 1,411,000 maunds. In the corresponding period of 1914 the exports were—rice 3,108,000 maunds, wheat 97,000 maunds, gram and pulse 834,000 maunds and other food-grains 78,000 maunds. For the seven months of 1914, therefore, the total exports of food-grains were 4,388,000 maunds, as against 11,435,000 maunds in 1913.

No. 984A.—The 30th January 1915.—The Hon'ble Mr. Abdul Majid, Bar-at-Law, District and Sessions Judge, Bengal, is confirmed in his appointment as Superintendent and Remembrancer of Legal Affairs, Assam, with effect from the 30th December 1914.

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 925A.—The 6th February 1915 —The following is substituted for the existing paragraph 5 of rule 26 in section III of the Rules for the Departmental Examination of Assistant Magistrates and others, dated the 4th September 1912 :—

“ Probationary Assistant Superintendents of Police will be required to appear for the Lower Standard in Law at the first half-yearly examination held after their arrival at the School; but at subsequent examinations they will be permitted to present themselves for examination in that subject by both standards at the same time. If, however, any such officer liable to pass in the first paper without books by the Lower Standard in Law obtains the minimum marks prescribed for passing in the same paper without books by the Higher Standard, he will be adjudged to have passed both in the Lower and the Higher Standards in this paper. Probationers will also be required to appear for the Lower Standard in Bengali at the first half-yearly examination held after their arrival at the School, but they should understand that unless they have had a working knowledge of Bengali before they became probationers, or have shown unusual aptitude for the language in their studies at the School, they will not pass in the Lower Standard at the first examination. At the second half-yearly examination those probationers who have not already passed in Bengali by the Lower Standard *will be required* to appear in the examination by that standard but *will not be allowed* to appear in the examination by the Higher Standard. At subsequent examinations they will be permitted to present themselves for examination, either for the Higher Standard, if the Lower Standard has already been passed, or for the Lower Standard or for both standards at the same time.”

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 1439 For.—The 8th February 1915—With reference to the Notification, dated the 23rd January 1879, published under section 34 of the Indian Forest Act, 1878 (VII of 1878), at pages 71-81, Part I of the *Calcutta Gazette* of the 29th *idem*, as amended by the subsequent notifications noted in the margin, declaring the Sunderbans Forest in the Khulna district to be a reserved forest, it is hereby notified that the area and boundaries of that forest are as follows:—

(1) Dated the 14th April 1883

(2) Dated the 18th July 1890

(3) No 1605T R, dated the 22nd September 1910

AREA.

1,470,368 acres=2,297 45 square miles

BOUNDARIES.

North—From a wooden post No. 1 on the east bank of the Kalindri Gang situated at a point 684 feet north of an artificial channel joining the Kalindri Gang and the Jamuna or Madar river, a demarcated line with an embankment 843 feet long and bearing 72°-30' along the south boundary of lot No. 164, locally known as Koikhalabad, to a wooden post No. 2 on the Jamuna river, thence southwards along the Jamuna river to its junction with the Gholkhal khal, and along this khal to its junction with the Dhapi khal, thence the Dhapi khal to a wooden post marked No. 3, thence an artificial channel with an embankment having a general bearing of 1°-30' for 2,400 feet to a wooden post No. 4, thence an embankment bearing generally 62° for a distance of 88 feet to its junction with the Mirgang at wooden post No. 5, thence the Mirgang, Churkuni khal, Dumkoli khal, Kadamtoli khal and Chaur Gang to its junction with the Arpangasia river, thence the Arpangasia river, the Singlagolkhal khal, the Sakbaria khal or Korra Gang, Moisdali khal, Harda khal, the Sipsa river, the Sutar khal, the Bhaddar Gang, Ladobi khal, the Dhangar khal, the Passur river, the Chachan Gang up to a small khal near Chandpie revenue station, demarcated by wooden posts No. 6 to 21; and thence the Khurma khal to its junction with the Bhola Gang

East—The Bhola Gang to a wooden post No. 22 on its eastern bank; thence an artificial line demarcated by posts Nos. 22 to 26 forming part of the south boundary of lot No. 6; thence the Bogi khal to its junction with the Haringhata or Baleswar river; and thence the Haringhata river to the Bay of Bengal.

South—The Bay of Bengal from the Haringhata river to the Raimangal river.

West—The Raimangal river from the Bay of Bengal to its junction with the Kalindri Gang; and thence the Kalindri Gang to post No. 1.

No. 1342 L R.—The 4th February 1915.—Mr. C. Graham Lee, Assistant Superintendent, Survey of India, now employed as Technical Adviser to the Settlement party in the district of Mymensingh, is allowed combined leave for one year, two months and seven days, under article 233 of the Civil Service Regulations, viz., privilege leave for two months and seven days, under article 260 of the Regulations, with effect from the 26th February 1915 or the amount due on any subsequent date on which he may avail himself of it, and furlough for the remaining period, under article 338 of the Regulations.

No. 1348 L.R.—The 3rd February 1915.—Whereas in pursuance of section 13 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882), the Board of Revenue has submitted,

Hooghly.

for the consideration of the Governor in Council, a report by the Collector of the Hooghly district, under section 11 of that Act, recommending that the irrigation sluice at Dilakash in the 12th mile of the Madaria Khal Left Embankment, which was washed away by flood in 1909, shall be rebuilt on its old site with a waterway equal to that of the previous one, at an estimated cost of Rs. 3,580, in accordance with plans prepared by the Executive Engineer of the Northern Drainage and Embankment Division and approved and sanctioned by the Chief Engineer, Irrigation Department, Bengal.

Now, therefore, the Governor in Council, having considered the said report and the Board's recommendation, is pleased, under section 14 of the said Act, to order that the said sluice shall be rebuilt at the said estimated cost and in accordance with the said plans

No. 1351 L.R.—The 2nd February 1915.—Notification No 716 T.R., dated the 14th May 1913, published at page 755, Part I of the

Burdwan.

THE Board of Trustees for the Improvement of Calcutta hereby give notice that a Street Scheme (Scheme No. 1X) has been framed for the area bounded as follows —

On the North—From the south-west corner of premises No. 6, Hastings Street, running westwards across Old Post Office Street in a line along the northern boundary of premises No. 1, Old Post Office Street, to a point 30 feet east of the south-west corner of premises No. 5, Hastings Street. From this point running southwards along a portion of the eastern boundary of premises No. 4, Hastings Street, and westward along a portion of the southern boundary of the same property to the north-western corner of premises No. 2, Old Post Office Street

On the West—The western boundary of premises No. 2, Old Post Office Street

On the South.—The southern boundaries of premises Nos 2 and 3, Old Post Office Street, across Old Post Office Street to the north-western corner of premises No. 9-1, Old Post Office Street

On the East—From this point running northwards along the east side of Old Post Office Street to the starting point.

Particulars of the Scheme, a map of the area comprised in the Scheme and a statement of the land which it is proposed to acquire may be seen at the offices of the Trust, No 5, Clive Street, on weekdays, between the hours of 11 A M and 4 P M (on Saturdays between 11 A M and 2 P.M.).

Copies of the above documents will also be delivered to applicants on payment of the following fees.—

	Re. A.
Particulars of the Scheme	0 4
Map of the area	1 0
Statement of land which it is proposed to acquire	0 4

Objections to the Scheme will be received up to the 8th April 1915

CUSTOMS.

Delhi, the 6th February 1915.

No 1210 W.—The following Order in Council is republished for general information :—

AT THE COUNCIL CHAMBER, WHITEHALL,

The 4th day of January 1915.

By the Lords of His Majesty's Most Honourable Privy Council.

WHEREAS it is provided by Section 2 of the Customs (Exportation Prohibition) Act, 1914, that any Proclamation or Order in Council made

under Section 8 of the Customs and Inland Revenue Act, 1879, as amended by the Act now in recital, may, whilst a state of war exists, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade:

And whereas it is provided by Section 2 of the Customs (Exportation Restriction) Act, 1914, that any Proclamation made under Section 1 of the Exportation of Arms Act, 1900, may, whether the Proclamation was made before or after the passing of the Act now in recital, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade:

And whereas by a Proclamation, dated the 10th day of November 1914, and made under Section 8 of the Customs and Inland Revenue Act, 1879, and Section 1 of the Exportation of Arms Act, 1900, and Section 1 of the Customs (Exportation Prohibition) Act, 1914, the exportation from the United Kingdom of certain Warlike Stores was prohibited:

And whereas there was this day read at the Board a recommendation from the Board of Trade to the following effect:—

That the Proclamation, dated the 10th day of November 1914, should be amended by making the following additions to the same:—

- (1) That the exportation of the following articles should be prohibited to all foreign ports in Europe and on the Mediterranean and Black Seas other than those of France, Russia (except Baltic Ports), Belgium, Spain, and Portugal:—

Clover and grass seeds,

Motor Vehicles of all kinds and their component parts.

- (2) That the exportation of:—

Fish (whale) oil, viz., train, blubber, sperm or head matter,

should be prohibited to all destinations abroad

Now, therefore, Their Lordships, having taken the said recommendation into consideration, are pleased to order, and it is hereby ordered, that the same be approved

Whereof the Commissioners of His Majesty's Customs and Excise, and all other persons whom it may concern, are to take notice and govern themselves accordingly.

ALMERIC FITZROY.

The 6th February 1915

No. 1336 W.—In exercise of the powers conferred by Section 19 of the Sea Customs Act, 1878 (VIII of 1878), as amended by Act XII of 1914, the Governor-General in Council is pleased to direct that the following amendments shall be made in the Notification in the Department of Commerce and Industry, No. 1669-W., dated 9th December 1914, namely:—

In clause (c) of the first proviso to the said Notification—

- (a) after the word “foodstuffs” the following shall be inserted, namely:—“(other than sugar),”

- (b) the word “or” shall be omitted; and

- (c) after the words “calcium carbide” the words “marble, alabaster or Sienna earth” shall be added.

C E Low,

Secy. to the Govt of India.

HOME DEPARTMENT

JUDICIAL.

Delhi, the 31st January 1915.

AMENDMENT OF HOME DEPARTMENT RESOLUTION Nos. 713-734 (JUDICIAL), DATED THE 2ND JUNE 1913, RELATING TO THE EXECUTION OF DEEDS, CONTRACTS AND OTHER INSTRUMENTS ON BEHALF OF SECRETARY OF STATE FOR INDIA.

RESOLUTION

IN exercise of the powers conferred by section 2 of the East India Contracts Act, 1870 (33 and 34 Vict., Cap. 59) and of all other powers enabling him in this behalf, the Governor-General in Council is pleased to direct that item 13 of Part N of the Resolution of the Government of

India in the Home Department Nos. 713—734 (Judicial), dated the 2nd June 1913, relating to the execution of deeds, contracts and other instruments on behalf of His Majesty's Secretary of State for India in Council, be omitted

ORDER.—Ordered that the above Resolution be communicated to the Local Governments and Administrations* and the several Departments† of the Government of India for information and guidance [with reference to their letter No. 9313, dated the 22nd December 1914] (and for communication to the Agent to the Governor-General, Baluchistan; and that it may be also published in the supplement to the *Gazette of India*)

[Second Publication.]

Extract from Gazette of India dated 2nd January 1914

ARMY DEPARTMENT.

Delhi, dated the 2nd January 1915

MEDICAL DEPARTMENT.

SUBORDINATE.

No. 39.—With the approval of the Most Hon'ble the Secretary of State for India, the Government of India sanction the following changes in the conditions of service of Military Assistant Surgeons of the Indian Subordinate Medical Department, with effect from the 11th November 1914 —

I.—RECRUITMENT.

(a) The standard of preliminary education of candidates for admission into Medical Colleges shall be raised to or be equivalent to that required by the General Medical Council of Great Britain; and the present course of professional study shall be extended from four to five years.

(b) Candidates selected for admission as Military Medical pupils shall be on probation for six months, and shall be liable, at any time, to removal from the College, if in the opinion of the Director-General, Indian Medical Service, they are, for any reasons, unlikely to become efficient Assistant Surgeons.

(c) On completion of their course of study at a Medical College, and after obtaining a qualification recognised by the General Medical Council and passing the examination held by the Director-General, Indian Medical Service, they will be admitted into the service as 4th class Assistant Surgeons, and will be required to serve for a period of seven years before they can claim their discharge.

Any Military Medical pupil failing to obtain his qualification on the completion of his years' course of study will, at the discretion of the Director-General, Indian Medical Service, either be remanded for a definite period, at his own expense, or he may be summarily removed if the results of the examination show that he is not likely to become an efficient Assistant Surgeon.

The Calcutta Gazette

WEDNESDAY, FEBRUARY 10, 1915

PART I B.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 373M.—The 8th February 1915—In exercise of the power conferred on him by section 351 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Governor in Council is pleased to confirm the following by-laws framed by the Commissioners of the Kurseong Municipality in the district of Darjeeling.

BY-LAWS OF THE KURSEONG MUNICIPALITY.

DEFINITIONS.

Definitions

1. In these by-laws,—

(1) "carriage" includes also a motor-car, and

(2) "cattle" means cattle as defined in section 3 of the Cattle Trespass Act, 1871 (I of 1871)

2. No act which constitutes an offence under section 34 of the Police Act (V of 1861), which is in force in this Municipality, shall be punishable under by-law 20, 38

Police Act 1861, section 31
or 48.

PENALTIES.

Fines

3. The penalty for the infringement of any of these by-laws shall be—

- (a) a fine not exceeding the sum stated at the foot of the by-law,
- (b) in the case of a second or subsequent conviction for a similar offence, a fine not exceeding the sum (if any) stated in that behalf at the foot of the by-law, and
- (c) in the case of a continuing offence, a further fine, not exceeding the sum (if any) stated at the foot of the by-law as the daily fine, which daily fine may be imposed for each day after written notice of the offence from the Commissioners.

REGULATION OF TRAFFIC ON ROADS.

4. No owner of any carriage or cart shall allow it to be driven on any road by a driver under fourteen years of age.

Youthful drivers

Fine, Rs. 10.

5. No driver shall drive or have in his charge on any road more than one carriage or cart, except in the case of two carts, the hinder one of which is securely fastened to the preceding cart.

Driving more than one carriage or cart

Fine, Rs. 10.

6. Any person driving a carriage or cart, or riding a bicycle, or driving or riding an animal, or carrying a palanquin or dandie or drawing a rickshaw on any road, shall, when passing any vehicle coming from the opposite direction, keep to his left, and shall, when overtaking any vehicle, keep to his right.

Rule of the road

Fine, Rs. 10.

7. No person shall drive any of the undermentioned vehicles or animals or convey any palanquin or dandie or draw any rickshaw on any road, between half-an-hour after sunset and half-an-hour before sunrise, unless lights are provided as follows :—

Lights

(a) every carriage must carry two conspicuous lights, one on each side ;

(b) every cart must carry one conspicuous light ;

(c) every elephant, camel, or palanquin, dandie or rickshaw must be accompanied by one conspicuous light,

(d) every cycle must carry one conspicuous light in front :

Provided that this by-law shall not apply on nights of full moon or on the four nights before and after full moon, if and when the moon is clearly visible.

Fine, Rs 50

8. No person shall drive any motor-car, or ride any motor-cycle or any tricycle or bicycle, on any road, unless it has attached to it a bell, horn or other suitable signal in good order.

Signals on motors and cycles

Fine, Rs. 50.

9. No person shall drive upon a road any cart laden with iron girders, rails, beams, *bullas*, bamboos, planks or other materials of a similar character which exceed twelve feet in length, unless the cart be accompanied by another person, and be loaded in such a way that no portion of the said materials touches the ground.

Cart laden with girders, etc

Fine, Rs 10

10. No person shall drive upon a road any cart laden with bricks, stones or other materials of a similar character, unless such materials be so secured that they cannot fall on to the road.

Cart laden with bricks, stones, etc

Fine, Rs. 10.

11. No person shall convey on any road bamboos or timber placed on the back of any animal in such a way that any portion of such bamboos or timber touches the ground.

Animal laden with bamboos or timber

Fine, Rs. 10.

12. No person shall, without the general or special permission of the Commissioners, take any elephant or camel along any road.
Taking elephants or camels along a road

Fine, Rs. 50.

13. No person shall allow any elephant in his charge to go over any bridge on any road, unless the bridge be constructed of arched masonry.
Taking an elephant over a bridge

Fine, Rs. 10

14. No person shall drive upon a road, at the same time, more than four loaded pack-animals.
Loaded pack-animals

Fine, Rs. 10.

15. No person riding or driving a mare on any road shall allow a foal to accompany the mare unless it is secured.
Foals

Fine, Rs. 10.

16. No person shall sit or sleep on any road so as to obstruct traffic.
Sitting or sleeping

Fine, Rs. 10

17. No person shall drive any cattle on any road except between the hours of 8 P.M. and 8 A.M., without the general or special permission of the Commissioners.
Driving cattle

Fine, Rs. 20

PREVENTION OF OBSTRUCTIONS, ENCROACHMENTS AND NUISANCES ON OR NEAR ROADS.

18. No person shall abandon, or let loose, or negligently allow to get loose, any cattle on or on to any road.
Abandoning, or letting loose, cattle

Fine, Rs. 10.

19. No parent or guardian of any child below the age of seven years shall allow such child to play or wander about on any road so as to obstruct traffic.
Children playing or wandering

Fine, Rs. 10.

20. No person shall, without the general or special permission of the Commissioners, deposit any articles or things on any road, except for a temporary purpose, or use any road as a place for keeping any carriage, cart or cattle, or for washing any article, or for any other private purpose.
Depositing articles

Fine, Rs. 10

21. No person shall plant a tree on any road without the general or special permission of the Commissioners.
Planting trees

Fine, Rs. 10.

22. No person shall, without the general or special permission of the Commissioners, make any excavation on any road, or enclose any road or any part thereof.
Excavations and enclosures

Fine, Rs. 10 ; daily fine, Rs. 2.

23. No person shall, without the general or special permission of the Commissioners, remove turf or cut grass from any road or the slopes thereof.

Removing turf or cutting grass

Fine, Rs. 10

24. No person shall affix or cause to be affixed to any building, owned or occupied by him, any gutter, spout or other thing intended for the conveyance and discharge of water, or shall leave in any such building any opening for the discharge of water, in such a way that the water discharged therefrom is thrown or falls upon a road or into any drain in or near a road, except through a downpipe or other suitable contrivance reaching to the level of the road or drain.

Discharge of water

Fine, Rs. 10; daily fine, Rs. 2.

25. No person shall break in horses on any road not set apart for that purpose

Breaking in horses

Fine, Rs. 10, on a second or subsequent conviction, Rs. 50.

Flying kites

26. No person shall fly a kite on any road or in such a way that it may fall on any road.

Fine, Rs. 10.

Playing games

27. No person shall play any game on any road.

Fine, Rs. 10.

28. No person shall throw or discharge any stone or missile on or near any road

Throwing stones or missiles

Fine, Rs. 10.

29. No person shall drive any vehicle across a public drain in or near any road so as to cause damage to such drain

Driving across a drain

Fine, Rs. 10.

30. No owner or occupier of land abutting on any road shall fence such land with barbed wire.

Barbed wire

Fine, Rs. 10; daily fine, Rs. 2.

Dust bins

31. No person shall—

(a) place any burning material in any municipal dust-bin on or near a road, or

(b) burn in any such dust-bin any paper, leaves, grass, wood or other material

Fine, Rs. 10.

32. No person shall convey sewage or offensive matter by any road otherwise than—

Conveying sewage or offensive matter

(a) in a closely-covered receptacle of such description and pattern as are prescribed from time to time by the Commissioners at a meeting, and

(b) between such hours as are so prescribed.

Fine, Rs. 10.

33. No person shall build or cause to be built, or shall keep, after prohibition by the Commissioners, any latrine, privy or urinal within ten feet of any road.

Privies and urinals

Fine, Rs. 10; daily fine, Rs. 2.

34. No person shall, on or within sight of any road, kill, or clean the carcass of any cattle or poultry.

Killing cattle or poultry or cleaning carcasses

Fine, Rs. 10.

35. No person shall take or drive any carriage or cart or draw any rickshaw over a road or part of a road which is closed under section 201 of the Bengal Municipal Act, 1884, or displace any barrier or fence erected under that section.

Closed roads

Fine, Rs. 10.

LETTING OFF OF FIREARMS, FIREWORKS, FIRE-BALLOONS OR BOMBS.

36. No person shall let off any firearms, fireworks, fire-balloons, or bombs on or within one hundred yards of any road, except with the general or special permission of the Commissioners.

Letting off of firearms, etc

Fine, Rs. 10.

REGULATION OF THE USE OF, AND PREVENTION OF NUISANCES IN REGARD TO, PUBLIC WATER-SUPPLY, BATHING AND WASHING PLACES, STREAMS, CHANNELS, TANKS AND WELLS.

37. No person shall, without the general or special permission of the Commissioners, set up any obstruction in any nala or watercourse which is a source of public water-supply.

Setting up obstruction

Explanation.—The spreading of fishing-nets and the placing of fishing-traps in any such nala or watercourse are included in the word "obstruction," as used in this by-law.

Fine, Rs. 10; daily fine, Rs. 2

38. No person shall ease himself at the side of or into any river, stream, channel, tank or well, which is used by the public.

Easing oneself

Fine, Rs. 10

39. Every owner or occupier of any part of the bank of any nala or watercourse which is a source of public water-supply shall—

Cleanliness of banks and access for conservancy

- (a) keep such bank free from filth, dense vegetation and other obstruction, and
- (b) at all times allow the Commissioners, or any of their servants duly authorized in this behalf, to have access to such nala or watercourse for any purpose of public conservancy

Fine, Rs. 10.

40. A person cleansing a channel or tank shall not leave any weeds taken therefrom on the slopes or banks of the channel or tank but shall remove the same altogether within three days.

Weeds

Fine, Rs. 10; daily fine, Rs. 2.

41. The owner of every well which is a source of public water-supply shall construct a masonry platform and drains to prevent the surface water falling into the well or stagnating in its vicinity

Fine, Rs. 10, daily fine, Rs. 2

42. No person shall bathe, or shall wash clothes, utensils or any other article, within a distance of ten feet from any filtered water standpipe which is used by the public.

Fine, Rs. 10.

43. Except with the general or special permission of the Commissioners and under such conditions as they may from time to time prescribe, no person shall use any standpipe or fountain, belonging to the Commissioners, for any purpose other than drawing water—

- (a) for drinking on the spot, or
(b) for carrying away for domestic purposes.

Fine, Rs. 10.

44. No person shall, without the general or special permission of the Commissioners, steep in any tank or ditch any jute, hemp or other vegetable matter which is likely to render the water offensive or noxious to the neighbourhood.

Fine Rs. 10, on a second or subsequent conviction, Rs. 50

45. No person shall wash or cause to be washed in any tank or water-course or any other receptacle for water used by the public for drinking or bathing purposes any clothes, bedding or other articles which have been used by a person suffering from any infectious or contagious disease.

Fine, Rs. 50.

46. No person suffering from any infectious or contagious disease shall bathe in any public bathing place.

Fine, Rs. 10.

47. No person shall use for any other purpose any drinking trough which is intended for watering cattle.

Fine, Rs. 10

DISPOSAL OF SEWAGE AND OFFENSIVE MATTER.

48. No person shall deposit nightsoil in any place not approved by the Commissioners for the purpose.

Fine, Rs. 10, on a second or subsequent conviction, Rs. 50.

49. No owner or occupier of any garden or agricultural land shall, without the general or special permission of the Commissioners, cause or allow any human excrement to be used for manuring in such garden or land.

Fine, Rs. 50.

50. Every owner or occupier of any house, land or premises, from which sewage or offensive matter is not removed by such owner or occupier, shall give free access to the servants of the Municipality for the removal thereof within such hours as may have been fixed by the Commissioners.

Access to Municipal servants

Fine, Rs. 10 ; on a second or subsequent conviction, Rs. 50.

51. Every owner, occupier or farmer of any market shall remove or cause to be removed therefrom, once in every twenty-four hours, any offensive matter which may have accumulated therein during that period.

Removal of offensive matter from markets

Fine, Rs. 10 ; on a second or subsequent conviction, Rs. 50.

DISPOSAL OF CARCASSES.

52. Every owner or occupier within whose premises any animal dies shall, within six hours after its death, or, if the death occurs at night, then within six hours after sunrise, either remove the carcass, at his own expense, to such place as may be set apart by the Commissioners for the disposal of such carcasses, or report the death to the Conservancy Overseer of the Ward within which such premises are situated.

Disposal of carcasses

Fine, Rs. 10

LATRINES.

53. No male person above twelve years of age, except the Municipal inspecting officers for purposes of inspection at such times as the Commissioners may fix in this behalf, shall enter any public latrine intended for the use of females.

Latrines reserved for females

Fine, Rs. 10

DRAINS.

54. No person shall deposit, or cause to be deposited, in or on the side of any public drain, any substance or thing which will cause obstruction to such drain.

Obstruction to drains

Fine, Rs. 10

55. No person shall construct or place over, or by the side of, any public drain, any stall, bridge, platform, building or structure of any kind, except with the general or special permission of the Commissioners and in such manner as they may direct.

Constructing stalls, platforms, etc, over a drain

Fine, Rs. 10 ; daily fine, Rs 2.

CREMATIONS AND BURIALS, AND THE DISPOSAL OF CORPSES.

56. No person shall convey a corpse or part of a corpse along any road, unless it be decently covered and totally concealed from view.

Covering of corpse

Fine, Rs 10.

57. No person, while conveying a corpse shall, except for the purpose of ordinary burial or for a religious purpose, deposit it on or near any road.

Depositing corpse on or near road

Fine, Rs. 10.

58. No person shall, without the general or special permission of the Commissioners, dispose of any corpse otherwise than by burying or burning it.

Burial or burning obligatory

Fine, Rs. 10.

59. When lines for graves in any burial-place have been marked out by the Commissioners, no person shall build or dig, or cause to be built or dug, any grave in such burial-place except in such a line

Lines for graves

Fine, Rs. 50.

60. No person shall, in any burial-ground, bury, or cause to be buried, any corpse in a grave constructed of masonry, unless the top of the coffin, or (if no coffin is used) the corpse, is placed at least six feet below the surface

Depth of coffin or corpse in masonry graves

Fine, Rs. 50.

61. No person shall, in any burial-ground, bury, or cause to be buried, any corpse in a grave not constructed of masonry, unless the grave is at least six feet deep.

Depth of non-masonry graves

Fine, Rs. 50

62. No person shall build or dig, or cause to be built or dug, any grave in a burial-ground at a distance of less than three feet from any other existing grave.

Distance between graves

Fine, Rs. 50.

63. No grave once used shall be opened for the burial of another corpse without the general or special permission of the Commissioners

Opening graves

Fine, Rs. 50.

64. Any person burning or causing to be burnt, any corpse at any burning ground or burning-ghat, shall cause the corpse and the clothes and other articles brought with it to be completely reduced to ashes

Complete cremation

Fine, Rs. 50

65. Any person who conveys, or causes to be conveyed, any corpse to any burning-ground or burning-ghat, shall burn the same or cause it to be burnt within six hours after its arrival at such ground or ghat.

Speedy cremation

Fine, Rs. 50

PREVENTION OF NUISANCES AFFECTING THE PUBLIC HEALTH, SAFETY OR CONVENIENCE

66. Every owner or occupier of any land shall, within forty-eight hours after service of a notice in this behalf from the Commissioners,—

Clearing and fencing land

- (a) clear the land of dirt, dung, bones, ashes, sweepings, nightsoil and other filth, and all other noxious or offensive matter, and
- (b) fence the land so as to prevent the commission thereon of nuisances affecting the public health, safety or convenience.

Fine, Rs. 10; daily fine, Rs. 2.

67. Every owner or occupier of any meat, poultry, fish or vegetable shop, or bet, beer or slaughter-house, shall keep the same in a clean condition.

Cleanliness of shops, markets and slaughter-houses

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

68. No person shall, without the previous written permission of the Commissioners, slaughter cattle, pigs, sheep or goats for the purpose of sale, except in a slaughter-house set apart or duly licensed by the Commissioners.

Slaughter of animals for sale

Fine, Rs. 10.

69. No person shall sell fish or expose fish for sale in any part of the Municipal market except on the paved floor specially set apart for the purpose.

Sale of fish in market

Fine, Rs. 10.

70. Every baker or confectioner who keeps for sale any bread, sweet-meats or other prepared articles of food and every vendor or hawker of such articles shall keep the same in a glass case or other covered receptacle, so as to exclude flies and dust therefrom.

Sale of prepared articles of food

Fine Rs. 10; on a second or subsequent conviction, Rs. 50.

71. When a urinal or latrine has been provided for any market, no person shall satisfy a call of nature at any place within the market, except at the urinal or latrine so provided.

Easing oneself in market

Fine, Rs. 10.

72. No person shall make any aerated water or ice for the purpose of sale without first boiling the water.

Aerated water and ice

Fine, Rs. 50.

73. No person shall retain, purchase or sell clothing found on the dead body of a person who has died from small-pox, plague, cholera or any other infectious disease.

Infected clothing

Fine, Rs. 50.

74. Every owner or driver of a carriage or rickshaw which has conveyed a person suffering from small-pox, plague, cholera or any other infectious disease, or a corpse, shall, before using the carriage or rickshaw again, disinfect it with such disinfectants as the Commissioners may from time to time prescribe.

Disinfection of carriage

Fine, Rs. 50.

75. No person shall, without the general or special permission of the Commissioners, picket animals, collect carts or form any encampment on any public ground not set apart for the purpose.

Picketing animals, collecting carts, or forming encampments

Fine. Rs. 10; on a second or subsequent conviction, Rs. 50.

76. No person shall abandon or let loose, or allow to get loose, any diseased or worn-out cattle.

Diseased or worn-out cattle.

Fine, Rs. 10.

77. No person shall, except with the general or special permission of the Commissioners, beat a drum or tam-tom or blow any beating instrument after 10 P.M. or before 6 A.M.

Nocturnal noises.

BY-LAW GIVING EFFECT TO THE OBJECTS OF SECTION 103 OF THE BENGAL MUNICIPAL ACT, 1884

78. When a ticket, showing the number of the holding on the register and the circle within which the holding is situated, has been affixed to a holding by the Municipal authorities, and the same is disfigured, obliterated or removed, the owner or occupier of the holding shall, within two weeks from the time at which he becomes aware of the fact, report the matter to the Vice-Chairman

Fine, Rs. 10.

CANCELLATION OF FORMER BY-LAWS.

79 The by-laws previously framed under section 350 of the Act and confirmed by Government are hereby cancelled.

No 388M.—The 8th February 1915.—In exercise of the power conferred by section 27 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to appoint Mr W. A. Seaton to be a Commissioner of the Berhampur Municipality, in the district of Murshidabad, *vice* Revd. E. M. Wheeler, resigned.

No. 409M.—The 8th February 1915 —In exercise of the powers conferred on the Local Government by clause (3), section 53 of the Calcutta Hackney Carriage Act, 1891 (Bengal Act II of 1891), the Governor in Council is pleased to confirm the following by-laws which have been framed by the Commissioners of the Bogra Municipality under clause 1 of the said section :—

BY-LAWS FRAMED BY THE COMMISSIONERS OF THE BOGRA MUNICIPALITY UNDER SECTION 53 OF THE CALCUTTA HACKNEY CARRIAGE ACT, II OF 1891

Second class Carriage.

1. No carriage shall receive a second class license unless it is in good condition and has sufficient accommodation for four persons, the minimum inside measurement of length and breadth being 4 feet 10 inches and 2 feet 10 inches, and if it is of the kind known as "Palki-gharry" or "Brownberry" it shall conform to the following dimensions.—

Breadth of carriage inside	36 inches
Depth of seat	18 "
Width of well of carriage between cushions	24 "
Height of roof from seat	40 "

2. The springs, axles and wheels must be sound, and the carriage must have a good pair of lamps with the number of the carriage painted thereon.

3. The harness must be of strong leather, and no string fastening will be permitted

4. All carriages taking a second class license shall be drawn either by a horse not under 14 hands or a pair of horses not under 13 hands.

5. All carriages taking a second class license must be of a dark-green colour, with the name of the owner and the figure 2 in Roman numerals painted on both sides.

6. No carriage shall have a tin roof.

Third class Carriage.

7. No carriage shall receive a third class license unless it has strong wheels, axles and springs. It must have also a pair of lamps with the number of the carriage painted thereon; provided that a carriage of the kind known as "tuntum" or "dop" containing two seats, may receive a third class license if it otherwise satisfies the conditions laid down in the rule.

8. The harness and straps must be of strong leather; ropes and iron chains will be permitted if they are covered with leather.

9. All third class carriages must be of yellow colour with the owner's name and the Roman numeral III painted on both sides.

General

10. No sickly, blind, lame or otherwise incapacitated horse or pony, and no horse or pony with sores or wounds, shall be allowed to work or draw vehicles.

11. All carriages shall be clean and either upholstered in leather or covered with removeable washing materials, and second class carriages must be provided with leather slings for hand rest.

12. Every place where any hackney carriage, horse or pony is kept shall be open to inspection by the Municipal Commissioners and the Registering Officer at all hours of the day from sunrise to sunset.

13. It shall be obligatory on the owner of any horse or carriage licensed under the Act to produce before the Registering Officer within 24 hours any horse or vehicle required for inspection.

14. A list of fares shall be prepared and printed under the authority of the Municipal Commissioners showing distances and fares from various centres. A copy of this list shall be given to the owner of a hackney carriage with license and on demand shall be shown by the driver to any passenger asking for it.

Driver's qualifications.

15. Every person applying for a driver's license must be acquainted with principal places and streets and must have a knowledge of the rates and fares prescribed by the Municipal Commissioners.

16. No license shall be issued to any person as a driver unless he has been examined by the Registering Officer as to his capacity and fitness for such employment.

17. Every driver shall be decently clad while acting as a driver.

No. 427M.—The 9th February 1915.—In exercise of the power conferred by section 27 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to appoint Mr. P. S. Keelan to be a Commissioner of the Raniganj Municipality, in the district of Burdwan, *vice* Mr. A. Chalmers Hills, resigned.

No. 391L.S.-G.—The 6th February 1915.—In exercise of the power conferred by section 29A(2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to re-appoint the District Magistrate of Chittagong to be Chairman of the District Board of Chittagong.

No. 392L.S.-G.—The 6th February 1915.—In exercise of the power conferred by section 29A(2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to re-appoint the District Magistrate of Tippera to be Chairman of the District Board of Tippera.

No. 393L.S.-G.—The 6th February 1915.—In exercise of the power conferred by section 29A(2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to re-appoint the District Magistrate of Noakhali to be Chairman of the District Board of Noakhali.

No. 395L.S.-G.—The 6th February 1915.—In exercise of the power conferred by section 29A(2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to re-appoint the District Magistrate of Dacca to be Chairman of the District Board of Dacca.

No. 396 L.S.-G.—The 6th February 1915.—In exercise of the power conferred by section 29A (2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the District Magistrate of Mymensingh to be Chairman of the District Board of Mymensingh.

No. 397 L.S.-G.—The 6th February 1915.—In exercise of the power conferred by section 29A (2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the District Magistrate of Faridpur to be Chairman of the District Board of Faridpur.

No. 398 L.S.-G.—The 6th February 1915.—In exercise of the power conferred by section 29A (2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the District Magistrate of Bakarganj to be Chairman of the District Board of Bakarganj.

No. 400 L.S.-G.—The 7th February 1915.—In exercise of the power conferred by section 29A (2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the District Magistrate of Howrah to be Chairman of the District Board of Howrah.

No. 401 L.S.-G.—The 7th February 1915.—In exercise of the power conferred by section 29A (2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the District Magistrate of Hooghly to be Chairman of the District Board of Hooghly.

No. 402 L.S.-G.—The 7th February 1915.—In exercise of the power conferred by section 29A (2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the District Magistrate of Birbhum to be Chairman of the District Board of Birbhum.

No. 403 L.S.-G.—The 7th February 1915.—In exercise of the power conferred by section 29A (2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the District Magistrate of Bankura to be Chairman of the District Board of Bankura.

No. 404 L.S.-G.—The 7th February 1915.—In exercise of the power conferred by section 29A (2) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the District Magistrate of Burdwan to be Chairman of the District Board of Burdwan.

IV—WORKSHOPS

Industrial classes in the following shops:—

Carpenters
Blacksmiths
Fitters

Turners
Pattern-making.
Founding in Brass and Iron.

Admissions at any time of the year.

B HEATON, *Principal.*

CIVIL ENGINEERING COLLEGE,
SIBPUR the 15th January 1915

BOARD OF EXAMINERS.**NOTICES**

THE following list of Munshis who are qualified to teach Urdu under India Army Order No. 162 of 1907 is published for the information of all those students of this language who are desirous of obtaining competent teachers:—

AGRA

1. M Gulzar Lall Regimental Munshi, 1st Battalion, The Welsh Regiment, Agra Cantonment

ALLAHABAD

1. M Jawala Prasad, I Kasauli Hills, The Royal Scots Regiment, Sadar Bazar, Allahabad

AMBALA

1. M Mohd Miyan Khan Sudder Bazar, Ambala.
2. M Mohd. Akbar Khan The Oriental Lodge, Ambala.
3. M Sita Ram Mahta Near Kali Bari, Sadar Bazar, Ambala.
4. M H Ahmad Fakhree Sadar Bazar, Ambala Cantonment.

AMRITSAR.

1. M Mohd. Ishaq Khazana Gate, Amritsar.

AZAMGARH.

1. M Ram Charan Lall Offg. Sub-Deputy Inspector of Schools, Azamgarh.
1. M. Mul Chand Son Clerk, Bannu.

B

1. M. Jawala Parshad, II Regimental Munshi, The Black Watch. Sudder Bazar, Bareilly.

BELGAUM.

1. M. Vasudeo Damodar Kul- Pandit, 1809, Kelkar Bag, Belgaum.

CALCUTTA.

1. M. Mohd. Gholam Kibriya ... 17. Noorallah Doctors Lane, Calcutta.
2. M. Badruddin Ahmed, B.A. ... 8, Maulavi Imdad Ali's Lane, Calcutta.
3. M. Hossain Mirza ... 1, Syed Ismail Lane, Calcutta.
4. M. Mohd Ismail Khan ... 15, Karaya Road, Ballygunge, Calcutta.
5. M. Syed Nawab Ali ... 11, Colootola Street, Calcutta
6. M. Wahidun Nabi Khan ... 88/1, Baitakkhana Road, Calcutta.
7. M. Mohd. Abdul Hamid ... 152, Harrison Road, Calcutta.
8. M. Daliluddin Ahmed ... 9/1, Jhowtola Road, Ballygunge, Calcutta
9. M. Abdul Wajid ... 89, Jhowtola Road, Ballygunge, Calcutta.
10. M. Syed Mohammad ... 12, Waliullah Lane, Wellesley Square, Calcutta.
11. M. A. M. Ubaidur Rashid, B.A. 1, Korabardar Lane, P. O. Wellesley, Calcutta

CAMPBELLPORE

1. M. Rahim Shah ... R A Munshi, Campbellpore.

DALHOUSIE.

1. M. M. C. Saibgal ... Regimental Munshi, The 2nd Queen's Own Royal West Kent Regiment, Dalhousie.

DELHI.

1. M. Mithan Lal ... C/o late M. Chunni Lal Sahib, Government Pensioner, Muhalla Churi Walan, Delhi.
2. M. Akbar Khan Haidar ... British Garrison Meer Munshi, The Fort, Delhi

DINAPORE.

1. M. Syed Hadı Hussain ... Ordeily Bazar, Dinapore.

JHANSI.

1. M. K. R. Mehta ... R. A. Munshi, Jhansi.

JHELM.

1. M. Thakur Das Pahwa ... Officers' Munshi, Jhelum.

JUBBULPUR.

1. M. Abdul Rahim ... Regimental Munshi, 1st Battalion, The York and Lancaster Regiment, Jubbulpur.

JULLUNDER

1. M. Har Bhagat Singh Bains ... Talhan, Jullunder Cantonment.

KASALI.

1. M. Anand Sarup ... C/o Munshi Kashi Nath, Dagshai Hills, or Depôt, Kasali.

LAHORE CANTONMENT.

1. M. J. Kishori Lal ... R. A. Bazar, Lahore Cantonment.
2. M. Sham Lal Bhargava ... Dangar Street, Sudder Bazar, Lahore Cantonment

LUCKNOW.

1. M. Abdul Alim ... Near the Police Post, Husain-gunge, Lucknow.
2. M. Mohd. Yaqub Khan ... Near Royal Hotel, Lucknow.
3. M. S. M. Shahabuddin ... Near Police Outpost, Husain-gunge, Lucknow

MAYMYO

1. M. Farzand Ali Khan ... Border Regiment, Maymyo, Burma.

1. M. Ahmed Bux ... Regimental Munshi, 13th Hussars, 247, Bruton Street, Meerut.

2. M. Aziz-ur-Rahman (of Delhi) ... Regimental Munshi, 3rd King's Royal Rifle Corps, Meerut.

MULTAN.

1. M. S. Karim Bakhsh ... Sadar Bazar, Multan Cantonment.

MURREE HILLS.

1. M Abdul Ghani (of Nowshera). C/o Syed Jafar Shah, Regimental Munshi, 1st Yorkshire Regiment, Barian Camp, Murree.
2. M S C. Bagchi .. Munshi, Lawrence European School, Ghoragali, P. O. Murree Hills.

NAINI TAL

1. M. Faqir Ulla .. St. Joseph's College, Naini Tal.

NOWSHERA

1. M Muhammad Din .. Pay Havildar and Head Clerk, 23rd Peshawar Mountain Battery (F. F.).
2. M Ghulam Jilani ... R. A. Munshi, Sudder Bazar, Nowshera

PATNA

1. M. S Fasihuddin Balkhi .. Bakhshi Muhalla, Patna City.

PESHAWAR

1. M. Bodh Raj .. Royal Sussex Regiment (or Sudder Bazar), Peshawar.
2. M Ahmed Din .. 81, Cantonments, Peshawar
3. M. Abdur Rahim .. Head Master, Islamia High School, Peshawar
4. M Abdul Karim .. Dabgari Gate, Peshawar City.
5. M Safdar Khan .. Near Anaj Mandi, Peshawar.

QUETTA.

1. M Sher Mahomed ... C/o Barkat Ali, Regt. Munshi, 2nd Royal Irish Fusiliers, Quetta.

RAWALPINDI.

- 1 M Ghulam Muhiuddin ... R. A. Brigade Munshi, Rawalpindi.

CALCUTTA,

The 1st February 1915.

CALCUTTA UNIVERSITY.

NOTICE.

IN March 1915 the Syndicate will proceed to elect a candidate for one of the six Scholarships established by the Government of India and which are tenable in England by persons who are natives of India, within the meaning of section 6 of the Statute 33, Vic., Cap. 3.

Candidates for the Scholarship must be such graduates of this University as have passed the Examination for the degree of M. A. or M. Sc., or the examination for the degree of B. A. or B. Sc. with Honours, and have been recommended by the Board of Examiners for the Scholarship. In all cases the candidates must be under 24 years of age on the 31st of March 1915.

Candidates for the Scholarship, who have been nominated by the Boards of Examiners, are required to submit to the undersigned, not later than the 28th of February 1915, their applications supported by the following certificates.—

- (a) Certificates of their good conduct from persons of respectability and position with whom they may be acquainted,
- (b) Certificates of their knowledge of the English language from one or more of the Professors of the College in which they have been educated, and
- (c) Certificates of their physical capacity to undergo the course of life and study which they will have to follow in England, signed or countersigned by a Presidency or Civil Surgeon.

A certificate of age on the 31st of March must also accompany each application, and each candidate must state in his application the name of his father, the place of his residence, and whether he has the consent of his family to proceed to England in order to complete a University education there. Each application must also contain a brief statement of the candidate's academical career.

Each candidate is also required to state to the University that if elected to the Scholarship, he will have other resources besides his Scholarship to enable him to meet expenses in the United Kingdom and other general expenses which may be unavoidable.

SENATE HOUSE :

The 29th January 1915.

P. BRÜHL,

Secy., Calcutta University.

NOTIFICATION.

It is hereby notified for general information that upon the results of the next Matriculation Examination of the Calcutta University being published, the seven third grade junior scholarships allotted to the Chittagong Division will be distributed as follows :—

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branch are entitled to a refund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

SULPHATE OF QUININE, SULPHATE OF CINCHONIDINE, CINCHONA FEBRIFUGE, RESIDUAL ALKALOID

AND Quinoidine

Manufactured at the Bengal Government Cinchona Plantation

THESE articles are guaranteed to be free from wilful admixture with other Cinchona alkaloids. Quinine can be purchased by Government officers, District and Local Boards. It can also be purchased by Missionaries for bona fide public purposes. Otherwise it is not sold to private persons or firms. Cinchonidine is for sale to Government officers and to dealers. Cinchona Febrifuge can be purchased both in powder and 8-grain tablet forms by Government officers and the general public. It is also sold by the Principal Druggists in Calcutta. Quinoidine or Pure Amorphous Alkaloid and Residual Alkaloid or Amorphous Cinchona Alkaloid which contains about 40 per cent of Pure Amorphous Alkaloid are for sale to Missionaries and Government institutions only. These drugs are sold strictly cash and in advance, but private purchasers may use the V-P post system, and these are obtainable from the Superintendent, Juvenile Jail, Alipore

The rates for these drugs from 1st April 1914 are as follows—

Sulphate of Quinine

	Rs
For quantities of not less than 6 lbs in one delivery, 12 per lb	
For any quantity less than 6 lbs in one delivery, 15 "	

Sulphate of Cinchonidine

	Rs
For quantities of not less than 6 lbs in one delivery, 12 per lb.	
For any quantity less than 6 lbs in one delivery, 14 "	

Cinchona Febrifuge

	Rs
For quantities of not less than 6 lbs in one delivery, 6 per lb	
For any quantity less than 6 lbs in one delivery, 6 "	
Residual Alkaloid or Amorphous Cinchona Alkaloid and Quinoidine or Pure Amorphous Alkaloid, for any quantity, Rs 4 per lb	

Quinine is available in 1-oz, 1-lb, 1-lb and 4-lb tins

Cinchonidine is available in 1-lb, 1-lb and 1-lb tins

Cinchona Febrifuge is available in 1-lb, 1-lb and 1-lb tins

Residual Alkaloid is available in 10-lb, 5-lb and 1-lb tins

Quinoidine is available in 10-lb and 1-lb tins

These are in addition to the above prices in every

order strictly cash and in advance. Price of postage to accompany the price of the drug (when the drug is sent by post). No charges are made when drugs are sent by rail. The name of the railway station, steamer, or post office must be written distinctly when the parcels are required by rail, steamer or by post. A scale of postage is given below—
[For 1 and 1-lb 4 annas, 1 lb 6 annas, 2 lbs 10 annas, 5 lbs 12 annas, 6 lbs Rs 1, 6 lbs Rs. 1 4, and for 6 lbs. Rs 1-6.]

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 27TH JUNE 1914.

Records of Geological Survey of India, Volume XLIV, Part 2, by Director, Geological Survey of India. Contributions to the Geology of the Province of Yunnan in Western China. IV. The Country around Yunnan Fu (with Plate 4). Note on a Dyke of White Trap from the Panch Valley Coalfield, Chhindwara District, Central Provinces (with text figures 2 and 3). Statement of Mineral Concessions granted during 1913. Re 1

LIST OF BOOKS PUBLISHED BY THE COORG ADMINISTRATION DURING THE HALF-YEAR WHICH ENDED ON THE 30TH JUNE 1914.

Report on Forest Administration in Coorg, by H. Tireman, Esq., Deputy Conservator of Forests, Coorg. "Progress Report on the Forest Administration in Coorg for the year 1912-13." It deals with the Administration of Forests in Coorg. Foolscap folio. Paper binding. Price 8a or 9d (6 pies.)

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 1ST AUGUST 1914.

Memoirs of the Geological Survey of India, Volume XLI, Part 2, by L. Leigh Fermor, D.Sc., A.R.S.M., F.G.S., Superintendent, Geological Survey of India. On the Geology and Coal Resources of Korea State, Central Provinces. (With 12 plates.) Rs. 3.

Memoirs of the Geological Survey of India, Volume XLII, Part 1, by J. Cogglin Brown, M.Sc., F.G.S., Assistant Superintendent, Geological Survey of India. The Burma Earthquake of May 1912. Rs 3

LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT FROM APRIL TO SEPTEMBER 1914.

Monthly Weather Review, December 1913 to April 1914. (Illustrated by 7 plates.) Quarto. Paper cover. Re 1 per month.

A Further Study of Relationship with Indian Monsoon Rainfall. Memoirs of the Indian Meteorological Department, Vol. XXI, Part VIII. By Gilbert T. Walker, Esq., M.A., Sc.D., F.R.S. Quarto. Paper cover. Annas 8

Correlation in Seasonal Variations of Weather, III, on the Criterion for the Reality of Relationships or Periodicities. Memoirs of the Indian Meteorological Department, Vol. XXI, Part IX. By Gilbert T. Walker, Esq., M.A., Sc.D., F.R.S. Quarto. Paper cover. Price annas 8.

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 17TH OCTOBER 1914.

Memoirs of the Geological Survey of India, Palaeontologia Indica, Ser. XV, Himalayan Forests, Volume IV, Fasc. No. 5, by Miss Paula Steiger, Ph.D. Additional Notes of the Fauna of the Spiti Shales. Re. 1.

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 28th NOVEMBER 1914.

Records of the Geological Survey of India, Volume XLIV, Part 3. By Director, Geological Survey of India. Some newly discovered Coal-Seams near the Yaw River, Pakokku District, Upper Burma (with plates 5 to 12). The Monazite Sands of Travancore (with plates 13 to 17). A Lower Cretaceous Fauna from the Himalayan Glemal Sandstone together with a description of a few Fossils from the Chikkim Series, by Dr. Albrecht Spitz (Vienna). Translated by E. Vredenburg, B.Sc., B.Sc., F.G.S. (with plates 18 and 19 and text figures 4 to 11). Further description of Indarotos Satmontanus Pilgrim, the new genus of Bear from the Middle Siwaliks, with some remarks on the Fossil Indian Ursids (with plate 20). On the Probable Future Behaving of the Son and Red Rivers by the Hoado (with plate 21). Re. 1.

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 26TH DECEMBER 1914.

Records of the Geological Survey of India, Volume XLIV, Part 4. By W. A. K. Christie, B.Sc., Ph.D., Chemist, Geological Survey of India, Guy E. Pilgrim, D.Sc., F.G.S., Officiating Superintendent, Survey of India, Captain J. L. Grinlinton, R.G.A., F.R.G.S. Notes on the Salt Deposits of the Cis-Indus Salt Ranges. Description of teeth referable to the Lower Siwalik Crodout genus Dissopsalis, Pilgrim. Notes on some Glaciers of the Dhaul and Lissar Valleys, Kumaon Himalaya, September 1912. Miscellaneous Notes, Index. Re. 1.

LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT FROM JULY TO DECEMBER 1914.

Monthly Weather Review, March to July 1914. (Illustrated by 7 plates) Quarto. Paper cover. Re. 1 per month.

Correlation in seasonal variations of Weather, III, on the criterion for the Reality of relationships or Periodicities. Memoirs of the Indian Meteorological Department, Volume XXI, Part IX. By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto. Paper cover. Price annas 8.

LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING THE WEEK ENDING 30TH JANUARY 1915.

Memoirs of the Geological Survey of India, Palaeontologia Indica, New Series Volume V, Memoir No. 2. By Carl Diener, Ph.D., Professor of Palaeontology at the University of Vienna. The Anthracolithid Fauna of Kashmir, Kanaur and Spiti (with plates I to XI). Rs 2-12

NOTICE.

The Calcutta Gazette

WEDNESDAY, FEBRUARY 10, 1915.

APPENDIX.

NOTICES TO MARINERS.

THE following Notices are published for general information.

F. A. A. COWLEY,

Offg. Secy. to the Govt. of Bengal

CALCUTTA, the 1st February 1915

JAPAN—KIUSIU, GOTO ISLANDS.

Shiro se—Amended position of rock northward of.

No. 30 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1844 of 1914), are republished.—

Former Notices.—No 1760 of 1914 (*This office No 607 of 1914*); hereby cancelled

Position.—At a distance of about three-quarters of a mile northward from the position given in the former Notice and $1\frac{1}{2}$ miles, 356° (*North Mag*), from Shiro se Light-house

Lat. $33^{\circ} 12\frac{1}{2}'$ N., long $128^{\circ} 47\frac{1}{2}'$ E.

Depth.—Not ascertained, but shown on the charts as a rock with a depth of less than 6 feet

Note.—“*E D.*” is to be inserted against the new position of this reported rock on the charts

Variation.— 4° W.

Charts affected.—No 359, Nagasaki to Karatsu, with the Goto islands.

„ 358, Western coasts of Kiusiu and Nipon

„ 104, Korean archipelago, south portion.

„ 3480, Shantung promontory to Nagasaki

Publication.—Japan Pilot, 1914, page 499.

Authority.—Tokyo Notice, No. 344 of 1914. (*H. 5832/14*)

CHINA SEA

Banka strait—Correction to chart No. 941a.

No. 31 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1845 of 1914), are republished:—

Position.—(a) Lat. $1^{\circ} 56'$ S., long $112^{\circ} 12'$ E.

(b) Lat. $1^{\circ} 54'$ S., long $112^{\circ} 12'$ E.

- (c) The rate of progression is shown by changing the relative positions of the direction symbols to the yard-arm. (See Table II.)
- (d) One symbol at the mast-head shows the time at which the centre was located, and the intensity of the rotatory storm. (See Table III.)

TABLE II —Rate of Progression.	
	Direction symbols separated by the normal distance
	Direction symbols separated by twice normal distance
	Twice normal distance between yard-arm and upper symbol
	Twice normal distance between yard-arm and upper symbol Also twice normal distance between the two symbols
	Moving in an easterly direction, velocity not known
	Moving in an easterly direction, 10 to 20 miles per hour
	Moving in an easterly direction, 20 to 30 miles per hour
	Moving in an easterly direction, above 30 miles per hour.

TABLE III —Time and Force			
Time	This Morning 6 0 A M	This Afternoon 2 0 P M	Last Night 10 0 P M
Force			
Not indicated	●	✕	◆

2. NIGHT SIGNALS.

- (a) Three lights, vertical, at one yard-arm indicate the district in which the typhoon or cyclone is situated. (See Chart II.)
- (b) One light at the mast-head shows the sub-division of the district in which the centre is situated (See Table 4 and Chart II.)
- (c) Two lights, vertical, at the other yard-arm show the direction of the motion of the centre. (See Table 5.)

TABLE IV —Sub-Division Light.			
			None
1 st Quadrant.	2 nd Quadrant.	3 rd Quadrant.	4 th Quadrant.

TABLE V —Direction of Motion Lights.							
N.	NE.	E.	SE.	S.	SW.	W.	NW.

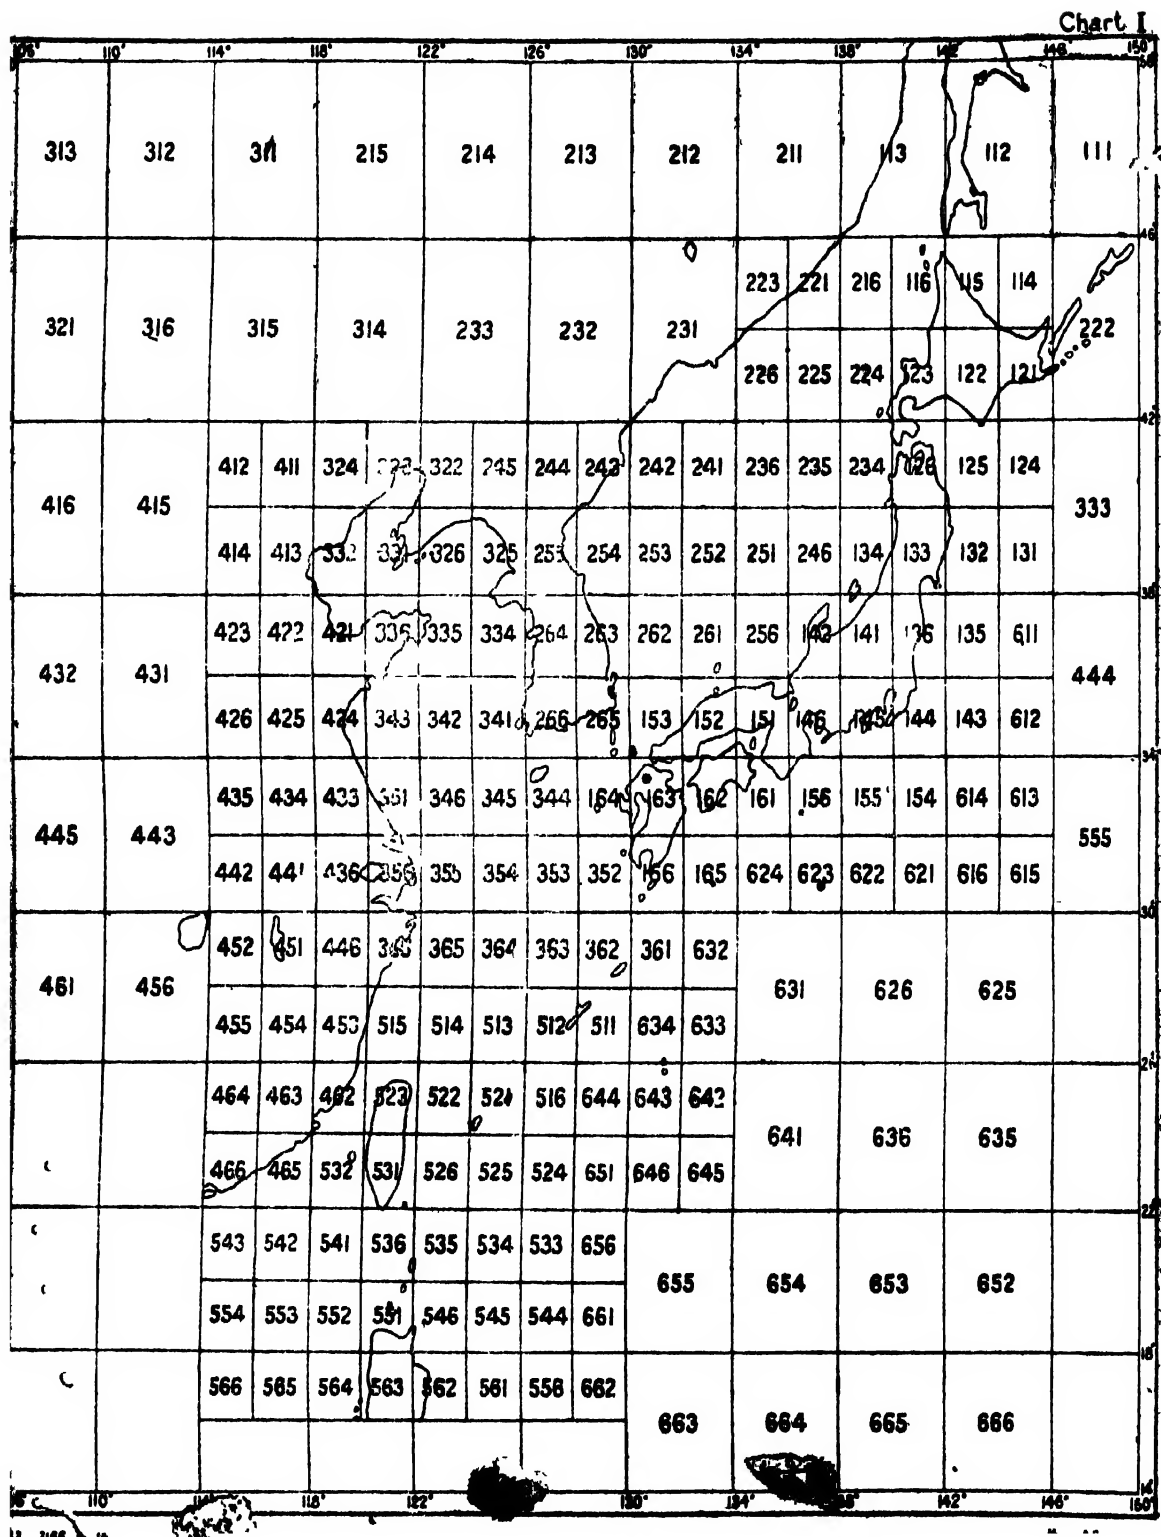

The letters (W) (R) (G) in Tables IV. and V denote white, red, and green respectively.

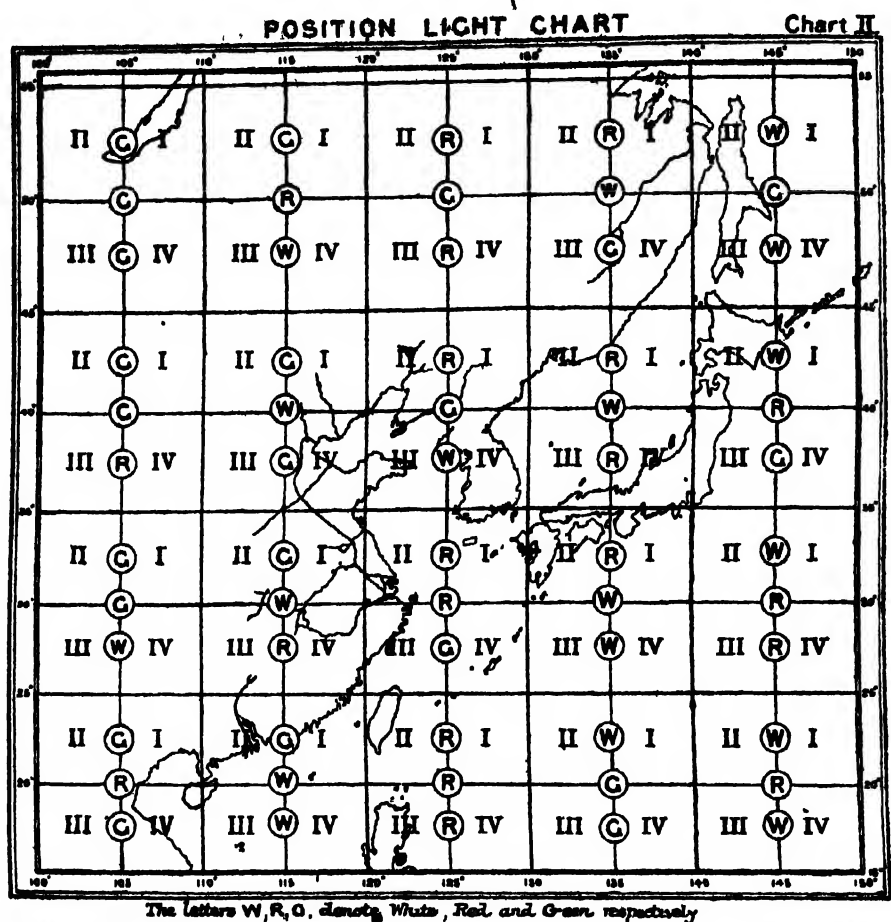

Publications.—Japan Pilot, 1914, pages 18, 19, 20.

East Coasts of Korea, &c., Pilot, 1913, pages 16,
17, 18.

China Sea Pilot, Vol. V, 1912, pages 30, 31.

Authority.—Tokyo Notice No. 336 of 1914. (*H.* 5294/14.)

INDIA, WEST COAST—PORT DABHOL.

Anganwadi Fort, North Point—Light temporarily extinguished.

No. 34 (first publication)—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No. 12M. of 1915), are republished:—

Position—Latitude 17°34' N.

Longitude 73°08' E.

Remarks.—The Fixed Green Light is temporarily extinguished, and will not be exhibited until repaired.

Charts affected—No. 738, Kundari Id to Boria Pagoda.

„ 826, Karachi to Vengurla

Publications.—Last of Lights, Part VI, 1914, No 406
West Coast of India Pilot, 1909, page 200.

Authority.—Telegraphic Advice from the Collector of Salt Revenue, dated Khairaghoda, 18th January 1915.

INDIA—WEST COAST

North Kinnara Coast—Derelict reported.

No. 35 (first publication)—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No. 13M. of 1915), are republished:—

Subject.—The Port Officer, Mangalore, reports that a Native vessel, having run down 10 miles west of Kasaragode, wreckage may be met with.

Caution.—Mariners are warned accordingly.

Charts temporarily affected.—No. 744, Cape Ramas to Alvaguda.
„ 827, Vengurla to Cape Comorin.

Authority.—Port Officer, Bombay, 23rd January 1915.

SOUTH AUSTRALIA—GULF OF ST. VINCENT.

Stansbury Jetty—Light established.

No 36 (first publication).—The President of the Marine Board, Port Adelaide, has given Notice (No. 20 of 1914) that on and after the night of December 19th, 1914, a Sixth Order Chance Bros.' Port Light will be exhibited from the sea end of the Stansbury Jetty at a height of 23 feet above high water, showing seaward a fixed white light over the entrance between the bearings of 213° (S. 28° W. mag.) and 236° (S. 51° W. mag.), and a red light over the shoal between the bearings of 236° (S. 51° W. mag.) and 11° (N. 6° E. mag.), visible in clear weather for a distance of about 9 and $2\frac{1}{2}$ miles respectively.

Approximate position—Lat. $34^{\circ} 54' 15''$ S., Long. $137^{\circ} 48'$ E.

This affects Admiralty Charts Nos. 2152, 2389, and 2389A

BAY OF BENGAL—ORISSA COAST.

False Point Anchorage—Fairway buoy replaced.

No. 37-I (first publication).—

Former Notice—No. 11-I of 1915.

Subject—The Fairway buoy, False Point Anchorage, has been replaced 4 cables N. 70° E. of former position in 30 feet reduced.

Anchorage for steamers is one cable west of Fairway buoy.

Charts affected—No 755, False Point Anchorage.

„ 829, Cocanada to Bassein river.

Publication—Bay of Bengal Pilot, 1910, page 273.

Authority—Port Officer, Cuttack and Balasore Ports, Chandballi, letter No 69-P., dated the 29th January 1915

The 29th January 1915.

CEYLON, WEST COAST—MANAR ISLAND. •

Talamanaar—Lights (occasional) established.

No. 26 (second publication)—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1828 of 1914), are republished —

(a) *Position*.—On outer end of north pier.

Lat $9^{\circ} 06' 50''$ N., long. $79^{\circ} 42' 10''$ E.

Abridged description.—Lt. Occ. ev. 10 sec., vis. 10 m. (occasl.).

Details

Character.—An occulting white light every ten seconds, thus:—

Light,	eclipse
7 secs.	3 secs.

Elevation.—31 feet.

Visibility—10 miles

Power.—Under 100 candles.

Structure.—Column, 20 feet in height.

(b) *Position*—On outer end of the southern pier

Lat. $9^{\circ} 06' 50''$ N., long. $79^{\circ} 42' 20''$ E.

Abridged description.—Lt. Occ. Red, ev. 10 sec., vis. 10 m. (occasl.)

Details:—

Character.—An occulting red light every ten seconds, thus:—

Light,	eclipse.
7 secs.	3 secs.

Elevation.—31 feet.

Visibility.—10 miles.

Power.—Under 100 candles.

Structure.—Column, 20 feet in height.

Remarks.—The lights are only exhibited when each pier is in use.

Note.—The positions given are those on chart No. 68a.

Charts affected.—No. 68a, Palk strait and Gulf of Manâr, sheet 1.

„ 828, Cape Comorin to Cocanada.

Publications.—List of Lights, Part VI, 1914, Nos. 527 and 528.

Bay of Bengal Pilot, 1910, page 177.

West Coast of India Pilot, 1909, page 100; Supplement, 1912.

Authority.—Colombo Notice of 14th October 1914. (H. 5688/14.)

JAPAN—YEZO ISLAND, WEST COAST.

Tomamai zaki—Rocks reported southward of

No. 27 (second publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1830 of 1914), are republished:—

- (1) *Position*—At a distance of six-tenths of a mile, 131° (S. 43° E. *Mag.*), from the centre of the $2\frac{1}{2}$ -fathom rock, situated about $2\frac{1}{2}$ miles south-westward of Tomamai zaki.

Lat $41^{\circ} 16\frac{1}{2}'$ N., long. $141^{\circ} 38'$ E.

Depth— $3\frac{1}{2}$ fathoms

- (2) *Position.*—At a distance of seven-tenths of a mile, 158° (S. 16° E. *Mag.*), from the $2\frac{1}{2}$ -fathom rock above referred to.

Depth.—3 fathoms, coral bottom.

Variation— 6° W.

Chart affected.—No. 3200, Aikappu misaki to Rebun to.

Publication.—Japan Pilot, 1914, page 702.

Authority.—Tokio Notice, No. 353 of 1914. (H. 5794/14.)

BAY OF BENGAL—CHITTAGONG COAST.

Normans Point light—Temporary alteration in character.

No. 28-I (second publication).—

Subject.—Owing to repairs being necessary to the Normans Point light, a fixed light will be exhibited instead of the present occulting one, until further notice.

Position.—Lat. $22^{\circ} 11'$ N., long. $91^{\circ} 49'$ E.

„ 84, Chittagong (Karnafuli) river.

Publications.—List of Lights, Part VI, 1914, No. 626.

Bay of Bengal Pilot, 1910, page 319.

Authority—Port Officer, Chittagong, telegram dated 26th January 1915.

BAY OF BENGAL—BURMA COAST

Rangoon river entrance—Pilot brig replaced on station.

No. 29 (second publication).—

Subject.—The Pilot brig will be replaced on the Pilot station at the entrance to the Rangoon river on the 31st January 1915 in place of the Pilot steamer that has been temporarily.

Charts affected.—No. 833, Rangoon river and approaches.

„ 823, Koronge island to White point, including Gulf of Martaban.

„ 830, Bassein river to Pulo Penang.

Publication.—Bay of Bengal Pilot, 1910, page 458.

Authority.—Principal Port Officer, Burma, telegram dated 28th January 1915.

The 19th January 1915.

BORNEO, NORTH COAST.

Sandakan harbour approach—Existence of a shoal.

No 19 (third publication).—The following particulars, etc, relative to the above, issued by the British Admiralty (No. 1807 of 1914), are republished —

Position.—In the northern approach to Sandakan harbour.

Lat. $6^{\circ} 01' 54''$ N., long $118^{\circ} 10' 06''$ E., on chart No. 1649.

Depth.—3 fathoms, coral.

Remarks.—Depths of 5 fathoms were obtained for a distance of about $1\frac{1}{4}$ cables to the westward and about $1\frac{1}{4}$ cables to the eastward of the above position.

Note.—The portion of the Track in this vicinity is to be erased from the charts.

Charts affected.—No. 1649, Lankayan to Sandakan harbour.

„ 287, Gaya bay to Sandakan harbour.

„ 2576, Sulu archipelago and the north-east coast of Borneo.

„ 2660b, China sea, eastern sheet.

Publication.—Eastern Archipelago Pilot, Part 1, 1911, pages 168, 170, 173.

Authority.—H M S *Chio*, Hyd. Note of 5th October 1914. (*H.* 5588/14)

SOUTH AFRICA—CAPE OF GOOD HOPE.

(1) *Slang kop point—Light not yet established*

(2) *Cape point—Light not yet established.*

No 20 (third publication).—The following particulars, etc, relative to the above, issued by the British Admiralty (No. 1811 of 1914), are republished —

(1) **Slang kop point.**

Former Notice.—No 1537 of 1914 (*this Office No 529 of 1914*), hereby cancelled.

Position.—Lat. $34^{\circ} 9'$ S., long $18^{\circ} 19'$ E.

Remarks.—The group *flashing white* light, which, according to information received, it was proposed to exhibit on or about the 1st October 1914, has not yet been established, and is to be expunged from the charts.

(2) **Cape point.**

Former Notices.—Nos. 1275 and 1676 of 1914 (*this Office Nos. 470 and 574 of 1914*); hereby cancelled

Position.—Lat. $34^{\circ} 21\frac{1}{4}'$ S., long. $18^{\circ} 29\frac{1}{4}'$ E.

Remarks.—The group *flashing white* light, which, according to information received, it was proposed to exhibit on or about the 15th November 1914, has not yet been established, it is to be expunged from the charts and the *flashing white* light substituted, the *flashing white* of which are given below:—

Detail:

Position.—At a distance of about 4 cables north-westward from Cape point.

Lat. $34^{\circ} 21' 11''$ S., long. $18^{\circ} 29' 30''$ E., on chart No. 626

Abridged description. *Rev. ev. min., 816 ft., vis. 36 m.*

Character.—A revolving white light every minute, thus :—

<u>Light,</u> 12 secs.	<u>gradual eclipse,</u> 48 secs.
---------------------------	-------------------------------------

Elevation.—816 feet.

Visibility.—36 miles, obscured by land from 119° (S. 34° E. Mag.) to 126° (S. 27° E. Mag.); and from 144° (S. 9° E. Mag.) to 172° (S. 19° W. Mag.).

Order.—1st.

Structure.—White iron tower, 30 feet in height.

Note.—Further notice will be given when the new lights above referred to have been established.

Variation.— 27° W.

Charts affected.—No. 636, The Cape of Good Hope and False bay, with views.

„ 2082, Table bay to Cape Agulhas

„ 2095, Hondeklip bay to Port Natal.

„ 1013, Cape Lopez to Cape of Good Hope.

„ 2202a, South Atlantic ocean, eastern portion.

„ 748a, Indian ocean, southern portion.

Publications.—List of Lights, Part IV, 1914, Nos. 1134, 1136.

List of Lights, Part VI, 1914, Nos. 8, 10.

Africa Pilot, Part II, 1910, pages 375 to 378.

Africa Pilot, Part III, 1905, pages 76 to 79.

Authority.—High Commissioner for the Union of South Africa. (H. 5785/14.)

3

JAPAN—INLAND SEA, GULF OF OSAKA

Hyogo bay—Alteration in position of Quarantine Ship “Maya.”

No. 21 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1816 of 1914), are republished :—

New position —At a distance of 470 yards, 21° (N. 26° E. Mag.), from Wada Misaki lighthouse, and about $5\frac{1}{2}$ cables north-eastward of former position shown on chart No. 16.

Lat $34^{\circ} 39\frac{1}{2}'$ N., long. $135^{\circ} 11'$ E

Description.—Quarantine ship *Maya*, exhibiting a red light and a green light placed vertically.

Variation.— 5° W.

Charts affected.—No. 2265, Kobe and Hyogo bays.

„ 16, Kobe and Osaka.

Publications.—List of Lights, Part VI, 1914, No. 1994 (Remarks).

Japan Pilot, 1914, page 280.

Authority—Japanese Hydrographer. (H. 5721/14)

BRITISH EAST AFRICA.

Port Johnes—Amendments to charts.

No. 22 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1818 of 1914), are republished :—

Position.—Port Johnes entrance, lat. $1^{\circ} 10\frac{1}{2}'$ S., long. $41^{\circ} 57'$ E.

Details.—The accompanying reproductions of portions of Charts Nos. 425 and 670 show the necessary amendments to those charts at Port Johnes, together with the approximate position of a shoal in the approach to that port.

Charts affected—No. 425, Birikau river.

„ 670, Juba or Dundas islands.

„ 848, Malindi to Juba.

Publication.—Africa Pilot, Part III, 1905, pages 503, 504.

Authority.—Port Officer, Mombasa. (H. 5754/14.)

Reproduction of Portion of Chart N° 425

Reproduction of Portion of Chart N° 670
Cables 10 2 Sea Miles.

CHINA SEA—CANTON RIVER, FRONT REACH.

Character of Lights on Dutch Folly Beacons changed.

No. 23 (third publication).—The Coast Inspector, Shanghai, has given Notice (No. 578 of 1914) that the character of the unclassified fixed lights exhibited from the Dutch Folly Beacons has been changed. The Aga occulting light is as follows.—

Dutch Folly South Beacon Light, occulting *green*:

Light	0.3 second.
Eclipse	2.7 seconds.

Lights on Dutch Folly North Beacons (two), occulting *red*:

Light	0.3 second.
Eclipse	2.7 seconds.

CHINA SEA—TIENTSIN DISTRICT.

Wreck of the S.S. Guthrie off Taku Bar will probably be unlighted during winter.

No. 24 (third publication).—The Coast Inspector, Shanghai, has given Notice (No. 579 of 1914) that the wreck of the S.S. *Guthrie*, lying $3\frac{1}{2}$ cables S. 64° W., magnetic, from the advertised position of the Lightship *Taku*, will be liable to be unlighted during the winter months.

The wreck lies in 18 feet of water at low water of spring tides, and her hull is entirely submerged. Her funnel is gone, but her masts are still standing.

As the customary withdrawal of the Taku Lightship during the winter will take place, vessels approaching the Taku Bar during that period should exercise great caution.

CHINA SEA—CHEFOO DISTRICT.

Loshan Bay—Uncharted shoal.

No. 25 (third publication).—The Coast Inspector, Shanghai, has given Notice (No. 580 of 1914) that Japanese Notice to Mariners No. 377 of 1914 announces the existence of a rocky patch with 15 feet of water over it at low water in the following position. "Data Rock" bearing S. 9° E, magnetic, distant 6.6 cables.

G. N. FORTEATH, COMDR., R.I.M.,

Deputy Port Officer of Calcutta.

The Calcutta Gazette

WEDNESDAY, FEBRUARY 17, 1915

PART IC.

Educational Notices.

CIVIL ENGINEERING COLLEGE, SIBPUR.

THE following courses of instruction are provided at this College:—

I.—THE ENGINEER DEPARTMENT

(Affiliated to the Calcutta University)

A four-year course leading to the Bachelor of Engineering Degree in Civil Engineering followed by one year on practical training, qualifying for the College Diploma of "Civil Engineer."

Admission qualification.—The Intermediate Examination in Science or Arts (with Mathematics, Physics or Chemistry), or equivalent. In addition candidates for admission are required to pass a special examination in Drawing.

Applications for admission from regular students are due on or before July, 1st.

The Session commences on the first Monday in November.

II.—THE APPRENTICE DEPARTMENT.

A.—Courses in Civil Engineering—

(a) The Sub-Overseer course of two academic years leading to—

(b) The Upper Subordinate or Civil Overseer course of two years, followed by one year of practical training.

The first year Sub-Overseer Session begins on the first Monday in May.

Entrance qualification.—The Matriculation Examination of an Indian University, the Junior Cambridge Local, or equivalent. To enable Indian students to join in May a special Entrance Test is held at the College in March at which candidates registered for the Matriculation Examination may appear.

The second year Sub-Overseer Session begins on the second Monday in April.

Entrance qualification.—The passing of the School Final Examination of the B. classes of Zilla Schools.

The Upper Subordinate Class Session begins in April.

Entrance qualification.—The passing of the Sub-Overseer Examination

B.—Course in Mechanical and Electrical Engineering—

A three-year course followed by one year of practical training leading to the Full Course Certificate of the Joint Technical Examination Board.

C.—Course in Mining—

A three-year course leading to the Diploma in the Principles of Mining.

The Session of the preliminary year of the Mechanical and Electrical Engineering and Mining courses begins on the second Monday in January.

Admission qualifications.—The Matriculation or Junior Cambridge Examination. Candidates who have passed the Sub-Overseer Examination may be admitted to the second or Junior year of these courses.

III.—CLASSES IN TINCTORIAL CHEMISTRY AND DYEING.

A two-year course in Tinctorial Chemistry and Dyeing leading to a College Diploma is offered.

The Session begins on the first Monday in February.

Qualification for regular students—The Intermediate Examination of the Calcutta University in Engineering, Science or Arts (with Chemistry); the Final Examination of Government Weaving Institute.

For occasional students—A sufficient general education with a practical knowledge of Dyeing

IV—WORKSHOPS

Industrial classes in the following shops.—

Carpenters	Turners.
Blacksmiths	Pattern-making.
Fitters.	Founding in Brass and Iron.

Admissions at any time of the year

B. HEATON, *Principal*.

CIVIL ENGINEERING COLLEGE,
SIBPUR, the 15th January 1915.

BOARD OF EXAMINERS.**NOTICES**

THE following list of Munshis who are qualified to teach Urdu under India Army Order No. 162 of 1907 is published for the information of all those students of this language who are desirous of obtaining competent teachers:—

AGRA.

1. M. Gulzari Lall ... Regimental Munshi, 1st Battalion, The Welsh Regiment, Agra Cantonment.

ALLAHABAD

1. M. Jawala Prasad, I ... Kasauli Hills. The Royal Scots Regiment, Sadar Bazar, Allahabad.

AMBALA.

1. M. Mohd. Miyan Khan ... Sudder Bazar, Ambala.
2. M. Mohd Akbar Khan ... The Oriental Lodge, Ambala.
3. M Sita Ram Mahta ... Near Kali Bari, Sadar Bazar, Ambala.
4. M. H. Ahmad Fakhri ... Sadar Bazar, Ambala Cantonment.

AMRITSAR.

1. M. Mohd. Ishaq ... Khazana Gate, Amritsar.

AZAMGARH.

1. M. Ram Charan Lal ... Offg. Sub-Deputy Inspector of Schools, Azamgarh.

BANNU.

1. M. Mul Chand Khurana ... Mission Clerk, Bannu.

BAREILLY.

1. M. Jawala Parshad, II ... Regimental Munshi, The Black Watch, Sudder Bazar, Bareilly.

W. W. HORNEILL,

Director of Public Instruction, Bengal.

NOTIFICATION.

The 2nd February 1915

WITH reference to the Resolution of the Government of India in the Finance Department, No. 1251, dated 30th September 1914, prescribing revised rules for the examination of candidates in India for admission to the General List of the Indian Finance Department (copies may be obtained from the undersigned), it is hereby notified that candidates for nomination from the Province of Bengal, whose names have not already been registered, should submit their applications, together with the necessary documents, through the Principals of their Colleges, in strict accordance with the rules so as to reach this office on or before the 1st of March 1915.

The applications should, in addition to the information called for by the rules, be accompanied by a statement of particulars under the heads detailed below:—

- (a) Date of birth
- (b) Father's name and profession
- (c) Where educated—particulars from the fourteenth year of age
- (d) The nature of the candidate's employment, if any.

Nominations will be restricted to natives of India within the meaning of the Statute 33 Vict, Chap 3, section 6. The possession of high educational qualifications is essential

W. C. WORDSWORTH,

Asst Director of Public Instruction, Bengal.

UNIVERSITY OF CALCUTTA.

Chittagong, the 26th January 1915

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Southern Section of the Eastern Bengal State Railway, in the district of 24-Parganas, will be put up to sale at 3.30 P.M. on the 7th April 1915, corresponding with the 24th Chaitra, 1321 B S, at the Hotar Railway station.

The purchasers of the several plots of land will be subject to the following conditions —

1st —The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same

2nd —If the amount of purchase-money does not exceed Rs 100, the whole amount must be paid down at once

3rd.—If the purchase-money exceed Rs 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

4th —The plot of land will be sold revenue-free to the highest bidder

5th —The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it and a regular conveyance will then be granted to the purchaser

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands.

1 Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

- (i) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait.
- (ii) The Middle Andaman excepting that portion to the west of Yolyg and south of the main line cleared from the junction of the Chara lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea

2. Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Port Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands

3 Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter, but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited.

4 The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works, and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract

5 The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound.

6. The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed —

- (i) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs

- (ii) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second-class logs,
4,000 tons of third-class logs.

The outturn for the last six years of the license will be determined by working plans to be drawn up hereafter

7. In addition the licensees will be permitted to cut, subject to previous marking, should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows :—

Gurjan over 8 ft in girth, *didu* and *pynma* over 7½ ft. in girth, and *koko*, black *chuglam*, white *chuglam*, white *bambus*, red *bambus*, and *taungpwa* over 6 ft in girth

8. The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be held to be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill

9 For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled, but thereafter minima annual royalties will be payable as follows —

- (i) for the North Andaman, Rs. 1,00,000 per annum,
- (ii) for the Middle Andaman, Rs. 1,00,000 per annum,
- (iii) in case of a combined license for both islands, Rs. 2,00,000 per annum

10. Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound, which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them.

11. Should the licensees desire to exploit in form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands

12. The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employees and the convict population in the Andamans.

13. Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation.

14. Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair.

15. Such padauk timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State-worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917, shall not exceed 500 tons of squares and 1,000 tons of scantlings. There will be no limit to the quantity of timber other than padauk which may be extracted from the areas under reference, and no restriction as to its disposal.

16. The Inspector-General of Forests, Simla, will answer calls for further information.

17. Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture, and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs. 1,500 in cash or in Government securities. This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below.

18. All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla. This agreement must be signed within three months of the acceptance of the tender.

19. Tenders, marked "Tender for Andaman Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for padauk or for other timbers, or to assign any reasons for the refusal or acceptance of any tender.

20. Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid.

L J KERSHAW,

Secretary to the Government of India,

Department of Revenue and Agriculture

Town Hall, Calcutta, the 15th January 1915.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premium paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta.

Notice.

ON and from 15th October, 1914, the Government of Bengal has ceased to undertake cash sales of publications of that Government at the Bengal Secretariat Book Depot.

Intending purchasers should in future apply to Messrs Cambay & Co., Booksellers and Publishers, of No. 9, Hastings Street, or to Messrs Rai M C Sarkar Bahadur & Sons, of 75-1-1, Harrison Road, Calcutta, at whose premises all publications of this Government which are for sale will be open to inspection.

Agents for the sale of Government publications and booksellers, who are allowed commission on the purchase of books, will be supplied by the Book Depot, as at present.

The Book Depot will continue as heretofore, to conduct sales of books by post, and persons desirous of procuring Government publications by this method should address their requisitions to the Book Depot.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

SULPHATE OF QUININE,
SULPHATE OF CINCHONIDINE,
CINCHONA FEBRIFUGE,
RESIDUAL ALKALOIDAND
Quinoidine

Manufactured at the Bengal Government
Cinchona Plantation

THESE articles are guaranteed to be free from wilful admixture with other Cinchona alkaloids. Quinine can be purchased by Government officers, District and Local Boards. It can also be purchased by Missionaries for bona fide public purposes. Otherwise it is not sold to private persons or firms. Cinchonidine is for sale to Government officers and to dealers. Cinchona febrifuge can be purchased both in powder and 32-grain tablet forms by Government officers and the general public. It is also sold by the Principal Dispensary in Calcutta. Quinoidine or Pure Amorphous Alkaloid and Residual Alkaloid or Amorphous Cinchona Alkaloid which contains about 40 per cent of Pure Amorphous Alkaloid are for sale to Missionaries and Government institutions only. These drugs are sold strictly cash and in advance, but private purchasers may use the V-P post system, and these are obtainable from the Superintendent, Juvenile Jail, Alipore.

The rates for these drugs from 1st April 1914 are as follows—

Sulphate of Quinine	Rs.
For quantities of not less than 6 lbs in one delivery, 15 per lb	
For any quantity less than 6 lbs in one delivery, 18 " "	
Sulphate of Cinchonidine	Rs.
For quantities of not less than 6 lbs in one delivery, 12 per lb	
For any quantity less than 6 lbs in one delivery, 14 " "	
Cinchona Febrifuge	Rs.
For quantities of not less than 6 lbs in one delivery, 6 per lb	
For any quantity less than 6 lbs in one delivery, 6 " "	
Residual Alkaloid or Amorphous Cinchona Alkaloid and Quinoidine or Pure Amorphous Alkaloid, for any quantity, Rs. 4 per lb	

Quinine is available in 1-oz, 1/2 lb, 1 lb, 1 1/2 lb and 4-lb tins. Cinchonidine is available in 1/2 lb, 1 lb and 1 lb tins. Cinchona Febrifuge is available in 1/2 lb, 1 lb and 1-lb tins. Residual Alkaloid is available in 10-lb, 5-lb and 1-lb tins. Quinoidine is available in 10-lb and 1-lb tins.

Transit charges are in addition to the above prices in every case.

Drugs are sold strictly cash and in advance. Price of postage must accompany the price of the drug (when the drug is required by post). No charges are made when drugs are sent by rail. The name of the railway station, steamer, or post office must be written distinctly when the parcels are required by rail, steamer or by post. A scale of postage is given below:—
[For 1/2 and 1-lb. 4 annas, 1 lb 6 annas, 2 lbs 10 annas, 5 lbs 12 annas, 4 lbs Re. 1, 5 lbs Re. 1 1/4, and for 6 lbs. Re. 1-6]

**LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT
FROM October 1913 to March 1914.**

- Monthly Weather Review, May to November 1913.** (Illustrated by 7 plates) Quarto. Paper cover. Re 1 per month
Annual Summary of the Monthly Weather Review, 1912. (Illustrated by 6 plates.) Quarto. Paper cover Rs 3
Memoirs of the Indian Meteorological Department, Vol. XXII, Part II. By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto Paper cover Re 1-8

**LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA
DURING THE WEEK ENDING 7TH FEBRUARY 1914.**

- Records of the Geological Survey of India, Vol. XLIII, Part 3,** by Director, Geological Survey of India. Contributions to the Geology of the Province of Yunnan in Western China. I. The Bhamo Teng-yueh area (with plates 6 to 17). Contributions to the Geology of the Province of Yunnan in Western China. II. Petrology of the Volcanic Rocks of the Teng-yueh District (with plates 18 to 20). The Kirana and other Hills in the Jach and Rechna Doabs (with plates 21 and 22). The Banswal Aerolite. Re 1
Records of the Geological Survey of India, Vol. XLIII, Part 4, by Director, Geological Survey of India. The Gold-bearing Alluvium of the Chindwin River and Tributaries (with plates 23 to 25). The correlation of the Siwaliks with Mammal Horizons of Europe (with plates 26 to 28). Contributions to the Geology of the Province of Yunnan in Western China. III. Notes on the Stratigraphy of the Ordovician and Silurian Beds of Western Yunnan by J. Coggin Brown, M.Sc., with Provisional Palaeontological Determinations by F. R. Cowper Reed, M.A., F.E.S. Further Notes on the species "Cameroorinus Asiaticus" from Burma. Re 1
Memoirs of the Geological Survey of India, Vol. XLIII, Part I. By Sir Thomas Holland, K.C.I.E., Professor of Geology, University of Manchester, and G. H. Tipper, M.A. Geological Survey of India. Indian Geological Terminology. Rs 2.

**LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA
DURING THE WEEK ENDING 30TH JANUARY 1914.**

- Memoirs of the Geological Survey of India, Volume XL, Part 2.** By E. H. Pascoe M.A., D.Sc., F.G.S., Assistant Superintendent, Geological Survey of India. The Petroleum Occurrences of Assam and Bengal. Rs 3
Records of the Geological Survey of India, Volume XLIV, Part 1. By Director, Geological Survey of India. General Report of the Geological Survey of India for the year 1913. A Carbonaceous Aerolite from Rajputana (with text figure). Notes on Value of Nummulites as Zone Fossils, with a description of some Burmese Species. (With plates 1 to 3.) Re 1

**LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT
DURING THE CURRENT QUARTER.**

- Monthly Weather Review, December 1913.** (Illustrated by 7 plates) Quarto Paper cover. Price Re 1
- Monthly Weather Review, January 1914.** (Illustrated by 7 plates) Quarto Paper cover Price Re 1
- Monthly Weather Review, February 1914.** (Illustrated by 7 plates.) Quarto Paper cover Price Re 1
- Monthly Weather Review, March 1914.** (Illustrated by 7 plates) Quarto Paper cover Price Re 1
- Correlation in Seasonal Variations of Weather, III. On the criterion for the reality of relationship or periodicities. Memoirs of the Indian Meteorological Department, Vol. XXI, Part IX.** Quarto Paper cover By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Price As 8 (8a)
- Monthly Weather Review, April 1914.** (Illustrated by 7 plates) Quarto Paper cover. Price Re 1.
- Monthly Weather Review, May 1914.** (Illustrated by 7 plates) Quarto Paper cover. Price Re. 1
- Monthly Weather Review, June 1914.** (Illustrated by 7 plates) Quarto Paper cover Price Re 1.
- Monthly Weather Review, July 1914.** (Illustrated by 7 plates) Quarto Paper cover. Price Re 1.
- Monthly and Annual Normals of Pressure, Temperature, Relative Humidity, Vapour Tension and Cloud. Memoirs of the Indian Meteorological Department, Vol. XXII, Part III.** By Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S. Quarto Paper cover Price Re 1 and As 8
- Monthly Weather Review, August 1914.** (Illustrated by 7 plates) Quarto Paper cover Price Re 1

**LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT FROM
JANUARY TO JUNE 1914.**

- Monthly Weather Review, August 1913 to January 1914.** (Illustrated by 7 plates) Quarto. Paper cover Re 1 per month
- Annual Summary of the Monthly Weather Review, 1912.** (Illustrated by 6 plates) Quarto. Paper cover Rs 3
- A further study of relationship with Indian monsoon rainfall—Memoirs of the Indian Meteorological Department, Vol. XXI, Part VIII, by Gilbert T. Walker, C.S.I., M.A., Sc.D., F.R.S.** Quarto Paper cover As 8.

**LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA
DURING THE WEEK ENDING 27TH JUNE 1914.**

- Records of Geological Survey of India, Volume XLIV, Part 2, by Director, Geological Survey of India. Contributions to the Geology of the Province of Yunnan in Western China. IV. The Country around Yunnan Fu (with Plate 4). Note on a Dyke of White Trap from the Penoh Valley Coalfield, Chhindwara District, Central Provinces (with text figures 2 and 3). Statement of Mineral Concessions granted during 1913.** Re 1

**LIST OF BOOKS PUBLISHED BY THE COORG ADMINISTRATION DURING THE
HALF-YEAR WHICH ENDED ON THE 30TH JUNE 1914.**

- Report on Forest Administration in Coorg, by H. Tireman, Esq., Deputy Conservator of Forests, Coorg, "Progress Report on the Forest Administration in Coorg for the year 1912-13."** It deals with the Administration of Forests in Coorg. Foolscap folio. Paper binding Price 8a or 9d (6 pica.)

**LIST OF NEW BOOKS PUBLISHED BY THE GEOLOGICAL SURVEY OF INDIA DURING
THE WEEK ENDING 1ST AUGUST 1914.**

- Memoirs of the Geological Survey of India, Volume XLI, Part 2, by L. Leigh Fermor, D.Sc., A.R.S.M., F.G.S., Superintendent, Geological Survey of India. On the Geology and Coal Resources of Korea State, Central Provinces. (With 12 plates.)** Rs. 3.
- Memoirs of the Geological Survey of India, Volume XLII, Part 1, by J. Cogglin Brown, M.Sc., F.G.S., Assistant Superintendent, Geological Survey of India. The Burma Earthquake of May 1912.** Rs 3

**LIST OF PUBLICATIONS ISSUED BY THE METEOROLOGICAL DEPARTMENT FROM
APRIL TO SEPTEMBER 1914.**

Monthly Weather Review, December 1913 to April 1914. (Illustrated by 7 plates) Quarto
Paper cover. Re. 1 per month.

**A Further Study of Relationship with Indian Monsoon Rainfall. Memoirs of the
Indian Meteorological Department, Vol. XXI, Part VIII. By Gilbert T. Walker,
C.S.I., M.A., Sc.D., F.R.S.** Quarto Paper cover. Annas 8

the University of Vienna. The Anthracolithic Fauna of Kashmir, Kanasur and
Spiti (with plates I to XI).** Rs 2-12

NOTICE.

Advertisements, Notices, etc., intended for insertion in this Part of the
Gazette cannot be received after noon on Monday.

The Calcutta Gazette

WEDNESDAY, FEBRUARY 17, 1915.

APPENDIX.

NOTICES TO MARINERS.

The following Notices are published for general information.

F. A. A. COWLEY,
Offg Secy to the Govt. of Bengal.

CALCUTTA, the 8th February 1915.

NEW, ZEALAND, NORTH ISLAND—POVERTY BAY.

Gisborne harbour—New light established.

No 38 (first publication)—The following particulars, etc., relative to the above, issued by the British Admiralty (No 1855 of 1914), are republished:—

Position.—At outer end of extension of southern breakwater, at a distance of 160 yards, 235° ($S\ 40^{\circ}\ W.$ *Mag.*), from the two vertical lights previously marking the end of the breakwater and which have now been discontinued.

Lat. $38^{\circ}\ 40\frac{1}{4}'\ S.$, long. $178^{\circ}\ 01\frac{1}{4}'\ E.$

Abridged description.—Lt. Fl., ev. 3 sec., 22 ft., vis. 9 m. (U).

Details:

Character—A flashing white light every three seconds, thus:—

Flash,	eclipse.
$\frac{1}{10}$ sec.	$2\frac{7}{10}$ secs.

Elevation.—22 feet.

Visibility.—9 miles; from 349° ($N.\ 26^{\circ}\ W.$ *Mag.*), through north, to 236° ($S.\ 41^{\circ}\ W.$ *Mag.*).

Structure.—White open support.

Note.—The light is unwatched.

The red conical buoy formerly marking the southern breakwater extension works has been withdrawn.

Remarks.—Vessels entering Poverty Bay on the line of leading lights will open the above light when about four cables south of the Waihora rocks buoy.

Variation.— $15^{\circ}\ E.$

Charts affected.—No. 3321, Gisborne roads.

„ 3343, Gable-end Foreland to Poverty Bay.

„ 2527, Mayor island to Poverty Bay.

„ 2528, Poverty Bay to Cape Palliser.

„ 1212, New Zealand

Publications.—List of Lights, Part VI. 914, No. 2919.

New Zealand Pilot, 1908, page 126.

Authority.—Wellington Notices, Nos 91 and 94 of 1914. (*H.* 5890/14)

JAPAN—INLAND SEA.

Murozumi—Wreck south-westward of, marked by light and buoy.

No 39 (first publication)—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1856 of 1914), are republished.—

Position.—At a distance of about 3 miles south-westward of Murozumi.
Lat $33^{\circ} 53' 11''$ N, long $131^{\circ} 55' 10''$ E., on chart No. 3153.

Description—Sunken wreck of a small sailing vessel with two masts visible at low water.

Remarks.—The wreck is marked by a green buoy, and a light by night

Charts affected.—No. 3153, Maruyama zaki to Ominase.

„ 3154, Ominase to Gogo shima.

„ 2875, Naikai (Seto uchi) or Inland sea.

Publication.—Japan Pilot, 1914, page 401.

Authority—Tokio Notice, No 352 of 1914. (*H* 5793-14.)

NEW GUINEA, SOUTH COAST.

Merauke river approach—Existence of a shoal.

No. 40 (first publication)—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1865 of 1914), are republished:—

Position—At a distance of 13 miles, 271° (*S. 87° W. Mag.*) from Merauke Lighthouse

Lat. $8^{\circ} 28\frac{1}{4}'$ S, long $140^{\circ} 09'$ E

Depth.—2 fathoms.

Variation.— 4° E.

Charts affected.—No. 447, Western approaches to Torres strait.

„ 2759a, Australia, northern portion.

„ 780, Pacific, south-west sheet.

Publication.—Australia Directory, Vol. II, 1907, page 573.

Authority.—Hague Notice, No. 2689 of 1914. (*H.* 5978-14.)

JAPAN—INLAND SEA, SHIMONOSEKI KAIKYO.

Yojibei wa—Wreck-marking Light-buoy, northward of, withdrawn.

No 41 (first publication)—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1868 of 1914), are republished —

Former Notice.—No. 1624 of 1914. (*This Office No. 557 of 1914.*)

Position.—At a distance of one cable, 5° (*N. 10° E. Mag.*) from Yojibei wa beacon

Lat. $33^{\circ} 54'$ N, long. $130^{\circ} 55\frac{1}{4}'$ E.

Description.—A Light-buoy, exhibiting an occulting green light, marking the wreck of the dredger *Yoji Maru*.

Remarks.—The wreck is to be retained on the charts.

Variation.— 5° W.

Charts affected.—No. 3114, Moji and Shimonoseki ko.

„ 1578, Shimonoseki kaikyo.

„ 532, Approach to Shimonoseki kaikyo.

Publication.—Japan Pilot, 1914, page 569.

Authority.—Tokyo Department of Communications Notice, No. 731 of 1914. (*H* 5987/14.)

INDIA, WEST COAST—PORT DABHOL.

Anjanwel Fort, North Point—Provisional light exhibited.

No. 42 (first publication)—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No. 17M of 1915), are republished :—

Former Notice—No 12-M. of 1915 (*This Office No 34 of 1915.*)

Subject.—The fixed green Light temporarily extinguished for repairs, is exhibited by a provisional light during the period.

Charts temporarily affected—No. 738, Kundari Id to Boria Pagoda.

„ 826, Karachi to Vengurla.

Publications.—List of Lights, Part VI, 1914, No. 406.

West Coast of India Pilot, 1909, page 200.

Authority.—The Collector of Salt Revenue, Kharaghoda, 20th January 1915

INDIA—WEST COAST.

Ratnagiri District—Devgad light established

No. 43 (first publication).—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No 18M. of 1915), are republished —

No.	Name of light.	Position	Latitude N	Longitude E	Number and colour of lights. Fog signal	Character of light.	Period of revolution or flash	Miles visible in clear weather	Arc of illumination (Bearings are magnetic and from seaward)	General description of building or vessel	Height in feet, of centre of lantern above high water	Height in feet, of building from base to vane.	Character and candle power or order of illuminating apparatus.	Year established or altered.	REMARKS
	Devgad	On the North-West bastion of Fort	16° 23'—24"	73° 21'—30"	1 White	Occ.	Thirty Seconds.	15	Visible all round.	White Masonry Tower	91½	28½	6th Order	1915	Light 28 seconds and Dark 5 seconds.

Charts affected—No 826, Karachi to Vengurla.

„ 436, Bankot and entrance to Mhar river.

Publications.—Admiralty List of Lights, Part VI, 1914, page 47, List of Lighthouses and Light Vessels in British India, page 28. West Coast of India Pilot, 1909, page 202.

Authority—Collector of Salt Revenue Bombay, 22nd January 1915.

CHINA SEA—CHEFOO DISTRICT

Uncharted rock off Katinau island, approaches to Loshan Bay.

No. 44 (first publication).—The Coast Inspector, Shanghai, has given Notice (No. 582 of 1915) that Japanese Notice to Mariners, No. 362 of 1914, announces the existence of a rock lying N. 29° E., magnetic, distant 4·7 cables from the summit of Katinau Island.

The rock is awash at low water.

The 1st February 1915.

JAPAN—KIUSIU, GOTO ISLANDS.

Shiro se—Amended position of rock northward of.

*No. 30 (second publication).—*The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1844 of 1914), are republished:—

*Former Notices—*No 1760 of 1914 (*This office No. 607 of 1914*); hereby cancelled.

*Position—*At a distance of about three-quarters of a mile northward from the position given in the former Notice and $1\frac{1}{2}$ miles, 356° (*North Mag.*), from Shiro se Light-house.

Lat. $33^{\circ} 12\frac{1}{2}'$ N., long $128^{\circ} 47\frac{1}{2}'$ E.

*Depth.—*Not ascertained, but shown on the charts as a rock with a depth of less than 6 feet.

Note.—"*E. D.*" is to be inscribed against the new position of this reported rock on the charts.

Variation.— 4° W.

*Charts affected—*No. 359, Nagasaki to Karatsu, with the Goto islands.

„ 358, Western coasts of Kiusiu and Nipon.

„ 104, Kotean archipelago, south portion.

„ 3480, Shantung promontory to Nagasaki.

*Publication.—*Japan Pilot, 1914, page 499

*Authority—*Tokyo Notice, No. 344 of 1914 (*H. 5832/14.*)

CHINA SEA.

Banka strait—Correction to chart No 941a.

*No 31 (second publication).—*The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1845 of 1914), are republished:—

Position—(a) Lat. $1^{\circ} 56'$ S, long $105^{\circ} 02'$ E.

(b) Lat. $1^{\circ} 54'$ S, long $105^{\circ} 02'$ E.

*Correction.—*The $2\frac{1}{2}$ and $2\frac{3}{4}$ -fathom shoals, shown on chart No. 941a as being situated in the above positions, do not exist, and are to be expunged from the chart

*Chart affected.—*No. 941a, Eastern archipelago, sheet I.

*Authority.—*Hydrographic Department. (*H. 5251/14.*)

CHINA, NORTH-EAST COAST—LO SHAN BAY:

Ka ti niau—Rock northward of.

*No 32 (second publication).—*The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1846 of 1914), are republished:—

*Position.—*At a distance of $4\frac{1}{2}$ cables, 26° (*N. 30° E. Mag.*), from Ka ti niau summit (243 feet).

Lat. $36^{\circ} 11\frac{1}{2}'$ N., long $120^{\circ} 56\frac{1}{2}'$ E.

Depth.—Awash at low water.

Remarks.—The rock is known as "Nagato Iwa."

Variation.—4° W.

Charts affected.—No. 3735, Cape Yatau to Tau Tsui head.

„ 1255, Kyau chau bay to Lai chau bay.

Publication.—China Sea Pilot, Vol. V., 1912, page 425.

Authority.—Tokyo Notice, No. 362 of 1914. (H. 5798/14.)

JAPAN, FORMOSA AND KOREA.

New general system of Storm-signals.

No. 33 (second publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No 1849 of 1914), are republished —

The following general system of storm-signals has been substituted for that formerly in use at all Japanese storm-signal stations.—

GENERAL DETAILS.

- (a) By day the signals are made by means of certain symbols, these symbols and their equivalent numbers are as follows:—

The symbols are usually red, but in some places to suit local conditions they are white.

- (b) By night the signals are made by means of *red, white and green* lights.

1. DAY SIGNALS.

- (a) Three symbols, vertical, at one yard-arm of the storm-signal mast, indicate the number of the district in which the centre

of a typhoon or cyclone is situated, thus — indicates district 313. (See Chart I.)

- (b) Two symbols at the other yard-arm show the direction of the progressive motion. (See Table I.)

TABLE I — Direction of Motion.															
N.	NNE.	NE.	ENE.	E.	ESE.	SE.	SSE.	S.	SSW.	SW.	WSW.	W.	WNW.	NW.	NNW.
WNW.	NW.	NNW.	Forming.	Filling	up.	Unknown.	Recurring.	Steady	or Slow.						

- (c) The rate of progression is shown by changing the relative positions of the direction symbols to the yard-arm. (See Table II.)
- (d) One symbol at the mast-head shows the time at which the centre was located, and the intensity of the rotatory storm. (See Table III.)

TABLE II —Rate of Progression.		
	Direction symbols separated by the normal distance	Moving in an easterly direction, velocity not known
	Direction symbols separated by twice normal distance	Moving in an easterly direction, 10 to 20 miles per hour
	Twice normal distance between yard-arm and upper symbol	Moving in an easterly direction, 20 to 30 miles per hour
	Twice normal distance between yard-arm and upper symbol Also twice normal distance between the two symbols	Moving in an easterly direction, above 30 miles per hour.

TABLE III —Time and Force			
<i>Time</i>	<i>This Morning</i>	<i>This Afternoon</i>	<i>Last Night</i>
<i>Force</i>	<i>6 0 A M</i>	<i>2 0 P M</i>	<i>10 0 P M.</i>
<i>Not indicated</i>	●	⌂	◆
<i>Violent.</i>	▼	▲	■

2. NIGHT SIGNALS.

- (a) Three lights, vertical, at one yard-arm indicate the district in which the typhoon or cyclone is situated. (See Chart II.)
- (b) One light at the mast-head shows the sub-division of the district in which the centre is situated (See Table 4 and Chart II.)
- (c) Two lights, vertical, at the other yard-arm show the direction of the motion of the centre. (See Table 5.)

TABLE IV —Sub-Division Light.			
			None
<i>1st Quadrant.</i>	<i>2nd Quadrant.</i>	<i>3rd Quadrant.</i>	<i>4th Quadrant.</i>

TABLE V —Direction of Motion Lights							
							
<i>N.</i>	<i>NE.</i>	<i>E.</i>	<i>SE.</i>	<i>S.</i>	<i>SW.</i>	<i>W.</i>	<i>NW.</i>

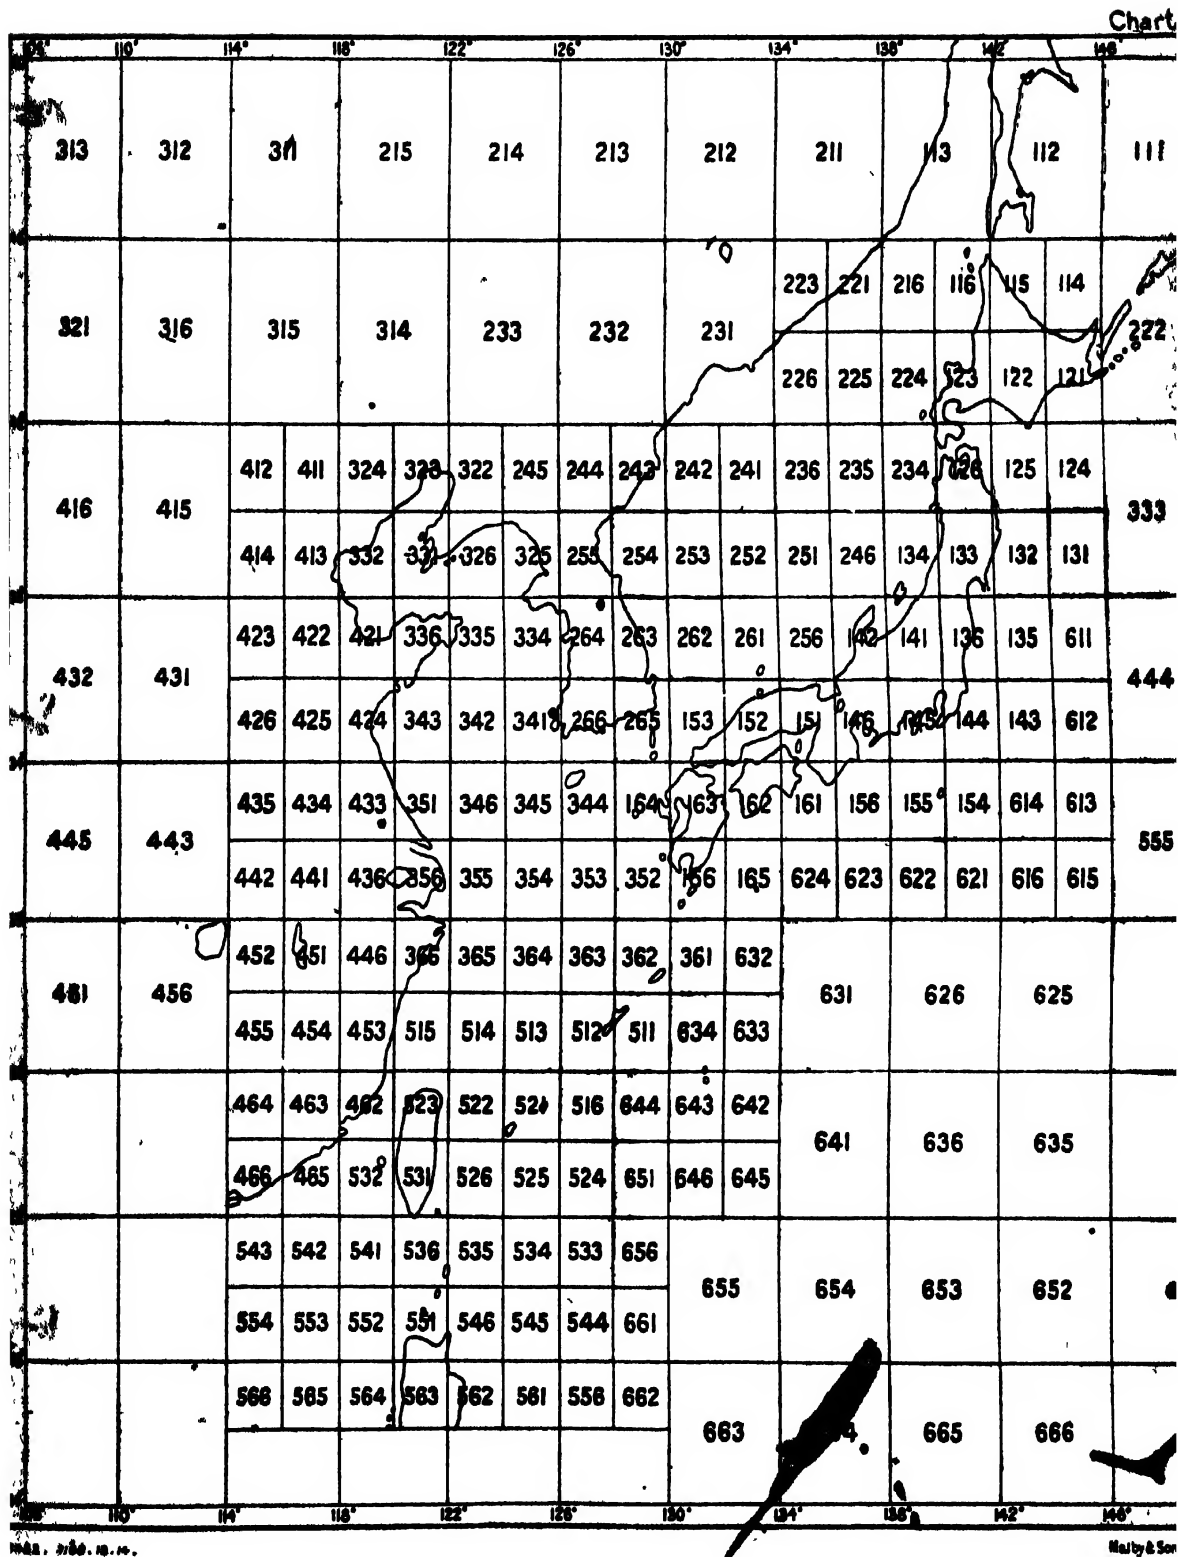

The letters W R G in Tables IV. and V denote white, red, and green respectively.

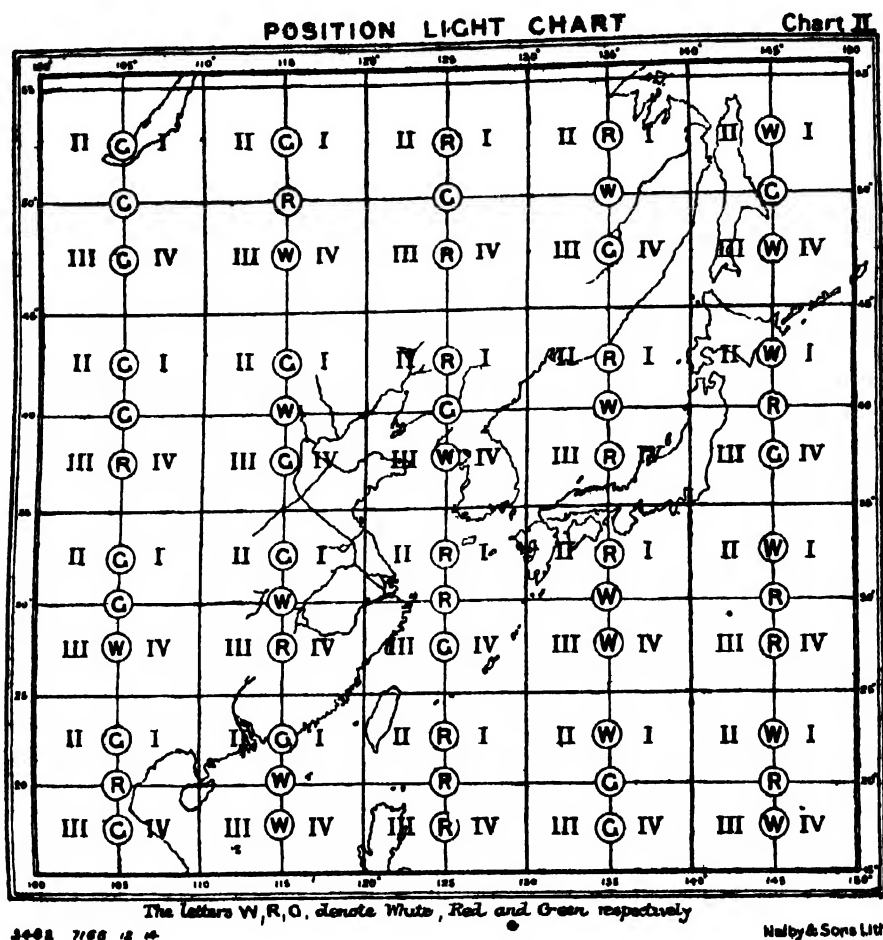

Publications.—Japan Pilot, 1914, pages 18, 19, 20.

East Coasts of Korea, &c., Pilot, 1913, pages 16, 17, 18.

China Sea Pilot, Vol. V, 1912, pages 30, 31.

Authority.—Tokyo Notice No. 336 of 1914. (H. 5294/14.)

INDIA, WEST COAST—PORT DABHOL.

Anjanvel Fort, North Point—Light temporarily extinguished

No. 31 (second publication).—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No 12M of 1915), are republished —

Position—Latitude 17° 34' N
Longitude 73° 08' E.

Remarks—The Fixed Green Light is temporarily extinguished, and will not be exhibited until repaired.

Charts affected—No 738, Kundan Id to Boria Pagoda
„ 826, Karachi to Vengurla.

Publications—List of Lights, Part VI, 1914, No. 406.
West Coast of India Pilot, 1909, page 200.

Authority—Telegraphic Advice from the Collector of Salt Revenue, dated Kharaghoda, 18th January 1915.

INDIA--WEST COAST.

North Kanara Coast—Derelict reported.

No 35 (second publication).—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No 13M. of 1915), are republished —

Subject.—The Port Officer, Mangalore, reports that a Native Craft, having run down 10 miles west of Kasaragode, wreckage may be met with.

Caution—Mariners are warned accordingly.

Charts temporarily affected.—No. 744, Cape Ramas to Alvaguda.
„ 827, Vengurla to Cape Comorin.

Authority—Port Officer, Bombay, 18th January 1915.

SOUTH AUSTRALIA—GULF OF ST. VINCENT,

Stansbury Jetty—Light established.

No 36 (second publication).—The President of the Marine Board, Port Adelaide, has given Notice (No. 20 of 1914) that on and after the night of December 19th, 1914, a Sixth Order Chance Bros.' Port Light will be exhibited from the sea end of the Stansbury Jetty at a height of 23 feet above high water, showing seaward a fixed white light over the entrance between the bearings of 213° (S. 28° W. mag.) and 236° (S. 51° W. mag.), and a red light over the shoal between the bearings of 236° (S. 51° W. mag.) and 11° (N. 6° E mag.), visible in clear weather for a distance of about 9 and $2\frac{1}{2}$ miles respectively.

Approximate position—Lat $34^{\circ} 54' 15''$ S, Long. $137^{\circ} 48'$ E

This affects Admiralty Charts Nos. 2152, 2389, and 2389A

BAY OF BENGAL—ORISSA COAST

False Point Anchorage—Fairway buoy replaced

No 37-I (second publication) —

Former Notice—No 11-I of 1915

Subject—The Fairway buoy, False Point Anchorage, has been replaced 4 cables N 70° E of former position in 30 feet reduced.

Anchorage for steamers is one cable west of Fairway buoy.

Charts affected—No. 755, False Point Anchorage

„ 829, Cocanada to Bassein river.

Publication—Bay of Bengal Pilot, 1910, page 273

Authority—Port Officer, Cuttack and Balasore Ports, Chandballi, letter No 69P, dated the 29th January 1915

The 29th January 1915

CEYLON, WEST COAST—MANÁR ISLAND

Talamanaar—Lights (occasional) established

No. 26 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No 1828 of 1914), are republished:—

(a) *Position*—On outer end of north pier

NAVIGATION OF THE HOOGLHY AT NIGHT BETWEEN MUD POINT AND SAUGOR.

No. 618 Marine

GOVERNMENT OF BENGAL

MARINE DEPARTMENT

Dated Calcutta, the 16th February 1915

RESOLUTION

READ—

A Report submitted in May 1913 by a Special Committee convened by the Commissioners for the Port of Calcutta to consider the question of lighting the river Hooghly with a view to navigation by night

READ ALSO—

Bengal Government Resolution No. 679 T—Marine dated the 20th July 1914, on the subject, and the letters from the Port Officer cited in the preamble of that Resolution

The report of a further Committee of expert navigators appointed by Government to test the adequacy of the lighting provided by the Port Commissioners and

A Report from the Port Commissioners in No. 10600, dated the 22nd December 1914, informing Government that this Committee's recommendations have been carried out

In 1913 the Commissioners for the Port of Calcutta, on the report of a Special Committee convened by them, submitted for the consideration

of Government a scheme for lighting the river Hooghly between Mud Point and Saugor with a view to the navigation of vessels in the lower reaches of the river by night. The Special Committee which recommended this scheme consisted of—

The Hon'ble Sir F. G. Dumayne, Vice-Chairman, Port Commissioners, Calcutta.

Captain C. S. Hewett, Deputy Director, Royal Indian Marine

Captain F. A. Lovell, R.N.R., Deputy Commissioner, Calcutta Port Trust

Mr C. G. Stock, Branch Pilot

„ A. W. Turner, Branch Pilot.

Their proposals had the entire support of the Calcutta Liners' Conference and the Bengal Chamber of Commerce, but the Pilot Service as a body was opposed to the scheme. They did not, however, object to night navigation in itself, rather they distrusted the adequacy of the lighting which the Port Commissioners proposed to provide.

2 After very careful consideration of the matter in consultation with the Port Officer, Calcutta, Government came to the conclusion that night navigation might be permitted provided the river was properly lighted, and accordingly approved generally the scheme submitted by the Port Commissioners, subject to a further report by a Committee of practical navigators consisting of—

Commander Vines, R.I.M., Port Officer, Calcutta.

Mr Stock, Branch Pilot

Mr Moore, Senior Master Pilot

Captain Robertson, Master of the *S. S. Media*.

„ Vincent, Master of the *S. S. Collegian*, and

Commander Constable, R.N. Assistant Conservator of the Port of Calcutta

These gentlemen were asked by Government to test the adequacy and efficiency of the lighting.

3. This Committee made several trial trips through the lighted stretch at night, and unanimously reported that it was navigable with safety between the hours of sunset and sunrise if additional lights were provided in certain places indicated by them and if some other improvements which they thought desirable were carried out. The Committee's recommendations have been given effect to by the Port Commissioners, who have reported that the scheme for night navigation is now complete.

4. His Excellency in Council is now pleased to remove the restriction to night navigation in that part of the river which has been lighted, namely the stretch between Mud Point and Saugor. For the present, however, owing to the War, night navigation will only be allowed in the case of ships going down the river. It must also be understood that night navigation is not compulsory. In unfavourable conditions, whether by night or day, it must be left to the discretion of the Pilot whether he should proceed or not with the vessel in his charge.

5. Government also approves the rules which the Port Officer has submitted for regulation of traffic in the lighted portion of the river. These rules will be embodied in the Code of Regulations for the Bengal Pilot Service, which will also now be amended in respect of night navigation between Mud Point and Saugor.

ORDER —Ordered that this Resolution be published in the *Calcutta Gazette*, and that a copy of it be forwarded to the Port Officer, Calcutta, for information and for communication to the members of the Bengal Pilot Service, to the Vice-Chairman, Port Commissioners, Calcutta, for the information of the Commissioners, also to the Secretary, Calcutta Liners' Conference, and to the Bengal Chamber of Commerce for information and for communication to those concerned.

By order of the Governor in Council,

F. A. A. COWLEY,

Secretary to the Govt. of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

**Fourth Report on the Cotton Crops of Bengal,
1914-15.**

(NOTE.—On the average of the five years ending 1912-13 the area under the Cotton Crop in Bengal represents about 0·2 per cent. of the total area under cotton in India.)

Character of the Season.—Early cotton is cultivated in Bankura, Midnapore, the Chittagong Hill Tracts and in the State of Hill Tippera. Weather conditions were very favourable and a good crop has been harvested this year. Late cotton is grown in Bankura and Midnapore and its condition and prospects are reported to be satisfactory.

Area Sown.—The total area sown with the early crop is estimated at 89,460 acres, against 84,873 acres of last year (now revised) and against the unrevised estimate of 49,098 acres reported at the corresponding period of last year. The area sown with late cotton is reported to be 2,100 acres, against 1 900 acres reported last year.

Outturn.—The estimated outturn of early cotton works out to 33,821 bales, against 23,000 bales last year (now revised) and against the unrevised estimate of 11,981 bales reported at the corresponding period of last year. The outturn of late cotton amounted to 1,173 bales, against 1,158 bales reported last year.

CALCUTTA,
The 10th February 1915.

J R BLACKWOOD,
Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.**Third and Final Report on the Winter Rice crop of Bengal, 1914-15.**

Note.—On the average of the five years ending 1912-13, the area under winter rice in Bengal represents some 199 per cent. of the total area under rice in British India.]

Character of the Season.—In the second forecast the weather was generally reported to be unfavourable owing to insufficiency of rainfall in August, September and October. November was also practically rainless and the result was very serious for the crop, especially on high lands. The slight rainfall at the end of December did little good to the crop as it was then ripe for harvesting.

Acresage.—According to the figures furnished by District Officers, the area sown this year is 15,084,300 acres against 14,539,600 acres last year, or an increase of about 4 per cent. The increase is due to the favourable weather conditions at the beginning of the season.

Outturn.—In Howrah, Rangpur and Mymensingh a better crop has been harvested than was anticipated, when the second forecast was issued; but in fifteen districts (viz, 24-Parganas, Khulna, Birbhum, Midnapur, Hooghly, Rajshahi, Dinajpur, Jalpaiguri, Pabna, Dacca, Faridpur, Bakarganj, Tippera, Noakhali and the Chittagong Hill Tracts), the estimates of District Officers fall below those of the previous forecast. The falling off in the case of Khulna, Birbhum, Midnapore, Faridpur, Bakarganj, and the Chittagong Hill Tracts is considerable. In the remaining districts the estimates are unchanged.

From the Appendix I attached it will be seen that Mymensingh is the only district which reports a normal crop, eight districts return percentages between 80 and 90, fourteen districts percentages between 60 and 75; three districts percentages between 50 and 58, while Malda reports a crop as low as 45 per cent.

According to District Officers' estimates the provincial outturn works out to 72 per cent of the normal against 92 per cent. of the last year.

On the basis of the normal yield of 12 maunds of clean grain per acre the total outturn as worked out from District Officers' estimates amounts to 95,751,400 cwts. against 117,931,000 cwts. of last year, or a decrease of about 19 per cent.

J. R. BLACKWOOD,
Director of Agriculture, Bengal.

CALCUTTA,
The 5th February 1915

APPENDIX I.

Third and final report on Winter Rice Crop of 1914-15.

DISTRICT.	Estimated normal area under winter rice	ESTIMATED AREA UNDER WINTER RICE		TAKING 100 TO REPRESENT THE NORMAL, WHAT WOULD BE THE AVERAGE OUTTURN PER ACRE CROPPED—		Date by which the harvesting generally commenced this year, and whether that date was early, normal or late	REMARKS BY DISTRICT OFFICERS.
		Last year (1913-14)	This year (1914-15)	Last year	This year		
1	2	3	4	5	6	7	8
	Acres	Acres	Acres				
24-Parganas	899,700	777,700	785,100	75	67	November Normal	The increase over last year's area is due to timely rainfall and favourable weather during the sowing season and at the first stage of agricultural operations. Considerable damage to the crop has been done by insect pests in Diamond Harbour and Basirhat subdivisions by salt-water in Sonarpur, location of the Sadar subdivision and by drought throughout the district generally. Hence the low outturn.
Nadia	186,800	124,300	134,600	83	58	Middle of November Normal	The weather has not been favourable. Much damage has been done to the crop by drought and also by flood in the Kushtia subdivision. Hence the low outturn.
Murshidabad	348,600	288,600	315,800	92	75	December Normal	The increase in area as compared with that of the last year is due to favourable weather conditions at the time of sowing. The weather has not been favourable since then. The crop was damaged by insect pests to the extent of 2 annas in Jangipur, Kandi and Sadar subdivisions and by drought to the extent of 4 annas. Hence the outturn has fallen below the normal.
Jessore	568,100	408,100	411,400	63	87	November Normal	The increase in area as compared with that of the last year is due to favourable weather at the time of sowing and transplantation. The crop was, however, subsequently damaged by untimely rain and flood throughout the district but especially in Bongong and Jhoddah subdivisions. For the above reasons the outturn has fallen below the normal.
Khulna	745,300*	732,500	748,000	100	69	Beginning of November Normal	The increase in area as compared with that of the last year is due to gradual reclamation of jungles in some thanas in the Baghat and Fakkhira subdivisions and the extension of the crop in those tracts. The normal area given in column 2 has also been revised for the same reason. Weather conditions have been unfavourable owing to cessation of rainfall since the end of September. The extent of damage from drought may be estimated at about 4 annas on the whole.
Burdwan	874,600	746,000	780,000	100	67	End of November Normal	The slight increase over last year's area is due to favourable conditions at the time of sowing. The subsequent cessation of rainfall has reduced the outturn by at least 4 annas.
Birbhum	604,600	586,100	604,600	117	67	End of November Normal	The increase in area as compared with that of the last year is due to good rainfall at the beginning of the year. The weather conditions have not been favourable since. About 4 annas of the crop has been damaged owing to continued drought.
Bankura	510,600	480,000	481,500	88	83	December Normal	The weather was favourable at first but the rains failed in September and October. Slight damage was also caused by insects. Hence the outturn has fallen below the normal.
Midnapore	1,405,000	1,112,400	1,574,900	60	67	End of November Normal	The increase in area as compared with that of the last year is due to favourable weather conditions at the time of sowing. Early cessation of rainfall hampered the growth and maturity of the crop. About 88 per cent was damaged by drought and insect-pests.
Hooghly	276,700	400	248,400	84	71	Ditto	The increase in area as compared with that of last year is due to timely rainfall at the beginning of the season. The subsequent growth of the crop was much affected as there was no rain from October last. The outturn has therefore fallen below the normal.
Howrah	125,200	99,500	103,000	67	67	End of November Normal	The increase in area as compared with that of the last year is due to timely rainfall at the sowing season. Weather conditions have not been favourable since. About four annas of the crop has been damaged by drought in September and October. Hence the low outturn.
Rajahmundry	697,000	470,700	493,000	105	70	First week of December Normal	The increase in area as compared with that of the last year is due to extension of cultivation in the Nellore subdivision. The crop was greatly damaged for want of rain in October. Hence the low outturn.

DISTRICT.	Estimated normal area under winter rice	ESTIMATED AREA UNDER WINTER RICE.		TAKING 100 TO REPRESENT THE NORMAL, WHAT WOULD BE THE AVERAGE OUTTURN PER ACRE CROPPED—		Date by which the harvesting generally commenced this year, and whether that date was early, normal or late.	REMARKS BY DISTRICT OFFICERS.
		Last year (1913-14)	This year (1914-15)	Last year	This year		
1	2	3	4	5	6	7	8
Dinaipur	Acrea. 1,120,400	Acrea. 1,016,400	Acrea. 900,800	103	80	Latter part of November Normal	The decrease in area as compared with that of the last year is due to want of timely rainfall. Continued drought stunted the growth of the plants and killed the high land crop causing the outturn to fall by 50 per cent.
Jalpaiguri	551,300	492,400	408,000	85	73	December Normal	The decrease in area sown this year is due to want of timely rainfall and to the extension of jute cultivation. Deficient rainfall also affected the growth of the crop. Hence the low outturn.
Naogaon	65,300	36,800	36,800	100	69	Harvesting has just commenced	Weather was unfavourable on account of insufficient rainfall. The outturn has in consequence fallen much below the normal.
Rangpur	522,300	705,000	582,300	114	90	End of November Normal	The weather was not favourable during July, August, and the first part of September. The rainfall during the latter part of September and in October did good to the crop. Want of rain at the early part of the season affected the growth of the crop which accounts for the outturn falling below the normal.
Bogra	305,000	305,000	308,000	95	60	Beginning of December Normal.	The crop, specially on high lands, suffered much on account of deficiency of rainfall in September and continued absence of it from October on. Hence the low outturn.
Fabna	566,000	470,000	470,000	100	82	End of November Normal.	Want of rain during September and October affected the crop on high land. Hence the outturn is estimated at 82 per cent.
Malda	300,000	309,000	300,000	125	45	End of October Early	The weather was favourable at first but the growth of the crop was retarded owing to drought prevailing since the end of September.
Dacca	682,100	587,300	597,300	78	80	Middle of November Normal	Rainfall at the beginning of the season was favourable to the cultivation and growth of the crop, but later on it was adversely affected by continued drought. Rain at the time of harvesting was also unfavourable. Slight damage was also caused by insects in the Khariganj thana. Outturn is below the normal for the reasons stated above.
Mymensingh	1,126,700	962,700	966,500	86	100	Beginning of December Normal	The increase in area as compared with that of last year is due to revision of estimates in the Netrakona subdivision. The weather has been favourable to the cultivation and growth of the crop. Subdivisional Officer of Netrakona reports that about 25 per cent of the crop was damaged by "Lohajui" insects and want of timely rainfall. The outturn is on the whole normal. It would have been still better but for the damage done to the crop in the Netrakona subdivision.
Faridpur	770,100*	432,800	661,000	70	80	Middle of November Normal	The increase in area as compared with that of last year is due to revision of estimates on the basis of cadastral survey. Insufficient rain in October adversely affected the growth of the crop. Hence the outturn has fallen by about 30 per cent below the normal.
Bakarganj	1,360,000	1,395,000	1,385,000	110	60	December Normal	The weather has not been favourable. The falling off in the outturn is due to total failure of rain from the time of transplanting till the middle of December.
Chittagong	418,400	421,800	425,000	95	80	Last week of November Normal	Increase in area as compared with that of last year is due to extension of cultivation. The weather has not been favourable on account of insufficient rainfall in September and October and unseasonable rain in December.
Tipsa	724,800	760,000	820,000	80	75	Middle of November Early	Increase in area is due to the fact that damaged jute fields were sown with paddy. The weather has not been favourable owing to insufficient rainfall. The damage was done by drought and in places by insect-pests.
Noakhali	566,900	632,500	633,000	100	80	Middle of November Normal	There has been no change since the submission of the second forecast except that the estimated outturn has fallen down owing to continued drought from October last and to damage caused by rains when harvesting was in progress.
Chittagong Hill Tracts	47,500†	51,400	38,000	90	50	December Normal	The crop was greatly damaged owing to want of timely rainfall for months and to the excessive rain at the time of harvesting. This accounts for the low outturn.
Total	16,406,000	14,539,600	15,084,800	92	72		

* Revised on the basis of cadastral survey.

NOTE.—The figures given above are the average for all the rainfall registering stations in each district

**MONTHLY WEATHER AND CROP REPORT OF BENGAL
FOR JANUARY 1915.**

I. *Character of the season*—During the last two weeks of the month light rain fell in most districts of the Province. The fall for the whole month was below the normal in all the districts excepting Dacca and Tippera. The usual rainfall statement is appended.

II. *Progress of agricultural operations*.—Harvesting of winter rice was finished, and that of mustard was in progress. Preparation of lands for *bhadoi* crops, transplanting of *bora* paddy and cutting and pressing of sugarcane were also going on.

III. *State of standing crops*.—The condition of standing *rabi* crops were reported to be fairly good.

IV. *The prospects and probable outturn*.—The prospects of the spring crops were greatly improved by the rainfall during the last two weeks of the month.

V. *Damage to crops*—No damage was reported to have been done to the standing crops during the month.

VI. *Condition of agricultural stock*.—Condition of agricultural stock was fair. Cattle-disease was reported from Murshidabad, Burdwan, Birbhum, Bankura, Rajshahi, Darjeeling, Pabna and the Chittagon Hill Tracts.

VII. *Failure of pasturage and fodder*.—Fodder was sufficiently available everywhere.

VIII. *Prices of food-grains*.—During the second fortnight of the month under review the price of common rice rose in eight districts, fell in nine and remained stationary in the rest. It varied from 7 seers a rupee at Darjeeling and Rangpur to 10 seers at Burdwan.

IX. *Condition of agricultural people*—The condition of agricultural people continued to be fair.

J. R. BLACKWOOD,
Director of Agriculture, Bengal.

CALCUTTA,
The 15th February 1915.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 15th February 1915.

Summary.—During the week under review light showers fell in Jessore and in most of the Eastern Bengal districts. The rain has greatly helped the ploughing operations for jute and other *bhador* crops and was also favourable to the standing *rabi* crops, the prospects of which are reported to be fairly satisfactory. Harvesting of *rabi* crops and pressing of sugarcane continue. Cattle-disease is reported from ten districts. The average price of common rice for the Province has risen by about 0·4 per cent. as compared with that of the previous week.

Serial No.	Districts and subdivisions.	Rainfall	PRICE OF COMMON RICE, IN SEER, PER RUPEE		Character of the weather, condition of crops, etc.
			This week	Previous week

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 1941 L.A.—The 16th February 1915—In exercise of the power conferred by section 48 (1) of the Land Acquisition Act, I of 1894, the Governor in Council is pleased to with-

Dacca.

draw from the acquisition of land measuring, more or less, 3 bighas 11 cottahs and 2 chitaks of standard measurement, which was required for the police-station at Singair, in the village of Singair, pargana Saha Uzail, zilla Dacca, and covered by declaration No 9531 L.A., dated the 12th October 1914, published at page 1889, Part I of the *Calcutta Gazette* of the 14th idem.

No 1946 L.A.—The 17th February 1915—In exercise of the power conferred by section 48 (1) of the Land Acquisition Act, I of 1894, the Governor in Council is pleased to with-

Bakarganj.

draw from the acquisition of the land measuring 2 bighas and 8 cottahs of standard measurement, which was required for the removal of the post-mortem house at Barisal, in the village of Amanatganj, pargana Chandra-dwip, zilla Bakarganj, and in respect of which the declaration No. 1278 M.R., dated the 20th March 1913, was published at page 457, Part I of the *Calcutta Gazette* of the 26th idem.

No. 1955 L.R.—The 20th February 1915—With reference to rule 7 of the Rules issued by the Government of India with their Resolution No. 7552—7581-121, dated the 15th September 1913, for regulating the grant by Local Governments of licenses to prospect for minerals and the grant of mining leases in British India, it is hereby certified that Messrs. Darashaw M. Doongaji & Co of Bombay are approved by the Government of Bengal as a fit and proper person to whom such licenses or leases can be granted in the Presidency of Bengal

2 Under rule 8 of the aforesaid rules this certificate will expire at midnight on the 31st of December 1915.

No 2069 L.A.—The 20th February 1915.—In exercise of the power conferred by section 48(1) of the Land Acquisition Act, I of 1894, the Governor in Council is pleased to withdraw

24-Parganas.

from the acquisition of the piece of land measuring 18 cottahs 1 chitak which was included in the area covered by declaration No 739 M.R., dated the 17th February 1913, published at page 277, Part I of the *Calcutta Gazette* of the 19th February 1913, required by the Eastern Bengal State Railway for doubling the line between Ballyganj and Baruipur at the 14th mile, Southern section, main line, in the villages of Mallickpur and Lakhinathpur, pargana Medanmalla, district 24-Parganas. The piece of land is bounded on the—

North—By the land belonging to Rakhal Chandra Brahmachari and Kamal Kust.

East—By the land belonging to Rakhal Chandra Brahmachari.

South—By the land belonging to Rakhal Chandra Brahmachari and Nand Lal Ghose.

West—By the land belonging to Uma Charan Halder and Radhoo Bhal.

No 2078 L.R.—The 20th February 1915.—Under section 3 (17) of the Bengal Tenancy Act, 1885 (VIII of 1885), Maulvi

Malda.

Khawaja Abdul Fattah, Sub-Deputy Collector, is authorized to discharge the functions of a Revenue Officer under the provisions of that Act, so far as they relate to Revenue Officers, for the purposes of a survey and the preparation of a record-of-rights in the district of Malda.

He is also vested with the powers of an Assistant Settlement Officer under rule 41, chapter VI of the rules under the Bengal Tenancy Act.

No. 2079 L.R.—The 2nd February 1915.—In exercise of the powers conferred by section 101 (2) (d) of the Bengal Tenancy Act, (VIII of 1885), the Governor in Council is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands included within the boundaries of the Government estate Baruitalgachi, bearing tauzi No. 487 on the revenue roll of the district of Malda.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

- (a) the name of each tenant or occupant;
- (b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
- (c) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;
- (d) the name of each tenant's landlord;
- (e) the rent payable at the time the record-of-rights is being prepared;
- (f) the mode in which that rent has been fixed, whether by contract, by order of a Court or otherwise;
- (g) if the rent is a gradually increasing rent, the time at which and the steps by which it increases;
- (h) the special conditions and incidents, if any, of the tenancy;
- (i) any right of way or other easement attaching to any land for which the record-of-rights is being prepared;
- (j) if the land is claimed to be held rent-free, whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority.

No. 2080 L.A.—The 22nd February 1915.—The following draft of a rule which is in force in the Presidency and Burdwan Divisions and which it is proposed to bring into force, under section 55 of the Land Acquisition Act, 1894 (I of 1894), in the Dacca, Rajshahi and Chittagong Divisions, in supersession of rule 1 published with Notification No. 291 R., dated the 24th April 1895, is hereby published for general information

II. The draft rule will be taken into consideration on or after the 24th March 1915, and any suggestions or objections with regard thereto which are received by the undersigned before that date will be duly considered.

Draft Rule

1. When any revenue-paying land is acquired under the Land Acquisition Act, 1894 (I of 1894), the proprietor shall, except as provided in rule 6, be relieved of the liability to pay revenue to the extent of the Government demand upon the said land; and such relief shall have effect in the manner hereinafter described:—

- (a) in estates in which the instalments of revenue as laid down in the settlement papers are known, it shall take effect from the end of the month immediately preceding that in which possession of the land is taken; and
- (b) in estates in which the instalments of revenue are not known, it shall take effect from the "latest day of payment" of revenue (as determined by the Board of Revenue under section 3 of Act XI of 1859) immediately preceding the date on which possession is taken.

No. 2097 L.A.—The 22nd February 1915.—Babu Nripendra Chandra Bose.

Pabna.

Deputy Collector, is vested with the powers of a Collector, under the Land Acquisition Act, I of 1894, in the Seraganj subdivision of the Pabna district.

No. 2099 L.R.—The 22nd February 1915.—In exercise of the powers

Faridpur.

conferred by section 103B, sub-section (3) of the Bengal Tenancy Act, 1885 (VIII of 1885), and in continuation of Notification No. 1780 L.R. dated the 26th August 1913, declaring the final publication of the records of all villages of thana Pangsa, district Faridpur, the Governor in Council is pleased to declare that a record-of-rights has been finally published under section 103A, sub-section (2) of the said Act, for every village included in the remaining thanas of the district noted below except villages which have been either (1) transferred to these thanas by changes occurring since January 1910 in the main stream of the Ganges or Padma which forms the boundary between Faridpur and Dacca, or (2) transferred from Jessore and Khulna by Notification No. 2275 L.R., dated the 18th November 1913, or (3) reformed from the river subsequent to January 1910, or (4) entirely diluviated since January 1913.—

No. 2105 L.R.—The 22nd February 1915.—In exercise of the power conferred by section 4 of the Bengal Survey Act, 1875 (Act V of 1875), the Governor in Council is pleased to appoint Babu Praphulla Chandra Das Gupta, Deputy Collector, Alipore, to be an Assistant Superintendent of Survey for the purpose of carrying out the survey of the lands situated within—

- (1) Cossipore-Chitpore Municipality, ordered in Notification No 444M, dated the 17th February 1913
- (2) The added area of the Calcutta Municipality ordered in Notification No. 1048M, dated the 17th March 1914

No 2152 L.R.—The 23rd February 1915—Whereas in pursuance of section 13 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882), the Board of Revenue have submitted, for the consideration of the Governor in Council, a report by the Collector of the Hooghly district, under section 11 of that Act, recommending that the irrigation sluice at Penio in the seventh mile of the Madaria khal left embankment should be remodelled at an estimated cost of Rs 1,230, in accordance with the plans prepared by the Executive Engineer of the Northern Drainage and Embankment Division, and approved by the Superintending Engineer, South-Western Circle.

Now, therefore, the Governor in Council, having considered the said report and the Board's recommendation, is pleased, under section 14 of the said Act, to order that the said sluice shall be remodelled at the said estimated cost and in accordance with the said plans.

No 2155 L.R.—The 23rd February 1915.—Whereas in pursuance of section 13 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882), the Board of Revenue have submitted, for the consideration of the Governor in Council a report by the Collector of the Hooghly district, under section 11 of that Act, recommending the remodelling of the Curnpur sluice in the 9th mile of the Madaria khal left embankment and the construction of a drainage pipe sluice at Manikera in the 7th mile of the Madaria khal left embankment at an estimated cost of Rs. 1,225 and Rs 606, respectively, in accordance with plans prepared by the Executive Engineer, Northern Drainage and Embankment Division, and approved by the Superintending Engineer, South-Western Circle.

Now, therefore, the Governor in Council, having considered the said report and the Board's recommendation, is pleased, under section 14 of the said Act, to order the said works to be executed at the said estimated cost and in accordance with the said plans.

No. 2161 L.A.—The 23rd February 1915.—In exercise of the power conferred by section 48 (1) of the Land Acquisition Act, I of 1894, the Governor in Council is pleased to withdraw from the acquisition of a block of land measuring, more or less, 57 bighas, 19 cottahs and 8 chitaks of standard measurement, which was required for the extension of the Rajshahi College compound in the village of Dorgapara, zilla Rajshahi, and was included in the area notified for acquisition under Declaration No. 7729 L.A., dated the 10th August 1914, published at page 1545, Part I of the *Calcutta Gazette* of the 12th idem. The block in question, excluded from acquisition, is bounded as follows:—

Rajshahi.

North—By Nator road
East—By Hosseinganj road
South—By Dorgapara Bund road.
West—By Khadanchi Babu's Ghat road.

J. H. KERR,
Secy to the Govt of Bengal

No. 612Com.—The 22nd February 1915 —The following notification, issued by the Government of India, Department of Commerce and Industry, is republished for general information.

H. I. STEPHENSON,
Secy to the Govt. of Bengal.

No 706-39, dated Delhi, the 30th January 1915.

NOTIFICATION—By the Government of India, Department of
Commerce and Industry

IN suppression of the Home Department Notification No. 3291-(Public), dated the 7th December 1903, and this Department Notification No. 370-39, dated the 13th January 1912, and in exercise of the powers conferred by sections 17 and 6 of the Indian Explosives Act, 1884 (IV of 1884) :—

I The Governor-General in Council is pleased hereby to declare that acetylene, when liquid or when subject to a pressure above that of the atmosphere capable of supporting a column of water exceeding two hundred and fifty inches in height, and whether or not in admixture with other substances, or when in admixture with atmospheric air or with oxygen gas in whatever proportion and at whatever pressure, and whether or not in admixture with other substances, shall be deemed to be an explosive within the meaning of the said Act, subject to the following exception that if it be shown to the satisfaction of the Governor-General in Council that acetylene declared to be an explosive by this Notification when in admixture with any substance or in any form or condition, is not possessed of explosive properties, the Governor-General in Council may, by order, exempt such acetylene from being deemed to be an explosive within the meaning of the said Act :

Provided that nothing in this Notification shall apply to acetylene in admixture with air when such admixture takes place only in a burner or contrivance in which the mixture is intended to be burnt :

Provided also, that nothing in this Notification shall be held to apply to an admixture of acetylene and air which may unavoidably occur in the first use or recharging of an apparatus, properly designed and constructed with a view to the production of pure acetylene :

Provided also, that, subject to the conditions hereinafter specified, acetylene, when in admixture with oil-gas (that is to say, a gas manufactured from mineral oil), shall not be deemed to be an explosive within the meaning of the said Act, when under compression—

- (1) The acetylene shall be generated only by the Atkins Dry Process.
- (2) The proportion of acetylene shall not exceed fifty parts by volume in every one hundred parts of the mixture of acetylene and oil-gas.
- (3) The acetylene and oil-gas shall be mixed together in a chamber or vessel before the gases are subjected to compression.
- (4) The mixture shall not be compressed to a pressure exceeding one hundred and fifty pounds per square inch

Provided also that, subject to the conditions hereinafter specified, acetylene, when contained in a homogeneous porous substance, with or without acetone, shall not be deemed to be an explosive within the meaning of the said Act—

- (1) The pressure shall not exceed one hundred and fifty pounds to the square inch.
- (2) The porous substance shall fill, as completely as possible, the cylinder or other vessel into which the acetylene is compressed, and the porosity of the substance shall not exceed eighty per cent
- (3) Every cylinder or other vessel into which acetylene is to be compressed shall be thoroughly tested to a pressure of not less than double that to which the vessel is to be subjected in use, and shall be fitted with a fusible plug designed to act at or below a temperature of 212°F.
- (4) Every cylinder or vessel in which acetylene is compressed shall be permanently and conspicuously marked with the name of the manufacturer and the words—"Acetylene compressed into porous substance exempted by Government of India, Department of Commerce and Industry, Notification No. 706-39, dated the 30th January 1915", and shall bear a label giving the date when it was last filled together with the name and address of the filler.
- (5) When acetone is used for absorbing the acetylene, due precaution shall be taken that the quantity of acetone is such that when fully charged with acetylene it does not completely fill the porosity of the porous substance.

When the operation of compressing the acetylene is carried out in British India:—

- (6) The apparatus by means of which the acetylene is compressed into a porous substance shall be fitted with a safety valve designed to act at a pressure of 200 lbs. per square inch, and shall be surrounded by rope mantlets in such a manner as efficiently to protect the operators.

II. The Governor-General in Council is pleased to prohibit absolutely the manufacture, possession and importation of such acetylene as is declared by paragraph I of this Notification to be an explosive.

No. 802Com.—The 23rd February 1915.—In exercise of the power conferred by section 26 of the Provident Insurance Societies Act, 1912 (V of 1912), the Governor in Council is pleased to exempt the Check Office Telegraph Mutual Relief Fund Association from all the provisions of the said Act.

H. L. STEPHENSON,

Secy. to the Govt. of Bengal.

POLITICAL DEPARTMENT.

POLICE.

NOTIFICATIONS.

No. 2172P.—The 17th February 1915.—Mr. William Cook is appointed substantively *pro tempore* to be Superintendent of the Reserve Force of the Calcutta Police, with effect from the 1st January 1915.

No. 2380P.—The 23rd February 1915.—In exercise of the powers conferred by clause (d) of section 20 (2) of the Criminal Tribes Act, 1911 (III of 1911), the Governor in Council is pleased to make the following additions to and alteration in rule 4 of the rules published under Notification No. 111P., dated the 6th January 1913:—

(i) *Substitute* for sub-rule (4):—

(4) In like manner every such member who intends to absent himself from his residence for one or more nights shall, if he intends to travel temporarily within the local limits of some other police-station or stations, notify, at least three

days before his departure, the places to which he intends to proceed, and the probable dates of his arrival at and departure from such places, in the manner prescribed, in sub-rule (2) for notifying an intended change of residence.

On arrival at each of his destinations such member shall report himself at once to the village headman, or where there is no headman, to the village watchman, and in case he stays at such village for more than seven days, shall report himself immediately after the expiration of the seventh day to the officer in charge of the police-station within the local limits of which he may happen to be, and shall, so long as he remains within such local limits, continue to report himself at fixed intervals, as laid down in rule 4 (1), or notify his place of residence and any change or intended change of residence and any absence or intended absence from his residence to such officer as prescribed in this rule.

(ii) *Add* as sub-rule (5) —

(5) In like manner every such member who intends to absent himself from his residence for one or more nights shall, if he intends to travel temporarily within the local limits of the police-station in which he is then residing, notify such intention together with the places to which he intends to proceed and the probable dates of his arrival at and departure from such places, at least one day before his departure, to the officer in charge of the police-station.

On arrival at each of his destinations he shall report himself at once to the village headman, or where there is no headman, to the village watchman, and shall thereafter notify any further absence or intended absence or departure from the place where he is then residing to the officer in charge, village headman or watchman, as the case may be, in the manner prescribed in this sub-rule.

(iii) *Insert* the following as Note to rule 4. —

Note —For the purpose of this rule absence for a night means absence at any time between 5 P.M. and sunrise

IRRIGATION DEPARTMENT.

The 16th February 1915.

No. 1.—*Notification.*—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 58, dated the 17th February 1885, the Governor in Council intends to make for the lines of navigation known as the Eastern Canal Route and the Outer

Boat Routes, as defined in Notification No. 230, dated the 23rd July 1895, and for the navigable channels from Khulna in district Khulna to Magura in district Jessore, as defined in Notification No. 7, dated the 1st September 1914, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 1st April 1915, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

Offg. Secy to the Govt. of Bengal

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

The 23rd February 1915

No. 2—Notification.—In exercise of the power conferred by section 6 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882), the Governor in Council is pleased to declare that the provisions of clause (b) of section 76 of that Act shall take effect on and from the 1st April 1915 over the beds and channels of the Dainan Extension khal and the remaining portion of the khal known as the Dainan khal (three miles of which have already been declared under Notification No. 80, dated the 11th March 1901), as specified in the following table:—

DISTRICT	Name of khal	FROM—		TO—		Approximate length	
		Village	Pargana.	Village	Pargana		
Midnapore	Dainan extension khal	Raksha ...	Mandalghat	Sahapur	Mandalghat	M	1,760
Ditto	Dainan khal ..	Madurgechi	Ditto ..	Baradabar ...	Ditto	1	2,660

F A A COWLEY,

Offg Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 22nd February 1915.

No. 18 Marine.—The following draft of a Notification which the Governor in Council intends to issue under sub-section (1) of section 6 of the Indian Ports Act, 1908 (XV of 1908), is published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 26th March 1915, and any objections or suggestions with regard thereto which are received by the undersigned before that date will be duly considered.

Draft Notification.

In exercise of the power conferred by section 6, sub-section (1), clause (1) of the Indian Ports Act, 1908 (XV of 1908), the Governor in Council is pleased to make the following rule to regulate the use of search-lights by

sea-going vessels in the ports of Calcutta and Chittagong and in the navigable channels of the rivers Hooghly and Karnafull leading to the said ports, in which that Act is in force, in order to ensure the safety of the shipping:—

“The use of search-lights on board any sea-going vessel of the burden of 200 tons or upwards whilst in the ports of Calcutta and Chittagong or in any of the navigable channels of the rivers Hooghly and Karnafull leading to the said ports, to which the Indian Ports Act, 1908, applies, is strictly prohibited, save and except under special circumstances and under the special orders of the Pilot, the Harbour Master, or such other Port official as may be duly empowered to pass such orders.”

F. A. A. COWLEY,
Offg. Secy. to the Govt. of Bengal

The 22nd February 1915.

No. 19 Marine.—Mr J. Hudson, Acting Branch Pilot, is granted privilege leave for one month, under article 676(a) of the Civil Service Regulations, with effect from the 1st March 1915, or such subsequent date as he may avail himself of it.

F. A. A. COWLEY,
Offg. Secy to the Govt. of Bengal.

The 22nd February 1915.

No. 20 Marine.—In exercise of the power conferred by clause (1) of rule 32 of the rules published under Notification No. 126 Marine, dated the 20th October 1914 (as amended by Notification No. 8 Marine, dated the 16th January 1915)—relating to the measures to be taken for the prevention of the spread of dangerous, infectious or contagious diseases, and the disposal of dead bodies, on vessels coming to, or leaving, ports in Bengal or for the time being in ports therein,—the Governor in Council is pleased to appoint the place outside the Karnafull river, that is, in 6½ fathoms with the Norman Pilot Light House East (true) at a distance of 1½ miles, as the special anchorage in the port of Chittagong in the case of vessels which have, within a period of two months preceding their arrival, started from or touched *en route* at a port infected with yellow fever or communicated (except orally without contact or by signal) with a vessel either infected, or which has left a port infected, with yellow fever within that period.

F. A. A. COWLEY,
Offg. Secy. to the Govt. of Bengal.

The 23rd February 1915

No. 21 Marine—It is hereby notified that, under the provisions of section 6 of the Calcutta Port Act, 1890, Mr E. C. Emerson of the firm of Messrs. Francis Harrison Hathaway & Co. has been elected by the Calcutta Trades Association to be a Commissioner for the Port of Calcutta in place of Mr. William Smith whose term of office expires on the 23rd February 1915.

NOTIFICATION

No 87P.W.—*The 18th February 1915*—It is hereby notified for general information that, under section 6 (c) of the Bengal Ferries Act, I of 1885, a new public ferry to be called the "Mahakalguri-Chikhguri road ferry" is established on the river Bakla, in thana Alipur Duar, in the district of Jalpaiguri.

It is also directed that the said ferry shall be managed by the District Board of Jalpaiguri, and that all the proceeds of the ferry and all the fines levied and the compensation received under the said Act in respect thereof shall be paid into the District Fund with effect from the date of this Notification.

N BONHAM-CARTER, *Commissioner*

COMMR.'S OFFICE, RAJSHAHI DIVISION JALPAIGURI, *the 18th February 1915*

NOTIFICATION

The 16th February 1915—The following draft of by-laws, which have been framed by the District Board of Mymensingh, under section 139 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), and which the Commissioner of the Dacca Division proposes to confirm under clause (2) of the said section, is published for the information of persons likely to be affected thereby.

2 The draft will be taken into consideration on the 25th March 1915, and any objection or suggestion received by the undersigned through the Magistrate before that date will be duly considered.—

DRAFT BY-LAWS.

Definitions.

1. In these by-laws, unless there is anything repugnant in the subject or context,—

(1) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

- (2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, khal or other channel, so set apart, and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well" or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition and
- (3) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and
- (4) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—
- (a) a village road,
 - (b) the slope, berm, borrow-pits and side-drains of a road: and
 - (c) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road

2. (1) No person shall encroach on any part of a road by cultivating crops thereon

(2) No person shall, on any road,—

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

- (a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer, make or cause any encroachment, or
- (b) obstruct traffic,
- (c) cause any inconvenience to passengers, or
- (d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice

5. (1) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(3) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

Damage to fences, posts, soil, turf or grass on road

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such a manner as he may prescribe

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

8 No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable

9 (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

10 The owner or occupier of any tank, well or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board or (in emergent cases pending application to such Chairman) of the District Engineer

12 No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

13 No person shall allow the water of any privy, or any matter offensive or deleterious to health to flow on any road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice

15 No person shall cure hides on or near any road

16. No person shall slaughter any animal, or clean any carcasses, or collect bones, on or near any road.

17 No person shall place or burn any corpse or the dead body of any animal on or near any road

18 No person shall steep any jute, hemp, bamboos, hides or other offensive matter in any drain, borrow-pit or excavation at the side of any road.

19. No person shall fly kite on or over any road.

20 (1) Any person driving a vehicle along a road and meeting another vehicle shall keep on the left or near side of the road, so as to allow sufficient room for the other vehicle to pass.

(2) No person driving a vehicle along a road and overtaking another vehicle shall attempt to pass the latter vehicle otherwise than on the right or off side of the road.

21. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road.

Freedom of roads

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

Care of animals on road

driver.

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

23. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road, must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Elephants and camels on road to have bell

Taking elephant over road, embankment, bridge or culvert

24. No person driving or in charge of an elephant shall—

(a) cause material injury to a road, or to an embankment vested in the District Board or a Local Board by taking the elephant over the same; or

(b) take the elephant over a bridge or culvert vested in the District Board or a Local Board unless the same is constructed of arched masonry.

25. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

Removal of elephants or camels from road to admit passage of horses

Care of vehicles on road

26. (1) No person shall drive or have in his charge on any road more than one vehicle at a time

(2) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road

(3) No person shall leave a vehicle standing on a road for any longer time than is necessary for loading or unloading it

(4) No person shall drive upon a road any vehicle laden with bamboos, planks or other materials of a similar character which exceed twelve feet in length and project beyond the vehicle, unless the vehicle be accompanied also by another person.

(5) All owners and drivers of vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road

(6) If any vehicle breaks down on a road, the driver shall remove it to the edge of the road without delay, and shall, within a reasonable time, remove from the road all materials (if any) which have fallen from the vehicle, and shall place the vehicle in such a position that it will not obstruct traffic.

(7) No person shall lead or drive any vehicle up or down the slopes of any road, except at crossings fixed by the District Board.

27. No person shall carry bamboos or *bullahs* on a cart on any road in such a manner as to scrape the road, or to cause injury or annoyance, or risk of injury, to travellers thereon.

Carrying bamboos or *bullahs* on cart on road

28. After the first day of January 1915, no bullock-cart shall travel on any road, unless the iron tyres of the wheels, or (in the case of carts not having iron tyres) the wooden rims of the wheels, are two inches or more in width:

Width of tyres

Provided that this by-law shall not apply to carts owned by residents of other districts which do not ordinarily ply within the Mymensingh district but merely pass through that district.

Separate tracks for cart traffic and carriage traffic

reserved for carriages.

29. Where separate tracks on roads have been set apart for carts and carriages, respectively, no cart shall be permitted to pass over the portion

Transport of heavy machinery over bridge

30. No person shall transport heavy machinery over a timber bridge so as to injure the bridge.

Lighting of vehicles on road

31. Every carriage, including a spring *ekka* (tum-tum), drawn by a horse or horses, every waggon drawn by any other animals or propelled by motive power, and every motor-car shall carry two conspicuous lights, one on either side, and every two-wheeled cart and springless (country) *ekka* and every bicycle, tricycle and multicycle shall carry one conspicuous light, when travelling on a road between dusk and dawn, except on clear moonlight nights.

Care of children on roads

32. No parent, or other person for the time being in charge, of any child under five years of age shall allow such child to stray on any road so as to cause obstruction or risk of obstruction to traffic.

Nuisance on roads

33. No person shall commit a nuisance on any road

Trees.

Damage to trees

34. No person shall destroy or damage, or cause to be destroyed or damaged,—

(a) any tree planted by, or under the charge of the District Board or any Local Board, or

(b) any gabion or other defensive enclosure erected for the protection of any such tree

Tapping, or taking fruit from trees on road

35. No person shall tap any date or palm tree, or remove fruit from any tree planted by, or under the control of, the District Board or any Local Board without a lease or written permission previously obtained from the Chairman of the District Board or Local Board.

Fires

Lighting of fires

36. No person shall light a fire in any unenclosed place within ten yards of any wooden bridge vested in the District Board or within fifty yards of any Inspection Bungalow vested in the District Board or a Local Board.

Water-supply reserved for drinking and culinary purposes.

Taking of water

37. No person shall take water from a reserved tank or well, except for drinking or culinary purposes, save with the express permission of the District Board or a Local Board.

Bathing or washing

38. No person shall—

(a) bathe or wash any portion of his own body or the body of any other person, or

(b) wash clothes, or

(c) wash any cattle or other animal, or

(d) allow any of his ducks, geese or other birds to enter the water in any reserved tank or well, or upon any of the banks, slopes, or sides of any reserved tank or well.

Fouling of water

39. No person shall—

(a) commit any nuisance in or on the banks or slopes or sides of any reserved tank or well, or

(b) throw any filthy substance thereinto, or

(c) in any way pollute the water thereof, or

(d) allow the water of any sink, sewer, cess-pool or privy, or any offensive matter belonging to him or being on his land, to flow thereinto.

Explanation.—Steeping jute or bamboos in a reserved tank amounts to an offence against this bye-law.

40. No person shall cut sods or grass, or remove earth or grass from, or otherwise damage, the sides, or slopes of any reserved tank, without the express permission of the District Board or a Local Board.

Removal of earth or grass from sides or slopes

41. No person shall allow any trees, bamboos or other vegetation growing on land in his occupation to overhang any reserved tank or well so as to foul the water thereof, or shall fail to cut or remove the same after reasonable notice in that behalf from the District Board or a Local Board

Overhanging trees or vegetation

42. No person shall cultivate the banks, sides or slopes of a reserved tank or well, except in such manner as may be approved by the District Board or a Local Board or a Union Committee

Cultivation on banks, sides or slopes of reserved tank or well

43. No person shall erect any hut or house upon the banks, sides or slopes of a reserved tank or well without the permission of the District Board or Local Board or a Union Committee

Building on banks, sides or slopes of reserved tank or well

44. No person shall construct dams, fix stakes, or place fishing nets or apparatus across, or in, any reserved tank or well, or in any part of a river, *khal* or other channel set apart under section 90 of the Bengal Local Self-Government Act of 1885 for the supply of water for drinking and culinary purposes

Dams, stakes and fishing apparatus

45. No person shall catch or attempt to catch fish in a reserved tank or well without the permission of the District Board or a Local Board or a Union Committee.

Fishing

Penalties.

46 (1) A breach of any of the bye-laws mentioned in column 1 of the following table shall be punished with the fine, which may extend to the sum mentioned opposite thereto in column 2 of that table

1	2
By-laws	Maximum fine
12, 19, 23, 26 (6), 27, 29, 33	Rs 5.
3, 5(3), 11, 13, 26 (3), (4), (5) and (7), 28, 32, 44	„ 10

J. G. CUMMING,

Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

Simla, the 17th February 1915.

No 1806—The following Order of His Majesty in Council is published for general information —

AT THE COURT AT BUCKINGHAM PALACE.

The 19th day of December 1913.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY.

LORD PRESIDENT

LORD WELBY.

EARL BEAUCHAMP.

LORD JUSTICE PHILLIMORE.

VISCOUNT KNOLLYS

MR. ROBERT MUNRO.

WHEREAS by treaty, grant, usage, sufferance, or other lawful means, His Majesty the King has power and jurisdiction in Abyssinia :

NOW, THEREFORE, His Majesty, by virtue and in exercise of the powers by the Foreign Jurisdiction Act, 1890, or otherwise in His Majesty vested, is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows:—

PART I.—PRELIMINARY AND GENERAL.

1. This Order is divided into parts as follows:—

Parts.	Subject	Articles.
I	Preliminary and General	1—8
II	Constitution and Powers of Courts	9—26
III	Criminal Matters	27—79
IV	Civil Matters	80—104
V	Procedure, Civil and Criminal	105—122
VI	Procedure on Appeal to His Majesty in Council	123
VII	Native and Foreign Subjects and Tribunals	124—130
VII	Registration	131—150
IX	Miscellaneous	151—167

2. The limits of this Order are the dominions of the Emperor of Abyssinia.

3. In the construction of this Order, the following words and expressions have the meanings hereby assigned to them, unless there be something in the subject or context repugnant thereto, that is to say:—

“Administration” means letters of administration, including the same with will annexed or granted for special or limited purpose or limited in duration.

“British subject” includes a British protected person.

“Consul-General” means His Majesty’s Envoy Extraordinary and Minister Plenipotentiary and Consul-General in Abyssinia, or the person for the time being acting as such with the authority or approval of the Secretary of State.

“Consular officer” means a Consul-General, Consul, Vice-Consul, Consular Agent, or pro-Consul of His Majesty resident in Abyssinia, including a person acting temporarily, with the approval of the Secretary of State, as or for a Consul-General, Consul, Vice-Consul, or Consular Agent of His Majesty so resident.

“Consulate” and “Consular office” refer to the Consulate and office of a Consular officer.

“The Court,” except when the reference is to a particular Court, means any Court established under this Order, subject, however, to the provisions of this Order with respect to powers and local jurisdictions.

“Foreigner” means a subject or citizen of State in amity with His Majesty, other than Abyssinia.

“Legal practitioner” includes barrister-at-law, advocate, solicitor, writer to the Signet, and any person possessing similar qualifications.

“Month” means calendar month.

“Native” means a subject of the Emperor of Abyssinia.

“Oath” and “affidavit,” in the case of persons for the time being allowed by law to affirm or declare, instead of swearing, include affirmation and declaration, and the expression “swear,” in the like case, includes affirm and declare.

“Offence” includes crime, and any act or omission punishable criminally in a summary way or otherwise.

“Office copy” means a copy made under the direction of the Court, or produced to the proper officer of the Court for examination with the original, and examined by him and sealed with the seal of the Court.

“Person” includes Corporation.

“Pounds” means pounds sterling.

“Prescribed” means prescribed by Rules of Court.

“Prosecutor” means complainant or any person appointed or allowed by the Court to prosecute.

"Proved" means shown by evidence on oath, in the form of affidavit, or other form, to the satisfaction of the Court or Consular officer acting or having jurisdiction in the matter, and "proof" means the evidence adduced in that behalf.

"Rules of Court" means rules of Court made under the provisions of this Order.

"Secretary of State" means one of His Majesty's Principal Secretaries of State.

"The Treasury" means the Commissioners of His Majesty's Treasury.

"Treaty" includes any Capitulations, Convention, Agreement, or Arrangement, made by or on behalf of His Majesty with any State or Government, King, Chief, people, or tribe whether His Majesty the Emperor of Abyssinia is or is not a party thereto.

"Will" means will, codicil, or other testamentary instrument.

Expressions used in any rules, regulations, or orders made under this Order shall, unless a contrary intention appears, have the same respective meanings as in this Order.

4. (1) Words importing the plural or the singular may be construed as referring to one person or thing or to more than one person or thing, and words importing the masculine as referring to the feminine (as the case may require).

(2) Where this Order confers any power or imposes any duty, then, unless a contrary intention appears, the power may be exercised and the duty shall be performed from time to time as occasion requires.

(3) Where this Order confers any power or imposes a duty on, or with respect to, a holder of an office as such, then, unless a contrary intention appears, the power may be exercised and the duty shall be performed by, or with respect to, the holder for the time being of the office or the person temporarily acting for the holder.

(4) Where this Order confers a power to make any rules, regulations, or orders, the power shall, unless a contrary intention appears, be construed as including a power exercisable in the like manner and subject to the like consent and conditions, if any, to rescind, revoke, vary, or amend the rules, regulations, or orders.

(5) This Article shall apply to the construction of any rules, regulations, or orders made under this Order, unless a contrary intention appears.

(6) Where this Order refers to any specified Act or Acts of Parliament, such reference shall, unless a contrary intention appears, be deemed to include any Act or Acts amending or substituted for the same.

5. The jurisdiction conferred by this Order extends to the persons and matters following, in so far as by Treaty, grant, usage, sufferance, or other lawful means, His Majesty has jurisdiction in relation to such matters and things, that is to say:—

- (i) British subjects, as herein defined, within the limits of this Order.
- (ii) The property and all personal or proprietary rights and liabilities within the said limits of British subjects, whether such subjects are within the said limits or not.
- (iii) Natives and foreigners in the cases and according to the conditions specified in this Order, and not otherwise.
- (iv) Foreigners with respect to whom any State, King, Chief, or Government whose subjects, or under whose protection they are, has by any Treaty as herein defined or otherwise agreed with His Majesty for, or consents to, the exercise of power or authority by His Majesty.

6. All His Majesty's jurisdiction exercisable in Abyssinia for the hearing and determination of criminal or civil matters, or for the maintenance of order, or for the administration or control of property or persons, or in relation thereto, shall be exercised under and according to the provisions of this Order, and not otherwise.

7. Crimes, offences, wrongs, breaches of contract against or affecting the person, property, or rights of natives or foreigners as herein defined, committed by persons subject to this Order, are punishable or otherwise cognisable under the provisions of this Order, with the consent of such natives or foreigners in the same manner as if the same were committed against or affected the person, property, or rights of British subjects.

8. If a question arises whether any place is or is not within the limits of this Order, such question shall be referred to the Consul-General, and a certificate under his hand and seal shall be conclusive on the question, and judicial notice shall be taken thereof.

PART II.—CONSTITUTION AND POWERS OF COURTS.

9. The Consul-General shall at such place or places as the Secretary of State directs hold a Court, in this Order called the Court of the Consul-General, for the purposes of his appellate and other jurisdiction under this Order.

10. (1) Provincial Courts shall be held by Consular officers at such places in Abyssinia as may from time to time be appointed under this Order.

(2) The Consul-General may, by order in writing with the previous or subsequent approval of the Secretary of State, appoint places at which Provincial Courts shall be held, and may assign the district in and for which each such Court shall act, and may designate the Consular officers who shall hold such Court.

(3) All orders made by the Consul-General under this Article shall be published as he may direct, and copies thereof shall be kept exhibited in a conspicuous place in each Consular office, and in each Court-House, and printed copies shall be sold at such reasonable price as the Consul-General directs.

11. The Court of the Consul-General shall have a seal, bearing the style of the Court, and such device as the Secretary of State approves.

12. In a Provincial Court the official seal of the Consular Officer holding the Court shall be used as the seal of the Court.

13. In any matter, civil or criminal, a Court within whose district (in civil matters) the matter of complaint wholly or in part arose or happened, or the subject in dispute is wholly or partly situate, or the contract in question was wholly or partly made, or the breach thereof wholly or partly occurred, or the defendant resides or carries on business, or (in criminal matters) the crime was wholly or partly committed, or the accused person happens to be, shall have jurisdiction, and may deal with the case, as if every material fact or thing had happened, or was situate, within its district; but any such Court, if, in its opinion, justice or convenience so requires, may decline or suspend the exercise of jurisdiction, and may, if it thinks necessary or just, require security from the defendant or accused person for his appearance before some other Court having jurisdiction in the matter, and for obedience to any judgment or order of such other Court, and further, in a criminal case, if necessary, may arrest and commit the accused person, and cause him to be removed under warrant and in custody, to be dealt with by such other court.

14. The Consul-General shall have in all matters, civil and criminal, an original jurisdiction concurrent with the jurisdiction of the several Provincial Courts, to be exercised subject and according to the provisions of this Order.

15. The Consul-General may, if and when he thinks fit, visit in a magisterial or judicial capacity, any place in Abyssinia, and there enquire of, or hear and determine, any case, civil or criminal.

16. (1) A Provincial Court may, of its own motion, or on the application of any person concerned, report to the Consul-General the pendency of any case, civil or criminal, which appears to the Provincial Court fit to be heard and determined by the Consul-General.

(2) The Consul-General shall thereupon direct in what mode and where the case shall be heard and determined, and the same shall be so heard and determined accordingly.

17. In any case pending, the Consul-General may, on the application of either party, order that the case be sent up to him, to be heard and determined by him, and the case shall be so heard and determined accordingly.

18. Every Court held under this Order shall, in the exercise of every part of its jurisdiction, be a Court of Record.

19. Each Court shall be auxiliary to every other Court in all particulars relative to the administration of justice, civil or criminal.

20. (1) The provisions of the Evidence Act, 1851, 14 and 15 Vict., cap. 99, sections 7 and 11, relating to the proof of judicial and other documents, shall extend and be applied for all purposes as if the Courts, districts, and places to which this Order applies were in a British Colony.

(2) The following Acts, namely :—

the Foreign Tribunals Evidence Act, 1856,
the Evidence by Commission Act, 1859,
the Evidence by Commission Act, 1885,

or so much thereof as is for the time being in force, are hereby extended to all places and Courts to which this Order applies, with the adaptations following, namely :—

In the said Acts the Court of the Consul-General hereby substituted for a Supreme Court in a Colony.

(3) The following Acts, namely :—

the British Law Ascertainment Act, 1859,
the Foreign Law Ascertainment Act, 1861,

or so much thereof as is for the time being in force, are hereby extended to all places and Courts to which this Order applies, with the adaptation following, namely :—

In the said Acts the Court of the Consul-General is hereby substituted for a Superior Court in a Colony.

21. No proceeding under this Order shall be invalidated by any informality, mistake, or omission, so long as, in the opinion of any Court before which any question arises, the essential requisites of law and justice have been complied with

22. (1) Where, by virtue of this Order or otherwise, any Imperial Act, or any Law in force in India, or any Order in Council other than this Order or any Rules or Regulations thereunder is or are applicable in any place within the limits of this Order, such Act, Law, Order in Council, Rules, or Regulations, shall be deemed applicable so far only as the constitution and jurisdiction of the Courts acting under this Order and the local circumstances permit, and, for the purpose of facilitating the application of any such Act, Law, Order in Council, Rules or Regulations, it or they may be construed with such alterations and adaptations not affecting the substance as may be necessary, and anything by such Act, Law, Order in Council, Rules, or Regulations required to be done by or to any Court, Judge, officer, or authority may be done by or to a Court, Judge, officer, or authority having the like or analogous functions, or by or to any officer designated by the Court for that purpose, and the seal of the Court may be substituted for any seal required by any such Act, Law, Order in Council Rules or Regulations; and in case any difficulty occurs in the application of any such Act, Law, Order in Council, Rules or Regulations, it shall be lawful for the Secretary of State to direct by and to whom, and in what manner, anything to be done thereunder is to be done, and such Act, Law, Order in Council, Rules, or Regulations shall, in its or their application to matters arising within the limits of this Order, be construed accordingly.

(2) Where under any such Imperial Act Law, Order in Council, Rules or Regulations any publication is required to be made as respects any judicial proceeding in any *Gazette* or otherwise, such publication shall in Abyssinia be made in such newspaper or by such other mode as the Court shall think fit to direct.

Assessors.

23. An Assessor shall be a competent and impartial British subject or foreigner of good repute, resident in the district of the particular Court, and nominated and summoned by the Court for the purpose of acting as Assessor, provided that no foreigner shall be nominated or summoned to act as Assessor if a suitable British subject is available, and provided also that the validity of any proceedings in which a foreigner has acted as Assessor shall not be questioned on the ground that there was a suitable British subject available to act as Assessor

24. There shall ordinarily be not fewer than two, and not more than four, Assessors. Where, however, by reason of local circumstances, the Court is able to obtain the presence of one Assessor only, the Court may, if it thinks fit, sit with one Assessor only; and where, for like reasons, the Court is not able to obtain the presence of any Assessor, the Court may, if it thinks fit, sit without an Assessor—the Court, in every case, recording

in the Minutes its reasons for sitting with one Assessor only or without an Assessor.

25. An Assessor shall not have any voice in the decision of the Court in any case, civil or criminal; but an Assessor dissenting, in a civil case, from any decision of the Court, or, in a criminal case, from any decision of the Court or the conviction or the amount of punishment awarded, may record in the Minutes his dissent, and the grounds thereof, and shall be entitled to receive, without payment, a certified copy of the Minutes.

26. Any British subject failing to attend as Assessor, on being summoned, shall be deemed guilty of a contempt of Court, and shall be liable to a fine not exceeding £10.

PART III.—CRIMINAL MATTERS.

27. Except as regards offences against any Treaties between His Majesty the King and Abyssinia, or against any Rules and Regulations for the observance thereof, or for the maintenance of order among British subjects in Abyssinia, made by or under the authority of His Majesty or against any of the provisions of this Order—

Any act done by a British subject in Abyssinia that would not by a Court of Justice having criminal jurisdiction in British India be deemed a crime or offence making the person doing the act amenable to punishment in British India, shall not, in the exercise of criminal jurisdiction under this Order, be deemed a crime or offence making the person doing the act amenable to punishment.

28. Subject to the provisions of this Order, criminal jurisdiction under this Order shall, so far as circumstances admit, be exercised on the principles of, and in conformity with, the law in force in British India for the time being, and with the powers vested in the Courts of Justice and the Magistrate therein, according to their respective jurisdiction and authority.

29. In cases of murder or manslaughter, if either the death, or the criminal act which wholly or partly caused the death, happened within the jurisdiction of a Court acting under this Order, such Court shall have the like jurisdiction over any person to whom this Order applies who is charged either as the principal offender, or as accessory before the fact to murder or as accessory after the fact to murder or manslaughter, as if both such criminal act and the death had happened within such jurisdiction.

30. Every Court may cause to be apprehended and brought before it any British subject being within the district of the Court and charged with having committed a crime or offence within Abyssinia, and deal with the accused according to the jurisdiction of the Court and in conformity with the provisions of this Order.

31. For the purposes of criminal jurisdiction, every offence and cause of complaint committed or arising in Abyssinia shall be deemed to have been committed or to have arisen, either in the place where the same actually was committed or arose, or in any place in Abyssinia where the person charged or complained of happens to be at the time of the institution or commencement of the charge or complaint.

32. (1) Where a British subject charged with a crime or offence escapes or removes from the Consular district within which the crime or offence was committed, and is found within another Consular district, the Court within whose district he is found may proceed in the case to preliminary examination or to trial and punishment (as the case may require), in like manner as if the crime or offence had been committed in its own district; or may, on the requisition or with the consent of the Court within whose district the crime or offence was committed, send him in custody to that Court, or require him to give security for his surrender to that Court, there to answer the charge and to be dealt with according to law.

(2) Where any person is to be so sent in custody, a warrant shall be issued by the Court within whose district he is found, and that warrant shall be sufficient authority to any person to whom it is directed to receive and detain the person therein named, and to carry him to and deliver him up to the Court within whose district the crime or offence was committed, according to the warrant.

Apprehension and Custody of Accused Persons.

33. (1) Where a person accused of an offence is arrested on a warrant issuing out of any Court, he shall be brought before the Court within forty-

eight hours after the execution of the warrant, unless in any case circumstances unavoidably prevent his being brought before the Court within that time, which circumstances shall be recorded in the Minutes.

(2) In every case he shall be brought before the Court as soon as circumstances reasonably admit, and the time and circumstances shall be recorded in the Minutes.

34. (1) Where an accused person is in custody, he shall not be remanded at any time for more than seven days, unless circumstances appear to the Court to make it necessary or proper that he should be remanded for a longer time, which circumstances, and the time of remand, shall be recorded in the Minutes.

(2) In no case shall a remand be for more than fourteen days at one time unless in case of illness of the accused or other case of necessity.

35. Where any person is charged with any offence, and the trial thereof will take place before any Abyssinian Tribunal, or where any person has been sentenced to imprisonment by any Abyssinian Tribunal, the Court may, either by separate warrant or by endorsement on the warrant of the Abyssinian Tribunal, cause such person to be detained in custody either pending his trial or while he is serving his sentence, as the case may be.

36. (1) The Court may, in its discretion, admit to bail a person accused of any of the following offences, namely —

Any felony.

Riot.

Assault on any officer in the execution of his duty, or on any person acting in his aid.

Neglect or breach of duty by an officer.

But a person accused of treason or murder shall not be admitted to bail except by, or under the direction of, the Court of the Consul-General.

(2) In all other cases the Court shall admit the accused to bail unless the Court, having regard to the circumstances, sees good reason to the contrary, which reason shall be recorded in the Minutes.

(3) The Court of the Consul-General may admit a person to bail, although a Provincial Court has not thought fit to do so.

(4) The accused who is to be admitted to bail either on remand or on or after trial ordered, shall produce such surety or sureties as, in the opinion of the Court, will be sufficient to insure his appearance as and when required, and shall with him or them enter into a recognizance accordingly.

37. (1) Where a person is charged with the commission of a crime or offence the cognizance whereof appertains to the Court, and it is expedient that the crime or offence be inquired of, tried, determined, and punished within His Majesty's dominions elsewhere than in England, the accused may (under the Foreign Jurisdiction Act, section 4) be sent for trial to Aden or Bombay.

(2) The Consul-General may, where it appears so expedient, by warrant under his hand and seal, cause the accused to be sent for trial to Aden or Bombay (as the case may require) accordingly.

(3) The warrant shall be sufficient authority to any person to whom it is directed to receive and detain the person therein named, and to carry him to and deliver him up to Aden or Bombay (as the case may be), according to the warrant.

(4) Where any person is to be so sent to Aden or Bombay, the Court before which he is charged shall take the preliminary examination, and shall bind over such of the proper witnesses as are British subjects in their own recognizances to appear and give evidence on the trial.

38. (1) All crimes which in British India are capital shall, subject to the provisions of this Order, be tried by the Consul-General, with an Assessor or Assessors.

(2) The Consul-General shall have an original jurisdiction to try all other crimes and offences. Where imprisonment for more than one year can be inflicted, the Consul-General shall, if practicable, try the case with an Assessor or Assessors.

39. (1) When the crime or offence with which a person is charged before a Provincial Court is any crime or offence other than assault endangering life, cutting, maiming, arson, or housebreaking, and appears to the Court to be such that, if proved, it would be adequately punished by imprisonment, with or without hard labour, for not more than three months,

or by a fine of not more than £20, the Court shall hear and determine the case by summary trial and without Assessors.

(2) In other cases the Court shall, subject to the provisions of this Order, hear and determine the case on a charge and with Assessors.

40. (1) Where the crime or offence with which an accused person is charged before a Provincial Court appears to the Court to be such that, if proved, it would not be adequately punished by such punishment as the Court has power to impose, and the accused is not to be sent for trial to a British possession, the Court shall reserve the case to be heard and determined by or under the direction of the Consul-General.

(2) The Court shall take the depositions, and forthwith send them with a minute of other evidence, if any, and a report on the case, to the Consul-General.

(3) The Consul-General shall direct in what mode and where, consistently with the provisions of this Order, the case shall be heard and determined, and the same shall be so heard and determined accordingly.

Summary Procedure.

41. Where the complaint discloses an offence which is not required to be heard on a charge and the Court does not think fit to direct it to be heard on a charge, the accused may be tried summarily on the complaint provided that no greater punishment shall be imposed than imprisonment with or without hard labour for three months, or a fine of £20, or both.

Preliminary Examination.

42. (1) Where the accused is before the Court, and it appears to the Court that the complaint discloses an offence—

(a) which ought to be tried in or reported to another Court; or

(b) which ought to be tried before the same Court with Assessors;

the Court shall forthwith so inform the accused, and proceed to make a preliminary examination in the prescribed manner.

(2) If after such preliminary examination the accused is ordered to be tried, the Court shall bind by recognizance the prosecutor and every witness to appear at the trial to prosecute, or to prosecute and give evidence or to give evidence (as the case may be).

43. (1) If a British subject, having appeared as prosecutor or witness at a preliminary examination, refuses to enter into a recognizance to appear at the trial to prosecute, or give evidence, the Court may send him to prison, there to remain until after the trial, unless in the meantime he enters into a recognizance.

(2) But if afterwards, from want of sufficient evidence or other cause, the accused is discharged, the Court shall order that the person imprisoned for so refusing be also discharged.

(3) Where the prosecutor or witness is not a British subject, the Court may require him either to enter into a recognizance or to give other security for his attendance at the trial, and, if he fails to do so, may in its discretion dismiss the charge.

44. (1) The charge upon which an accused person is tried shall state the offence charged, with such particulars as to the time and place of the alleged offence, and the person (if any) against whom or the thing (if any) in respect of which it was committed, as are reasonably sufficient to give the accused notice of the matter with which he is charged.

(2) The fact that a charge is made is equivalent to a statement that every condition required by law to constitute the offence charged was fulfilled in the particular case.

(3) Where the nature of the case is such that the particulars above-mentioned do not give such sufficient notice as aforesaid, the charge shall also contain such particulars of the manner in which the alleged offence was committed as will give such sufficient notice.

(4) For the purposes of the application of any Statute law, a charge framed under the provisions of this Order shall be deemed to be an indictment.

45. For every distinct offence of which any person is accused there shall be a separate charge and every such charge shall be tried separately, except in the cases following, that is to say :—

- (a) Where a person is accused of more offences than one of the same kind committed within the space of twelve months from the first to the last of such offences, he may be charged with, and tried at one trial for, any number of them not exceeding three.
- (b) If in one series of acts so connected together as to form the same transaction more offences than one are committed by the same person, he may be charged with, and tried at one trial for, every such offence.
- (c) If the acts alleged constitute an offence falling within two or more definitions or descriptions of offences in any law or laws, the accused may be charged with, and tried at one trial for, each of such offences.
- (d) If several acts constitute several offences, and also when combined a different offence, the accused may be charged with, and tried at one trial for, the offence constituted by such acts when combined, or one or more of the several offences, but in the latter case shall not be punished with more severe punishment than the Court which tries him could award for any one of those offences.
- (e) If a single act or series of acts is of such a nature that it is doubtful which of several offences the facts which can be proved will constitute, the accused may be charged with having committed all or any of such offences, and any number of such charges may be tried at once, or he may be charged in the alternative with having committed some one of the offences, and if it appears in evidence that he has committed a different offence for which he might have been charged, he may be convicted of that offence, although not charged with it.

46. When more persons than one are accused of the same offence or of different offences committed in the same transaction, or when one is accused of committing an offence and another of abetting or attempting to commit that offence, they may be charged and tried together or separately, as the Court thinks fit.

47 (1) Any Court, if sitting with Assessors, may alter any charge at any time before the opinions of the Assessors are expressed, if sitting without Assessors, at any time before judgment is pronounced.

(2) Every such alteration shall be read and explained to the accused.

(3) If the altered charge is such that proceeding with the trial immediately is likely, in the opinion of the Court, to prejudice the accused or the prosecutor, the Court may adjourn the trial for such period as may be necessary.

48 (1) No error or omission in stating either the offence or the particulars shall be regarded at any stage of the case as material, unless the accused was misled by such error or omission.

(2) When the facts alleged in certain particulars are proved and constitute an offence, and the remaining particulars are not proved, the accused may be convicted of the offence constituted by the facts proved, although not charged with it.

(3) When a person is charged with an offence and the evidence proves either the commission of a minor offence or an attempt to commit the offence charged, he may be convicted of the minor offence or of the attempt.

49. (1) If the accused has been previously convicted of any offence, and it is intended to prove such conviction for the purpose of affecting the punishment which the Court is competent to award, the fact, date, and place of the previous conviction shall be stated in the charge.

(2) If such statement is omitted, the Court may add it at any time before sentence is passed.

(3) The part of the charge stating the previous conviction shall not be read out in Court, nor shall the accused be asked whether he has been previously convicted, as alleged in the charge, unless and until he has either pleaded guilty to, or been convicted of, the subsequent offence.

(4) If he pleads guilty to, or is convicted of, the subsequent offence, he shall then be asked whether he has been previously convicted, as alleged in the charge.

(5) If he answers that he has been so previously convicted, the Court may proceed to pass sentence on him accordingly, but, if he denies that he has been so previously convicted, or refuses to, or does not, answer such question, the Court shall then enquire concerning such previous conviction.

Punishments.

50. The powers of the Courts with respect to punishments are limited as follows:—

(1) The Court of the Consul-General may award in respect of an offence any punishment which may in respect of a similar offence be awarded in British India: provided that (a) imprisonment shall be substituted for penal servitude; and (b) the Court of the Consul-General shall not award a fine exceeding £500; or in case of a continuing offence, in addition to imprisonment or fine, or both, a fine exceeding £1 for each day during which the offence continues after conviction.

(2) A Provincial Court may award imprisonment, not exceeding twelve months, and with or without a fine not exceeding £100; or a fine not exceeding £100, without imprisonment, or in case of a continuing offence, in addition to imprisonment or fine or both, a fine not exceeding 10s. for each day during which the offence continues after conviction. Provided that where a case has been reported to the Court of the Consul-General for directions, and the Court of the Consul-General has directed that the case shall be tried in the Provincial Court, the Provincial Court may award imprisonment not exceeding five years, or a fine not exceeding £20), but if the punishment awarded is imprisonment for more than twelve months, or a fine exceeding £100, the sentence shall be subject to confirmation by the Court of the Consul-General.

(3) But nothing in this Article shall be deemed to empower any Court to award for any offence any punishment not authorized by law in relation to that offence.

51. Where any act or omission is, by virtue of this Order, or of any regulation made under this Order, an offence against this Order, and no penalty or punishment is specified in respect thereof, such offence shall be punishable with imprisonment for not exceeding three months, or fine not exceeding £100, or both.

52. (1) When any person is sentenced to suffer the punishment of death the Consul-General shall forthwith send a report of the sentence, with a copy of the Minutes of proceedings and notes of evidence in the case and with any observations he thinks fit, to the Secretary of State.

(2) The sentence shall not be carried into execution without the direction of the Secretary of State in writing under his hand.

(3) The Secretary of State, if he does not direct that the sentence of death be carried into execution, shall direct what punishment in lieu of the punishment of death is to be inflicted on the person convicted, and the person convicted shall be punished accordingly.

53. (1) The Court may order a person convicted before it, by summary trial or on a charge, to pay all or any specified part of the expenses of his prosecution, or of his imprisonment or other punishment, or of both.

(2) Where it appears to the Court that a charge is malicious, or frivolous and vexatious the Court may order the prosecutor to pay all or any specified part of the expenses of the prosecution.

(3) In these respective cases the Court may order that the whole, or such portion as the Court thinks fit, of the expenses so paid be paid over to the prosecutor or to the accused (as the case may be).

(4) In all cases the reasons of the Court for making or refusing any such order shall be recorded in the Minutes.

54. (1) The Court may, if it thinks fit, order a person convicted before it, by summary trial or on a charge, of an assault, to pay to the person assaulted, by way of damages, a sum not exceeding £10.

(2) Damages so ordered to be paid may be either in addition to or in lieu of a penalty, and shall be recoverable in like manner as a penalty.

55. (1) The Consul-General may, if he thinks fit, by warrant under his hand and seal, cause an offender convicted before any Court, and sentenced to imprisonment, to be sent to and imprisoned at any place in Abyssinia approved for that purpose by the Secretary of State.

(2) The warrant shall be sufficient authority to any person to whom it is directed to receive and detain the person therein named, and to carry him to and deliver him up at the place named, according to the warrant.

56. (1) Where an offender convicted before any Court is sentenced to imprisonment, and it appears to the Consul-General expedient that the sentence be carried into effect within His Majesty's dominions, the offender may (under the Foreign Jurisdiction Act, section 7) be sent for imprisonment to Aden, Bombay, or Malta.

(2) The Consul-General may, by warrant under his hand and seal, cause the offender to be sent to Aden, Bombay or Malta (as the case may require), in order that the sentence may be there carried into effect accordingly.

(3) The warrant shall be sufficient authority to any person to whom it is directed to receive and detain the person therein named, and to carry him to and deliver him up at the place named, according to the warrant.

57. The Secretary of State may, either with or without a recommendation from the Court, mitigate or remit any punishment awarded by any Court.

58. Nothing in this Order shall be deemed to affect His Majesty's prerogative of pardon.

Inquests

59 (1) The Court shall have and discharge in relation to the deaths of British subjects within the district of the Court all the powers and duties vested in Magistrates authorized to hold inquests in British India.

(2) The jurisdiction of the Court under this Article shall be exercised subject to the following provisions —

- (a) Where a British subject is charged with causing the death, the Court may, without holding an inquest, proceed forthwith with the preliminary examination.
- (b) Where a British subject is not charged with causing the death, the Court shall hold an inquest, taking the depositions of those who know the facts.
- (c) If, during or after the inquest, a British subject is so charged, the depositions shall be read over in the presence of the witnesses and of the accused, who shall be entitled to cross-examine each witness, and the procedure shall be as in other cases of preliminary examination.
- (d) If, after the inquest, the Court does not see fit to cause any person to be charged, or if, at the conclusion of the preliminary examination, the accused is discharged, the Court shall certify its opinion of the cause of the death.
- (e) When the inquest is held by a Provincial Court, the certificate and the depositions shall be sent forthwith to the Court of the Consul-General, and that Court may give any directions which may seem proper in the circumstances.

Statutory and other Offences.

60 Any act, which, if done in the United Kingdom or in a British possession, would be an offence against any of the following Statutes of the Imperial Parliament, or Orders in Council, that is to say,—

- (a) The Merchandise Marks Act, 1887,
- (b) The Patents, Designs, and Trade Marks Acts, 1883 to 1907;
- (c) The Trade Marks Act, 1905;
- (d) any Statute amending or substituted for any of the above-mentioned Statutes,
- (e) any Act, Statute, or Order in Council for the time being in force relating to copyright or to inventions, designs, or trade-marks, of which a copy is kept exhibited in the public office of the Consulate at Adis Ababa, and is there open for inspection by any person at all reasonable times;

shall, if done by a British subject within the limits of this Order, be punishable as an offence against this Order, and a person convicted thereof shall be liable, on conviction, to the penalty provided by the Act or enactment in question, whether such act is done in relation to any property or right of a British subject, or of a foreigner or native, or otherwise howsoever:

Provided—

- (1) that no person shall be punished under this Order for an act which would be an offence against any Act, Statute, or Order in Council the exhibition of which is required by paragraph (e) above, unless such exhibition has commenced not less than one month before the act took place, or unless the person offending is proved to have had express notice of such Act, Statute, or Order in Council,
- (2) that a prosecution by or on behalf of a prosecutor who is not a British subject shall not be entertained unless either (a) an arrangement is in force between His Majesty's Government and the Government of the State or Power to which the prosecutor belongs, or (b) the Court is satisfied that effectual provision exists for the punishment in Consular or other Courts in Abyssinia of similar acts committed by the subjects of such State or Power in relation to or affecting the interest of British subjects. Where such an arrangement is in force the Consul-General may issue a notification to that effect, and the Court shall take judicial notice thereof.

61 The Foreign Jurisdiction Neutrality Order in Council, 1904 shall apply to all persons and to all property subject to this Order

62—(1) If a British subject—

- (a) imports or exports, or attempts to import or export, into or out of Abyssinia any goods, intending and attempting to evade payment of duty payable thereon to the Abyssinian Government;
- (b) imports or exports, or attempts to import or export, into or out of Abyssinia any goods the importation or exportation whereof into or out of Abyssinia is prohibited by law;
- (c) without a proper licence, sells or attempts to sell, or offers for sale, in Abyssinia any goods whereof the Abyssinian Government has by law a monopoly;

he shall be liable, on conviction, to imprisonment, with or without hard labour, for any term not exceeding six months, and with or without a fine not exceeding £100, or to a fine not exceeding £100 without imprisonment

(2) Where a person is charged with such an offence as in this Article is mentioned, the Court may seize the goods in relation to which the alleged offence was committed, and may hold the same until after the hearing of the charge

(3) If a person so charged is convicted, then those goods, whether they have been so seized or not, shall be forfeited to His Majesty the King, and the Court shall dispose of them, subject to any general or special directions of the Secretary of State, as the Court thinks fit

63. If any British subject permits any house or premises in Abyssinia in his occupation or control to be used for the consumption or use of opium or hashish or any similar drug, he shall be liable, on conviction, to imprisonment with or without hard labour for any term not exceeding six months, and with or without a fine not exceeding £100.

64 Any British subject being in Abyssinia may be proceeded against, tried, and punished under this Order for piracy wherever committed.

65. If any British subject in Abyssinia violates or fails to observe any stipulation of any Treaty for the time being in force, in respect of the violation whereof any penalty is stipulated for in the Treaty, he shall be deemed guilty of an offence against the Treaty, and on conviction thereof under this Order shall be liable to a penalty in accordance with the stipulations of the Treaty.

66.—(1) Where by agreement among the Diplomatic or Consular Representatives in Abyssinia of foreign States, or some of them, in conjunction with the Abyssinian authorities, sanitary, or police, or port, or game, or

other Regulations are established, and the same, as far as they affect British subjects, are approved by the Secretary of State, the Court may, subject and according to the provisions of this Order, entertain any complaint made against a British subject for a breach of those Regulations.

(2) Any person committing a breach of such Regulations shall, on conviction, be liable to the punishment, forfeiture or fine therein prescribed, or, if no such punishment or fine is prescribed, he shall be liable, on conviction, to imprisonment with or without hard labour for a period not exceeding one month, or to a fine not exceeding £20.

(3) In any such case the fine recovered shall, notwithstanding anything in this Order, be disposed of and applied in manner provided by those Regulations. Where those Regulations contain no provisions as to the manner in which such fine shall be disposed of and applied, it shall be disposed of and applied in such manner as the Consul-General may direct.

67—(1) Every person subject to the criminal jurisdiction of the Court who prints, publishes, or offers for sale any printed or written newspaper or other publication containing seditious matter, may, on conviction thereof, in addition to, or in lieu of, any other punishment, be ordered to give security for good behaviour, or to be deported.

(2) Where any printed or written newspaper or other publication containing seditious matter is printed, published, or offered for sale within the limits of the Order by a company registered in the United Kingdom or in a British possession, the Court may, after notice to the company, and on proof of the facts, require the company to give security to abstain from such printing, publishing, or offering for sale in future. If the company fail to give security, or if the company is shown to have again printed, published, or offered for sale such newspaper or other publication containing seditious matter after giving such security, the Court may make an order prohibiting the company from carrying on business within the limits of the Order, and may make such other orders as to the Court may seem just. The Court may also declare all the property of the company within the limits of the Order to be forfeited to His Majesty the King, and shall dispose of it, subject to any general or special directions of the Secretary of State, as it thinks fit.

(3) Matter calculated to excite tumult or disorder, or to excite enmity between His Majesty's subjects and the Emperor of Abyssinia, or the authorities or subjects of any Powers in amity with His Majesty, being within the limits of this Order, or between the Emperor of Abyssinia and his subjects, shall be deemed to be seditious matter within the meaning of this Article.

(4) An offence against this Article shall not be tried except on a charge and by the Court of the Consul-General.

(5) Notwithstanding anything in this Order, the charge may, for reasons to be recorded on the Minutes, be heard and determined before the Consul-General sitting without Assessors.

68—(1) If a British subject is guilty—

(a) of publicly denuding, mocking, or insulting any religion established or observed within Abyssinia, or

(b) of publicly offering insult to any religious service, feast, or ceremony established or kept in any part of Abyssinia, or to any place of worship, tomb, or sanctuary belonging to any religion established or observed there, or belonging to the Ministers or professors thereof, or

(c) of publicly and wilfully committing any act tending to bring any religion established or observed within Abyssinia, or its ceremonies, mode of worship, or observances, into hatred, ridicule, or contempt, and thereby to provoke a breach of the public peace,

he shall be deemed guilty of an offence against this Order, and shall for every such offence be liable, in the discretion of the Court, to imprisonment for not more than two years, with or without hard labour, and with or without a fine of not more than £100, or to a fine of not more than £100 alone.

(2) Notwithstanding anything in this Order, every charge against a British subject of having committed an offence under this provision shall be heard and determined by summary trial; and any Provincial Court shall have power to impose the punishment aforesaid.

(3) Consular officers shall take such precautionary measures as seem to them proper and expedient for the prevention of such offences.

69.—(1) If any person subject to the criminal jurisdiction of a Court does any of the following things, namely—

- (a) wilfully by act or threat obstructs any officer of, or person executing any process of, the Court in the performance of his duty, or
- (b) Within or close to the room or place where the Court is sitting wilfully misbehaves in a violent, threatening, or disrespectful manner to the disturbance of the Court, or to the intimidation of suitors or others resorting thereto, or
- (c) wilfully insults any member of the Court, or any Assessor, or any person acting as a clerk or officer of the Court during his sitting or attendance in Court, or in his going to or returning from Court; or
- (d) does any act in relation to the Court or any member thereof, or a matter pending therein, which, if done in relation to a High Court in British India, would be punishable as a contempt of such Court, or as a libel on such Court, or the Judges thereof, or the administration of justice therein,

such person shall be liable to be apprehended by order of the Court, with or without warrant, and on enquiry and consideration, and after the hearing of any defence which such person may offer, without further process or trial, to be punished with a fine not exceeding £5, or with imprisonment not exceeding twenty-four hours

(2) A Minute shall be made and kept of every such case of punishment recording the facts of the offence, and the extent of the punishment, and a copy of the Minute shall be forthwith sent to the Secretary of State

(3) Provided that, if the Court thinks fit, instead of proceeding under the preceding provisions, it may direct or cause the offender to be tried in a separate criminal prosecution or proceeding, in which the offender shall be liable to be tried and punished for his offence as an offence against this order

(4) Nothing herein shall interfere with the power of the Court to remove or exclude a person who interrupts or obstructs the business of the Court

70 If any person subject to the criminal jurisdiction of a Court does any act or makes any publication of such kind, and under such circumstances, that in the opinion of the Court, great danger to public order is thereby occasioned, the Court shall have the same powers as it has in relation to apprehended breaches of the peace.

71 In the application by the Court in the exercise of its criminal jurisdiction of the provisions of the Penal Code relating to false evidence, the words 'judicial proceeding' in the said Code shall be deemed to include a proceeding before an Abyssinian Court, or a Court in Abyssinia of any State in amity with His Majesty.

72. If any person subject to the jurisdiction of the Court does any act in relation to proceedings in an Abyssinian Court, or before an Abyssinian judicial officer, or in a Court or before a judicial officer in Abyssinia of any State in amity with His Majesty, which, if done in the course of, or in relation to, any proceedings in the Court, would have been punishable as an offence, such person shall be guilty of an offence, and shall be liable, on conviction, to such punishment as he would have been liable to if the offence had been committed in the course of, or in relation to, proceedings in the Court.

Deportation of Offender

73.—(1) Where it is proved that there is reasonable ground to apprehend that a British subject is about to commit a breach of the public peace, or that the acts or conduct of a British subject are or is likely to produce or excite a breach of the public peace, the Court may, if it thinks fit (for reasons recorded in the Minutes), cause him to be brought before it and require him to give security, to the satisfaction of the Court, to keep the peace, or for his future good behaviour, as the case may require.

(2) Where a British subject is convicted of a crime or offence before the Court, or before a Court in the sentence of which one of His Majesty's Consular officers concurs, the Court for the district in which he is may, if it

thinks fit, require him to give security to the satisfaction of the Court for his future good behaviour, and for that purpose may (if need be) cause him to be brought before the Court.

(3) In either of these cases, if the person required to give security fails to do so, the Court may order that he be deported from Abyssinia to such place as the Court directs.

(4) The place shall be a place in some part (if any) of His Majesty's dominions to which the person belongs, or the Government of which consents to the reception of persons deported under this Order.

(5) A Provincial Court shall report to the Consul-General any order of deportation made by it, and the grounds thereof, before the order is executed. The Consul-General may reverse the order, or may confirm it with or without variation, and in case of confirmation shall direct it to be carried into effect.

(6) The person to be deported shall be detained in custody until a fit opportunity for his deportation occurs.

(7) He shall, as soon as is practicable, and in the case of a person convicted, either after execution of the sentence or while it is in course of execution, be embarked in custody, under the warrant of the Consul-General, on board one of His Majesty's ships of war, or, if there is no such ship available, then on board any British or other fit vessel bound to the place of deportation.

(8) The warrant shall be sufficient authority to the commander or master of the vessel to receive and detain the person therein named, and to carry him to and deliver him up at the place named, according to the warrant.

(9) Where a warrant of deportation provides for further deportation from the place to which the person is first deported to some other place, the person shall, on his arrival at such first-mentioned place, be delivered with the warrant into the custody of the Chief Magistrate or officer of police at that place, who shall detain him, and shall forthwith report the case to the Governor or person administering the Government at that place, who shall either cause him to be further deported, with and in accordance with the warrant, and in the meantime to be detained in custody for any necessary period not exceeding three months, or, if the circumstances of the case appear to render his discharge expedient, shall discharge him from custody.

(10) The Court may order the person to be deported to pay all or any part of the expenses of his deportation. Subject thereto, the expenses of deportation shall be defrayed in such manner as the Secretary of State, with the concurrence of the Treasury, may direct.

(11) The Consul-General shall forthwith report to the Secretary of State any order of deportation made or confirmed by him, and the grounds thereof.

(12) If any person deported under this order returns to Abyssinia without permission in writing of the Secretary of State (which permission the Secretary of State may give), he shall be deemed guilty of an offence against this order, and shall, for every such offence, be liable to imprisonment for not more than one month, with or without hard labour, and with or without a fine of not more than £10 or to a fine of not more than £20 alone; and he shall also be liable to be forthwith again deported, and shall not be again entitled to registration under this order.

Appeal and Reserved Case

74 Where a person is convicted of any offence before any Court—

(a) if he considers the conviction erroneous in law, then, on his application, within the prescribed time (unless it appears merely frivolous, when it may be refused); or

(b) if the Court thinks fit to reserve for consideration of the Court of the Consul-General any question of law arising on the trial;

the Court shall state a case, setting out the facts and the grounds of the conviction, and the question of law, and send or deliver it to the Court of the Consul-General.

75.—(1) Where a case is stated under the last preceding Article, the Court, before whom the trial was had, shall, as it thinks fit, either postpone judgment on the conviction, or respite execution of the judgment, and either commit the person convicted to prison, or take security for him to appear

and receive judgment, or to deliver himself for execution of the judgment (as the case may require) at an appointed time and place.

(2) The Court of the Consul-General, sitting without Assessors, shall hear and determine the matter, and thereupon shall reverse, affirm, or amend the judgment given, or set it aside, and order an entry to be made in the Minutes that, in the judgment of the Court of the Consul-General, the person ought not to have been convicted or order judgment to be given at a subsequent sitting of the Provincial Court, or order a new trial, or make such other order as the Court of the Consul-General thinks just, and shall also give all necessary and proper consequential directions.

(3) The judgment of the Court of the Consul-General shall be delivered in open Court, after the public hearing of any argument offered on behalf of the prosecutor or of the person convicted.

(4) Before delivering judgment, the Court of the Consul-General may, if necessary, cause the case to be amended by the Provincial Court.

(5) The Court of the Consul-General shall not annul a conviction or sentence, or vary a sentence, or order a new trial, on the ground—

- (a) of any objection which, if stated during the trial, might, in the opinion of the Court of the Consul-General, have been properly met by amendment at the trial, or
- (b) of any error in the summoning of Assessors; or
- (c) of any person having served as Assessor who was not qualified; or
- (d) of any objection to any person as Assessor which might have been raised before or at the trial, or
- (e) of any informality in the swearing of any witness, or
- (f) of any error or omission in the charge, or any informality in procedure which, in the opinion of the Court of the Consul-General, did not affect the substance of the case or subject the convicted person to any undue prejudice

76. There shall be no appeal in a criminal case to His Majesty the King in Council from a decision of the Court of the Consul-General, except by special leave of His Majesty in Council.

General Provisions

77. It shall be lawful for Court, from time to time, by order or warrant under the seal of the Court, to appoint any building or place specified in such order or warrant to be a prison for any purpose of this Order, either generally or in relation to a particular case, or for a limited time, and to appoint such persons as the Court thinks fit to be gaolers, keepers, or officers of any such prison.

78. The Fugitive Offenders Act, 1881, shall apply to Abyssinia as if Abyssinia were a British possession, subject to the conditions, exceptions and qualifications following:—

(1) The said Act shall apply only in the case of British subjects.

(2) The Consul-General is, for the purposes of the said Act, substituted for the Governor of a British possession, and for a Superior Court, or a Judge thereof, in a British possession, and for a Magistrate or Justice of the Peace in a British possession.

(3) So much of the 4th and 5th sections of the said Act as relates to the sending a report of the issue of a warrant, together with the information, or a copy thereof, or to the sending of a certificate of commit[ment] and report of a case, or to the information to be given by a Magistrate to a fugitive, shall be excepted.

(4) So much of the 6th section of the said Act as relates to *habens corpus* and as requires the expiration of fifteen days before issue of a warrant, shall be excepted.

(5) The Consul-General shall not be bound to return a fugitive offender to a British possession unless satisfied that the proceedings to obtain his return are taken with the consent of the Governor of that possession.

79. The Colonial Prisoners Removal Act, 1884, shall apply to Abyssinia as if Abyssinia were a British possession, and part of His Majesty's dominions, subject as follows:—

The Consul-General shall be substituted for the Governor of a British possession.

PART IV.—CIVIL MATTERS.

80. Subject to the provisions of this Order, the civil jurisdiction of every Court acting under this order shall, as far as circumstances admit, be exercised on the principles of and in conformity with the law for the time being in force in British India

Provided that, in all matters relating to marriage, inheritance, or other questions involving religious law or custom, the Court shall, in the case of persons belonging to non-Christian communities, recognize and apply the religious law or custom of the person concerned

81. Where no evidence is offered to the contrary, or where, upon the evidence before the Court, the Court is unable to determine the domicile of origin, a person of European descent to whom this Order applies may be presumed to be domiciled in England

82 (1) The Court of the Consul-General may, if he thinks fit, hear any action with Assessors

(2) A Provincial Court shall (subject to the provisions of this Order) hear with Assessors every action which involves the amount or value of £300 or upwards

(3) In all other cases a Provincial Court may, as it thinks fit, hear the action either with or without Assessors

Arbitration

83 (1) Any agreement in writing between any British subjects or between British subjects and natives or foreigners to submit present or future differences to arbitration, whether an Arbitrator is named therein or not, may be filed in the Court by any party thereto, and, unless a contrary intention is expressed therein, shall be irrevocable, and shall have the same effect as an Order of the Court

(2) Every such agreement is in this Order referred to as a submission.

(3) If any action is commenced in respect of any matter covered by a submission, the Court, on the application of any party to the action, may by order stay the action

84 (1) In any action—

(a) if all parties consent, or

(b) if the matters in dispute consist wholly or partly of matters of account, or require for their determination prolonged examination of documents or any scientific or local examination,

the Court may at any time refer the whole action, or any question or issue arising therein, for inquiry and report, to a special Referee

(2) The report of the special Referee may be adopted wholly or partially by the Court, and, if so adopted, may be enforced as a judgment of the Court.

(3) The Court may also in any case, with the consent of both parties to an action, or of any parties between whom any questions in the action arise (such consent being signified by a submission) refer the action or the portions referred in the submission to arbitration, in such manner and upon such terms as it shall think reasonable or just

(4) In all cases of reference to a special Referee, or Arbitrator, under any order of the Court, the special Referee or Arbitrator shall be deemed to be an officer of the Court, and shall have such powers and authority, and shall conduct the reference or arbitration in such manner, as may be prescribed by any Rules of Court, and subject thereto as the Court may direct.

85 Subject to Rules of Court, the Court shall have authority to enforce any submission, or any award made thereunder, and to control and regulate the proceedings before and after the award, in such manner and on such terms as the Court thinks fit.

Bankruptcy.

86. Each Court shall as far as circumstances admit, have for and within its own district, with respect to the following classes of persons being either resident in Abyssinia or carrying on business there, namely, British subjects and their debtors and creditors, being British subjects, or natives or foreigners submitting to the jurisdiction of the Court, all such jurisdiction

in bankruptcy as for the time being belongs to a Court exercising jurisdiction under the Presidency Towns Insolvency Act, 1909. or any Act amending or substituted for the same.

Lunacy

87. (1) The Consul-General shall, as far as circumstances admit, have for and within Abyssinia, with respect to British subjects, all such jurisdiction relative to the custody and management of the persons and estates of lunatics as for the time being belongs to the High Court of Bombay with regard to the care and commitment of the custody of the persons and estates of lunatics within the Presidency of Bombay

(2) A Provincial Court shall, as far as circumstances permit, have, in relation to British subjects, such jurisdiction relative to the custody and management of the persons and estates of lunatics as for the time being may be exercised by a Civil Court under the Lunacy (District Court) Acts, 1858, or any Act amending or substituted for the same

(3) In any such case the Provincial Court may, of its own motion, or on the application of any person interested, take or authorize such steps as to the Court may seem necessary or expedient for the immediate protection of the person and property of any person appearing to the Court to be a lunatic, and may, from time to time revoke, or vary, or supplement any order or proceeding taken in the matter

(4) Subject to the provisions of this Article, and to any Rules of Court, a Provincial Court shall not proceed in any such matter except under and according to the directions of the Court of the Consul-General

88 Sections 5 to 7 of the Lunatic Removal (India) Act, 1851 (14 & 15 Vict., cap. 81), shall apply to Abyssinia, with the substitution of "the Court of the Consul-General" for "the Supreme Court of Judicature at any of the Presidencies of India."

Matrimonial Causes.

89. The Consul-General shall, as far as circumstances admit, have for and within Abyssinia, with respect to British subjects, all such jurisdiction in matrimonial causes, except the jurisdiction relative to dissolution or nullity or pactitation of marriage, as for the time being belongs to any Court exercising jurisdiction under the Indian Divorce Act, 1869, or any Act amending or substituted for the same

Probate and Administration

90 (1) The Consul-General shall, as far as circumstances admit, have for and within Abyssinia, with respect to the wills and the property in Abyssinia of deceased British subjects, all such jurisdiction as for the time being belongs to a High Court under the Indian Succession Act 1865, or any Act amending or substituted for the same

(2) A Provincial Court shall have power to grant probate or letters of administration where there is no contention respecting the right to the grant, and it is proved that the deceased was resident at his death within the particular jurisdiction.

(3) Probate or administration granted by a Court under this Order shall have effect over all the property of the deceased within Abyssinia, and shall effectually discharge persons dealing with an executor or administrator thereunder, notwithstanding that any defect afterwards appears in the grant. The grant shall not be impeachable by reason only that the deceased was not at time of his death resident within the particular jurisdiction

91. A British subject may, in his lifetime, deposit for safe custody, in the Court, his own will sealed up under his own seal and the seal of the Court.

92. (1) Where a Court of Probate in the United Kingdom or in any British possession to which the Colonial Probates Act, 1892, for the time being extends has granted probate or letters of administration or confirmation in respect of the estate of a deceased person, the probate letters or confirmation so granted may, on being produced to, and a copy thereof deposited with, the Court of the Consul-General, be sealed with the seal of that Court, and thereupon shall be of the like force and effect and have the same operation as if granted by that Court.

(2) The Court of the Consul-General may, if it thinks fit, on the application of any creditor, require before sealing that adequate security be given

for the payment of debts due from the estate to creditors residing in Abyssinia

(3) For the purposes of this Article a duplicate of any probate or letters of administration or confirmation sealed with the seal of the Court granting the same, or a copy thereof certified as correct by or under the authority of the Court granting the same, shall have the same effect as the original.

93. (1) Each Consular officer shall endeavour to obtain, as early as may be, notice of the death of every British subject dying within the particular jurisdiction, whether resident or not, and all such information respecting his affairs as may serve to guide the Court with respect to the securing and administration of his property

(2) On receiving notice of the death the Consular officer shall put up a notice thereof at the Court-house, and shall keep the same there until probate or administration is granted, or, where it appears to him that probate or administration will not be applied for or cannot be granted, for such time as he thinks fit

94. (1) Where a British subject dies in Abyssinia, or elsewhere, intestate, then, until administration is granted, his personal property in Abyssinia shall be vested in the Consul-General.

(2) The Court within whose jurisdiction any property of the deceased is situate shall, where the circumstances of the case appear to the Court so to require, forthwith on his death, or as soon after as may be, take possession of his personal property within the particular jurisdiction, or put any such property under the seal of the Court (in either case, if the nature of the property or other circumstances so require, making an inventory), and so keep it until it can be dealt with according to law.

95 If any person named executor in a will takes possession of and administers or otherwise deals with any part of the property of the deceased, and does not obtain probate within one month after the death or after the termination of any proceedings respecting probate or administration, he shall be liable to pay double the amount of any fees chargeable on obtaining probate, and he shall also be liable to a fine not exceeding £100.

96. If any person, other than the person named, executor or an administrator or an officer of the Court, takes possession of and administers or otherwise deals with any part of the personal property of a deceased British subject, whether resident or not, he shall be deemed guilty of a contempt of Court, and shall be liable to a fine not exceeding £50

97 Where a person appointed executor in a will survives the testator, but either dies without having taken probate or, having been called on by the Court to take probate, does not appear, his right in respect of the executorship wholly ceases; and, without further renunciation, the representation to the testator and the administration of his property shall go and may be committed as if that person had not been appointed executor.

98. (1) Where a British subject dies in Abyssinia, any other such subject having in his possession, or under his control, any paper or writing of the deceased, being, or purporting to be testamentary, shall forthwith bring the original to the Court within whose particular jurisdiction the death happens, and deposit it there.

If any person fails to do so for fourteen days after having knowledge of the death of the deceased, he shall be guilty of an offence, and liable to a fine not exceeding £50

(2) Where it is proved that any paper of the deceased, being or purporting to be testamentary, is in the possession or under the control of a British subject, the Court may, whether a suit or proceeding respecting probate or administration is pending or not, order him to produce the paper and bring it into Court.

(3) Where it appears to the Court that there are reasonable grounds for believing that any person has knowledge of any paper being or purporting to be testamentary (although it is not shown that the paper is in his possession or under his control), the Court may, whether a suit or proceeding for probate or administration is pending or not, order that he be examined respecting it before the Court or elsewhere, and that he do attend for that purpose, and after examination order that he do produce the paper and deposit it in Court.

99. Where it appears to the Court that the value of the property or estate of a deceased British subject does not exceed £100, the Court may, without any probate or letters of administration, or other formal proceeding, pay thereout any debts or charges, and pay, remit, or deliver any surplus to

such persons in such manner as the Secretary of State from time to time directs, and shall not be liable to any action, suit, or proceedings in respect of anything done under this Act.

100. The Foreign Jurisdiction Probates Order in Council. 1908, shall apply to all persons and to all property subject to this Order.

101. Section 51 of the Conveyancing (Scotland) Act, 1874, and any enactment for the time being in force amending or substituted for the same, are hereby extended to Abyssinia, with the adaptation following, namely:—

The Court of the Consul-General is hereby substituted for a Court of Probate in a Colony.

Appeal to Consul-General

102. (1) Where an action in a Provincial Court involves the amount of value of £25 or upwards, any party aggrieved by any decision of that Court, with or without Assessors, in the action shall have the right to appeal to the Court of the Consul-General against the same, on such terms and conditions as may be prescribed by Rules of Court.

(2) In any other case, the Provincial Court may, if it seems just and expedient, give leave to appeal on like terms.

(3) In any case the Court of the Consul-General may give leave to appeal on such terms as seem just.

103. (1) The Court of the Consul-General may, if it thinks fit, on the application of any party, or of its own motion, order a rehearing of an action, or of an appeal, or of any arguments on a verdict or on any other question of law.

(2) The provisions of this Order respecting a hearing with Assessors, shall extend to a rehearing of an action.

(3) If the party applying for a rehearing has by any order been ordered to pay money or do any other thing, the Court may direct either that the order be carried into execution, or that the execution thereof be suspended pending the rehearing, as it thinks fit.

(4) If the Court directs the order to be carried into execution the party in whose favour it is given, shall before the execution give security to the satisfaction of the Court for the performance of such order as shall be made on the rehearing.

(5) If the Court directs the execution of the order to be suspended, the party against whom it is given shall, before an order for suspension is given, give security to the satisfaction of the Court for performance of such order as shall be made on the rehearing.

(6) An application for a rehearing shall be made within the prescribed time.

Appeal to His Majesty in Council.

104. No appeal shall lie from the Court of the Consul-General, except in cases where leave to appeal to His Majesty the King in Council is granted either by the Court of the Consul-General or by His Majesty in Council.

PART V.—PROCEDURE, CIVIL AND CRIMINAL.

105. Summonses, orders, and other documents issuing from the Court shall be sealed with the seal of the Court.

106. (1) In every case, civil or criminal, Minutes of the proceedings shall be drawn up, and shall be signed, by the Consular officer before whom the proceedings are taken, and shall, where the suit is heard with Assessors, be open for their inspection and for their signature if concurred in by them.

(2) These Minutes, with the depositions of witnesses, and the notes of evidence taken at the hearing or trial by the Consular officer, shall be preserved in the office of the Court.

107. Every Provincial Court shall execute any writ, order, or warrant issuing from the Court of the Consul-General and shall take security from any person named therein for his appearance, personally, or by attorney, according to the writ, order or warrant, or may cause such person to be taken in custody or otherwise to the Court of the Consul-General or elsewhere in Abyssinia according to the writ, order or warrant.

108. The Consul-General may make Rules of Court—

- (a) For regulating the pleading practice and procedure in the Courts established under this Order with respect to all matters within the jurisdiction of the respective Courts,
- (b) For regulating the means by which particular facts may be proved in the said Courts;
- (c) For prescribing any forms to be used;
- (d) For prescribing or regulating the duties of the officers of the said Courts;
- (e) For prescribing scales of costs and regulating any matters in connection therewith,
- (f) For prescribing and enforcing the fees to be taken in respect of any proceedings under this Order, not exceeding, as regards any matters provided for by the Consular Salaries and Fees Act, 1891, fees fixed and allowed from time to time by any Order in Council made under that Act;
- (g) For prescribing the allowances to be made in criminal cases to complainants, witnesses, Assessors, interpreters, medical practitioners, and other persons employed in the administration of justice, and the conditions upon which an order may be made by the Court for such allowances,
- (h) For taking and transmitting depositions of witnesses for use at trials in a British possession or in the United Kingdom,
- (i) For regulating the mode in which legal practitioners are to be admitted to practise as such, and for withdrawing or suspending the right to practise on grounds of misconduct, subject to a right of appeal to His Majesty in Council;
- (k) For prescribing and enforcing the fees to be taken in respect of proceedings in or by any Consular Court in relation to cases in Abyssinian Tribunals to which any British subject may be a party;
- (l) For regulating the management and investment of property under the control of the said Courts;
- (m) For regulating the procedure at inquests.

Where a power to make Rules is given by any Indian Act or law which is applicable to Abyssinia, the powers of this article shall include a power to make such Rules for the purposes of that Act or law so far as applicable.

Rules framed under this article shall not have effect until approved by the Secretary of State, and, so far as they relate to fees and costs, sanctioned by the Treasury, but in case of urgency declared in any such Rules the same shall have effect unless and until they are disapproved by the Secretary of State, and notification of such disapproval is recorded and published by the Consul-General.

Until such Rules have been made, or in relation to matters to which they do not extend, a Court may adopt and use any procedure or forms heretofore in use in the Consular Courts in Abyssinia, or any Regulations or Rules made thereunder and in force immediately before the commencement of this Order, with any modifications or adaptations which may be necessary.

109 The Court may, in any case, if it thinks fit, on account of the poverty of a party, or for any other reason, dispense with the payment of any fee, in whole or in part.

110. (1) Every person doing an act, or taking a proceeding in the Court as plaintiff in a civil case, or as making a criminal charge against another person, or otherwise, shall do so in his own name, and not otherwise, and either—

- (a) By himself, or
- (b) By a legal practitioner, or
- (c) By his attorney or agent thereunto lawfully authorized in writing,

(2) Where the act is done, or proceeding taken, by an attorney (other than a legal practitioner), or by an agent, the power of attorney, or instrument authorizing the agent, or an authenticated copy thereof, shall be first filed in the Court.

(3) Where the authority has reference only to the particular proceeding, the original document shall be filed.

(4) Where the authority is general, or has reference to other matters in which the attorney or agent is empowered to act, an authenticated copy of the document may be filed.

(5) If any person does any act, or takes any proceeding in the Court in the name or on behalf of another person, not being lawfully authorized thereunto, and knowing himself not to be so authorized, he shall be deemed guilty of a contempt of Court.

(6) Where in this Order appearance is referred to, appearance in person, or by a legal practitioner, attorney, or agent as aforesaid is meant, unless it is otherwise expressed.

111. (1) In any case, civil, or criminal, and at any stage thereof, the Court, either of its own motion or on the application of any party, may summon a British subject, being within the particular jurisdiction, to attend to give evidence, or to produce documents, or to be examined.

(2) If the person summoned, having reasonable notice of the time and place at which he is required to attend, fails to attend accordingly, and does not excuse his failure to the satisfaction of the Court, he shall (independently of any other liability) be deemed guilty of an offence against this Order, and be liable to a fine of not more than £100, or to imprisonment for not more than one month, in the discretion of the Court.

112. (1) In a criminal case, where the Court is satisfied that a British subject within the particular jurisdiction may be able to give material evidence, either for the prosecution or for the defence, and that he will not voluntarily attend to give evidence, the Court may issue a summons for his attendance.

(2) If he does not obey the summons and does not excuse his failure to the satisfaction of the Court, then (after proof of service of the summons) the Court may issue a warrant to compel his attendance.

(3) Where it is proved to be probable that a person who might be so summoned will not attend to give evidence unless compelled to do so, then the Court, instead of issuing a summons, may issue a warrant in the first instance.

(4) If any such person on his appearance, either in obedience to a summons or on being brought up under a warrant, refuses to take an oath, or having taken an oath to answer any question put to him and does not excuse his refusal to the satisfaction of the Court then the Court may, by warrant, commit him to prison, there to remain for not more than seven days, unless he in the meantime consents to answer duly on oath.

113. Where by this Order, or any order of the Court, or the course of the Court, any limited time from or after any date or event is appointed or allowed for the doing of any act, or the taking of any proceeding, and the time is not limited by hours, the following rules shall apply.—

(i) The limited time does not include the day of the date or of the happening of the event, but commences at the beginning of the day next following that day.

(ii) The act or proceeding must be done or taken at latest on the last day of the limited time;

(iii) Where the limited time is less than six days, Sundays shall not be reckoned as part of the time.

114. The Court, on making any order which it is in its discretion to make, may make the order on such terms respecting time, cost, and other matters as the Court thinks fit.

115. If an officer of the Court employed to execute an order, by neglect or omission, loses the opportunity of executing it, then on complaint of the person aggrieved, and proof of the fact alleged, the Court may, if it thinks fit, order the officer to pay the damages sustained by the person complaining, or part thereof, and the order shall be enforced as an order directing payment of money.

116. If a clerk or officer of the Court, acting under pretence of the process or authority of the Court, is charged with extortion, or with not duly paying over money, or with other misconduct, the Court, if it thinks fit, may (without prejudice to any other liability or punishment to which the clerk or officer would, in the absence of the present provision, be liable) inquire

into the charge in a summary way, and may for that purpose summon and enforce the attendance of all necessary persons as in a suit, and may make such order for the repayment of any money extorted, or for the payment over of any money, and for the payment of such damages and costs as the Court thinks just; and the Court may also, if it thinks fit, impose on the clerk or officer such fine, not exceeding £10 for each offence, as the Court thinks just.

117. All costs and all charges and expenses of witnesses, prosecutions, punishments, and deportations, and other charges, and expenses, and all fees, fines, forfeitures, and pecuniary penalties payable under this Order, or under any Rules or Regulations to be made in pursuance of this Order, may be levied by distress and seizure and sale of goods and lands, and any bill of sale or mortgage, or transfer of property, made with the view of avoiding such distress, seizure, or sale shall not be permitted to defeat the provisions of this Order.

118. All fees, fines, forfeitures, and pecuniary penalties levied under this Order shall be carried to the public account and be applied as the Secretary of State, with the concurrence of the Treasury, from time to time directs.

119. Wherever under this Order any person is to be taken for trial or imprisonment to the Court of the Consul-General, or elsewhere in Abyssinia, or to Aden, Bombay, or Malta, or elsewhere, the Court or other authority by this Order authorized to cause him to be so taken may for that purpose (if necessary) cause him to be embarked on board one of His Majesty's vessels of war, or, if there is no such vessel available then on board any British or other fit vessel, at any port or place, whether within or beyond the particular jurisdiction or district of that Court or authority, and with a view to such embarkment, may (if necessary) cause him to be taken, in custody or otherwise, by land or by water from any place to the port or place of embarkment.

The writ, order, or warrant of the Court, by virtue whereof any person is to be so taken, shall be sufficient authority to every constable, officer, or other person acting thereunder, and to the commander or master of any vessel of war, or other vessel (whether the constable, officer, or other person, or the vessel, or the commander or master thereof, is named therein or not), to receive, detain, take, and deliver up such person, according to the writ, order or warrant.

Where the writ, order, or warrant is executed under the immediate direction of the Court or authority issuing it, the writ, order, or warrant, shall be delivered to the constable, officer, or other person acting thereunder, and a duplicate thereof shall be delivered to the commander or master of any vessel in which the person to whom the writ, order, or warrant relates is embarked.

Where the writ, order, or warrant, issues from the Court of the Consul-General, and is executed by a Provincial Court, a copy thereof certified under the seal of the Court executing the same shall be delivered to the constable, officer, or other person acting thereunder, and to the commander or master of any vessel in which the person taken is embarked; and any such copy shall be for all purposes conclusive evidence of the order of which it purports to be a copy.

120. (1) Subject to the other provisions of this Order, all expenses of removal of prisoners and others from or to any place in Abyssinia, and the expenses of sending any person to Aden, Bombay, or Malta, or elsewhere, shall be defrayed in such manner as the Secretary of State from time to time directs.

(2) Any master of a British ship when required shall be bound to take such persons for a reasonable remuneration, to be determined by the Consul-General, and in case of non-compliance shall be liable to a penalty not exceeding fifty pounds.

121. The Public Authorities' Protection Act, 1893, shall extend and apply to Abyssinia, as if Abyssinia were therein mentioned in place of the United Kingdom, and as if this Order and any other Order relating to Abyssinia and any Regulations or Rules made under any such Order, were therein referred to, in addition to any Act of Parliament.

122. The Court of the Consul-General, may, if it thinks fit, order that a Commission do issue for examination of witnesses at any place out of Abyssinia, on oath, by interrogatories or otherwise, and may, by order, give

such directions touching the time, place, and manner of the examination or anything connected therewith, as to the Court appear reasonable and just.

PART VI.—PROCEDURE ON APPEAL TO HIS MAJESTY IN COUNCIL.

123. Subject to the provisions of Article 104 of this Order, the following Rules shall apply to and govern appeals to His Majesty in Council—

Rules.

(1) In these rules, unless the context otherwise requires —

- “Appeal” means appeal to His Majesty in Council;
- “His Majesty” includes His Majesty’s heirs and successors;
- “Judgment” includes decree, order, sentence, or decision;
- “Court” means the Court of the Consul-General;
- “Record” means the aggregate of papers relating to an appeal (including the pleadings, proceedings, evidence, and judgments) proper to be laid before His Majesty in Council on the hearing of the appeal;
- “Registrar” means the registrar or other proper officer having the custody of the records in the Court appealed from;
- “Month” means calendar month;
- Words in the singular include the plural, and words in the plural include the singular

(2) Subject to the provisions of these rules, the Court may, at its discretion, grant leave to appeal from any judgment of the Court, whether final or interlocutory, if, in the opinion of the Court, the question involved in the appeal is one which, by reason of its great general or public importance or otherwise, ought to be submitted to His Majesty in Council for decision

(3) Applications to the Court for leave to appeal shall be made within twenty-one days from the date of the judgment to be appealed from and the applicant shall give the opposite party notice of his intended application

(4) Leave to appeal under rule 2 shall only be granted by the Court in the first instance —

- (a) Upon condition of the appellant, within a period to be fixed by the Court but not exceeding three months from the date of the hearing of the application for leave to appeal, entering into good and sufficient security to the satisfaction of the Court, in a sum not exceeding £500 for the due prosecution of the appeal, and the payment of all such costs as may become payable to the respondent in the event of the appellant’s not obtaining an order granting him final leave to appeal or of the appeal being dismissed for non-prosecution, or of His Majesty in Council ordering the appellant to pay the respondent’s costs of the appeal (as the case may be), and
- (b) Upon such other conditions (if any) as to the time or times within which the appellant shall take the necessary steps for the purpose of procuring the preparation of the record and the despatch thereof to England as the Court, having regard to all the circumstances of the case, may think it reasonable to impose,

(5) Where the judgment appealed from requires the appellant to pay money or perform a duty, the Court shall have power, when granting leave to appeal, either to direct that the said judgment shall be carried into execution or that the execution thereof shall be suspended pending the appeal, as to the Court shall seem just, and in case the Court shall direct the said judgment to be carried into execution, the person in whose favour it was given shall, before the execution thereof, enter into good and sufficient security, to the satisfaction of the Court, for the due performance of such order as His Majesty in Council shall think fit to make thereon

(6) The preparation of the record shall be subject to the supervision of the Court, and the parties may submit any disputed question arising in connection therewith to the decision of the Court, and the Court shall give such directions thereon as the justice of the case may require.

(7) The Registrar, as well as the parties and their legal agents, shall endeavour to exclude from the record all documents (more particularly such as are merely formal) that are not relevant to the subject-matter of the appeal, and generally to reduce the bulk of the record as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other merely formal parts of documents; but the documents omitted to be copied or printed shall be enumerated in a list to be placed after the index or at the end of the record.

(8) Where in the course of the preparation of a record one party objects to the inclusion of a document on the ground that it is unnecessary or irrelevant, and, the other party nevertheless insists upon its being included, the record, as finally printed (whether in Abyssinia or in England), shall, with a view to the subsequent adjustment of the costs of and incidental to such document, indicate, in the index of papers, or otherwise, the fact that and the party by whom, the inclusion of the document was objected to.

(9) The record shall be printed in accordance with the rules set forth in the schedule to this Article. It may be so printed either in Abyssinia or in England.

(10) Where the record is printed in Abyssinia the Registrar shall, at the expense of the appellant, transmit to the Registrar of the Privy Council forty copies of such record, one of which copies he shall certify to be correct by signing his name on, or initialling, every eighth page thereof, and by affixing thereto the seal of the Court.

(11) Where the record is to be printed in England the Registrar shall, at the expense of the appellant, transmit to the Registrar of the Privy Council one certified copy of such record, together with an index of all the papers and exhibits in the case. No other certified copies of the record shall be transmitted to the agents in England by or on behalf of the parties to the appeal.

(12) Where part of the record is printed in Abyssinia and part is to be printed in England, rules (10) and (11) shall, as far as practicable, apply to such parts as are printed in Abyssinia and such as are to be printed in England respectively.

(13) The reasons given by the Consul-General for or against any judgment pronounced in the course of the proceedings out of which the appeal arises shall by the Consul-General be communicated in writing to the Registrar, and shall by him be transmitted to the Registrar of the Privy Council at the same time when the record is transmitted.

(14) Where there are two or more applications for leave to appeal arising out of the same matter, and the Court is of opinion that it would be for the convenience of the Lords of the Judicial Committee and all parties concerned that the appeals should be consolidated, the Court may direct the appeals to be consolidated and grant leave to appeal by a single order.

(15) An appellant, who has obtained an order granting him conditional leave to appeal, may, at any time prior to the making of an order granting him final leave to appeal, withdraw his appeal on such terms as to costs and otherwise as the Court may direct.

(16) Where an appellant, having obtained an order granting him conditional leave to appeal, and having complied with the conditions imposed on him by such order, fails thereafter to apply with due diligence to the Court for an order granting him final leave to appeal, the Court may, on an application in that behalf made by the respondent, rescind the order granting conditional leave to appeal, notwithstanding the appellant's compliance with the conditions imposed by such order, and may give such directions as to the costs of the appeal and the security entered into by the appellant as the Court shall think fit, or make such further or other order in the premises as, in the opinion of the Court, the justice of the case requires.

(17) On an application for final leave to appeal the Court may enquire whether notice, or sufficient notice, of the application has been given by the appellant to all parties concerned and, if not satisfied as to the notices given, may defer the granting of the final leave to appeal, or may give such other directions in the matter as, in the opinion of the Court, the justice of the case requires.

(18) An appellant who has obtained final leave to appeal shall prosecute his appeal in accordance with the rules for the time being regulating the general practice and procedure in appeals to His Majesty in Council.

(19) Where an appellant, having obtained final leave to appeal, desires, prior to the despatch of the record to England to withdraw his appeal, the

Court may, upon an application in that behalf made by the appellant, grant him a certificate to the effect that the appeal has been withdrawn, and the appeal shall thereupon be deemed, as from the date of such certificate, to stand dismissed, without express Order of His Majesty in Council, and the costs of the appeal and the security entered into by the appellant shall be dealt with in such manner as the Court may think fit to direct.

(20) Where an appellant, having obtained final leave to appeal, fails to show due diligence in taking all necessary steps for the purpose of procuring the despatch of the record to England, the respondent may, after giving the appellant due notice of his intended application, apply to the Court for a certificate that the appeal has not been effectually prosecuted by the appellant, and if the Court sees fit to grant such a certificate, the appeal shall be deemed, as from the date of such certificate, to stand dismissed for non-prosecution without express Order of His Majesty in Council, and the costs of the appeal and the security entered into by the appellant shall be dealt with in such manner as the Court may think fit to direct.

(21) Where at any time between the order granting final leave to appeal and the despatch of the record to England the record becomes defective by reason of the death, or change of status, of a party to the appeal, the Court may, notwithstanding the order granting final leave to appeal, on an application in that behalf made by any person interested, grant a certificate showing who, in the opinion of the Court, is the proper person to be substituted or entered on the record in place of, or in addition to, the party who has died, or undergone a change of status, and the name of such person shall thereupon be deemed to be so substituted or entered on the record as aforesaid without express Order of His Majesty in Council.

(22) Where the record subsequently to its despatch to England becomes defective by reason of the death or change of status, of a party to the appeal, the Court shall, upon an application in that behalf made by any person interested, cause a certificate to be transmitted to the Registrar of the Privy Council showing who, in the opinion of the Court, is the proper person to be substituted, or entered, on the record, in place of, or in addition to, the party who has died or undergone a change of status.

(23) The case of each party to the appeal may be printed either in Abyssinia or in England and shall, in either event, be printed in accordance with the rules set forth in the schedule hereto, every tenth line thereof being numbered in the margin, and shall be signed by at least one of the counsel who attends at the hearing of the appeal, or by the party himself if he conducts his appeal in person.

(24) The case shall consist of paragraphs numbered consecutively and shall state, as concisely as possible, the circumstances out of which the appeal arises, the contentions to be urged by the party lodging the same, and the reasons of appeal. References by page and line to the relevant portions of the record as printed shall, as far as practicable, be printed in the margin, and care shall be taken to avoid, as far as possible, the re-printing in the case of long extracts from the record. The taxing officer, in taxing the costs of the appeal, shall, either of his own motion, or at the instance of the opposite party, enquire into any unnecessary prolixity in the case, and shall disallow the costs occasioned thereby.

(25) Where the Judicial Committee directs a party to bear the costs of an appeal incurred in Abyssinia, such costs shall be taxed by the proper officer of the Court in accordance with the rules for the time being regulating taxation in the Court.

(26) The Court shall conform with, and execute, any Order which His Majesty in Council may think fit to make on an appeal from a judgment of the Court in like manner as any original judgment of the Court should or might have been executed.

(27) Nothing in these rules contained shall be deemed to interfere with the right of His Majesty, upon the humble petition of any person aggrieved by any judgment of the Court, to admit his appeal therefrom upon such conditions as His Majesty in Council shall think fit to impose.

SCHEDULE TO ARTICLE 123

I. Records and Cases in Appeals to His Majesty in Council shall be printed in the form known as Demy Quarto.

II. The size of the paper used shall be such that the sheet, when folded and trimmed will be 11 inches in height and 8½ inches in width.

III. The type to be used in the text shall be pica type, but long primer shall be used in printing accounts, tabular matter, and notes.

IV. The number of lines in each page of pica type shall be 47 or thereabouts, and every tenth line shall be numbered in the margin.

PART VII—NATIVE AND FOREIGN SUBJECTS AND TRIBUNALS.

124. Where a native or foreigner desires to institute or take in the Court an action against a British subject or a British subject desires to institute or take in the Court an action against a foreigner, the Court shall entertain the same, and the action shall be heard and determined either by the Consular officer sitting alone, or if all parties consent, or the Court so directs, with Assessors, but in all other respects according to the ordinary procedure of the Court:

Provided that the native or foreigner, if so required by the Court, first submits to the jurisdiction of the Court, and, if required by the Court, gives security to the satisfaction of the Court, by deposit or otherwise, to pay fees, damages, costs, and expenses, and abide by and perform such decision as shall be given by the Court originally or on appeal (as the case may require).

125. A cross suit shall not be instituted in the Court against a plaintiff, being a native or foreigner, who has submitted to the jurisdiction, by a defendant, without leave of the Court first obtained.

The Court, before giving leave, may require proof from the defendant that his claim arises out of the subject-matter in dispute, and that there is reasonable ground for it, and that it is not made for vexation or delay.

Nothing in this provision shall prevent the defendant instituting or taking in the Court any suit or proceeding against the native or foreigner after the termination of the suit or proceeding in which the native or foreigner is plaintiff.

126. (1) Where a native or foreigner obtains in the Court an order against a defendant being a British subject, and in another suit that defendant is plaintiff, and the native or foreigner is defendant, the Court may, if it thinks fit, on the application of the subject, stay the enforcement of the order pending that other suit, and may set off any amount ordered to be paid by one party in one suit against any amount ordered to be paid by the other party in the other suit.

(2) Where a plaintiff, being a native or foreigner, obtains an order in the Courts against two or more defendants, being British subjects jointly, and in another suit one of them is plaintiff, and the native or foreigner is defendant, the Court may if it thinks fit, on the application of the subject, stay the enforcement of the order pending that other suit, and may set off any amount ordered to be paid by one party in one suit against any amount ordered to be paid by the other party in the other suit, without prejudice to the right of the subject to require contributions from his co-defendants under the joint liability.

127. Where a native or foreigner is co-plaintiff in a suit with a British subject who is within the particular jurisdiction, it shall not be necessary for the native or foreigner to make deposit or give security for costs, unless the Court so directs, but the co-plaintiff British subject shall be responsible for all fees and costs.

128. (1) Where it is shown to a Court that the attendance of a British subject to give evidence, or for any other purpose connected with the administration of justice, is required in a native or foreign Court, or before a native or foreign judicial officer, or in a Court, or before a judicial officer of any State in amity with His Majesty, the Court may, if it thinks fit, in a case and in circumstances in which it would require his attendance before itself, order that he do attend and give evidence, and produce documents as so required. The order may be made subject to conditions as to payment or tender of expenses or otherwise.

(2) A Court, however, cannot so order attendance at any place beyond its particular jurisdiction.

(3) If the person ordered to attend, having reasonable notice of the time and place at which he is required to attend, fails to attend accordingly, and does not excuse his failure to the satisfaction of the Court, or if he refuses to give evidence, or wilfully gives false evidence, or fails to produce documents which he is properly required to produce, he is, independently of any other liability, guilty of an offence against this Order, and for every such offence, or conviction thereof, by summary trial, is liable to a fine not

exceeding £100, or to imprisonment for not exceeding one month, in the discretion of the Court.

129. No action shall be brought for the protection of any copyright, trade mark, patent or design by any person who is not a British subject, unless either—

- (a) An arrangement is in force between His Majesty's Government and the Government of the State or Power to which the plaintiff belongs; or
- (b) The Court is satisfied that effectual provision exists for the protection in Consular or other Courts in Abyssinia of the rights and interests of British subjects in copyrights, trade-marks, patents, and designs infringed by the subjects of such State or Power.

Where such an arrangement is in force, the Consul-General may issue a notification to that effect, and the Court shall take judicial notice thereof.

130. (1) The Court may, upon the application of any British subject, native or foreigner, who has obtained a judgment or order for the recovery or payment of money in a native or foreign Court in Abyssinia against a person subject to the jurisdiction of that Court, and upon a certificate by the proper officer of the native or foreign Court that such judgment has been recovered or order made (specifying the amount), and that is still unsatisfied, and that a British subject is alleged to be indebted to such debtor and is within the jurisdiction, order that all debts owing or accruing from such British subject (hereinafter called the garnishee) to such debtor shall be attached to answer the judgment or order, and, by the same or a subsequent order, may order the garnishee to pay his debt or so much as may be sufficient to satisfy the judgment or order of the native or foreign Court.

(2) The proceedings for the summoning of the garnishee, for the ascertainment of his liability, and for the payment of money ordered by the Court to be paid, and all matters for giving effect to this Article, may be regulated by Rules of Court.

(3) An order shall not be made under this Article unless the Court is satisfied that the native or foreign Court is authorized to exercise similar powers in the case of a debt due from a person subject to the jurisdiction of that Court to a British subject against whom a judgment has been obtained in a Court established under this Order.

PART VIII—REGISTRATION

131. A register of British subjects shall be kept in the office of every Consulate in Abyssinia.

132. (1) Every British subject resident in Abyssinia, being of the age of 21 years or upwards, or being married, or a widower or widow, though under that age, shall in the month of January of every year register himself or herself at the Consulate of the Consular district within which he or she resides.

(2) A British subject arriving in Abyssinia may be registered either in the register of the Consular district in which he first arrives or in that of the district in which he goes to reside, and he must apply for registration within one month after arrival in Abyssinia:

Provided that a person who fails to apply for or to obtain registration within the time limited by this Article may be registered at any time if he excuses his failure to the satisfaction of the Consular officer.

133. The registration of a man shall comprise the registration of his wife, or wives, if living with him; and the registration of the head of a family shall comprise the registration of all females and minors, being his relatives, in whatever degree, living under the same roof with him at the time of his registration.

134. A person registered in any register of British subjects established previous to the making of this Order shall be registered under the provisions of this Order, unless the Consular officer is satisfied, after inquiry, that the previous registration was erroneous, or that such person is not entitled to registration under the provisions of this Order.

135. (1) The Consular officer shall on the first registration of any person issue to him a certificate of registration, signed and sealed with his Consular seal.

(2) On the renewal of a registration, the old certificate of registration shall be produced, or its absence accounted for to the satisfaction of the Consular officer.

and sale of Regulations, and the mode of trial of charges of offences against Regulations do not apply to Regulations respecting prisons and offences of prisoners.

155. (1) Not later than the 31st March in each year, the Consul-General shall send to the Secretary of State a report on the operation of this Order up to the 31st January in that year, showing for the then last twelve months the number and nature of the proceedings, criminal and civil, taken in the Court under this Order, and the result thereof, and the number and amount of fees received, and containing an abstract of the registration list, and such other information, and being in such form, as the Secretary of State from time to time directs.

(2) Each Provincial Court shall, at such time as may be fixed by Rules of Court, furnish to the Court of the Consul-General an annual report of every case, civil and criminal, brought before it, in such form as the Court of the Consul-General directs.

156. A Court shall have jurisdiction to make an Order requiring a British subject to contribute in such manner as the Court directs to the support of his wife or child, whether legitimate or not, being in the opinion of the Court under the age of 16 years. Any such order may be made in a summary way as if the neglect to provide for the support of such wife or child were an offence against this Order, and a failure to comply with any such Order shall be deemed to be an offence against this Order, and shall be punishable accordingly, and the Court may direct any penalty imposed for such offence to be applied for the support of such wife or child in such manner as the Court thinks fit.

157. Section 48 of the Conveyancing and Law of Property Act, 1881 (which relates to the deposit of instruments creating powers of attorney in the Central Office of the Supreme Court in England or Ireland), shall apply to Abyssinia with these modifications, that is to say, the Office of the Court of the Consul-General is substituted for the Central Office, and Rules of Court under this Order are substituted for General Rules.

158. A person attending to give evidence before the Court shall not be compelled or allowed to give any evidence or produce any documents if, in the opinion of the principal Consular officer having authority in the district in which the Court is held, signified by him personally or in writing to the Court, the giving or production thereof would be injurious to His Majesty's service.

159. Whenever an acting Consular officer has commenced the hearing of any cause or matter, civil or criminal, he may, unless the Consular Officer otherwise directs, continue and complete the hearing and determination thereof, notwithstanding that his authority to act as such Consular officer has otherwise ceased by reason of the expiration of the time for which he was appointed to act, or by reason of the happening of any event by which his authority is determined.

160. Nothing in this Order shall deprive His Majesty's Consular officers of the right to observe and to enforce the observance of, or shall deprive any person of the benefit of, any reasonable custom existing in Abyssinia, except where this Order contains some express and specific provision incompatible with the observance thereof.

161. Nothing in this Order shall be deemed to relieve any Consular officer of the duty, as far as there is proper opportunity, of promoting reconciliation and encouraging and facilitating the settlement in an amiable way, and without recourse to litigation, of matters in difference between British subjects, or between British subjects and foreigners in Abyssinia.

162. Judicial notice shall be taken of this Order, and of the commencement thereof, and of the appointment of Consular or other officers, and of the constitution and limits of any jurisdiction, Court, or district, and of Consular seals and signatures, and of any Rules or Regulations made or in force under this Order, and no proof shall be required of any of such matters.

163. Every signature or seal affixed to any instrument purporting to be the signature of any Consular officer or person acting under this Order, or to be the seal of any of His Majesty's Courts, shall for all purposes under this Order, without any proof thereof, be presumed to be genuine, and shall be taken as genuine until the contrary is proved.

164. (1) All proceedings which may have been taken in any Consular Court of His Majesty, or before any Consular officer, in Abyssinia, previous to the making of this Order shall be deemed to have been valid; and no such proceedings shall be questioned upon the ground of any lack of authority on

the part of the Court in or before which, or of the officer before whom, such proceedings were taken.

(2) Where any proceedings have been commenced in any Consular Court of His Majesty, or before any Consular officer, in Abyssinia, and are still pending at the date of this Order, all steps taken in the course of such proceedings shall be deemed to be valid, provided that they would have been valid if taken after the date of this Order.

(3) Any act done by any Consular officer or other person in Abyssinia before the making of this Order, which would have been valid if done after the making of this Order shall be deemed to have been valid, and no action shall be entertained in any Court against such officer or person in respect of any such act.

165 This Order shall commence and have effect as follows —

(1) As to the making of any warrant or appointment under this Order, immediately from and after the date of this Order.

(2) As to the framing of Rules of Procedure or Regulations, and the approval thereof by one of His Majesty's Principal Secretaries of State, immediately from and after the date of this Order.

(3) As to all other matters and provisions comprised and contained in this Order, immediately from and after the expiration of one month after this Order is first exhibited in the public office of the Consul-General; for which purpose he is hereby required forthwith, on receipt by him of a copy of this Order, to affix and exhibit the same conspicuously in his public office, and he is also hereby required to keep the same so affixed and exhibited during one month from the first exhibition thereof; and notwithstanding anything in this Order, the time of the expiration of the said month shall be deemed to be the time of the commencement of this Order.

(4) Proof shall not in any proceeding or matter be required that the provisions of this Article have been complied with nor shall any act or proceeding be invalidated by any failure to comply with any of such provisions.

166. A copy of this Order shall be kept exhibited conspicuously in each Consular Court.

Printed copies shall be provided and sold at such reasonable price as a Consular Officer, subject to any direction of a Secretary of State, may fix.

167. This Order may be cited as "The Abyssinia Order in Council, 1913."

And the Right Honourable Sir Edward Grey, Baronet, K.G., one of His Majesty's Principal Secretaries of State, is to give the necessary directions herein

CANCELLATION OF FORMER BY-LAWS

57. All the former by-laws which were confirmed by Government order No. 4072M., dated 25th November 1895, are hereby cancelled.
Cancellation of former by-laws

No. 629M—The 18th February 1915—The following draft of an order which the Governor in Council intends to make under section 1, sub-section (2) of the Bengal Public Parks Act, 1904 (Bengal Act II of 1904), is published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 25th March 1915, and any objections or suggestions which may be received by the undersigned through the Deputy Commissioner, Darjeeling, before that date will be duly concerned:—

DRAFT ORDER.

In exercise of the power conferred by section 1, sub-section (2) of the Bengal Public Parks Act, 1904 (Bengal Act II of 1904), the Governor in Council is pleased to extend the provisions of that Act to the following three blocks which form a portion of "Observatory Hill," in the town of Darjeeling, and the boundaries of which are, respectively, as follows:—

BLOCK I

Boundaries

North and East—The East Mall Road,

South—Ada Villa Location,

West—Southfield Location, Darjeeling Gymkhana Club land, and St. Andrew's Church land.

BLOCK II.

Boundaries

North and North-East—The East Mall Road,

East—Block I,

South—Gymkhana Club land,

South-West—The public road to the Gymkhana Club.

BLOCK III

Boundaries

North—The public road to the Gymkhana Club,

South-East—The point where the said public road meets the West Mall Road,

South and West—The West Mall Road,

North-West—The point where the public road to the Gymkhana Club meets the East Mall Road

No. 548M—The 18th February 1915.—In exercise of the power conferred by section 3 of the Calcutta Survey Act, 1887 (Ben. Act I of 1887), the Governor in Council is pleased to appoint **Darjeeling.** Mr. P. F. Delaney to be an Assistant Superintendent of the Survey of the Darjeeling Municipality, *vice* Captain A. H. Gwyn, I.A.

No. 563M—The 19th February 1915.—The following draft order which the Governor in Council proposes to make in exercise of the powers conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st April 1915, and any objection or suggestion which may be received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft order.

In exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the Nalchiti Municipality, in the district of Bakarganj, made in pursuance of a resolution passed at a meeting specially convened to consider the question, the Governor in Council is pleased to extend all provisions of Part X of that Act to the said Municipality.

No. 568 M.—The 20th February 1915.—In exercise of the power conferred by clause (a) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to approve the resolution passed by the Commissioners of the Raniganj Municipality, in the district of Burdwan, under sections 23 and 27 of that Act, electing Mr. G. Crawford to be Chairman of that Municipality, *in ce* Mr A. C. Hills. resigned.

H. F. SAMMAN.

Secy. to the Govt. of Bengal.

CORPORATION OF CALCUTTA.

General Election of Ward Commissioners

It is hereby notified for general information that, in exercise of the powers vested in them by section 53 of the Calcutta Municipal Act, 1899, the Local Government have been pleased to fix Tuesday, the 23rd March 1915, as the date for holding the next General Election of the Ward Commissioners of the Corporation of Calcutta.

H. ROSE

Offg Inspectress of Schools, Dacca Circle.

Dacca, the 18th February 1915

NOTIFICATION.

The 2nd February 1915

WITH reference to the Resolution of the Government of India in the Finance Department, No. 1251, dated 30th September 1914, prescribing revised rules for the examination of candidates in India for admission to the General List of the Indian Finance Department (copies may be obtained from the undersigned), it is hereby notified that candidates for nomination from the Province of Bengal, whose names have not already been registered, should submit their applications, together with the necessary documents, through the Principals of their Colleges, in strict accordance with the rules so as to reach this office on or before the 1st of March 1915

The applications should, in addition to the information called for by the rules, be accompanied by a statement of particulars under the heads detailed below —

- (a) Date of birth.
- (b) Father's name and profession.
- (c) Where educated—particulars from the fourteenth year of age.
- (d) The nature of the candidate's employment, if any.

Nominations will be restricted to natives of India within the meaning of the Statute 33 Vict., Chap 3, section 6. The possession of high educational qualifications is essential

W. C. WORDSWORTH,

Asst. Director of Public Instruction, Bengal.

Midnapore, the 20th February 1915.

J. G. DUNLOP, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Southern Section of the Eastern Bengal State Railway, in the district of 24-Parganas, will be put up to sale at 3.30 P.M. on the 7th April 1915, corresponding with the 24th Chaitra, 1321 B.S., at the Hotal Railway station.

The purchasers of the several plots of land will be subject to the following conditions—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the purchase-money exceed Rs. 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plot of land will be sold revenue-free to the highest bidder.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it and a regular conveyance will then be granted to the purchaser.

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands.

1. Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

- (i) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait
- (ii) The Middle Andaman excepting that portion to the west of Yolpg and south of the main line cleared from the junction of the Chara lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea

2. Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Pott Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands

3. Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter, but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited

4. The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works, and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract

5. The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound.

6. The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed —

- (i) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs

- (ii) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second-class logs,
4,000 tons of third-class logs

The outturn for the last six years of the license will be determined by working plans to be drawn up hereafter

7. In addition the licensees will be permitted to cut, subject to previous marking should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows —

Gurjan over 8 ft in girth, *dudu* and *pynma* over 7½ ft in girth, and *koko*, black *chuglam*, white *chuglam*, white *bambos*, red *bambos*, and *taungpein* over 6 ft in girth

8. The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be held to be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill

9. For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled, but thereafter minimum annual royalties will be payable as follows —

- (i) for the North Andaman, Rs. 1,00,000 per annum,
- (ii) for the Middle Andaman, Rs. 1,00,000 per annum,
- (iii) in case of a combined license for both islands, Rs. 2,00,000 per annum

10. Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them.

11. Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands

12. The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employes and the convict population in the Andamans

13 Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation

14 Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair

15 Such padauk timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub-periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State-worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917, shall not exceed 500 tons of squares and 1 000 tons of scantlings There will be no limit to the quantity of timber other than padauk which may be extracted from the areas under reference, and no restriction as to its disposal

16 The Inspector-General of Forests, Simla, will answer calls for further information

17 Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture, and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs 1,500 in cash or in Government securities This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below

18 All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture Simla This agreement must be signed within three months of the acceptance of the tender

19 Tenders, marked "Tender for Andamans Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915 The Government of India do not undertake to accept the highest or any tender either for padauk or for other timbers, or to assign any reasons for the refusal or acceptance of any tender

20 Without the written sanction of the Government of India no transfer, assignment or sub-letting of the license by the licensees will be valid

L J KERSHAW,

Secretary to the Government of India,
Department of Revenue and Agriculture

Notice.

A reward of Rs 50 is offered for the destruction of a rogue elephant which killed a cool working under a contractor on the night of the 12th instant at the sixth mile of the Chalsa-Tatiguri Road and badly injured another.

A. G. HALLIFAX, Deputy Commissioner

Jalpaguri, the 17th February 1915

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branch are entitled to a refund of 30 per cent of the premium paid, should the nominee predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller India Treasuries Imperial Secretariat Buildings, Calcutta.

Notice.

ON and from 15th October, 1914, the Government of Bengal has ceased to undertake cash sales of publications of that Government at the Bengal Secretariat Book Depot.

Intending purchasers should in future apply to Messrs Cambray & Co., Booksellers and Publishers, of No. 9, Hastings Street, or to Messrs Raj M C Sarkar Bahadur & Sons, of 75-1-1, Harrison Road, Calcutta, at whose premises all publications of this Government which are for sale will be open to inspection.

Agents for the sale of Government publications and booksellers, who are allowed commission on the purchase of books, will be supplied by the Book Depot as at present.

The Book Depot will continue as heretofore, to conduct sales of books by post, and persons, desirous of procuring Government publications by this method, should address their requisitions to the Book Depot.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

SULPHATE OF QUININE,
SULPHATE OF CINCHONIDINE,
CINCHONA FEBRIFUGE,
RESIDUAL ALKALOID
AND
Quinoidine

Manufactured at the Bengal Government
Cinchona Plantation

THESE articles are guaranteed to be free from wilful admixture with other Cinchona alkaloids. Quinine can be purchased by Government officers, District and Local Boards. It can also be purchased by Missionaries for bona fide public purposes. Otherwise it is not sold to private persons or firms. Cinchonidine is for sale to Government officers and to dealers. Cinchona Febrifuge can be purchased both in powder and 32 rain tablet forms by Government officers and the general public. It is also sold by the Principal Druggists in Calcutta. Quinoidine or Pure Amorphous Alkaloid and Residual Alkaloid or Amorphous Cinchona Alkaloid which contains about 40 per cent of Pure Amorphous Alkaloid are for sale to Missionaries and Government institutions only. These drugs are sold strictly cash and in advance, but private purchasers may use the V-P post system, and these are obtainable from the Superintendent, Javelle Jail, Alipore.

The rates for these drugs from 1st April 1914 are as follows—

Sulphate of Quinine	Rs
For quantities of not less than 6 lbs in one delivery, 15 per lb.	
For any quantity less than 6 lbs in one delivery, 18 " "

Gazette cannot be received after noon on Monday.

The Calcutta Gazette

WEDNESDAY, FEBRUARY 24, 1915

APPENDIX.

NOTICES TO MARINERS.

The following Notices are published for general information.

F A A. COWLEY,
Offg Secy to the Govt of Bengal

CALCUTTA, the 17th February 1915

BRITISH POSSESSIONS—CAUTION WHEN APPROACHING BRITISH PORTS

No 45 (first publication)—The following particulars, etc., relative to the above, issued by the British Admiralty (No 1 of 1915), are republished —

PART I

CLOSING OF PORTS

Former Notice.—No 1805 of 1914, (*This office No 17 of 1915*) hereby cancelled

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II, of this Notice and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three **red** vertical lights by night, or three **red** vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this Notice

If these signals are displayed, vessels must either proceed to the position marked "Examination Anchorage" on the Admiralty charts and anchor there, or keep the sea

(3) At all the ports or localities at home or abroad referred to in Part III of this Notice, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working

PART II

EXAMINATION SERVICE

(4) In certain circumstances it is also necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this Notice.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the Examination anchorage. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In entering by night any of the ports mentioned in Part III, serious delay and risk will be avoided if four efficient all round lamps, two *red* and two *white*, are kept available for use.

(7) **By day** the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surmounted by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed

By night the steamer will carry —

- (a) Three *red* vertical lights if the port is closed.
- (b) Three *white* vertical lights if the port is open

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer. In the absence of any instructions from the Examination Steamer they must proceed to the position marked "Examination Anchorage" on the Admiralty Charts and anchor there, or keep the sea.

Whilst at anchor in the Examination Anchorage, Masters are warned that they must not lower any boats (except to avoid accident), communicate with the shore, work cables, move the ship, or allow anyone to leave the ship, without permission from the Examination Steamer.

(9) In case of fog, Masters are enjoined to use the utmost care, and the Examination Anchorage itself should be approached with caution.

(10) Merchant vessels when approaching ports are specially cautioned against making use of private signals of any description, either by day or night: the use of them will render a vessel liable to be fired on.

(11) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART IV

SWEEPING OPERATIONS

H.M. Vessels are constantly engaged in sweeping operations off ports in the United Kingdom.

Whilst so engaged, they work in pairs connected by a wire hawser, and are consequently hampered to a very considerable extent in their manœuvring powers.

With a view to indicating the nature of the work on which these vessels are engaged, they will show the following signals —

A black ball at the foremast head and a similar ball at the yardarm, or where it can best be seen, on that side on which it is dangerous for vessels to pass

For the public safety all other vessels, whether steamers or sailing craft, must keep out of the way of vessels flying this signal, and should especially remember that it is dangerous to *pass between* the vessels of a pair

JAPAN—KIUSIU, NAGASAKI APPROACH

Io jima—Alteration in character of light

No 16 (first publication) —The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1 of 1915), are republished —

Position —On Io jima

Lat $32^{\circ} 12\frac{1}{2}'$ N long $129^{\circ} 15\frac{1}{2}'$ E

New abridged description —Lt Gp Fl (1), *ev 30 sec, 205 ft, vis 21 m*

Details —The fixed light has been replaced by a *group flashing white* light showing a group of *four flashes every thirty seconds*, thus —

4 flashes in quick succession	<u>eclipse</u>
15 secs	15 secs

Remarks —The new light has a power of 18,000 candles

Note —The other details of the light remain unchanged

Charts affected —No 2415, Nagasaki harbour

„ 2387 Io jima to Nadara jima

„ 359, Nagasaki to Karatsu with the Goto islands

„ 358, Western coasts of Kiusiu and Nipon

MALACCA STRAIT

Penang harbour—Existence of a wreck

No 49 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No 18 of 1915), are republished:—

Position.—At a distance of 5 cables, 16° (N 45° E *Mag*) from Fort Cornwallis Lighthouse

Lat 5° 24½' N., long 100° 21' E

Description.—Sunken wreck with mast showing 12 feet at low water

Remarks.—The bow and stern of the wreck are marked by sampans exhibiting red flags by day and *red* lights by night

Note.—The note “*Wreck (1914) marked by red lights*” is to be inserted against this wreck on the charts

Variation.—1° E.

Charts affected.—No. 3732, Penang harbour

„ 1366, Penang harbour and approaches.

Publication.—China Sea Directory, Vol 1, 1906, pages 170, 171

Authority.—Master Attendant, Singapore. (*H. 5914/14*)

EASTERN ARCHIPELAGO—CELEBES, EAST COAST

Tomori bay—Existence of a reef

No. 50 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No 27 of 1915), are republished:—

Position.—At a distance of about three-quarters of a mile, south-eastward, of Dediri island

Lat 1° 58' 00" S., long. 121° 26' 25" E., on chart No 2549.

Depth.—1½ fathoms, large stones.

Remarks.—The reef can be distinguished under water by its brown colour.

Charts affected.—No 2549, Tomori gulf

„ 3616, Tomori gulf to Salayar strait.

Publication.—Eastern Archipelago Pilot, Part II, 1913, pages 491, 492.

Authority.—Hague Notice, No. 2744 of 1914. (*H. 6123/14.*)

INDIA—WEST COAST.

Buoys off Porbandar—Correction to Admiralty Chart No. 1321.

No. 51 (first publication)—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No 22M of 1915), are republished.—

Details.—The two buoys marking the passage off Porbandar Anchorage are now reported not to exist, being permanently removed some 12 years ago; they should therefore be erased from chart No 1321, Káthiáwár Coast (Plan of Porbandar)

Publication—West Coast of India Pilot, 1909, page 291.

Authority—Surveyor in Charge Marine Survey of India

AUSTRALIA—EAST COAST

Cairns harbour, Entrance Channel—Illuminated Gas Buoy.

No 52 (first publication)—The Port Master, Brisbane, has given Notice (No 1 of 1915) that on or about twenty-third January 1915 an Illuminated Gas Buoy, painted red, with iron skeleton superstructure, will be moored at the outer end of the Entrance Channel to Cairns Harbour. The buoy will be moored in 24 feet at low water, 150 feet to the westward of the present line of leads and about 2,000 feet to the seaward of the tide clock beacon —

Character of light—White, occulting, 4 seconds bright, 4 seconds dark, visible 8 miles in clear weather Focal plane 11 feet 6 inches above water.

Illuminant—Acetylene gas

Charts affected—Nos 3133, 2350 and K24 Australia Directory, vol II

BAY OF BENGAL—CHITTAGONG COAST

Normans Point Light—Usual character resumed.

No 53-I (first publication) —

Former Notice—No 28-I of 1915

Subject—The Normans Point light has resumed its usual character

Position—Lat 22° 11' N, long 91° 49' E

Charts affected—No 859, Matla river to Elephant Point.

„ 84, Chittagong (Karnafuli) river

Publications—List of Lights, Part VI, 1914, No. 626.

JAPAN, FORMOSA AND KOREA.

New general system of Storm-signals.

No. 33 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No 1849 of 1914), are republished —

The following general system of storm-signals has been substituted for that formerly in use at all Japanese storm-signal stations:—

GENERAL DETAILS.

- (a) By day the signals are made by means of certain symbols, these symbols and their equivalent numbers are as follows:—

The symbols are usually red, but in some places to suit local conditions they are white.

- (b) By night the signals are made by means of *red, white and green* lights.

1. DAY SIGNALS.

- (a) Three symbols, vertical, at one yard-arm of the storm-signal mast, indicate the number of the district in which the centre

of a typhoon or cyclone is situated, thus:— indicates

district 313. (See Chart I.)

- (b) Two symbols at the other yard-arm show the direction of the progressive motion (See Table 1.)

TABLE I — Direction of Motion.													
<i>N.</i>	<i>NNE.</i>	<i>NE.</i>	<i>ENE.</i>	<i>E.</i>	<i>ESE.</i>	<i>SE.</i>	<i>SSE.</i>	<i>S.</i>	<i>SSW.</i>	<i>SW.</i>	<i>WSW.</i>	<i>W.</i>	
<i>WNW.</i>	<i>NW.</i>	<i>NNW.</i>	<i>Forming.</i>	<i>up.</i>	<i>Unknown.</i>	<i>Filling</i>	<i>Recurring</i>	<i>Steady</i>	<i>or Slow.</i>				

- (c) The rate of progression is shown by changing the relative positions of the direction symbols to the yard-arm. (See Table II.)
- (d) One symbol at the mast-head shows the time at which the centre was located, and the intensity of the rotatory storm. (See Table III.)

TABLE II —Rate of Progression.		
	Direction symbols separated by the normal distance	Moving in an easterly direction, velocity not known
	Direction symbols separated by twice normal distance	Moving in an easterly direction, 10 to 20 miles per hour
	Twice normal distance between yard-arm and upper symbol	Moving in an easterly direction, 20 to 30 miles per hour
	Twice normal distance between yard arm and upper symbol Also twice normal distance between the two symbols	Moving in an easterly direction, above 30 miles per hour.

TABLE III —Time and Force			
Time Force	This Morning 6 0 AM	This Afternoon 2 0 PM	Last Night 10 0 PM.
Not indicated			
Violent.			

2. NIGHT SIGNALS.

- (a) Three lights, vertical, at one yard-arm indicate the district in which the typhoon or cyclone is situated. (See Chart II.)
- (b) One light at the mast-head shows the sub-division of the district in which the centre is situated (See Table 4 and Chart II.)
- (c) Two lights, vertical, at the other yard-arm show the direction of the motion of the centre. (See Table 5.)

CALCUTTA, THE 20TH FEBRUARY 1915

RESOLUTION No. 2004

READ—

The Survey and Settlement Reports for the year ending on the 30th September 1914

THE reports show marked progress in carrying out the great task of surveying and preparing a record of rights for the districts of this Presidency. During the year records of rights were finally published for an area of 4,192 square miles, and records have now been completed for over 15,000 square miles, or nearly a quarter of the area in which the Bengal

Tenancy Act is in force. The area in which records of rights have been finally published includes the districts of Chittagong, Bakarganj, Faridpur and Jalpaiguri. The work is in progress in Dacca, Mymensingh, Midnapore, Rajshahi and Noakhali, while the traverse survey of Bankura and Jessore has just begun. According to a rough programme of future operations, which has recently been drawn up in consultation with Commissioners, the traverse survey of the Presidency will be completed about 1927 and the record of rights some four or five years later.

2. The Survey Department was employed during the year, in connection with major operations under the Bengal Tenancy Act in the districts of Mymensingh, Midnapore, Rajshahi and Noakhali. The traverse survey of Mymensingh was completed, and in Midnapore an area of less than 400 square miles remains. The total area surveyed during the year was 3,630 square miles as against 3,562 square miles in the previous year. The programme was everywhere carried out in full, and the expenditure in no case exceeded the standard cost-rates recently adopted. In addition to district surveys, the Department had to deal with various miscellaneous items of work, the most important of which were the Howrah town survey and the survey, on behalf of the Calcutta Improvement Trust, of the Calcutta added area and of the Maniktala, Tollygunge, South Suburban and Cossipore-Chitpur Municipalities. The work of preparing revenue maps in the Maniktala and Tollygunge Municipalities was hampered by delay in the disposal of disputes and in carrying out the attestation of the records. The Collector of the 24-Parganas should arrange, in consultation with the Director of Surveys, to deal with these matters as promptly as possible.

3. The survey school which was opened at Mainamati, near Comilla, on the 2nd January 1914 has made a good start in spite of a serious fire, which unfortunately broke out in August and destroyed the main school building and the Principal's house. Of the 41 students who went through the first year's course, the Director of Surveys^{asst} has selected about 15 for employment in the major traverse party, and he expects to be able to find appointments for most of the remainder. The Governor in Council is glad to see that an active interest is being taken in the school by several gentlemen who have kindly given prizes for the encouragement of the students, and he hopes that the school will succeed in proving its utility, both to Government and to the public, in preparing young men for the useful and interesting career which is open to a land-surveyor in this province.

4. Except for the disposal of cases filed after final publication and the recovery of costs, the work of the Settlement Department in Faridpur and Jalpaiguri was completed during the year. In the Sonthal area of Birbhum the proceedings for the settlement of fan rents under section 112 of the Bengal Tenancy Act have been confirmed by the Governor-General in Council since the close of the year, and the operations are now being wound up. In Dacca, Mymensingh, Rajshahi and Midnapore, good progress was made, and the programme for the year was successfully carried out, except in Midnapore, where, owing to the serious floods which occurred in the autumn of 1913, the operations had to be suspended in an area of about 150 square miles. The collapse of the jute market in August on the outbreak of the war seriously interfered with the recovery of the costs in the Eastern Bengal districts during the last two months of the year, in which large payments would ordinarily have been made out of the profits of the jute crop. Collections were made only from those who paid voluntarily and the use of coercive measures against defaulters was almost entirely suspended.

The settlement of rents in the Government estates in Jalpaiguri, and the land revenue settlement in the diara area of Faridpur have been practically concluded. In Dacca, where an area of 110 square miles is under land revenue settlement, most of the draft rent-rolls have been published. The new rental shows an increase of 75 per cent., due mainly to extension of cultivation, and it is reported that in the vast majority of cases the rents fixed have been accepted by the raiyats without objection. The land revenue, payable

by the landlords to Government, has not yet been assessed, but a considerable increase is expected.

The settlement of fair rents in permanently-settled estates was carried out on a considerable scale in the districts of Faridpur, Mymensingh and Jalpaiguri, in each of which the landlords obtained a substantial increase in their existing rental. The main ground of enhancement was the rise in the price of staple food crops, but considerable additions to the rent-roll were also made on account of the assessment of excess areas. Cess revaluation by the Settlement Department was completed in the districts of Faridpur and Jalpaiguri, and in about one-third of the total number of estates in the district of Dacca. The results of the revaluation based upon the settlement record have been very satisfactory, in spite of the fact that no account could be taken of enhanced rents settled under section 105 of the Bengal Tenancy Act after the final publication of the record-of-rights. The increases secured in the cess demand are 60 per cent in Faridpur, 40 per cent in Jalpaiguri, and 44 per cent in Dacca. In Midnapore the procedure for cess revaluation laid down in chapter IIA of the Cess Act, which is not in force in Northern and Eastern Bengal, has been found unworkable, the main difficulty being the necessity of completing the valuation-roll at attestation and before draft publication. It has, therefore, been decided that the Settlement Department should complete the revaluation only of the four thanas already taken up, the remaining thanas being left to be dealt with by the Collector after the settlement is completed. The question of amending the Cess Act, so as to remove the defects brought to light in Midnapore is under consideration.

5 The general agrarian conditions of the Eastern Bengal districts have been fully described in previous reports. The present report contains some interesting information regarding Midnapore and Rajshahi, which have been taken up more recently. Midnapore may almost be described as a province in miniature. The north and west of the district include aboriginal tracts in which the conditions resemble those found in the most backward areas of Chota Nagpur, the south consists mainly of Government estates, while the eastern portion comprises private estates, in many of which a system of coparcenary and subinfeudation prevails, hardly less complex than that of Eastern Bengal. Rajshahi is the first district of Northern Bengal (excluding Jalpaiguri and Darjeeling in which the conditions are peculiar) in which settlement operations have been undertaken on a large scale. The result so far seems to justify the view, which has sometimes been expressed, that the preparation of a record-of-rights for the protection of the tenantry is nowhere more urgently needed than in Northern Bengal. The description given in the report of the relations between landlord and tenant in the Naogaon subdivision reveals a most lamentable state of affairs. With a few notable exceptions, mismanagement and absenteeism appear to be the main characteristics of the permanently-settled estates. The levy of extortionate *abwab*, varying from four annas to nine annas per rupee of the rent, and of other illegal exactions is common, the tenants being too much afraid of their landlords or too ignorant of their own rights to resist these unjustifiable demands. It is reported that in many of the smaller estates every artifice is employed to dispossess a rayat in order that the land may be re-let on a produce rent, and to defeat the rights of heirs to succeed to occupancy holdings, particularly when they are females or minors or distant collaterals. The detection of these malpractices will, it is hoped, induce absentee proprietors, who have any regard for their own reputation, to look more closely into the actions of their agents and to take measures for discharging their responsibilities for the proper treatment of their tenantry.

6 Minor settlement operations in respect of scattered estates were in progress in thirteen districts. The inspections of the Director of Land Records revealed various defects in some of the proceedings, which had previously been outside his control, and steps are being taken to remedy them as far as possible. The record of status in some of the minor settlements in the Presidency Division seems to have been unsatisfactory and will require careful re-examination when the district operations are undertaken.

7 The reports received from district officers contain satisfactory evidence that full use is being made of the settlement records in ordinary administrative work and in criminal and civil litigation. In Bakarganj, where the record was not printed, no less than 17,355 applications were received for copies of the record-of-rights and connected papers. The maintenance of boundary marks seems to have received adequate attention in most districts. More than half the boundary marks in charge of District Officers were inspected, and the majority were found to be in good condition. The Director should draw the attention of the District Officers concerned to the cases in which steps have not yet been taken to restore damaged or missing marks.

8 The exhaustive examination of settlement finance and expenditure, which was begun nearly three years ago, has been completed, and a full report on the whole subject has recently been submitted to the Government of India. Revised and detailed estimates have been drawn up for each of the districts in which the work is now in progress, and, on the basis of the investigation made into the cost of the different branches of the work, revised standard cost-rates have been worked out for use in the preparation of estimates of the cost of the operations in new districts, and as a check on expenditure in operations in progress. The revised district estimates were not completed in time for use in connection with the reports under review, and the Director of Land Records has consequently been able to examine the actual expenditure only by reference to the new standard cost-rates, some of which have been slightly varied since the report was written. The reports contain ample evidence of the sustained efforts which are being made to conduct the operations with the utmost economy compatible with efficiency, but it is most desirable that Government should receive timely information of the effects of any change of programme or procedure on the scale of expenditure. Future reports should therefore include a comparison of the actual progress and expenditure in each settlement^{ss.} with the revised detailed programmes and estimates which have been drawn up, a clear explanation being given of any material deviations from the programme and of any important divergence from the scale of expenditure shown in the estimates. The same course should be followed in the Survey report as soon as orders have been passed on the questions now under consideration regarding the distribution of control and other miscellaneous charges over the different items of work.

9 The thanks of the Governor in Council are due to Major Hirst and Mr McAlpin for their efficient administration of the Survey and Settlement Departments throughout the year. His Excellency in Council desires also to acknowledge the good work done by the officers in charge of the major settlements. The names of the other officers who have been specially mentioned in the final chapters of the reports will be duly noted.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette* and that a copy of it, with copies of the two reports, be submitted to the Government of India.

By order of the Governor in Council,

J H KERR

Secretary to the Govt of Bengal.

DEPARTMENT OF STATISTICS, INDIA.

TRADE FLUCTUATIONS.

PRINCIPAL STAPLES IMPORTED INTO AND EXPORTED
FROM CALCUTTA IN THE EIGHT MONTHS OF
APRIL TO NOVEMBER 1914.

THE following tables are intended to show the trade of Calcutta in selected articles during the months of April to November 1914 by all routes, *i.e.*, by rail road, river, canal and sea. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the District Magistrates of the 24-Parganas and Howrah, and the Assistant Engineer Calcutta Canals.

Table I summarises briefly the imports into and exports from Calcutta of staples during the month of November 1914 as against the corresponding period of 1913. There was an increase in the imports during November 1914 of food-grains (excluding wheat), Indian cotton piece-goods, gunny bags, indigo and Indian tea, compared with the figures for the corresponding month of the previous year but the imports of coal and coke and jute (raw) decreased. As regards exports by sea (foreign and coastwise), there was an increase principally in the case of total food-grains, jute (raw), gunny bags and Indian tea, but there was a decrease in the case of coal and coke.

Tables II—VII give in detail the imports into and exports from Calcutta for the eight months ending November 1914.

The total imports into Calcutta in the eight months of April to November 1914 of rice, wheat, wheat-flour, gram and pulse and other food-grains were 21,000,000 maunds, as against 25,000,000 maunds and 32,000,000 maunds in the corresponding periods of 1913 and 1912. But although trade in food-grains declined generally, the imports of rice and wheat-flour showed an increase of about 2,000,000 and 70,000 maunds respectively, in the eight months of 1914, as compared with the corresponding eight months of 1913. The total imports of wheat, however, declined from 5,900,000 maunds in the eight months of 1913 to 3,200,000 maunds in the same period of 1914. The imports of husked rice and paddy were 13,902,000 maunds, as against 12,253,000 maunds in the corresponding period of 1913. The district of 24-Parganas supplied Calcutta with a little less than half of the total imports of rice received from Bengal. It will also be observed that Burma exported 8,300,000 maunds of rice and paddy to Calcutta as against 4,900,000 maunds received from the interior of Bengal.

There were also decreases in the imports of coal and coke, cotton raw, Indian cotton piece-goods, jute raw and mustard, raw silk, sugar (refined and unrefined) and unmanufactured tobacco, while cotton twist and yarn, Indian, indigo, gunny-bags, lac, tea and manufactured tobacco were imported into Calcutta in somewhat larger quantities. Of the Rs. 1,09,00,000 of Indian cotton piece-goods imported into Calcutta, Rs. 70,00,000 came from Bombay, Rs. 14,00,000 from the district of Hooghly and nearly Rs. 10,00,000 from the Central Provinces and Berar. More than Rs. 46,00,000 worth of piece-goods were imported *via* the Bengal-Nagpur Railway and over Rs. 37,00,000 *via* the Eastern Bengal State Railway.

Among the articles of import, jute, owing to war conditions, shows a very serious fall—only 2,297,000 bales were imported into Calcutta in the eight months, April to November 1914, as compared with 4,148,000 bales in the corresponding period of 1913. Jute was received chiefly from Faridpur (450,000 bales), followed by Dacca (412,000 bales), Mymensingh (268,000 bales), 24-Parganas (181,000 bales), and Rangpur (169,000 bales). Over 179,000,000 gunny-bags were imported almost entirely from the districts of Hooghly and the 24-Parganas.

Of the total imports of food-grains into Calcutta during the eight months April to November 1914 2,133,000 maunds were imported by boat, 146,000 maunds by steamer, 9,131,000 maunds by rail, 1,080,000 maunds by road,

and 8,513,000 maunds by sea (coastwise). Coal and coke was imported into Calcutta almost entirely (nearly 99 per cent.) by rail. In the case of jute, the major portion was imported by Eastern Bengal State Railway (56 per cent.) and steamer (26 per cent). Of 7,406,015 maunds of oilseeds, 87 per cent. was imported by the East Indian Railway. Indian tea was imported mostly by steamer and Eastern Bengal State Railway (steamer 45 per cent. and Eastern Bengal State Railway 33 per cent.).

There was a decrease in the imports by sea (foreign and coastwise) of cotton piece-goods from Rs. 18,98,18,000 in the eight months ending November 1913 to Rs. 16,27,29,000 in the corresponding period of 1914. The imports of kerosine oil by sea increased by 256,000 maunds and those of salt decreased by 2,853,000 maunds.

The exports of the number of gunny-bags by sea (foreign and coastwise) were 598,000,000, of which 540,000,000 went to foreign countries other than the United Kingdom, 34,000,000 to the United Kingdom, 14,000,000 to Burma, 4,000,000 to Bombay and 3,000,000 to Sind.

There has been a decline in the exports by sea of food-grains. In the eight months of April to November 1913, the exports of rice amounted to 5,649,000 maunds, wheat to 2,060,000 maunds, gram and pulse 2,594,000 maunds and other food-grains 1,534,000 maunds. In the corresponding period of 1914 the exports were rice 3,673,000 maunds, wheat 116,000 maunds, gram and pulse 1,014,000 maunds and other food-grains 88,000 maunds. For the eight months of 1914, therefore, the total exports of food-grains were 5,200,000 maunds, as against 12,241,000 maunds in 1913.

Exports of cotton piece-goods, foreign from Calcutta by rail, road, river, canal and sea (coastwise) during the eight months ending November 1914 amounted to Rs. 12,47,62,000 against Rs. 16,23,72,000 in the corresponding period of the preceding year. Of this Rs. 5,89,000 worth of piece-goods were exported by boat, Rs. 2,22,77,000 by steamer, Rs. 9,99,67,000 by rail, Rs. 13,37,000 by road and Rs. 5,93,000 by sea (coastwise).

In the case of gunny bags there was also a falling off in the exports from 66,440,000 to 53,869,000, about half the portion (45 per cent.) having been carried by sea (coastwise). There was an increase from 399,000 maunds to 431,000 maunds in the exports of kerosine oil from Calcutta, while those from Budge-Budge slightly declined from 1,767,000 maunds to 1,400,000 maunds.

No. I

Table showing the Imports into and Exports from Calcutta of the principal staples in the month of November 1914, compared with the trade of the corresponding month of 1913.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 22nd February 1915

Summary.—During the week under review light-to-moderate showers fell in a number of places facilitating agricultural operations and doing good to the standing crops. The mango blossoms at Malda are, however, reported to be slightly injured by the rainfall. Preparation of lands for jute and other *bhailoi* crops is going on briskly. Threshing of winter paddy, harvesting of *rabi* crops and pressing of sugarcane continue. The prospects of standing crops continue to be fairly satisfactory. Cattle-disease is reported from eleven districts. The average price of common rice for the Province has fallen by about 0.9 per cent., as compared with that of the previous week.

Serial No	Districts and subdivisions	Rainfall	PRICE OF COMMON RICE, IN SEERES, PER RUPEE		Character of the weather, condition of crops, etc
			This week	Previous week

GENERAL.—No. 1820A.—The 24th February 1915. The services of Mr. H. R. Wilkinson, I.C.S., are placed at the disposal of the Government of India in the Army Department with effect from the 1st March 1915.

No. 1891A.—The 25th February 1915.—In modification of the orders of the 4th August 1914, it is notified that Major H. G. L. Corbett, 93rd Burma Infantry, held charge of the duties, other than magisterial, of the office of Cantonment Magistrate of Barrackpore, in addition to his own duties, from the 19th May 1914 to the 30th June 1914, both days inclusive.

No. 1893A.—The 25th February 1915.—In modification of the orders of the 4th August 1914, it is notified that Major W. H. Simpson, 93rd Burma Infantry, held charge of the duties, other than magisterial, of the office of Cantonment Magistrate of Barrackpore, in addition to his own duties, from the 1st July 1914 to the 19th July 1914, and again from the 22nd July 1914 to the 30th September 1914, both days inclusive.

No. 1895A.—The 25th February 1915—Captain A. W. R. Sprot, 1st Argyll and Sutherland Highlanders, held charge of the duties, other than magisterial, of the office of Cantonment Magistrate of Dum-Dum, in addition to his own duties, from the 19th May 1914 to the 2nd June 1914, both days inclusive.

No. 1897A.—The 25th February 1915—Captain D. M. Porteous, 1st Argyll and Sutherland Highlanders, held charge of the duties, other than magisterial, of the office of Cantonment Magistrate of Dum-Dum, in addition to his own duties, from the 3rd June 1914 to the 30th September 1914.

No. 1902A.—The 25th February 1915.—The services of Mr. J. H. A. Street, I.C.S., Joint Magistrate and Deputy Collector, Darjeeling, are placed temporarily at the disposal of the Hon'ble the Chief Commissioner of Assam

No. 2062A.—The 2nd March 1915—Mr H. T. Cullis, I.C.S., is appointed substantively to be a Joint Magistrate and Deputy Collector of the first grade with effect from the 1st March 1915.

POLICE.—No. 1998A.—The 27th February 1915.—Babu Sukumar Sen Gupta, Deputy Superintendent of Police, Nator, Rajshahi is transferred to the headquarters station of the Bakarganj district.

LEAVE.

GENERAL—No 2060A.—The 2nd March 1915—Mr H T. Cullis, I.C.S., is allowed combined leave for eight months, viz, privilege leave, under articles 272 and 260 of the Civil Service Regulations, for three months with effect from the 1st March 1915, and furlough for the remaining period under article 308(b) of the Regulations.

No. 2072A—The 2nd March 1915—Maulvi Atai Ilahi, Deputy Magistrate and Deputy Collector, Chittagong, is allowed leave for one day, under article 260 of the Civil Service Regulations, in extension of the leave granted to him under the orders of the 6th February 1915.

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 2270L.R.—The 27th February 1915.—Under the provisions of section 3 (17) of the Bengal Tenancy Act, 1885 (VIII of 1885), the undermentioned settlement Kanungos are appointed to discharge, in the districts of Tippera and Noakhali, the functions of a Revenue officer, under Chapter X of that Act, so far as they relate to surveys and the preparation of records-of-rights:—

1. Babu Jogesh Chandra Guha.
2. „ Probhat Chandra Banarji.

No. 2283 L.R.—The 27th February 1915.—In exercise of the power conferred by section 103B, sub-section (3), of the Bengal Tenancy Act, 1885 (VIII of 1885), the Governor in Council is pleased to declare that a record-of-rights has been finally published under section 103A, sub-section (2) of the said Act, for every village included in thanas Haluaghat, Nalitabari, Muktagacha and Fulberia in the district of Mymensingh.

No. 2299 L.R.—The 27th February 1915—Under section 3 (17) of the Bengal Tenancy Act, 1885 (VIII of 1885), Babu Rai Charan Pal, Sub-Deputy Collector, is appointed to discharge, in the district of Dacca, as well as in those revenue survey mauzas which are comprised within the administrative boundaries of the district of Tippera or Pabna, but which fall wholly or partly within five miles from the main stream of any river which forms the administrative boundary of the district of Dacca, the functions of a Revenue officer under Chapter X of that Act, so far as they relate to surveys and the preparation of records-of-rights.

No. 2296 L.R.—The 27th February 1915—Babu Rai Charan Pal, Sub-Deputy Collector, employed as an Assistant Settlement Officer in the district of Noakhali, is appointed to be an Assistant Settlement Officer in the district of Dacca, with effect from the date on which he may take over charge of his duties.

No. 2301.—The 27th February 1915.—In exercise of the powers conferred by section 101 (2) (d) of the Bengal Tenancy Act, 1885 (VIII of 1885), the Governor in Council is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands situated within the boundaries of the Government estate Amanat Sarkar Palasgathi, bearing tauzi No. 688 on the revenue roll of the district of Malda.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

- (a) the name of each tenant or occupant;
- (b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, rayat holding at fixed rates, settled rayat, occupancy rayat, non-occupancy rayat or under-rayat and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
- (c) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;
- (d) the name of each tenant's landlord;
- (e) the rent payable at the time the record-of-rights is being prepared;
- (f) the mode in which that rent has been fixed, whether by contract, by order of a Court or otherwise;
- (g) if the rent is a gradually increasing rent, the time at which and the steps by which it increases;
- (h) the special conditions and incidents, if any, of the tenancy;
- (i) any right of way or other easement attaching to any land for which the record-of-rights is being prepared;
- (j) if the land is claimed to be held rent-free, whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority.

No. 2409 L.A.—The 2nd March 1915.—Babu Shashi Bhushan Bhattacharji, Sub-Deputy Collector, is vested with the powers of a Collector under the Land Acquisition Act, I of 1894, for acquiring lands for public purposes in the district of the 24-Parganas.

The 2nd March 1915.—The following is published for general information.

J. H. KERR,
Secy. to the Govt. of Bengal.

CIRCULAR No. 2.

DOWNING STREET,
The 11th September 1914.

SIR,

I HAVE the honour to inform you that my attention has been directed to the yearly increasing demands which are being made on the Imperial Institute by private individuals and firms for reports on technical subjects and specially on the composition and value of raw materials.

2. In the past it has generally been impossible to accede to such requests for investigations from private individuals and firms owing to the pressure of other work. At the same time the conduct of such investigations seems to me to be a legitimate function of the Institute, and I have been given to understand that the demand for such reports would be considerably extended if it were known throughout His Majesty's Possessions that the Institute was prepared to undertake for individuals special reports of the kind indicated in paragraph 8 of the Earl of Elgin's Circular despatch of the 31st of July, 1906

3 The Institute, however, is now so completely occupied with the scientific, technical, and commercial researches demanded by the Agricultural, Mines, and other technical departments of the Governments of those parts of His Majesty's dominions which contribute to its funds that it is impossible to undertake investigations on any considerable scale for private individuals and firms without adding to the technical staff, and therefore to the general expenses, of the Institute. But having decided to meet what I believe to be a growing demand for such work, I am authorising the Imperial Institute to undertake in future for an appropriate fee researches, investigations, analyses, etc., required by private individuals and firms, either in this country or any of His Majesty's oversea dominions.

4 It will be left to the authorities of the Institute to decide in the case of each application whether or no the request for researches, etc., is one with which the Imperial Institute can properly comply

5. Any reports which may be supplied under this arrangement will become the property of those who pay for them and will not be communicated either by the Imperial Institute or by any Government to other persons, or published without the consent of those concerned

6 As it is undesirable that the Imperial Institute should compete with the professional expert, I propose that only special investigations, etc., should be undertaken, *i.e.*, on subjects of a technical character with which the Imperial Institute is exceptionally qualified to deal, especially those relating to the production and utilisation of materials which occur in the British Empire or which might be introduced into British countries and are considered likely to be of value to British commerce or trade.

7 It may be useful if I refer to some of the more important matters with which the Imperial Institute is in a special position to deal:—

- (a) Investigations as to the value of new or little known raw materials for commercial purposes.
- (b) Chemical analyses, assays and valuations of raw materials, such as fibres, rubbers, oil-seeds, waxes, food-stuffs, tanning materials, essential and fixed oils, gums, resins, drugs, tobaccos, soils, minerals, ores, waters, fuels, etc., etc.
- (c) The technical testing of rubber, timbers, cotton, fibres, cements, and other materials.
- (d) Identifications of vegetable and mineral substances.

8. I am informed that the Managing Committee are not prepared at present to suggest any actual scale of fees which could meet the variety of cases which are likely to occur. The fee must be arranged between the Institute and the individuals or firms who require investigations to be made. The matter will be in the hands of the Director, who will from time to time report to the Managing Committee the fee proposed in any special case in which this cannot be determined by ordinary practice.

9. I believe that the adoption of the plan I have indicated will increase the usefulness of the Imperial Institute to the manufacturing and industrial communities of all countries of the Empire; and, as it will doubtless be of importance to the residents of the Colony Protectorate under your Government, I shall be glad if you will take steps to make the arrangement I have sanctioned widely known, either by publishing this despatch in whole or part in the Official Gazette or in such other way as may seem to you to be most effective.

I have the honour to be,

SIR,

Your most obedient, humble servant,

L. HARCOURT.

DECLARATION

No. 2280 L.A.—The 27th February 1915.—Whereas it appears to the Governor in Council that land is required to be taken by Government at the expense of the East Indian Railway Company for a public purpose, viz, for Boralia Coal Company's siding in the villages of Kaindah, Dasdeah *alias* Bowlah and Chara, pargana Shergurh, zilla Burdwan, it is hereby declared that for the above purpose a piece of land measuring, more or less, 13 bighas 3 cottahs and 13 chitaks of standard measurement, equivalent to 4.36 acres, bounded on the—

North—By the lands of Sasi Shanui, Kunja Behari Bhattacharji, Dhukra Majhi, Rameswar Malia and Pathu Majhi,

East—By the land of Rameswar Malia,

South—By the land of the East Indian Railway Company,

West—By the land of Sasi Shanui,

is required within the aforesaid villages of Kaindah, Dasdeah *alias* Bowlah and Chara.

Mines of coal, iron-stone, slate or other minerals lying under the land, or any particular portion of the land, except only such parts of the mines or minerals as it may be necessary to dig or carry away or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the Special Land Acquisition Deputy Collector, Burdwan, as well as in that of the District Engineer, East Indian Railway, Asansol.

J. H. KERR,

Secy. to the Govt. of Bengal

No 2290—The 27th February 1915.—Under section 3, Bengal Act I of 1876 (an Act to provide for the voluntary registration of Muhammadan marriages and divorces), the Governor in Council has been pleased to grant a license to Maulvi Abdul Latiff (No. II), authorizing him to register Muhammadan marriages and divorces, and to exercise the other functions of a Muhammadan Marriage Registrar, within thana Hariampur, in the district of Dacca.

No. 2291.—The 27th February 1915.—Under section 2, Act XII of 1880 (an Act for the appointment of persons to the office of Kazi), the Governor in Council has been pleased to grant a *sanad* (license) to Maulvi Abdul Latiff (No. II), appointing him Kazi of thana Hariampur in the district of Dacca, for the celebration of marriages and the performance of other rites and ceremonies, when application is made to him to perform any such functions.

No 2337 Regn—The 2nd March 1915.—Under section 3, Bengal Act I of 1876 (an Act to provide for the voluntary registration of Muhammadan marriages and divorces), the Governor in Council has been pleased to grant a license to Maulvi Saiyid Ahmad Bakht, authorising him temporarily to register Muhammadan marriages and divorces, and to exercise the other functions of a Muhammadan Marriage Registrar, within thana Comilla, in the district of Tippera.

No 2338 Regn—The 2nd March 1915—Under section 2, Act XII of 1880 (an Act for the appointment of persons to the office of Kazi), the Governor in Council has been pleased to grant a *sanad* (license) to Maulvi Saiyid Ahmad Bakht, appointing him temporarily to act as Kazi of thana Comilla, in the district of Tippera, for the celebration of marriages and the performance of other rites and ceremonies, when application is made to him to perform any such functions.

No 2341 Regn.—The 2nd March 1915—Under section 3, Bengal Act I of 1876 (an Act to provide for the voluntary registration of Muhammadan marriages and divorces), the Governor in Council has been pleased to grant a license to Maulvi Abdul Bari, authorizing him temporarily to register Muhammadan marriages and divorces, and to exercise the other functions of a Muhammadan Marriage Registrar, within thana Chandpur in the district of Tippera.

No 2342 Regn—The 2nd March 1915—Under section 2, Act XII of 1880 (an Act for the appointment of persons to the office of Kazi), the Governor in Council has been pleased to grant a *sanad* (license) to Maulvi Abdul Bari, appointing him temporarily to act as Kazi of thana Chandpur, in the district of Tippera, for the celebration of marriages and the performance of other rites and ceremonies, when application is made to him to perform any such functions.

J. H. KERR,

Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 2278 Regn—The 27th February 1915.—In exercise of the powers conferred by section 24 of Bengal Act I of 1876 (Muhammadan Marriages and Divorces Registration Act), the Governor in Council is pleased to prescribe the following rules for the examination and confirmation of probationary Muhammadan Registrars, in supersession of the rules published by Notification of the late Eastern Bengal and Assam Government, No. 3319-G., dated the 30th July 1908:—

1. Every candidate selected for appointment as a Muhammadan Registrar shall at first be appointed on probation and shall not be confirmed until he has passed the prescribed examination.

2. The said examination shall be held annually in each division in June at a convenient centre under the superintendence of a District Registrar or a gazetted officer of Government, to be nominated by the District Registrar.

The centre should be selected by the Inspector-General of Registration in consultation with the District Registrars.

3. The examination will consist of two papers, one in Muhammadan Law, especially the law of marriage and divorce, the other comprising questions on the Bengal Muhammadan Marriages and Divorces Registration Act, I of 1876, and the Kazis Act (XII of 1888), and rules framed thereunder by Government.

4. Probationers being passed students of the Arabic Department of a Madrasah will be required to present themselves for examination in the second only of these papers.

5. The papers will be set by one of the members of the Permanent Committee, or by a person appointed by the Permanent Committee, and the said person shall also examine the papers and mark them and submit the results to the Permanent Committee for approval. The Committee will decide which of the candidates shall be considered to have passed.

6. Every probationer will be allowed to appear twice, provided that no probationer will be compelled to appear within less than six months from the date of his appointment. Any candidate who fails to pass within three years from the date of his appointment shall be removed from his office.

By order of the Governor in Council,

H. L. STEPHENSON,

Secretary.

FINL. DEPT., SEP. REV. BRANCH, CALCUTTA, the 26th February 1915.

No. 326S.R.—The 24th February 1915—In exercise of the power conferred by section 2, sub-section (9), clause (b), of the Indian Stamp Act, 1899 (II of 1899), the Governor in Council is pleased to appoint the senior Deputy Collector at Hooghly to be *ex-officio* "Collector" in the district of Hooghly for the purposes of sections 40, 41, 42, 48, 49, 52, 53 and 54 of that Act.

Copy of a letter to the Accountant-General, Bengal, No. 1298F., dated the 25th February 1915, sanctioning the grant of grain compensation allowance for the month of January 1915, published for general information.

In continuation of Government Order No. 532F., dated the 27th January 1915, I am directed to convey the sanction of Government to the grant of grain compensation allowance of Re 1 a month to all whole-time servants under this Government on the Civil establishment, drawing Rs. 12 or less per month, who are employed in the districts of Bengal, except Chittagong Hill Tracts, in which cheapest common rice was dearer than 10 seers per rupee during the month of January 1915. These orders will have effect for the month of January 1915.

No. 694Com.—The 24th February 1915.—In exercise of the power conferred by clause 6, sub-clause (2) of the Hostile Foreigners (Trading) Order, 1914, the Governor in Council is pleased to declare that the following Companies have not applied for a license to trade in accordance with the provisions of the said Order, viz—

(1) A. Menges & Co.

(2) Otto Shacke & Co.

No. 759 Com.—The 2nd March 1915.—In exercise of the power conferred by clause 2 of rule 137 of the rules to regulate the manufacture, possession, sale, transport and importation of explosives, published with the Notification of the Government of India in the Department of Commerce and Industry, No 4013-33, dated the 6th June 1914, at pages 1013-1073, of Part I of the *Gazette of India* of the same date, and in supersession of the order contained in the Eastern Bengal and Assam Government Notification No. 3759Pl., dated the 9th November 1911, the Governor in Council is pleased to direct that all Police Officers of the rank of Sub-Inspector may, within the limits of their local authority, exercise the powers of inspection, search, seizure, detention and removal of explosives conferred by the said rules in connection with magazines licensed in Form D only.

H. L. STEPHENSON,
Secy to the Govt of Bengal.

DECLARATION.

No. 768Com.—The 2nd March 1915—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Jamehari siding, which takes off the new third line of the East Indian Railway at mile 124, feet 2,512 as lies between mile 124, feet 2,753 and mile 124, feet 4,116 and as is edged with pink on plan L.A.M.A. No. 246, and whereas coal mines are situate under the said land, and whereas Kumar Promothanath Maliah has given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as the Jamehari seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Kumar Promothanath Maliah has agreed not to work and get minerals underlying the land acquired for their siding or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety

of the undertaking or any part thereof, nor to claim any compensation for any restricted working.

Now, therefore the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Kumar Promothanath Maliah in the manner and subject to the restrictions below specified, viz:—

- (a) Where the vertical distance from the roof of a working to the natural surface of the ground is less than 50 feet no coal whatever shall be worked.
- (b) Where the vertical distance from the roof of a working to the natural surface of the ground exceeds 50 feet galleries not exceeding 9 feet in height by 10 feet in width, with centres not less than 50 feet apart may be driven, forming pillars not less than 10 feet square to be left unworked.
- (c) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth, may be made where required by any rule made under the Indian Mines Act, 1901.
- (d) Any inrush of water, quicksand or soft material, shall be reported to the Chief Inspector of Mines without delay.
- (e) These restrictions apply to the seam known as Jamehari seam only and to the area edged with pink upon the plan, and Kumar Promothanath Maliah shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of his intention to work any other seam under this area or to work any other area of acquired land, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L.A.M.A. No. 246 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

NOTIFICATIONS.

No. 361Medl—The 23rd February 1915—In exercise of the power conferred by section 3 of the Lepers Act, 1898 (III of 1898), the Governor in Council is pleased to appoint a part of the Leper Asylum maintained at Bankura by the Mission to Lepers in India and the East to be a leper asylum for the purposes of that Act, and to specify the district of Bankura as the local area from which lepers may be sent to that asylum.

2. The Governor in Council is also pleased, under section 4 of the aforesaid Act, to appoint the Superintendent of the Leper Asylum at Bankura, maintained by the Mission to Lepers in India and the East, to be the Superintendent of the said Asylum for the purposes of the Act.

No. 362Medl—The 23rd February 1915.—In exercise of the power conferred by section 4 of the Lepers Act, 1898 (III of 1898), the Governor in Council is pleased to appoint the Civil Surgeon of Bankura to be the Inspector of Lepers in the district of Bankura.

No. 366 Med.—The 23rd February 1915.—Part of the Leper Asylum at

Bankura.

Bankura, maintained by the Mission to Lepers in India and the East, having been appointed to be a Leper Asylum for the purposes of the Lepers Act, 1898 (III of 1898), the Governor in Council is pleased, in exercise of the power conferred by section 16 of the said Act, to make the following rules for carrying out the purposes of the Act at that Asylum :—

RULES.

1. (1) The Asylum as aforesaid shall be under the management of the Superintendent appointed under rule 5, and shall be subject to inspection and supervision by the Board appointed under section 5 the Act.

(2) The Board shall consist of four members.

(3) The District Magistrate of Bankura shall be *ex-officio* President of the Board, and the Civil Surgeon of the district shall be an *ex-officio* member.

2. (1) The Board shall meet at least once every three months for the transaction of business, at such place as may be fixed by the President. The President may also call a special meeting at any time. Two members shall form a quorum. The proceedings of the Board shall be recorded in a book to be kept for that purpose.

(2) The Board at its ordinary meetings shall appoint two or more of its members, one of whom shall be a medical member, to fulfil the requirements of section 13 of the Act until the date of its next meeting.

(3) The inspection book kept under section 13 shall be laid before the Board, and the Board may enter any remarks that it may deem proper in regard to the condition of the Asylum and such of its inmates as have been admitted under the Act, and any suggestions for the management of the Asylum.

3. The President shall submit to the Local Government a copy of all remarks entered by the members of the Board in the book kept under section 13.

4. When a Magistrate sends a leper to the Asylum under section 8 he shall cause to be attached to the warrant of detention (Form C) a descriptive-roll containing

the following particulars, viz :—

- (1) Name
- (2) Father's name.
- (3) Age, height and general appearance.
- (4) Sex
- (5) Caste or religion
- (6) Place of abode.
- (7) Occupation
- (8) Family history, if known
- (9) List of property sent with the leper.

5. The Superintendent of the Asylum maintained by the Mission to Lepers in India and the East shall be *ex-officio* Superintendent of the Asylum for the purposes of the Act.

6. (1) The Superintendent shall be responsible for the carrying out of all rules and orders affecting the Asylum, for the maintenance of order and discipline therein, and for the comfort and well-being of the inmates in respect of general and medical treatment.

(2) He shall report to the President, as they occur, all escapes and breaches of discipline among the lepers admitted under the Act, and all sudden deaths and outbreaks of epidemic disease and the measures taken to prevent the spread of such disease.

(3) In cases of escape of a leper admitted under the Act, he shall also forward a report to the officer in charge of the Bankura police-station, with a description of the leper to enable the police to take measures to effect a recapture.

Medical charge

7. (1) A qualified medical practitioner shall be in medical charge of the Asylum.

(2) His appointment shall, so far as his duties relate to that portion of the Asylum set apart for the purposes of the Act, be subject to the approval of the Surgeon-General with the Government of Bengal, and in the performance of those duties he shall be under the professional control and supervision of the Civil Surgeon of the district.

(3) He shall act in immediate subordination to the Superintendent.

(4) In the event of any epidemic disease appearing he shall at once make a report to the Superintendent.

(5) He shall keep a case-book in Form V for each leper in the Asylum.

8. All the subordinates employed for the purposes of the Act shall be appointed by the Board, but the Superintendent shall have power, in case of a vacancy occurring from any cause, to appoint a temporary substitute.

Appointment of subordinates

9. When a leper is admitted into the Asylum under the Act, the Superintendent, after satisfying himself that the medical certificate (Form B) and the Magistrate's warrant (Form C) are in order, shall make the necessary entries regarding the leper in the General Register in Form I and shall see that the necessary treatment is at once accorded by the medical officer of the Asylum.

Procedure on admission

10. (1) The Superintendent shall take charge of, and enter in Register I, all clothes and property brought by any leper into the Asylum.

Clothes and property of lepers

(2) No article shall be brought into the Asylum without the Superintendent's permission.

11. The scale of diet, the hours of meals, and the general routine of the Asylum shall be prescribed by the Superintendent subject to the approval of the Board, and shall ordinarily be similar to those prescribed by the rules of the Asylum maintained by the Mission to Lepers in India and the East.

Diet and routine

12. The inmates of the Asylum shall obey all orders lawfully given by the Superintendent.

13. The pauper lepers shall be employed on such light occupations as may be determined by the Superintendent, subject to the approval of the Board.

Employment of lepers

14. Lepers admitted under the Act, who are desirous of availing themselves of the facilities for education offered by the Mission to Lepers in India and the East, shall be permitted to do so at their own option.

Education

15. Every leper admitted under the Act shall be permitted the free exercise of his religion and caste rules, and no distinction in treatment shall be made between Christians and non-Christians.

Free exercise of religion

16. Friends and relatives shall be admitted to visit inmates at stated times with the permission of the Superintendent.

Visit of friends

17. Breaches of discipline shall be punished by the Superintendent at his discretion, subject to any general or special direction of the Board. All orders of punishment

Punishment

shall be entered in a register kept for the purpose, which shall be submitted regularly for the approval of the Board.

Registers and returns

18. The following registers and books shall be kept by the Superintendent :—

- A General Register in Form I,
- A Punishment Register in Form II,

and the following annual returns shall be furnished to the Board :—

- A Return of Admissions and Discharges in Form III,
- A Return of Patients in Hospitals in Form IV.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

FORM II.

Register showing the Punishments inflicted by order of the Superintendent.

[See Rules 17 and 18]

Serial No	Date	NAMES	Nature of offence	Punishment awarded	Initials of Superintendent	Remarks by Board
1	2	3	4	5	6	7

- (d) exercise the trade or calling of barber, washerman, water-carrier, baker, confectioner, tailor, draper, haberdasher, domestic servant, school-master, clerk, medical practitioner or butcher

No. 365 Medl—The 23rd February 1915.—In exercise of the power conferred by section 15 of the Lepers Act, 1898 (III of 1898), the Governor in Council is pleased to appoint the Commissioner of the Bardwan Division to be the officer to whom appeals may be made in respect of the matters referred to in that section.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

BENGAL STATE MEDICAL FACULTY.

No. 424Med.—The 2nd March 1915.—In exercise of the power conferred by article 6 of the Statutes of the Bengal State Medical Faculty (published under the Resolution of the Bengal Government No 2545Medl., dated the 11th August 1914, at pages 1553-1562 of Part I of the *Calcutta Gazette* of the 12th *idem*), the Governor in Council is pleased to direct that the following Schedule be substituted for the Schedule annexed to the said Statutes (as amended by Notification No 4034Medl, dated the 3rd September 1914).—

SCHEDULE.**INTERPRETATION CLAUSES**

1. "Recognised" means recognised for the purpose by the Bengal Council of Medical Registration
- 2 "A Recognised University" means a University established and incorporated under the Indian Universities Acts or a University of the United Kingdom or the Colonies
- 3 Regular attendance shall be considered to be attendance at 75 per cent of the lectures and Practical Classes in that subject in a Recognised College or School

**EXAMINATION FOR MEMBERSHIP OF THE STATE
MEDICAL FACULTY**

The Examination shall consist of three parts—

- (i) The Primary or Preliminary Scientific Examination
- (ii) The Intermediate Examination
- (iii) The Final Examination

Each of these Examinations shall be held twice a year at such times as the Governing Body shall determine

THE PRIMARY OR PRELIMINARY SCIENTIFIC EXAMINATION

1 Every candidate for the Primary or Preliminary Scientific Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 20 at such time before the Examination as may be fixed by the Governing Body. He shall also furnish certificates—

- (a) that he has passed the Matriculation Examination or any higher Examination in Arts or Science of a Recognised University. The School Final Examination for Indian Schools and the High School or Scholarship Examination for European Schools or any Examination which is accepted by the Local Government as equivalent thereto will be accepted as equal to the Matriculation Examination,
- (b) that he has been engaged in medical studies for one academical year in a Recognised Medical College or School after passing the Matriculation Examination or its equivalent,
- (c) that subsequent to passing the Matriculation Examination (or its equivalent) he has attended regularly the following Courses of lectures and Practical Classes in a Recognised Medical College or School —
 - (i) One Course of 60 lectures in Chemistry and 30 attendances at Practical Classes,
 - (ii) One Course of 40 lectures in Physics and 20 attendances at Practical Classes,
 - (iii) One Course of 40 lectures in Biology and 40 attendances at Practical Classes,
- (d) that he is of good character. This certificate must be signed by the Head of the Medical College or School in which the Candidate has received his training,

(e) that he is not under the age of 17 on the first day of the month in which the Examination is held The certificate shall state the exact age of the Candidate

2. Every Candidate shall be examined in the following subjects —

(a) Chemistry, Inorganic and Organic, having special reference to Practical Medical Science

(b) Elementary Physics

(c) Elementary Biology

3 The Examination shall be written, oral and practical

4 A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee A Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs 20 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of his Institution in the subject or subjects in which he has failed, provided that any Candidate who has failed four times will not be admitted to further Examination, except on the special recommendation of the Head of the College or School

Exemptions

1 Any Candidate who has passed the Preliminary Scientific M B Examination of any Recognised University shall, except in Chemistry, be excused attendance at lectures and the Practical work and also the Theoretical, Oral and Practical Examination for the Preliminary Scientific Examination of the State Medical Faculty

2 Any Candidate who has passed the Intermediate Examination in Arts or Science of any Recognised University, in one or more of the following subjects, namely, Physics, Botany and Zoology,* shall be excused attendance at lectures and the Practical work and shall not be examined in the theoretical portion of the Examination in the corresponding subjects No Candidate under this exemption shall be excused the oral and practical portion of the Examination in any subject, unless he can produce a certificate of having passed a Practical Examination in that subject

3 Bachelors of Arts or Science of any Recognised University who have passed in Physics, Chemistry, Botany and Zoology* will be excused attendance at lectures and the Practical work and also the Theoretical, Oral and Practical Examination in the subjects in which they have already passed

THE INTERMEDIATE EXAMINATION

1 Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 25 at such time before the Examination as may be fixed by the Governing Body He shall also furnish certificates—

(a) that he has passed the Primary or Preliminary Scientific Examination at least two years previously,

(b) that he has attended regularly the following Courses of instruction at a Recognised Medical College or School —

(i) Two Courses of 50 lectures each in General and Descriptive Anatomy and a course of Dissections during two winter terms, in the course of which he has completed the dissection of the entire human body

(ii) Two Courses of 40 lectures each in Materia Medica and Pharmacology and a Course of instruction in Practical Pharmacy extending over two months, including a practical knowledge of the preparation and compounding of medicines.†

* No exemption in General Biology at the Preliminary Scientific Examination will be granted to Students who have not passed the Intermediate Examination in Arts or Science or the B. A. or B. Sc. Examination with Botany and Zoology

† The instruction in Practical Pharmacy may be received at any time before the Student enters for examination in this subject, and certificates under this sub-section will be accepted from the Heads of Hospitals or Dispensaries recognised by the Surgeon-General with the Government of Bengal for the training of compounders or from members of the Pharmaceutical Society of Great Britain in actual practice of their profession

- (iii) Two Courses of 40 lectures each in Physiology and Practical Courses in (1) Normal Histology, (2) Experimental Physiology and (3) Physiological Chemistry, each extending over a period of three months

Provided that (1) a Licentiate of the State Medical Faculty, (2) a registered practitioner who is entered in the Medical register by virtue of his having been trained in a Government Medical College or School and his holding a diploma or certificate granted by Government, (3) a female Student who has obtained a certificate entitling her to practise in Medicine, Surgery or Midwifery from a Government School or College may be admitted to a combined Primary and Intermediate Examination on producing certificates—

- (a) that ^{he}_{she} has passed the Matriculation Examination of a Recognised University or its equivalent,
- (b) that ^{he}_{she} has subsequently been engaged for one year in medical studies in a Recognised Medical College or School and regularly attended an additional course of lectures and Practical Classes in each of the following subjects —

Biology		Anatomy
Chemistry and Physics		Physiology
Materia Medica, including Practical Pharmacy		

2 Every Candidate shall be examined in the following subjects —

- (a) Anatomy
- (b) Physiology
- (c) Materia Medica and Pharmacology

3 The Examination shall be written, oral and practical

4 A Candidate who fails in not more than one subject shall, on payment of Rs 15, be permitted to appear at the next six-monthly Examination only in that subject, and on passing, shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination

5 A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs 25 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of the Institution in the subject or subjects in which he has failed, provided that any Candidate who has failed four times will not be admitted to further examination, except on the special recommendation of the Head of the College or School

FINAL EXAMINATION.

1 Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 40* at such time before the Examination as may be fixed by the Governing Body. He shall also furnish certificates—

- (a) that he has passed the Intermediate Examination of the State Medical Faculty or the First M B of a recognised University at least two years previously,

* If the Examination be taken in two parts, as mentioned in paragraph 2, the fee shall be Rs. 25 for each part

- (b) that subsequent to passing the Examination referred to in (a) he has regularly attended the following courses of study at a Recognised College or School —
- (i) Two Courses of 50 lectures each in (1) Medicine, (2) Surgery, (3) Midwifery, Gynæcology and Diseases of Children ;
 - (ii) One Course of 40 lectures in General Pathology,
 - (iii) One Course of 40 lectures in Medical Jurisprudence,
 - (iv) One Course of 15 lectures in Diseases of the Eye,

4. The Examination shall, except as hereinafter stated, be written, oral and practical.

(1) The Examination in Medicine shall consist of—

- (a) a paper,
- (b) an Oral Examination,
- (c) a Clinical Examination

(2) The Examination in Surgery shall consist of—

- (a) a paper,
- (b) an Oral Examination,
- (c) a Clinical Examination,
- (d) an Examination in Operative Surgery

(3) The Examination in Midwifery, etc., shall consist of—

- (a) a paper,
- (b) an Oral and Practical Examination

(4) The Examination in Pathology shall consist of—

- (a) a paper,
- (b) an Oral Examination,
- (c) a Practical Examination

(5) The Examination in Medical Jurisprudence shall consist of—

- (a) a paper,
- (b) an Oral Examination

(6) The Examination in Hygiene shall consist of—

- (a) a paper,
- (b) an Oral Examination

5 A Candidate who fails to pass or present himself for examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of the prescribed fee on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of the Institution in the subject or subjects in which he has failed, provided that (a) any Candidate who has failed four times in either part will not be admitted to further Examination, and (b) any Candidate who has passed in two subjects in one or both parts shall be exempted from passing in those subjects in any future Examination.

6 A Licentiate of the State Medical Faculty, or a female Student who has obtained a certificate to practise Medicine, Surgery and Midwifery, may be admitted to the Final Examination (in both parts together) on producing certificates—

- (a) that he or she has passed the Preliminary Scientific and Intermediate Examinations of the Membership of the State Medical Faculty,
- (b) that since passing the Intermediate Examination he or she has been engaged for one year in the study of Medicine in a Recognised Medical College or School and has regularly attended Hospital practice for one year as well as an additional course of lectures and Practical classes in the following subjects —

Medicine.
Surgery.
Midwifery.

Pathology
Medical Jurisprudence.
Hygiene.

N.B.—Students who are exempted from any Examination or part of an Examination under any exemption clause will have to pay the full fee for that Examination.

EXAMINATION FOR A LICENTIATE OF THE STATE MEDICAL FACULTY

The Examination shall consist of three parts :—

- (1) The Primary Examination,
- (2) The Intermediate Examination,
- (3) The Final Examination

Each of these Examinations shall be held twice a year at such times as the Governing Body shall determine

THE PRIMARY EXAMINATION

1. Every Candidate for the Primary Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 8 at such time before the Examination as may be fixed by the Governing Body. He shall also produce the following certificates —

- (a) that he has passed the Matriculation Examination or any higher Examination in Arts or Science of a Recognised University. The School Final Examination of Indian schools and the High School and Scholarship Examination for European Schools or any Examination which is accepted by the Local Government as equivalent thereto will be accepted as equal to the Matriculation Examination,
- (b) that he has been engaged in medical studies for one academical year in a Recognised Medical College or School after passing the Matriculation Examination or its equivalent,
- (c) that he has regularly attended since passing the Matriculation or its equivalent a Course of 40 lectures in Chemistry and Physics and a Practical Course of 25 attendances,
- (d) that he is not under 17 years of age on the first of the month in which the Examination is held. The certificate shall state his exact age,
- (e) that he is of good character from the Head of the Medical College or School in which the Candidate is a Student

2. Every Candidate shall be examined in Chemistry and Physics.

The Examination shall be written, oral and practical.

3. A Candidate who fails to pass or present himself for examination shall not be entitled to claim a refund of the fee. A Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs 8 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject, provided that after four failures he shall not be admitted to further examination.

4. In the case of Candidates who at the date of the institution of the State Medical Faculty have already been accepted as Students of a Recognised Medical College or School and who are unable to furnish the certificate of preliminary education under clause 1 (a), a certificate from the Head of the College or School that they were admitted to the School under the rules at the time in force will be accepted.

Exemptions

(1) Any Candidate who has passed the Preliminary Scientific Examination of any Recognised University or of the State Medical Faculty will be exempted from this Examination.

(2) Any Candidate who has passed the Intermediate Examination in Science or Arts with Physics and Chemistry of a Recognised University will be exempted from further examination in these subjects.

THE INTERMEDIATE EXAMINATION.

1. Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 12 at such time before the Examination as may be fixed by the Governing Body. He shall also furnish the following certificates:—

- (a) that he has been engaged in medical studies for two academical years in a Recognised Medical College or School and that unless exempted he has passed the Primary Examination at least six months previously;
- (b) that he has attended regularly the following Courses of lectures and Practical Class in a Recognised Medical College or School.—
 - (i) Two Courses of 50 lectures each in Anatomy and a Course of Dissections extending over two winter sessions. In these Courses the Student must have completely dissected the whole body at least once to the satisfaction of his Teacher
 - (ii) Two Courses of 50 lectures each in Physiology and two Practical Courses of 25 demonstrations each
 - (iii) Two Courses of 40 lectures each in Materia Medica and a Course of instruction in Practical Pharmacy extending over three months, including a practical knowledge of the preparation and compounding of medicines *

2 Every Candidate shall be examined in the following subjects —

- (a) Anatomy
- (b) Physiology
- (c) Materia Medica and Pharmacy

The Examination shall be written, oral and practical.

3 Any Candidate who fails to pass or present himself for examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 12 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject or subjects in which he has failed, provided that after four failures he shall not be admitted to further examination.

4 A Candidate who fails in one subject only shall, on payment of Rs. 8, be permitted to appear in that subject at the next six-monthly Examination only. If he passes he shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination.

Exemption.

Any Candidate who has passed the First M. B. Examination of a Recognised University or the Intermediate Examination for the Membership of the State Medical Faculty or the Junior Qualifying Examination of a Government Medical School will be exempted from this examination.

TRANSITORY PROVISIONS.

Any Candidate whose name is on the rolls of the second year class of a Government Medical School at the date of the institution of the State Medical

* The instruction in Practical Pharmacy may be received at any time before the Student enters for Examination in this subject, and certificates under this sub-section will be accepted from the Heads of Hospitals or Dispensaries recognised by the Surgeon-General with the Government of Bengal for the training of compounders or from members of the Pharmaceutical Society of Great Britain in actual practice of their profession.

Faculty shall be allowed to appear within two years of the institution of the said Faculty at a combined Primary and Intermediate Examination for a Licentiate of the State Medical Faculty. The same concession shall be allowed to a Candidate who was at the date of the institution of the State Medical Faculty on the rolls of a Medical College or School that has been recognised within a year of the institution of the State Medical Faculty and who has completed a full course of training in Chemistry and Physics as well as in all the subjects for the Intermediate Examination. If such Candidates fail in Chemistry and Physics they shall be required to appear at the whole Examination again. If they pass in Chemistry and Physics but fail in other subjects they shall be required to appear in the subjects of the Intermediate Examination only.

Any Candidate who has passed in Chemistry and Physics at the Junior Qualifying Examination of a Government Medical School shall be exempt from the Primary Examination for a Licentiate of the State Medical Faculty.

THE FINAL EXAMINATION.

1 Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 30 at such time before the Examination as may be fixed by the Governing Body. He shall also furnish the following certificates —

(a) that unless exempted he has passed the Intermediate Examination at least two years previously,

(b) that he has, subsequent to qualifying under (a), regularly attended the following courses of lectures at a Recognised College or School —

(i) Two Courses of 50 lectures each in¹ (1) Medicine, (2) Surgery, (3) Midwifery and Gynæcology

(ii) One Course of 40 lectures in General Pathology,

(iii) One Course of 40 lectures in Medical Jurisprudence

(iv) One Course of 20 lectures in Hygiene, including Vaccination.

and that he has attended a course of instruction in Operative Surgery of not less than 20 attendances and received instruction in the Administration of Anæsthetics,

(c) that he has attended one Course in Practical Pathology of 25 demonstrations and that in the presence of his Professor or Teacher he has performed at least four *post-mortem* Examinations and has, in addition, attended at least six Practical demonstrations in the *post-mortem* room of a Recognised Hospital during a period of not less than three months,

(d) that he has attended at least six labours. Certificates on this subject may, at the discretion of the Governing Body, be accepted from any Registered Medical Practitioner,

(e) that he has regularly attended Hospital and Dispensary practice for two years subsequent to qualifying under (a) and during that period has completed the following —

(i) Six months' attendance in the Outdoor department (Medical and Surgical) of a Recognised Hospital, including Vaccination practice.

(ii) Six months' attendance in the Medical wards of a Recognised Hospital, with clinical teaching during such attendance.

(iii) Six months' attendance at the Surgical wards of a Recognised Hospital, with clinical teaching during such attendance.

(iv) Two months' attendance in the Gynæcological ward or Out-patient department of a Recognised Hospital.

(v) That he has written up twelve Medical and twelve Surgical cases during the term of Clinical Clerkship and Surgical Dressership.

2. Every Candidate shall be examined in the following subjects :—

- (a) Medicine, including Medical Pathology and Therapeutics.
- (b) Surgery, including Surgical Pathology and Operative Surgery.
- (c) Midwifery and Gynæcology
- (d) Medical Jurisprudence and Hygiene, including Vaccination.

3 The Examination shall be written, oral and practical

(1) The Examination in Medicine and Therapeutics shall consist of—

- (a) A written paper.
- (b) An Oral Examination
- (c) A Clinical Examination

(2) The Examination in Surgery shall consist of—

- (a) A written paper.
- (b) An Oral Examination
- (c) A Clinical Examination
- (d) Minor Operative Surgery

(3) The Examination in Midwifery and Gynæcology shall consist of—

- (a) A written paper
- (b) An Oral and Practical Examination

(4) The Examination in Medical Jurisprudence and Hygiene shall consist of—

- (a) A written paper
- (b) An Oral Examination

4 A Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs 30 on each occasion, and on producing a certificate that he has since the last Examination received further instruction in the subject or subjects in which he has failed, to the satisfaction of the Head of the Institution.

5 A Candidate who fails in not more than two subjects may appear at any subsequent Examination in the subject or subjects in which he has failed, provided that he has within the previous six months undergone a further course of instruction in these subjects, to the satisfaction of the Head of his College or School. The fee for re-examination shall be Rs 10 in each subject.

TRANSITORY PROVISION.

Any person who has undergone a full course of training in any Medical College or School and has obtained a certificate to that effect from the Head of such College or School may, at the discretion of the Governor in Council, be granted a certificate enabling him to appear at the final Examination for the Licentiate'ship within two years from the constitution of the Faculty; and on his appearing at such Examination and satisfying the Examiners, he shall be deemed eligible for election as a Licentiate of the Faculty.

H. L. STEPHENSON,

Secy. to the Govt. of Bengal.

J. G. CUMMING,

Chief Secy. to the Govt. of Bengal.

POLITICAL DEPARTMENT.

POLICE.

NOTIFICATIONS.

No. 2067P—The 2nd March 1915.—In exercise of the powers conferred by clauses (c), (e) to (i), (k) and (m) of section 20 of the Criminal Tribes Act, 1911 (III of 1911), the Governor in Council is pleased to make the following rules to carry out the purposes and objects of the said Act —

Rules under section 20 (1) and 20 (2) (c), (e) to (i), (k) and (m) of the Criminal Tribes Act, 1911.

PART 1.

The following rules framed under section 20 (1) and 20 (2), clauses (c), (e) (f), (g), (h), (i), (k) and (m) of the Criminal Tribes Act, (III of 1911), shall apply to any criminal tribe or part thereof which has been settled by a notification published under section 12 or section 13 of the Act.

1 The person appointed under rule 11 of these rules to be Manager of a settlement established under section 16 of the Act shall keep a register of the members of the criminal tribe residing in the settlement and shall notify all changes therein to the Officer in charge of the police-station and to the Superintendent of Police of the district within the limits of which such settlement is situate. Whenever any member of a criminal tribe, in respect of which an order under section 16 has been passed, arrives at the settlement without a chakridar or a pass the Manager of the settlement shall send immediate notice thereof to the Officer in charge of the police-station and the Superintendent of Police of the district in Form C.

2 The Manager of the settlement shall, in the case of criminal tribes of which the adult members only have been registered, report to the District Magistrate the attainment by any minor residing in the settlement, of the age of 12, with his recommendation as to whether such minor should be registered.

3 No member of a criminal tribe who has been placed in a settlement shall go beyond the boundaries of the settlement without a pass in Form A or B annexed, signed by the Manager of the settlement. Any member going beyond the boundaries of the settlement without a pass shall be liable to the penalty prescribed by section 22 (1) of the Act.

4 The Manager of the settlement shall have no power to prevent a registered member of the tribe from making any complaint to the police or magistracy which he is entitled by law to make, but unless there is good reason for not doing so such complaints shall be made through the Manager of the settlement.

5 The Manager shall be competent to issue daily passes in Form A, permitting members to be absent from the settlement during daylight hours for the purpose of engaging in employment, making purchases, or for any other purpose approved by the Manager. The Manager shall decide according to the seasons of the year what hours shall be daylight hours for the purpose of this rule, and may restrict the movement outside the settlement of any member who he has reason to believe has been guilty of misbehaviour such as drunkenness, visiting houses of ill-fame, or associating with bad characters.

6. The Manager may grant leave of absence from the settlement, for a period not exceeding one month, to members who have given evidence of reformation. Leave of absence for any longer period may be granted by the Superintendent of Police on the recommendation of the Manager.

(a). The Manager shall at once report in Form D the fact of the grant of leave to, or the absence without leave of, any member to the Officer in charge of the police-station within the limits of which the settlement is situated.

7. When leave of absence is granted to any member he will be furnished with a pass in Form B, signed by the Manager.

Conditions as to holding passes, etc.
Reference sub-section (2), clause (f)

8. The pass shall be printed in English and in the vernacular of the district in triplicate forms bearing consecutive page numbers. The original shall be kept by the Manager, the duplicate shall be handed over to the member going on leave, and the triplicate shall be sent by post or in any other way to the Officer in charge of the police-station within the limits of which the destination of such member lies. Should the destination be in another district the triplicate copy shall be sent to the Superintendent of Police of that district, who shall return it, on expiry of the leave to the Superintendent of Police of the district in which the settlement is situated, with his remarks about the member's conduct while on leave.

The conditions to be inserted in the pass in regard to the places where the holder of the pass may go or reside, etc. Reference section 20, sub-section 2, clause (g)

(i) The routes to be taken on the journeys to and back from his destination shall be specified in the pass, and the member shall travel by no other route.

(ii) He shall report himself to the village headman or chaukidar of every village, or in the case of a Presidency or Municipal town, to the Officer in charge of the nearest police-station or outpost at which he may halt for the night on the journey.

(iii) On arrival at or departure from the place to which his pass permits him to go, he shall produce his pass before the Officer in charge of the police-station, within the jurisdiction of which such place lies, and obtain his certificate of the date and hour of arrival or departure.

(iv) He shall show his pass to any Magistrate or police officer or village headman, who may demand its production.

(v) He shall report himself to the Officer in charge of the police-station within the limits of which he may temporarily reside at intervals of seven days if within ten miles, and at intervals of fourteen days if above ten miles, from the police-station till he returns to his settlement. If, however, for any genuine reason such as serious illness, he is prevented from reporting himself, he shall give immediate intimation of his inability to do so to the chaukidar of the village, or in the case of a Presidency or Municipal town, to the Officer in charge of the nearest police-station or outpost in which he is staying at the time.

(vi) On return to the settlement the member shall report himself immediately to the Manager and deliver up his pass.

(vii) He shall return to the settlement within the time specified in the pass.

(viii) If any person who has been granted a pass is, for any genuine reason such as serious illness, unable to return to his settlement within the period of his leave, he shall at once give information to the nearest police-station. The Officer in charge of that police-station shall verify the reason of his absence, and send a report to the Superintendent of Police of the district from which the person has taken leave.

(ix) Any pass granted under this rule may be at any time withdrawn by the authority granting it.

(x) The conditions under which it is issued shall be noted on the pass. Any breach of those conditions shall entail prosecution under section 22(1).

9. Every member of a criminal tribe living in a settlement shall attend before the Manager or some other person authorised by him at such places and times as the Manager may direct. The Manager may exempt any such member from attendance either on a specified occasion or generally.

Attendance in accordance with section 14. Reference section 20, sub-section (2), clause (h)

Inspection of residence. Reference section 20, sub-section (2) clause (i)

10. The settlement or any residence therein or part thereof may be inspected at any time by the Manager.

(a) Any police officer not below the rank of Circle Inspector may at any time, under the general or special order of the Superintendent of Police, inspect the residence of any member of a criminal tribe settled under section 16. Such inspection shall ordinarily be carried out in the presence of the Manager.

(b) Settlements established under section 16 shall at all times be open to inspection by any police officer not below the rank of Deputy Superintendent acting under the general or special order of the Superintendent of Police of the district.

11. The management, control and supervision of the settlement shall be vested in a Manager, who shall be appointed by the Local Government either by name or by virtue of his office.

Management control and supervision
Reference section 20, sub-section (2), clause (4)

The Manager of the settlement shall work in direct subordination to the District Magistrate and maintain any registers prescribed by him.

12. Any member of a criminal tribe endeavouring to escape from any settlement, or otherwise offending against the rules for the time being in force, may have his movements further restricted to any particular area within the limits of such settlement, at the discretion of the Manager or under the orders of the District Magistrate.

Discipline
clause (m)

13. Any settlement may be at any time visited by the District Magistrate, District Superintendent of Police, Subdivisional Magistrate, or any officials to whom these are subordinate, or any other person empowered by any of them in writing.

Visits

14. No person shall be discharged from any settlement established under section 16, or removed from any such settlement to another, except under the orders of the Local Government. If the Manager of a settlement wishes to recommend the discharge or removal of any person he must forward his recommendations through the District Magistrate.

The pass is granted on the following conditions—

- (1) The holder of the pass shall adhere to the routes to be taken on the journeys to and back from his destination as specified in the pass
- (2) He shall report himself to the chaukidar of every village, or in the case of a Presidency or Municipal town, to the Officer in charge of the nearest police-station or outpost at which he halts for the night during the outward or the return journey.

- (3) On arrival and again on leaving his destination the holder of the pass shall produce it before the Officer in charge of the police-station within the limits of which his destination lies and obtain his signature on the reverse thereof.
- (4) He shall show his pass to any Magistrate or police officer or village headman who may demand its production.
- (5) During his period of residence at his place of destination he shall, at intervals of seven days, report himself to the Officer in charge of the police-station within whose jurisdiction the place is situated, but if the police-station is more than ten miles distant the intervals may be extended to fourteen days.
- (6) On return to the settlement the holder of the pass shall report himself immediately to the Manager and hand over his pass to him.
- (7) He shall not overstay the period of leave stated in this pass.
- (8) If for any genuine reason such as serious illness, he is unable to report himself as required by condition (5), or cannot return within the period prescribed by this pass, the holder must immediately inform the nearest police-station.
- (9) This pass may be withdrawn at any time by the officer by whom it was granted, by his successor in office or any officer to whom he is subordinate.
- (10) Breach of any of these conditions will entail prosecution under section 22 (1), Criminal Tribes Act, 1911.

PART II

The following rules framed under section 20 (1) and 20 (2), clauses (e), (f), (g), (h) and (i), shall apply to any criminal tribe or part thereof in respect of which a notification has been published under section 12 or section 13 of the Act, restricting the movements of such tribe or part of a tribe

1. The Officer in charge of a police-station within whose jurisdiction the movement of a criminal tribe or part thereof has been restricted in accordance with section 12 or 13 shall notify all changes in the number of the members of such tribe to the Superintendent of Police of the district.

2. The Officer in charge of the police-station shall, in the case of criminal tribes residing in his jurisdiction, of which the adult members only have been registered, report to the Superintendent of Police of the district the attainment by any minor of the age of 12, with the recommendation as to whether such minor should be registered

3. No registered member of a criminal tribe in respect of which a notification has been issued under section 12 or section 13 shall leave the limits of the area to which his movements have been restricted, without having obtained a pass from the Officer in charge of the police-station within the limits of which such person resides. Any member going beyond the restricted area without a pass shall be liable to the penalty prescribed by section 22 (1) of the Act.

Proviso—Nothing contained in this rule shall be deemed to render it illegal for a person, whose movements have been restricted to an area, to quit the limits of such area for the purpose of appearing at the police-station within the limits of which he is residing, or before a Magistrate having jurisdiction, to complain of an offence affecting himself or his family, or to apply for a pass under these rules, provided that such person shall give notice of his intended departure to the village headman or chaukidar of his village and shall proceed straight to the police-station or court of the Magistrate

4. The Officer in charge of the police-station within the limits of which ^{Conditions as to holding passes a person whose movements have been restricted} resides may, provided that he is not below the rank of Sub-Inspector, on due cause being shown, grant such person leave of absence for any period not exceeding ten days at a time. Leave for a longer period may be granted by the Superintendent of Police on the recommendation of the Officer in charge of the police-station

5. Any person granted leave under the foregoing rule shall be furnished with a pass in Form E signed by the Officer in charge of the police-station in which the member granted leave resides.

6. The pass shall be printed in English and the vernacular of the district in counterfoil triplicate forms bearing consecutive page numbers. The original shall be kept by the issuing officer, the duplicate shall be handed over to the person going on leave, and the triplicate shall be sent by post or in any other way to the Officer in charge of the police-station within the limits of which the destination of such person lies. Should the destination be in another district the triplicate copy shall be sent to the Superintendent of Police of that district

^{Conditions to be inserted in the pass} 7 The pass will be issued on the following ^{Section 20 (2) clause (g)} conditions —

- (i) The destination of the holder of the pass and the routes to be taken on the journey both ways shall be specified in the pass. The holder of the pass shall not go to any other place or travel by any other route
- (ii) He shall report himself to the village headman or chaukidar of every village, or in the case of a Presidency or Municipal town, to the officer in charge of the nearest police-station or outpost at which he may halt for the night on the journey
- (iii) He shall report himself to the Officer in charge of the police-station within the limits of which he may temporarily reside at intervals of seven days if within ten miles, and at intervals of fourteen days if above ten miles, from the police-station till he returns to his home. If, however, for any genuine reason such as serious illness, he is prevented from reporting himself, he shall give immediate intimation of his inability to do so to the chaukidar of the village, or in the case of a Presidency or Municipal town, to the Officer in charge of the nearest police-station or outpost in which he is staying at the time
- (iv) On arrival and again on leaving his destination the holder of the pass shall produce it before the Officer in charge of the police-station within the jurisdiction of which such place lies, and obtain his certificate of the date and hour of arrival or departure
- (v) He shall show his pass to any Magistrate or police officer or village headman who may demand its production
- (vi) He must return within the time specified in the pass.
- (vii) He shall at once give information to the nearest police-station if for any genuine reason, such as serious illness, he is unable to return to his residence within the period of his leave.
- (viii) On return home he shall report himself immediately to the village headman or the chaukidar and, as early as possible, to the Officer in charge of the police-station.

The conditions on which it is issued shall be specified on the pass. Any breach of these conditions shall entail prosecution under section 22 (1) of the Act

8 Every member of a criminal tribe whose movements have been ^{Attendance Section 20(2) clause (h)} restricted shall attend before the Officer in charge of the police-station, or before any other person authorised by him, at such times and places as such Officer in charge may direct

9 The residence of any member of a criminal tribe whose movements ^{Inspection of residence Section 20(2), clause (i)} have been restricted under section 12 of the Act may be inspected at any time by the District Magistrate, Superintendent of Police, Subdivisional Officer, and other officials to whom these are subordinate and any police officer not below the rank of a Sub-Inspector having jurisdiction over the area in which the village or residence is situated.

IRRIGATION DEPARTMENT.

[Third publication.]

The 16th February 1915

No 1—Notification—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No 58, dated the 17th February 1885, the Governor in Council intends to make for the lines of navigation known as the Eastern Canal Route and the Outer Boat Routes, as defined in Notification No 230, dated the 23rd July 1895, and for the navigable channels from Khulna in district Khulna to Magura in district Jessore, as defined in Notification No 7, dated the 1st September 1914, is published, as required by section 12 of that Act for the information of persons likely to be affected thereby

11. The draft will be taken into consideration on or after the 1st April 1915, and any objection or suggestion which may be received by the undersigned before that date will be duly considered

F. A. A. COWLEY,

Offg. Secy to the Govt of Bengal.

DRAFT RULES

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct

2 As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3 In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4 Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats, but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5 The Supervisor may by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks and in such part no anchors must be dropped or bamboos or *luggees* put up.

6 Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7 In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1000 feet from the point of junction.

8 No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9 No person shall wilfully or negligently allow a vessel to sink in the canals.

10 In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11 A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck, and intimating that, if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12 Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13 Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14 If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15 The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16 The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

RAILWAY DEPARTMENT.

The 1st March 1915.

No 2R—The following notification issued by the Government of India, Railway Department (Railway Board), is republished for general information

H H GREEN.

Secy to the Govt of Bengal.

No 38, dated Simla the 17th February 1915

NOTIFICATION—By the Secretary, Railway Board

IT is hereby notified for general information that the Railway Board have sanctioned the construction by the Bengal Provincial Railway Company of a line of railway on the 2'—6" gauge from Dasghara, a station on the Bengal Provincial Railway, to Jamalpuranj, a distance of about 8 miles.

2 The line will be known as the Dasghara-Jamalpuranj Branch of the Bengal Provincial Railway

MARINE DEPARTMENT.

The 2nd March 1915

No 22Marine—The following draft of an amendment which the Governor in Council of the Presidency of Fort William in Bengal intends to make in the rules under section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), for regulating the importation, possession and transport of petroleum within that Presidency (published under Bengal Government Notification No 113Marine, dated the 30th November 1914), is published for the information of persons likely to be affected thereby

II The draft will be taken into consideration on or after the 3rd April 1915, and any objections or suggestions with regard thereto which are received by the undersigned before that date will be duly considered

Draft amendment

In Part III of the said rules omit the following —

"N B"—The rules in Part III are inoperative in the Port of Chittagong in so far as they relate to the taking of samples and the testing of petroleum, as there is no testing officer at present at that port. Telegraphic certificates by the Chemical Examiner, Rangoon, in respect of the flash point of petroleum imported are accepted"

D. H. LEES, *Commissioner*.

COMMR.'S OFFICE, BURDWAN DIVN., CHINSURA, the 26th February 1915.

NOTIFICATION.

The 24th February 1915.—The following draft by-laws framed by the District Board of Bankura, under sections 139 and 140 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), and finally adopted at a special meeting held on the 1st February 1915, are published under rule 6 of the rules issued under Government Notification No 764T M., dated the 7th September 1910, for the information of persons likely to be affected thereby.

2. The draft by-laws will be taken into consideration on the 8th April 1915, and any objection or suggestion which may be received by the undersigned before that date will be considered —

DRAFT BY-LAWS

Definitions

1. In these by-laws, unless there is anything repugnant in the subject or context,—

- (1) the word “cattle” has the same meaning as in the Cattle-trespass Act, 1887,
- (2) “reserved tank or well” means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, khal or other channel, so set apart, and a notice-board on the edge of a reserved tank or well, containing the words “reserved tank” or “reserved well” or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition and
- (3) the “slopes” of a reserved tank or well include all places from which the water can flow directly into such tank or well; and
- (4) “road” means a road vested in, or under the control and administration of, the District Board or a Local Board, and includes—
- (a) a village road,
 - (b) the slope, berm, borrow-pits and side-drains of a road; and
 - (c) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road 2 (1) No person shall encroach on any part of a road by cultivating crops thereon.

- (2) No person shall, on any road,—

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale, or by placing thereon any substance or material,—

- (a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer, make or cause any encroachment, or
- (b) obstruct traffic,
- (c) cause any inconvenience to passengers, or
- (d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or over-shadow any road, or any public drain or sluice, of any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice

5. (1) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto

(3) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert

6. No person shall—

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road under the authority of the District or Local Board, or the District Engineer, or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe

(2) Any person who has been permitted by the Chairman or the Vice-Chairman of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable

9. (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

10. The owner or occupier of any tank, well, or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board or (in emergent cases, pending application to such Chairman) by the District Engineer.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

13. No person shall allow the water of any privy, or any matter offensive or deleterious to health, to flow on any road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

Removal of trees or erections falling on to road

15. No person shall cure hides on or within 100 yards of road.

Curing hides on or near road

Slaughter of animals, cleaning of carcasses, etc on or near road

16. No person shall slaughter any animal, or clean any carcasses, or collect bones, on any road or in any open place near the road.

(Note—Open place will not include a place of worship)

Placing or burning of bodies on road

17. No person shall place or burn any corpse or the dead body of any animal on or near any road

18. No person shall steep any jute, hemp, bamboos, hides or other offensive matter in any drain, borrow-pit or excavation at the side of any road

Steeping offensive matter in road-side drain, pit or excavation

Flying kite on road

19. No person shall fly kite on or over any road.

20. (1) Any person driving a vehicle along a road and meeting another vehicle shall keep on the left or near side of the road, so as to allow sufficient room for the other vehicle to pass

Rule of the road

(2) No person driving a vehicle along a road and overtaking another vehicle shall attempt to pass the latter vehicle otherwise than on the right or off side of the road.

21. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road

Freedom of roads

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

Care of animals on road

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road.

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

23. Every person owning riding, driving or in charge of any elephant or camel proceeding on a road, must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Elephants and camels on road to have bell

Taking elephants over road, embankment, bridge or culvert

24. No person driving or in charge of an elephant shall—

(a) cause material injury to a road, or to an embankment vested in the District Board or a Local Board, by taking the elephant over the same; or

(b) take the elephant over a bridge or culvert vested in the District Board or a Local Board unless the same be constructed of arched masonry

25. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

Removal of elephants or camels from road to admit passage of horses

Care of vehicles on road

26. (1) No person shall drive or have in his charge on any road more than one vehicle at a time.

(2) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road.

(3) No person shall leave a vehicle standing on a road for any longer time than is necessary for loading or unloading it.

(4) No person shall drive upon a road any vehicle laden with bamboos, planks or other materials of a similar character which exceed twelve feet in length and project beyond the vehicle, unless the vehicle be accompanied also by another person.

(5) All owners and drivers of vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road.

(6) If any vehicle breaks down on a road, the driver shall remove it to the edge of the road without delay, and shall, within a reasonable time, remove from the road all materials (if any) which have fallen from the vehicle, and shall place the vehicle in such a position that it will not obstruct traffic.

(7) No person shall load or drive any vehicle up or down the slopes of any road, except at crossings fixed by the District Board.

27 No person shall carry bamboos or *bullahs* on a cart on any road in such a manner as to scrape the road, or to cause injury or annoyance, or risk of injury, to travellers thereon.

Carrying bamboos or *bullahs* on cart on road

28 After two months from the date of publication locally no bullock-cart shall travel on any road, unless the iron tyres of the wheels, or (in the case of carts not having iron tyres) the wooden rim of the wheels, are two inches or more in width.

Width of tyres

Provided that this by-law shall not apply to carts owned by residents of other districts which do not ordinarily ply within this district but merely pass through this district.

29. Where separate tracks on roads have been set apart for carts and carriages, respectively, no cart shall be permitted to pass over the portion reserved for carriages.

Separate tracks for cart traffic and carriage traffic

30 No person shall transport heavy machinery over a timber bridge so as to injure the bridge.

Transport of heavy machinery over bridge

31. Every carriage drawn by a horse or horses, every waggon drawn by any other animals or propelled by motive power, and every motor-car shall carry two conspicuous lights, one on either side, and every two-wheeled cart and every bicycle, tricycle and multicycle shall carry one conspicuous light, when travelling on a road between dusk and dawn, except on clear moonlight nights.

Lighting of vehicles on road

32 No parent, or other person for the time being in charge, of any child under five years of age shall allow such child to stray on any road so as to cause obstruction or risk of obstruction to traffic.

Care of children on roads

Nuisances on roads

33 No person shall commit a nuisance on any road.

Trees.

Damage to trees

34. No person shall destroy or damage, or cause to be destroyed or damaged,—

(a) any tree planted by, or under the charge of, the District Board or any Local Board; or

(b) any gabion or other defensive enclosure erected for the protection of any such tree.

35. No person shall tap any date or palm tree, or remove fruit from any tree planted by, or under the control of, the District Board or any Local Board without a lease or written permission previously obtained from the Chairman of the District Board or Local Board.

Tapping, or taking fruit from, trees on road

Fires.

36 No person shall light a fire in any unenclosed place within ten yards of any wooden bridge vested in the District Board or within fifty yards of any Inspection or Dāk Bungalow vested in the District Board or a Local Board.

Water-supply reserved for drinking and culinary purposes.

37 No person shall take water from a reserved tank or well, except for drinking or culinary purposes, save with the express permission of the District Board or a Local Board

Bathing or washing

38 No person shall—

- (a) bathe or wash any portion of his own body or the body of any other person, or
- (b) wash clothes, or
- (c) wash any cattle or other animal, or
- (d) allow any of his ducks, geese or other birds to enter the water in any reserved tank or well, or upon any of the banks, slopes, or sides of any reserved tank or well.

Fouling of water

39. No person shall—

- (a) commit any nuisance in or on the banks or slopes or sides of any reserved tank or well, or
- (b) throw any filthy substance thereinto, or
- (c) in any way pollute the water thereof, or
- (d) allow the water of any sink, sewer, cess-pool or privy or any offensive matter belonging to him or being on his land, to flow thereinto.

Explanation.—Steeping jute or bamboos in a reserved tank amounts to an offence against this by-law.

40. No person shall cut sods or grass, or remove earth or grass from, or otherwise damage, the sides, or slopes of any reserved tank, without the express permission of the District Board or a Local Board

Removal of earth or grass from sides or slopes

41. No person shall allow any trees, bamboos or other vegetation growing on land in his occupation to overhang any reserved tank or well so as to foul the water thereof, or shall fail to cut and remove the same after reasonable notice in that behalf from the District Board or a Local Board

Overhanging trees or vegetation

42. No person shall cultivate the banks, sides or slopes of a reserved tank or well, except in such manner as may be approved by the District Board or a Local Board or a Union Committee.

Cultivation on banks sides or slopes of reserved tank or well

43. No person shall erect any hut or house upon the banks, sides or slopes of a reserved tank or well without the permission of the District Board or a Local Board or a Union Committee

Building on banks, sides or slopes of reserved tank or well

44 No person shall, without permission of the District Board, construct dams, fix stakes, or place fishing nets or apparatus across, or in, any reserved tank or well, or in any part of a river, *khal* or other channel set apart under section 90 of the Bengal Local Self-Government Act of 1885 for the supply of water for drinking and culinary purposes.

Dams, stakes and fishing apparatus

45. No person shall catch or attempt to catch fish in a reserved tank or well without the permission of the District Board or a Local Board or a Union Committee.

Fishing

Penalties.

46. (1) A breach of any of the by-laws mentioned in column 1 of the following table shall be punished with fine, which may extend to the sum mentioned opposite thereto in column 2 of that table.

1	2
By-law	Maximum fine
12, 19, 23, 26 (6), 27, 29, 33	Rs 5
3, 5(3), 11, 13, 26 (3), (4), (5) and (7), 28, 32, 41	„ 10.
14, 15, 16, 17, 18, 26 (7), 35, 40, 41, 42, 45	„ 20.
10, 36, 37	„ 25
2, 4, 5(1) and (2), 6, 7, 8, 9, 20, 21, 22, 24, 25, 26 (2), 30, 34, 38, 39, 43	50.
31	Motor-car, forty rupees; two-wheeled cart, five rupees; other vehicles, twenty rupees

(2) A continuing breach of by-law 2(2) 4, 5(2), 7(2), 8, 9, 10 or 28 shall be punished with a further fine, which may extend to five rupees for every day during which the breach is continued after the offender has been convicted of such breach.

A W COOK.

Chairman, Bankura District Board.

THE BOARD OF TRUSTEES FOR THE IMPROVEMENT OF CALCUTTA.

Notice under section 43 of Bengal Act V of 1911

THE Board of Trustees for the Improvement of Calcutta hereby give notice that a street scheme (Scheme No VIII) has been framed for the area bounded as follows —

On the North — From a point within the Eastern Bengal State Railway compounds and situate about 30 feet to the east of the north east corner of the premises No 24, Tilgalla Road, running north-west in a straight line to a point in Darga Road about 55 feet north-east from the north-east corner of premises No 16, Kasaipara Lane Thence running south-westwards in a straight line to a point which is the north-east corner of premises No 6-2, Kasaipara Lane. Thence running westwards in a straight line to a point on the east side of Circular Road (Lower) and about 260 feet from the north-west corner of premises No 186, Circular Road (Lower) along its east side Thence across Circular Road (Lower) to a point on its west side and about 210 feet from the junction of above road with Park Street

On the West. — The west side of Circular Road (Lower).

On the South — From a point on the west side of Circular Road (Lower) and about 90 feet south from its junction with Theatre Road; across Circular Road (Lower) to a point on its east side and about 230 feet from the north-west corner of premises No. 208, Circular Road (Lower). From this point running eastwards in a straight line to the north-west corner of premises

No. 138, Karaya Road. From this point south-eastwards in a straight line to south-east corner of premises No. 24, Bright Street. From this point eastwards in a straight line to a point on the west side of Eastern Bengal State Railway line (Southern Section) and situate 310 feet from the newel of the south-west wingwall of Bridge No. 4

On the East.—The west side of the Eastern Bengal State Railway line, Southern Section.

Particulars of the scheme, a map of the area comprised in the scheme and a statement of properties which it is proposed to acquire may be seen at the Offices of the Trust, 5, Clive Street, on week days between the hours of 11 A.M. and 4 P.M. (on Saturday between 11 and 2 P.M.)

Copies of the above documents will also be delivered to applicants on payment of the following fees —

	Rs	A.
Particulars of the scheme	..	0 4
Map of the area	..	1 0
Statement of properties which it is proposed to acquire	.	0 4

Objections to the scheme will be received up to the 1st June 1915

C. H. BOMPAS, *Chairman.*

shall, on and from the first day of April 1915, be taken under the immediate authority and management of the Governor-General of India in Council, and be included in the Chief Commissionership of Delhi

The 25th February 1915

No 1065-C—In exercise of the power conferred by section 1, subsection (3) of the Indian Motor Vehicles Act, 1914 (VIII of 1914), the Governor-General in Council is pleased to direct that the said Act shall come into force on and with effect from the 1st April 1915

No. 1066-C—Whereas the Government of India have acceded to a Convention with respect to the international circulation of motor cars concluded at Paris on the 11th day of October, one thousand nine hundred and nine,

In exercise of the powers conferred by section 14 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), and in supersession of the notifications of the Government of India in the Home Department, noted on the margin, the Governor-General in Council is pleased to make the following rules.—

¹ No 789 dated the 22th June 1913
³ No 1831C, dated the 13th March 1911

PART I

Preliminary

1 These rules may be called the Motor Vehicles International Circulation Rules, 1915.

2. In these rules unless there is anything repugnant in the subject or context—

- (i) "The Convention" means the Convention with respect to the international circulation of motor cars concluded at Paris on the 11th day of October 1909
- (ii) "International Travelling Pass" means an International road-travel certificate issued under article 3 of the Convention.

PART II

Motor vehicles temporarily leaving British India

3. For the purposes of the Convention, the Commissioner of Police in Calcutta, Bombay, Madras and Rangoon, and elsewhere the District Magistrate, shall be the competent authority, and is hereby empowered to carry out, in accordance with and subject to the provisions of these rules, the following duties, that is to say —

- (a) when the owner of any motor vehicle desires to avail himself of the facilities given by the Convention during travel in any of the Contracting States mentioned in appendix A to the first schedule—to examine the vehicle, and, if satisfied, after such examination—
 - (i) in the case of a motor car, that the car is suitable, or is of a type which has been declared by the Government of India to be suitable, for use on the highway outside India, and that it fulfils the conditions specified in paragraph 2 of the first schedule, or
 - (ii) in the case of a motor cycle, that the said conditions, as modified by paragraph 5 of that schedule, are fulfilled, to issue a certificate of fitness, in Form A in the second schedule or in a form to the like effect,
- (b) to examine any person submitting himself for examination, and if, upon examination, he is found to be competent, to issue to him a driver's certificate of competence in form B in the second schedule, or in a form to the like effect. Provided that a certificate of competence shall not be granted to any person who is under 18 years of age.
- (c) subject to the conditions imposed by rule 4, to issue to the owners of motor vehicles, on behalf of the local Government, an International Travelling Pass, in Form C in the second schedule, over the signature of a Secretary to the local Government, or in a form to the like effect

4 (1) The following conditions shall be fulfilled before an International Travelling Pass is issued —

- (a) every motor vehicle for which an International Travelling Pass is issued shall be a motor vehicle in respect of which a certificate of fitness shall have been issued in pursuance of rule 3, and
- (b) particulars as to the driver or drivers of the motor vehicle shall be specified on the International Travelling Pass in the place provided for the purpose, and every such driver shall possess a certificate of competence issued in pursuance of rule 3

5. Every driver's certificate of competence shall have the photograph of the holder affixed thereon, with the date on which the photograph was taken; and such photographs must not be more than one year old at the time of issuing the certificate.

6. Every such certificate or pass shall be in English

7. Every certificate of fitness or of competence, and every International Travelling Pass issued under the foregoing provisions, shall be valid for a period of one year from the date of issue.

8. The issue of every certificate of fitness or of competence, and of every International Travelling Pass, shall be entered in a register to be maintained in the office of the Commissioner of Police, or the District Magistrate, as the case may be, in such form as he may consider suitable.

9. The issue of a certificate or pass under these rules shall be subject to the condition of the prepayment of the following fees, namely :—

			Rs.
Certificate of fitness of motor-car	5
Driver's certificate of competence	5
International Travelling Pass	5

Provided that in the case of a motor cycle, one-half only of the foregoing fees shall be chargeable

10. A second International Travelling Pass shall not be necessary for any motor vehicle about to leave British India, if the owner of the vehicle already holds such a pass and the term thereof has not expired :

Provided that, in such a case, the original certificate shall be endorsed or countersigned by the Chief Customs Officer at the port of re-embarkation.

PART III

Motor-cars arriving temporarily in British India.

11. Any person in charge of a motor vehicle landed at a port in British India, holding in respect of such vehicle an International Travelling Pass, may, on production of such pass, apply to the Chief Customs Officer of the port for the endorsement of his pass and for the registration of the motor vehicle covered thereby

12. On receiving such an application, the Chief Customs Officer shall satisfy himself that the pass was issued by competent authority, that the period of its validity has not expired, and that the vehicle corresponds with the vehicle described in the pass and has affixed to it the plates required to be carried by article 4 of the Convention and that the driver or drivers (if any) are the person or persons whose names appear on the pass.

13. If the Chief Customs Officer is satisfied that the requirements of rule 12 have been complied with, he shall endorse on the part of the pass set aside for the purpose the name of the port and shall sign, seal and date the endorsement, and shall enter in a register to be maintained by him the following particulars —

- (a) Number.
- (b) Place of issue of International Travelling Pass.
- (c) Date of issue of pass.
- (d) Name of authority or association which issued pass.
- (e) Full name and home address of owner of car.
- (f) Description of vehicle (*e g* , motor car, motor cycle, etc.).
- (g) Shape and colour of body of vehicle
- (h) Letters and numbers on identification plates.
- (i) Date of registration.

14. The Chief Customs Officer shall forward without delay a copy of every entry made in his register in accordance with rule 13 in case of motor vehicles landed at Calcutta, Bombay, Madras and Rangoon to the Commissioner of Police, and in the case of motor vehicles landed elsewhere, to the District Magistrate.

15. The endorsement of an International Travelling Pass and the registration of the motor vehicle covered thereby in accordance with these rules shall, during the validity of such pass, be deemed to be in compliance with the conditions subject to which the motor vehicle may be possessed, used and driven in British India by the persons respectively referred to in such pass.

16. In the case of a motor vehicle covered by an International Travelling Pass entering a district of British India by land, the application referred to in rule 11 shall be made to the District Magistrate of that district, and these rules other than rule 14 shall apply as if such District Magistrate were substituted for the Chief Customs Officer.

17. The owner of a motor vehicle which has been registered in accordance with the foregoing rules shall, on the departure of the motor vehicle from any port in British India for a place outside British India, cause the pass in respect of such vehicle to be produced before the Chief Customs Officer at that port, who shall endorse the name of the port and shall sign, seal and date the endorsement, and enter in a register to be maintained by him the particulars specified in rule 13.

Production of pass
before Chief
Customs Officer when
motor vehicle leaves
for a place outside
British India

FIRST SCHEDULE

Conditions to be fulfilled by motor cars in order to be allowed to be driven on the highway

1. Every motor car, in order to be allowed to be driven on the highway outside India, must either—

- (a) have been recognised as suitable for use on the highway, after an examination before the competent authority, or
- (b) belong to a type approved by the Government of India.

2. The examination must be directed specially to the following points —

- (1) the machinery must be such as can be trusted to work efficiently, and must be so designed as to prevent, as far as possible, all danger of fire or explosion, as not to frighten by its noise any animals, whether ridden or driven, and as not to give rise to any other cause of danger to traffic or seriously to inconvenience by the emission of smoke or vapour any persons using the road,
- (2) the motor car must be provided with the following:—
 - (a) a strong steering apparatus which will allow the car to be turned readily and with certainty;
 - (b) two brakes each independent of the other and adequate for its purpose: one at least of these brakes must be capable of acting rapidly and directly upon the wheels or upon brake-drum immovably fixed thereto,
 - (c) a mechanism which is capable of preventing, even on steep gradients, any backward movement, if one of the brakes is not of itself sufficient for the purpose
- (3) Every motor car whose weight unladen exceeds 350 kilogrammes must be so constructed that the driver can, from his seat, reverse the movement of the car by means of the driving power.
- (4) All the driving and steering apparatus must be so arranged that the driver can manipulate it with certainty and at the same time have a clear view of the road
- (5) Every motor car must be provided with plates showing the name of the manufacturer of the chassis and the manufacturer's number, the horse-power of the engine or the number and bore of its cylinders, and also the weight of the car unladen. It should also be provided with a horn and carry not less than two lamps in front and one behind so arranged as to throw light on the number of the car.

Conditions to be fulfilled by drivers of motor cars.

3. (1) The driver of a motor car must possess qualifications which provide a sufficient guarantee of public safety

(2) In so far as the driving of motor cars outside British India is concerned, no person may drive a motor car without having received for that purpose an authorization given by a competent authority after having shown himself on examination to be competent.

(3) Such an authorization must not be given to a person less than 18 years of age.

Arrangement of identification marks on motor cars.

4 No motor car shall be allowed to pass from one country into another unless it carries, fixed in a visible position on the back of the car, in addition to the number plate of its own nationality, a distinctive plate displaying letters indicating that nationality. The size of this plate and the method and size of the lettering are prescribed in Appendix B.

Special provisions with regard to motor cycles

5. The foregoing rules in this schedule apply to motor tricycles and motor bicycles, subject to the following modifications —

- (1) the machinery intended to prevent a car from slipping backwards, referred to in clause (2) (c) of paragraph 2 of this schedule, is not required, nor is the reversing gear,
- (2) the distinctive nationality plate of motor cycles shall measure only 18 centimetres in width and 12 centimetres in height. The letters shall measure 8 centimetres in height, the breadth of each line being 10 millimetres
- (3) Motor cycles should be provided with a horn and one lamp

APPENDIX A

CONTRACTING STATES

Principal countries

Great Britain	Monaco
Germany	Montenegro
Austria and Hungary	The Netherlands.
Belgium	Portugal
Bulgaria	Roumania
Spain	Russia
France	Servia
Greece	Sweden

H. WHEELER,
Secy. to the Govt. of Bengal

The following notification, issued by the Government of India in the Department of Education, published in the *Gazette of India* dated the 27th February 1915, is republished for general information.

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

EXAMINATIONS.

Delhi, the 26th February 1915

No. 58.—The following amendments are made in the rules for the High Proficiency and Degree of Honour examinations in the Tibetan language, published with the Department of Education Notification No. 203, dated the 20th November 1914.—

- (i) In rule VII, text-book No (1), substitute “Tibetan Grammar by Csoma de Koros—published by the Asiatic Society of Bengal” for “Grammar Situ Sum lag—(published at the Bengal Secretariat Book Depôt, Writers’ Buildings, Calcutta.)”
- (ii) In rule VII, text-book No. (2), substitute “Appendix to the Pag-Sam Thi-Shing, Fascicule III, Chapters LXIV and LXV—(published in the Bibliotheca Indica Series)” for “Pag-Sam Thi-Shing, Chapters LXIV and LXV, Volume II, Fascicules IV and V—(published in the Bibliotheca Indica Series).”
- (iii) In rule VII, text-book No (7), for the words “published by the Government of Bengal” in line 3, substitute “published at the Bengal Secretariat Book Depôt, Writers’ Buildings, Calcutta.”

I. C. PORTER,
Secy to the Govt. of India.

The following notifications, issued by the Government of India in the Foreign and Political Department, published in the *Gazette of India*, dated the 27th February 1915, are republished for general information.

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

Delhi, the 26th February 1915.

No 1103-D—In exercise of the powers conferred by section 5 of the Foreigners Act, 1864 (III of 1874), and in continuation of the notification of the Government of India in the Foreign and Political Department, No. 1443-I B., dated the 14th August 1914, the Governor-General in Council is pleased to order that the provisions of section 5 and of all the subsequent sections of the said Act shall, during the continuance of the present war, remain in force in the areas specified in the first column of the schedule to the like Notification No. 1422-I B., dated the 14th August 1914.

No 1104D.—In supersession of the notification of the Government of India in the Foreign and Political Department, No. 330-I. B., dated the 4th March 1914, the Governor-General in Council is pleased to declare that the provisions of section 29 of the Code of Civil Procedure, 1908 (V of 1908), shall apply to the Courts specified in the Schedule hereto annexed.

The Governor General in Council is further pleased to declare that service by the said Courts of any summons issued by a Court in British India under the said Code shall be deemed to be valid service.

SCHEDULE.

Patiala State Courts

FIELD OPERATIONS

No 205 —The Governor-General in Council has much pleasure in directing the publication of the following letter from the Chief of the General Staff, dated the 2nd February 1915, submitting despatches from Brigadier-General W S Delamain C B, D.S.O., and Lieutenant-General Sir A A Barrett, K.C.B., K.C.V.O. describing the operations of I E F "D" at the head of the Persian Gulf up to the 28th November 1914. The Governor-General in Council concurs in the opinion expressed by His Excellency the Commander-in-Chief regarding the manner in which the operations were conducted and the behaviour of the troops engaged. His Excellency in Council also shares the Commander-in-Chief's appreciation of the support rendered by the Royal Navy which conducted so materially to the success of the operations

No. 10600-1 (C.G.S.), dated Delhi, the 2nd February 1915

From—The Chief of the General Staff,

To—The Secretary to the Government of India, Army Department.

I AM directed by His Excellency the Commander-in-Chief in India to submit for the information of the Government of India the undermentioned reports on the operations of Indian Expeditionary Force "D" up to the 28th November 1914 —

- (i) Report by Brigadier-General W S Delamain, C B, D.S.O., on the operations of I E F. "D" up to the 14th November 1914, and
- (ii) Report by Lieutenant-General Sir A A. Barrett, K.C.B., K.C.V.O., Commanding I E F "D," on the operations of his force at the head of the Persian Gulf, from the 14th to the 28th November 1914.

2. His Excellency considers that the operations were conducted with skill and energy and that the discipline and steadiness of the troops reflect the greatest credit on all ranks. He desires to commend to the favourable consideration of Government the officers, non-commissioned officers and men whose services are brought to notice in the reports, and wishes specially to invite attention to Lieutenant-General Sir Arthur Barrett's remarks in regard to the very valuable assistance rendered by the Royal Navy which he cordially endorses

3. His Excellency recommends that the reports be treated as despatches and published in the *Gazette of India*

No B M 11, dated Camp Stanley, the 16th November 1914

From—Brigadier-General W S DELAMAIN, C B, D.S.O., Commanding, 16th Brigade, I E F. "D,"

To—The Chief of General Staff, Simla

ON the arrival of Lieutenant-General Sir A A. Barrett at this camp and on conclusion of my period of independent command I have the honour to report as follows.

2. The force under my command, known as I. E. F., "D," left Bombay on the 16th October in four transports, part of a large convoy. On 19th October we parted company and steered for Bahrain Islands, under escort of H. M. S. "Ocean." No. 1 Brigade, Indian Mountain Artillery, joined the force off Jask on the 21st. We arrived on the 23rd and anchored off Manama. Here we remained until the 2nd November.

3. On that date the Force sailed for the mouth of the Shatt-el-Arab in compliance with instructions contained in your radio-telegram No. 6571. Pilots were taken on board off Bushire and the Force arrived at the outer bar of the river on the evening of the 3rd November.

4. The 4th and 5th November were occupied with naval preparations and the transports themselves were prepared with bullet proof cover on the upper decks for the use of parties detailed for covering fire.

Major Radcliffe, 2nd Dorset Regiment, returned from Kuwait on 5th with information that the Fort was in ruins but that guns were in position. A landing force was detailed for the capture of Fao, under Lieutenant-Colonel H. L. Rosher, 2nd Dorset Regiment, and orders issued. On the 5th the transports crossed the outer bar of the Shatt-el-Arab and anchored just outside the inner bar.

5. At 6 A.M. on 6th November H. M. S. "Odin," preceded by launches sweeping for mines, stood in and bombarded the Turkish guns outside the Fort, 3 miles south-east of the telegraph station at Fao. The hostile guns were soon silenced; they were well served for a time and hit the "Odin" twice. On the signal being made that the guns were silenced the transports "Umaria" and "Varela" advanced in that order, each towing 8 boats full of troops alongside, the "Mashona" (armed launch) towed 7 boats full of troops and the Royal Navy steam launches towed the detachment of Marines from H. M. S. "Ocean." Off the telegraph station the boats were cast off and made for the shore. Some 600 Infantry landed with 1 section, Mountain Artillery, complete with mules and 1 squad, Sappers and Miners. There was no opposition. When the 1st and 2nd reinforcements had also landed, Colonel Rosher assembled his force and marched south-eastwards to occupy the Fort. This was accomplished during the night of the 6th—7th, the guns were dismounted and thrown into the river and Colonel Rosher's command returned to Fao.

6. While the troops who had landed were being re-embarked on the 7th November, the General Officer Commanding with remaining transports proceeded up the river till within sight of the Oil Refinery on Abadan Island. On the 8th November the river was reconnoitred for a suitable landing place. A firm high bank with deep water close up to it was found at Samiyeh, the transports were called up and troops began to disembark. The disembarkation continued during 9th and 10th November being practically complete by evening of latter date.

7. It was proposed to advance from this camp and attack the Turks at Shamshumiyah by land, but the reported advance of Turkish troops from Basrah and the necessity of safeguarding the Oil Works combined with the absence of news from India regarding the arrival of reinforcements decided me to remain at Samiyeh. With the intention of an early forward movement, as little baggage and supplies as possible were landed at this camp. Reconnaissances both up and down stream on the 9th and 10th failed to discover any enemy.

8. On the evening of the 10th reliable news was received from the Sheikh of Mohammerah that Sami Bey with strong combined force of Turks and Arabs had arrived from Basrah at a point opposite Mohammerah with the intention of attacking our camp. At 3 A.M. on the 11th the Sheikh reported that Sami Bey had started to make the attack. Troops were turned out and outposts strengthened. The Turkish force, of whom over 300 were actually seen, delivered a determined attack at 5-30 A.M. on an advanced post held by one dog's company 117th Mahrattas with 2 machine guns. They advanced to within 50 yards of the post but were driven off by a dashing counter-attack delivered by the 20th Duke of Cambridge's Own Infantry, with the assistance of the 23rd Peshawar Mountain Battery. The enemy lost heavily in their retirement across the desert, 19 dead were counted, 14 wounded were brought in by us and 6 prisoners were taken. Abandoned rifles and equipment were found. The Turks officially acknowledged a loss of 80 men.

9. The defences of the camp were further strengthened and daily reconnaissances made. On the 14th November, Lieutenant-General Sir A. Barrett with the 18th Brigade and Divisional Troops arrived at this camp.

10. I would invite attention to the difficulties of communication in the Persian Gulf during the period covered by this report. Constant thunderstorms interrupted the wireless system. The installation on R. I. M. S. "Dalhousie," is apparently of poor quality and the operators not very experienced. This ship had to be stationed at Bushire to connect with the cable there. The wireless station at Jask was frequently in communication with H. M. S. "Ocean" in the sense that the station would answer the call of the warship but it would not take in any message for transmission. No night watch is kept at Jask.

11. Several points to which I would earnestly invite attention are mentioned in the "Notes" made at intervals in the "War Diary" which is forwarded by the same mail as this report.

12. I would mention that the stay of the Force at Bahrain was of advantage as it enabled me to have British and Indian Corps instructed in rowing and handling of boats and to rehearse the operation of a landing in force.

13. All ranks have performed their duties in a most zealous and creditable manner.

14. I would bring to notice the great assistance given me by the following officers in planning and carrying out the operations for the occupation of Fao and the landing at this camp.—

Captain Hayes-Sadler, R. N., Senior Naval Officer, H. M. S. "Ocean."

Commander Hamilton, Royal Indian Marine, Principal Marine Transport Officer

15. I would also report that the masters of the various transports* gave all the assistance in their power. I would specially bring to notice the name of Mr. T. L. Mills, R. N. R., Master of the S. S. "Varela," British India Steam Navigation Company, who displayed great zeal and willingness to perform operations beyond those usually required of a master of a merchant vessel. I trust that it will be found possible to recognize his service

16. In connection with the Turkish night attack on the 11th November I would report that the counter-attack I ordered on the attacking force was carried out in a most dashing and skilful manner by the 20th Duke of Cambridge's Own Infantry and the 23rd Peshawar Mountain Battery under the command of Lieutenant-Colonel C. Rattray, 20th Infantry

REPORT OF OPERATIONS OF INDIAN EXPEDITIONARY FORCE "D" FROM 14TH TO 28TH NOVEMBER 1914.

No 101-G., dated Basrah, the 7th December 1914.

From—LIEUTENANT-GENERAL SIR A. A. BARRETT, K. C. B., K. C. V. O., Commanding Indian Expeditionary Force "D",

To—The Chief of the General Staff, Army Head-quarters, Delhi.

I HAVE the honour to submit for the information of His Excellency the Commander-in-Chief the following report of the operations of the troops under my command from the 14th to the 28th November 1914.

2. On the morning of the 14th November, the S. S. "Elephanta," with my Head-quarters, and four other transports anchored in the river opposite Sanjayoh, where Brigadier-General Delamain's force was already bivouacked. The disembarkation of the troops was commenced at once. Infantry used the ships' boats and experienced no difficulty in getting ashore. The landing of the guns, wagons and horses of the field artillery and of the cavalry horses in lighters and dhows was greatly delayed by the strong tide and current, the want of proper landing places, and by the shortage of lighters and steam craft for towing purposes. Every possible use was made of all the craft available and with the hearty co-operation of the officers and men of the Royal Navy, the Indian Marine and the transports, considerable progress was made. The hatch covers of the transports were utilised as ramps for horses and guns, while excellent work was done by the Sapper Companies.

3. In the course of the day I learnt from General Delamain of the presence of a hostile force at Sahlan, four miles distant, and I ordered him to attack it the following morning. A full account of the action which ensued will be found in the attached report from General Delamain. I have already mentioned, in my telegraphic report of this action, my appreciation of the skilful and spirited manner in which this attack was carried out, and of the credit due to all who were engaged. The result was entirely satisfactory, as it enabled our advance on the 17th November to take place without our right flank being harassed.

4. Our information on the evening of the 16th was to the effect that a force of the enemy would probably be met with about Sahil and Zain, while his main body was believed to be in position at Balyanyeh. At that time the whole of the cavalry, sappers, and the infantry of the 18th Brigade had been landed, but only one battery of the 10th Brigade, Royal Field Artillery. I was informed that the Sheikh of Mohammedrah was apprehensive of an attack on Failah from the enemy's forces on the left bank and also that the attitude of the neighbouring Arabs would depend, to a great extent, upon our ability to make headway against the Turks without undue delay. I therefore decided that it would be in our best interests to advance at once with the whole of the force then at my disposal, leaving the remaining field batteries to be disembarked as rapidly as possible and to follow us as soon as circumstances would permit.

5. A copy of operation orders issued for Tuesday, the 17th November, will be found attached.† My intention was to turn the enemy's right flank, and drive him through the palm groves on to the river, so that the two sloops, "Odin" and "Espiegle," which moved up the river on a level with our advance, might be able to co-operate.

6. After leaving the bivouac we moved across the open desert, the surface of which, owing to recent rain, was still very muddy in places, though fortunately free from creeks or other obstructions.

At 8-50 A.M. a report was received from the advanced guard to the effect that the enemy's position extended from a ruined mud fort, which was plainly visible somewhat to the right of our line of advance, north-westwards through Hassanain to Zain.‡ At 10 A.M. the enemy's guns opened fire. I then ordered the 110th Mahratta

† This report proved substantially correct, except that their position extended about ½ mile to the S. of Old Fort along the date palm belt.

L. I. to reinforce the advanced guard and moved up the 16th Brigade on its right, leaving a space between the two brigades for the artillery to come into action, and retaining as reserves the 48th Pioneers and 120th Infantry. Each of the two Brigade commanders had then at his disposal three battalions of infantry and a company of sappers, with the cavalry covering the left flank of the whole force, and the two sloops on the river to our right, though at some distance, with only the tops of their masts appearing above the belt of palm trees. The whole of the artillery consisting of the 23rd and 30th Mountain Batteries, and 63rd Battery, Royal Field Artillery, subsequently joined by three guns of the 76th Battery, which were hurried up during the action from the landing place, were placed under the Commander, Royal Artillery.

7. While these dispositions were being made, a heavy downpour lasting for half an hour came on. The front was entirely obscured, while the surface of the ground was converted into a quagmire ankle deep over which guns and horses could only move at a walk. The enemy's guns ceased firing, and I was in some doubt as to whether he intended to maintain his position. Our troops continued to advance steadily until 11-45 A.M., when the enemy simultaneously opened a heavy gun, rifle and machine gun fire along his whole front. Our artillery and infantry also came into action. After watching the course of the engagement for some time, I came to the conclusion that it would be advisable to abandon my original intention of turning the enemy's right, which extended some distance, and was echeloned back into broken ground and palm groves. The key of his position appeared to be the old mud fort. I, therefore, sent word to General Fry, with the 18th Brigade to engage the enemy's right and centre with a frontal attack, while General Delamain with the 16th Brigade turned his left flank and captured the fort. At the same time I reinforced General Delamain

with a battalion from the reserve. General Delamain had meanwhile anticipated my intentions and had already commenced the turning movement. It was at this stage that a large number of casualties occurred on our right, especially in the 2nd Dorset Regiment, which had been the first to come into action, and had met with heavy fire in an exposed position, not only from the mud fort and trenches in front of it, but also from a body of the enemy entrenched on the edge of the palm groves behind and to the south of it. These Turkish regulars were using smokeless powder and were invisible from the point where the guns were in action, the latter being fully engaged with the enemy's artillery and with the long line of entrenchments on the main front Hassanain-Zain. The sloops on the river managed to put a few shells into the mud fort, but were soon obliged to desist owing to their view being obstructed by the belt of palm trees. The turning movement was very skilfully carried out by portions of the 104th Infantry, the 117th Mahrattas and the 22nd Company, Sappers and Miners, and was directed by General Delamain himself. The 18th Brigade and the main body of the 16th Brigade also pressed on steadily, supported by very efficient fire from our artillery. At 1-15 P.M. the whole of the enemy's line quitted its entrenchments and fled rapidly to the right rear into the broken ground and palm trees, his guns covering the retirement, and finally being skilfully withdrawn from successive positions in the same direction under cover of long earthen embankments, which concealed them from view. The whole of our force advanced firing heavily and doing considerable execution, but the enemy's losses would have been much greater if the state of the ground had not precluded rapid movement, more especially on the part of the cavalry and artillery.

Two abandoned mountain guns fell into the hands of the 7th Ruputs, who were on the left of the line, and numerous prisoners were captured.

At 2-50 P.M. I thought it advisable to issue orders for the pursuit to be stopped. The enemy were then retiring through the palm groves, with banks and mud walls affording facilities for defence, and their retirement was covered by distant fire from their guns. I had to form an entrenched camp before nightfall, and to bring in a large number of wounded, who were scattered over a considerable extent of country.

The enemy's losses have been variously estimated, and probably amounted to about 2,000. Two days after the action 69 dead bodies were found lying in one portion of the position. His total strength is estimated at 3,000 Turks and 1,500 Arabs, with 12 guns.

*Not reproduced

The troops bivouacked at Sahil on the banks of the river with outposts on the line Sahil—Old Fort—to river bank, *vide sketch** map.

The conduct of the troops throughout this engagement excited my warmest admiration. A very large majority of the men had never been under fire before, yet they behaved as steadily as if at an ordinary field-day, all the details of their training, as inculcated in peace time, being carried out automatically. The behaviour of the Dorset Regiment, when exposed to both frontal and enfilade fire, is especially to be commended. General Delamain has also brought to notice the 22nd Company, Sappers and Miners, who were on the right of the Dorsets.

The enemy's guns were well served and cleverly handled, but fortunately the fusing of the shells was indifferent and the elevation generally too great. Their rifle fire was also too high, and not very effective at close quarters, otherwise our losses would have been much heavier. Our artillery suffered for want of observation posts, but in spite of this their fire was highly effective, and, as was afterwards ascertained, produced a demoralising effect on the enemy.

As may be gathered from the above report, the duties of the commanders of brigades and other units, as also of the staff were carried out most efficiently. I propose to defer bringing the names of individual officers to notice until the operations of this Force as a whole are finally recorded. At this stage I need only mention those who were especially conspicuous during the actions of the 15th and 17th, as set forth in the brigade commander's reports attached.

The work of bringing in the wounded continued far into the night, and one ambulance party actually remained out all night, in spite of the fact that the enemy were firing on our piquets at intervals. I desire to pay a very high tribute to the personnel of the medical services, both for efficiency

of organization, and for devotion to duty. In addition to our own men, a large number of wounded Turks and Arabs had to be cared for and conveyed on board the transports, at a spot where shelving mud flats and a strong current made boating operations extremely troublesome and at times even hazardous.

On the afternoon of the 17th, it was blowing a hurricane for several hours in the course of which three large dhows lying alongside the transports, laden with stores ready to disembark, were wrecked, and ten sepoy and two lascars were drowned.

On the 18th, 19th and 20th we were employed in landing supplies and blankets for the troops, and in reconnoitring the enemy's position at Balyaneh, which was found to be at right angles to the river, with four guns in position on the bank commanding the north end of Dabba Island, where the S.S. "Ekbatana" and two smaller craft had been sunk to block the ship channel. The naval sloops engaged these guns from below the obstruction, and, as was discovered afterwards, placed a shell inside the battery.

I formed a plan of attack to be carried out on the 22nd in which naval and military forces were to co-operate, but on the 21st I received trustworthy information, confirmed by our cavalry, that the enemy had vacated his position. The report stated that the Turks had quitted Basrah and retired northward in boats to Baghdad, that numbers of armed Arabs had deserted, and that the town of Basrah was in danger of being looted.

Accordingly, I ordered a forced march for 8 P.M. that evening, while the naval sloops were to proceed by river to Basrah, and two battalions were hastily got on board shallow draft steamers to follow them. We started across the desert at 8 o'clock, and at 12 noon the next day we reached the outskirts of Basrah, after a march that was extremely trying to the troops. Frequent delays were caused by the high banks of water channels, which had to be levelled and in some cases bridged to admit the passage of field guns.

On arrival at Basrah, we learned that the two sloops had got in at 9 P.M. the previous evening, and had succeeded in protecting the buildings on the river bank to which no damage had been done, except the partial burning of the Custom House and destruction of its contents.

The two battalions had arrived, at 9 A.M. on the 22nd and were then patrolling the town, which was perfectly orderly.

I therefore decided to defer making a formal entry into the town until the next morning, as the troops were badly in need of food and rest, and it would have been difficult to arrange quarters for them until the place had been more fully examined.

On the 23rd the troops made a ceremonial march through the town to a selected spot near the mouth of the Ashar Creek, where the foreign Consuls and notables were assembled to meet us, and were presented to me by Mr. Bullard, our late Consul. A proclamation prepared by Sir Percy Cox was then read, the Union Jack was hoisted on a prominent building, a salute was fired from the sloops, the troops presented arms, and three cheers were given for His Majesty the King-Emperor. The German Consul and five other Germans were placed on board transports for conveyance to India.

We were cordially welcomed by the inhabitants who appeared eager to transfer their allegiance to the British Government.

In concluding this report, I wish to lay stress upon the very great assistance that I have received throughout from Captain Hayes-Sadler, R.N., the Senior Naval Officer in the Persian Gulf, and the officers and men serving under him, without which it would have been quite impossible to bring these operations to a successful issue.

I am also much indebted to Sir Percy Cox for his advice and help on all occasions and for the valuable and accurate information that he was able to procure for me chiefly through the Sheikh of Mohammerah, who, at the risk of drawing upon himself the hostility of the Turks, has spared no pains to prove himself our true friend and ally.

I reserve for a future report an acknowledgment of the good services done by the officers of the Royal Indian Marine, whose duties in connection with naval transport work have been most onerous.

We have also received very ready help throughout from the officers and men of the transports belonging to the British India Steam Navigation and other companies.

The following is a list of documents that accompany the report:—

1. Extract from Brigadier-General Delamain's report.
2. Operation Order No 1.
3. Details regarding enemy engaged 17th November 1914.
4. Commendations for conspicuous conduct
5. Map * 1 miles to 1 inch [* Not reproduced]
6. Sketch * map of action.

Appendix 1

Extract from a Report by Brigadier-General W. S. Delamain, D.S.O., on the Operation of the 14th November 1914,

Information from various sources went to show that Turkish troops were concentrating near Saihan only four miles west of our camp at Samyeh; and on the 14th November I received the Force Commander's instructions to reconnoitre and dislodge this hostile gathering without involving my own force too seriously. Thereupon issued Operation Order No 7.

The force under my command consisted of the 30th Mountain Battery, the 2nd Battalion, Dorset Regiment, and the 104th Rifles, with 23rd Mountain Battery and the 20th Infantry in camp held ready to reinforce if we became engaged.

The force marched at 6 A.M. from Camp Samyeh and on reaching the southern edge of the date palms turned westwards, the advanced Guard (Major Clarkson, 1 Section Mountain Battery, 4 Companies 2nd Dorsets) keeping 1,200 yards from the edge of the date groves and followed by the Main Body at approximately the same distance.

The march was continued in this order till the Advanced Guard was approximately south of Saihan village and creek at 7 A.M. At 7-10 A.M. the enemy opened fire on the Advanced Guard from two positions on the edge of the date groves with rifles and machine guns and on the main body with artillery. The 104th Rifles were sent immediately to turn and capture the enemy's first position and then to work through the date groves from the east. The Mountain Battery (2 Sections) assisted the 104th Rifles and 1 Section kept the hostile guns in the Turkish second position in check. The 104th took the first Turkish position in capital style about 8-30 A.M. At the same hour the reinforcements arrived from camp.

The Advanced Guard was then reinforced by the remaining half battalion, of the 2nd Battalion, Dorset Regiment, and extended to their left so as to outflank the second Turkish position from the desert side. The 30th Mountain Battery was put under the orders of the Officer Commanding 2nd Battalion, Dorset Regiment, who now commanded the Advanced Guard. The 20th Infantry (less 4 Companies) filled the gap between the Advanced Guard and the 104th Rifles on our right, leaving the 4 Companies of the 20th Infantry and 23rd Peshawar Mountain Battery in general reserve under my own hand. A general advance was then made on the second Turkish position, assisted by the admirably directed fire of both the Mountain Batteries, from which the enemy suffered severely. The position was entrenched and held by the Turks with determination. It was gallantly rushed by the 2nd Battalion, Dorset Regiment about 9-30 A.M. The enemy made off northwards through the date palms.

In the meanwhile the 104th Rifles on our right found the ground inside the wood very difficult owing to the numerous irrigation cuts. They pushed forward slowly till they reached the line held by the 2nd Dorsets and the 20th Infantry, meeting with strong opposition at a fortified village, where there were posted 1 gun and 1 machine gun.

The arrival of Turkish reinforcements from their force near Umm-ur-Rowais might now be expected at any minute.

In view, therefore, of my instructions not to get too seriously engaged, I ordered a withdrawal to camp, after doing considerable damage to the Turkish camp. The retirement was unmolested.

H.M.S. *Odin* co-operated in the action by steaming up the river parallel with the troops, but owing to the impossibility of observing fire through and over the belt of date palms, her fire was necessarily restricted to a minimum.

I estimated the enemy's strength at 1,200 with 4 mountain guns and 3 machine guns. From information given by prisoners the force appears to have been considerably stronger. I put their losses at 160 dead and wounded unable to move. We took prisoners 6 unwounded and 19 wounded, including a battalion commander.

Our casualties came to—

Captain Maclean, 104th Rifles
Lieutenant Yeatman, 2nd Battalion, Dorset Regiment } Severely wounded

Rank and file	Killed	Wounded	Missing
2nd Battalion, Dorset Regiment	5	38	Nil
104th Rifles	3	14	„
20th Infantry	..	2	„
No 1 Brigade Indian Mountain Artillery	..	1	„

The behaviour of all the troops was admirable. The co-operation between artillery and infantry was good.

I would mention that the information regarding the enemy obtained by Major H. Smyth, Special Service Officer, proved to be absolutely correct.

I bring to notice the good work done by the following—

- (a) Lieutenant-Colonel H. L. Rosher, 2nd Battalion, Dorset Regiment, who commanded the main attack on the enemy's position in an able manner.
- (b) Major H. A. Holdich, Brigade Major, 16th Brigade. An able Staff Officer who gave me the greatest assistance during the engagement.
- (c) Lieutenant E. B. Allnutt, R.A.M.C., in medical charge of the 2nd Battalion, Dorset Regiment, reported as having displayed great gallantry in attending the wounded on the open plain.
- (d) Bugler Suran Singh, 24th Duke of Cambridge's Own Infantry, reported by the Officer Commanding 104th Wellesley's Rifles, as having very bravely set fire to a village held by the enemy.

Operation Order No. 1 by Lieutenant-General Sir A. A. BARRETT, K.C.B.,
K.C.V.O. Commanding Force "D".

FORCE HEADQUARTERS,
CAMP SANIYEH,

The 16th November 1914.

Reference 4 Miles to 1 inch Map*

[*Not reproduced.]

1 *Information*—A considerable body of the enemy was driven out of their camp at Sulhan yesterday with severe loss. Opposition may be expected from other bodies here and further north-west.

2 *Intention*—To march as light as possible to new camp on Turkish bank of river, all baggage, etc., being carried on ships. The Naval forces will co-operate under the orders of the Senior Naval Officer.

3 *Ammunition*—Infantry must carry 200 rounds per rifle on person and other arms as much as possible.

4 *Starting point*.—The starting points are the 3 bridges south-west of the 16th Brigade camp; they will be marked by red lamps and flags by the 16th Brigade.

Head of Main Body to pass at 6 A.M.

Deputy Assistant Adjutant-General will control traffic.

5. *Advanced Guard*—Officer Commanding—Major-General C. I. Fry.
Guide—Captain Cochran.

Troops.—1 Squadron, 33rd Light Cavalry.
1 Mountain Battery.
17th Company, Sappers and Miners.
2 Battalions 18th Brigade

6. *Main body* in order of march—

Cavalry less 1 squadron.
Force Headquarters
Headquarters and Divisional Signal Section, No 34 Divisional Signal Company
Divisional Engineers, less 1 Company, Sappers and Miners.
Remainder 18th Infantry Brigade.
18 Pioneers
Divisional Artillery, less 1 Mountain Battery.
16th Infantry Brigade, less 14 Battalion.
Field Ambulances (Bearer Sub-divisions only) less those allotted to Brigades.
2nd Line Transport

7. *Flank Guards*—Right Flank Guard, Officer Commanding—Lieutenant-Colonel McGeorge, 117th Mahrattas

Troops—4 Battalion 16th Brigade
Left Flank Guard, Officer Commanding—Major Scott
Troops—1 Double Company, 16th Brigade

The Right Flank Guard to march 1,000 yards west of date palm.

8. *Rear Guard*—Officer Commanding, Major Robinson, 117th Mahrattas.

Troops—1 Double Company, 16th Brigade

9. *Medical*—Field Ambulances are allotted as follows —

16th Brigade $\frac{17}{B}$ B F A $\frac{125}{A B C}$ $\frac{\text{Bearer Sub division only}}{1 1 A}$

18th Brigade $\frac{18}{C}$ B F A. $\frac{126}{A B D}$ I F. A.

Unallotted $\frac{19}{D}$ B, F A. and $\frac{127}{D}$ and $\frac{128}{C}$ I F A.

Sick and wounded will be carried with the force by these medical units

10. *Transport*—Pack transport will be allotted as follows at 4 P M to-day

British Infantry	50 pack mules per Battalion
Indian Infantry	38 " " " "
Mountain Artillery Brigade	18 " " " "
Royal Field Artillery Brigade	<i>Nil</i>
Divisional Engineers	70
Pioneer Regiment	53
Cavalry	50
Field Ambulances	48 pack and 80 riding mules
Divisional Signal Company	} 23
Headquarters and Divisional	
Section and each Brigade	
Section	

Reports to Force Headquarters at head of main body,

Appendix 3.

ENEMY ENGAGED IN THE BATTLE OF SAHIL, 17TH NOVEMBER 1914

Estimated strength

4 Q F. Field Guns (3.25").

8 Mountain guns.

3 Machine guns

3,500 Regular Infantry

200 Gunners

350 Gendarmes

Probably another 1,000 armed Arabs in the palm belt.

They belonged to the following Regiments :—

1st Battalion, 113th Regiment.
2nd Battalion, 113th Regiment.
2nd Battalion, 112th Regiment
160 men of 1st Battalion, 26th Regiment, European Turks
Gendarmes of Halim Bey

Part of the 1st Battalion, 114th Regiment, was probably present
The enemy were commanded by Bimbashi Adic Bey.

Enemy taken prisoners

Major Mahomed Ali }
Captain Raouf } of 1st Battalion, 113th Regiment
Lieutenant Mahhi }
47 men (excluding those severely wounded).

Estimated enemy's casualties.

About 800 killed and severely wounded, and a considerable number of slightly wounded.

Captured.

Two mountain guns and a large number of rifles.

Appendix 4.

Extract from the Report of the General Officer Commanding, 16th Infantry Brigade, on the operations of his Brigade up to the 20th November 1914

.

I recommend for reward the following officers, non-commissioned officers and men from those favourably brought to notice by Commanding Officers :—

2nd Dorset Regiment.

Major H St J Clarkson, for gallantry.

Lieutenant and Adjutant F G Powell, for general assistance and conveying messages under heavy fire

2nd-Lieutenant E L Stephenson, for commanding his company with conspicuous coolness and dash after his Major and Captain had been killed

Lieutenant E B Allbutt, R.A.M.C. in medical charge, for again displaying conspicuous bravery in attending the wounded under heavy fire in the open. Many men owe their lives to this officer

No 3865 Colour Sergeant and Acting Sergeant-Major Delara, for coolness and gallantry

No 8558 Private Moores, who showed great courage in bringing up ammunition under heavy fire

No 7712 Private Hughes who when the machine gun officer was wounded, took command of the one uninjured gun and under heavy fire brought it to close range where it was of much use

No 6591 Sergeant Drew, who, though wounded, continued to lead his men with coolness and bravery

3rd Sappers and Miners

Lieutenant Matthews, R. E., for gallantry in leading a mixed party of Sappers and 104th Rifles and establishing the flank attack on the edge of the date groves

Jemadar Feroze Ali After Captain Twiss and the Subadar were wounded, this Indian Officer was in command of about 100 men who did excellent work in spite of heavy casualties

No. 2055 Naik Dalip Singh, No. 22 Company, 3rd Sappers and Miners, behaved with conspicuous gallantry in the action at Sahil on the 17th November 1914 when, with a party of Sappers under Lieutenant Matthews, R. E., he showed himself very forward in action and led his squad with great determination into the Turkish trenches.

104th Wellesley's Rifles.

Captain Chadwick, for gallantry.

Subadar Subal Singh [first in grove], } for gallantry with Lieutenant
No. 2336 Lance Naik Net Singh, } Matthews's party

117th Mahrattas.

Captain and Adjutant E G Hall, for gallantry This officer was severely wounded.

I regret that I omitted to bring to favourable notice the services of Mr Bryant, the Marconi operator on board SS *Verola*, of the British India Steam Navigation Company. Mr Bryant was untiring in his efforts to secure communication, and when the apparatus on the *Dalhousie* broke down, he volunteered instantly to go across from Bahrain to Bushire to set matters right. The force owed much to his skill and devotion to duty, and I trust that it may be found possible to recognise his services

Extract from the Report of the General Officer Commanding 18th Infantry Brigade, on the operations of his Brigade up to 20th November 1914.

.

When all did well and where there was no opportunity for conspicuous individual action, I have no special recommendations to make

Extract from the report of the Officer Commanding, Royal Artillery I.E F "D" on the operations of the Artillery under his command up to the 20th November 1914

.

All ranks behaved with exceptional coolness and steadiness, and I wish to bring to notice the good work done by Lieutenant-Colonel Greer, and Major Broke Smith throughout the action.

Extract from Reports of the Assistant Director, Medical Services, Indian Expeditionary Force "D," in connection with the Service under his command up to the 20th November 1914

I wish to bring to notice the especially excellent work done by the following Medical Officers during the engagement of the 17th instant —

Captain Wright, I M S 126th Indian Field Ambulance

, Hislop, I M S

, Lambert, R A M C, 17th British Field Ambulance

Lieutenant Allnutt, R A M C, Medical Officer, Dorset Regiment.

.

The undermentioned Assistant Surgeons and Sub-Assistant Surgeons did conspicuously good work in attending the wounded under heavy fire on the 17th November 1914, and are recommended for promotion as stated opposite their names —

3rd Class Assistant Surgeon J. H. S. Hutton, to 1st Class Assistant Surgeon,

4th Class Assistant Surgeon J. H. T. Pacheco (wounded) to 3rd class Assistant Surgeon of three years' standing.

No. 282 1st Class Sub-Assistant Surgeon V. U. R. Pandit, 104th Rifles, to 2nd Class Senior Sub-Assistant Surgeon

No. 318 2nd Class Sub-Assistant Surgeon Shaikh Azimud-din-Shaik Ismail to 2nd Class Senior Sub-Assistant Surgeon

.

Major William Falkiner Harnett, V. D., to be Lieutenant-Colonel, *vice* J. H. Murray, V D., appointed Commandant Dated the 29th September 1914.

B HOLLOWAY, *Brigadier-General,*
Secy to the Govt of India

The Calcutta Gazette

WEDNESDAY, MARCH 3, 1915.

PART I B.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS

No 604M—*The 25th February 1915.*—In exercise of the power conferred by section 290 of the Bengal Municipal Act 1884 (Ben. Act III of 1884), the Governor in Council makes the following rules subject to which the Commissioners of the Hooghly-Chinsura Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises within the Municipality for domestic purposes only.—

Rules for the grant to private premises of house-connections for domestic purposes in connection with the filtered water-supply in the Hooghly-Chinsura Municipality.

1. So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 18, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions.

2. The owner or occupier of any holding requiring water to be led on to such holding for domestic purposes or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office.

3. A fee of Rs. 100 must be paid to the Commissioners by such owner or occupier for each house-connection before any work is commenced, such fee being in addition to all other costs incurred and charges imposed under these rules.

4. Each holding must have a separate connection, and extensions from the communication-pipe of one holding to another shall not be permitted.

4. (a) No holding shall have more than one connection, provided that the Commissioners at a meeting may grant a second connection, on the same terms and subject to the same conditions and fees as are prescribed by these rules for a first connection, to a holding, the annual value of which is not less than Rs 2,000, if they are satisfied that the supply of water cannot be properly and adequately secured by a single connection in such holding.

5. The owner or occupier of the holding, in respect of which the connection is required, must bear the entire cost of the connection including the supply and fixing of the fittings referred to in rule 7 and must also pay the cost of such alterations in or repairs to roads, drains, sewers, gas or water mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connections.

6 (1) The work required may be carried out either by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the work is required, or by a person or firm *specially authorized by the Commissioners in this behalf* and employed by such owner or occupier.

(2) The work must be done under the supervision of an officer deputed by the Commissioners in this behalf, and no connection must be made with the Municipal water main except by a plumber specially authorized by the Commissioners to execute the works, and at such time as may be appointed and in such position as may be selected by an authorized Municipal officer in whose presence alone such connection is to be effected

7. A house-connection shall comprise the following parts and fittings:—

- (a) a brass or gun-metal ferrule inserted in the main supply-pipe,
- (b) a galvanized iron communication-pipe from the ferrule to the stop-cock,
- (c) a stop-cock and its surface-box,
- (d) a meter,
- (e) service pipes from the stop-cock to the taps, and
- (f) taps.

8 (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting

(2) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fittings of a pattern different from the standard patterns, he must present such fittings for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped and passed.

9. (a) The sizes of the ferrule and the diameter of the communication-pipe referred to in clauses (a) and (b) of rule 7, and the number of taps shall be fixed subject to the following scale in accordance with the annual valuation of the holdings:—

Annual valuation of holding	Size of the ferrule	Diameter of communication-pipe not exceeding—	Number of taps
Rs. 48 to Rs. 99 ...	1 1/4"	1/2"	2
Rs. 100 to Rs. 299 ..	1 1/2"	3/4"	3
Rs. 300 to Rs. 499 ...	1 3/4"	1"	4
Rs. 500 to Rs. 999 ...	2"	1 1/4"	5
Rs. 1,000 to Rs. 1,999 ...	2 1/4"	1 1/2"	6
Rs 2,000 and above ...	Special sanction of the Commissioners.		

(b) Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "screw down." Every tap shall be at least 3 feet above the road level.

10. The house-connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until this test has been applied by the Commissioners.

11. (1) On every communication-pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the building may be regulated thereby.

(4) Whenever a communication-pipe is laid across a sewer or open drain, or in any place where, in the opinion of the Commissioners, it is liable to injury, such pipe shall be passed through an exterior cast-iron pipe of sufficient length and strength to afford due protection to it.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface-box of approved pattern.

(3) Subject to the provisions of rule 13, no meter must be touched or interfered with in any way except with the permission of the Chairman.

13. The Commissioners shall depute an authorised person to read every meter not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

14. (1) Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of—

(a) 3,000 gallons of water per quarter for each rupee, and

(b) a further proportionate number of gallons per quarter for every additional fraction of a rupee,

paid by him quarterly as water-rate in respect of such holding.

(2) For all water in excess of the amount allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows.—

(a) For any excess quantity of water not exceeding one-half of the amount of the free allowance, 4 annas per 1,000 gallons.

(b) For any excess quantity of water exceeding one-half of the amount of the free allowance but not exceeding the amount of the free allowance, 6 annas per 1,000 gallons.

(c) For any excess of water exceeding the amount of the free allowance but not exceeding twice that amount, 8 annas per 1,000 gallons.

(d) For any excess quantity of water exceeding twice the amount of the free allowance, 12 annas per 1,000 gallons.

15. If the owner or occupier of any holding, which is supplied with water under these rules, shall refuse or neglect to pay any of the fees or charges imposed in accordance with those rules for a space of one month after he has been served with a notice of demand in writing for the same, the Commissioners may at any time after the expiration of that period and without further notice, disconnect any pipe forming part of the connection made in respect of such holding and may recover the cost of disconnecting such pipe from such owner or occupier.

Provided that the disconnection of such pipe shall not relieve any person from any liabilities which he may have incurred under these rules.

Provided also that the connection shall be restored on payment by the defaulter of all liabilities which he may have incurred under these rules, together with a penalty of Re. 1 as the cost of restoration.

No 610M—The 25th February 1915—Under rule 7 of the Local Authorities Loans Rules, 1915, it is hereby notified **Murshidabad.** for general information that the Governor in Council intends to sanction the following application from the Commissioners of the Berhampore Municipality for a loan of Rs 25,000 from Government, bearing interest at the rate of 4 per cent per annum, and repayable in forty equal half-yearly instalments of Rs. 913-14-4 each, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the said Municipality

H. F. SAMMAN,
Secy to the Govt. of Bengal.

Application from the Commissioners of the Berhampore Municipality for a loan of Rs 25,000.

[illegible]

The excess expenditure under this head was in connection with the Hospital.

In addition to the details required on the reverse, clear information should be given below under the following heads —

(a) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the borrowing body has taken, or has agreed to take, in order to make good the deficiency

The loan is intended to be taken for the improvement of the water-works and its repayment will be met solely from the surplus balance of that fund only

(b) The reserve of taxation or other possible means of increase in the revenues of the local body.

The Municipality expects to receive an additional income of Rs 3,000 annually in the water-works fund and to secure further receipts by raising the rate of fee for house-connections and by the reduction of expenses in the consumption of coal and the employment of labourer when the improvement scheme comes into effect.

(c) A statement of all outstanding loans, specifying, in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved, and the amount still payable

Existing loan	Date when taken	Purpose of the loan	Amount of annual charges.	Amount of the loan still outstanding
Rs 6,000	1st November 1906	Improvement of water-works	Rs. 734	Rs A P. 590 14 4

(d) Any explanation in regard to receipts and expenditure to show the true financial position of the Municipality when such position is otherwise than the ordinary surplus would indicate.

The existing loan of Rs. 6,000 will be fully repaid by 1st November 1915 when there will be a reduction in the ordinary expenditure of the Municipality by Rs. 734, which represents the annual charge for the loan.

CORPORATION OF CALCUTTA.

THE General Committee having, under section 350(1) of Act III (B.C.) of 1899, previously given public notice of their intention to define the general line of buildings on both sides of Ahireetola Street in District I and having duly considered the objections received within the date specified for receiving the same, do hereby, under section 350 (4) of the said Act, order that the line defined as per plan approved by the General Committee on the 8th January 1915 is the general line of buildings on the said Ahireetola Street

C. F. PAYNE, *Chairman of the Corporation of Calcutta.*

DACCA, the 18th February 1915 ●

CALCUTTA UNIVERSITY.

NOTICE

THE number of Graduates who have expressed their desire to attend the Convocation for the purpose of receiving their Diplomas being unusually large this year, it will not be possible to accommodate them and the usual number of visitors with seats in the Senate Hall. With the permission of their Excellencies the Chancellor and the Rector, it has therefore, been decided to hold the Convocation at the Town Hall, Calcutta, on Saturday, the 6th of March, at 3 P M.

Candidates for presentation will be arranged in blocks in the body of the Hall, where seats will be reserved for Principals of Colleges presenting them. Candidates in each block will stand up as the Hon'ble the Vice-Chancellor approaches the block. When the entire ceremony of presentation is over, Principals of Colleges, who are Members of the Senate, will accompany the Hon'ble the Vice-Chancellor and take their seats on the platform, while the other Principals will occupy seats specially reserved for them.

Candidates for presentation are to assemble at the Town Hall at 12 noon under the charge of their Principals or Senior Professors.

Fellows, Graduates in academic costume, and holders of admission cards will enter the Town Hall by the south gate. Carriages will not be allowed to enter the Town Hall grounds.

By order of the Hon'ble the Vice-Chancellor.

SENATE HOUSE.
The 1st March 1915 } .

Bogra Collectorate, the 23rd February 1915

A Dutt, Deputy Collector in charge, Bogra

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Southern Section of the Eastern Bengal State Railway, in the district of 24-Parganas, will be put up to sale at 3-30 p.m. on the 7th April 1915, corresponding with the 24th Chaitra, 1321 B.S., at the Hotal Railway station

The purchasers of the several plots of land will be subject to the following conditions —

1st —The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same

2nd —If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once

3rd —If the purchase-money exceed Rs. 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

4th —The plot of land will be sold revenue-free to the highest bidder

5th —The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it and a regular conveyance will then be granted to the purchaser

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands.

1 Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

- (i) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait.
- (ii) The Middle Andaman excepting that portion to the west of Yoljg and south of the main line cleared from the junction of the Chura lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea

2 Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Port Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands

3 Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter, but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited

4 The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works, and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract

5 The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound

6 The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed —

- (i) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs

- (ii) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first class logs,
2,800 tons of second-class logs,
4,000 tons of third-class logs.

The outturn for the last six years of the license will be determined by working plans to be drawn up hereafter.

7. In addition the licensees will be permitted to cut, subject to previous marking, should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows —

Gurjan over 8 ft in girth, *didu* and *pyinma* over 7½ ft in girth, and *koko*, black *chuglam*, white *chuglam*, white *bambire*, red *bambire*, and *taungpein* over 6 ft in girth

8 The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be held to be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill

9 For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled, but thereafter minimum annual royalties will be payable as follows —

- (i) for the North Andaman, Rs 1,00,000 per annum,
- (ii) for the Middle Andaman, Rs 1,00,000 per annum,
- (iii) in case of a combined license for both islands, Rs 2,00,000 per annum.

10 Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound, which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them.

11 Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands

12 The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employes and the convict population in the Andamans

13. Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation.

14. Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair.

15. Such padauk timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State-worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917, shall not exceed 500 tons of squares and 1,000 tons of scantlings. There will be no limit to the quantity of timber other than padauk which may be extracted from the areas under reference, and no restriction as to its disposal.

16. The Inspector-General of Forests, Simla, will answer calls for further information.

17. Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture, and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs 1,500 in cash or in Government securities. This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below.

18. All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla. This agreement must be signed within three months of the acceptance of the tender.

19. Tenders, marked "Tender for Andamans Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for padauk or for other timbers, or to assign any reasons for the refusal or acceptance of any tender.

20. Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid.

L J KER-NAW,

Secretary to the Government of India,
Department of Revenue and Agriculture.

SIMLA,

10th February 1915

Notices.

No. 985.

SEALED Tenders for the supply by Contract from 1st April 1915 to 31st March 1916 of Unscreened Indian Steam Coal or Unscreened English Steam Coal or Unscreened South-Welsh Steam Coal as on Admiralty List of the estimated quantities specified below, at the Ports mentioned, will be received by the Director of the Royal Indian Marine at his office in the Royal Indian Marine Dockyard, Bombay, up to 3 p.m. (Standard time) on Wednesday, the 17th March 1915, after which hour no Tender will be received.

			Estimated quantity for either Indian Steam Coal, or English Coal	Estimated quantity for South-Welsh Coal
			Tons	Tons
Bombay	16,000	10,560
Calcutta	14,150	9,340
Colombo	730	760
Karachi	2,620	1,730
Madras	200	130
Rangoon	9,970	6,580

2. It will not be necessary for Tenderers to tender for all Ports, but for such Port or Ports as they may desire.

3. The Indian Coal tendered must have a calorific value of not less than 7,000 calories or 12,600 British Thermal Units with ash not exceeding 15 per cent, or the evaporative power of the Indian coal must be not less than 7 lbs of water per lb of Indian Coal with ash not exceeding 15 per cent. For North-Welsh Coal or similar coal such as Davison's West Hartley tendered as English Steam Coal the evaporative power must be the same as the foregoing but the ash must not exceed 9 per cent.

4. Tenders must be accompanied by a Bank of Bombay receipt for the amount to be deposited or by Government Loan Paper, which is not to be endorsed to any Government Officer, but to stand in the name of the owner, interest being made payable at the Bombay Treasury. Tenders must be sent by Registered Post, if forwarded in any other way they will not be received. Informal Tenders will be rejected and no reason will be assigned for the rejection of any Tender. The Director of the Royal Indian Marine does not bind himself to accept the lowest or any Tender.

5. Any Tender containing a conditional clause contrary to these requirements or making stipulations not provided for either in this notice or the printed Tender and Schedule Forms will be summarily rejected.

6. Printed Tender Forms and any other information in connection with this contract can be obtained at this office and the forms can also be had from the Deputy Director of the Royal Indian Marine, Calcutta, Port Officer, Karachi, Presidency Port Officer, Madras, and from the Principal Port Officer, Burma, Rangoon.

7. The attention of all Tenderers is invited to the necessity for carefully observing the conditions mentioned in this notice.

8. Each Tender is to be superscribed "Tender for supply of either Indian Steam Coal, English or South-Welsh Coal."

WALTER LUMSDEN, Director, Royal Indian Marine.

Royal Indian Marine Dockyard, Bombay, the 25th February 1915

Town Hall, Calcutta, the 13th January 1915

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years standing and has a balance of over three and-a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta

Notice.

ON and from 15th October, 1914, the Government of Bengal has ceased to undertake cash sales of publications of that Government at the Bengal Secretariat Book Depot.

Intending purchasers should in future apply to Messrs Cambray & Co., Booksellers and Publishers, of No. 9, Hastings Street, or to Messrs Raj M C Sarkar Bahadur & Sons, of 75-1-1, Harrison Road, Calcutta, at whose premises all publications of this Government which are for sale will be open to inspection.

Agents for the sale of Government publications and booksellers, who are allowed commission on the purchase of books will be supplied by the Book Depot as at present.—1—234

The Book Depot will continue, as heretofore, to conduct sales of books by post, and persons desirous of procuring Government publications by this method, should address their requisitions to the Book Depot.

Secy to the Govt. of Bengal,
Legislative Dept.

LEGISLATIVE DEPT.;
BOOK DEPÔT BRANCH,
The 17th December, 1914.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

(CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD)

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Controller of Government Books United Provinces of Agra and Oudh, Allahabad.

SULPHATE OF QUININE,
SULPHATE OF CINCHONIDINE,
CINCHONA FEBRIFUGE,
RESIDUAL ALKALOID

Quinidine

Manufactured at the Bengal Government Cinchona Plantation

THESE articles are guaranteed to be free from wilful admixture with other Cinchona alkaloids. Quinine can be purchased by Government officers, District and Local Boards. It can also be purchased by Missionaries for bona fide public purposes. Otherwise it is not sold to private persons or firms. Cinchonidine is for sale to Government officers and to dealers. Cinchona Febrifuge can be purchased both in powder and in tablet form by Government officers and the general public. It is also sold by the Principal Druggists in Calcutta. Quinidine or Pure Amorphous Alkaloid and Residual Alkaloid or Amorphous Cinchona Alkaloid which contains about 40 per cent of Pure Amorphous Alkaloid are for sale to Missionaries and Government institutions only. These drugs are sold strictly cash and in advance, but private purchasers may use the V-P post system, and these are obtainable from the Superintendent, Juvenile Jail, Alipore.

The rates for these drugs from 1st April 1914 are as follows—

Sulphate of Quinine

	Rs.
For quantities of not less than 6 lbs in one delivery, 18 per lb.	
For any quantity less than 6 lbs in one delivery, 15 " "	

Sulphate of Cinchonidine

	Rs.
For quantities of not less than 6 lbs in one delivery, 12 per lb.	
For any quantity less than 6 lbs in one delivery, 14 " "	

Cinchona Febrifuge

	Rs.
For quantities of not less than 6 lbs in one delivery, 5 per lb.	
For any quantity less than 6 lbs in one delivery, 6 " "	
Residual Alkaloid or Amorphous Cinchona Alkaloid and Quinidine or Pure Amorphous Alkaloid, for any quantity, 4 per lb.	

Quinine is available in 1-oz., 4-oz., 1-lb. and 2-lb. tins. Cinchonidine is available in 4-oz., 1-lb. and 2-lb. tins. Cinchona Febrifuge is available in 4-lb., 1-lb. and 2-lb. tins. Residual Alkaloid is available in 10-lb., 4-lb. and 1-lb. tins. Quinidine is available in 10-lb. and 1-lb. tins.

Transit charges are in addition to the above prices in every case.

Drugs are sold strictly cash and in advance. Price of postage must accompany the price of the drug (when the drug is required by post). No charges are made when drugs are sent by rail. The name of the railway station, steamer, or post office must be written distinctly when the parcels are required by rail, steamer or by post. A scale of postage is given below:—
For 4 oz. 4 annas, 1 lb. 8 annas, 2 lbs. 10 annas, 4 lbs. 12 annas, 6 lbs. Rs. 1, 8 lbs. Rs. 1 4, and for 10 lbs. Rs. 1 6.

J G CUMMING,
Chief Secy to the Govt of Bengal.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 2586For.—The 8th March 1915.—In supersession of Notification No. 11850For, dated the 15th December 1914, Babu Mahim Chandra Chandhuri, Ranger, is promoted to be an Extra Assistant Conservator of Forests, with effect from the 27th July 1914

No. 2595For.—The 8th March 1915—Under the provisions of section 4 of the Indian Forest Act, 1878 (VII of 1878), the Governor in Council declares that it is proposed to constitute as reserved forest the land situated within the boundaries described below, which ceased to be reserved forest under Notification No. 2381For., dated the 8th June 1901.—

District	Pargana or other sub-division	Name of forest	Area in acres	Description of boundaries.
Darjeeling	Kurseong	Mana reserved forest	5	Bounded on all sides by the Mana reserved forest and demarcated by 20 pillars.

The Governor in Council is pleased to appoint the Deputy Commissioner of Darjeeling to be the Forest Settlement Officer, who will, under the provisions of Chapter II of the Indian Forest Act, enquire into and determine the existence, nature and extent of any rights alleged to exist in favour of any person in or over any land comprised within the boundaries specified above.

The Governor in Council is also pleased, under section 16 of the Indian Forest Act, to appoint the Commissioner of the Rajshahi Division to hear appeals from the decisions of the Forest Settlement Officer as above appointed

No. 2521L R.—The 5th March 1915.—Babu Hiranya Kumar Das Gupta, Deputy Collector, employed as an Assistant Settlement Officer in the district of Dacca, is granted privilege leave, under article 260 of the Civil Service Regulations, for three months, with effect from the 1st April 1915, or any subsequent date on which he may avail himself of it.

No. 2527L A.—The 5th March 1915.—In exercise of the power conferred by section 48(1) of the Land Acquisition Act, I of 1894, the Governor in Council is pleased to withdraw from the acquisition of a piece of land measuring 1 cottah 3 chitaks and 15 square feet, which was included in the area declared for acquisition under declaration No. 2636T.R., dated the 13th October 1913, published at page 1600, Part I of the *Calcutta Gazette* of the 15th idem and required for a crossing station at mile 116, on the Eastern Bengal State Railway, in village Agmari, zilla Faridpur. The land is bounded on the

North, East, and South—By the public road.

West—By the land newly acquired for the Eastern Bengal State Railway, under the above declaration.

No. 2533L A.—The 5th March 1915—Mr. J. A. Ross, I.C.S., Sub-divisional Officer, Netrakona, in the district of Mymensingh, is vested with the powers of a Collector, under the Land Acquisition Act, I of 1894, in that subdivision.

No. 2564 L.A.—The 8th March 1915.—The following agreement made under section 41 of the Land Acquisition Act, I of 1894, is published for general information

J. H. KERR,
Secy to the Govt of Bengal.

ARTICLES OF AGREEMENT made this the 1st day of February One thousand nine hundred and fifteen BETWEEN THE INDIA GENERAL NAVIGATION AND RAILWAY COMPANY LIMITED a Company incorporated under the English Companies Acts and having its Registered Office in London with a Branch Office at No 4 Fanne Place Calcutta hereinafter called "the Company" of the one part and THE SECRETARY OF STATE FOR INDIA IN COUNCIL hereinafter called "the Secretary of State" of the other part WHEREAS the Company has applied to the Government of Bengal to acquire on behalf of the Company under the provisions of Act I of 1894 of the Governor-General of India in Council (hereinafter referred to as "the said Act") the land described and delineated in the Schedule and Plan* hereto annexed and situated and being in dehi Raj Kissors Bagan kismat Nadian in district and registry 24-Parganas, sub-registry Alipore and thanas Tollygunge and Muchkhola for the construction of a workshop and extension of the Dockyard and Repairing Yard of the Company wherein the vessels in the service of the Company are to be erected fitted and repaired AND WHEREAS the Government of Bengal being satisfied by an enquiry held under its order pursuant to section 40 of the said Act that the said acquisition is needed for the construction of the said works and that such works are likely to prove useful to the public has consented to the said acquisition pursuant to the provisions of the said Act and has required the Company under the section 41 of the said Act to enter into the Agreement hereinafter contained NOW THESE PRESENTS WITNESS that it is hereby agreed and declared as follows —

1. The Company shall and will pay and reimburse to Government within such time as may be fixed and notified to the Company by the Collector the entire cost of acquiring the said land in accordance with the provisions of the said Act including all compensation damages and expenses which may have been or may be paid or incurred in respect of or on account of such acquisition and all law costs which have been or may be incurred by Government upon or in respect of or incidental to the said acquisition including the costs and expenses of any litigation arising thereon either in the original or Appellate Courts and also the cost of the establishment and the salary of the Officer or Officers of Government employed or to be employed by Government in connection with or for the purposes of such acquisition

2. Upon such payment by the Company the Secretary of State shall execute and do all such acts deeds matters and things as may be necessary or proper for effectually vesting the said land in the Company subject to the conditions hereinafter contained.

3. The Company shall construct upon the said land one or more permanent sheds godowns or other necessary erections or make necessary excavations on the said plots of land for such Workshop and repairing yard as aforesaid and the Company shall use the said land and hereditaments for no other purpose and shall not assign, transfer or part with the possession thereof or of any part thereof without the previous consent in writing of the Secretary of State or his Officer duly authorised in that behalf first had or obtained.

4. That the said Workshop and extension to the said Dock and Repairing Yard shall be completed and fit for use within one year from the date when the said land and premises are transferred to the Company and that the Company so long as they shall use the buildings and erections to be so erected and the excavations to be so made as aforesaid as such Workshop and extension of the said Dock and Repairing Yard as aforesaid shall be bound to maintain and keep the said buildings or buildings or erections or other necessary works in proper repair and condition.

5. That the public subject to the provisions of the Acts and Bye-Laws regulating the Company and the rules framed and to be framed by the

* Not printed and published herewith, but may be inspected in the office of the Second Land Acquisition Officer, Calcutta.

Company from time to time shall be entitled to the use of the steamers in the service of the Company to be repaired and fitted in the Workshop and Repairing Yard so to be extended as aforesaid.

6 The Company shall at any time permit the Local Government or any officer deputed by the Government in that behalf to inspect all works of the Company upon the said land whether in the course of construction or otherwise and shall furnish to the Local Government from time to time on demand correct statements of the money expended by the Company in the construction of the works of the Company upon the said land.

7 In case the Company shall not erect upon the said land the works referred to in clause 3 hereof within the period mentioned in clause 4 then it shall be lawful for the Local Government at any time within six calendar months after the expiry of the said period to enter upon and to take possession of the said land or any part thereof and the said land shall *ipso facto* vest in the Secretary of State upon the following terms —

- (1) The Secretary of State shall forthwith pay to the Company a sum equal to the amount of compensation awarded under the provisions of the Land Acquisition Act and paid by the Company for such acquisition including the amount awarded under section 23(2) of the said Act
- (2) The Company shall be at liberty within twelve calendar months after the said land shall have become so vested in the Secretary of State or within such time as the Local Government shall consider reasonable and shall prescribe to enter upon the said land and pull down remove and carry away all or any buildings works and other property belonging to the Company and standing and being upon the said land at the cost of the Company Provided that any property of the Company which may remain on the said land after the expiry of the said period may be sold by the Local Government either by public auction or otherwise as the Local Government shall think fit and the proceeds of such sale after deduction of the expenses of and incidental to the sale shall be paid by the Local Government to the Company

8 If at any time or times any part or parts of the said land not directly utilised by the Company for the purposes of the works aforesaid shall be considered necessary to be possessed by the Government for the revenue administration or for the purposes of the public safety health or necessity (of which the Local Government shall be the sole judge) the Company shall transfer the said part or parts of the land to the Secretary of State and the Secretary of State shall pay to the Company a sum equal to the amount of compensation awarded for the said part or parts of land upon the acquisition thereof for the Company including the amount awarded in respect of the same under section 23(2) of the said Act

9 Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the Local Government and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto

THE SCHEDULE ABOVE REFERRED TO.

No. 2600 L R.—The 8th March 1915.—Babu Satish Chandra Guha, Sub-Chittagong. Deputy Collector, Kutubdia, in the district of Chittagong, is appointed to be Khas Tahsildar of the Patiya Circle in the same district, during the absence, on leave, of Babu Surendra Mohan Mitra, or until further orders.

* Not printed and published herewith, but may be inspected at the office of the Second Land Acquisition Officer, Calcutta.

No. 2620 L R.—The 8th March 1915.—Whereas by a notification, dated the 26th July 1861, published at page 2214 of the *Calcutta Gazette* of the 27th idem, the Government of Bengal approved of the last revenue-survey of the district of Jessore,

Jessore.
Khulna
Faridpur.

And whereas it is necessary to ascertain the changes that have taken place in the course of that portion of the river Madhumati, otherwise known as Gorai, which adjoins or passes through the Mokimpur Estate which was formerly included in the said district but which now forms parts of the districts of Jessore, Khulna and Faridpur, since the said revenue-survey,

Now, therefore, in exercise of the powers conferred by section 3 of the Bengal Alluvion and Diluvion Act, 1847 (IX of 1847), the Governor in Council is pleased to direct—

- (a) that a survey be made of the lands on the banks and in the bed of the river Madhumati, otherwise known as Gorai, appertaining to or adjoining the estate of Mokimpur lying within the mauzas noted below —

District	Mauzas
Jessore	. Daulatpur, Tona, Putimari, Chotfa, Borfa, Joynagore and Khasial
Faridpur	Tetulia, Khalia, Borfa, Chotfa, Ghenasur, Suktail and Atjuri (Ramchandrapur).
Khulna	... Atjuri, Boroguni, Hariar Ghope, Borobafia, Moslandafer and Basuria, and

- (b) that new maps be prepared according to such survey.

No. 2679 L A —The 9th March 1915 —The following agreement made under section 41 of the Land Acquisition Act, I of 1894, is published for general information.

J H KERR,

Secy to the Govt. of Bengal.

MEMORANDUM of Agreement made this 12th day of November 1914 between the BARISAL CO-OPERATIVE CENTRAL BANK LIMITED a Co-operative Society incorporated under the Act relating to Co-operative Societies and having its registered office at Barisal in the district of Bakarganj (hereinafter called the Company) of the one part and the SECRETARY OF STATE FOR INDIA IN COUNCIL (hereinafter called the Secretary of State) of the other part.

WHEREAS for the purpose of the construction of an office building the Company has applied to the Government of Bengal for acquisition under the provisions of the Land Acquisition Act, 1894, of a piece of land containing 17 cottahs 13 chitaks or thereabout situate in the town of Barisal in the district of Bakarganj and more particularly described in the schedule hereto and delineated on the plan* hereunto annexed;

And whereas the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public has consented to acquire on behalf of the Company the said piece of land hereinbefore described;

And whereas the said Government of Bengal has required the Company under the provisions of section 41 of the above mentioned Act to enter into the agreement with the Secretary of State hereinafter contained;

Now this Indenture witnesseth that it is hereby agreed and declared as follows—

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered paid or awarded or to be tendered paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under

* Not printed and published herewith, but may be inspected in the office of the Collector of Bakarganj

Part III of the said Act may be made or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Company under the last preceding clause not being thereby limited the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3 On payment by the Company of all demands under the foregoing first clause or in the discretion of the said Government of Bengal on deposit by the Company of all estimated amounts as provided in the second clause but not before possession shall have been taken under the provisions of the above mentioned Act the Secretary of State shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said land shall be held by the Company for the purposes of such an office as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever

5. The said office building shall be completed and fully equipped in all respects ready for use within three years from the date on which possession of the said land shall have been given to the Company

6 Should the said office not be completed and fully equipped in all respects ready for use within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land acquired for the Company for the purpose stated herein at any time thereafter cease for a period of 24 consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case the said Government may summarily re-enter upon and take possession of the said land and thereupon the interest of the Company in the said land shall absolutely cease and determine

7 On taking such possession the said Government may sell or otherwise deal with the said land as it may think proper Should the said Government sell the said land the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company. Should the said Government on taking possession decide not to sell the land it shall repay to the Company all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause less the statutory allowance of 15 per cent. but will not repay any sums paid and received on account of costs charges and expenses

8. The office shall be open to the reasonable use of all the *bond fide* members of the Company during the office hours of the Company and at all hours to those who have business transactions with the Company in the matter of admission of members into the Company, applications for loans, deposit and withdrawal of money and also to those making enquiries relating thereto

Provided that the Company may make rules fixing and regulating their hours of business a copy of which shall be affixed in a conspicuous place on the premises but any rules framed by the Company in restriction of the general right of admission shall be inoperative against the public unless assented to in writing by the Secretary of State or his accredited Agents the Government of Bengal.

Provided also that nothing herein contained shall be construed to confer on the public the right to make use of the premises for individual profit or gain except with the permission of the Company first had and obtained

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and the decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

IN WITNESS whereof the said Company has caused its common seal to be affixed and the Secretary of State for India in Council hath hereunto set his hand and seal the day and year first above written

The common seal of the above named Company was hereto affixed in the presence of Munshi Wakifaluddin Ahamed, Head Clerk, Accountant to the Banisal Co-operative Central Bank, Limited.

F. W. STRONG,
Chairman.

IRRIGATION DEPARTMENT.

The 16th February 1915.

No. 1—*Notification*—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 58, dated the 17th February 1885, the Governor in Council intends to make for the lines of navigation known as the Eastern Canal Route and the Outer Boat Routes, as defined in Notification No. 230, dated the 23rd July 1895, and for the navigable channels from Khulna in district Khulna to Magura in district Jessore, as defined in Notification No. 7, dated the 1st September 1914, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby. •

II. The draft will be taken into consideration on or after the 1st April 1915, and any objection or suggestion which may be received by the undersigned before that date will be duly considered

F. A. A. COWLEY,

• *Offg. Secy. to the Govt. of Bengal.*

• DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct

2. As the water falls, the bow and stern ropes must be slackened and boats gradually pushed towards the centre of the canal, when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats, but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9 No person shall wilfully or negligently allow a vessel to sink in the canals

10 In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck, and intimating that if the sum be not paid within fifteen days of the date of notice the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864

12 Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules

13 Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same

14 If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15 The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers

16 The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same

17 No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18 Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

MARINE DEPARTMENT.

The 8th March 1915.

No 23 Marine—The following draft of an amendment which the Governor's Council intends to make in the rules made under section 6, subsection (1), clause (p) of the Indian Ports Act, 1908 (XV of 1908), as amended by the Indian Ports (Amendment) Act, 1911 (IV of 1911), relating to dangerous, infectious or contagious diseases on vessels coming to or leaving ports in the Presidency of Fort William in Bengal, or for the time being in port therein (published under Bengal Government Notification No. 126 Marine, dated the 20th October 1914), is published for the information of persons likely to be affected thereby

II. The draft will be taken into consideration on or after the 10th April 1915, and any objections or suggestions with regard thereto, which are received by the undersigned before that date, will be duly considered

Draft amendment.

In clause (4) of rule 35 of the said rules, for the word "Government" substitute the words "the Conservators of the Port of Calcutta or Chittagong, as the case may be, subject to the approval of the Local Government."

F. A. A. COWLEY,
Offg. Secy. to the Govt of Bengal

The 9th March, 1915.

No. 24 Marine—The following draft of rules which, in exercise of the powers conferred by sections 22 and 29 of the Inland Steam-vessels Act, 1881 (VI of 1881), the Governor in Council intends to make regarding the appointment of a Board of Examiners for the examination of candidates for Certificate of Competency as Engineers or Engine-drivers of inland steam-vessels, the dates on which the examinations are to be held, and the fees to be paid to the examiners, in supersession of the rules published under Bengal Government Notification No. 39Mne, dated the 4th March 1913, is published for the information of persons likely to be affected thereby

II The draft will be taken into consideration on or after the 12th April 1915, and any objection or suggestion received by the undersigned before that date will be duly considered

DRAFT RULES.

1 *Engineers' examination*—The Board of Examiners for the examination of persons desirous of obtaining Certificates of Competency as Engineers of inland steam-vessels shall be composed of the Inspector of Machinery Royal Indian Marine Dockyard (President) and the Second Engineer and Shipwright-Surveyor to the Government of Bengal

2 *Engine-drivers' examination*—The Board of Examiners for the examination of persons desirous of obtaining Certificates of Competency as Engine-drivers of inland steam-vessels shall be composed of the Port Officer of Calcutta (President) and the First and Second Engineer and Shipwright-Surveyor to the Government of Bengal

3 *Dates of examinations*—(1) The examinations for the grant of Certificates of Competency as Engineers of inland steam vessels shall be held on the third Monday in January and in every three weeks thereafter throughout the year, or at such other intervals as the Government of Bengal may consider advisable. If the day of the examination falls on an authorized holiday, then it shall be held on the first open Monday thereafter

(2) The examinations for the grant of Certificates of Competency as Engine-drivers of inland steam-vessels shall be held on the second Monday in January and in every three weeks thereafter throughout the year, or at such other intervals as the Government of Bengal may consider advisable. If the day of the examination falls on an authorized holiday, then it shall be held on the first open Monday thereafter.

4. *Fees to be paid to the examiners*—The following fees shall be paid to the Examiners in respect of each examination —

- (i) Engineers' examination—Rs. 32 to each Examiner,
- (ii) Engine-drivers' examination—Rs. 20 to each Examiner.

Provided that candidates for Certificates of Competency as Engineers or Engine-drivers under the Inland Steam-vessels Act, 1881 shall be examined along with candidates for similar certificates under the Indian Steam-ships Act, 1884, and the Examiners will receive one fee only for each examination of candidates for certificates under both these Acts

F. A. A. COWLEY,
Offg. Secy to the Govt. of Bengal.

THE COMMISSIONERS FOR THE PORT OF CHITTAGONG.**NOTIFICATION.***The 9th March 1915.*

WHEREAS, owing to the loss of revenue of the Chittagong Port Trust, due to the decrease of traffic consequent upon the outbreak of the War, it appears to the Commissioners for the Port of Chittagong and to the Governor in Council of the Presidency of Fort William in Bengal that the ordinary revenue of the Trust will be insufficient to meet the working expenses thereof and that it is therefore necessary to resort temporarily to special measures of additional taxation on goods and shipping,

Now, therefore, it is notified for general information under section 58 of the Chittagong Port Act, 1914 (Bengal Act V of 1914), that the said Commissioners propose to raise, with the previous sanction of the Governor in Council, as a temporary measure, with effect from the 1st April 1915, the rates of the river due at present levied at the Port of Chittagong, from two to four annas per ton, on all goods landed from, or shipped into, any sea-going vessel lying or being within the limits of the said Port, whether such goods shall or shall not be so landed or shipped at any wharf, quay, stage, jetty or pier belonging to the Commissioners.

II This draft Notification will be taken into consideration on the 24th March 1915, and any objections or suggestions which are received by the Commissioners with respect thereto, before that date, will be duly considered

E. GEAKE,

*Chairman of the Commissioners
for the Port of Chittagong.*

THE COMMISSIONERS FOR THE PORT OF CHITTAGONG.**NOTIFICATION.****The 9th March 1915.*

WHEREAS, owing to the loss of revenue of the Chittagong Port Trust, due to the decrease of traffic consequent upon the outbreak of the War, it appears to the Commissioners for the Port of Chittagong and to the Governor in Council of the Presidency of Fort William in Bengal that the ordinary revenue of the Trust will be insufficient to meet the working expenses thereof and that it is therefore necessary to resort temporarily to special measures of additional taxation on goods and shipping,

Now, therefore, it is notified for general information, under clauses (a), (v) and (c) (2) of sub section (1) of section 57 of the Chittagong Port Act, 1914 (Bengal Act V of 1914), that, with the approval of the Governor in Council, a surcharge of 25 per cent will be made by the said Commissioners, with effect from the 1st April 1915, and until further orders, on account of the hire of moorings and fees for hauling vessels in and out of moorings in the said Port.

E. GEAKE.

*Chairman of the Commissioners for
the Port of Chittagong.*

No 167A.—Babu Satya Prasad Biswas, Sub-Inspector of Schools, Bistupur, 24-Parganas, in class VII of the Subordinate Educational Service, is granted privilege leave, under article 260 of the Civil Service Regulations, for forty-five days with effect from the 9th February 1915.

No. 168A—Maulvi Mazhrul Haq, Sub-Inspector of Schools, Rayna, in the district of Burdwan (class VIII of the Subordinate Educational Service), is granted leave, under article 339 of the Civil Service Regulations, for two months, in extension of the leave already granted to him under this Department Notification No 909A., dated 15th December 1914.

No. 169A.—Miss Ella A. Lumsden is appointed on probation for one year to be an Assistant Mistress, Dow Hill School, Kurseong, in class VI of the Subordinate Educational Service with effect from the date on which she joins the appointment, *vice* Miss Eleanor Phillips, resigned.

No. 170A.—An exchange of appointments is sanctioned between the following officers :—

- (1) Maulvi Fakhruddin Khan, Sub-Inspector of Schools, Lalmonirhat, Rangpur (class VII of the Subordinate Educational Service).
- (2) Maulvi Zerafatulla, Sub-Inspector of Schools, Naogaon, II Circle, Rajshahi (class VII of the Subordinate Educational Service).

No 171A.—An exchange of appointments is sanctioned between the following officers:—

- (1) Maulvi Zarafatulla, Sub-Inspector of Schools, Naogaon, II Circle, Rajshahi, under orders of transfer to Lalmonirhat, Rangpur, in class VII of the Subordinate Educational Service.
- (2) Babu Sasi Bhusan Roy, Sub-Inspector of Schools, Thakurgaon Circle, Dinajpur, in class VI of the Subordinate Educational Service.

No 172A—Maulvi Fakhruddin Khan, Sub-Inspector of Schools, Lalmonirhat, Rangpur, under orders of transfer to Naogaon, Rajshahi (class VII of the Subordinate Educational Service), is granted privilege leave, under article 260 of the Civil Service Regulations, for one month and fifteen days with effect from 2nd January 1915

No 173A.—Maulvi Mazharul Haque, Sub-Inspector of Schools, Hajiganj, Tippera, in class V of the Subordinate Educational Service, is appointed to be Sub-Inspector of Schools, Satkania, Chittagong, *vice* Maulvi Ali Azhar, transferred.

No. 174A.—Maulvi Ali Azhar, Sub-Inspector of Schools, Satkania, Chittagong, in class VII of the Subordinate Educational Service, is appointed to be Sub-Inspector of Schools, Laksam, Tippera, *vice* Maulvi Abdul Latiff, transferred

No. 175A.—Maulvi Abdul Latiff, Sub-Inspector of Schools, Laksam, Tippera, in class VIII of the Subordinate Educational Service, is appointed to be Sub-Inspector of Schools, Hajiganj, Tippera, *vice* Maulvi Mazharul Haque, transferred

No 176A—Maulvi Ali Azhar, Sub-Inspector of Schools, Satkania, Chittagong, under orders of transfer to Laksam, Tippera, in class VII of the Subordinate Educational Service, is granted, under article 233 of the Civil Service Regulations, combined leave for six months (*viz.*, privilege leave under article 260 of the Civil Service Regulations for three months and leave on medical certificate under article 336 of the Civil Service Regulations for three months), with effect from 24th January 1915 or any subsequent date from which he may avail himself of it

No. 177A—Babu Ramani Kanta Guha, Sub-Inspector of Schools, Gopalpur, Mymensingh, under orders of transfer to Netrokona, Mymensingh, in class VII of the Subordinate Educational Service, is granted combined leave for six months, under article 233 of the Civil Service Regulations (*viz.*, privilege leave for three months under article 260 of the Civil Service Regulations, and leave on medical certificate for the remaining period under article 336 of the same Regulations), with effect from the 2nd January 1915.

No. 178A.—Maulvi Kefaitulla, Sub-Inspector of Schools, Kendua, Mymensingh, in class VI of the Subordinate Educational Service, is appointed to act as Sub-Inspector of Schools, Netrokona, Mymensingh, during the absence, on leave, of Babu Ramani Kanta Guha, or until further orders.

No. 179A.—Maulvi Asiruddin Mia, an outsider, is appointed to act as Sub-Inspector of Schools, Kendua, Mymensingh, on an allowance of Rs. 50 a month, in the Subordinate Educational Service, *vice* Maulvi Kefaitulla, on deputation.

No. 180A.—Babu Pramatha Nath Ghosh, Sub-Inspector of Schools, Nilphamari, Rangpur, in class VII of the Subordinate Educational Service, is granted privilege leave, under article 260 of the Civil Service Regulations, for one month and fifteen days, with effect from the 2nd January 1915, with permission to prefix the Christmas and the New Year's Day holidays to his leave, under article 220 of the Civil Service Regulations.

This supersedes this Department Notification No. 871A., dated 1st December 1914

No. 181A—Babu Sasi Bhusan Ghosh, an outsider, is appointed to act as Sub-Inspector of Schools, Nilphamari Circle, Rangpur, on an allowance of Rs. 50 a month in the Subordinate Educational Service, during the absence, on leave, of Babu Pramatha Nath Ghosh.

No. 182A.—Babu Ambica Charan Das, Assistant Master Dinajpur Zilla School, in class III of the Lower Subordinate Educational Service, acted as Assistant Master in the same School and in class VIII of the Subordinate Educational Service from 29th October 1914 to 12th January 1915, *vice* Maulvi Basiruddin Ahmed, on deputation.

This cancels this Department Notification No. 81A., dated 28th January 1915, appointing Maulvi Muhammad Rafiuddin to act in the post.

CUSTOMS

The 6th March 1915

No. 2089-79 —In exercise of the power conferred by section 23 of the Sea Customs Act, 1878 (VIII of 1878), the Governor-General in Council is pleased to exempt springs used for air-guns from the duty leviable thereon the importation into British India, under head 5 of the Second Schedule to the Indian Tariff Act, 1894 (VIII of 1894), as amended by the Indian Tariff Act, 1894 Amendment Act, 1896 (III of 1896).

No. 2204-W —In exercise of the powers conferred by section 19 of the Sea Customs Act, 1878 (VIII of 1878), as amended by Act XII of 1914, the Governor General in Council is pleased to direct that the following amendment shall be made in the Notification in the Department of Commerce and Industry, No. 1670-W., dated the 9th December 1914, namely:—

In line 7 of the Form of Declaration, after the words "*for consumption in*" add the words "*or for transit through*"

No. 2221-W —In exercise of the powers conferred by section 19 of the Sea Customs Act, 1878 (VIII of 1878), as amended by Act XII of 1914, the Governor General in Council is pleased to direct that the following amendments shall be made in the Notification in the Department of Commerce and Industry, No. 1669-W., dated the 9th December 1914, namely:—

(a) In line 4 of the Form of Certificate of Origin, after the words "*consigned to*" add the words "*or order.*"

(b) In lines 5 and 6 of the same form for the words "*is not of German, Austrian, Hungarian or Turkish production or manufacture,*" substitute the words "*has not been produced or manufactured in enemy territory.*"

CUSTOMS ESTABLISHMENTS.

The 6th March 1915.

No. 2374-1.—Mr. A. H. P. Wolferstan, an Assistant Collector in the Imperial Customs Service, is granted such privilege leave as may be due to him on the 28th April 1915, or the subsequent date on which he may avail himself of it, in combination with special leave on urgent private affairs for such period as may bring the combined period of absence up to six months.

INSURANCE.

The 6th March 1915.

No. 2298.—In exercise of the powers conferred by section 39 of the Indian Life Assurance Companies Act (VI of 1912), the Governor-General in Council is pleased to make the following amendments in the Indian Life Assurance Companies Rules, 1913, published with the Notification of the Department of Commerce and Industry. No. 5555-97, dated the 19th July 1913, and amended by Notification No. 2184-6 dated the 1st April 1914, namely:—

1 At the commencement of rule 11A before the word “any” the following shall be inserted, namely:—

“(I) Save as hereinafter provided in this rule”

2. To rule 11A the following sub-rule shall be added, namely:—

“(II) In addition to the persons specified in sub-rule (1) the following persons may audit the accounts of Mutual Life Assurance Companies, namely:—

(a) a Fellow or an Associate of the Institute of Actuaries, London;

or a Fellow or an Associate of the Faculty of Actuaries in Scotland:—

(b) the holder of a certificate granted by a Local Government as aforesaid entitling the holder to act as such auditor throughout the province within which the principal place of business in British India of the Mutual Life Assurance Company is situate.

G. K. SEN,

*Offg. Secretary, Commercial Course
Advisory and Examination Board.*

CALCUTTA, the 22nd February 1915.

RULES FOR EXAMINATIONS OF THE STATE MEDICAL FACULTY.

EXAMINATION FOR THE MEMBERSHIP OF THE STATE MEDICAL FACULTY.

Primary or Preliminary Scientific Examination.

1. The Primary or Preliminary Scientific Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November or as near these dates as can be conveniently arranged.

The written part of the Examination shall be held in the following order:—

Date.	10 A.M. to 1 P.M.	2 to 5 P.M.
Monday . . .	Chemistry ..	Physics.
Tuesday	Biology	

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Primary or Preliminary Scientific Examination shall apply to the Secretary in the form prescribed by the Governing Body together with a fee of Rs. 20 at least 21 days before the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every candidate shall be examined in the following Subjects —

- (a) Chemistry, Inorganic and Organic, having special reference to Practical Medical Science.
- (b) Elementary Physics.
- (c) Elementary Biology.

4. The Examination shall be written, oral and practical. There shall be one paper in each Subject. Three hours shall be allowed for each paper.

5. Full marks for each Subject and the minimum pass marks shall be as follows:—

Subjects	Written	Oral and Practical	Total	Minimum pass marks in total	Minimum pass marks in oral and practical
Chemistry	500	500	1,000	335	200
Physics	500	500	1,000	335	200
Biology	500	500	1,000	335	200

6. A Candidate who fails to pass or present himself for examination shall not be entitled to claim a refund of the fee. Any candidate who fails to pass may be admitted to one or more subsequent examinations on payment of a like fee of Rs. 20 on each occasion and on producing a certificate from the Head of his College or School that he has since the last examination received further instruction to the satisfaction of the Head of his Institution in the subject or subjects in which he has failed, provided that a Candidate who has failed four times will not be admitted to further examination except on the special recommendation of the Head of the College or School.

7. As soon as possible, after the examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every

Candidate on passing shall receive a certificate in the form entered in the Appendix

8 The Courses of Study for the Primary or Preliminary Scientific Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

9. Exemptions (*vide Schedule*).

Intermediate Examination.

1 The Intermediate Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November, or as near these dates as can conveniently be arranged

The written part of the examination shall be held in the following order:—

Date.	10 A.M. to 1 P.M.
Monday .	Anatomy
Tuesday .	Physiology.
Wednesday .	Materia Medica and Pharmacology.

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2 Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 25 at least 21 days before the date fixed for the commencement of the examination. He shall also furnish certificates as required in the *Schedule*.

3 Every Candidate shall be examined in the following subjects:—

- (a) Anatomy
- (b) Physiology.
- (c) Materia Medica and Pharmacology.

1 The Examination shall be written, oral and practical. There shall be one paper in each subject. Three hours shall be allowed for each paper—

I—The examination in Anatomy shall consist of—

- (i) A paper
- (ii) An Oral and Practical examination.

II—The examination in Physiology shall consist of—

- (i) A paper
- (ii) An Oral examination.
- (iii) A Practical examination as defined in the *Syllabus*.

III.—The examination in Materia Medica and Pharmacology (including Pharmacy) shall consist of—

- (a) A paper
- (b) An Oral examination
- (c) A Practical examination.

5. Full marks for each subject and the minimum pass marks shall be as follows:—

SUBJECT	Written.	Oral and Practical	Total.	Pass marks in total	Pass marks in oral and practical.
Anatomy	500	500	1,000	400	200
Physiology	500	500	1,000	400	200
Materia Medica	500	500	1,000	400	200

6. A Candidate who fails in not more than one subject shall, on payment of Rs. 15, be permitted to appear at the next six-monthly Examination only in that subject, and, on passing, shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination.

7. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 25 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of the Institution in the subject or subjects in which he has failed, provided that any Candidate who has failed four times will not be admitted to further Examination except on the special recommendation of the Head of the College or School.

8. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate on passing shall receive a certificate in the form entered in the Appendix.

9. The Courses of Study for the Intermediate Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*

The Final Examination.

1. The Final Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November, or as near as these dates as can be conveniently arranged.

The written part of the Examination shall be held in the following order —

Date.	10 A.M. to 1 P.M.	2 to 5 P.M.
Monday ..	Medicine and Therapeutics	Hygiene.
Tuesday ...	Surgery and Ophthalmology	General Pathology.
Wednesday	Midwifery, Gynæcology and Diseases of Children.	Medical Jurisprudence.

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 40 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish the certificates as required in the *Schedule*

3. The Final Examination may be divided into two parts as defined below. Each part may be taken separately—

1st Part ..	{ Medicine. Surgery. Midwifery.
2nd Part ..	{ Pathology. Medical Jurisprudence. Hygiene.

4. The Candidate shall be examined in the following subjects—

1st Part ...	{ Medicine and Therapeutics. Surgery and Ophthalmology. Midwifery, Gynæcology and Diseases of Children.
2nd Part ..	{ General Pathology. Medical Jurisprudence. Hygiene.

5. The Examination shall, except as hereinafter stated, be written, oral and practical. There shall be one paper in each subject for which three hours shall be allowed—

I.—The Examination in Medicine shall consist of—

- (a) a paper.
- (b) an Oral Examination.
- (c) a Clinical Examination (Practical).

II.—The Examination in Surgery shall consist of—

- (a) a paper.
- (b) an Oral Examination.
- (c) a Clinical Examination.
- (d) an examination in Operative Surgery } Practical

III.—The Examination in Midwifery, etc., shall consist of—

- (a) a paper
- (b) an Oral and Practical Examination.

IV.—The Examination in Pathology shall consist of—

- (a) a paper
- (b) an Oral Examination
- (c) a Practical Examination

V.—The Examination in Medical Jurisprudence shall consist of—

- (a) a paper
- (b) an Oral Examination

VI.—The Examination in Hygiene shall consist of—

- (a) a paper.
- (b) an Oral Examination.

5. Full marks for each Subject and the minimum pass marks shall be as follows —

	Written	Oral	Practical	Total	Minimum pass marks in total	Minimum pass marks in oral and practical
Medicine	500	500		1,000	400	200
Surgery	500	500		1,000	400	200
Midwifery	500	500		1,000	400	200
General Pathology .	500	500		1,000	400	200
Medical Jurisprudence ..	500	250	...	750	300	100
Hygiene	500	250	...	750	300	100

6. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs 40 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of his Institution in the subject or subjects in which he has failed, provided that (a) any Candidate who has failed four times in either part will not be admitted for further Examination, and (b) any Candidate who has passed in two subjects in one or both parts shall be exempted from passing in those subjects in any future Examination.

7. As soon as possible, after the Examination, the Governing Body shall publish a list of the successful Candidates in alphabetical order. Every such Candidate shall receive a diploma in the form given in the Appendix.

8. The Courses of Study for the Final Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

EXAMINATION FOR A LICENTIATE OF THE STATE MEDICAL FACULTY.

The Primary Examination.

1 The Primary Examination shall be held twice a year, commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged

The written part of the Examination shall be held from 10 A.M. to 1 P.M.

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners

2. Every Candidate for the Primary Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 8 at least 21 days before the date fixed for the commencement of the Examination. He shall also produce certificates as required in the *Schedule*

3. Every Candidate shall be examined in Chemistry and Physics

The Examination shall be written, oral and practical. There shall be a written paper for which three hours will be allowed

4 Full marks for the subject and the minimum pass marks shall be as follows.—

Subject.		Written.	Oral and practical.	Total	Minimum pass marks in oral and practical	Minimum pass marks in Total
Chemistry	and	500	500	1,000	200	335
Physics.						

5 A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. A Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 8 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject, provided that after four failures he shall not be admitted to further Examination.

6. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix

7 The Courses of Study for the Primary Examination are defined in the *Schedule*. For details refer to *Syllabus*

8. Exemptions (Vide *Schedule*)

The Intermediate Examination.

1 The Intermediate Examination shall be held twice a year commencing on the 1st Monday in May and 1st Monday in November or as near these dates as can conveniently be arranged. The written part of the Examination shall be held in the following order.—

Date			10 A.M. to 1 P.M.
Monday	Anatomy.
Tuesday	Physiology
Wednesday	Materia Medica and Pharmacy.

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 12 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3 Every Candidate shall be examined in the following subjects :—

- (a) Anatomy
- (b) Physiology.
- (c) Materia Medica and Pharmacy

The Examination shall be written, oral and practical There shall be a written paper in each subject, three hours being allowed for the same

4 Full marks for each subject and the minimum pass marks shall be as follows —

SUBJECT	Written	Oral and practical	Total	Minimum pass marks in oral and practical	Minimum pass marks in Total
Anatomy ...	500	500	1,000	200	400
Physiology ...	500	500	1,000	200	400
Materia Medica and Pharmacy	500	500	1,000	200	400

5 Any Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs 12 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject or subjects in which he has failed, provided that after four failures he shall not be admitted to further examination

6 A Candidate who fails in one subject only shall on payment of Rs. 8 be permitted to appear in that subject at the next six-monthly Examination only If he passes he shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination

7 As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix

8 The Courses of Study for the Intermediate Examination are defined in the *Schedule* For details refer to *Syllabus*

9 Exemptions (Vide *Schedule*)

The Final Examination

1 The Final Examination shall be held twice a year commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged.

The written part of the Examination shall be held in the following order —

Date	10 A. M. to 1 P. M.	2 to 5 P. M.
Monday ...	Medicine including Medical Pathology and Therapeutics.	Medical Jurisprudence and Hygiene, including Vaccination.
Tuesday ...	Surgery, including Surgical Pathology and Operative Surgery.	
Wednesday ...	Midwifery and Gynaecology ...	

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 30 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects:—

- (a) Medicine, including Medical Pathology and Therapeutics.
- (b) Surgery, including Surgical Pathology and Operative Surgery.
- (c) Midwifery and Gynæcology.
- (d) Medical Jurisprudence and Hygiene, including Vaccination.

4. The Examination shall be written, oral and practical. There shall be one written paper in each of the four subjects, for which three hours shall be allowed.

(1) The Examination in Medicine and Therapeutics shall consist of—

- (a) A written paper,
- (b) An Oral Examination,
- (c) A Clinical Examination.

(2) The Examination in Surgery shall consist of—

- (a) A written paper,
- (b) An Oral Examination,
- (c) A Clinical Examination.
- (d) Minor Operative Surgery.

(3) The Examination in Midwifery and Gynæcology shall consist of—

- (a) A written paper,
- (b) An Oral and Practical Examination.

(4) The Examination in Medical Jurisprudence and Hygiene shall consist of—

- (a) A written paper,
- (b) An Oral Examination.

5. Full marks for each subject and the minimum pass marks shall be as follows:—

SUBJECT	Written	Oral and practical.	Total.	Minimum pass marks in oral and practical.	Minimum pass marks in total.
Medicine, including Medical Pathology and Therapeutics.	500	500	1,000	200	400
Surgery, including Surgical Pathology and Operative Surgery.	500	500	1,000	200	400
Midwifery and Gynæcology.	500	500	1,000	200	400
Medical Jurisprudence and Hygiene including Vaccination.	500	500	1,000	200	400

6. A Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 30 on each occasion, and on producing a certificate that he has since the last Examination received further instruction in the subject or subjects in which he has failed, to the satisfaction of the Head of the Institution.

7. A Candidate who fails in not more than two subjects may appear at any subsequent Examination in the subject or subjects in which he has failed, provided that he has within the previous six months undergone a further

course of instruction in these subjects, to the satisfaction of the Head of his College or School. The fee for re-examination shall be Rs. 10 in each subject.

8 As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a diploma in the form entered in the Appendix.

9 The Courses of Study for the Final Examination are defined in the *Schedule*. For details refer to *Syllabus*.

General Rules, including the appointment of Examiners.

1 THE Secretary shall, at such time as the President may determine, send to all members of the Governing Body a circular, requesting them to forward within 14 days the names of persons whom they consider suitable for appointment as Examiners.

2 Such recommendations with any applications from candidates for Examinerships received by the Secretary shall be referred to the Governing Body, who shall consider them at a special meeting convened for this purpose. In appointing Examiners the selection shall not necessarily be limited by these recommendations and applications.

3 There shall be two Examiners in each subject. Of the two Examiners one at least shall be a Professor or Teacher in that subject at a Recognised College or School. The second Examiner shall be selected on the grounds of possessing recent knowledge of the subject. Examiners shall ordinarily and subject to the approval of the Governing Body hold office for two years and shall be eligible for re-appointment only after the expiry of two years from the date of vacating office.

4 The oral, practical and clinical examinations shall be conducted by the two Examiners jointly. The written papers shall consist of two parts set jointly by the Examiners, each Examiner being responsible for reading and marking his own part.

5 Examiners in setting papers and in conducting the oral and practical examinations shall be guided as to the scope of the subject of examination by the Syllabus prescribed by the Governing Body.

6 The papers shall be delivered by the Examiners in person to the Secretary or sent to him in a sealed double cover *on or before* a date to be prescribed by the Governing Body. No copy of the questions set shall be retained by the Examiners.

7 Rolls containing the names of the candidates with spaces for the marks awarded and giving the dates on which the rolls have to be submitted will be supplied by the Secretary. Examiners are required to keep the results of the examinations and the marks assigned to Candidates strictly secret.

8 The results of the examination shall be submitted to the Secretary on or before the date fixed by the Governing Body.

9 As soon as possible after the tabulation of the results by the Secretary all the Examiners shall meet and draw up a report on the examination for the consideration of the Governing Body. The President of the State Medical Faculty shall be *ex-officio* President of the Board of Examiners.

10 No candidate shall be declared to have passed unless he has attained the standard laid down in the Rules.

11 As soon as possible after the report of the Examiners has been considered by the Governing Body, the Secretary shall publish a list of successful Candidates in alphabetical order.

12 The Examiners shall not destroy the papers examined by them until 15 days after the results have been published.

RULES FOR THE GUIDANCE AND CONDUCT OF CANDIDATES DURING EXAMINATIONS

1 The written Examination will commence on _____ and will continue up to _____. The dates and place of the Oral and Practical Examination will be fixed by the Secretary after consultation with the Examiners.

2. Candidates suffering from any illness or disease which would render their presence in any way prejudicial to the general body of Students under examination will not be allowed into the Examination Hall or will be expelled if found in the Hall

3. The doors of the Examination Hall shall be opened on the first day half an hour before the Examination takes place and on subsequent days a quarter of an hour before. No Candidate shall be admitted to Examination under any pretext later than half an hour from the commencement of the Examination. Candidates will be required to give up their answer books to the officer superintending the Examination precisely at 1 P M and 5 P M

4. Candidates before they enter the Examination Hall must leave outside any books, notes or papers they may have with them except the Receipt allowing them to attend the Examination which Candidates must bring with them each day. Candidates must provide their own pen-holders and pens.

5. A seat, with a number corresponding to that on his Receipt will be allotted to each Candidate and a book in which to write his answers will be found on his desk

6. Candidates must take their seats at least five minutes before the time fixed for giving out the papers which is at 10 A M and 2 P M

7. Any Candidate detected in helping another or attempting to obtain unfair assistance, will be struck off the list of Candidates. No communication whatever between Candidates, while under examination, will be allowed. Candidates are not permitted to have in their possession, while in the Examination Hall, any book, memorandum, or pocket-book, notes or papers whatsoever (even if these papers are in no way connected with the subject under examination) except the question paper, the Secretary's receipt and the book provided by the Faculty for writing out the answers, with a sheet of blotting paper. Candidates disregarding this caution are liable to the same penalty as those using unfair means

8. No Candidate, without the permission of the Presiding officer is to leave his seat or the Examination Room until conclusion of the Examination

9. Every Candidate will write on the outside of his answer-book, his name, and roll number. He will write on one side of the paper only leaving a quarter margin. Any Candidate attempting to render the identification of his answer paper impossible or difficult by giving a false name and number or by intentionally omitting to state his name and number as required above, will have his name removed from the list of Candidate and shall be reported to the Governing Body for such further action as may be necessary

10. Any Candidate found guilty of making any objectionable or improper remarks on his answer papers will be reported to the Governing Body for such action as they may deem fit

11. No Candidate will be allowed to leave the room until an hour has elapsed from the time when the papers are given out

12. No Candidate will be allowed to re-enter the Examination Room during the hours of Examination after once quitting it or to leave the room without finally giving up his answer papers. In case of urgent necessity, a Candidate may, with the special permission of the Presiding Officer temporarily leave the Examination Room, but during his stay outside he must be under the surveillance of a thoroughly trustworthy person to be deputed by the Presiding Officer for that purpose.

13. A Candidate, having completed his paper, must hand it to the Presiding Officer before leaving the Examination Hall. The answer paper must, on no account be left on the desk

14. Any Candidate, wishing to ask a question will rise from his seat and remain standing until the Presiding Officer or his representative comes to him, but he will, on no account, leave his seat nor will he be allowed to make any noise to call the attention of the Presiding Officer

15. Friends and guardians of Candidates will not be allowed to enter the Examination Hall. The entrance of persons, unconnected with the Examination into the Hall is strictly forbidden.

16. Precisely five minutes before the time fixed for giving out the question papers, a warning bell will be rung as a signal for all Candidates to take their seats. After the warning bell has been rung any outsider found loitering in the Hall or, in or near the entrance to the Hall will be expelled.

MEMBERSHIP EXAMINATION.

Syllabuses of the subjects for study at the Preliminary Scientific Examination.

INORGANIC CHEMISTRY

LECTURES.

CHEMICAL and physical changes Laws of chemical action Indestructibility of matter The balance, weights and measures Elements and compounds Classification of the elements Periodic law Atoms and molecules Symbols and formulæ Valency Equations Atomic weights Molecular weights Laws of chemical combination Dalton's Atomic theory Avogadro's law Calculation of formulæ from percentage composition and calculations relating to weight and volume /

The principles of gravimetric and volumetric analysis with special reference to their application in the subsequent work of the Student

Classification of the elements Acids, bases and salts Chemical nomenclature and terminology

Study of the following with special reference to their subsequent application —

Oxygen —Oxides Ozone Allotropy

Hydrogen —Water, its composition by synthesis and analysis Impurities of water Hard and soft water Elements of water analysis Peroxide of Hydrogen

Nitrogen —Atmospheric air Nitric Acid Oxides of Nitrogen Nitrates and Nitrites Ammonia and Ammonium salts

Carbon —Its oxides Relation of Carbon Dioxide to animal and plant life Coal and coal gas Combustion Structure of flame Cyanogen Hydrocyanic Acid, Metallic Cyanides

The Halogens —Chlorine, Bromine, Iodine, Fluorine Their compounds with Hydrogen Chlorides, Bromides and Iodides Hypochlorites, Hypobromides Chlorates, Iodates

Sulphur —Its oxides Sulphuric Acid, Sulphurous and Hyposulphurous acids and their salts Sulphides Carbon Disulphide

Phosphorus —Oxides and oxyacids Phosphates Phosphuretted Hydrogen

Boron and Silicon —Their oxides Boric Acid and Borax Silicic Acid and Dialysis Glass and Porcelain

The commoner Metals and Metalloids —The common compounds of the following, having special regard to such as find application in the subsequent work of the Student—Arsenic, Antimony, Bismuth, Sodium, Potassium, Calcium, Barium, Magnesium, Zinc, Silver, Mercury, Copper, Iron, Aluminium, Chromium, Manganese, Tin, Lead, Platinum

Special attention will be paid to the general properties and reactions of compounds of medicinal and medico-legal importance and their methods of detection

PRACTICAL COURSE.

The use of the balance The preparation of common inorganic substances specially such as are employed in Medicine, and their purification by precipitation, crystallisation or distillation Performance of experiments involving solution, filtration, oxidation and reduction.

Preparation and study of the principal properties of Hydrogen, Oxygen, Nitric Acid, Ammonia, Carbon Dioxide, Chlorine, Hydrochloric Acid, Sulphur Dioxide and Sulphuretted Hydrogen.

Determination of the composition of water by electrolysis.

Qualitative analysis of a simple salt containing one basic and one inorganic acid radicle.

Detection of common impurities in inorganic substances employed in Medicine such as Chlorine in Hydrochloric Acid, Oxides of Nitrogen in Nitric Acid, Lead in Sulphuric Acid, Arsenic in medicinal salts, Iodine in Potassium Iodide, Mercuric Chloride in Mercurous Chloride, etc

Volumetric determinations involving simple applications of Alkalimetry and Acidimetry Estimation of Chlorides by the Thiocyanate and Chromate methods

ORGANIC CHEMISTRY

LECTURES

Methods by which organic compounds are purified and by which their purity and composition are established

Empirical and molecular formulæ Determination of molecular weights
Determination of melting and boiling points Fractional distillation

The general properties of such of the principal types of organic compounds as are enumerated below —

Aliphatic compounds

Paraffins—Methane and Ethane

Unsaturated hydrocarbons—Ethylene and Acetylene

Alcohols and their derivatives—Methyl Alcohol, Ethyl Alcohol and Glycerol

The lower Aldehydes—Formaldehyde and Chloral Hydrate Ketones, acetone

Acids—Formic, Acetic, Lactic, Oxalic, Tartaric and Citric

Ethyl Ether

Esters, hydrolysis including saponification.

Carbohydrates The common sugars—Glucose, Lactose, Maltose and Cane-sugar Starches Glucosides

Uric Acid and cyanides

Urea

Aromatic or Cyclic series

Benzene and its simple derivatives

Phenols—Phenol and Resorcinol

Benzoic Acid and Salicylic Acid

The common vegetable Alkaloids

PRACTICAL COURSE

Detection of the following elements in organic combination —

Carbon, Hydrogen, Nitrogen, Sulphur, Phosphorus and Chlorine.

Preparation of a fatty acid from a fat.

Preparation of a salt from an organic base and *vice versa*.

Recognition of important Alkaloids

Tests for the following —

Ethyl alcohol, Acetic Acid, Oxalic Acid, Salicylic Acid, Phenol, Glucose, Cane-sugar and Urea

Analysis of Urine and Urinary Calculi.

N B—The whole subject of Chemistry is to be treated in an elementary way and with special regard to the subsequent work of the Student.

PHYSICS.

LECTURES.

(a) General ideas.

Units of measurement and definition of mass, force and motion
 Laws of motion
 Velocity and acceleration
 Weight and gravitation
 Work and energy
 General properties of solids, liquids and gases
 Laws of pressure of liquids and gases, measurement of pressure.
 The atmospheric pressure The barometer Air pump Syphon
 Equilibrium of floating bodies
 Specific gravity, hydrometer, urinometer and lactometer
 The pendulum

(b) Heat

Laws of expansion of solids, liquids and gases under heat
 Measurement of temperature, thermometer, the clinical thermometer, the maximum and minimum thermometers
 Vapour pressure and its measurement Boiling point Dew point
 Hygrometers.
 Formation of Clouds, Rain, Fog, Dew, etc
 Quantity of heat Specific heat Changes of State Latent heat.
 Conduction, convection and radiation of heat Reflection and absorption of heat

(c) Sound.

The production and propagation of sound
 Reflection and refraction of sound
 Relation between frequency and pitch
 Vibration of strings Sonometer
 Vibration of the air columns Organ pipes
 Human Voice The Ear
 The Stethoscope

(d) Light

Sources of light
 Propagation of light.
 Shadows Photometers
 Reflection and refraction of light.
 Mirrors Prisms Lenses Chromatic dispersion.
 Spectrum Spectroscope Colours.
 The microscope The telescope The eye, mechanism of vision, short and long sight

(e) Magnetism and Electricity.

Properties of magnets Methods of magnetisation.
 Simple phenomena of magnetism and magnetic induction
 The earth as a magnet Mariner's compass
 Electrical attraction and repulsion
 Properties of conductor and non-conductor
 Electrical induction
 Distribution of electrification on conductors
 Capacity and potential
 Simple condensers. Leyden jar
 Electrophorous Electroscopes
 Frictional machines—Wimshurst machine.
 Atmospheric electricity. Lightning conductor.
 Voltaic cell.

Electric current.
 Batteries.
 Galvanometer.
 Electromotive force and resistance
 Ohm's law. Volt Ohm Ampère
 Heating effect of current
 Elementary phenomena of electrolysis
 Electro-magnets
 Induced currents. The induction coil.
 Rontgen Rays
 Medical batteries

PRACTICAL COURSE

Length measurements by millimetre rule
 Eye estimation of tenths of a division
 Use of vernier
 Determination of areas and volumes by measurements of linear dimensions
 Specific gravity of solids and liquids
 Use of the hydrometer
 Reading the barometer.
 Use of thermometers
 Determination of melting and boiling points
 Humidity determination Wet and dry bulb thermometer Daniel's Hygrometer
 Verification of the laws of reflection and refraction of light at plane surfaces
 Focal length of concave mirrors
 Focal length of convex lenses
 Use of microscope.
 Use of spectroscope
 Mode of making a simple electro-magnet
 Use of gold leaf electroscope
 Construction of a common battery.
 Use of simple galvanometer
 Use of simple induction coil
 Use of magneto-electric machine

BIOLOGY.

LECTURES AND PRACTICAL COURSE

An elementary knowledge of the structure and functions of animals and plants. The subject should be treated very simply under the following headings—

- (1) Cells, animal and vegetable The different kinds of body cells and their arrangement in the tissues The germ cells, spermatozoon and ovum, pollen and ovules, fertilization, segmentation and development, treated very simply
- (2) Metabolism in a broad sense, to include nutrition, growth, respiration, excretion, secretion and the storing of reserve material
- (3) Irritability, response to outer influence, stimuli, etc Adaptability, movement, contraction, rhythmic movement The circulation of fluids

The subject to be illustrated chiefly by reference to the following types which candidates will be required to dissect and examine microscopically—

Amœba—Vorticella—Monocystis—Hydra—the earth-worm (Pheretima)—the pond-mussel (Unio)—the prawn (Palæmon)—Frog—Guinea-pig
 Pleurococcus—Spirogyra—Yeast—Mucor—Fern—Pinus—the Maize plant—the Pea plant—Hibiscus (for secondary thickening)

Candidates must be prepared to examine and describe the parts of various flowering plants in simple technical terms. The examination in this part of the subject will be conducted so as to test the candidate's ability to observe carefully and describe with accuracy, rather than his knowledge of botanical terminology and classification.

Syllabuses of the subjects for Study at the Intermediate Examination.

MATERIA MEDICA.

LECTURES

The systematic course of lectures will deal briefly with the natural history, and the physical and chemical properties of all drugs and medicinal agents mentioned in the British Pharmacopœia and will also include a full account of their pharmacological action upon the chief functions of the body, viz, Circulation, Respiration, Digestion, Absorption, Secretion and Excretion, Metabolism, Heat regulation, Motor, Sensory and Reflex mechanism, and the chemical transformations undergone in the body by the principal medicinal substances. The therapeutic use and modes of administration of the official drugs and medicinal agents will also be included in the lectures.

PRACTICAL COURSE

A course of instruction in Practical Pharmacy including practical knowledge of the preparation of medicines and of the constituents of the more important compounds of the British Pharmacopœia, as also prescription writing.

PHYSIOLOGY.

LECTURES

The general Histology of the Animal cell, Epithelial and Connective tissues. Histology and Physiology of the Contractile tissues. Blood and Lymph. The Circulation of the Blood and Lymph. The Innervation and Nutrition of the Heart and the Innervation of the Blood vessels.

The Histology of the organs of Respiration, and the Physiology of Respiration including the chemistry thereof.

The general chemical composition of the body. The Chemistry of Digestion and Nutrition. The Physiology of Absorption. Excretion and Metabolism. Animal Heat. Ductless Glands. Internal secretions. The Structure and Functions of the Central Nervous system, and organs of the special Senses. Reproduction.

PRACTICAL COURSE (INCLUDING THE SCOPE OF THE TEACHING).

(1) *Experimental Physiology.*

A practical knowledge of the working of the more important physiological instruments including a knowledge of the chief experiments illustrating the functions of the organs and tissues of the body and the methods used in recording the results obtained in a graphic manner.

The course shall include—

- I.—*Muscle-nerve preparation*.—Result of stimulation of different forms of stimuli—Action of interrupted and constant currents—Tetanus—Muscle Sound—Fatigue—Work done—Influence of Temperature, Load, Drugs. Elasticity and Extensibility of muscle—Electrotonus—Reaction of Degeneration, etc.
- II.—*Frog's Heart*.—Graphic record of beat—Stannius' experiment—Gaskell's Clamp—Latent Period of Heart—Action of heat, cold and constant current—Innervation. Endocardiac pressure. Action of Drugs on Frog's Heart, etc.
- III.—*Mammalian Heart*—Its Nutrition—Perfusion experiments Cardiac Impulse—Sounds—Cardiograph—Action of Drugs, etc.
- IV.—*Blood Vessels*.—Pulse—Sphygmographic Tracings. Blood pressure and methods of measuring it—Stromuhr—Kymograph—Manometers, etc—clinical methods of measuring blood pressure—Plethysmographs, etc.
- V.—*Lungs*—Vital Capacity—Elasticity of Lungs. Pneumograph Laryngoscope, etc
- VI.—*Reflex action*—Knee-jerk Action of Poisons on Nervous system
- VII.—*Eye*—Accommodation—Phakoscope—Astigmatism and other defects Phosphenes—Retinal shadows—Perimetry Colour-vision—Colour Blindness—Contrast St. reoscope. Ophthalmoscope, etc.
- VIII.—*Cutaneous Sensations*—Cold, Heat, Pressure and Pain-spots—Muscular Sense—Resistance, etc
- IX.—*Taste, Smell, Hearing*—Stereognostic Sense, etc

(2) Normal Histology.

Methods of preparation of the different tissues of the body for histological purposes —

- (1) Hardening, Embedding, Section-cutting, Staining and Mounting
- (2) Histology of the Blood Enumeration of red and white blood corpuscles Differential count of the white blood corpuscles Crystals of Hæmoglobin
- (3) Recognition of sections of the different tissues of the body.

(3) Chemical Physiology.

- (1) General chemical reactions and composition of Carbohydrates, Fats, Proteids and allied substances
- (2) Chemical composition of Animal and Vegetable Food-stuffs.
- (3) Chemistry of Digestion—Action of Saliva, Gastric Juice, Succus Entericus and Bacterial Digestion.
- (4) The Liver and products of its activity
- (5) The Blood—Estimation of alkalinity and gases of blood Coagulation time. Estimation of Hæmoglobin Spectroscopic examination of blood pigments Simple methods of detection of blood stains
- (6) Chemistry of Urine—Testing of Normal and Pathological urine including examination of urinary Sediments Estimation of Uric acid, Urea, Albumen, Sugar, Chlorides, Phosphates and total Nitrogen. Pigments of urine. Polarimeter.
- (7) Chemistry of Gastric Juice Estimation of acidity Tests for Hydrochloric acid, Lactic acid, Butyric acid.
- (8) Cryoscopy. Osmosis and Osmotic Pressure
- (9) Analysis of gases of expired air

At the Practical Examination the Student is expected to show his acquaintance with normal histology and with the methods employed for the demonstration of the fundamental physiological processes, as laid down in

the Syllabus and to carry out such chemical manipulations or simple experiments as are comprised therein. Special stress will be laid on such methods as are applicable to man or have bearing on the subsequent work of the Student. He will be expected to show knowledge of the following subjects laid down in the Practical Syllabus.—

I—*Experimental Physiology*

The uses of the more important physiological apparatus Physiological experiments —

(1) Nerve and Muscle—Single contraction, Tetanus, Excitability, Fatigue, etc. Modifications of contractions under different conditions (The graphic method to be made use of)

(2) Experiments on frog's heart—Stannius' experiment, action of heat and cold. Cardiograph. Action of drugs on heart's beat, etc

(3) Method of using the common forms of Sphygmographs Tracings to be made

(4) Estimation of blood pressure and the use of the common Sphygmomanometers

(5) Nervous regulation of Respiration. The Stethometer and Pneumograph.

(6) Reflex action

(7) Experimental Physiology of the Eye Accommodation, Colour sense. Perimetry, etc

II—*Normal Histology.*

A knowledge of preparation of tissues for microscopic examination, fixing, hardening, embedding, section-cutting, staining, clearing, mounting, and recognition of specimens

Enumeration of red and white blood corpuscles

III—*Physiological Chemistry*

A practical knowledge of the coagulation time and alkalinity of the blood Estimation of Hæmoglobin of the blood

Chemical composition of and tests for—

Carbohydrates and Fats, Proteids, principal food-stuffs, Saliva, Products of Peptic and Pancreatic digestion including tests for Hydrochloric acid, lactic acid Bile Blood. Milk. Urine

Quantitative estimation of Albumen, Sugar, Urea and Chlorides in urine

The use of simple Spectroscope and Saccharimeter

Syllabuses of the Subjects of Study at the Final Examination.

PATHOLOGY

LECTURES.

General Pathology.—Health and disease Aetiology. Heredity and environments Defects of development. Processes of Infection and Immunity Disorders of Nutrition and Auto-intoxication. Dropsy. Disorders of the blood and circulation. Processes of inflammation and repair. The process of fever Degenerations and retrogressive changes. Tumours and

specific granulomata. The more important structural changes produced in the organs and tissues by disease as recognised by the naked eye and microscopical investigations.

Bacteriology.—The Morphology and Biology of the following Micro-organisms :—Pyogenic Cocci, Pneumococcus and Gonococcus, B. Coli Communis, B. Anthracis, B. Diphtheriæ, B. Lepræ, B. Tetani, B. Tuberculosis, B. Typhosus, Vibrio Cholerae Asiatica, B. Pestis, Streptothrix Actinomycosis group, B. Dysentericus, M. Melitensis, Diplococcus Intracellularis Meningitidis, B. Influenzæ, Spirillum Obermeieri, Spirochæte of Syphilis, Pathogenic moulds.

Parasitology—The Morphology and Biology of the following.—Hæmatozoon Malarie, Amœba coli, Amœba dysenterica, Trypanosomes, Distomum Hepaticum, Distomum Crassum, Ascaris lumbricoides, Oxyuris vermicularis, Trichina Spiralis, Ankylostomum duodenale, Filaria Sanguinis Hominis, Dracunculus Medinensis, Tricocephalus Dispar, Tænia Solium, Tænia Mediocanellata, Tænia Echinococcus, Bothriocephalus latus, Bilharzia hæmatobia, Parasite of Kala-azar, Amphistomum Hominis, Acarus Scabiei, Pediculi

PRACTICAL COURSE

Technique of collection and pathological examination of morbid material such as Blood, Gastric and Intestinal contents, Urine, Pus, Sputum and Exudates.

A practical knowledge of the apparatus used for bacteriological work, viz., Hot air Steriliser, Steam Steriliser, and Incubator Preparation of culture media Culture and inoculation methods.

Preparation, section-cutting, staining and mounting of pathological tissues, and their microscopical examination with a view to their recognition

• MEDICAL JURISPRUDENCE

LECTURES

Medical evidence with special reference to Indian Evidence Act Medico-legal Reports Dying declaration

Signs of Death Post-mortem stains Rigor Mortis Cadaveric Spasm Putrefaction in Air Putrefaction in Water Mummification Formation of Adipocere.

Examination of the Dead Body Post-mortem Examination in Medico-legal cases

Age in its Medico-legal relations Development of the foetus Changes after birth The teeth Ossification and the Union of Epiphyses

Identity of the living Identity of the dead Sexual characteristics of the skeleton

Modes of dying Causes of sudden death

Toxicology Diagnosis and general treatment of poisoning Evidence of poisoning in the dead Local effects produced by poisons, disease and post-mortem changes. Preservation of viscera for analysis The detection of poisons by chemical and physiological tests Toxicology of the following poisons—Mineral Acids, Corrosive alkalies, Carbolic Acid, Corrosive sublimate, Oxalic Acid, Salts of Copper, Lead, Antimony, Arsenic and Phosphorus Cyanogen compounds Alcohol. Chloroform, Chloral Hydrate, Kerosene oil, Carbon Dioxide, Carbon Monoxide Sulphuretted Hydrogen, Opium, Strychnine, Aconite, Datura, Belladonna, Cannabis Sativa, Cocaine Oleander, Calotropis gigantea, Plumbago Zeylanica, Snake venom Ptomaines.

Death caused by burns or scalds. Mechanical injuries and wounds. Chemical, Microscopical and Spectroscopical Examination of blood stains and other stains.

Modes of death resulting from Asphyxia. Hanging. Strangulation. Suffocation Drowning Resuscitation from drowning

Death from lightning, from the electric current Heat-stroke. Death from cold

Causation, symptoms and post-mortem appearances of Starvation

Medico-legal questions relating to pregnancy, delivery and abortion, infanticide, criminal offences, legitimacy.

Forms of Insanity Delusions, illusions, hallucinations Criminal responsibility Modes of placing lunatics under restraint. Medical certificates. Lunacy certificates Examination of Lunatics Testamentary capacity. Feigned insanity Placing habitual drunkards and cocaine eaters under restraint.

HYGIENE

LECTURES

Air, in relation to Health and Disease—The causes and sources of the impurities found in air The diseases conveyed through the air. The quantity of air necessary for health The principles of Ventilation

Water, in relation to Health and Disease—The character and classification of drinking-water The causes and sources of the impurities found in water and the methods of Purification The diseases conveyed by water and the methods of dealing with epidemics of such diseases Water-supply Methods of purification and filtration Character of good drinking-water.

Food, in relation to Health and Disease—Dietetics The common adulteration of the chief articles of Diet Diseases connected with deficiency or impurity of food-supply

Soil, in relation to Health and Disease—The Causes and Sources of the Impurities in the Soil and the Methods of dealing with them Diseases connected with the Soil The Method of dealing with Excreta and Sewage

The Dwelling, in relation to Health and Disease—The construction of the Dwelling House, with reference to (a) the proper access of sunlight and air, (b) Methods of natural and artificial ventilation, warming and water-supply, and (c) the disposal of refuse and excremental matters The situation and soil of the Dwelling House

Personal Hygiene with special reference to clothing in the Tropics

The General Principles and Methods of Preventive Inoculation and Disinfection

The Aetiology and Prevention of Epidemic and Endemic Diseases.

Disposal of the Dead in Hot Climates

The Climate in the Tropics

The powers and legal obligations of Medical Practitioners under the Municipal Act, the correct certification of the cause of death.

OPHTHALMIC SURGERY

Examination of the Eye.—(a) Objective. (b) Functional.

Diseases of the Conjunctiva, Cornea, Sclerotic, Iris, Ciliary Body, Choroid, Lens, Vitreous, Retina, Optic Nerve, Lids, Lachrymal Organs and Orbit. Congenital Defects Amblyopia and functional disorders of sight. Glaucoma.

Disturbances of mobility of the Eye. Optical properties of the normal Eye and the theory of Spectacles Anomalies of Refraction and Accommodation Operations and their technique. Practical instruction in Ophthalmology and Refraction.

EXAMINATION FOR THE LICENSE.**Syllabuses of the subjects for Study.****CHEMISTRY.****LECTURES**

CHEMICAL and physical changes. Indestructibility of matter Elements and compounds Mechanical mixtures Chemical symbols and formulæ Laws of chemical combination. Atomic theory. Simple methods of preparation and principal properties of the following —

Oxygen, Hydrogen, Nitrogen, Carbon, Chlorine, Bromine, Iodine, Fluorine, Sulphur, Phosphorus, Ammonia, Nitrous oxide, Nitric oxide, Nitric peroxide, Nitric acid, Carbon monoxide, Carbon dioxide, Hydrochloric acid, Hydrobromic acid, Hydriodic acid, Hydrofluoric acid, Sulphur dioxide, Sulphuric acid, Sulphuretted hydrogen, Oxides and Sulphides of Arsenic, Boric acid, Hydrocyanic acid

A study of the following — Water, Air, Marsh gas Bases, Acids and Salts

General properties of the following metals and the preparation and properties of their undermentioned compounds .—

Potassium —Its Hydroxide, Carbonate, Nitrate, Chlorate, Iodide, Bromide, Permanganate and Cyanide

Sodium —Its Hydroxide, Carbonate, Bicarbonate, Chloride, Sulphate

Calcium —Its Oxide, Hydroxide, Carbonate and Chloride

Magnesium —Its Oxide, Chloride and Sulphate

Zinc —Its Oxide, Chloride and Sulphate

Mercury —Its Oxides and Chlorides

Lead —Its Oxides, Nitrate

Iron.—Its Oxides, Chlorides and Sulphates

Preparation and properties of the following organic compounds —Alcohol, Ether, Chloroform, Chloral Hydrate, Acetic acid, Oxalic acid, Carbolic acid

A study of the following —Starch, Dextrin, Cane sugar, Grape sugar, Fermentation, Soaps and Saponification.

Simple qualitative examination of urine and urinary calculus

N.B —The whole subject of Chemistry will be treated in an elementary way

PHYSICS**LECTURES**

(a) *States of matter* —General properties of solids, liquids and gases

(b) *Hydrostatics* —Floating bodies, Specific gravity, Hydrometers, Osmosis.

(c) *Pneumatics* —Atmospheric pressure, Barometers, Boyle's Law, Air pumps, Syphon

(d) *Heat.*—Sources and effects of heat. Temperature Measurement of temperature Thermometers, maximum and minimum thermometers, the clinical thermometer Radiation, conduction, convection Latent heat

(e) *Light.*—Sources of light Reflection, refraction and dispersion of light Plane and concave mirrors Simple lenses and prisms The solar spectrum The eye as an optical instrument. Long and short sight The microscope.

(f) *Sound.*—Production and propagation of sound Reflection of sound Velocity of sound Musical sounds Intensity Pitch and quality Tuning forks

(g) *Electricity and Magnetism* —Elementary properties of magnets, Electrification by friction and induction. The electrophorus. Gold leaf electroscope The Leyden jar Electric conductors. *Dynamic Electricity* —

Voltaic cell Electro-magnet. Simple galvanometer. Induced currents
Medical batteries

A B —The subject of Physics will be treated in an elementary way.

PRACTICAL COURSE IN CHEMISTRY AND PHYSICS.

Use of simple instruments such as —Syphon, thermometer, barometer, microscope, induction coil, magnets, batteries, burettes, pipettes. Chemical Analysis of urine, tests for sugar, albumen and bile

MATERIA MEDICA AND PHARMACY

LECTURES

1 (a) Definition of the various technical terms used in describing the action and preparation of medical agents and drugs.

(b) The uses and methods of preparation of the more commonly used official pharmaceutical preparations

(c) Knowledge of apothecary's scales and weights, also the various measures, signs and symbols

2 The sources, preparations, composition, doses, physiological action, therapeutic uses, and incompatibilities (physical, chemical and physiological) of the more commonly used drugs and their preparations, according to the British Pharmacopœia, and the Indian and Colonial addenda

PRACTICAL COURSE

1. Recognition of crude drugs and their more important preparations.
- 2 Reading and writing of prescriptions in English, labelling and marking doses, and writing of directions, etc
- 3 Practical pharmacy and exercises in dispensing

PHYSIOLOGY*

LECTURES

I —*Histology* —The Animal Cell, Epithelial Tissues, Connective Tissue (Dentine and development of Bone excluded), Muscular tissue, Nervous tissue.

II —*Contractile Tissues* —Simple contraction—Tetanus, Fatigue, Principal changes associated with contraction Differences in function between Voluntary and Involuntary muscles Rigor mortis

III —*Dietetics and Digestive System* —Food-stuffs—classification of—principles of Dietetics Structure of the Oesophagus, Stomach, Small and Large Intestines, Salivary glands, Pancreas and Liver Composition of Saliva and its functions Composition and functions of Gastric juice, Pancreatic juice, Bile and Succus entericus Functions of the Large Intestines Absorption of food-stuffs Functions of Liver Mechanism of Deglutition Peristalsis, Defæcation

IV —*Respiratory System* —Structure of Trachea, Bronchi and Lungs Mechanism of respiration Exchange of gases during respiration, Tidal air, Complementary air, Supplemental air, Residual air Vital capacity. Apnoea Asphyxia and its stages Effects of Respiration on Circulation.

V —*Circulatory System* —

(a) *Blood* —Composition of—, Red and white corpuscles, varieties of White cells—their functions. Coagulation of blood.

(b) *Heart* —Structure Innervation. Cardiac cycle. Heart sounds —their character and causation Heart block

(c) *Blood Vessels* —Histology of Arteries, Veins, and Capillaries. Mechanism of blood flow Pulse—its normal characters

Interpretation of pulse tracing Blood pressure. Vascular tone

VI —*Lymphatic System*.—Structure of Lymphatic Glands and Vessels. Composition of Lymph. Mechanism of Lymph flow.

VII.—*Urinary System*.—Structure and functions of Kidney. Urine—Physical characters and chemical composition. Common abnormal ingredients and their detection. Mechanism of Micturition

VIII.—*Cutaneous System*.—Structure of Skin. Function of Skin. Sweat glands—their structure Composition of Sweat.

IX.—*Animal Heat*—Its regulation in warm-blooded animals

X.—*The Ductless Glands*—Structure and functions of Thyroid, Spleen, Supra-renal and Pituitary bodies.

XI.—*Nerves and Central System*.—

(a) Classification of Nerves.

(b) The Central Nervous system.

(i) *Brain*.—Structure and functions of Cerebral Cortex—Rolandic area The Cortical centres

(ii) *The Cerebellum*—Functions of Cerebellum.

(iii) *The Medulla*—Vasomotor, Respiratory and Cardiac centres.

(iv) *The Spinal Cord*.—Structure of the Spinal cord. Tracts of ascending and descending degeneration Functions of the Spinal cord. Spinal Nerve roots

(c) Vasomotor Nerves.

XII.—*Special Senses*.—

(a) *The Vision*—Formation of retinal image Mechanism of Accommodation Iris—Structure and function Common Errors of Refraction

(b) *Hearing*—Anatomy and structure of middle and internal Ear Conduction of sound waves Mechanism of hearing

(c) *Taste and Smell*.—Varieties of Papillæ of the Tongue and their structure Nerves of Taste Olfactory nerves

(d) *Cutaneous and Motor Sense*—Varieties of the End organs Varieties of cutaneous sense Muscle sense

XIII.—*Reproductive System*—The male reproductive organs The female reproductive organs Fertilization of the ovum The Mammary glands

PRACTICAL COURSE

(a) Identification of histological specimens of Epithelium, Connective tissues, Muscular tissue Medullated Nerves Specimens of Spleen, Kidney, Liver, Thyroid, Human blood, Frog's blood, Lung, Stomach

(b) Staining and mounting of sections of tissues mentioned above

(c) Preparation and staining of Blood films Recognition of Leucocytes.

(d) Use of the Hæmoglobinometer and Sphygmograph and Sphygmomanometer

(e) Estimation of Glucose Tests for Glucose, Albumen, Bile.

GENERAL PATHOLOGY.

LECTURES

I—A knowledge of—

(a) Processes of inflammation and repair.

(b) Process of fever.

(c) Processes of infection and immunity (elementary)

(d) Disorders of blood and circulation

(e) Disorders of nutrition and auto-intoxication

(f) Degenerations and retrogressive changes

(g) The progressive tissue changes including Neoplasms

II.—Elementary Bacteriology and Parasitology —

To embrace the study and morphology of the following —

Pyogenic Cocci. Bacillus Coli-communis Bacillus Pestis. Bacillus Tetani Bacillus Tuberculosis. Vibrio Cholerae Hæmatozoon malariae. Amœba coli Parasite of Kala-azar. Ascaris

lumbricoides Oxyuris vermicularis Ankylostomum duodenale
Filaria Sanguinis Hominis. Tænia Solium Acarus scabiei Pediculi.

III—*Morbid Anatomy and Histology*.—The more important structural changes produced in organs and tissues by the more common diseases

PRACTICAL COURSE

- (a) Identification of pathological specimens from microscopical sections of the commoner affected organs and tissues
- (b) Preparation of blood films
- (c) Recognition of malarial parasites
- (d) Preparation and staining of sputum for tubercle bacillus
- (e) Technique of collection and pathological examination of urine and pus

MEDICAL JURISPRUDENCE

LECTURES

- I.—Unnatural and sudden deaths—Giving of medical evidence—medico-legal reports and certificates
- II —Death—Chief forms of unnatural deaths, accident, suicide, homicide, poisoning Signs of death Post-mortem lividity—Rigor mortis—Putrefaction—Mummification Time elapsed since death Post-mortem examination in medico-legal cases
- III —Identity of the living and dead—Age in its medico-legal aspect—The teeth, ossification—union of important epiphyses—Sexual characteristics of the skeleton
- IV —Wounds and mechanical injuries—Definition and varieties—distinction between ante-and post-mortem, suicidal and homicidal wounds Results following wounds Causes of death from wounds Injuries of special regions Examination of weapons and identification of materials adherent to weapons
- V —Deaths from Asphyxia —Hanging, strangulation, suffocation and drowning
- VI —Deaths from—Burns, scalds, heat, cold, electric discharge, and starvation
- VII —Signs of Virginity, Rape and Sodomy
- VIII —Signs of Pregnancy—Quickening—Period of human gestation—Prolonged gestation—Superfoetation—Viable age—Signs of delivery—recent and remote
- IX —Criminal abortion and infanticide Signs of live birth—Signs of death from violence, and criminal neglect or omission
- X —Poisons —Actions of Diagnosis and treatment of cases of common poisoning Post-mortem appearances in cases of poisoning. Preservation and transmission of viscera for analysis from suspected poisoning cases.
- XI —*Toxicology* Mineral acids Alkaline corrosives Corrosive sublimate Carbolic acid Oxalic acid. Phosphorus. Arsenic and its compounds Lead Alcohol Chloral Hydrate Carbon Monoxide Carbon Dioxide Kerosene Oil. Opium Cannabis Indica Datura Belladonna. Cocaine Strychnine and Nux Vomica Aconite. Oleander. Snake poison

HYGIENE AND VACCINATION

LECTURES.

- I—*Air*—Composition of— Vitiation, and impurities suspended and gaseous—Examination of air—Ventilation, natural and artificial methods—Diseases due to overcrowding ●

II.—*Water*.—Sources, collection and storage—Uses—Impurities and Origin—Purification, wholesale and domestic—Water-borne diseases

III.—*Climate and soil*.—Varieties—Rainfall—Sub-soil water—Building sites—Drainage.

IV.—*Food and Diets*.—Classification and varieties of subsistence diets Diseases due to over-and under-feeding. Preserved and tinned foods—Fermented beverages—Milk and its relation to infectious diseases

V.—*Personal Hygiene*—Cleanliness, clothing, exercise, rest and sleep.

VI.—*Conservancy*—Methods in villages, jails, towns and cities—septic tanks—dry earth latrines—water-closets Disposal of sewage—Sewage Farms. Disposal of dead

VII.—*Communicable Diseases and their Prophylaxis*—Endemic and epidemic—Plague, Cholera, Enteric, Tuberculosis, Malaria, Kala-azar, Elephantiasis, Rabies Anti-rabic inoculation Rôle of flies and suctorial insects in spreading diseases Rôle played by human carriers on spread of disease.

VIII.—*Disinfection*

IX.—*Small-pox and Vaccination*—Prevalence, inoculation, dangers of vaccination Practical details of vaccination and methods of same Sources of vaccine lymph, preparation of skin, aseptic precautions Phenomena of successful vaccination.

APPENDIX.

PRELIMINARY SCIENTIFIC OR PRIMARY EXAMINATION FOR
MEMBERSHIP OF THE STATE MEDICAL FACULTY.

(This application must reach the Secretary on or before the _____).

APPLICATION

TO THE SECRETARY OF THE STATE MEDICAL FACULTY.

SIR,

I REQUEST permission to present myself at the ensuing Preliminary Scientific Examination for the Membership of the State Medical Faculty.

The fee of Rupees is forwarded herewith.

I am,

Royal Indian Marine Dockyard, Bombay the 25th February 1915

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands.

1. Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

- (i) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait
- (ii) The Middle Andaman excepting that portion to the west of Yolug and south of the main line cleared from the junction of the Chara lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea

2 Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Pott Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands

3 Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter, but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited

4 The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works, and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract

5 The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound

6 The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed —

- (i) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs

- (ii) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second class logs,
4,000 tons of third-class logs

The outturn for the last six years of the license will be determined by working plans to be drawn up hereafter.

7. In addition the licensees will be permitted to cut, subject to previous marking, should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows —

Garjan over 8 ft. in girth, *didu* and *pyinma* over 7½ ft. in girth, and *koko*, black *chuglam*, white *chuglam*, white *bambue*, red *bambue*, and *laungpem* over 6 ft. in girth

8. The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be held to be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill

9. For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled; but thereafter minima annual royalties will be payable as follows —

- (i) for the North Andaman, Rs. 1,00,000 per annum,
- (ii) for the Middle Andaman, Rs. 1,00,000 per annum,
- (iii) in case of a combined license for both islands, Rs. 2,00,000 per annum

10. Except with the special permission of the Divisional Forest Officer all padauk trees sound or unsound, which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them

11. Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands

12. The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employes and the convict population in the Andamans

13. Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation

14. Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair

15. Such padauk timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State-worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917, shall not exceed 500 tons of squares and 1,000 tons of scantlings. There will be no limit to the quantity of timber other than padauk which may be extracted from the areas under reference, and no restriction as to its disposal

16. The Inspector-General of Forests, Simla, will answer calls for further information

17. Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture, and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs 1,500 in cash or in Government securities. This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below

18. All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla. This agreement must be signed within three months of the acceptance of the tender

19. Tenders, marked "Tender for Andamans Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for padauk or for other timbers, or to assign any reasons for the refusal or acceptance of any tender

20. Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid

L J KERSHAW,

Secretary to the Government of India,
Department of Revenue and Agriculture

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branch are entitled to a fund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

SULPHATE OF QUININE, SULPHATE OF CINCHONIDINE, CINCHONA FEBRIFUGE, RESIDUAL ALKALOID AND Quinoidine

Manufactured at the Bengal Government Cinchona Plantation

THESE articles are guaranteed to be free from wilful admixture with other Cinchona alkaloids. Quinine can be purchased by Government officers, District and Local Boards. It can also be purchased by Missionaries for bona fide public purposes. Otherwise it is not sold to private persons or firms. Cinchonidine is for sale to Government officers and to dealers. Cinchona febrifuge can be purchased both in powder and 3½ gram tablet forms by Government officers and the general public. It is also sold by the Principal Druggists in Calcutta. Quinoidine or Pure Amorphous Alkaloid and Residual Alkaloid or Amorphous Cinchona Alkaloid which contains about 40 per cent of Pure Amorphous Alkaloid are for sale to Missionaries and Government institutions only. These drugs are sold strictly cash and in advance, but private purchasers may use the V-P post system, and these are obtainable from the Superintendent, Juvenile Jail, Alipore.

The rates for these drugs from 1st April 1914 are as follows—

Sulphate of Quinine	Rs
For quantities of not less than 6 lbs in one delivery, 18 per lb	
For any quantity less than 6 lbs in one delivery, 15 „ „	
Sulphate of Cinchonidine	Rs
For quantities of not less than 6 lbs in one delivery, 12 per lb	
For any quantity less than 6 lbs in one delivery, 14 „ „	
Cinchona Febrifuge	Rs
For quantities of not less than 6 lbs in one delivery, 5 per lb	
For any quantity less than 6 lbs in one delivery, 6 „ „	
Residual Alkaloid or Amorphous Cinchona Alkaloid and Quinoidine or Pure Amorphous Alkaloid, for any quantity, Rs 4 per lb	
Quinine is available in 1-oz, ¼-lb, ½-lb and 1-lb tins	
Cinchonidine is available in ¼-lb, ½-lb and 1-lb tins	
Cinchona Febrifuge is available in ¼-lb, ½-lb and 1-lb tins	
Residual Alkaloid is available in 10-lb, 5-lb and 1-lb tins	
Quinoidine is available in 10-lb and 1-lb tins	

Transit charges are in addition to the above prices in every case.

Drugs are sold strictly cash and in advance. Price of postage must accompany the price of the drug (when the drug is required by post). No charges are made when drugs are sent by rail. The name of the railway station, steamer, or post office must be written distinctly when the parcels are required by rail, steamer or by post. A scale of postage is given below—
[For ¼ and ½-lb 4 annas, 1 lb 6 annas, 2 lbs 10 annas, 5 lbs 2 annas, 4 lbs Re 1, 5 lbs Re 1 4, and for 6 lbs Re 1 6]

Acts of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION

No. 328L, dated the 9th March, 1915 —The following Act, passed by the Legislative Council of the Governor of Bengal, received the assent of His Excellency the Governor on the 2nd March, 1915, and, having been assented to by His Excellency the Viceroy and Governor General on the 8th March, 1915, is hereby published for general information.—

BENGAL ACT No 1 OF 1915.

THE CALCUTTA PORT (AMENDMENT) ~~ACT~~,
1915.

*An Act further to amend the Calcutta Port Act,
1890.*

WHEREAS it is expedient further to amend the
Calcutta Port Act, 1890;

Ben Act III
of 1890

It is hereby enacted as follows:—

Short title

1. This Act may be called the Calcutta Port
(Amendment) Act, 1915.

New section 13A
for Ben Act III of
1890

2. After section 13 of the Calcutta Port Act, 1890, <sup>Ben Act IIb
of 1890</sup> the following section shall be inserted, namely :—

“13A. It shall further be lawful for the Local
<sup>Pension for Vice-Chair-
man</sup> Government to fix, on
application made to it
by the Commissioners in that behalf, the
amount of pension, gratuity or compas-
sionate allowance (if any) which shall
be paid to the Vice-Chairman on his
retirement from office, and to deter-
mine the conditions under which the
said pension, gratuity or compassionate
allowance shall be so payable .

Provided as follows :—

- (a) the amount of any such pension,
gratuity or compassionate
allowance shall in no case, with-
out the special sanction of the
Government of India, exceed
what would be admissible in the
case of Government servants of
similar standing and status, and
- (b) the conditions aforesaid shall not,
without similar sanction, be
more favourable than those for
the time being prescribed for
such Government servants.”

A. W. WATSON,

*Secretary to the Government of Bengal
and Secretary to the Bengal Legislative Council.*

PART VI.

Bills introduced into the Council of the Governor General for making
Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 24th February, 1915.—

No. 4 of 1915.

1 Bill to extend the powers of the Governor General in Council during the continuance of the present war to make rules under the Indian Patents and Designs Act, 1911

1. (1) This Act may be called the Indian Patents and Designs (Temporary Rules) Act, 1915.
Short title, extent, etc.

(2) It extends to the whole of British India including British Baluchistan and the Santhal Parganas.

(3) This Act and the rules made thereunder shall be in force during the continuance of the present war and for a period of six months hereafter

2. In this Act the expression 'subject of any State at war with His Majesty' includes—
Definitions.

(a) any person resident and carrying on business in the territory of a State at war with His Majesty; and

(u) with reference to a company, any company the business whereof is managed or controlled by such subjects, or is carried on wholly or mainly for the benefit or on behalf of such subjects, notwithstanding that the company may be registered within His Majesty's dominions.

3. (1) The power of the Governor General in Council under section 77 of the Indian Patents and Designs Act, 1911, to make rules shall include power to make rules—

(a) for avoiding or suspending in whole or in part any patent or licence, the person entitled to the benefit of which is the subject of any State at war with His Majesty;

(b) for avoiding or suspending the registration, and all or any rights conferred by the registration, of any design the proprietor whereof is a subject as aforesaid;

(c) for avoiding or suspending any application made by any such person under the said Act;

(d) for enabling the grant, in favour of persons other than such persons as aforesaid, on such terms and conditions, and either for the whole term of the patent or registration or for such less period, as may be thought fit, of licences to make, use, exercise, or vend, patented inventions and registered designs so liable to avoidance or suspension as aforesaid, and

(e) for extending the time within which any act or thing may be or is required to be done under the said Act.

(2) If the rules made under this Act so provide, the rules or any of them shall have effect from the passing of this Act.

(3) All rules made under this Act shall be published in the *Gazette of India*, and on such publication shall have effect as if enacted in this Act

4. The power to make rules conferred by section 3 (1) (a) and (d) of this Act shall be exercisable in respect of any exclusive privilege acquired under the Inventions and Designs Act, 1888, as if such exclusive privilege had been a patent granted under the Indian Patents and Designs Act, 1911.

Power in case of exclusive privileges under Act V of 1888.

V of 1888.

II of 1911

STATEMENT OF OBJECTS AND REASONS

It is considered desirable, during the present hostilities, that power should be taken to refuse to receive applications for the grant of patents or registration of designs from persons who are subjects of a State at war with His Majesty, and to order the avoidance or suspension of patents or designs held or registered by or for the benefit of such subjects, and to enable the grant of compulsory licences to persons other than such subjects. The Bill empowers the Governor General in Council to make rules for the purpose of carrying out the above objects.

2 The Bill is on the same lines as the Patents, Designs, and Trade Marks (Temporary Rules) Act, 1914 (4 and 5 Geo 5, c 27), as amended by the Patents, Designs, and Trade Marks Temporary Rules (Amendment) Act (4 and 5 Geo, c. 73).

The 18th February, 1915

APPENDIX.

NOTICES TO MARINERS.

THE following Notices are published for general information

F. A. A. COWLEY,
Offg. Secy. to the Govt. of Bengal.

CALCUTTA, the 2nd March 1915.

AUSTRALIA, NORTH COAST—PORT DARWIN.

Emery Point light—Intended alteration

No. 56 (first publication).—The following particulars, etc., relative to the above, issued by the Comptroller-General of Customs, Melbourne, in Notice to Mariners (No. 1 of 1915), are republished:—

Former Notice.—No. 2 of 1913. (*This Office No. 390 of 1914.*)

Subject.—On or about the 1st May 1915, the light on Emery Point, Port Darwin, will be altered experimentally.

Position.—Lat. 12° 27' S.; long. 130° 49' E.

Structure.—Steel Skeleton Tower, 31 feet high, painted white.

Character and Colour.—Single flashing *White*, with *Red* Sector.

Period.—Three seconds, thus: flash 0·3 second, eclipse 2·7 seconds.

Sectors.—Further notice will be given as to bearings.

Elevation.—60 feet.

Visibility.—*White*, 13 miles; *Red*, 6 miles.

Publications affected.—*Admiralty List of Lights and Time Signals*, Part VI; *Australia Directory*, Vol. III.

Charts affected.—Admiralty Charts Nos. 613 and 925.

AUSTRALIA, NORTH COAST—PORT DARWIN.

Fort Point—New light.

No. 57 (first publication).—The following particulars, etc., relative to the above, issued by the Comptroller-General of Customs, Melbourne, in Notice to Mariners (No. 2 of 1915), are republished :—

Former Notice—No 3 of 1913. (*This Office No. 391 of 1914.*)

Subject.—A light will be exhibited experimentally on Fort Point, Port Darwin, on or about the 1st May 1915.

Position—Lat. 12° 28' S ; long 130° 51' E.

Structure.—Iron Post, nine feet high, painted white.

Character and Colour.—Double flashing *White*, with *Red* Sector.

Period—Six seconds, thus . flash 0·3 second, eclipse 0·9 second, flash 0·3 second, eclipse 4·5 seconds.

Sectors.—Further notice will be given as to bearings.

Elevation—Twenty feet.

Visibility.—*White*, ten miles ; *Red*, five miles.

Publications affected—*Admiralty List of Lights and Time Signals*, Part VI, *Australia Directory*, Vol. III.

Charts affected—Admiralty Charts Nos. 613 and 925

The 22nd February 1915.

CHINA SEA.

Carimata strait—Wreck to be removed from chart.

No. 54 (second publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 31^a of 1915), are republished —

Position—Lat. 2° 34½' S, long. 109° 09' E.

Description—Wreck reported in 1901 and marked "P.D." on charts.

Remarks.—This wreck is no longer considered a danger to navigation and is to be expunged from the charts.

Charts affected—No. 3757, Tanjong Sambar to Tanjong Beras Basah.

„ 2160, Carimata strait.

„ 941a, Eastern archipelago, sheet I.

Authority.—Hydrographic Department. (*H. 38/15.*)

PERSIAN GULF.

Kishm Island—Light Buoy extinguished.

No. 55 (second publication).—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No. 27M. of 1915), are republished :—

Subject.—The Commander of "Vita" reports that the Lighted Gas Buoy off East end Kishm Island was not burning.

Charts affected.—No. 2837a, Persian Gulf, Eastern Sheet.

„ 753, Entrance to the Persian Gulf.

Authority.—Director of the Royal Indian Marine, Bombay.

The 17th February 1915.

BRITISH POSSESSIONS—CAUTION WHEN APPROACHING BRITISH PORTS.

No. 45 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1 of 1915), are republished :—

PART I.

CLOSING OF PORTS.

Former Notice.—No. 1805 of 1914; (*This office No. 17 of 1915*) hereby cancelled

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II, of this Notice and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three **red** vertical lights by night, or three **red** vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this Notice.

If these signals are displayed, vessels must either proceed to the position marked "Examination Anchorage" on the Admiralty charts and anchor there, or keep the sea.

(3) At all the ports or localities at home or abroad referred to in Part III of this Notice, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

EXAMINATION SERVICE.

(4) In certain circumstances it is also necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this Notice.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the Examination anchorage. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In entering by night any of the ports mentioned in Part III, serious delay and risk will be avoided if four efficient all round lamps, two **red** and two **white**, are kept available for use.

(7) **By day** the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed.

By night the steamer will carry :—

(a) Three *red* vertical lights if the port is closed.

(b) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer. In the absence of any instructions from the Examination Steamer they must proceed to the position marked "Examination Anchorage" on the Admiralty Charts and anchor there, or keep the sea.

Whilst at anchor in the Examination Anchorage, Masters are warned that they must not lower any boats (except to avoid accident), communicate with the shore, work cables, move the ship, or allow anyone to leave the ship, without permission from the Examination Steamer.

(9) In case of fog, Masters are enjoined to use the utmost care, and the Examination Anchorage itself should be approached with caution.

(10) Merchant vessels when approaching ports are specially cautioned against making use of private signals of any description, either by day or night: the use of them will render a vessel liable to be fired on.

(11) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART IV.

SWEEPING OPERATIONS.

H.M. Vessels are constantly engaged in sweeping operations off ports in the United Kingdom.

Whilst so engaged, they work in pairs connected by a wire hawser, and are consequently hampered to a very considerable extent in their manœuvring powers.

With a view to indicating the nature of the work on which these vessels are engaged, they will show the following signals.—

A black ball at the foremast head and a similar ball at the yardarm, or where it can best be seen, on that side on which it is dangerous for vessels to pass.

For the public safety, all other vessels, whether steamers or sailing craft, must keep out of the way of vessels flying this signal, and should especially remember that it is dangerous to *pass between* the vessels of a pair.

JAPAN—KIUSIU, NAGASAKI APPROACH.

Io jima—Alteration in character of light.

No. 46 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No 4 of 1915), are republished:—

Position.—On Io bana.

Lat. $32^{\circ} 42\frac{1}{2}'$ N., long. $129^{\circ} 45\frac{1}{2}'$ E.

New abridged description.—Lt. Gp. Fl. (4), *ev.* 30 sec., *295 ft.*, *vis.* 21 m.

Details.—The fixed light has been replaced by a *group flashing white* light, showing a group of *four flashes every thirty seconds*, thus:—

4 flashes in quick succession,	eclipse.
15 secs.	15 secs.

Remarks.—The new light has a power of 18,000 candles.

Note.—The other details of the light remain unchanged.

Charts affected.—No. 2415, Nagasaki harbour.

REPORT ON THE STATE OF THE SALT MARKET FOR THE THIRD QUARTER OF THE YEAR 1914-15.

FINANCIAL DEPARTMENT.

SEPARATE REVENUE BRANCH (SALT).

Dated Calcutta, the 9th March 1915.

THE following report on the state of the salt market for the third quarter of the year 1914-15, comprising the months of October, November and December 1914, in the Presidency of Bengal, is published for general information.

2 The quantity of salt of every description cleared during the quarter amounted to 4,735,576 maunds (including 3,231,850 maunds issued under the credit system), as compared with 2,492,105 maunds (including 1,680,807 maunds issued under the credit system) in the previous quarter and 3,680,109 maunds (including 2,550,844 maunds issued under the credit system) in the corresponding quarter of the previous year. The net amount of duty levied was Rs. 50,38,073 (including Rs. 23,70,675 adjusted under the credit system), as against Rs. 26,85,857 (including Rs. 20,13,281 adjusted under the credit system) in the previous quarter, and Rs. 33,11,283 (including Rs. 23,79,361 adjusted under the credit system) in the corresponding quarter of the previous year.

3. The subjoined table I. shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter,

compared with the figures of the corresponding quarters of the two previous years —

TABLE I.

* Inclusive of 3,231,850 mannds of salt issued under the credit system Besides this quantity, 34,518 mannds of salt were issued under the credit system to inland bonded warehouses

Compared with the corresponding quarter of the previous year and the same quarter of 1912-13 importations were less by 41·9 per cent. and 20·3 per cent, respectively, but clearances were greater by 30·6 and 30·5 per cent. As compared with the corresponding period of the previous year, the decreased imports from United Kingdom, Hamburg, Port Said, Spain, Salif and Bombay and the increased imports from Aden, Massowah and Madras are especially noticeable

4 Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter, as compared with the preceding four quarters —

TABLE II.

Where stored	Third quarter of 1913-14	Fourth quarter of 1913-14	First quarter of 1914-15	Second quarter of 1914-15	Third quarter of 1914-15.

Total ...	2,371,270	3,487,400	3,214,779	3,502,207	1,807,876

The stocks remaining in the *golas* at the close of the quarter were less than those of the previous four quarters.

5. The figures showing the despatches of salt from Calcutta by different routes during the quarter under report will be published as usual in the *Calcutta Gazette* by the Director-General of Commercial Intelligence when they are available.

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 820 maunds, as against 1,276 maunds in the previous quarter and 547 maunds in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of Bengal during the quarter was nil, as compared with 40 maunds in the previous quarter and the same quantity in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta, according to the published market reports, amounted to 10,762 tons. As war exists with Germany, no vessel is at present bound for Calcutta with salt from Hamburg and Bremen.

9. Table III shows the average wholesale prices * per 100 maunds of Liverpool and other descriptions of salt at the port of Calcutta during each fortnight of the quarter —

TABLE III

Description of salt	Fortnight ending the 15th October 1914	Fortnight ending the 31st October 1914	Fortnight ending the 15th November 1914	Fortnight ending the 30th November 1914	Fortnight ending the 15th December 1914	Fortnight ending the 31st December 1914

Spanish <i>karkuch</i>	65 0 0	65 0 0	65 0 0	65 0 0	68 12 5	83 1 9

* The prices are exclusive of the Port Commissioners' special toll of 4 annas per ton and customs duty of Re 1 per maund

The continued increase in price during the quarter was due to the depletion of stocks by heavy clearances from bond owing to an anticipation of a rise in the rate of duty and also to the rise in freights. It is reported that 67,640 maunds of Madras salt were imported into the Port of Calcutta, the average price of which was Rs. 53-12 per 100 maunds

10. The subjoined table IV shows the average wholesale prices per 100 maunds of Liverpool and other descriptions of salt at the port of Chittagong during each fortnight of the quarter —

TABLE IV.

* Exclusive of 7,600 maunds of salt lost in transit for which full duty was paid during the quarter.

As compared with the corresponding quarter of the previous year the quantities admitted into bond and cleared from bond and shipboard were less by 37·3 and greater by 17·5 per cent, respectively.

By order of the Governor in Council,

H. L. STEPHENSON,
Secretary to the Government of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 8th March 1915.

Summary.—During the week under review light to moderate rain fell throughout the Province. It has considerably improved the prospects of the standing *boro* paddy and has much facilitated the ploughing operations for *bhadoi* crops. The sowing of jute and *bhadoi* paddy has commenced in parts of Eastern Bengal. The harvesting of *rabi* crops is nearing completion. The pressing of sugarcane continues. The standing crops are in fair condition. Cattle-disease is reported from fifteen districts. The average price of common rice for the Province has slightly risen as compared with that of the previous week.

(a) The decrease is chiefly in third class passengers.

(b) The increase is in general merchandise and in Remounts.

(c) Rupees 5,67,864 deducted being the rebate on coal etc., for the quarter ended 31st December 1914. This adjustment is made in December instead of March in order to determine the percentage of working expenses chargeable to Tarkessur Railway which has been incorporated with East Indian Railway from 1st January 1915.

REVENUE DEPARTMENT.

No. 2746 L.R.—The 11th March 1915—Under section 3 (17) of the Bengal

Bankura.

Tenancy Act, 1885 (VIII of 1885), Babu Ambu Nath Chatarji, Probationary Deputy Collector, is appointed to discharge the functions of a Revenue Officer, under the provisions of that Act, so far as they relate to Revenue Officers, for the purposes of a survey and the preparation of a record-of-rights in the district of Bankura.

He is also appointed an Assistant Settlement Officer, under rule 41, Chapter VI, of the rules under the Bengal Tenancy Act.

No. 2749 L.A.—The 11th March 1915.—Babu Suresh Chandra Sen, Deputy

Hooghly.

Collector, Hooghly, Sadar, is vested with the powers of a Collector, under the Land Acquisition Act, I of 1894, in that district

No. 2832 L.A.—The 13th March 1915.—Babu Narendra Kumar Sen,

Dacca.

Deputy Collector, Dacca, is vested with the powers of a Collector under the Land Acquisition Act, I of 1894, in that district

No. 2836 L.R.—The 12th March 1915—Under section 3 (17) of the Bengal

Chittagong.

Tenancy Act, 1885 (VIII of 1885), Babu Jogesh Chandra Guha, Settlement Kanungo, Noakhali, is authorised to discharge in the lands of the district of Chittagong, covered by Notifications Nos 10540 L.R. and 10541 L.R., dated the 10th November 1914, published at pages 2012—2014, Part I, of the *Calcutta Gazette* of the 11th idem, the function of a Revenue Officer under Chapter X of that Act, so far as they relate to surveys and the preparation of records-of-rights.

No. 2838 L.R.—The 12th March 1915—Under section 3 (17) of the Bengal

Chittagong.

Tenancy Act, 1885 (VIII of 1885), Mr W. H. Thompson, I.C.S., Settlement Officer of Tippera-Noakhali, is authorised to discharge in the lands of the district of Chittagong, covered by Notifications Nos. 10540 L.R. and 10541 L.R., dated the 10th November 1914, published at pages 2012—2014, Part I, of the *Calcutta Gazette* of the 11th idem, the function of a Revenue Officer under Chapter X of that Act, so far as they relate to surveys and the preparation of records-of-rights.

He is also appointed to be a Settlement Officer in that area.

No. 2840 L.R.—The 15th March 1915.—Whereas it appears to the Board of

Dacca.

Revenue that the continuance of the proprietors of the temporarily-settled estate Diara Mahal Ch. Ghorasul, bearing tauzi No. 8442 on the revenue-roll of the district of Dacca, in the management of the said estate would endanger the public tranquillity and be seriously detrimental to the interests of the tenants, and whereas the aforesaid circumstance has been reported by the Board of Revenue to the Governor in Council

Now, therefore, in exercise of the power conferred by the last proviso to section 3 of the Bengal Land Revenue Settlement Regulation, 1822 (Bengal Regulation, VII of 1822), read with clause *first* of section 2 of the Bengal Land Revenue Settlement Regulation, 1825 (Bengal Regulation, I of 1825), the Governor in Council is pleased to direct that the said estate shall be held *khas* for a period of twelve years.

J. H. KERR,

Secy. to the Govt. of Bengal.

DECLARATION

FINANCIAL DEPARTMENT.

NOTIFICATIONS.

No. 501S.R.—The 15th March 1915.—The following Rules for the recruitment of Superintendents, Inspectors and Sub-Inspectors, of Excise and Salt in the Presidency of Bengal are published for general information.—

H. L. STEPHENSON,

Secy to the Govt of Bengal.

I—Rules for Recruitment of Superintendents and Inspectors of Excise and Salt

1. The Superintendents' cadre is graded as follows.—
 - (a) Rupees 250 to Rs. 500 in 14 years by annual increment of Rs. 15 during the first 10 years, and Rs. 25 during the last four years, subject to approved conduct
 - (b) Rs. 600
 - (c) Rs. 700.
2. The Inspectors' cadre is divided into seven grades ranging from Rs. 100 to Rs. 250
3. Promotion to the grades of Rs. 600 and Rs. 700 in the cadre of Superintendents will be made by the Governor in Council by special selection for merit. Seniority alone shall not give a claim to appointment in these two grades
4. The cadres of Superintendents and Inspectors will be distinct and separate and promotions from the rank of Inspector to that of Superintendent will not be the general rule, but Inspectors of outstanding merit may be promoted by Government to the rank of Superintendent.
5. Officers promoted from the rank of Sub-Inspector to the rank of Inspector or from the rank of Inspector to the rank of Superintendent will remain on probation until their fitness for confirmation has been demonstrated, provided that the period of probation shall not exceed three years. They will in the meanwhile be eligible for promotion and may, in the case of Superintendents, be appointed direct to the time-scale
6. The number of direct appointments to be made to the higher branches of the Excise and Salt service in Bengal will be determined each year by the Governor in Council.
7. The selection of Europeans for the above service will be made by a Board consisting of the Secretary to Government in the Financial Department and the Commissioner of Excise and Salt, who will submit their nominations to Government.
8. The selection of Indians for the above service will be made by Government from the candidates nominated by Divisional Commissioners as prescribed in rules 12 to 14.
9. The indispensable qualifications for a candidate for appointment as Superintendent or Inspector are —
 - (1) That he is a natural-born subject of His Majesty or of a Native State.
 - (2) That he is not under 20 or over 25 years of age on the 1st July of the year in which the nomination is made.
 - (3) That he is of good character
 - (4) That he is a graduate or, in the case of European candidates, that he possesses at least the recognised school-leaving examination certificate of a secondary school for Europeans
 - (5) That he is of sound health, good physique, active habits and free from organic defect or bodily infirmity
10. Europeans who do not satisfy the definition of Native of India, contained in section 6, Statute 33, Victoria, Chapter III, are not eligible for appointment to the Excise and Salt service as Superintendents or Inspectors, without the previous sanction of the Government of India in each case
11. As soon as possible after the 1st July of each year the number of appointments to be made during the year on the nomination of Commissioners of Divisions and of the selecting Board referred to in rule 7 above, and the number of nominations to be made for appointments under rule 8 above, will be announced by a Notification in the *Calcutta Gazette*.
12. (a) Every District Officer in a Division in which a nomination is to be made will submit to the Commissioner of the Division, on or before the date to be fixed by the latter, the names of two candidates belonging to

families resident or domiciled in his district. In submitting these names he will give in Form I appended to these rules a brief statement of the grounds of his recommendation in each case. The nominee under this rule must be non-official. But this does not exclude the nomination of Honorary Magistrates or candidates who hold no substantive posts under Government but are serving in temporary or officiating appointments.

(b) Form I must be accompanied by a certificate of the Registrar of the University that the candidate has obtained a degree, a certificate of character and conduct from the Principal of the Institution at which the candidate last studied for not less than one year, or from some responsible officer of Government, a medical certificate in Form II appended to these rules, and evidence of the candidate's age.

13. The Commissioner of the Division and the District Officers of the Division will meet on a date to be fixed by the Commissioner of the Division and will consider the names of all the candidates nominated. They will call the candidates before them and see and converse with them so as to form an opinion regarding their suitability for the public service. The Commissioner of the Division will then select two names for each of the appointments to be made on his nomination and submit them in order of preference to Government by a date not later than the 1st October, stating his reasons for the preference given. With his report submitting these names the Commissioner will submit Form I for all candidates, entering in each case in the last column of that Form his own opinion as to the suitability of the candidate.

Every candidate nominated by the Commissioner must be domiciled in his Division, or if the nominee himself be resident outside the Division for the purpose of education, his family must be resident or permanently domiciled in the Division. In making nominations special attention should be paid to the desirability of securing a fair share of appointments to each important section of the community, to the esteem with which the candidate's family is regarded by Indians generally, and to physique.

15. Persons appointed direct to the Excise and Salt service will be subject to a period of probation, the minimum term of which will be one year. During the period of their probation Superintendents will receive an allowance of Rs 150 and Inspectors of Rs 100 a month.

16. An officer will not be confirmed until he has passed the departmental examinations prescribed for the Excise and Salt service and has been satisfactorily reported on by the officers under whom he has worked. If an officer fails to qualify for confirmation within two years of his first appointment as probationer, he may be removed from the public service.

17. A probationary Superintendent will not be admitted to the time-scale even if qualified for confirmation, until a vacancy occurs.

18. All Europeans shall subscribe to the Government Provident Fund if their pay is Rs 100 or more. All Indians shall subscribe to the Fund unless they can satisfy the Commissioner that they have good reason for not doing so.

19. No member of the above service will be dismissed otherwise than on the result of a judicial or formal departmental enquiry.

20. No Superintendent or Inspector will be eligible for rewards.

FORM I.

Column 1—Name of candidate and address in full.

Column 2.—Father's name, profession or occupation, and address in full.

Column 3.—Religion and caste or race.

Column 4.—Date of birth (day and month to be given).

Column 5.—Educational qualifications and places of education during the preceding four years, with dates.

Column 6.—Other information regarding the candidate (physique, moral character, present occupation, etc.).

Column 7.—A memorandum of the status and services of members of the family.

Column 8.—Special claims for consideration.

Column 9.—Remarks indicating degree of District Officer's personal knowledge of candidate and sources of information about him, with Commissioner's opinion as to the suitability of the candidate.

FORM II.

[BENGAL CIVIL MEDICAL DEPARTMENT FORM NO. 38.]

(Medical Certificate under Bengal Government Resolution No 4463Medl, dated the 23rd October 1914.)

Special certificate of physical fitness for Government service.

I, _____, do hereby certify that I have examined
 a candidate for employment in _____ His age is by own statement
 years, and by appearance _____ years

- | | |
|---------------------------|---------------------------------------|
| (a) General conformation. | (g) Spleen. |
| (b) Vision. | (h) Hernia, present or absent †. |
| (c) Hearing | (i) Hydrocele, present † or absent. |
| (d) Lungs. | (j) Glycosuria, present † or absent. |
| (e) Heart. | (k) Albuminuria, present † or absent. |

I consider that he is of sound health and good physique, and capable of bearing fatigue and exposure, and that he is fit to enter the service of Government.

I consider him unfit to enter the service of Government for the reason given at

Place

Date

*Civil Surgeon.**II—Rules for the Recruitment of Sub-Inspectors of Excise and Salt.*

The Commissioner of excise and Salt will appoint these officers in the following manner:—

- (1) The probable number of vacancies likely to occur in any year will be allotted to the districts in rotation.
- (2) Applications will be called for by advertisement and the District Officers will be asked to select two or three candidates for each vacancy. The final selections will be made by the Commissioner of Excise and Salt in consultation with the Collector of the district at his next visit to the district.
- (3) Direct appointments will always be made to the lowest grade of the service, except in the case of Europeans, who may be appointed direct to the fifth grade.
- (4) The indispensable qualifications for a candidate for appointment as Sub-Inspector of Excise and Salt are:—
 - (a) That he is a natural-born subject of His Majesty or of a Native State.
 - (b) That he is not under 20 or over 25 years of age in the case of Indians, and under 19 or over 25 years in the case of Europeans.
 - (c) That he is of good character.
 - (d) That he has passed the Intermediate Examination, and in the case of Europeans, has received education up to a corresponding standard.
 - (e) That he is of sound health, good physique and active habits and free from organic defect or bodily infirmity.
 - (f) A medical certificate of fitness in the prescribed form will be required, and every candidate must be 5 feet 3 inches in height and 30 inches round the chest. Evidence of the candidate's age must also be produced.

* Designation of Medical Officer.

† Strike out "present" or "absent" in (h), (i), (j) and (k) and whichever of the concluding sentence does not apply

- (5) Every Indian candidate nominated by a District Officer must be domiciled in his district, or if the nominee himself be resident outside the district for the purpose of education, his family must be resident or permanently domiciled in the district.
- (6) In making nominations special attention should be paid to the desirability of securing a fair share of appointments to each important section of the community, to the esteem with which the candidate's family is regarded by Indians generally, and to physique
- (7) Every officer on appointment will be subject to a period of probation, the minimum term of which will be one year. An officer will not be confirmed until he has passed the departmental examinations prescribed for the Excise and Salt service and has been satisfactorily reported on by the officers under whom he has worked. He will not be eligible for grade promotion until he has been confirmed. If he fails to earn confirmation by the time he has served for two years, his services may be dispensed with.
- (8) Promotion from the rank of Sub-Inspectors to that of Inspectors will not be the general rule, but officers distinguished for zeal and efficiency may be promoted by Government.
- (9) Every officer will be required to subscribe to the Government Provident Fund unless he can satisfy the Commissioner that he has good reason for not doing so

No. 504S R.—*The 15th March 1915*—Mr R. A. Stephen, Superintendent of Excise and Salt, Calcutta, is temporarily posted to the 24-Parganas with effect from the forenoon of the

4th March 1915.

No. 875Com—*The 11th March 1915*—In exercise of the power conferred by section 56 of the Indian Factories Act, 1911 (XII of 1911), the Governor in Council is pleased to exempt the Army Clothing Factory at Alipore from the provisions of sub-section (1) of section 22 of the said Act for a further period of six months, with effect from the 20th March 1915

No. 899Com—*The 11th March 1915*—In exercise of the power conferred by clause 6, sub-clause (2), of the Hostile Foreigners (Trading) Order, 1914, the Governor in Council is pleased to declare that the following hostile foreigner has been refused a license under that Order:—

Mr. Hermann Boeckel.

No. 941Com.—*The 16th March 1915*—In exercise of the power conferred by section 56 of the Indian Factories Act, 1911 (XII of 1911), the Governor in Council is pleased to exempt the Gun and Shell Factory at Ishapore from the provisions of sub-section (1) of section 22 of the said Act, for a period of six months with effect from the 1st March 1915

H. L. STEPHENSON,

Secy. to the Govt. of Bengal.

DECLARATION.

No. 914Com.—*The 12th March 1915*—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Bejdi siding, Bengal-Nagpur Railway, as lies between chainages 3.50 and 25.00. The siding takes off Aldih Branch of the Bengal-Nagpur Railway at chainage 67.32, and whereas coal mines are situate under the said land, and whereas the Equitable Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seams known as Raghunathbatti-Buradhem and Dishergarh seams, and whereas the mines have been

inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Equitable Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Equitable Coal Company, Limited, in the manner and subject to the restrictions below specified, viz:—

1. (a) In the Raghunathbatti and Buradhemo seam, galleries may be driven not exceeding 12 feet in width by 12 feet in height at distances apart not less than 72 feet, centre to centre, leaving pillars not less than 60 feet square, to be left unworked for the support of the acquired land:

Provided that—(i) The shaft levels for Nos 1 and 2 shafts may be driven not exceeding 15 feet in width, and (ii) the sump galleries to the dip of No. 1 pit, shown in dotted lines on the plan [L. A. M. A. No. 216 (1)], may be driven at a width and height not exceeding 12 feet.

(b) In the Dishergarh seam galleries may be driven not exceeding 15 feet in width by 12 feet in height with centres at distances apart, not less than 100 feet on the level course and 72 feet on the dip and rise, leaving pillars not less than 85 feet by 57 feet, to be left unworked for the support of the acquired land.

Provided that—(i) the gallery A B shall be driven on a course of S 77°45' W. until it is 72 feet distant, centre to centre, from the main west shaft level, (ii) the gallery G H shall be stopped and bricked up at the entrance by a wall from the floor to roof, 18 inches thick, and (iii) the sump gallery to the dip of No. 2 pit shown in dotted lines on the plan [(L. A. M. A. No. 216 (2))] may be driven at a width and height not exceeding 12 feet.

2 Manholes not exceeding 6 feet high, 3 feet wide and 4 feet deep, may be made where required by any rules under the Indian Mines Act, 1901

3. Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

1. These restrictions apply to the Raghunathbatti and Buradhemo seam, and to the Dishergarh seam only and to the area edged with pink on the plan, and the Equitable Coal Company shall give notice, under section IV of the Land Acquisition (Mines) Act, 1885 of coal under any other area of acquired land, and that in all the above cases no further excavation in excess of the above dimensions shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. Nos 216 (1) and 216 (2) signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 916Com.—The 12th March 1915—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Sanctornia branch as lies between chainage 350.25 and chainage 352.66, such portion of Kendwa branch as lies between chainage 0.645 and chainage 4.29 and such portion of the Equitable Coal Company siding as lies between chainage 3.15 and chainage 5.98.

The Kendwa branch takes off the Sanctoria branch at chain 349.61 and the Equitable Coal Company siding takes off the same branch at chain 356.495, and whereas coal mines are situate under the said land, and whereas the Bengal Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Sanctoria seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Bengal Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working.

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Bengal Coal Company, Limited, in the manner and subject to the restrictions below specified, *viz* —

- (a) Where the thickness of the strata from the surface to the top of the seam is less than 50 feet no coal shall be worked.
- (b) Where the thickness of the strata from the surface to the top of the seam is more than 50 feet galleries not more than 8 feet high and 12 feet wide, with centres not less than 66 feet apart, may be driven forming pillars not less than 54 feet square to be left unworked.
- (c) Manholes not exceeding six feet in height by three feet in width by four feet in depth may be made where required by any rules made under the Indian Mines Act, 1901.
- (d) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.
- (e) These restrictions apply to the seam known as Sanctoria seam only and to the area edged with pink on the plan, and the Bengal Coal Company shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 241 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

ERRATA NOTIFICATION.

Birbhum, for a period of three years from the 2nd April 1915, in respect to such cases as may be made over to him within the limits of the Rampurhat subdivision of the said district,

- (b) to direct that he shall, in addition to sitting singly, sit as a member of the Rampurhat Bench in the said district, and

 to direct him to take down evidence in the English language.

No 3023A —The 16th March 1915.—In exercise of the powers conferred by sections 14 and 15 of the Code of Criminal Procedure, 1898 (Act V of 1898), the Governor in Council is pleased—

- (a) to confer upon Babu Karuna Nidhan Singh the powers of a

Hooghly

Magistrate of the third class, in the district of Hooghly, for a period of three years from the date of this notification, and

- (b) to direct him to sit as a member of the Sadar Bench in the said district

POWERS.

No 3000A.—The 15th March 1915.—Mr Jati Dutt, Deputy Magistrate, Patuakhali, Bakarganj, is vested with the powers of a Magistrate of the first class.

Bakarganj.

J. G. CUMMING,

Chief Secy to the Govt. of Bengal

LEAVE.

No 883J.—The 15th March 1915—The orders of the 20th February 1915, granting privilege leave, for one month and three days, with effect from the 6th April 1915, to Babu Nalini Mohan Banarji, Munsif of Dubajpur, in the district of Birbhum, are cancelled.

Birbhum.

POWERS.

No 885J.—The 15th March 1915—Babu Kunja Bihari Biswas, Munsif of Chittagong, is vested with powers under section 19, sub-section (2) of the Bengal, Agra and Assam Civil Courts Act, XII of 1887, to try, under the ordinary procedure, original suits up to the value of Rs 2,000, arising within the local limits of the original jurisdiction of the District Judge of Chittagong

Chittagong.

J. G. CUMMING,

Chief Secy. to the Govt. of Bengal.

POLITICAL DEPARTMENT.

POLITICAL.

NOTIFICATIONS.

No. 3319P.—The 12th March 1915—In exercise of the powers conferred by section 12, sub-section (1), of the Indian Press Act, 1910 (1 of 1910), the Governor in Council hereby declares to be forfeited to His Majesty all copies, wherever found, of the leaflet in Urdu entitled "Al-Intiqam," beginning with the words "Rahne na pai zinda inka koi jahan men" (i.e., none of them may remain alive in this world) and ending with the words "waqt ka muntazar rahe. Fagat" (i.e., to remain in wait for the opportunity. Finis), and all copies of all other documents containing the matter of the said leaflet inasmuch as the said leaflet urges the killing of the English and therefore appears to the Governor in Council to contain words which have a tendency to incite to murder or acts of violence and are of the nature described in section 4, sub-section (1), of the said Act

No. 3514P.—The 15th March 1915.—In exercise of the powers conferred by section 12, sub-section (1), of the Indian Press Act, 1910 (1 of 1910), the Governor in Council hereby declares to be forfeited to His Majesty all copies, wherever found, of a notice in Urdu entitled "Ana Leila" with the words "Policy pasand raj-ul-waqt hukumat ke sammi" (Believe in the present policy-loving administration) and ending with the words "Shwadeesh bhakti. Matbua Ram Press Akashpur" (A lover of his country. Printed at the Ram Press, Akashpur), and all copies of all other documents containing the matter of the said notice, on the ground that the said notice urges rebellion, and therefore appears to the Governor in Council to contain words which have a tendency to bring into hatred and contempt and to excite disaffection towards the Government established by law in British India, and are of the nature described in section 4, sub-section (1), clause (c), of the aforesaid Act.

J. G. CUMMING,

Chief Secy. to the Govt of Bengal

POLICE

NOTIFICATIONS.

No. 3215P.—The 12th March 1915—In exercise of the power conferred by section 4 (1) S of the Code of Criminal Procedure, 1898 (Act V of 1898), and in partial modification of Notifications Nos. 8029P. and 8030P., dated the 18th November 1913 (published at pages 1755-56, Part I, of the *Calcutta Gazette* of the 19th November 1913), the Governor in Council is pleased to declare that the village specified below which has hitherto been included in the Hatibanda police-station, in thana Kaliganj, in the district of Rangpur, shall henceforth be included in the Kaliganj police-station in thana Kaliganj, in the district of Rangpur:—

Name	From—	To—	Nature of promotion	Division in which employed
Mukharji, Prithwiraj	Supervisor, 1st grade	Sub-Engineer, 3rd grade	Temporary ..	Circular and Eastern Canals

N B —Vice Babu Trilokya Nath Mazumdar, Sub-Engineer, on long leave

H. H. GREEN,

Secretary to the Govt. of Bengal

[Fifth publication.]

IRRIGATION DEPARTMENT.*The 16th February 1915.*

No 1 —*Notification.*—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No 58, dated the 17th February 1885, the Governor in Council intends to make for the lines of navigation known as the Eastern Canal Route and the Outer Boat Routes, as defined in Notification No 230, dated the 23rd July 1895, and for the navigable channels from Khulna in district Khulna to Magura in district Jessore, as defined in Notification No. 7, dated the 1st September 1914, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

It The draft will be taken into consideration on or after the 1st April 1915, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

Offg. Secy to the Govt of Bengal

DRAFT RULES

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct

2 As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3 In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear

4 Only one boat is allowed to make fast along and on line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggers* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggers* put up.

6 Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7 In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8 No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9 No person shall wilfully or negligently allow a vessel to sink in the canals.

10 In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11 A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck, and intimating that if the sum be not paid within fifteen days of the date of notice the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12 Every Canal officer is authorized to remove any vessel, anchor, pole or any thing which he may find in a position which is in contravention of the rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13 Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14 If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15 The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

The 12th March 1915

No. 188A.—Maulvi Tabarakullah, Special Sub-Inspector of Schools Bakatganj, on probation (class VIII of the Subordinate Educational Service) is confirmed in his appointment and grade, with effect from 19th May 1911.

No 189A.—Maulvi Hashem Ali Khan, Assistant Master, Arabic Department, Calcutta Madrasah, in class VIII of the Subordinate Educational Service, is granted privilege leave, under article 271 of the Civil Service Regulations, for ten days from 15th to 24th February 1915.

No 190A—The lien in his appointment in class I of the Subordinate Educational Service of Babu Jogendra Nath Hazra, who is employed on foreign service under the Midnapore College, is suspended, with effect from 1st April 1912, in terms of article 89 of the Civil Service Regulations.

No. 191A.—Babu Girindra Nath Mukerji, Additional Laboratory Assistant, Krishnagore College, on probation (class VIII of the Subordinate Educational Service), is confirmed in his appointment and grade, with effect from 14th February 1915.

No. 192A—Babu Sukha Ranjan Ghosh, an outsider, acted as an Assistant Master, Barisal Zilla School, in class VIII of the Subordinate Educational Service, from 1st January 1915 to 3rd February 1915, *vice* Babu Bepin Behari Banerji, resigned.

No. 193A.—Babu Kunja Lal Chatterji, an outsider, is appointed as a temporary measure to act as an Assistant Master, Barisal Zilla School, in class VIII of the Subordinate Educational Service, with effect from 8th February 1915, *vice* Babu Bepin Behari Banerji, resigned.

The 15th March 1915.

No. 194A.—Maulvi Badruzzaman, Second Master, Karaya Middle English School, on Rs. 40, now officiating as Head Master of the same Institution on Rs. 50 a month outside the grades, is appointed to be an Assistant Master of the Khulna Zilla School, and to class VIII of the Subordinate Educational Service, *vice* Babu Kshitish Chandra Sarkar, transferred.

He will until further orders act as an Assistant Master of the Taki Government School on the pay of his own grade, where Babu Kshitish Chandra Sarkar was on deputation.

The 16th March 1915.

No. 195A.—Babu Shubendra Nath Bhadra, Assistant Master, Khulna Zilla School (class VI of the Subordinate Educational Service), is granted leave on medical certificate, under article 336 of the Civil Service Regulations, for forty days, with effect from the 12th January 1915.

This supersedes this Department Notification No. 116A., dated 9th February 1915.

No. 196A.—Babu Debendra Nath Mukherjee, Officiating Additional Deputy Inspector of Schools, Jessore (class VI of the Subordinate Educational Service), is granted privilege leave, under article 260 of the Civil Service Regulations, for twenty-five days, with effect from the 22nd January 1915. He is also permitted to prefix the Sripanchami holidays to his leave, under article 220 of the Civil Service Regulations.

No. 197A.—Maulvi Abdul Jabbar, Sub-Inspector of Schools, in the district of Khulna (class VII of the Subordinate Educational Service), is granted privilege leave, under article 260 of the Civil Service Regulations, for seventeen days, with effect from the 7th December 1914.

No. 198A.—Maulvi Muhammad Shujat Ali, B.A., B.T., Additional Deputy Inspector of Schools, Khulna, and now Officiating Deputy Inspector of Schools, Khulna (class VI of the Subordinate Educational Service), is granted privilege leave for three months, under article 260 of the Civil Service Regulations, with effect from 2nd January 1915. He is permitted to prefix the X'mas and the New Year's day holidays to his leave, under article 220 of the Civil Service Regulations.

No. 199A.—Babu Kamales Chandra Banerjee, Officiating Additional Deputy Inspector of Schools, Khulna (class VII of the Subordinate Educational Service), is appointed to act as Deputy Inspector of Schools, Khulna, on the pay of his own grade, *vice* Maulvi Muhammad Shujat Ali, on leave.

No. 200A.—Maulvi Abdul Jabbar, a Sub-Inspector of Schools, Khulna (class VII of the Subordinate Educational Service), is appointed to act as Additional Deputy Inspector of Schools, Khulna, on the pay of his own grade, *vice* Babu Kamales Chandra Banerjee, on deputation.

No. 201A.—Maulvi Ohiluddin Ahmed, Sub-Inspector of Schools, Satkhira Second Circle, Khulna (class VII of the Subordinate Educational Service), is appointed to act as Sub-Inspector of Schools in the same district on the pay of his own grade, *vice* Maulvi Abdul Jabbar on deputation.

No. 202A.—Maulvi Sadaruddin Ahmed, Assistant Sub-Inspector of Schools, Satkhira Second Circle, Khulna (class IV of the Lower Subordinate Educational Service), is appointed to act as Sub-Inspector of Schools in the same circle and in class VIII of the Subordinate Educational Service, *vice* Maulvi Ohiluddin Ahmed, on deputation.

No. 203A.—Babu Gopal Govinda Mukherjee, B.A., who has been acting as an Assistant Master of the Baraset Government School, is appointed to act as an Assistant Head Master of the same Institution and in class VIII of the Subordinate Educational Service, on an allowance of Rs. 50 a month, with effect from the 7th November 1914, *vice* Babu Bisweswar Banerjee, on deputation or until further orders.

This cancels this Department Notification No. 839A, dated 10th November 1914, appointing Maulvi Muhammed Moazzem Hossain, B.A., to act as Assistant Head Master, Baraset Government School.

No 204A.—Maulvi Syed Nousher Ali, B.A., is appointed to act as Assistant Head Master, Baraset Government School, in class VIII of the Subordinate Educational Service, on an allowance of Rs. 50 a month with effect from the date on which he joins his officiating appointment, *vice* Babu Bisweswar Banerji, on deputation or until further orders.

No 205A—Maulvi Muhammad Yakub, Sub-Inspector of Schools, Burdwan (class VII of the Subordinate Educational Service) is granted privilege leave, under article 260 of the Civil Service Regulations, for one month in extension of the leave granted to him under this Department Notification No. 130A, dated 15th February 1915

The arrangement already made for the conduct of the absentee's duties is allowed to continue.

No 206A—Maulvi S. M. Tafazzal Hossain, who was, under the orders of the 7th July 1913, appointed to act as Sub-Inspector of Schools, Bagerhat, Khulna district, will continue to act as a Sub-Inspector of Schools, in the same district and in class VIII of the Subordinate Educational Service, during the absence on deputation of Maulvi Muhammed Mudheswar Hossain or until further orders.

No. 207A—Babu Purna Chandra Banerji, an Assistant Sub-Inspector of Schools, 24-Parganas, and now Officiating Sub-Inspector of Schools, Sonarpur Circle, in the same district (officiating in class VIII of the Subordinate Educational Service), is granted privilege leave, under article 260 of the Civil Service Regulations, for seventeen days with effect from the 15th January 1915

No. 208A.—This Department Notification No 51A., dated 19th January 1915, granting Babu Nilmoni Mukherji, Sub-Inspector of Schools, Amarshi Circle, in the district of Midnapore, privilege leave, under article 260 of the Civil Service Regulations, for 45 days with effect from 2nd January 1915 is hereby cancelled.

No 209A—Babu Birendra Nath Basu, Officiating Sub-Inspector of Schools, Haripal, district Hooghly (officiating in class VIII of the Subordinate Educational Service), who was granted leave, under article 336 of the Civil Service Regulations, for 45 days under this Department Notification No. 857A, dated 17th November 1914, having availed himself of the leave with effect from 25th November 1914, and returned to duty on 23rd December 1914, the unexpired portion of the leave is hereby cancelled.

No 210A.—Babu Satis Chandra Talapatra, Sub-Inspector of Schools, Natore Circle, Rajshahi, in class VIII of the Subordinate Educational Service, is granted privilege leave, under article 260 of the Civil Service Regulations, for one month with effect from 2nd March 1915, or any subsequent date on which he may avail himself of it.

This cancels this Department Notification No 103A., dated 2nd February 1915.

No 211A—Maulvi Tafazzal Hossain, an outsider, is appointed to act as Sub-Inspector of Schools, Natore Circle, Rajshahi, on an allowance of Rs. 50 a month in class VIII of the Subordinate Educational Service, during the absence on leave of Babu Satis Chandra Talapatra or until further orders.

This cancels this Department Notification No. 104A., dated 2nd February 1915.

No. 212A.—Babu Sasi Bhushan Ghosh, an outsider, is appointed to act as Sub-Inspector of Schools, Gangarampur Dinajpur district, on Rs 50 a month, in the Subordinate Educational Service with effect from the date on which he joins his appointment, *vice* Babu Bhubansebar Bhattacharyya on leave.

This cancels this Department Notification No. 27A., dated 12th January 1915, appointing Babu Pramatha Nath Bhaduri to act in the post.

W. W. HORNELL,

Director of Public Instruction, Bengal.

7. A Candidate who fails in not more than two subjects may appear at any subsequent Examination in the subject or subjects in which he has failed, provided that he has within the previous six months undergone a further

course of instruction in these subjects, to the satisfaction of the Head of his College or School. The fee for re-examination shall be Rs. 10 in each subject.

8 As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a diploma in the form entered in the Appendix.

9 The Courses of Study for the Final Examination are defined in the *Schedule*. For details refer to *Syllabus*.

General Rules, including the appointment of Examiners.

1. THE Secretary shall, at such time as the President may determine, send to all members of the Governing Body a circular, requesting them to forward within 14 days the names of persons whom they consider suitable for appointment as Examiners.

2 Such recommendations with any applications from candidates for Examinerships received by the Secretary shall be referred to the Governing Body, who shall consider them at a special meeting convened for this purpose. In appointing Examiners the selection shall not necessarily be limited by these recommendations and applications.

3 There shall be two Examiners in each subject. Of the two Examiners one at least shall be a Professor or Teacher in that subject at a Recognised College or School. The second Examiner shall be selected on the grounds of recent knowledge of the subject. Examiners shall ordinarily be subject to the approval of the Governing Body hold office for two years and shall be eligible for re-appointment only after the expiry of two years from the date of vacating office.

4 The oral, practical and clinical examinations shall be conducted by the two Examiners jointly. The written papers shall consist of two parts set jointly by the Examiners, each Examiner being responsible for reading and marking his own part.

5 Examiners in setting papers and in conducting the oral and practical examinations shall be guided as to the scope of the subject of examination by the Syllabus prescribed by the Governing Body.

6 The papers shall be delivered by the Examiners in person to the Secretary or sent to him in a sealed double cover on or before a date to be prescribed by the Governing Body. No copy of the questions set shall be retained by the Examiners.

7 Rolls containing the names of the candidates with spaces for the marks awarded and giving the dates on which the rolls have to be submitted will be supplied by the Secretary. Examiners are required to keep the results of the examinations and the marks assigned to Candidates strictly secret.

8 The results of the examination shall be submitted to the Secretary on or before the date fixed by the Governing Body.

9. As soon as possible after the tabulation of the results by the Secretary all the Examiners shall meet and draw up a report on the examination for the consideration of the Governing Body. The President of the State Medical Faculty shall be *ex-officio* President of the Board of Examiners.

10 No candidate shall be declared to have passed unless he has attained the standard laid down in the Rules.

11 As soon as possible after the report of the Examiners has been considered by the Governing Body, the Secretary shall publish a list of successful Candidates in alphabetical order.

12. The Examiners shall not destroy the papers examined by them until 15 days after the results have been published.

RULES FOR THE GUIDANCE AND CONDUCT OF CANDIDATES DURING EXAMINATIONS.

1. The written Examination will commence on _____ and will continue up to _____. The dates and place of the Oral and Practical Examination will be fixed by the Secretary after consultation with the Examiners.

2. Candidates suffering from any illness or disease which would render their presence in any way prejudicial to the general body of Students under examination will not be allowed into the Examination Hall or will be expelled if found in the Hall.

3. The doors of the Examination Hall shall be opened on the first day half an hour before the Examination takes place and on subsequent days a quarter of an hour before. No Candidate shall be admitted to Examination under any pretext later than half an hour from the commencement of the Examination. Candidates will be required to give up their answer books to the officer superintending the Examination precisely at 1 P.M. and 5 P.M.

4. Candidates before they enter the Examination Hall must leave outside any books, notes or papers they may have with them except the Receipt allowing them to attend the Examination which Candidates must bring with them each day. Candidates must provide their own pen-holders and pens.

5. A seat, with a number corresponding to that on his Receipt will be allotted to each Candidate and a book in which to write his answers will be found on his desk.

6. Candidates must take their seats at least five minutes before the time fixed for giving out the papers which is at 10 A.M. and 2 P.M.

7. Any Candidate detected in helping another or attempting to obtain unfair assistance, will be struck off the list of Candidates. No communication whatever between Candidates, while under examination, will be allowed. Candidates are not permitted to have in their possession, while in the Examination Hall, any book, memorandum, or pocket-book, notes or papers whatsoever (even if these papers are in no way connected with the subject under examination) except the question paper, the Secretary's receipt and the book provided by the Faculty for writing out the answers, with a sheet of blotting paper. Candidates disregarding this caution are liable to the same penalty as those using unfair means.

8. No Candidate, without the permission of the Presiding officer is to leave his seat or the Examination Room until conclusion of the Examination.

9. Every Candidate will write on the outside of his answer-book, his name, and roll number. He will write on one side of the paper only leaving a quarter margin. Any Candidate attempting to render the identification of his answer paper impossible or difficult by giving a false name and number or by intentionally omitting to state his name and number as required above, will have his name removed from the list of Candidate and shall be reported to the Governing Body for such further action as may be necessary.

10. Any Candidate found guilty of making any objectionable or improper remarks on his answer papers will be reported to the Governing Body for such action as they may deem fit.

11. No Candidate will be allowed to leave the room until an hour has elapsed from the time when the papers are given out.

12. No Candidate will be allowed to re-enter the Examination Room during the hours of Examination after once quitting it or to leave the room without finally giving up his answer papers. In case of urgent necessity, a Candidate may, with the special permission of the Presiding Officer temporarily leave the Examination Room, but during his stay outside he must be under the surveillance of a thoroughly trustworthy person to be deputed by the Presiding Officer for that purpose.

13. A Candidate, having completed his paper, must hand it to the Presiding Officer before leaving the Examination Hall. The answer paper must, on no account be left on the desk.

14. Any Candidate, wishing to ask a question will rise from his seat and remain standing until the Presiding Officer or his representative comes to him, but he will, on no account, leave his seat nor will he be allowed to make any noise to call the attention of the Presiding Officer.

15. Friends and guardians of Candidates will not be allowed to enter the Examination Hall. The entrance of persons, unconnected with the Examination into the Hall is strictly forbidden.

16. Precisely five minutes before the time fixed for giving out the question papers, a warning bell will be rung as a signal for all Candidates to take their seats. After the warning bell has been rung any outsider found loitering in the Hall or, in or near the entrance to the Hall will be expelled.

MEMBERSHIP EXAMINATION.

Syllabuses of the subjects for study at the Preliminary Scientific Examination.

INORGANIC CHEMISTRY

LECTURES.

CHEMICAL and physical changes Laws of chemical action Indestructibility of matter The balance, weights and measures Elements and compounds Classification of the elements Periodic law Atoms and molecules Symbols and formulæ Valency Equations Atomic weights. Molecular weights Laws of chemical combination Dalton's Atomic theory. Avogadro's law Calculation of formulæ from percentage composition and calculations relating to weight and volume

The principles of gravimetric and volumetric analysis with special reference to their application in the subsequent work of the Student

Classification of the elements Acids, bases and salts Chemical nomenclature and terminology

Study of the following with special reference to their subsequent application

Hydrogen—Oxides Ozone Allotropy

Hydrogen—Water, its composition by synthesis and analysis Impurities of water Hard and soft water Elements of water analysis Peroxide of Hydrogen

Nitrogen—Atmospheric air Nitric Acid Oxides of Nitrogen. Nitrates and Nitrites Ammonia and Ammonium salts.

Carbon—Its oxides Relation of Carbon Dioxide to animal and plant life Coal and coal gas Combustion Structure of flame. Cyanogen Hydrocyanic Acid, Metallic Cyanides

The Halogens—Chlorine, Bromine, Iodine, Fluorine. Their compounds with Hydrogen Chlorides, Bromides and Iodides. Hypochlorites, Hypobromides. Chlorates, Iodates

Sulphur—Its oxides. Sulphuric Acid, Sulphurous and Hyposulphurous acids and their salts Sulphides Carbon Disulphide.

Phosphorus—Oxides and oxyacids Phosphates Phosphuretted Hydrogen

Boron and Silicon—Their oxides. Boric Acid and Borax. Silicic Acid and Dialysis Glass and Porcelain

The commoner Metals and Metalloids—The common compounds of the following, having special regard to such as find application in the subsequent work of the Student—Arsenic, Antimony, Bismuth, Sodium, Potassium, Calcium, Barium, Magnesium, Zinc, Silver, Mercury, Copper, Iron, Aluminium, Chromium, Manganese, Tin, Lead, Platinum.

Special attention will be paid to the general properties and reactions of compounds of medicinal and medico-legal importance and their methods of detection.

PRACTICAL COURSE.

The use of the balance The preparation of common inorganic substances specially such as are employed in Medicine, and their purification by precipitation, crystallisation or distillation. Performance of experiments involving solution, filtration, oxidation and reduction.

Preparation and study of the principal properties of Hydrogen, Oxygen, Nitric Acid, Ammonia, Carbon Dioxide, Chlorine, Hydrochloric Acid, Sulphur Dioxide and Sulphuretted Hydrogen.

Determination of the composition of water by electrolysis

Qualitative analysis of a simple salt containing one basic and one inorganic acid radicle

Detection of common impurities in inorganic substances employed in Medicine such as Chlorine in Hydrochloric Acid, Oxides of Nitrogen in Nitric Acid, Lead in Sulphuric Acid, Arsenic in medicinal salts, Iodine in Potassium Iodide, Mercuric Chloride in Mercurous Chloride, etc

Volumetric determinations involving simple applications of Alkalimetry and Acidimetry Estimation of Chlorides by the Thiocyanate and Chromate methods.

ORGANIC CHEMISTRY

LECTURES.

Methods by which organic compounds are purified and by which their purity and composition are established

Empirical and molecular formulæ Determination of molecular weights
Determination of melting and boiling points Fractional distillation

The general properties of such of the principal types of organic compounds as are enumerated below —

Aliphatic compounds

Paraffins—Methane and Ethane

Unsaturated hydrocarbons—Ethylene and Acetylene

Alcohols and their derivatives—Methyl Alcohol, Ethyl Alcohol and Glycerol

The lower Aldehydes—Formaldehyde and Chloral Hydrate Ketones, acetone

Acids—Formic, Acetic, Lactic, Oxalic, Tartaric and Citric

Ethyl Ether

Esters, hydrolysis including saponification

Carbohydrates The common sugars—Glucose, Lactose, Maltose and Cane-sugar Starches Glucosides.

Uric Acid and cyanides.

Urea.

Aromatic or Cyclic series

Benzene and its simple derivatives

Phenols—Phenol and Resorcinol

Benzoic Acid and Salicylic Acid

The common vegetable Alkaloids

PRACTICAL COURSE

Detection of the following elements in organic combination —

Carbon, Hydrogen, Nitrogen, Sulphur, Phosphorus and Chlorine

Preparation of a fatty acid from a fat

Preparation of a salt from an organic base and *vice versa*

Recognition of important Alkaloids

Tests for the following —

Ethyl alcohol, Acetic Acid, Oxalic Acid, Salicylic Acid, Phenol, Glucose, Cane-sugar and Urea

Analysis of Urine and Urinary Calculi

A B.—The whole subject of Chemistry is to be treated in an elementary way and with special regard to the subsequent work of the Student.

PHYSICS.

LECTURES.

(a) General ideas.

Units of measurement and definition of mass, force and motion.
 Laws of motion.
 Velocity and acceleration
 Weight and gravitation
 Work and energy
 General properties of solids, liquids and gases
 Laws of pressure of liquids and gases, measurement of pressure.
 The atmospheric pressure The barometer. Air pump. Syphon.
 Equilibrium of floating bodies
 Specific gravity, hydrometer, urinometer and lactometer
 The pendulum

(b) Heat

Laws of expansion of solids, liquids and gases under heat
 Measurement of temperature, thermometer, the clinical thermometer, the maximum and minimum thermometers
 Vapour pressure and its measurement Boiling point. Dew point
 Hygrometers
 Hydration of Clouds, Rain, Fog, Dew, etc
 Quantity of heat Specific heat Changes of State. Latent heat.
 Conduction, convection and radiation of heat. Reflection and absorption of heat

(c) Sound.

The production and propagation of sound
 Reflection and refraction of sound
 Relation between frequency and pitch
 Vibration of strings Sonometer
 Vibration of the air columns Organ pipes.
 Human Voice The Ear
 The Stethoscope

(d) Light

Sources of light
 Propagation of light
 Shadows Photometers
 Reflection and refraction of light
 Mirrors Prisms Lenses Chromatic dispersion.
 Spectrum Spectroscope Colours
 The microscope The telescope The eye, mechanism, of vision, short and long sight

(e) Magnetism and Electricity.

Properties of magnets Methods of magnetisation.
 Simple phenomena of magnetism and magnetic induction.
 The earth as a magnet Mariner's compass.
 Electrical attraction and repulsion
 Properties of conductor and non-conductor.
 Electrical induction
 Distribution of electrification on conductors
 Capacity and potential
 Simple condensers Leyden jar.
 Electrophorous Electrosopes.
 Frictional machines—Wimshurst machine.
 Atmospheric electricity Lightning conductor.
 Voltaic cell.

Electric current.
 Batteries.
 Galvanometer
 Electromotive force and resistance.
 Ohm's law. Volt. Ohm. Ampère
 Heating effect of current
 Elementary phenomena of electrolysis.
 Electro-magnets
 Induced currents The induction coil
 Röntgen Rays
 Medical batteries

PRACTICAL COURSE.

Length measurements by millimetre rule.
 Eye estimation of tenths of a division
 Use of vernier
 Determination of areas and volumes by measurements of linear dimensions.
 Specific gravity of solids and liquids
 Use of the hydrometer.
 Reading the barometer
 Use of thermometers.
 Determination of melting and boiling points
 Humidity determination Wet and dry bulb thermometer
 Hygrometer
 Verification of the laws of reflection and refraction of light at plane surfaces
 Focal length of concave mirrors
 Focal length of convex lenses
 Use of microscope
 Use of spectroscope
 Mode of making a simple electro-magnet
 Use of gold leaf electroscope
 Construction of a common battery
 Use of simple galvanometer
 Use of simple induction coil
 Use of magneto-electric machine

BIOLOGY

LECTURES AND PRACTICAL COURSE.

An elementary knowledge of the structure and functions of animals and plants. The subject should be treated very simply under the following headings —

- (1) Cells, animal and vegetable The different kinds of body cells and their arrangement in the tissues The germ cells, spermatozoon and ovum, pollen and ovules, fertilization, segmentation and development, treated very simply
- (2) Metabolism in a broad sense, to include nutrition, growth, respiration, excretion, secretion and the storing of reserve material
- (3) Irritability, response to outer influence, stimuli, etc Adaptability, movement, contraction, rhythmic movement The circulation of fluids.

The subject to be illustrated chiefly by reference to the following types which candidates will be required to dissect and examine microscopically —

Amœba—Vorticella—Monocystis—Hydra—the earth-worm (Pheretima)—the pond-mussel (Unio)—the prawn (Palæmon)—Frog—Guinea-pig
 Pleurococcus—Spirogyra—Yeast—Mucor—Fern—Pinus—the Maize plant—the Pea plant—Hibiscus (for secondary thickening).

Candidates must be prepared to examine and describe the parts of various flowering plants in simple technical terms. The examination in this part of the subject will be conducted so as to test the candidate's ability to observe carefully and describe with accuracy, rather than his knowledge of botanical terminology and classification.

Syllabuses of the subjects for Study at the Intermediate Examination.

MATERIA MEDICA

LECTURES

The systematic course of lectures will deal briefly with the natural history, and the physical and chemical properties of all drugs and medicinal agents mentioned in the British Pharmacopœia and will also include a full account of their pharmacological action upon the chief functions of the body, viz., Circulation, Respiration, Digestion, Absorption, Secretion and Excretion, Metabolism, Heat regulation, Motor, Sensory and Reflex mechanism, and the chemical transformations undergone in the body by the principal medicinal substances. The therapeutic use and modes of administration of the officinal drugs and medicinal agents will also be included in the lectures.

PRACTICAL COURSE

A course of instruction in Practical Pharmacy including practical knowledge of the preparation of medicines and of the constituents of the more important compounds of the British Pharmacopœia, as also prescription writing.

PHYSIOLOGY

LECTURES

The general Histology of the Animal cell, Epithelial and Connective tissues. Histology and Physiology of the Contractile tissues. Blood and Lymph. The Circulation of the Blood and Lymph. The Innervation and Nutrition of the Heart and the Innervation of the Blood vessels.

The Histology of the organs of Respiration, and the Physiology of Respiration including the chemistry thereof.

The general chemical composition of the body. The Chemistry of Digestion and Nutrition. The Physiology of Absorption. Excretion and Metabolism. Animal Heat. Ductless Glands. Internal secretions. The Structure and Functions of the Central Nervous system, and organs of the special Senses. Reproduction.

PRACTICAL COURSE (INCLUDING THE SCOPE OF THE TEACHING)

(1) *Experimental Physiology*

A practical knowledge of the working of the more important physiological instruments including a knowledge of the chief experiments illustrating the functions of the organs and tissues of the body and the methods used in recording the results obtained in a graphic manner.

The course shall include—

- I.—*Muscle-nerve preparation*—Result of stimulation of different forms of stimuli—Action of interrupted and constant currents—Tetanus—Muscle Sound—Fatigue—Work done—Influence of Temperature, Load, Drugs. Elasticity and Extensibility of muscle—Electrotonus—Reaction of Degeneration, etc
- II —*Frog's Heart*—Graphic record of beat—Stannius' experiment—Gaskell's Clamp—Latent Period of Heart—Action of heat, cold and constant current—Innervation Endocardiac pressure. Action of Drugs on Frog's Heart, etc
- III —*Mammalian Heart*—Its Nutrition—Perfusion experiments Cardiac Impulse—Sounds—Cardiograph—Action of Drugs, etc
- IV —*Blood Vessels*—Pulse—Sphygmographic Tracings. Blood pressure and methods of measuring it. Stromuhr—Kymograph—Manometers, etc—clinical methods of measuring blood pressure—Plethysmographs, etc
- V —*Lungs*—Vital Capacity—Elasticity of Lungs Pneumograph. Laryngoscope, etc
- VI —*Reflex action*—Knee-jerk Action of Poisons on Nervous system
- VII —*Eye*—Accommodation—Phakoscope—Astigmatism and other defects Phosphenes—Retinal shadows—Perimetry—Colour-vision—Colour Blindness—Contrast Stereoscope—Ophthalmoscope, etc
- VIII —*Cutaneous Sensations*—Cold, Heat, Pressure and Pain—Spots—Muscular Sense—Resistance, etc
- IX —*Taste, Smell, Hearing*—Stereognostic Sense, etc

(2) Normal Histology

Methods of preparation of the different tissues of the body for histological purposes —

- (1) Hardening, Embedding, Section-cutting, Staining and Mounting
- (2) Histology of the Blood Enumeration of red and white blood corpuscles Differential count of the white blood corpuscles Crystals of Hæmoglobin
- (3) Recognition of sections of the different tissues of the body

(3) Chemical Physiology

- (1) General chemical reactions and composition of Carbohydrates, Fats, Proteids and allied substances
- (2) Chemical composition of Animal and Vegetable Food-stuffs
- (3) Chemistry of Digestion—Action of Saliva, Gastric Juice, Succus Entericus and Bacterial Digestion
- (4) The Liver and products of its activity
- (5) The Blood—Estimation of alkalinity and gases of blood Coagulation time Estimation of Hæmoglobin Spectroscopic examination of blood pigments Simple methods of detection of blood stains
- (6) Chemistry of Urine—Testing of Normal and Pathological urine including examination of urinary Sediments Estimation of Uric acid, Urea, Albumen, Sugar, Chlorides, Phosphates and total Nitrogen Pigments of urine. Polarimeter
- (7) Chemistry of Gastric Juice Estimation of acidity Tests for Hydrochloric acid, Lactic acid, Butyric acid
- (8) Cryoscopy Osmosis and Osmotic Pressure
- (9) Analysis of gases of expired air.

At the Practical Examination the Student is expected to show his acquaintance with normal histology and with the methods employed for the demonstration of the fundamental physiological processes, as laid down in

the Syllabus and to carry out such chemical manipulations or simple experiments as are comprised therein. Special stress will be laid on such methods as are applicable to man or have bearing on the subsequent work of the Student. He will be expected to show knowledge of the following subjects laid down in the Practical Syllabus —

I—*Experimental Physiology.*

The uses of the more important physiological apparatus Physiological experiments —

(1) Nerve and Muscle—Single contraction, Tetanus, Excitability, Fatigue, etc. Modifications of contractions under different conditions (The graphic method to be made use of)

(2) Experiments on frog's heart—Stannius' experiment, action of heat and cold. Cardiograph. Action of drugs on heart's beat, etc

(3) Method of using the common forms of Sphygmographs. Tracings to be made

(4) Estimation of blood pressure and the use of the common Sphygmomanometers

(5) Nervous regulation of Respiration. The Stethometer and Pneumograph

Hydrogen Reflex action

Hydrogen Experimental Physiology of the Eye. Accommodation, Colour sense Perimetry, etc

II—*Normal Histology*

A knowledge of preparation of tissues for microscopic examination, fixing, hardening, embedding, section-cutting, staining, clearing, mounting, and recognition of specimens

Enumeration of red and white blood corpuscles

III—*Physiological Chemistry*

A practical knowledge of the coagulation time and alkalinity of the blood. Estimation of Hæmoglobin of the blood

Chemical composition of and tests for—

Carbohydrates and Fats, Proteids, principal food-stuffs, Saliva, Products of Peptic and Pancreatic digestion including tests for Hydrochloric acid, lactic acid. Bile. Blood. Milk. Urine

Quantitative estimation of Albumen, Sugar, Urea and Chlorides in urine

The use of simple Spectroscope and Saccharimeter.

Syllabuses of the Subjects of Study at the Final Examination.

PATHOLOGY.

LECTURES,

General Pathology—Health and disease. Aetiology. Heredity and environments. Defects of development. Processes of Infection and Immunity. Disorders of Nutrition and Auto-intoxication. Dropsy. Disorders of the blood and circulation. Processes of inflammation and repair. The process of fever. Degenerations and retrogressive changes. Tumours and

specific granulomata. The more important structural changes produced in the organs and tissues by disease as recognised by the naked eye and microscopical investigations

Bacteriology.—The Morphology and Biology of the following Micro-organisms —Pyogenic Cocci, Pneumococcus and Gonococcus, B. Coli Communis, B. Anthracis, B. Diphtheriæ, B. Lepre; B. Tetani, B. Tuberculosis, B. Typhosus, Vibrio Cholerae Asiaticæ, B. Pestis, Streptothrix Actinomyces group, B. Dysentericus, M. Melitensis, Diplococcus Intracellularis Meningitidis, B. Influenzæ, Spirillum Obermeieri, Spirochæte of Syphilis, Pathogenic moulds.

Parasitology.—The Morphology and Biology of the following —Hæmatozoon Malarie, Amœba coli, Amœba dysenterica, Trypanosomes, Distomum Hepaticum, Distomum Crassum, Ascaris lumbricoides, Oxyuris vermicularis, Trichina Spiralis, Ankylostomum duodenale, Filaria Sanguinis Hominis, Dracunculus Medicinensis, Tricocephalus Dispar, Tænia Solium, Tænia Mediocanellata, Tænia Echinococcus, Bothriocephalus latus, Bilharzia hæmatobia, Parasite of Kala-azar, Amphistomum Hominis, Acarus Scabiei, Pediculi

PRACTICAL COURSE.

Technique of collection and pathological examination of morbid material such as Blood, Gastric and Intestinal contents, Urine, Pus, Sputum, dates

A practical knowledge of the apparatus used for bacteriological viz, Hot air Steriliser, Steam Steriliser, and Incubator Preparation of culture media Culture and inoculation methods

Preparation, section-cutting, staining and mounting of pathological tissues, and their microscopical examination with a view to their recognition.

MEDICAL JURISPRUDENCE

LECTURES

Medical evidence with special reference to Indian Evidence Act. Medico-legal Reports Dying declaration

Signs of Death Post-mortem stains Rigor Mortis Cadaveric Spasm. Putrefaction in Air Putrefaction in Water Mummification Formation of Adipocere

Examination of the Dead Body Post-mortem Examination in Medico-legal cases

Age in its Medico-legal relations Development of the fœtus Changes after birth The teeth Ossification and the Union of Epiphyses

Identity of the living Identity of the dead Sexual characteristics of the skeleton

Modes of dying Causes of sudden death

Toxicology Diagnosis and general treatment of poisoning Evidence of poisoning in the dead Local effects produced by poisons, disease and post-mortem changes Preservation of viscera for analysis. The detection of poisons by chemical and physiological tests Toxicology of the following poisons —Mineral Acids, Corrosive alkalies, Carbolic Acid, Corrosive sublimate, Oxalic Acid, Salts of Copper, Lead, Antimony, Arsenic and Phosphorus Cyanogen compounds. Alcohol Chloroform, Chloral Hydrate Kerosene oil. Carbon Dioxide, Carbon Monoxide Sulphuretted Hydrogen. Opium Strychnine Aconite. Datura, Belladonna, Cannabis Sativa Cocaine Oleander. Calotropis gigantea Plumbago Zeylanica Snake venom Ptomaines.

Death caused by burns or scalds. Mechanical injuries and wounds Chemical, Microscopical and Spectroscopical Examination of blood stains and other stains.

Modes of death resulting from Asphyxia Hanging Strangulation.
Suffocation Drowning Resuscitation from drowning

Death from lightning, from the electric current Heat-stroke Death from cold

Causation, symptoms and post-mortem appearances of Starvation

Medico legal questions relating to pregnancy, delivery and abortion, infanticide, criminal offences, legitimacy

Forms of Insanity Delusions, illusions, hallucinations Criminal responsibility Modes of placing lunatics under restraint Medical certificates Lunacy certificates Examination of Lunatics Testamentary capacity Feigned insanity Placing habitual drunkards and cocaine eaters under restraint

HYGIENE

LECTURES

Air, in relation to Health and Disease —The causes and sources of the impurities found in air The diseases conveyed through the air The quantity of air necessary for health The principles of Ventilation

Water, in relation to Health and Disease —The character and classification of drinking-water The causes and sources of the impurities found in water The methods of Purification The diseases conveyed by water and the methods of dealing with epidemics of such diseases Water-supply Methods of purification and filtration Character of good drinking-water

Food, in relation to Health and Disease —Dietetics The common adulterations of the chief articles of Diet Diseases connected with deficiency or impurity of food-supply

Soil, in relation to Health and Disease —The Causes and Sources of the Impurities in the Soil and the Methods of dealing with them Diseases connected with the Soil The Method of dealing with Excreta and Sewage

The Dwelling, in relation to Health and Disease —The construction of the Dwelling House, with reference to (a) the proper access of sunlight and air, (b) Methods of natural and artificial ventilation, warming and water-supply, and (c) the disposal of refuse and excremental matters The situation and soil of the Dwelling House

Personal Hygiene with special reference to clothing in the Tropics

The General Principles and Methods of Preventive Inoculation and Disinfection

The Aetiology and Prevention of Epidemic and Endemic Diseases

Disposal of the Dead in Hot Climates

The Climate in the Tropics

The powers and legal obligations of Medical Practitioners under the Municipal Act, the correct certification of the cause of death

OPHTHALMIC SURGERY

Examination of the Eye —(a) Objective (b) Functional.

Diseases of the Conjunctiva, Cornea, Sclerotic, Iris, Ciliary Body, Choroid, Lens, Vitreous, Retina, Optic Nerve, Lids, Lachrymal Organs and Orbit Congenital Defects Amblyopia and functional disorders of sight. Glaucoma.

Disturbances of mobility of the Eye. Optical properties of the normal Eye and the theory of Spectacles Anomalies of Refraction and Accommodation Operations and their technique. Practical instruction in Ophthalmology and Refraction.

EXAMINATION FOR THE LICENSE.**Syllabuses of the subjects for Study.****CHEMISTRY****LECTURES**

CHEMICAL and physical changes Indestructibility of matter Elements and compounds Mechanical mixtures Chemical symbols and formulæ Laws of chemical combination Atomic theory Simple methods of preparation and principal properties of the following —

Oxygen, Hydrogen, Nitrogen, Carbon, Chlorine, Bromine, Iodine, Fluorine, Sulphur, Phosphorus, Ammonia, Nitrous oxide, Nitric oxide, Nitric peroxide, Nitric acid, Carbon monoxide, Carbon dioxide, Hydrochloric acid, Hydrobromic acid, Hydriodic acid, Hydrofluoric acid, Sulphur dioxide, Sulphuric acid, Sulphuretted hydrogen, Oxides and Sulphides of Arsenic, Boric acid, Hydrocyanic acid

A study of the following —Water, Air, Marsh gas Bases, Acids and Salts.

General properties of the following metals and the preparation and properties of their undermentioned compounds —

Potassium —Its Hydroxide, Carbonate, Nitrate, Chlorate, Iodide, Permanganate and Cyanide

Sodium —Its Hydroxide, Carbonate, Bicarbonate, Chloride

Calcium —Its Oxide, Hydroxide, Carbonate and Chloride

Magnesium —Its Oxide, Chloride and Sulphate

Zinc.—Its Oxide, Chloride and Sulphate

Mercury —Its Oxides and Chlorides

Lead —Its Oxides, Nitrate

Iron.—Its Oxides, Chlorides and Sulphates

Preparation and properties of the following organic compounds —Alcohol, Ether, Chloroform, Chloral Hydrate, Acetic acid, Oxalic acid, Carboic acid

A study of the following —Starch, Dextrin, Cane sugar, Grape sugar, Fermentation, Soaps and Saponification

Simple qualitative examination of urine and urinary calculus

N.B —The whole subject of Chemistry will be treated in an elementary way

PHYSICS.**LECTURES**

(a) *States of matter* —General properties of solids, liquids and gases

(b) *Hydrostatics* —Floating bodies, Specific gravity, Hydrometers, Osmosis

(c) *Pneumatics* —Atmospheric pressure, Barometers, Boyle's Law, Air pumps, Syphon

(d) *Heat*.—Sources and effects of heat Temperature Measurement of temperature Thermometers, maximum and minimum thermometers, the clinical thermometer Radiation, conduction, convection Latent heat

(e) *Light*.—Sources of light Reflection, refraction and dispersion of light Plane and concave mirrors Simple lenses and prisms The solar spectrum. The eye as an optical instrument Long and short sight The microscope

(f) *Sound* —Production and propagation of sound Reflection of sound Velocity of sound Musical sounds Intensity. Pitch and quality Tuning forks.

(g) *Electricity and Magnetism* —Elementary properties of magnets. Electrification by friction and induction. The electrophorus Gold leaf electroscope. The Leyden jar. Electric conductors •*Dynamic Electricity*—

Voltaic cell Electro-magnet Simple galvanometer Induced currents.
Medical batteries

A B —The subject of Physics will be treated in an elementary way

PRACTICAL COURSE IN CHEMISTRY AND PHYSICS.

Use of simple instruments such as —Syphon, thermometer, barometer, microscope, induction coil, magnets, batteries, burettes, pipettes. Chemical Analysis of urine, tests for sugar, albumen and bile

MATERIA MEDICA AND PHARMACY

LECTURES

1 (a) Definition of the various technical terms used in describing the action and preparation of medical agents and drugs

(b) The uses and methods of preparation of the more commonly used official pharmaceutical preparations

(c) Knowledge of apothecary's scales and weights, also the various measures, signs and symbols

2 The sources, preparations, composition, doses, physiological action, therapeutic uses, and incompatibilities (physical, chemical and physiological) of the more commonly used drugs and their preparations, according to the British Pharmacopœia, and the Indian and Colonial addenda

PRACTICAL COURSE

1 Purification of crude drugs and their more important preparations.

2 Drawing and writing of prescriptions in English, labelling and marking of bottles and writing of directions, etc

3 Practical pharmacy and exercises in dispensing

PHYSIOLOGY

LECTURES.

I —*Histology* —The Animal Cell, Epithelial Tissues, Connective Tissue (Dentine and development of Bone excluded), Muscular tissue, Nervous tissue

II —*Contractile Tissues* —Simple contraction—Tetanus, Fatigue, Principal changes associated with contraction Differences in function between Voluntary and Involuntary muscles Rigor mortis

III —*Dietetics and Digestive System* —Food-stuffs—classification of—principles of Dietetics Structure of the Oesophagus, Stomach, Small and Large Intestines, Salivary glands, Pancreas and Liver Composition of Saliva and its functions Composition and functions of Gastric juice, Pancreatic juice, Bile and Succus entericus Functions of the Large Intestines Absorption of food-stuffs Functions of Liver Mechanism of Deglutition Peristalsis, Defæcation

IV —*Respiratory System* —Structure of Trachea, Bronchi and Lungs Mechanism of respiration Exchange of gases during respiration, Tidal air, Complemental air, Supplemental air, Residual air. Vital capacity Apnoea Asphyxia and its stages Effects of Respiration on Circulation.

V —*Circulatory System.*—

(a) *Blood* —Composition of—, Red and white corpuscles, varieties of White cells—their functions. Coagulation of blood.

(b) *Heart.*—Structure Innervation. Cardiac cycle Heart sounds —their character and causation. Heart block.

(c) *Blood Vessels* —Histology of Arteries, Veins, and Capillaries. Mechanism of blood flow. Pulse—its normal characters. Interpretation of pulse tracing. Blood pressure. Vascular tone

VI —*Lymphatic System.*—Structure of Lymphatic Glands and Vessels. Composition of Lymph. Mechanism of Lymph flow.

VII.—*Urinary System*—Structure and functions of Kidney. Urine—Physical characters and chemical composition. Common abnormal ingredients and their detection Mechanism of Micturition.

VIII.—*Cutaneous System*.—Structure of Skin. Function of Skin. Sweat glands—their structure Composition of Sweat

IX.—*Animal Heat*—Its regulation in warm-blooded animals

X.—*The Ductless Glands*—Structure and functions of Thyroid, Spleen, Supra-renal and Pituitary bodies

XI.—*Nerves and Central System*—

(a) Classification of Nerves

(b) The Central Nervous system

(i) *Brain*—Structure and functions of Cerebral Cortex—Rolandic area. The Cortical centres

(ii) *The Cerebellum*—Functions of Cerebellum

(iii) *The Medulla*—Vasomotor, Respiratory and Cardiac centres

(iv) *The Spinal Cord*—Structure of the Spinal cord Tracts of ascending and descending degeneration Functions of the Spinal cord Spinal Nerve roots

(c) Vasomotor Nerves

XII.—*Special Senses*—

(a) *The Vision*—Formation of retinal image Mechanism of accommodation Iris—Structure and function Common defects of Refraction

(b) *Hearing*—Anatomy and structure of middle ear Conduction of sound waves Mechanism of hearing

(c) *Taste and Smell*—Varieties of Papillæ of the Tongue and their structure Nerves of Taste Olfactory nerves

(d) *Cutaneous and Motor Sense*—Varieties of the End organs Varieties of cutaneous sense Muscle sense

XIII.—*Reproductive System*—The male reproductive organs The female reproductive organs Fertilization of the ovum. The Mammary glands

PRACTICAL COURSE

(a) Identification of histological specimens of Epithelium, Connective tissues, Muscular tissue Medullated Nerves Specimens of Spleen, Kidney, Liver, Thyroid, Human blood, Frog's blood, Lung, Stomach

(b) Staining and mounting of sections of tissues mentioned above

(c) Preparation and staining of Blood films Recognition of Leucocytes

(d) Use of the Hæmoglobinometer and Sphygmograph and Sphygmomanometer

(e) Estimation of Glucose Tests for Glucose, Albumen, Bile

GENERAL PATHOLOGY

LECTURES

I.—A knowledge of—

(a) Processes of inflammation and repair

(b) Process of fever

(c) Processes of infection and immunity (elementary).

(d) Disorders of blood and circulation

(e) Disorders of nutrition and auto-intoxication

(f) Degenerations and retrogressive changes

(g) The progressive tissue changes including Neoplasms

II.—Elementary Bacteriology and Parasitology —

To embrace the study and morphology of the following —

Pyogenic Cocci. *Bacillus Coli-communis* *Bacillus Pestis*. *Bacillus Tetani* *Bacillus Tuberculosis*. *Vibrio Cholerae*. *Hæmatozoon malarie* *Amœba coli*. Parasite of Kala-azar *Ascaris*

lumbricoides. Oxyuris vermicularis Ankylostomum duodenale Filaria Sanguinis Hominis. Tænia Solium Acarus scabiei Pediculi

III—*Morbid Anatomy and Histology*—The more important structural changes produced in organs and tissues by the more common diseases.

PRACTICAL COURSE

- (a) Identification of pathological specimens from microscopical sections of the commoner affected organs and tissues
- (b) Preparation of blood films
- (c) Recognition of malarial parasites
- (d) Preparation and staining of sputum for tubercle bacillus.
- (e) Technique of collection and pathological examination of urine and pus

MEDICAL JURISPRUDENCE

LECTURES

- I—Unnatural and sudden deaths—Giving of medical evidence—medico-legal reports and certificates
- II—Death—Chief forms of unnatural deaths, accident, suicide, homicide, poisoning Signs of death Post-mortem lividity—Rigor mortis—Putrefaction—Mummification Time elapsed since death—Post-mortem examination in medico-legal cases
- III—Age of the living and dead—Age in its medico-legal aspect—Teeth, ossification—union of important epiphyses—Sexual characteristics of the skeleton
- IV—Wounds and mechanical injuries—Definition and varieties—distinction between ante-and post-mortem, suicidal and homicidal wounds Results following wounds Causes of death from wounds Injuries of special regions Examination of weapons and identification of materials adherent to weapons
- V—Deaths from Asphyxia—Hanging, strangulation, suffocation and drowning
- VI—Deaths from—Burns, scalds, heat, cold, electric discharge, and starvation
- VII—Signs of Virginity, Rape and Sodomy
- VIII—Signs of Pregnancy—Quickening—Period of human gestation—Prolonged gestation—Superfoetation—Viable age—Signs of delivery—recent and remote
- IX—Criminal abortion and infanticide Signs of live birth—Signs of death from violence, and criminal neglect or omission
- X—Poisons—Actions of Diagnosis and treatment of cases of common poisoning Post-mortem appearances in cases of poisoning Preservation and transmission of viscera for analysis from suspected poisoning cases
- XI—Toxicology Mineral acids Alkaline corrosives Corrosive sublimate Carbolic acid Oxalic acid Phosphorus Arsenic and its compounds Lead Alcohol Chloral Hydrate Carbon Monoxide Carbon Dioxide Kerosene Oil Opium Cannabis Indica Datura Belladonna. Cocaine Strychnine and Nux Vomica Aconite Oleander. Snake poison

HYGIENE AND VACCINATION.

LECTURES

J. G. DUNLOP, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Southern section of the Eastern Bengal State Railway, in the district of the 24-Parganas, will be put up for sale at Baupur Railway station on 4th May 1915, corresponding with the 21st day of Baisakh, 1322 B S, Tuesday, about 3-30 P M

The purchaser of the several plots of land will be subject to the following conditions —

1st —The purchaser will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or plough the land nearer than three feet from the same.

2nd —If the amount of purchase-money does not exceed Rs 100, the whole amount must be paid down at once

3rd —If the amount of purchase-money exceed Rs 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

4th —The plots of land will be sold revenue-free to the highest bidders

5th —The sale will become final on receipt, by the Collector, of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands.

1 Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

- (i) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait
- (ii) The Middle Andaman excepting that portion to the west of Yolpg and south of the main line cleared from the junction of the Chara lung-ta and Bom lung-ta streams westwards to Mount Oldham and on to the sea

2 Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Port Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands

3 Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter, but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited

4 The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works, and in any sub-periodic block on the expiry of the period allowed for the working thereof to issue licenses or otherwise provide for the felling, extraction and disposal of such timber as the licenses have omitted or are not bound to extract

5 The padauk trees to be felled will be marked previously by the Forest Department, and no other marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound

6 The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed —

- (i) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs

- (ii) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second class logs,
4,000 tons of third class logs

The outturn for the last six years of the license will be determined by working plans to be drawn up hereafter

7 In addition the licensees will be permitted to cut, subject to previous marking should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows —

Gurjan over 8 ft in girth, *dudu* and *pyinma* over 7½ ft in girth, and *loko*, black *chuglam*, white *chuglam*, white *bambire*, red *bambire*, and *taungpein* over 6 ft in girth

8 The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be held to be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill

9 For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled, but thereafter minimum annual royalties will be payable as follows —

- (i) for the North Andaman, Rs 1,00,000 per annum,
- (ii) for the Middle Andaman, Rs 1,00,000 per annum,
- (iii) in case of a combined license for both islands, Rs 2,00,000 per annum

10 Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them

11 Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands

12 The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employes and the convict population in the Andamans

20. Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid

The 11th December 1914

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta

Lost

LEGISLATIVE DEPT. ;
BOOK DEPÔT BRANCH,
The 17th December, 1914.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

(CALCUTTA, MADRAS BOMBAY AND ALLAHABAD)

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

SULPHATE OF QUININE, SULPHATE OF CINCHONIDINE, CINCHONA FEBRIFUGE, RESIDUAL ALKALOID

AND

Quinoidine

Manufactured at the Bengal Government

Cinchona Plantation

THESE articles are guaranteed to be free from wilful admixture with other Cinchona alkaloids. Quinine can be purchased by Government officers, District and Local Boards. It can also be purchased by Missionaries for bona fide public purposes. Otherwise it is not sold to private persons or firms. Cinchonidine is for sale to Government officers and to dealers. Cinchona Febrifuge can be purchased both in powder and 8½ grain tablet forms by Government officers and the general public. It is also sold by the Principal Druggists in Calcutta. Quinoidine or Pure Amorphous Alkaloid and Residual Alkaloid or Amorphous Cinchona Alkaloid which contains about 40 per cent of Pure Amorphous Alkaloid are for sale to Missionaries and Government institutions only. These drugs are sold strictly cash and in advance, but private purchasers may use the V-P post system, and these are obtainable from the Superintendent, Juvenile Jail, Alipore.

The rates for these drugs from 1st April 1914 are as follows—

Sulphate of Quinine

	Rs
For quantities of not less than 6 lbs in one delivery, 18 per lb	
For any quantity less than 6 lbs in one delivery, 15 " "	

Sulphate of Cinchonidine

	Rs
For quantities of not less than 6 lbs in one delivery, 12 per lb	
For any quantity less than 6 lbs in one delivery, 14 " "	

Cinchona Febrifuge

	Rs
For quantities of not less than 6 lbs in one delivery, 6 per lb	
For any quantity less than 6 lbs in one delivery, 6 " "	
Residual Alkaloid or Amorphous Cinchona Alkaloid and Quinoidine or Pure Amorphous Alkaloid, for any quantity, Rs 4 per lb	

Quinine is available in 1-oz, 4-lb, 1-lb and 4-lb tins. Cinchonidine is available in 4-lb, 1-lb and 1-lb tins. Cinchona Febrifuge is available in 4-lb, 1-lb and 1-lb tins. Residual Alkaloid is available in 10-lb, 5-lb and 1-lb tins. Quinoidine is available in 10-lb and 1-lb tins.

Transit charges are in addition to the above prices in every case.

Drugs are sold strictly cash and in advance. Price of postage must accompany the price of the drug (when the drug is required by post). No charges are made when drugs are sent by rail. The name of the railway station, steamer, or post office must be written distinctly when the parcels are required by rail, steamer or by post. A scale of postage is given below—
[For 4 and 4-lb 4 annas, 1 lb 6 annas, 2 lbs 10 annas, 5 lbs 2 annas, 4 lbs Re 1, 5 lbs Re 1 4, and for 6 lbs. Re. 1-6]

The Calcutta Gazette

WEDNESDAY, MARCH 17, 1915.

APPENDIX.

NOTICES TO MARINERS.

THE following Notices are published for general information.

F. A. A. COWLEY,
Offg. Secy to the Govt. of Bengal.

CALCUTTA, the 8th March 1915.

JAPAN—SAKISIMA ISLANDS

Mitsun island (Minna jima)—Amendments to charts re: shoals and reefs in vicinity of.

No. 58 (first publication)—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 56 of 1915), are republished:—

1. Shoal to be inserted

Position.—At a distance of about 5 miles, north-eastward, of Mitsun island.

Lat $24^{\circ} 47' 15''$ N, long $124^{\circ} 46' 00''$ E, on the inset on chart No. 2105.

Depth.—14 fathoms, coral bottom.

Remarks.—This shoal is known as Yabi se

2. Reefs to be erased:

(a) *Position on charts.*—At a distance of about 3 miles, north-eastward, of Mitsun island

Description.—A breaking reef

(b) *Position on charts.*—At a distance of about 4 miles, north-westward, of Mitsun island.

Description.—A reef reported in 1897 and marked "P.D." on charts.

Charts affected.—No. 2105, Sakisima islands (Inset).

„ 2412, Amoy to Nagasaki.

„ 1262, Hongkong to gulf of Liau-tung

Publication.—Japan Pilot, 1914, page 45.

Authority.—Tokyo Notice No. 372 of 1914. (H. 6144/14.)

NEW ZEALAND, SOUTH ISLAND.

French pass Lighthouse—Tidal Signals.

No. 59 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 57 of 1915), are republished:—

Position.—French pass Lighthouse, lat $40^{\circ} 55\frac{1}{2}'$ S, long. $173^{\circ} 50\frac{1}{2}'$ E.

Details.—The following tidal signals are shown from the yardarm of the flagstaff at French pass Lighthouse situated on Channel point:—

(a) Ebb or north going stream running.—One ball under yardarm

(b) Flood or south going stream running.—Two balls shown vertically under yardarm, 3 feet apart.

Remarks.—A note to the above effect is to be inserted under the title of the plan on chart No 1096.

Charts affected.—No. 1096, Plan of French pass.

„ 2681, Cook strait anchorages, sheet I

„ 2685 Cook strait anchorages, sheet II.

Publications.—List of Lights, Part VI, 1915, No 2995. (Remarks.) New Zealand Pilot, 1908, page 185.

Authority.—Wellington Notice, No 100 of 1911 (*H. 6086/14*)

AFRICA, EAST COAST—ITALIAN SOMALI LAND

Brawa anchorage—Non-existence of rock.

No. 60 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No 60 of 1915), are republished:—

Position on charts.—Eastward of the recommended anchorage during a south-west monsoon, and at a distance of $5\frac{1}{2}$ cables, 15° (*N. 47° E. Mag*), from Kila islets Lighthouse.

Lat $1^{\circ} 06\frac{1}{2}'$ N., long. $44^{\circ} 03'$ E

Description.—A rock with a depth of less than 6 feet, and marked “P.D.” on charts.

Variation.— 2° W

Chart affected.—No 671, Plan of Brawa anchorage

Authority.—Italian Government chart (*H. 250/15*) •

JAPAN—SHIMONOSEKI STRAIT.

Ganryu jima—Light established.

No 61 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 64 of 1915), are republished:—

Position.—On the south-eastern end of Ganryu jima, and at a distance of 20 yards, 195° (*S. 20° W. Mag*), from 41 foot ▲

Lat $33^{\circ} 56'$ N, long. $130^{\circ} 55\frac{1}{2}'$ E.

Abridged description.—Lt Occ. Red, ev. 6 sec., 27 ft., vis. 8 m. (U.)

Details.—

Character.—An occulting red light every six seconds, thus:—

Light.	eclipse.
3 secs.	3 secs.

⌈ *Elevation.*—27 feet

⌈ *Visibility.*—8 miles, from 205° (*S. 30° W. Mag*), through west to 20° (*N. 25° E. Mag*).

Power.—Under 100 candles.

Structure.—Circular stone tower, painted in red and white horizontal bands, 25 feet in height to centre of lantern.

Remarks.—The light is unwatched.

Variation.—5° W.

Charts affected.—No. 3114, Moji and Shimonoseki ko.

„ 1578, Shimonoseki kaikyo.

„ 532, Approach to Shimonoseki kaikyo.

„ 127, Hirado kaikyo to Shimonoseki kaikyo.

„ 2875, Naikai (seto uchi).

Publications.—List of Lights, Part VI, 1915, No. 1925.

Japan Pilot, 1914, page 566.

Authority.—Tokyo Department of Communications Notice, No. 810 of 1914 (H 138/15).

CHINA SEA—TSINGTAU.

Uncharted rock off Princess rock, approaches to Kiaochow bay, marked by a red buoy.

No. 62 (first publication)—The Coast Inspector, Shanghai, has given Notice (No. 583 of 1915) that Japanese Notice to Mariners No. 129, of 1914, announces the existence of a rock, with 30 feet of water over it at low water, lying N. 83° E, magnetic, distant 1.9 miles from Princess Rock.

The rock is marked by a temporary Buoy, painted red.

CHINA SEA.

Canton harbour—Sand patch in Back Reach.

No. 63 (first publication)—The Coast Inspector, Shanghai, has given Notice (No. 584 of 1915) that a small sand patch, about 70 feet in diameter, has been located in the Back Reach in the vicinity of the Bird's Nest Rock. The patch, consisting of hard sand, has a depth of 13 feet at low water of spring tides, and from its centre the centre of Bird's Nest Rock bears N 25° E., magnetic, distant 1.1 cables.

There is a channel on either side carrying approximately the same water as shown on British Admiralty Chart No. 3620.

The accompanying plan shows the position of the patch.

BAY OF BENGAL

Colombo—Examination Anchorage.

No. 64 (first publication).—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No. 33M of 1915), are republished:—

Colombo.—Examination Anchorage.

Detail.—Mariners are warned that in making the Ports, they are to pass close to the examination Service buoy, and leave it on their starboard hand

This Buoy shows a red occulting Light

Authority.—Naval Intelligence Officer, Colombo, 29th January 1915

The 2nd March 1915.

AUSTRALIA, NORTH COAST—PORT DARWIN

Emery Point light—Intended alteration

No. 56 (second publication)—The following particulars, etc., relative to the above, issued by the Comptroller-General of Customs, Melbourne, in Notice to Mariners (No. 1 of 1915), are republished:—

Former Notice—No. 2 of 1912 (*This Office No. 390 of 1914*)

Subject.—On or about the 1st May 1915, the light on Emery Point, Port Darwin, will be altered experimentally

Position—Lat 12° 27' S; long 130° 49' E

Structure—Steel Skeleton Tower, 31 feet high, painted white

Character and Colour.—Single flashing *White*, with *Red* Sector.

Period—*Three seconds*, thus: flash 0·3 second, eclipse 2·7 seconds.

Sectors—Further notice will be given as to bearings.

Elevation—60 feet.

Visibility—*White*, 13 miles, *Red*, 6 miles.

Publications affected—*Admiralty List of Lights and Time Signals*, Part VI, *Australia Directory*, Vol. III

Charts affected.—Admiralty Charts Nos. 613 and 925.

AUSTRALIA, NORTH COAST—PORT DARWIN

Fort Point—New light.

No. 57 (second publication).—The following particulars, etc., relative to the above, issued by the Comptroller-General of Customs, Melbourne, in Notice to Mariners (No. 2 of 1915), are republished:—

Former Notice—No. 3 of 1913 (*This Office No. 391 of 1914.*)

Subject—A light will be exhibited experimentally on Fort Point, Port Darwin, on or about the 1st May 1915

Position—Lat 12° 28' S.; long 130° 51' E.

Structure—Iron Post, nine feet high, painted white

Character and Colour—Double flashing *White*, with *Red* Sector

Period—*Six seconds*, thus: flash 0·3 second, eclipse 0·0 second, flash 0·3 second, eclipse 4·5 seconds.

Sectors—Further notice will be given as to bearings

Elevation—Twenty feet

Visibility—*White*, ten miles; *Red*, five miles.

Publications affected—*Admiralty List of Lights and Time Signals*, Part VI; *Australia Directory*, Vol. III.

Charts affected.—Admiralty Charts Nos. 613 and 925.

The 22nd February 1915.

CHINA SEA.

Carimata strait—Wreck to be removed from chart.

No. 54 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 31 of 1915), are republished.—

Position.—Lat. $2^{\circ} 34' S$, long. $109^{\circ} 09' E$.

Description.—Wreck reported in 1901 and marked "P.D." on charts.

Remarks.—This wreck is no longer considered a danger to navigation and is to be expunged from the charts.

Charts affected—No. 3757, Tanjong Sambar to Tanjong Beras Basah.

„ 2160, Carimata strait.

„ 941a, Eastern archipelago, sheet 1.

Authority.—Hydrographic Department. (*H* 38/15.)

PERSIAN GULF.

Kishm Island—Light Buoy extinguished.

No. 55 (third publication).—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No. 27M. of 1915), are republished.—

Subject.—The Commander of "Vita" reports that the Lighted Gas Buoy off East end Kishm Island was not burning

Charts affected—No. 2837a, Persian Gulf, Eastern Sheet.

„ 753, Entrance to the Persian Gulf.

Authority.—Director of the Royal Indian Marine, Bombay

G N FORTEATH, COMDR, R I M.,

Deputy Port Officer of Calcutta.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF DISTRICT BOARDS IN BENGAL DURING 1913-14.

GENERAL DEPARTMENT.

LOCAL SELF-GOVERNMENT.

CALCUTTA, THE 11TH MARCH 1915

RESOLUTION—No. 708 L.S.-G

READ—

The Reports from the Commissioners of Divisions on the Working of District Boards in Bengal during the year 1913-14

The principal event of the year 1913-14 was the surrender of the public works cess to District Boards, whose incomes were thereby increased by more than 29 lakhs of rupees. The equilibrium grants were at the same time withdrawn and certain other grants curtailed; but the total reduction

on this account, amounting to about 6 lakhs of rupees, was more than counterbalanced by the increase in the grant for education. District Boards are therefore, in enjoyment of the full amount of the public works cess. No conditions were attached to this concession; but, as the assignments could not be made till August, District Boards were unable to make full use of their enhanced resources during the year under review. Their expenditure it is true, increased by over 20 lakhs, but their income from all sources rose by 35½ lakhs, hence their closing balances, already unduly heavy, became heavier still. The Governor in Council desires once more to impress upon all District and Local Boards the importance of working up to their full incomes, and trusts that they will lose no time in drawing up and carrying through practical schemes for the utilisation of their surplus balances and for the expenditure in full of the additional resources now placed at their disposal.

2 *District Boards*.—The number of meetings held during the year by the 25 District Boards in the Province was 378 as compared with 387 in the previous year. Only six of these proved abortive for want of a quorum and all District Boards met at least once a month. The number of members remained unchanged, but the number of elected members increased by two, the number of nominated members being correspondingly diminished.

3 *Local Boards*.—There was no change in the number of Local Boards. The total number of meetings held was 956, of which 58 failed for want of a quorum. Only 16 Local Boards failed to meet once a month. These figures compare most favourably with those of 1912-13, and show that the improvement noticed in the Resolution on that year's reports has been fully maintained. The Governor in Council observes with satisfaction this steady and continued growth of interest in local affairs.

4 *Elections*.—General elections were held in Midnapore, Hooghly, Howrah and Dacca, and bye-elections in the 24 Parganas, Dacca, Mymensingh, Bakarganj and Rajshahi. Several elections failed owing to an insufficient attendance of voters, and the vacant seats were filled by nomination. In the Dacca district the failure is ascribed mainly to the careful revision of the electoral rolls which had the effect of raising considerably the number of voters required for a valid election. From enquiries made by Government during the year it has been ascertained that the voters' lists are incomplete in many districts and that the existing rules are hardly suited to present conditions. The whole system of Local Board elections is, therefore, now being examined by Government with a view to a revision of the rules on such lines as will afford adequate facilities for exercising the suffrage.

5 *Powers of District and Local Boards*.—The Bengal Laws Act, I of 1914, came into force with effect from the 14th January 1914. This Act extended the provisions of the Bengal Local Self-Government (Amendment) Act, V of 1908, to the Rajshahi, Dacca and Chittagong Divisions, formerly in Eastern Bengal and Assam. It also empowered all District Boards throughout the Province to establish scholarships for the furtherance of technical or any other special form of education in institutions within the district and, with the sanction of Government, in institutions outside the district. As a result of an application made by the Howrah District Board for permission to contribute towards the relief of sufferers on account of the floods at Burdwan, the provisions of section 99 of Act III of 1885, as amended by Act V of 1908, were extended first to the District Boards in the Burdwan and Presidency Divisions and, after the passing of the Bengal Laws Act, to the District Boards in the Rajshahi, Dacca and Chittagong Divisions. All District Boards in the Province, therefore, are now authorised to incur expenditure for the relief of suffering in times of famine and serious distress. Some Local Boards in the Presidency and Dacca Divisions received increased administrative powers in the management of pounds and ferries, the control of primary education, the maintenance of roads and the improvement of village sanitation.

6. *Union Committees.*—The year was marked by a still further development of Union Committees. Not only was their number increased, but their resources were augmented and the sphere of their usefulness extended, greater interest was in consequence devoted by the members to their work. The number of Union Committees increased by five owing to the establishment of two new committees at Rajbari and Pangsia in Faridpur, and to the subdivision of three committees in Burdwan, the 24-Parganas and Jessore into two each. The average area has now fallen to $9\frac{1}{2}$ square miles and the average population to less than 9,500. The number of members averaged approximately eight and the number of meetings held during the year, seven. No Union Committees have yet been established in the Rajshahi Division, but informal committees under the supervision of the Local Boards were experimentally formed in Rangpur. This experiment proved most successful, and proposals have now been submitted for the formation of Union Committees in Rangpur and Bogra.

The powers of Union Committees in the Dacca, Chittagong and Rajshahi Divisions were enhanced by the extension of the Bengal Local Self-Government Amendment Act, 1908, to Eastern Bengal. The management and control of pounds within their jurisdiction was made over to all Union Committees throughout the Presidency.

The total income of the Union Committees, exclusive of the opening balances, showed an increase of Rs. 27,153, and the expenditure rose by Rs. 26,686. The total closing balance was Rs. 20,351. There was a substantial increase under all heads of receipts. District Boards, as usual, contributed the largest share, but the most gratifying feature of the year's administration was the increase of Rs. 10,921 in the income from local taxation, which was practically quadrupled. This excellent result is due mainly to the efforts of the three committees in the Birbhum district, which between them raised more than half the total income of the Presidency under this head. The Union Committee of Dubrajpur deserves special congratulation, for out of a total net income of Rs. 2,898, only Rs. 100 was contributed by the District Board, and the balance was raised by the committee itself. The District Board of Hooghly increased its grants to all Union Committees and decided to give to each Union Committee that raises local taxation a grant equal to twice the sum so raised *minus* the present sanitation grant. The result has been a quickening of interest throughout the district. In Howrah, the District Board undertook to give Union Committees special additional grants equivalent to the amounts raised by taxation under section 118C of the Act. This effort has not met with much success, for but little has yet been assessed and of that little an appreciable amount has been left uncollected and allowed to become irrecoverable.

The Contai Union Committee incurred an expenditure of Rs. 6,538 and five others spent more than Rs. 2,000. Five committees are shown as having incurred no expenditure, but this is due to the fact that the Muragacha and Poradah Unions in Nadia failed to submit their accounts to the District Board within the year. Of the Union Committees in the Burdwan Division, those in Birbhum are all well managed, others are not so efficient, but most of them are reported to take an interest in matters of sanitation, water-supply and conservancy. The Chairman of the Hooghly District Board, however, reports that there is a regrettable tendency among Union Committees in his district to expend money on the villages to which the members belong and to neglect those that are unrepresented on the committee. The working of the Union Committees in the Presidency Division showed some improvement. The main work entrusted to these committees was the repair of district roads, but the newly constituted Union at Madrail-Narayanpur in the 24-Parganas is reported to have rendered valuable services during a cholera epidemic, and the Aurangabad and Patkabari Unions in Murshidabad carried out some minor drainage works. In the district of Khulna, in addition to the ordinary grant of Rs. 200, a special grant of Rs. 300 was given to each Union Committee for

the improvement of drains and other sanitary works. The Magistrate-Chairman of the District Board inspected five other Union Committees and was greatly pleased with their work. There are only eleven Union Committees in the Dacca and Chittagong Divisions, they are reported to have utilised to advantage the funds at their disposal. Two Unions, Akhaura and Fem in the Chittagong Division, provide conservancy arrangements.

7 *Financial results*—The year opened with a credit balance of Rs. 29,71,360 and the total receipts of the District Boards from all sources amounted to Rs. 1,07,30,777. The total expenditure during the year was Rs. 85,82,326. The closing balance reached the large figure of Rs. 51,19,811. The income and expenditure for the last two years under the main heads are shown below—

	INCOME				EXPENDITURE			
	1912-13		1913-14		1912-13		1913-14	
	Rs.	Percent- age of total income	Rs.	Percent- age of total income	Rs.	Percent- age of total ex- penditure	Rs.	Percent- age of total ex- penditure

Total	71,70,781		1,07,30,777		Total	60,46,036	85,82,326	

Details of receipts and expenditure under the more important heads are given in the following paragraphs—

8 *Provincial rates* (Rs. 58,44,685)—The income under this head was approximately doubled by the surrender of the public works cess to District Boards.

9 *Police—Pounds* (Rs. 3,77,772)—The receipts under this head showed an increase of Rs. 9,765. The number of pounds increased from 4,009 to 4,065 in spite of the fact that 15 pounds in the Jessore district were abolished for want of bidders. The increase in the receipts of the Boards in the Chittagong Division was substantial and is ascribed to better collection. The receipts in the Dacca and Rajshahi Divisions also showed an increase, but those in the Burdwan and Presidency Divisions fell off. The decrease in the former division was small but that in the latter amounted to nearly Rs. 5,000 and was shared by all the districts. The explanation given for the decrease in Nadia, viz., remission of arrears and poorer realisation of arrears than in the previous year, is far from satisfactory.

10 *Education* (Rs. 15,82,401)—The increase of Rs. 4,08,691 was entirely due to increased Government grants for the improvement of primary education.

11 *Medical* (Rs. 79,212)—Receipts from private contributions rose from Rs. 14,835 in 1912-13 to Rs. 41,538 in the year under review. The Dacca Division, which in the previous year had contributed only Rs. 700, now heads the list with Rs. 13,185. Burdwan follows with Rs. 13,231 and the Presidency Division, with Rs. 11,576. Donations in Rajshahi rose from Rs. 1,127 to Rs. 2,356. Chittagong was the only division which shows a falling-off. In the Howrah district the increase is in a great measure due to the contribution made by Babu Kedari Nath Banerji of Baltikri for the construction of a charitable dispensary in his native village. In the district of Burdwan the improvement was slight and it is reported that the response

made by the public to an appeal for subscriptions was disappointing, as few dispensary committees succeeded in realising anything at all.

The Governor in Council welcomes this accession of private liberality and gratefully acknowledges the good offices of all who have contributed towards it. In an unhealthy Province like Bengal, an awakening of the public mind to a true sense of the value of medical aid in the interior is fraught with potentialities for good. His Excellency in Council confidently hopes that the good example set this year will be widely followed in the future and that all who derive benefit from medical institutions will contribute according to their means towards their upkeep and improvement.

12. *Railways (Rs. 1,05,669).*—The three light railways guaranteed by District Boards all continued to be a source of profit. The Barasat-Basirhat line was extended to Belgachia, with the result that the District Board's share in the profits increased by more than Rs. 10,000.

13. *Ferries (Rs. 4,38,925).*—The income under this head increased by Rs. 19,790, towards which the districts of Mymensingh and Rangpur each contributed about Rs. 4,000. A decrease was recorded in only eight districts. The increase was due to keener competition amongst the bidders for leases, greater care in conducting settlements and better collections. The decrease was the result of the extension of railways and the replacement of some ferries by bridges.

14. *Grants from Provincial Revenues (Rs. 22,35,000)*—These grants are distributed under various heads and show a net increase of about Rs. 67,000 in spite of the withdrawal of the equilibrium grants concurrently with the surrender of the public works cess. Educational grants have increased by Rs. 4,20,000 after allowing for the Western Bengal share of the equilibrium grants (Rs. 2,34,000) which used to be shown under this head.

15. *Loans (Rs. 1,02,241)*—Two loans of Rs. 62,241 and Rs. 40,000 were received from Government by the District Boards of the 24-Parganas and Jessore, respectively. The former was taken for the completion of the Magrahat Drainage project and the latter for the construction of office buildings.

16. *Expenditure.—Administration (Rs. 2,31,458).*—All the divisions showed increased expenditure on account of administration, the total increase being Rs. 13,910. The increase of Rs. 9,439 in the cost of office establishment was mainly due to the payment of periodical increments of pay, of grain compensation allowances to menials and of travelling allowances of members. The Asansol Local Board establishment was increased as a result of the transfer of District Board roads in the Asansol subdivision to the charge of the Local Board. Under "contingencies", increased expenditure was incurred on the purchase of typewriters in the Chittagong Division, on general elections of Local Boards in Dacca and on advertisements for inviting applications for the posts of District Engineer and Assistant District Engineer in Rangpur. The percentage of expenditure for administration charges to the total ordinary income ranged from 1·6 in Chittagong to 3·6 in Faridpur.

17. *Education (Rs. 21,58,574).*—The charges on account of Education amounted on the average to over 27 per cent. of the District Board expenditure. The increase of Rs. 5,00,654 under this head was almost entirely due to increased expenditure under the sub-heads "maintenance and management of primary schools" and "grants-in-aid" and was met by allotments from the Imperial grants for the improvement of primary education. These allotments were spent mainly on the construction and equipment of primary schools and in giving enhanced stipends to the *gurus* of these schools. The number of village lower primary schools was 25,179, and the expenditure incurred on them formed more than 60 per cent. of the total amount spent on education. The maintenance and management of middle schools cost Rs. 78,425 as against Rs. 68,872 in 1912-13.

A satisfactory feature of the year is the progress made in female education and in the education of Muhammadans.

18. *Special schools and industrial development.*—There was no increase in the number of technical schools maintained by District Boards. The cost of the Midnapore Technical School has not been proportionate to its utility, and the Chairman of the Board has expressed doubts as to the advisability of maintaining it. The Bankura District Board constructed a suitable building for the branch weaving school in that district at a cost of Rs. 3,000, and the Rangpur District Board paid Rs. 4,000 towards the cost of maintenance of the Bayley-Gobindalal Technical School at Rangpur. Technical and special scholarships were awarded by several District Boards to students of the Civil Engineering College, Sibpur, the Weaving School at Serampur, the Veterinary College at Belgachia, the School of Art, Calcutta, the Deaf and Dumb Institution at Calcutta, the Campbell Medical School and a few other institutions. The District Boards of Jessore and Malda each gave a scholarship to female medical students.

The fly-shuttle pattern loom is gaining popularity among the weaving classes. It is now extensively used in the Birbhum district, and it is being gradually introduced in the Arambagh subdivision of Hooghly.

The Sericultural Nursery at Sabong in Midnapore gave a good account of itself during the year. It is reported that local producers of silk are beginning to realise the advantages of scientific rearing.

19. *Medical (Rs. 5,31,985).*—The total increase under this head amounted to Rs. 1,44,902, of which Rs. 59,139 was on account of sanitation and Rs. 85,763 for medical charges. All the divisions incurred increased expenditure under both heads. The largest increase in medical expenditure proper was Rs. 50,800 in the Dacca Division, where a contribution of Rs. 25,000 was made by the Mymensingh District Board towards the construction of the proposed new hospital at Mymensingh, and payments were made by the Bakarganj District Board for the improvement of the Perojpur Dispensary and for the settlement of outstanding claims in respect of the new Barisal hospital buildings. In the Presidency and Rajshahi Divisions also there was a noticeable increase in expenditure as the result of liberal grants to dispensaries for furniture and appliances, the establishment of three new dispensaries, and the taking over of the management of two aided dispensaries.

The total number of dispensaries maintained by District Boards increased from 144 to 165, while the number in receipt of aid decreased from 217 to 205. These figures include seven temporary dispensaries maintained during the fever season in Burdwan, but do not include ten temporary dispensaries opened by the Birbhum District Board for the treatment of cholera and fever. In some districts supernumerary doctors were appointed to deal with outbreaks of cholera and other epidemics. The experiment carried out in Mymensingh of subsidising a private practitioner to provide medical attendance to poor patients free and to others at a small charge according to an approved scale did not prove successful. Difficulty was found in discriminating between the two classes, and the doctor subsidised was unwilling to continue the arrangement on the terms offered by the Board.

The value of quinine sold through vendors decreased from Rs. 14,540 to Rs. 13,878 in the Burdwan Division and increased from Rs. 18,173 to Rs. 19,212 in the Presidency Division. No reason has been given for the decrease in the Burdwan Division, and the Commissioner is of opinion that more might be done by the District Boards to combat malaria. The increase in the Presidency Division indicates that the value of quinine is being appreciated in that division, but the falling off in Khulna is a matter for regret. No figures have been given for the other divisions as a whole. Mymensingh spent Rs. 818 on the free distribution of quinine in the Tangail subdivision and other malarious parts of the district, and Faridpur Rs. 1,000 in connection with a malaria epidemic. The District Board of Dacca distributed quinine for sale to collecting panchayats in malarious areas and spent Rs. 427 in order to give the first instalment free, arrangements being made for the recoupment of the stock from sale-proceeds. The Tippera District Board spent a larger amount than in the previous year on the distribution of quinine, and Pabna distributed quinine during a malaria epidemic.

The District Boards of Mymensingh, Bakarganj and Rangpur made contributions to the Pasteur Institute at Kasauli.

The Dacca District Board has decided to utilise its increased funds from the public works cess in establishing and maintaining ten new dispensaries in localities where medical aid is not easily procurable. This is an example that may well be followed by other District Boards. The Governor in Council would be glad to see greater provision made by District Boards for medical relief, more especially in connection with cholera and malaria.

20. *Sanitation (Rs 89,383)*—The expenditure on sanitation showed a marked increase of nearly 200 per cent, viz, from Rs 30,244 to Rs 89,383. An amount of Rs. 47,757 was spent in the Burdwan Division alone, and of this the Midnapore District Board was responsible for Rs. 28,681. Ten Boards spent over Rs 3,000 each, and no Board failed to incur any expenditure, though in some cases more might have been done. The usual sanitary arrangements were carried out at important fairs and *melas*, and a considerable amount of jungle-clearing, tank-excavation and clearance, and drainage work was accomplished. Silted up *khals* were cleared out and insanitary ditches filled in. The bulk of this work of village sanitation was performed by Local Boards and Union Committees. Little progress has been made in the provision of a sanitary inspecting staff. The only addition to the number of sanitary inspectors that has been mentioned in the Divisional Reports was in Khulna, where a new officer of this class was appointed. The appointment of sanitary inspectors forms an integral part of any sound scheme of sanitation, and the Governor in Council trusts that District Boards will realise their responsibilities in this matter. The large increase in expenditure is a very healthy sign of progress, but without some directing agency there is a danger that money will be uselessly frittered away. The value of jungle-cutting as a preventive of malaria has been seriously questioned by experts, and it is certain that no lasting results will be attained by such measures unless they are conducted on scientific principles. The supply of good water is the most pressing need at the present time and deserves the most careful attention of all local bodies.

21. *Veterinary charges (Rs. 40,487)*—The total expenditure under this head increased by Rs 1,417. The largest expenditure (Rs 3,860) was again incurred in Mymensingh. An additional veterinary assistant was appointed in Mymensingh to relieve the assistant in charge of the veterinary hospital at headquarters of his touring duties, and two assistants were appointed in Chittagong and Tippera for the subdivisions of Cox's Bazar and Brahmanberia. The employment of two more assistants in Bakarganj has been sanctioned by the District Board. In the district of Rajshahi excellent work was done by the itinerant veterinary assistants, whose tours were arranged on a systematic basis and whose services are becoming more and more highly appreciated by the people. In Khulna and the 24-Parganas also the veterinary assistants rendered useful service on the outbreak of rinderpest and other diseases among cattle.

Scholarships tenable at the Belgachia Veterinary College were awarded by several District Boards.

22. *Civil works (Rs. 46,65,641)*—There was a general increase in the expenditure on civil works, the total for the Province being Rs. 11,45,256. The explanation for the increase is the transfer of the public works cess to District Boards. The expenditure on "Communications—Original works" increased from Rs 8,25,838 to Rs 14,65,895, and on "Communications—Repairs" from Rs. 17,86,013 to Rs 19,97,571. The mileage of metalled, unmetalled and village roads at the close of the year was 1,845, 13,123 and 14,611, respectively.

The Dacca District Board made an attempt to demarcate old village tracks which are in danger of being entirely obliterated by encroachments. A sum of Rs. 3,625 was spent on this purpose.

The percentage of lapses to allotments greatly increased. For the whole province it amounted to 19.94, and in seven District Boards it exceeded 30.

This increase was mainly due to the difficulty experienced in spending at short notice the large sum available for the first time in 1913-14. The formal transfer of the public works cess could not be effected till August, and although District Boards were aware that their receipts would be largely increased there were practical difficulties in the way of spending the whole amounts after receipt of final orders. These difficulties are not likely to recur, and the Governor in Council trusts that every effort will be made to prevent such lapses in the future.

23. *Water-supply (Rs 3,71,188)*—The expenditure on water-supply increased by Rs. 1,76,345, the increase being made up of Rs. 1,28,310 on account of original works and Rs 48,035 on account of repairs. The entire amount was spent on the excavation, re-excavation and clearance of tanks, and the sinking of wells. Only three District Boards, Howrah, Noakhali and Pabna, failed to spend the standard minimum of Rs 5,000. Fair progress has been made in the preparation of water-supply registers and maps, and it is anticipated that this work will be practically completed within the current year. The registers prepared for Dacca were found to be very useful in the selection of villages where tanks and wells were required.

The increase in expenditure under this head is very satisfactory and the District Board of Bogra deserves special congratulations for the energy displayed. In Bakarganj the District Board has decided to spend in future at least Rs 40,000 a year on the improvement of rural water-supply out of its increased income from the public works cess. If this sum is profitably expended the benefit accruing to the public will be of inestimable value.

24. *Drainage (Rs 17,802)*—The total expenditure under this head decreased by Rs 1,121. As in the preceding year, the Tippera District Board was the only one that spent any considerable amount on drainage. Nothing was spent in the Burdwan Division, and the expenditure under this head throughout the Province was totally inadequate.

25. *Arboriculture (Rs. 33,003)*.—The expenditure on arboriculture rose from Rs. 24,282 to Rs. 33,003. All the District Boards incurred something under this head. The largest amounts were incurred in Midnapore (Rs 6,560) and Mymensingh (Rs 4,508). In the former district a new nursery was established and trees were planted to fill up gaps on 65 miles of road, while in the latter 674 trees were planted on the Mymensingh-Netrakona road and the existing trees were maintained.

26. *Railways*—The construction of the Ahmedpur-Katwa Railway has been undertaken by Messrs McLeod and Company without a guarantee from the District Boards of Burdwan and Birbhum. The detailed survey of the Belda-Contai Railway in Midnapore was completed. The Barasat-Basirhat Railway continued to be a source of profit to the District Board of the 24-Parganas, its share in the proceeds amounting to Rs. 27,932. The extension of this line up to the Belgachia tram terminus has been sanctioned. The construction of a light railway from Kalighat to Fatehpur is under the consideration of Government. The Jessore-Shenida Light Railway in Jessore was opened during the year. The construction of the Khulna-Bagerhat Railway ^{was} shortly be taken up. The Faridpur District Board had under consideration the construction of a railway from Pangsa to Madhukali and Bhusna, and steps were taken by the Bakarganj District Board to investigate the financial aspects of a light railway in the Bhola subdivision. The proposal of the Pabna District Board for a railway from Sadhuganj to Isardi was postponed, as the Sara-Serajganj Railway Company proposes to extend the Sara-Serajganj Railway from Isardi to some place on the Jumna.

27. *Closing balances (Rs. 51,19,811)*—The total closing balance of District Boards (excluding deposits) increased from Rs. 21,08,889 to Rs 38,33,177, or by over 80 per cent. In two District Boards only (Bankura and Bakarganj) was there a decrease; in these districts the balance in deposit was comparatively small, and the decrease in the closing balance was not due to any large increase in the number of uncashed cheques. The largest closing balance was again that of the District Board of the 24-Parganas, but if account be taken of the unexpended Government grant

of two lakhs of rupees for the improvement of the Nawi and Sunthi rivers, the largest balance was held by Midnapore. The value of cheques remaining uncashed on the 31st March 1914 in Midnapore amounted to no less than Rs. 1,70,299.

It may be admitted that conditions were abnormal in the year under report, but, on the other hand, it is noteworthy that the Bakarganj District Board, which disbursed the second largest amount (Rs. 7,13,238), had the smallest proportion of closing balance to total expenditure. The Governor in Council trusts that the remarks made in last year's resolution have not been lost sight of and that District Boards will make every effort to utilise to the full the increased funds at their disposal.

28 The services of the following gentlemen have been favourably reported on by the local officers, and the Governor in Council desires to thank them and all others who have shown an active interest in local self-government —

VICE-CHAIRMEN OF DISTRICT BOARDS

Babu Banwari Lal Hati, Burdwan
 Khan Bahadur Maulvi Muhammad Shams-uz-Zoha, Birbhum.
 Babu Bama Charan Ray, Bankura
 „ Sital Prasad Ghose, Midnapore
 „ Khirode Krishna Biswas, Hooghly.
 „ Ashutosh Bose, Howrah
 Rai Biswambhar Ray Bahadur, Nadia
 Babu Kulada Prasad Ray, Murshidabad
 Rai Amrita Lal Raha Bahadur, Khulna.
 Babu Sarat Chandra Chakravarti, Dacca
 Khan Bahadur Maulvi Muhammad Ismail, Mymensingh
 Babu Purna Chandra Maitra, Faridpur.
 The Hon'ble Babu Prasanna Kumar Ray, Chittagong.
 Maulvi Sayid Abdul Jabbar, Tippera
 „ Abdur Raschid Khan, Noakhali
 „ Emaduddin Ahmed, Rajshahi.
 Babu Jogendra Chandra Chakravarti, Dinajpur.
 Rai Kalipada Banerji Bahadur, Jalpaiguri
 Rai Bahadur Mityunjay Ray Chaudhuri, Rangpur.
 Maulvi Wasimuddin Ahmed, Pubna
 „ Kader Baksh, Malda

DISTRICT ENGINEERS

Babu Jatindra Nath Mallick, Burdwan.
 „ Satish Chandra Chatterji, Nadia.
 Mr. N. A. Williamson, Murshidabad.
 Babu Rasik Lal Hui, Khulna

By order of the Governor in Council,

H. F. SAMMAN

Secretary to the Government of Bengal.

FORM No I (a)

Statement showing the constitution of District Boards in Bengal during the year ending 31st March 1914

Serial number	DISTRICT BOARD	Act under which constituted	Area in square miles	Population within the area	NUMBER OF MEMBERS									Number of meetings held	Number of meetings proved abortive for want of quorum or adjourned	Average percentage of officers present at each meeting	Average percentage of non-officials present at each meeting	Average percentage of all members present at each meeting

Fund in 1913-14 as the construction of the Engineer's residence was postponed. Rupees 801-4-3 was spent on other Civil buildings—Origin Works

**MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR
FEBRUARY 1915.**

I. *Character of the season*—The rainfall during the month was in defect of the normal throughout the province excepting in the Northern Bengal districts. The usual normal rainfall statement is appended.

II. *Progress of agricultural operations*.—Transplanting of *boro* paddy was finished. Preparation of lands for autumn crops was in brisk progress. Harvesting of *rabi* crops and cutting and pressing of sugarcane were continuing.

III. *State of standing crops*—The standing crops were on the whole doing fairly well.

IV. *Prospects and probable outturn*—The prospects of the wheat crop were not very good, but those of other *rabi* crops were fairly satisfactory.

V. *Damage to standing crops*—Damage to the mango blossoms was reported from Malda. Slight injury by insect-pests to the oil-seed crops was also reported from parts of Khulna.

VI. *Condition of agricultural stock*—The condition of agricultural stock was fair. Cattle-disease was found to be prevalent in 24 Parganas, Nadia, Murshidabad, Khulna, Burdwan, Bubbhum, Bankura, Rangpur, Malda, Bogra, Cooch-Bihar, Mymensingh, Faridpur, Bakarganj, Chittagong, Tippera and the Chittagong Hill Tracts.

VII. *Failure of pasturage and fodder*.—Fodder was sufficiently available everywhere.

VIII. *Prices of food-grains*—During the second fortnight of the month under review the prices of common rice rose in six districts, fell in eight, and remained stationary in the rest. It varied from 6 seers 12 chitaks per rupee at Rangpur to 10 seers at Burdwan and Chittagong.

IX. *Condition of agricultural people*—The condition of the agricultural people was reported to be fair.

J. R. BLACKWOOD,

Director of Agriculture, Bengal.

CALCUTTA,

The 15th March 1915.

CALCUTTA,

The 15th March 1915

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 15th March 1915.

Summary.—During the week under report light scattered showers fell in a few districts of the Province. The preparation of lands for *bhadoi* paddy and jute is in brisk progress and their sowing have commenced in parts of Eastern Bengal. The pressing of sugarcane continues. The standing crops are doing fairly well. Cattle-disease is reported from fourteen districts. The average price of common rice for the Province has risen by about 1.22 per cent. as compared with that of the previous week.

NOTIFICATION

No. 3832P.—The 22nd March 1915—In exercise of the powers conferred by section 12, sub-section (1) of the Indian Press Act, 1910 (1 of 1910), the Governor in Council hereby declares to be forfeited to His Majesty all copies, wherever found, of a leaflet in the English language beginning with the words "Once more the Government is at our door", and ending with the words "the giving of military discipline in the first two cases", and all copies of all other documents containing the matter of the said leaflet, on the grounds that the said leaflet suggests that the British Government is untrustworthy and indifferent to the national gain and advancement of Indians, and therefore appears to the Governor in Council to contain words which are likely or may have a tendency by inference, suggestion or otherwise to bring into contempt, and to excite disaffection towards, the Government established by law in British India and are of the nature described in section 4, sub-section (1), of the said Act

J. G. CUMMING,

Chief Secy. to the Govt. of Bengal.

CALCUTTA POLICE.

NOTIFICATION

IN exercise of the power conferred on me in Government Order No. 44341-D, dated the 25th October 1913, I appoint Mr. G. O'Connell, Secretary, Calcutta Burial Board, to be a visitor to the Presidency Jail for a period of one year.

F.L. HALLIDAY, *Commissioner of Police.*

CALCUTTA, the 20th March 1915

[Sixth publication.]

IRRIGATION DEPARTMENT.

The 16th February 1915.

No. 1.—Notification.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 58, dated the 17th February 1885, the Governor in Council intends to make for the lines of navigation known as the Eastern Canal Route and the Outer Boat Routes, as defined in Notification No. 230, dated the 23rd July 1895, and for the navigable channels from Khulna in district Khulna to Magura in district Jessore, as defined in Notification No. 7, dated the 1st September 1914, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II The draft will be taken into consideration on or after the 1st April 1915, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,
Offg Secy to the Govt of Bengal

DRAFT RULES

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2 As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal, when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3 In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats, but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description, or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

The 23rd March 1915

No. 3—Notification—The following draft of the revised rules and rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Calcutta Canals (including the Kristopur Canal) and Tolly's Nala, as defined below, in supersession of the Notifications noted in the margin, is hereby

Notification No 144, dated the 23rd May 1893, and its
corrigendum No 218, dated the 20th July 1896
Notification No 210, dated the 8th November 1896
Notification No 20, dated the 18th July 1907
Notification No 9, dated the 28th October 1907
Notification No 21, dated the 19th July 1910
Notification No 6, dated the 29th May 1911
Notification No 1, dated the 14th January 1913
Notification No 11, dated the 1th November 1913

published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 6th May 1915, and any objection or suggestion received by the undersigned before that date will be duly considered.

THE CALCUTTA CANALS.

(1) The Circular Canal, comprising the whole of the still-water canal between the Dhappa and Chitpur Locks, together with its junction with the river Hooghly and the Orange Soorah at Dhappa.

(2) The Central Lake Channel from its junction with the Calcutta Canals at the Dhappa Lock to its junction with the Bidyadhari River at Bamanghata.

(3) The Nowbhangha Khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhappa Lock.

(4) The Soorah from its junction with the Central Lake Channel below the Dhappa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhappa Inspector's residence.

(5) The Kristopur Canal extending from a point in the New Cut Canal 1 mile 1,700 feet from Chitpur Lock to a point on the Bhangore Khal at Kantatala, together with the outfall channel, 4,180 feet in length.

TOLLY'S NALA.

Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari River at Samukpota.

F. A. A. COWLEY,
Offg. Secy. to the Govt. of Bengal.

Draft Schedules of Tolls.

No.	Description of vessels	ENTERING THE CALCUTTA CANALS AT CHITPUR OR TOLLY'S NALA AT KIDDERPORE OR CHETLA		Entering the Calcutta Canals at Tolly's Nala from the eastward	Saltees entering Tolly's Nala at Russa or Chetla
		If not proceeding further eastward than Dhappa or Kristapur Toll station or Russa or to river Hooghly.	If proceeding further eastward than Dhappa or Kristapur Toll station or Russa		
		As. p	Rs. A	Rs. A.	Rs. A.
1	On all boats, steamers or other vessels except those laden with firewood, per 100 maunds tonnage by canal measurement	12 0	1 12	1 12	1 12
2	On all boats, steamers or other vessels laden with firewood, per 100 maunds tonnage by canal measurement	12 0	1 8	1 8	1 8
3	On floats of roughly squared timbers, each timber	3 0	0 6	0 6
4	On floats of unwrought timber, each timber	1 6	0 3	0 3
5	On rafts of bamboos, for each hundred or portion of each hundred	1 6	0 3	0 3
6	On saltees under 25 maunds by canal measurement entering by Russa Toll-station	0 4
7	On saltees of 25 maunds and less than 50 maunds by canal measurement entering by Russa Toll station Larger saltees will be charged at the rate given in Nos 1, 2 and 3 above	0 8
8	Minimum toll on all boats, floats or rafts	4 0	0 4	0 4	0 4

9 (1) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristapur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristapur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days

for Tolly's Nala between Gurreah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds

Floats—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem

[Note—Open dinghies accompanying large boats are entitled to the same demurrage allowance of time as the parent boats]

12 Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13 (1) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(2) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(3) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infingement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14 *Additional toll*—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours, otherwise a fresh toll will be levied in accordance with the rules in force.

15 (1) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *via* Kidderpore on payment of a rate of Re 1-12 per hundred maunds of measured maundage for passage through these canals.

(2) Boats plying under this concession will be charged the ordinary concession rate of Re 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 12 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(3) If a boat picks up more cargo, either in the Hooghly or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the maundage of the boat does not exceed that when it originally entered at Dhappa.

(4) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(5) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(6) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

NOTICE

Examination of Compounders at the Dacca Medical School.

It is hereby notified for general information that the next half-yearly examination for compounders will be held on the 20th April 1915 and subsequent days.

The examination will be conducted in accordance with Bengal Government Notification Nos. 1410 and 1411 Medical, dated the 7th July 1913—

(a) The Examining Committee will consist of—

PRESIDENT.

Lieut.-Col A. R. S. Anderson, B.A., M.B., C.M.Z.S., I.M.S.,
Superintendent, Dacca Medical School

MEMBERS.

Assistant Surgeon Hem Chandra Sarkar
Assistant Surgeon Jagendra Nath Mitra

(b) No person will be admitted to this examination unless he produces certificates as required by rules 9, 10, 11 and 12 of Government Notification No. 1410 Medical, dated the 7th July 1913

(c) All male candidates must forward to the undersigned an examination fee of Rs. 5 at least one week before the commencement of examination; a fresh fee must be paid on each occasion that the candidate enters for the examination; but a candidate who, after payment of the fee, is unable, through illness, to attend the examination will be allowed, on producing a satisfactory medical certificate to that effect, to attend the next examination without payment of a fresh fee

NOTE—Women candidates are examined free of charge

(d) The students of compounder class of the Medical School will be allowed to appear at an optional examination. The examination will be conducted by the Committee of Examiners notified above—in minor bandaging, preparation of lotions, dressings, sterilization of dressings and instruments and in all minor duties of Hospital work. No additional fee will be charged. Every candidate who passes the optional examination will be granted an additional certificate in the prescribed form that he is qualified for the duties of a Hospital dresser and for Hospital ward work generally.

A. R. S. ANDERSON, B.A., M.B., C.M.Z.S., LIEUT.-COL., I.M.S.,
Superintendent, Dacca Medical School.

NOTICE

It is hereby notified for general information that the next examination for admission of students to compounder class, Medical School, Dacca, will be held on the 26th April 1915, at 8 A.M.

A. R. S. ANDERSON, LIEUT.-COL., I.M.S.,
Superintendent, Medical School, Dacca.

DACCA,
The 11th March 1915

NOTIFICATION

Examination of Compounders at the Campbell Medical School

IN accordance with the Government of Bengal Notification No. 1410-Medl., dated the 7th July 1913, notice is hereby given that the next half-yearly examination of Compounders will begin at 11 A.M. on Tuesday, Wednesday and Thursday, the 20th, 21st and 22nd April 1915, at the Campbell Medical School.

2. Male candidates must forward to the Superintendent of the Campbell Medical School, at least one week before the 20th April 1915, an examination fee of Rs. 5. Female candidates will be examined free of charge. No certificate or fee will be received on *Sundays or public holidays*.

3. Should any candidate fail to pass the examination, he will forfeit his fee.

[NOTE—The attention of candidates is drawn to Rules 9 and 10 and of the persons granting the certificates to Rules 11 and 14 (8) and the Certificate Forms (A), B, E and F in the Schedule of the Government of Bengal's aforesaid Notification, as circulated by the Inspector-General of Civil Hospitals, Bengal, to all Civil Surgeons, Superintendents of Calcutta Hospitals, Medical Schools, Lunatic Asylums and Chief Medical Officers, etc., with his Circular No. 26, dated the 12th July 1913.]

R. P. WILSON, F.R.C.S., MAJOR, I.M.S.,
Superintendent, Campbell Medical School.

CAMPBELL MEDICAL SCHOOL, CALCUTTA, *the 27th February 1915.*

Orders and Notifications by the Government of India.

The following notifications, issued by the Government of India in the Home Department, published in the *Gazette of India*, dated the 20th March 1915, are republished for general information

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS

JUDICIAL

Delhi, the 19th March 1915

No. 1542-C.—The Hon'ble the Chief Justice of the High Court of Judicature at Fort William in Bengal has appointed Mr H. M. Veitch, 1 c.s., substantively to be Registrar on the Appellate Side of the Court, with effect from the 1st March 1915.

POLICE

Delhi, the 15th March 1915.

No. 1405-C.—In modification of entry (13) of Schedule 1 to the Indian Arms Rules, 1909, the Governor-General in Council is pleased to direct that the exemption from the operation of the prohibitions and directions, contained in sections 13, 14, 15 and 16 of the Indian Arms Act, 1878 (XI of 1878), thereby made in favour of European or East Indian subjects of His Majesty the King-Emperor, shall cease to extend to B. McKeon of Rangoon.

H. WHITFIELD
Secy. to the Govt. of India

The following notifications, issued by the Government of India in the Department of Commerce and Industry, published in the *Gazette of India*, dated the 20th March 1915, are republished for general information.

J. G. CUMMING
Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

CUSTOMS.

Delhi, the 20th March 1915.

No. 2894-W.—In supersession of the Notifications in this Department No. 1683-W., dated the 12th December 1914, 2106-W., dated the 26th December 1914, 491-W. and 492-W., dated the 16th January 1915, 709-W., dated the

23rd January 1915, 1210-W., dated the 6th February 1915 and 1769-W., dated the 13th February 1915, the following Royal Proclamation is published for general information —

BY THE KING.

A PROCLAMATION

PROHIBITING UNDER SECTION 8 OF "THE CUSTOMS AND INLAND REVENUE ACT, 1879," AND SECTION 1 OF "THE EXPORTATION OF ARMS ACT, 1900," AND SECTION 1 OF "THE CUSTOMS (EXPORTATION PROHIBITION) ACT, 1914," THE EXPORTATION FROM THE UNITED KINGDOM OF WARLIKE STORES.

GEORGE R.I.

WHEREAS by section 8 of "The Customs and Inland Revenue Act, 1879," it is enacted that the exportation of arms, ammunition, and gunpowder, military and naval stores, and any articles which We shall judge capable of being converted into or made useful in increasing the quantity of military or naval stores, provisions, or any sort of victual which may be used as food for man may be prohibited by Proclamation.

And whereas by section 1 of "The Exportation of Arms Act, 1900," it is enacted that We may by Proclamation prohibit the exportation of all or any of the following articles, namely, arms, ammunition, military and naval stores, and any article which We shall judge capable of being converted into or made useful in increasing the quantity of arms, ammunition, or military or naval stores, to any country or place therein named whenever We shall judge such prohibition to be expedient in order to prevent such arms, ammunition, military or naval stores, being used against Our subjects or forces or against any forces engaged or which may be engaged in military or naval operations in co-operation with Our forces.

And whereas by section 1 of "The Customs (Exportation Prohibition) Act, 1914," it is enacted that section 8 of the aforesaid Customs and Inland Revenue Act, 1879, shall have effect whilst a state of war in which We are engaged exists as if in addition to the articles therein mentioned there were included all other articles of every description.

And whereas it is further enacted by section 2 of "The Customs (Exportation Prohibition) Act, 1914," that any Proclamation or Order in Council made under section 8, as so amended, of "The Customs and Inland Revenue Act, 1879," may, whilst a state of war exists, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade.

And whereas it is enacted by section 2 of "The Customs (Exportation Restriction) Act, 1914" that any Proclamation made under section 1 of the Exportation of Arms Act, 1900, may, whether the Proclamation was made before or after the passing of the Act now in recital, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade.

And whereas a Proclamation, dated the 10th November 1914, and various Orders, dated respectively, the 20th November, the 5th, the 11th and the 23rd December 1914, and the 4th and the 8th January 1915, prohibiting the exportation of certain articles therein referred to from the United Kingdom to certain or all destinations, have been issued in pursuance of the aforesaid powers.

And whereas it is expedient that the said Proclamation and Orders should be consolidated, with amendments and additions and that such Proclamation and Orders should be revoked:

And whereas the articles, other than arms, ammunition, or military or naval stores hereinafter enumerated are articles which We judge capable of being converted into or made useful in increasing the quantity of arms, ammunition, or military or naval stores:

And whereas, in order to prevent such arms, ammunition, or military or naval stores being used against Our subjects or forces or against any forces engaged or which may be engaged in military or naval operations in co-operation with Our forces, We have deemed it expedient to prohibit the exportation of the articles hereinafter enumerated:

NOW, THEREFORE, We have thought fit by and with the advice of Our Privy Council to issue this Our Royal Proclamation, declaring, and it is hereby declared, that the abovementioned Proclamation and Orders be and the same are hereby revoked :

And We have further thought fit, by and with the advice aforesaid, and in virtue and in exercise of the powers aforesaid, further to declare, and it is hereby declared, as follows :—

(A) That the exportation of the following goods be prohibited to all destinations :—

Aeroplanes, airships, balloons and aircraft, of all kinds and their component parts together with accessories and articles recognisable as intended for use in connection with aeroplanes, airships, balloons, and aircraft, including gold beaters' skin; shantung silk in the piece; flax fabric suitable for aeroplanes; non-inflammable "celluloid" sheet (or similar transparent material non-soluble in lubricating oil, petrol or water), aeroplane dope; high tensile steel tubes; aeroplane instruments (aneroids, barographs revolution indicators); aeroplane turnbuckles; steel stampings, magnetos; aeroplane engines and parts, fusel oil (amyl alcohol), amyl acetate; aceto-celluloses; trephenyl phosphate,

Animals, pack, saddle and draught, suitable for use in war;

Cannon and other ordnance and machine guns, and parts thereof;

Carbons, suitable for searchlights,

Carriages and mountings for cannon and other ordnance, and for machine guns and parts thereof.

Cartridges, charges of all kinds, and their component parts;

Chemicals, drugs, dyes and dye-stuffs, medicinal and pharmaceutical preparations and tanning extracts, namely :—

Acetone,

Acetylsalicylic acid (aspirin).

Ammonium nitrate, perchlorate and sulphocyanide;

Antipyrine (phenazone),

Anti-tetanus serum,

Barium chlorate,

Belladonna and its preparations and alkaloids,

Calcium acetate and all other metallic acetates;

Calcium nitrate,

Cantharides and its preparations,

Carbolic acid,

Chloral and its preparations, including chloramid,

Coal-tar distillation products, namely, benzol and cresol and the fractions of the distillation products of coal-tar between benzol and cresol,

Coal-tar products for use in dye manufacture, including aniline oil and aniline salt;

Collodion,

Cresol, all preparations of (including cresylic acid) and nitro-cresol (except saponified cresol);

Cyanamide,

Diethylbarbituric acid (veronal) and veronal;

Dimethylaniline;

Dyes and dye-stuffs manufactured from coal-tar products;

Emetin and its salts;

Ergot of rye, not including liquid extract or other medicinal preparations of ergot,

Eucaine hydrochlor,

Gentian and its preparations,

Henbane and its preparations;

Hydroquinone,

Indigo, natural;

Ipecacuanha root,

Methylaniline;

Neo-salvarsan;

Nitric acid;

Nitrotoluol,

-
- Novocain,
 Opium and its preparations and alkaloids;
 Paraffin, liquid medicinal;
 Paraformaldehyde and trioxymethylene;
 "Peptone Witte",
 Peroxide of manganese,
 Phenacetin,
 Picric acid and its components,
 Potash salts, namely —
 Chlorate;
 Cyanide,
 Nitrate (saltpetre)
 Permanganate;
 Protargol, not including silver proteinate,
 Saccharin (including "saxin"),
 Salicylic acid and salicylate of soda,
 Salol,
 Salvarsan,
 Santonin and its preparations;
 Sodium chlorate and perchlorate,
 Sulphonal,
 Sulphur,
 Sulphuric acid,
 Tanning, extracts for use in, the following —
 Chestnut extract,
 Oakwood extract,
 Thorium nitrate,
 Thymol and its preparations;
 Trional,
 Valonia,
 Compasses, other than ships' compasses;
 Cotton waste of all descriptions;
 Explosives of all kinds,
 Field glasses and telescopes,
 Firearms, rifles, of all kinds, and their component parts,
 Flax, raw,
 Forage and food for animals, namely —
 Beans (not including haricot beans),
 Brewers' and distillers' grains,
 Brewers' dried yeast,
 Buckwheat,
 Cakes and meals, the following, namely:—
 Biscuit meal,
 Calf meal;
 Coconut or pponac cake,
 Compound cakes and meal;
 Cotton-seed cake, decorticated and undecorticated, and cotton-seed meal;
 Meal and concentrated fish,
 Meal or gluten feed,
 Groundnut cake and meal,
 Husk meal;
 Linseed cake and meal,
 Locust bean meal,
 Maize germ meal,
 Maize meal,
 Meat meal;
 Palm-nut cake and meal,
 Rape-seed cake and meal;
 Soya bean cake and meal;
 Dari;
 Hay;
 Hempseed;
 Lentils;
 Maize;

Malt dust, culms, sprouts or combings;

Millet;

Offals of corn and grain, including—

Bran and pollard;

Mill dust and screenings of all kinds;

Rice meal (or bran) and dust,

Sharps and middlings,

Patent and proprietary cattle-foods of all kinds;

Peas (except split, tinned and bottled peas, packed in cardboard boxes and similar receptacles);

Straw,

Glass for optical instruments,

Grindery, the following articles of, used in the making of boots and shoes —

Brass rivets, for use by hand or machine;

Cutlan studs, for use by hand or machine;

Heel attaching pins, for use by hand or machine;

Lasting tacks or rivets, for use by hand or machine,

Steel bills, for use by hand or machine,

Heel tips,

Heel tip nails,

Hobnails of all descriptions,

Protector studs;

Screwing wire,

Harness and saddlery which can be used for military purposes;

Heliographs,

Hemp, other than Manila hemp,

Hides of cattle, buffaloes and horses, and calfskins;

Hosiery needles,

Khaki woollen cloth;

Boots, heavy, for men;

Camp equipment, articles of, including tents and their component parts, ovens, camp kettles, buckets, lanterns, and horse rugs,

Carts, two-wheeled, capable of carrying 15 cwt. or over, and their distinctive component parts;

Chemicals, drugs, medicinal and pharmaceutical preparations —

Acetanilide;

Aconite and its preparations and alkaloids;

Alcohol, methylic;

Alumina and salts of aluminium;

Ammonia, liquified;

Antimony, sulphides and oxides of,

Benzoic acid (synthetic) and benzoates;
 Bromine and alkaline bromides,
 Coca and its preparations and alkaloids;
 Copper suboxide of,
 Copper sulphate,
 Cresol (saponified);
 Formic aldehyde;
 Fulminate of mercury;
 Glycerine, crude and refined;
 Hexamethylene tetramin (urotropin) and its preparations;
 Hydrobromic acid;
 Potash, caustic,

Potash salts, namely:—

Bicarbonate,
 Bichromate;
 Carbonate;
 Chloride;
 Chrome alum;
 Metabisulphite;
 Prussiate,
 Sulphate (including Kainit),

Sodium nitrate,

Tartaric acid and alkaline tartrates;

Zinc sulphate,

Coal sacks;

Draw plates, jewelled, for drawing steel wire;

Ferro alloys, including—

Ferro-chrome;
 Ferro-manganese,
 Ferro-molybdenum,
 Ferro-nickel,
 Ferro-titanium,
 Ferro-tungsten;
 Ferro-vanadium;
 Spiegeleisen,

Ferro-silicon,

Graphite, including foundry (moulding) plumbago and plumbago for lubricating,

Hemp, the following manufactures of—

Cloth,

Cordage and twine, not including cordage or twine of Manila hemp or reaper or binder twine,

Horse shoes,

Jute, raw,

Metals and ores, the following, viz.—

Aluminium and alloys of aluminium;

Antimony and alloys of antimony;

Bauxite;

Chromite;

Cobalt;

Copper and wrought and part wrought, all kinds, including alloys of copper (such as brass, gunmetal, naval brass and delta metal, phosphor copper and phosphor bronze), copper and brass sheets, circles, slabs, bars, pipes, ingots, scrap, rods, plates, solid drawn tubes, condenser plates, copper wire, brass wire, bronze wire, solder containing copper;

Lead, pig, sheet or pipe (including solder containing lead);

Lead ore;

Manganese and Manganese ore;

Mercury;

Molybdenum and molybdenite,

Nickel and nickel ore;

Scheelite;

Selenium;

Tungsten;

- Vanadium;
 Wolframite;
 Zinc and zinc ore (including zinc ashes, spelter, spelter dross, and zinc sheets);
 Mica (including mica splittings) and micaite;
 Mineral jellies;
 Mines and parts thereof;
 Oil, blast furnace (except creosote and creosote oil);
 Oil, fuel shale;
 Oil, mineral lubricating (including mineral lubricating grease and lubricating oil composed of mineral and other oils);
 Oils, all vegetable (other than linseed oil, boiled and unboiled, unmixed with other oil, and not including essential oils);
 Oil, whale, namely, train blubber, sperm or head matter, and seal oil, shark oil, and Japan fish oil,
 Oleaginous nuts, seeds and products, the following, namely:—
 Castor beans;
 Cocoanuts;
 Copra,
 Cotton seed;
 Ground nuts (Arachides);
 Linseed,
 Palm kernels;
 Rape seed,
 Sesame seed;
 Soya beans,
 Oleo oil, Premier jus, and animal tallow;
 Petroleum, fuel oil (including turpentine substitute and paraffin oil);
 Petroleum, gas oil;
 Petroleum spirit and motor spirit (including Shell spirit);
 Pigskins, dressed or undressed;
 Portable forges;
 Provisions and victuals which may be used as food for man, namely —
 Animals, living for food;
 Barley and oats, including barley, meal and pearled barley, and oatmeal;
 Butter,
 Cheese,
 Eggs and shells;
 Lard and imitation lard;
 Malt,
 Margarine,
 Sugar, refined and candy;
 Sugar, unrefined;
 Wheat, wheat flour and wheat meal;
 Rope (steel wire) and hawsers;
 Rubber (including raw, waste and reclaimed rubber) and goods made wholly of rubber, including tyres for motor vehicles and for cycles, together with articles or materials especially adapted for use in the manufacture or repair of tyres,
 Search-lights,
 Sheepskins, tanned;
 Sheepskins, woollen, *i.e.*, with the wool left on;
 Signalling lamps of all kinds capable of being used for signalling Morse or other code,
 Submarine sound signalling apparatus;

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 17th March 1915, and is hereby promulgated for general information —

ACT No. III OF 1915.

An Act to amend the Foreigners Act, 1864.

WHEREAS it is expedient to amend the Foreigners Act, 1864; It is hereby enacted as follows —

1. This Act may be called the Foreigners (Amendment) Act, 1915.

2. In section 1 of the Foreigners Act, 1864, for the words "not being either a natural born subject of Her Majesty within the meaning of the Statute 3 and 4 William IV, chapter 85, section 81, or a Native of British India"

the following words shall be substituted, namely —

"(a) who is not a natural born British subject as defined in sub-sections (1) and (2) of section 1 of the British Nationality and Status of Aliens Act, 1914, or

(b) who has not been granted a certificate of naturalisation as a British subject under any law for the time being in force in British India:

Provided that any British subject who, under any law for the time being in

force in British India, ceases to be a British subject, shall thereupon be deemed to be a foreigner."

3. After section 3 of the Foreigners Act, 1864, the following section shall be inserted, namely —

Insertion of new section 3A, Act III of 1864

"3A (1). Whenever in a Presidency town the Commissioner of Police, or elsewhere the Magistrate of the District, considers that the Local Government should be moved to issue an order under section 3 in respect of any foreigner who is within the limits of such Presidency town or of the jurisdiction of such Magistrate, he may report the case to the Local Government and at the same time issue a warrant for the apprehension of such foreigner

(2) Any officer issuing a warrant under sub-section (1) may, in his discretion, direct by endorsement on the warrant that if such foreigner executes a bond with or without sureties for his attendance at a specified place and time, the person to whom the warrant is directed shall take such security and release such foreigner from custody

(3) Any person executing a warrant under sub-section (1) may search for and apprehend the foreigner named in such warrant; and, subject to any direction issued under sub-section (2), shall forthwith cause such foreigner when apprehended to be produced before the officer issuing the warrant

(4) When a foreigner for whose apprehension a warrant has been issued under sub-section (1) is produced or appears before the officer issuing such warrant, such officer may direct him to be detained in custody pending the orders of the Local Government, or may release him on his executing a bond with or without sureties to appear at a specified place and time and thereafter if and when required until such orders are obtained.

(5) Any officer who has in accordance with the provisions of sub-section (4), ordered a foreigner to be detained or released on his executing a bond shall forthwith report the fact to the Local Government. On the receipt of a report under this sub-section the Local Government shall without delay either direct that the foreigner be discharged or make an order for the removal of such foreigner in accordance with the provisions of section 3

W. H. VINCENT,
Secy. to the Govt. of India.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 19th March 1915, and is hereby promulgated for general information :—

ACT No. IV OF 1915.

An Act to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences.

WHEREAS owing to the existing state of war it is expedient to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences; It is hereby enacted as follows :—

1. (1) This Act may be called the Short title, extent and duration Defence of India (Criminal Law Amendment) Act, 1915.

(2) It extends to the whole of British India including British Baluchistan, the Sonthal Parganas and the district of Angul.

(3) This section and section 2 shall come into operation at once. The Governor General in Council may, by

notification in the Gazette of India direct that the rest of the Act shall come into operation in any province or part thereof on such date as may be specified in such notification.

(4) This Act shall be in force during the continuance of the present war and for a period of six months thereafter:

Provided that the expiration of this Act shall not affect the validity of anything done in pursuance of it and any person convicted under this Act may be punished as if it had continued in force, and all prosecutions and other legal proceedings pending under this Act at the time of the expiration thereof may be completed and carried into effect, and the sentences carried into execution as if this Act had not expired.

2. (1) The Governor General in Power to make rules Council may make rules for the purpose of securing the public safety and the defence of

British India and as to the powers and duties of public servants and other persons in furtherance of that purpose.

In particular and without prejudice to the generality of the foregoing power, rules under this section may be made—

- (a) to prevent persons communicating with the enemy or obtaining information which may be used for that purpose,
- (b) to secure the safety of His Majesty's forces and ships and to prevent the prosecution of any purpose likely to jeopardise the success of the operations of His Majesty's forces or the forces of His Allies or to assist the enemy,
- (c) to prevent the spread of false reports or reports likely to cause disaffection or alarm or to prejudice His Majesty's relations with Foreign Powers or to promote feelings of enmity and hatred between different classes of His Majesty's subjects,
- (d) to empower any civil or military authority to issue such orders and take such measures as may be necessary to secure the safety of railways, ports, dockyards, telegraphs, post offices, works for the supply of gas, electric light or water, sources of water-supply, all means of communication and any areas which may be notified by such civil or military authority, as areas which it is necessary to safeguard in the public interest,
- (e) to enable any naval or military authority to take possession of any property, moveable or immoveable, for naval or military purposes, and to issue such orders and do such acts in respect of any property as may be necessary to secure the public safety or the defence of British India or any part thereof,
- (f) to empower any civil or military authority where, in the opinion of such authority, there are reasonable grounds for suspecting that any person has acted, is acting or is about to act in a manner prejudicial to the public safety, to direct that such person shall not enter, reside or remain in any area specified in writing by such authority, or, that such

person shall reside and remain in any area so specified, or that he shall conduct himself in such manner or abstain from such acts, or take such order with any property in his possession or under his control, as such authority may direct;

- (g) to prohibit or regulate the possession of explosives, inflammable substances, arms and all other munitions of war,
- (h) to prohibit anything likely to prejudice the training or discipline of His Majesty's forces and to prevent any attempt to tamper with the loyalty of persons in the service of His Majesty or to dissuade persons from entering the military or police service of His Majesty,
- (i) to empower any civil or military authority to enter and search any place if such authority has reason to believe that such place is being used for any purpose prejudicial to the public safety or to the defence of British India and to seize anything found there which he has reason to believe is being used for any such purpose
- (j) to provide for the arrest of persons contravening or reasonably suspected of contravening any rule made under this section and prescribing the duties of public servants and other persons in regard to such arrests;
- (k) to prescribe the duties of public servants and other persons as to preventing any contravention of rules made under this section and to prohibit any attempt to screen persons contravening any such rule from punishment; and
- (l) otherwise to prevent assistance being given to the enemy or the successful prosecution of the war being endangered.

(2) Rules made under this section may provide that any contravention thereof or of any order issued under the authority of any such rule shall be punishable with imprisonment for a term which may extend to seven years, or with fine, or with both, or if the intention of the person so contravening any such rule or order is to assist the

King's enemies or to wage war against the King, may provide that such contravention shall be punishable with death, transportation for life or imprisonment for a term which may extend to ten years, to any of which punishments fine may be added.

(3) All rules made under this section shall be published in the Gazette of India and shall thereupon have effect as if enacted in this Act.

3. (1) The Local Government may by order in writing direct that any person accused of anything which is an offence in virtue of any rule made under section 2, or accused of any offence punishable with death, transportation or imprisonment for a term which may extend to seven years, or of criminal conspiracy to commit, or of abetting, or of attempting to commit or abet any such offence shall be tried by Commissioners appointed under this Act.

(2) Orders under sub-section (1) may be made in respect of all persons accused of any offence referred to in that sub-section, or in respect of any class of person so accused, or in respect of persons or classes of persons accused of any particular offence therein referred to or accused of any class of such offences.

(3) No order under sub-section (1) shall be made in respect of or be deemed to include any person who has been committed under the Code of Criminal Procedure, 1898, for trial before a High Court, or in whose case an order for trial has been made under section 6 of the Indian Criminal Law Amendment Act, 1908, but, save as aforesaid, an order under that sub-section may be made in respect of or may include any person accused of any offence referred to therein whether such offence was committed before or after the commencement of this Act.

4. (1) Commissioners for the trial of persons under this Act shall be appointed by the Local Government.

(2) Such Commissioners may be appointed for the whole province or any part thereof or for the trial of any particular accused person or class of accused persons.

(3) All trials under this Act shall be held by three Commissioners, of whom at least two shall be persons who have served as Sessions Judges or Additional Sessions Judges for a period of not less than three years, or are persons qualified under section 2 of the Indian High Courts Act, 1861, for appointment as

Judges of a High Court or are advocates of a Chief Court or pleaders of ten years' standing.

5. (1) Commissioners appointed under this Act may take cognizance of offences without the accused being committed to them for trial, and, in trying accused persons, shall, subject to any rules made by the Local Government in this behalf, follow the Procedure prescribed by the Code of Criminal Procedure, 1898, for the trial of warrant cases by magistrates.

Provided that such Commissioners shall make a memorandum only of the substance of the evidence of each witness examined, and shall not be bound to adjourn any trial for any purpose unless such adjournment is in their opinion necessary in the interests of justice.

(2) In the event of any difference of opinion between the Commissioners the opinion of the majority shall prevail.

6. (1) The judgment of Commissioners appointed under the Act shall be final and conclusive and such Commissioners may pass upon any person convicted by them any sentence authorised by law for the punishment of the offence of which such person is convicted and no order of confirmation shall be necessary in the case of any sentence passed by them.

(2) If in any trial under this Act it is proved that the accused person has committed any offence whether referred to in section 3 or in any order under that section or not, the Commissioners may convict such accused person of such offence and pass any sentence authorised by law for the punishment thereof.

7. The provisions of the Code of Criminal Procedure, 1898, so far as they are inconsistent with the special procedure prescribed by or under this Act, shall not apply to the proceedings of Commissioners appointed under this Act, but save as otherwise provided, that Code shall apply to such proceedings and the Commissioners shall have all the powers conferred by the Code on a Court of Session exercising original jurisdiction.

8. (1) Notwithstanding the provisions of the Code of Criminal Procedure, 1898, or of any other law for the time being in force, or of anything having the force of law by whatsoever authority made or done, there shall be no appeal from any order or sentence of Commissioners appointed under this

Act, and no Court shall have authority to revise any such order or sentence, or to transfer any case from such Commissioners, or to make any order under section 491 of the Code of Criminal Procedure, 1898, or have any jurisdiction of any kind in respect of any proceedings under this Act.

(2) Nothing in sub-section (1) shall be deemed to affect the power of the Governor General in Council or the Local Government to make orders under section 401 or 402 of the Code of Criminal Procedure, 1898, in respect of persons sentenced by Commissioners under this Act.

9. Notwithstanding anything contained in the Indian Evidence Act, 1872, where the statement of any person has been recorded by a Magistrate, such statement may be admitted in evidence in any trial before Commissioners appointed under this Act if such person is dead or cannot be found or is incapable of giving evidence, and the Commissioners are of opinion that such death, disappearance or incapacity has been caused in the interest of the accused.

10. The Local Government may, by notification in the local official Gazette, make rules providing for—

- (i) the times and places at which Commissioners appointed under this Act may sit,

- (ii) the procedure of such Commissioners including the appointment and powers of their President, and the procedure to be adopted in the event of any Commissioner being prevented from attending throughout the trial of any accused person;
- (iii) the manner in which prosecutions before such Commissioners shall be conducted, and the appointment and powers of persons conducting such prosecutions;
- (iv) the execution of sentences passed by such Commissioners;
- (v) the temporary custody or release on bail of persons referred to or included in any order made under sub-section (1) of section 3 and for the transmission of records to the Commissioners; and
- (vi) any matter which appears to the Local Government to be necessary for carrying into effect the provisions of the Act relating or ancillary to trials before Commissioners.

11. No order under this Act shall be called in question in any Court, and no suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

STATEMENT OF OBJECTS AND REASONS

The existence of a state of war in which His Majesty's Government is engaged has, as in England, demonstrated the necessity of arming the executive with certain special temporary emergency powers requisite to secure the public safety and the defence of British India.

Further since the commencement of the war, there have been outbreaks of lawlessness in certain areas, the prompt punishment of which is essential in the interests of public security.

The present Bill confers powers on the Governor General in Council to make rules to meet the first object in view, while in those areas to which the special provisions may be extended, it provides for the creation of special tribunals for the more speedy trial of certain classes of offences which may be made over to them.

The Act will be only in force during the continuance of the present war and for a period of six months thereafter.

The 16th March 1915

R. H. CRADDOCK.

W. H. VINCENT,
Secy. to the Govt of India.

N B—It is requested that Munshis who have passed this examination and whose names do not appear above should communicate their present addresses to the Secretary, Board of Examiners, Calcutta so that their names may be published also

H. St. J. B. PHILBY,
Secretary and Member, Board of Examiners.

BENGAL VETERINARY COLLEGE.**NOTICE.**

CANDIDATES for admission into the Bengal Veterinary College should be present at the College at Belgachia, Calcutta, with necessary certificates, in original, as required in the rules, at 11 A.M. on 15th April 1915. Rules will be supplied free on application.

A SMITH, LT-COLONEL,
Principal, Bengal Veterinary College.

NOTICE

IT is notified for general information that the next preliminary Examination for admission of students into the Compounder Class of this Medical School will be held on Monday, the 26th April 1915, at 11 A.M. Candidates willing to sit for this Examination must have registered their names in this office on or before the 15th April 1915

R P WILSON, F.R.C.S., MAJOR, I.M.S.,
Superintendent, Campbell Medical School and Hospital.

The 10th March 1915.

PLEADERS' SURVEY EXAMINATION BOARD.

Result of the Examination held in February 1915.

THE following candidates are declared to have passed the Examination prescribed in Bengal Government Notification No. 3157J, dated 25th November 1909 —

(In alphabetical order)

Names of Pleadors	Courts at which enrolled
Chakravarti, Hara Nath	. Feni (Noakhali)
Dutta, Kali Kumar	. Chandpur (Comilla).
Guha, Biswa Raman	. Dacca
Mukerji, Jamini Mohan	. Alipore (24-Parganas).
" Lal Mohan	.. Ditto
Roy, Chandra Kishore	.. Chandpur (Comilla).
Sen. Debendra Nath	... Alipore (24-Parganas).

B HEATON,
*Secy., Pleadors' Survey
Examination Board.*

CIVIL ENGINEERING COLLEGE, SIBPUR, *the 19th March 1915.*

ORDERS BY THE HON'BLE THE VICE-CHANCELLOR AND SYNDICATE.

THE following books have been prescribed as text-books in Urdu for the Intermediate Examination in Arts of female candidates in 1916:—

Mus. Fas. Hali—The whole
Abi Hayat—pages 237—264.
Tarikh-ul-Islam, by Maulvi Muhammad Ihsanullah—pp 238—269.
Arayeshi Malifi—pages 4—36.
Udu Moalla.

SENATE HOUSE, *the 12th March 1915.*

P. BRÜHL, *Registrar.*

BENGAL STATE MEDICAL FACULTY.

IN exercise of the power conferred by section 4 of the Bye-laws of the State Medical Faculty (published under the Resolution of the Bengal Government No. 2545Medl., dated the 11th August 1914, in Part I of the *Calcutta Gazette* of the 12th idem), the following rules drawn up by the Governing Body of the State Medical Faculty for the conduct of the examination of that Faculty, are published for general information:—

RULES FOR EXAMINATIONS OF THE STATE MEDICAL FACULTY.**EXAMINATION FOR THE MEMBERSHIP OF THE STATE MEDICAL FACULTY.***Primary or Preliminary Scientific Examination.*

1 The Primary or Preliminary Scientific Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November or as near these dates as can be conveniently arranged.

The written part of the Examination shall be held in the following order —

Date.	10 A.M. to 1 P.M.	2 to 5 P.M.
Monday ...	Chemistry ...	Physics.
Tuesday .	Biology	

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2 Every Candidate for the Primary or Preliminary Scientific Examination shall apply to the Secretary in the form prescribed by the Governing Body together with a fee of Rs. 20 at least 21 days before the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every candidate shall be examined in the following Subjects —

- (a) Chemistry, Inorganic and Organic, having special reference to Practical Medical Science
- (b) Elementary Physics.
- (c) Elementary Biology

4 The Examination shall be written, oral and practical. There shall be one paper in each Subject. Three hours shall be allowed for each paper.

5. Full marks for each Subject and the minimum pass marks shall be as follows —

Subjects	Written	Oral and Practical	Total	Minimum pass marks in total	Minimum pass marks in oral and practical
Chemistry . . .	500	500	1,000	335	200
Physics	500	500	1,000	335	200
Biology . . .	500	500	1,000	335	200

6. A Candidate who fails to pass or present himself for examination shall not be entitled to claim a refund of the fee. Any candidate who fails to pass may be admitted to one or more subsequent examinations on payment of a like fee of Rs. 20 on each occasion and on producing a certificate from the Head of his College or School that he has since the last examination received further instruction to the satisfaction of the Head of his Institution in the

subject or subjects in which he has failed, provided that any Candidate who has failed four times will not be admitted to further examination except on the special recommendation of the Head of the College or School.

7 As soon as possible, after the examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate on passing shall receive a certificate in the form entered in the Appendix.

8 The Courses of Study for the Primary or Preliminary Scientific Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

9 Exemptions (*vide Schedule*).

Intermediate Examination

1 The Intermediate Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November, or as near these dates as can conveniently be arranged.

The written part of the examination shall be held in the following order.—

Date	10 A.M. to 1 P.M.
Monday	Anatomy.
Tuesday . . .	Physiology.
Wednesday ..	Materia Medica and Pharmacology

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2 Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 25 at least 21 days before the date fixed for the commencement of the examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects —

- (a) Anatomy
- (b) Physiology.
- (c) Materia Medica and Pharmacology.

4 The Examination shall be written, oral and practical. There shall be one paper in each subject. Three hours shall be allowed for each paper—

I.—The examination in Anatomy shall consist of—

- (i) A paper.
- (ii) An Oral and Practical examination.

II.—The examination in Physiology shall consist of—

- (i) A paper
- (ii) An Oral examination
- (iii) A Practical examination as defined in the *Syllabus*.

III.—The examination in Materia Medica and Pharmacology (including Pharmacy) shall consist of—

- (a) A paper.
- (b) An Oral examination
- (c) A Practical examination

5. Full marks for each subject and the minimum pass marks shall be as follows —

SUBJECT	Written.	Oral and Practical	Total.	Pass marks in total	Pass marks in oral and practical.
Anatomy	500	500	1,000	400	200
Physiology	500	500	1,000	400	200
Materia Medica ...	500	500	1,000	400	200

6. A Candidate who fails in not more than one subject shall, on payment of Rs. 15, be permitted to appear at the next six-monthly Examination only in that subject, and, on passing, shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination.

7. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 25 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of the Institution in the subject or subjects in which he has failed, provided that any Candidate who has failed four times will not be admitted to further Examination except on the special recommendation of the Head of the College or School.

8. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate on passing shall receive a certificate in the form entered in the Appendix.

9. The Courses of Study for the Intermediate Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

The Final Examination

1. The Final Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November, or as near as these dates as can be conveniently arranged.

The written part of the Examination shall be held in the following order —

Date	10 A M to 1 P M	2 to 5 P M
Monday	Medicine and Therapeutics	Hygiene
Tuesday	Surgery and Ophthalmology	General Pathology.
Wednesday	Midwifery, Gynaecology and Diseases of Children	Medical Jurisprudence

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 40 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish the certificates as required in the *Schedule*.

3. The Final Examination may be divided into two parts as defined below. Each part may be taken separately—

- 1st Part ... {
Medicine.
Surgery.
Midwifery
2nd Part . {
Pathology
Medical Jurisprudence
Hygiene

4. The Candidate shall be examined in the following subjects—

- 1st Part .. {
Medicine and Therapeutics
Surgery and Ophthalmology
Midwifery, Gynaecology and Diseases of Children
2nd Part ... {
General Pathology.
Medical Jurisprudence
Hygiene

5 The Examination shall, except as hereinafter stated, be written, oral and practical. There shall be one paper in each subject for which three hours shall be allowed—

I.—The Examination in Medicine shall consist of—

- (a) a paper
- (b) an Oral Examination.
- (c) a Clinical Examination (Practical)

II.—The Examination in Surgery shall consist of—

- (a) a paper
- (b) an Oral Examination.
- (c) a Clinical Examination
- (d) an examination in Operative Surgery. } Practical

III.—The Examination in Midwifery, etc., shall consist of—

- (a) a paper.
- (b) an Oral and Practical Examination.

IV.—The Examination in Pathology shall consist of—

- (a) a paper.
- (b) an Oral Examination
- (c) a Practical Examination.

V.—The Examination in Medical Jurisprudence shall consist of—

- (a) a paper.
- (b) an Oral Examination.

VI.—The Examination in Hygiene shall consist of—

- (a) a paper
- (b) an Oral Examination

5 Full marks for each Subject and the minimum pass marks shall be as follows —

—	Written	Oral	Practical	Total	Minimum pass marks in total	Minimum pass marks in oral and practical
Medicine	500	500	500	1,000	400	200
Surgery	500	500	500	1,000	400	200
Midwifery	500	500	500	1,000	400	200
General Pathology	500	500	500	1,000	400	200
Medical Jurisprudence	500	250	250	750	300	100
Hygiene	500	250	250	750	300	100

6. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 40 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of his Institution in the subject or subjects in which he has failed, provided that (a) any Candidate who has failed four times in either part will not be admitted for further Examination, and (b) any Candidate who has passed in two subjects in one or both parts shall be exempted from passing in those subjects in any future Examination.

7. As soon as possible, after the Examination, the Governing Body shall publish a list of the successful Candidates in alphabetical order. Every such Candidate shall receive a diploma in the form given in the Appendix.

8. The Courses of Study for the Final Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

EXAMINATION FOR A LICENTIATE OF THE STATE MEDICAL FACULTY.

The Primary Examination.

1 The Primary Examination shall be held twice a year, commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged

The written part of the Examination shall be held from 10 A.M. to 1 P.M.

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners

2 Every Candidate for the Primary Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 8 at least 21 days before the date fixed for the commencement of the Examination. He shall also produce certificates as required in the *Schedule*

3 Every Candidate shall be examined in Chemistry and Physics

The Examination shall be written, oral and practical. There shall be a written paper for which three hours will be allowed

4 Full marks for the subject and the minimum pass marks shall be as follows —

Subject	Written	Oral and practical	Total	Minimum pass marks in oral and practical	Minimum pass marks in Total
Chemistry and Physics.	500	500	1,000	200	335

5 A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. A Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs 8 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject, provided that after four failures he shall not be admitted to further Examination

6 As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix

7 The Courses of Study for the Primary Examination are defined in the *Schedule*. For details refer to *Syllabus*.

8 Exemptions (Vide *Schedule*)

The Intermediate Examination

1 The Intermediate Examination shall be held twice a year commencing on the 1st Monday in May and 1st Monday in November or as near these dates as can conveniently be arranged. The written part of the Examination shall be held in the following order —

Date	10 A.M. to 1 P.M.
Monday ...	Anatomy
Tuesday ...	Physiology.
Wednesday ...	Materia Medica and Pharmacy

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners

2 Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 12 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3 Every Candidate shall be examined in the following subjects :—

- (a) Anatomy
- (b) Physiology,
- (c) Materia Medica and Pharmacy

The Examination shall be written, oral and practical There shall be a written paper in each subject, three hours being allowed for the same

4 Full marks for each subject and the minimum pass marks shall be as follows —

SUBJECT	Written	Oral and practical	Total	Minimum pass marks in oral and practical	Minimum pass marks in Total
Anatomy ...	500	500	1,000	200	400
Physiology ...	500	500	1,000	200	400
Materia Medica and Pharmacy	500	500	1,000	200	400

5 Any Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 12 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject or subjects in which he has failed, provided that after four failures he shall not be admitted to further examination

6 A Candidate who fails in one subject only shall on payment of Rs. 8 be permitted to appear in that subject at the next six-monthly Examination only If he passes he shall be held to have passed the entire Examination A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination

7 As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix

8 The Courses of Study for the Intermediate Examination are defined in the *Schedule* For details refer to *Syllabus*

9 Exemptions (*Vide Schedule*)

The Final Examination

1 The Final Examination shall be held twice a year commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged

The written part of the Examination shall be held in the following order —

Date	10 A M to 1 P M	2 to 5 P M
Monday	Medicine including Medical Pathology and Therapeutics	Medical Jurisprudence and Hygiene, including Vaccination.
Tuesday	Surgery, including Surgical Pathology and Operative Surgery	
Wednesday	Midwifery and Gynæcology	

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 30 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects:—

- (a) Medicine, including Medical Pathology and Therapeutics.
- (b) Surgery, including Surgical Pathology and Operative Surgery
- (c) Midwifery and Gynæcology
- (d) Medical Jurisprudence and Hygiene, including Vaccination.

4. The Examination shall be written, oral and practical. There shall be one written paper in each of the four subjects, for which three hours shall be allowed

(1) The Examination in Medicine and Therapeutics shall consist of—

- (a) A written paper,
- (b) An Oral Examination,
- (c) A Clinical Examination

(2) The Examination in Surgery shall consist of—

- (a) A written paper,
- (b) An Oral Examination,
- (c) A Clinical Examination
- (d) Minor Operative Surgery

(3) The Examination in Midwifery and Gynæcology shall consist of—

- (a) A written paper,
- (b) An Oral and Practical Examination

(4) The Examination in Medical Jurisprudence and Hygiene shall consist of—

- (a) A written paper,
- (b) An Oral Examination,

5. Full marks for each subject and the minimum pass marks shall be as follows:—

SUBJECT	Written	Oral and practical	Total	Minimum pass marks in oral and practical.	Minimum pass marks in Total
Medicine, including Medical Pathology and Therapeutics	500	500	1,000	200	400
Surgery, including Surgical Pathology and Operative Surgery.	500	500	1,000	200	400
Midwifery and Gynæcology.	500	500	1,000	200	400
Medical Jurisprudence and Hygiene including Vaccination.	500	500	1,000	200	400

6. A Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 30 on each occasion, and on producing a certificate that he has since the last Examination received further instruction in the subject or subjects in which he has failed, to the satisfaction of the Head of the Institution.

7. A Candidate who fails in not more than two subjects may appear at any subsequent Examination in the subject or subjects in which he has failed, provided that he has within the previous six months undergone a further

course of instruction in these subjects, to the satisfaction of the Head of his College or School. The fee for re-examination shall be Rs 10 in each subject.

8. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a diploma in the form entered in the Appendix.

9. The Courses of Study for the Final Examination are defined in the *Schedule*. For details refer to *Syllabus*.

General Rules, including the appointment of Examiners.

1. THE Secretary shall, at such time as the President may determine, send to all members of the Governing Body a circular, requesting them to forward within 14 days the names of persons whom they consider suitable for appointment as Examiners.

2. Such recommendations with any applications from candidates for Examinerships received by the Secretary shall be referred to the Governing Body, who shall consider them at a special meeting convened for this purpose. In appointing Examiners the selection shall not necessarily be limited by these recommendations and applications.

3. There shall be two Examiners in each subject. Of the two Examiners one at least shall be a Professor or Teacher in that subject at a Recognised College or School. The second Examiner shall be selected on the grounds of possessing recent knowledge of the subject. Examiners shall ordinarily and subject to the approval of the Governing Body hold office for two years and shall be eligible for re-appointment only after the expiry of two years from the date of vacating office.

4. The oral, practical and clinical examinations shall be conducted by the two Examiners jointly. The written papers shall consist of two parts set jointly by the Examiners, each Examiner being responsible for reading and marking his own part.

5. Examiners in setting papers and in conducting the oral and practical examinations shall be guided as to the scope of the subject of examination by the Syllabus prescribed by the Governing Body.

6. The papers shall be delivered by the Examiners in person to the Secretary or sent to him in a sealed double cover *on or before* a date to be prescribed by the Governing Body. No copy of the questions set shall be retained by the Examiners.

7. Rolls containing the names of the candidates with spaces for the marks awarded and giving the dates on which the rolls have to be submitted will be supplied by the Secretary. Examiners are required to keep the results of the examinations and the marks assigned to Candidates strictly secret.

8. The results of the examination shall be submitted to the Secretary on or before the date fixed by the Governing Body.

9. As soon as possible after the tabulation of the results by the Secretary all the Examiners shall meet and draw up a report on the examination for the consideration of the Governing Body. The President of the State Medical Faculty shall be *ex-officio* President of the Board of Examiners.

10. No Candidate shall be declared to have passed unless he has attained the standard laid down in the Rules.

11. As soon as possible after the report of the Examiners has been considered by the Governing Body, the Secretary shall publish a list of successful Candidates in alphabetical order.

12. The Examiners shall not destroy the papers examined by them until 15 days after the results have been published.

RULES FOR THE GUIDANCE AND CONDUCT OF CANDIDATES DURING EXAMINATIONS.

1. The written Examination will commence on _____ and will continue up to _____. The dates and place of the Oral and Practical Examination will be fixed by the Secretary after consultation with the Examiners.

2. Candidates suffering from any illness or disease which would render their presence in any way prejudicial to the general body of Students under examination will not be allowed into the Examination Hall or will be expelled if found in the Hall

3. The doors of the Examination Hall shall be opened on the first day half an hour before the Examination takes place and on subsequent days a quarter of an hour before. No Candidate shall be admitted to Examination under any pretext later than half an hour from the commencement of the Examination. Candidates will be required to give up their answer books to the officer superintending the Examination precisely at 1 P M and 5 P M

4. Candidates before they enter the Examination Hall must leave outside any books, notes or papers they may have with them except the Receipt allowing them to attend the Examination which Candidates must bring with them each day. Candidates must provide their own pen-holders and pens.

5. A seat, with a number corresponding to that on his Receipt will be allotted to each Candidate and a book in which to write his answers will be found on his desk

6. Candidates must take their seats at least five minutes before the time fixed for giving out the papers which is at 10 A M and 2 P M

7. Any Candidate detected in helping another or attempting to obtain unfair assistance, will be struck off the list of Candidates. No communication whatever between Candidates, while under examination, will be allowed. Candidates are not permitted to have in their possession, while in the Examination Hall, any book, memorandum, or pocket-book, notes or papers whatsoever (even if these papers are in no way connected with the subject under examination) except the question paper, the Secretary's receipt and the book provided by the Faculty for writing out the answers, with a sheet of blotting paper. Candidates disregarding this caution are liable to the same penalty as those using unfair means

8. No Candidate, without the permission of the Presiding officer is to leave his seat or the Examination Room until conclusion of the Examination.

9. Every Candidate will write on the outside of his answer-book, his name, and roll number. He will write on one side of the paper only leaving a quarter margin. Any Candidate attempting to render the identification of his answer paper impossible or difficult by giving a false name and number or by intentionally omitting to state his name and number as required above, will have his name removed from the list of Candidate and shall be reported to the Governing Body for such further action as may be necessary

10. Any Candidate found guilty of making any objectionable or improper remarks on his answer papers will be reported to the Governing Body for such action as they may deem fit

11. No Candidate will be allowed to leave the room until an hour has elapsed from the time when the papers are given out

12. No Candidate will be allowed to re-enter the Examination Room during the hours of Examination after once quitting it or to leave the room without finally giving up his answer papers. In case of urgent necessity, a Candidate may, with the special permission of the Presiding Officer temporarily leave the Examination Room, but during his stay outside he must be under the surveillance of a thoroughly trustworthy person to be deputed by the Presiding Officer for that purpose.

13. A Candidate, having completed his paper, must hand it to the Presiding Officer before leaving the Examination Hall. The answer paper must, on no account be left on the desk

14. Any Candidate, wishing to ask a question will rise from his seat and remain standing until the Presiding Officer or his representative comes to him, but he will, on no account, leave his seat nor will he be allowed to make any noise to call the attention of the Presiding Officer

15. Friends and guardians of Candidates will not be allowed to enter the Examination Hall. The entrance of persons, unconnected with the Examination into the Hall is strictly forbidden

16. Precisely five minutes before the time fixed for giving out the question papers, a warning bell will be rung as a signal for all Candidates to take their seats. After the warning bell has been rung any outsider found loitering in the Hall or, in or near the entrance to the Hall will be expelled

MEMBERSHIP EXAMINATION.

Syllabuses of the subjects for study at the Preliminary Scientific Examination.

INORGANIC CHEMISTRY

LECTURES

CHEMICAL and physical changes Laws of chemical action Indestructibility of matter The balance, weights and measures Elements and compounds Classification of the elements Periodic law Atoms and molecules Symbols and formulæ Valency Equations Atomic weights Molecular weights Laws of chemical combination Dalton's Atomic theory Avogadro's law Calculation of formulæ from percentage composition and calculations relating to weight and volume

The principles of gravimetric and volumetric analysis with special reference to their application in the subsequent work of the Student

Classification of the elements Acids, bases and salts Chemical nomenclature and terminology

Study of the following with special reference to their subsequent application —

Oxygen—Oxides Ozone Allotropy

Hydrogen—Water, its composition by synthesis and analysis Impurities of water Hard and soft water Elements of water analysis Peroxide of Hydrogen

Nitrogen—Atmospheric air Nitric Acid Oxides of Nitrogen Nitrates and Nitrites Ammonia and Ammonium salts

Carbon—Its oxides Relation of Carbon Dioxide to animal and plant life Coal and coal gas Combustion Structure of flame. Cyanogen Hydrocyanic Acid, Metallic Cyanides

The Halogens—Chlorine, Bromine, Iodine, Fluorine Their compounds with Hydrogen Chlorides, Bromides and Iodides. Hypochlorites, Hypobromides Chlorates, Iodates

Sulphur—Its oxides Sulphuric Acid, Sulphurous and Hyposulphurous acids and their salts Sulphides Carbon Disulphide

Phosphorus.—Oxides and oxyacids Phosphates Phosphuretted Hydrogen

Boron and Silicon—Their oxides Boric Acid and Borax Silicic Acid and Dialysis Glass and Porcelain

The commoner Metals and Metalloids.—The common compounds of the following, having special regard to such as find application in the subsequent work of the Student—Arsenic, Antimony, Bismuth, Sodium, Potassium, Calcium, Barium, Magnesium, Zinc, Silver, Mercury, Copper, Iron, Aluminium, Chromium, Manganese, Tin, Lead, Platinum

Special attention will be paid to the general properties and reactions of compounds of medicinal and medico-legal importance and their methods of detection

PRACTICAL COURSE

The use of the balance. The preparation of common inorganic substances specially such as are employed in Medicine, and their purification by precipitation, crystallisation or distillation. Performance of experiments involving solution, filtration, oxidation and reduction.

Preparation and study of the principal properties of Hydrogen, Oxygen, Nitric Acid, Ammonia, Carbon Dioxide, Chlorine, Hydrochloric Acid, Sulphur Dioxide and Sulphuretted Hydrogen.

Determination of the composition of water by electrolysis.

Qualitative analysis of a simple salt containing one basic and one inorganic acid radicle.

Detection of common impurities in inorganic substances employed in Medicine such as Chlorine in Hydrochloric Acid, Oxides of Nitrogen in Nitric Acid, Lead in Sulphuric Acid, Arsenic in medicinal salts, Iodine in Potassium Iodide, Mercuric Chloride in Mercurous Chloride, etc.

Volumetric determinations involving simple applications of Alkalimetry and Acidimetry Estimation of Chlorides by the Thiocyanate and Chromate methods

ORGANIC CHEMISTRY

LECTURES

Methods by which organic compounds are purified and by which their purity and composition are established

Empirical and molecular formulæ Determination of molecular weights. Determination of melting and boiling points Fractional distillation.

The general properties of such of the principal types of organic compounds as are enumerated below —

Aliphatic compounds

Paraffins—Methane and Ethane.

Unsaturated hydrocarbons—Ethylene and Acetylene

Alcohols and their derivatives—Methyl Alcohol, Ethyl Alcohol and Glycerol

The lower Aldehydes—Formaldehyde and Chloral Hydrate Ketones, acetone

Acids—Formic, Acetic, Lactic, Oxalic, Tartaric and Citric

Ethyl Ether

Esters, hydrolysis including saponification

Carbohydrates The common sugars—Glucose, Lactose, Maltose and

Cane-sugar Starches Glucosides

Uric Acid and cyanides

Urea.

Aromatic or Cyclic series

Benzene and its simple derivatives

Phenols—Phenol and Resorcinol

Benzoic Acid and Salicylic Acid

The common vegetable Alkaloids

PRACTICAL COURSE.

Detection of the following elements in organic combination —

Carbon, Hydrogen, Nitrogen, Sulphur, Phosphorus and Chlorine

Preparation of a fatty acid from a fat

Preparation of a salt from an organic base and *vice versa*

Recognition of important Alkaloids

Tests for the following —

Ethyl alcohol, Acetic Acid, Oxalic Acid, Salicylic Acid, Phenol, Glucose, Cane-sugar and Urea.

Analysis of Urine and Urinary Calculi.

A B.—The whole subject of Chemistry is to be treated in an elementary way and with special regard to the subsequent work of the Student.

PHYSICS

LECTURES

(a) *General ideas.*

Units of measurement and definition of mass, force and motion.

Laws of motion

Velocity and acceleration.

Weight and gravitation

Work and energy

General properties of solids, liquids and gases

Laws of pressure of liquids and gases, measurement of pressure

The atmospheric pressure The barometer. Air pump Syphon

Equilibrium of floating bodies

Specific gravity, hydrometer, urinometer and lactometer

The pendulum

(b) *Heat*

Laws of expansion of solids, liquids and gases under heat

Measurement of temperature, thermometer, the clinical thermometer, the maximum and minimum thermometers

Vapour pressure and its measurement Boiling point Dew point Hygrometers.

Formation of Clouds, Rain, Fog, Dew, etc.

Quantity of heat Specific heat Changes of State Latent heat

Conduction, convection and radiation of heat Reflection and absorption of heat

(c) *Sound*

The production and propagation of sound

Reflection and refraction of sound

Relation between frequency and pitch

Vibration of strings Sonometer

Vibration of the air columns Organ pipes

Human Voice The Ear

The Stethoscope

(d) *Light.*

Sources of light

Propagation of light.

Shadows Photometers

Reflection and refraction of light.

Mirrors. Prisms Lenses Chromatic dispersion

Spectrum Spectroscope Colours

The microscope The telescope The eye, mechanism, of vision. short and long sight, Me

(e) *Magnetism and Electricity*

Properties of magnets Methods of magnetisation

Simple phenomena of magnetism and magnetic induction

The earth as a magnet Mariner's compass.

Electrical attraction and repulsion

Properties of conductor and non-conductor

Electrical induction

Distribution of electrification on conductors

Capacity and potential

Simple condensers Leyden jar

Electrophorous Electroscopes

Frictional machines—Wimshurst machine.

Atmospheric electricity. Lightning conductor

Voltaic cell

Electric current.
 Batteries.
 Galvanometer.
 Electromotive force and resistance
 Ohm's law Volt Ohm Ampère
 Heating effect of current.
 Elementary phenomena of electrolysis
 Electro-magnets
 Induced currents The induction coil
 Rontgen Rays
 Medical batteries

PRACTICAL COURSE

Length measurements by millimetre rule
 Eye estimation of tenths of a division
 Use of vernier.
 Determination of areas and volumes by measurements of linear dimensions
 Specific gravity of solids and liquids
 Use of the hydrometer
 Reading the barometer
 Use of thermometers
 Determination of melting and boiling points
 Humidity determination Wet and dry bulb thermometer Daniel's Hygrometer
 Verification of the laws of reflection and refraction of light at plane surfaces
 Focal length of concave mirrors
 Focal length of convex lenses
 Use of microscope
 Use of spectroscope
 Mode of making a simple electro-magnet
 Use of gold leaf electroscope
 Construction of a common battery
 Use of simple galvanometer
 Use of simple induction coil
 Use of magneto-electric machine

BIOLOGY

LECTURES AND PRACTICAL COURSE

An elementary knowledge of the structure and functions of animals and plants The subject should be treated very simply under the following headings —

- (1) Cells, animal and vegetable The different kinds of cells and their arrangement in the tissues The germ cells, spermatozoon and ovum, pollen and ovules, fertilization, segmentation and development, treated very simply
- (2) Metabolism in a broad sense, to include nutrition, growth, respiration, excretion, secretion and the storing of reserve material
- (3) Irritability, response to outer influence, stimuli, etc. Adaptability, movement, contraction, rhythmic movement. The circulation of fluids

The subject to be illustrated chiefly by reference to the following types which candidates will be required to dissect and examine microscopically —

Amoeba—Vorticella—Monocystis—Hydra—the earth-worm (Pheretima)—the pond-mussel (Unio)—the prawn (Palæmon)—Frog—Guinea-pig.
 Pleurococcus—Spirogyra—Yeast—Mucor—Fern—Pinus—the Maize plant—the Pea plant—Hibiscus (for secondary thickening).

Candidates must be prepared to examine and describe the parts of various flowering plants in simple technical terms. The examination in this part of the subject will be conducted so as to test the candidate's ability to observe carefully and describe with accuracy, rather than his knowledge of botanical terminology and classification.

Syllabuses of the subjects for Study at the Intermediate Examination.

MATERIA MEDICA

LECTURES

The systematic course of lectures will deal briefly with the natural history, and the physical and chemical properties of all drugs and medicinal agents mentioned in the British Pharmacopœia and will also include a full account of their pharmacological action upon the chief functions of the body, viz, Circulation, Respiration, Digestion, Absorption, Secretion and Excretion, Metabolism, Heat regulation, Motor, Sensory and Reflex mechanism, and the chemical transformations undergone in the body by the principal medicinal substances. The therapeutic use and modes of administration of the official drugs and medicinal agents will also be included in the lectures.

PRACTICAL COURSE

A course of instruction in Practical Pharmacy including practical knowledge of the preparation of medicines and of the constituents of the more important compounds of the British Pharmacopœia, as also prescription writing.

PHYSIOLOGY

LECTURES

The general Histology of the Animal cell, Epithelial and Connective tissues. Histology and Physiology of the Contractile tissues. Blood and Lymph. The Circulation of the Blood and Lymph. The Innervation and Nutrition of the Heart and the Innervation of the Blood vessels.

The Histology of the organs of Respiration, and the Physiology of Respiration including the chemistry thereof.

The general chemical composition of the body. The Chemistry of Digestion and Absorption. The Physiology of Absorption. Excretion and Metabolism. Animal Heat. Ductless Glands. Internal secretions. The Structure and Functions of the Central Nervous system, and organs of the special Senses. Reproduction.

PRACTICAL COURSE (INCLUDING THE SCOPE OF THE TEACHING).

(1) *Experimental Physiology.*

A practical knowledge of the working of the more important physiological instruments including a knowledge of the chief experiments illustrating the functions of the organs and tissues of the body and the methods used in recording the results obtained in a graphic manner.

The course shall include—

- I.—*Muscle-nerve preparation*.—Result of stimulation of different forms of stimuli—Action of interrupted and constant currents—Tetanus—Muscle Sound—Fatigue—Work done—Influence of Temperature, Load, Drugs Elasticity and Extensibility of muscle—Electrotonus—Reaction of Degeneration, etc.
- II.—*Frog's Heart*—Graphic record of beat—Stannius' experiment—Gaskell's Clamp—Latent Period of Heart—Action of heat, cold and constant current—Innervation Endocardiac pressure. Action of Drugs on Frog's Heart, etc
- III.—*Mammalian Heart*—Its Nutrition—Perfusion experiments. Cardiac Impulse—Sounds—Cardiograph—Action of Drugs, etc.
- IV.—*Blood Vessels*—Pulse—Sphygmographic Tracings. Blood pressure and methods of measuring it. Stromuhr—Kymograph—Manometers, etc—clinical methods of measuring blood pressure—Plethysmographs, etc
- V.—*Lungs*—Vital Capacity—Elasticity of Lungs Pneumograph. Laryngoscope, etc
- VI.—*Reflex action*—Knee-jerk Action of Poisons on Nervous system
- VII.—*Eye*—Accommodation—Phakoscope—Astigmatism and other defects Phosphenes—Retinal shadows—Perimetry. Colour-vision—Colour Blindness—Contrast Stereoscope Ophtalmoscope, etc
- VIII.—*Cutaneous Sensations*—Cold, Heat, Pressure and Pain-spots—Muscular Sense—Resistance, etc
- IX.—*Taste, Smell, Hearing*—Stereognostic Sense, etc

(2) Normal Histology

Methods of preparation of the different tissues of the body for histological purposes —

- (1) Hardening, Embedding, Section-cutting, Staining and Mounting.
- (2) Histology of the Blood Enumeration of red and white blood corpuscles Differential count of the white blood corpuscles. Crystals of Hæmoglobin
- (3) Recognition of sections of the different tissues of the body

(3) Chemical Physiology.

- (1) General chemical reactions and composition of Carbohydrates, Fats, Proteids and allied substances
- (2) Chemical composition of Animal and Vegetable Food-stuffs
- (3) Chemistry of Digestion—Action of Saliva, Gastric Juice, Succus Entericus and Bacterial Digestion
- (4) The Liver and products of its activity
- (5) The Blood—Estimation of alkalinity and gases of blood. Coagulation time. Estimation of Hæmoglobin. Spectroscopic examination of blood pigments. Simple methods of detection of blood stains
- (6) Chemistry of Urine.—Testing of Normal and Pathological urine including examination of urinary Sediments Estimation of Uric acid, Urea, Albumen, Sugar, Chlorides, Phosphates and total Nitrogen Pigments of urine. Polarimeter
- (7) Chemistry of Gastric Juice. Estimation of acidity. Tests for Hydrochloric acid, Lactic acid, Butyric acid.
- (8) Cryoscopy. Osmosis and Osmotic Pressure
- (9) Analysis of gases of expired air

At the Practical Examination the Student is expected to show his acquaintance with normal histology and with the methods employed for the demonstration of the fundamental physiological processes, as laid down in

the Syllabus and to carry out such chemical manipulations or simple experiments as are comprised therein. Special stress will be laid on such methods as are applicable to man or have bearing on the subsequent work of the Student. He will be expected to show knowledge of the following subjects laid down in the Practical Syllabus.—

I—*Experimental Physiology*

The uses of the more important physiological apparatus Physiological experiments —

(1) Nerve and Muscle—Single contraction, Tetanus, Excitability, Fatigue, etc. Modifications of contractions under different conditions (The graphic method to be made use of)

(2) Experiments on frog's heart—Stannius' experiment, action of heat and cold. Cardiograph. Action of drugs on heart's beat, etc

(3) Method of using the common forms of Sphygmographs. Tracings to be made

(4) Estimation of blood pressure and the use of the common Sphygmomanometers

(5) Nervous regulation of Respiration. The Stethometer and Pneumograph

(6) Reflex action

(7) Experimental Physiology of the Eye. Accommodation, Colour sense. Perimetry, etc

II—*Normal Histology*

A knowledge of preparation of tissues for microscopic examination, fixing, hardening, embedding, section-cutting, staining, clearing, mounting, and recognition of specimens

Enumeration of red and white blood corpuscles.

III—*Physiological Chemistry.*

A practical knowledge of the coagulation time and alkalinity of the blood. Estimation of Hæmoglobin of the blood

Chemical composition of and tests for—

Carbohydrates and Fats, Proteids, principal food-stuffs, Saliva, Products of Peptic and Pancreatic digestion including tests for Hydrochloric acid, lactic acid. Bile. Blood. Milk. Urine.

Quantitative estimation of Albumen, Sugar, Urea and Chlorides in urine

The use of simple Spectroscope and Saccharimeter.

Syllabuses of the Subjects of Study at the Final Examination.

PATHOLOGY.

LECTURES,

General Pathology.—Health and disease. Aetiology. Heredity and environments. Defects of development. Processes of Infection and Immunity. Disorders of Nutrition and Auto-intoxication. Dropsy. Disorders of the blood and circulation. Processes of inflammation and repair. The process of fever. Degenerations and retrogressive changes. Tumours and

specific granulomata The more important structural changes produced in the organs and tissues by disease as recognised by the naked eye and microscopical investigations

Bacteriology.—The Morphology and Biology of the following Micro-organisms —Pyogenic Cocci, Pneumococcus and Gonococcus, B. Coli Communis, B. Anthracis, B. Diphtheriæ, B. Lepræ, B. Tetani, B. Tuberculosis; B. Typhosus, Vibrio Cholerae Asiaticæ, B. Pestis, Streptothrix Actinomyces group, B. Dysentericus, M. Melitensis, Diplococcus Intracellularis Meningitidis, B. Influenzæ, Spirillum Obermeieri, Spirochæte of Syphilis, Pathogenic moulds

Parasitology —The Morphology and Biology of the following —Hæmatozoon Malariae, Amœba coli, Amœba dysenterica, Trypanosomes, Distomum Hepaticum, Distomum Crassum, Ascaris lumbricoides, Oxyuris vermicularis, Trichina Spiralis, Ankylostomum duodenale, Filaria Sanguinis Hominis, Dracunculus Medicinensis, Tricocephalus Dispar, Tænia Solium, Tænia Mediocanellata, Tænia Echinococcus, Bothriocephalus latus, Bilharzia hæmatobia, Parasite of Kala-azar, Amphistomum Hominis; Acarus Scabiei, Pediculi.

PRACTICAL COURSE

Technique of collection and pathological examination of morbid material such as Blood, Gastric and Intestinal contents, Urine, Pus, Sputum and Exudates

A practical knowledge of the apparatus used for bacteriological work, viz, Hot air Steriliser, Steam Steriliser, and Incubator Preparation of culture media Culture and inoculation methods

Preparation, section cutting, staining and mounting of pathological tissues, and their microscopical examination with a view to their recognition.

MEDICAL JURISPRUDENCE

LECTURES

Medical evidence with special reference to Indian Evidence Act Medico-legal Reports Dying declaration

Signs of Death Post-mortem stains Rigor Mortis. Cadaveric Spasm Putrefaction in Air Putrefaction in Water Mummification Formation of Adipocere

Examination of the Dead Body Post-mortem Examination in Medico-legal cases

Age in its Medico-legal relations. Development of the foetus Changes after birth The teeth Ossification and the Union of Epiphyses

Identity of the living Identity of the dead Sexual characteristics of the skeleton

Modes of dying Causes of sudden death.

Toxicology Diagnosis and general treatment of poisoning Evidence of poisoning in the dead Local effects produced by poisons, disease and post-mortem changes Preservation of viscera for analysis The detection of poisons by chemical and physiological tests Toxicology of the following poisons.—Mineral Acids, Corrosive alkalies, Carbolic Acid, Corrosive sublimate, Oxalic Acid, Salts of Copper, Lead, Antimony, Arsenic and Phosphorus Cyanogen compounds Alcohol Chloroform, Chloral Hydrate Kerosene oil. Carbon Dioxide, Carbon Monoxide. Sulphuretted Hydrogen Opium. Strychnine Aconite Datura, Belladonna, Cannabis Sativa Cocaine. Oleandar Calotropis gigantea Plumbago Zeylanica Snake venom. Ptomaines

Death caused by burns or scalds. Mechanical injuries and wounds Chemical, Microscopical and Spectroscopical Examination of blood stains and other stains.

Modes of death resulting from Asphyxia. Hanging. Strangulation. Suffocation. Drowning. Resuscitation from drowning.

Death from lightning, from the electric current. Heat-stroke. Death from cold

Causation, symptoms and post-mortem appearances of Starvation

Medico-legal questions relating to pregnancy, delivery and abortion, infanticide, criminal offences, legitimacy.

Forms of Insanity. Delusions, illusions, hallucinations Criminal responsibility Modes of placing lunatics under restraint Medical certificates. Lunacy certificates Examination of Lunatics Testamentary capacity. Feigned insanity Placing habitual drunkards and cocaine eaters under restraint

HYGIENE

LECTURES

Air, in relation to Health and Disease —The causes and sources of the impurities found in air The diseases conveyed through the air The quantity of air necessary for health The principles of Ventilation

Water, in relation to Health and Disease —The character and classification of drinking-water The causes and sources of the impurities found in water and the methods of Purification The diseases conveyed by water and the methods of dealing with epidemics of such diseases Water-supply Methods of purification and filtration Character of good drinking-water

Food, in relation to Health and Disease —Dietetics The common adulteration of the chief articles of Diet. Diseases connected with deficiency or impurity of food-supply

Soil, in relation to Health and Disease —The Causes and Sources of the Impurities in the Soil and the Methods of dealing with them Diseases connected with the Soil The Method of dealing with Excreta and Sewage.

The Dwelling, in relation to Health and Disease —The construction of the Dwelling House, with reference to (a) the proper access of sunlight and air, (b) Methods of natural and artificial ventilation, warming and water-supply, and (c) the disposal of refuse and excremental matters. The situation and soil of the Dwelling House

Personal Hygiene with special reference to clothing in the Tropics.

The General Principles and Methods of Preventive Inoculation and Disinfection.

The Aetiology and Prevention of Epidemic and Endemic Diseases.

Disposal of the Dead in Hot Climates.

The Climate in the Tropics.

The powers and legal obligations of Medical Practitioners under the Municipal Act, the correct certification of the cause of death.

OPHTHALMIC SURGERY.

Examination of the Eye.—(a) Objective (b) Functional.

Diseases of the Conjunctiva, Cornea, Sclerotic, Iris, Ciliary Body, Chorooid, Lens, Vitreous, Retina, Optic Nerve, Lids, Lachrymal Organs and Orbit Congenital Defects Amblyopia and functional disorders of sight. Glaucoma.

Disturbances of mobility of the Eye Optical properties of the normal Eye and the theory of Spectacles. Anomalies of Refraction and Accommodation. Operations and their technique. Practical instruction in Ophthalmology and Refraction.

EXAMINATION FOR THE LICENSE.**Syllabuses of the subjects for Study.****CHEMISTRY.****LECTURES**

CHEMICAL and physical changes. Indestructibility of matter Elements and compounds Mechanical mixtures Chemical symbols and formulæ Laws of chemical combination Atomic theory. Simple methods of preparation and principal properties of the following —

Oxygen, Hydrogen, Nitrogen, Carbon, Chlorine, Bromine, Iodine, Fluorine, Sulphur, Phosphorus, Ammonia, Nitrous oxide, Nitric oxide, Nitric peroxide, Nitric acid, Carbon monoxide, Carbon dioxide, Hydrochloric acid, Hydrobromic acid, Hydriodic acid, Hydrofluoric acid, Sulphur dioxide, Sulphuric acid, Sulphuretted hydrogen, Oxides and Sulphides of Arsenic, Boric acid, Hydrocyanic acid

A study of the following — Water, Air, Marsh gas Bases, Acids and Salts

General properties of the following metals and the preparation and properties of their undermentioned compounds —

Potassium — Its Hydroxide, Carbonate, Nitrate, Chlorate, Iodide, Bromide, Permanganate and Cyanide

Sodium — Its Hydroxide, Carbonate, Bicarbonate, Chloride, Sulphate.

Calcium — Its Oxide, Hydroxide, Carbonate and Chloride

Magnesium — Its Oxide, Chloride and Sulphate

Zinc — Its Oxide, Chloride and Sulphate

Mercury. — Its Oxides and Chlorides.

Lead — Its Oxides, Nitrate

Iron. — Its Oxides, Chlorides and Sulphates

Preparation and properties of the following organic compounds — Alcohol, Ether, Chloroform, Chloral Hydrate, Acetic acid, Oxalic acid, Carbolic acid

A study of the following — Starch, Dextrin, Cane sugar, Grape sugar, Fermentation, Soaps and Saponification.

Simple qualitative examination of urine and urinary calculus

N.B. — The whole subject of Chemistry will be treated in an elementary way

PHYSICS.**LECTURES**

(a) *States of matter* — General properties of solids, liquids and gases.

(b) *Hydrostatics* — Floating bodies, Specific gravity, Hydrometers, Osmo-

sis

(c) *Pneumatics*. — Atmospheric pressure, Barometers, Boyle's law, Air pumps, Syphon.

(d) *Heat*. — Sources and effects of heat Temperature. Measurement of temperature. Thermometers, maximum and minimum thermometers, the clinical thermometer. Radiation, conduction, convection Latent heat

(e) *Light*. — Sources of light. Reflection, refraction and dispersion of light Plane and concave mirrors Simple lenses and prisms The solar spectrum The eye as an optical instrument Long and short sight The microscope.

(f) *Sound* — Production and propagation of sound Reflection of sound Velocity of sound Musical sounds Intensity Pitch and quality Tuning forks.

(g) *Electricity and Magnetism* — Elementary properties of magnets, Electrification by friction and induction. The electrophorus. Gold leaf electroscope The Leyden jar Electric conductors *Dynamic Electricity* —

Voltaic cell. Electro-magnet. Simple galvanometer Induced currents
Medical batteries

A B —The subject of Physics will be treated in an elementary way

PRACTICAL COURSE IN CHEMISTRY AND PHYSICS

Use of simple instruments such as —Syphon, thermometer, barometer, microscope, induction coil, magnets, batteries, burettes, pipettes. Chemical Analysis of urine, tests for sugar, albumen and bile.

MATERIA MEDICA AND PHARMACY.

LECTURES

1. (a) Definition of the various technical terms used in describing the action and preparation of medical agents and drugs

(b) The uses and methods of preparation of the more commonly used official pharmaceutical preparations.

(c) Knowledge of apothecary's scales and weights, also the various measures, signs and symbols

2 The sources, preparations, composition, doses, physiological action, therapeutic uses, and incompatibilities (physical, chemical and physiological) of the more commonly used drugs and their preparations, according to the British Pharmacopœia, and the Indian and Colonial addenda

PRACTICAL COURSE

- 1 Recognition of crude drugs and their more important preparations
- 2 Reading and writing of prescriptions in English, labelling and marking doses, and writing of directions, etc
- 3 Practical pharmacy and exercises in dispensing

PHYSIOLOGY

LECTURES

I —*Histology* —The Animal Cell, Epithelial Tissues, Connective Tissue (Dentine and development of Bone excluded), Muscular tissue, Nervous tissue

II —*Contractile Tissues* —Simple contraction—Tetanus, Fatigue, Principal changes associated with contraction Differences in function between Voluntary and Involuntary muscles Rigor mortis

III —*Dietetics and Digestive System* —Food-stuffs—classification of—principles of Dietetics Structure of the Oesophagus, Stomach, Small and Large Intestines, Salivary glands, Pancreas and Liver Composition of Saliva and its functions Composition and functions of Gastric juice, Pancreatic juice, Bile and Succus entericus Functions of the Large Intestines Absorption of food-stuffs Functions of Liver Mechanism of Deglutition Peristalsis, Defæcation.

IV.—*Respiratory System* —Structure of Trachea, Bronchi and Lungs. Mechanism in respiration Exchange of gases during respiration, Tidal air, Complemental air, Supplemental air, Residual air. Vital capacity. Apnoea. Asphyxia and its stages Effects of Respiration on Circulation.

V —*Circulatory System* —

(a) *Blood* —Composition of—, Red and white corpuscles, varieties of White cells—their functions Coagulation of blood.

(b) *Heart* —Structure. Innervation. Cardiac cycle. Heart sounds —their character and causation Heart block.

(c) *Blood Vessels* —Histology of Arteries, Veins, and Capillaries. Mechanism of blood flow. Pulse—its normal characters. Interpretation of pulse tracing Blood pressure. Vascular tone.

VI.—*Lymphatic System*.—Structure of Lymphatic Glands and Vessels. Composition of Lymph. Mechanism of Lymph flow.

VII.—*Urinary System*.—Structure and functions of Kidney. Urine—Physical characters and chemical composition. Common abnormal ingredients and their detection. Mechanism of Micturition.

VIII.—*Cutaneous System*.—Structure of Skin. Function of Skin
Sweat glands—their structure Composition of Sweat.

IX.—*Animal Heat*—Its regulation in warm-blooded animals.

X.—*The Ductless Glands*.—Structure and functions of Thyroid, Spleen, Supra-renal and Pituitary bodies

XI.—*Nerves and Central System*—

(a) Classification of Nerves

(b) The Central Nervous system.

(i) *Brain*—Structure and functions of Cerebral Cortex—Rolandic area The Cortical centres.

(ii) *The Cerebellum*—Functions of Cerebellum

(iii) *The Medulla*—Vasomotor, Respiratory and Cardiac centres.

(iv) *The Spinal Cord*—Structure of the Spinal cord Tracts of ascending and descending degeneration Functions of the Spinal cord Spinal Nerve roots

(c) Vasomotor Nerves

XII.—*Special Senses*—

(a) *The Vision*—Formation of retinal image Mechanism of Accommodation Iris—Structure and function Common Errors of Refraction

(b) *Hearing*—Anatomy and structure of middle and internal Ear Conduction of sound waves Mechanism of hearing

(c) *Taste and Smell*—Varieties of Papillæ of the Tongue and their structure Nerves of Taste Olfactory nerves

(d) *Cutaneous and Motor Sense*—Varieties of the End organs Varieties of cutaneous sense Muscle sense

XIII.—*Reproductive System*—The male reproductive organs. The female reproductive organs Fertilization of the ovum The Mammary glands

PRACTICAL COURSE

(a) Identification of histological specimens of Epithelium, Connective tissues, Muscular tissue Medullated Nerves Specimens of Spleen, Kidney, Liver, Thyroid, Human blood, Frog's blood, Lung, Stomach

(b) Staining and mounting of sections of tissues mentioned above

(c) Preparation and staining of Blood films Recognition of Leucocytes

(d) Use of the Hæmoglobinometer and Sphygmograph and Sphygmomanometer

(e) Estimation of Glucose Tests for Glucose, Albumen, Bile

GENERAL PATHOLOGY

LECTURES

I—A knowledge of—

(a) Processes of inflammation and repair

(b) Process of fever

(c) Processes of infection and immunity (elementary)

(d) Disorders of blood and circulation.

(e) Disorders of nutrition and auto-intoxication

(f) Degenerations and retrogressive changes

(g) The progressive tissue changes including Neoplasms

II—Elementary Bacteriology and Parasitology—

To embrace the study and morphology of the following—

Pyogenic Cocci. *Bacillus Coli-communis*. *Bacillus Pestis* *Bacillus*

Tetani *Bacillus Tuberculosis*. *Vibro Cholerae*. *Hæmato-*

zoon malariae *Amœba coli* Parasite of Kala-azar. *Ascaris*

lumbricoides. Oxyuris vermicularis Ankylostomum duodenale. Filaria Sanguinis Hominis Tænia Solium. Acarus scabiei Pediculi.

III.—*Morbid Anatomy and Histology*.—The more important structural changes produced in organs and tissues by the more common diseases.

PRACTICAL COURSE

- (a) Identification of pathological specimens from microscopical sections of the commoner affected organs and tissues
- (b) Preparation of blood films
- (c) Recognition of malarial parasites
- (d) Preparation and staining of sputum for tubercle bacillus
- (e) Technique of collection and pathological examination of urine and pus

MEDICAL JURISPRUDENCE

LECTURES

- I—Unnatural and sudden deaths—Giving of medical evidence—medico-legal reports and certificates
- II—Death—Chief forms of unnatural deaths, accident, suicide, homicide, poisoning Signs of death Post-mortem lividity—Rigor mortis—Putrefaction—Mummification Time elapsed since death Post-mortem examination in medico-legal cases
- III—Identity of the living and dead—Age in its medico-legal aspect—The teeth, ossification—union of important epiphyses—Sexual characteristics of the skeleton
- IV—Wounds and mechanical injuries—Definition and varieties—distinction between ante-and post-mortem, suicidal and homicidal wounds Results following wounds Causes of death from wounds Injuries of special regions Examination of weapons and identification of materials adherent to weapons
- V—Deaths from Asphyxia—Hanging, strangulation, suffocation and drowning
- VI—Deaths from—Burns, scalds, heat, cold, electric discharge, and starvation
- VII—Signs of Virginity, Rape and Sodomy
- VIII—Signs of Pregnancy—Quickening—Period of human gestation—Prolonged gestation—Superfoetation—Viable age—Signs of delivery—recent and remote
- IX—Criminal abortion and infanticide Signs of live birth—Signs of death from violence, and criminal neglect or omission.
- X—Poisons—Actions of Diagnosis and treatment of cases of common poisoning Post-mortem appearances in cases of poisoning Preservation and transmission of viscera for analysis from suspected poisoning cases
- XI—Toxicology Mineral acids Alkaline corrosives Corrosive poisons—Sulphuric acid Carbolic acid Oxalic acid Phosphorus. Arsenic and its compounds Lead. Alcohol Chloral Hydrate Carbon Monoxide Carbon Dioxide Kerosene Oil. Opium Cannabis Indica Datura Belladonna Cocaine Strychnine and Nux Vomica Aconite Oleander Snake poison

HYGIENE AND VACCINATION

LECTURES.

- I.—*Air*.—Composition of— Vitiating, and impurities suspended and gaseous—Examination of air—Ventilation, natural and artificial methods—Diseases due to overcrowding.

II — *Water* — Sources, collection and storage — Uses — Impurities and Origin — Purification, wholesale and domestic — Water-borne diseases.

III. — *Climate and soil*. — Varieties — Rainfall — Sub-soil water — Building sites — Drainage.

IV — *Food and Diets*. — Classification and varieties of subsistence diets Diseases due to over-and under-feeding Preserved and tinned foods — Fermented beverages — Milk and its relation to infectious diseases.

V — *Personal Hygiene* — Cleanliness, clothing, exercise, rest and sleep.

VI — *Conservancy* — Methods in villages, jails, towns and cities — septic tanks — dry earth latrines — water-closets Disposal of sewage — Sewage Farms Disposal of dead.

VII — *Communicable Diseases and their Prophylaxis* — Endemic and epidemic — Plague, Cholera, Enteric, Tuberculosis, Malaria, Kala-azar, Elephantiasis, Rabies Anti-rabic inoculation Rôle of flies and suctorial insects in spreading diseases Rôle played by human carriers on spread of disease

VIII — *Disinfection*

IX — *Small-pox and Vaccination* — Prevalence, inoculation, dangers of vaccination Practical details of vaccination and methods of same Sources of vaccine lymph, preparation of skin, aseptic precautions Phenomena of successful vaccination

APPENDIX.

PRELIMINARY SCIENTIFIC OR PRIMARY EXAMINATION FOR
MEMBERSHIP OF THE STATE MEDICAL FACULTY.*(This application must reach the Secretary on or before the)*

APPLICATION.

TO THE SECRETARY OF THE STATE MEDICAL FACULTY.

SIR,

I REQUEST permission to present myself at the ensuing Preliminary Scientific Examination for the Membership of the State Medical Faculty.

The fee of Rupees is forwarded herewith.

I am,

SIR,

Yours obediently,

CERTIFICATE.

I CERTIFY that

The certificate has to be signed by the Principal of the College at which the candidate has studied.

_____ has fulfilled the requirements contemplated under clause I of the Schedule pertaining to the Preliminary Scientific Examination and that I know nothing against his moral character. I believe the subjoined account to be true. His age on the first day of the month of the Examination will be to the best of my information and belief years months.

Principal.

PARTICULARS TO BE FILLED IN BY THE CANDIDATE

Age

Date of passing the Matriculation Examination of a Recognised University or its equivalent

Date of passing the First or Intermediate Examination in Arts

Date of passing the Intermediate Examination in Science

Date of passing the B. A. or B. Sc.
Examination

Scientific subject or subjects in which the candidate has passed at the Intermediate Examination in Arts or Science or B. A. or B. Sc. Examination and in which he claims an exemption from examination under clauses 2 and 3 of the "Exemptions" specified in the Schedule

Particulars to be filled in by the Principal.

[illegible]

(This application must reach the Secretary on or before the _____.)

APPENDIX XXIII

(See paragraph 127)

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government situated along the Bankura-Taldangra road in the Bankura town, in the district of Bankura will be put up to sale at 12 noon on Friday, the 7th May 1915, corresponding with the 24th Baisakh 1322 B S at Bankura Collectorate

The purchasers of the several plots of land will be subject to the following conditions —

- 1st — If the amount of purchase money does not exceed Rs 100, the whole amount must be paid down at once
- 2nd — If the amount of purchase money exceeds Rs 10, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale
- 3rd — The plots of land will be sold revenue-free to the highest bidders
- 4th — The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it and a regular conveyance will then be granted to the purchaser

Bankura Collectorate, the 9th March 1915

A W. COOK, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Southern section of the Eastern Bengal State Railway, in the district of the 24-Parganas, will be put up for sale at Baranpur Railway station on 4th May 1915, corresponding with the 21st day of Baisakh, 1322 B.S., Tuesday, about 3-30 P.M.

The purchaser of the several plots of land will be subject to the following conditions —

1st —The purchaser will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or plough the land nearer than three feet from the same.

2nd —If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th —The plots of land will be sold revenue-free to the highest bidders

5th —The sale will become final on receipt, by the Collector, of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands

1 Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

- (i) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait
- (ii) The Middle Andaman excepting that portion to the west of Yelga and south of the main line cleared from the junction of the Chara lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea

2 Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Port Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands

3 Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter, but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited

4 The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract

5 The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound

6 The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed—

- (i) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs

- (ii) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second class logs,
4,000 tons of third-class logs.

The outturn in the last six years of the license will be determined by working plans to be drawn up hereafter

7 In addition the licensees will be permitted to cut, subject to previous marking, should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows—

Gurjan over 8 ft. in girth, *dudu* and *pumma* over 7½ ft. in girth, and *loko*, black *chuglam*, white *chuglam*, white *bambire*, red *bambire*, and *taungpau* over 6 ft. in girth

8 The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill

9 For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled, but thereafter minimum annual royalties will be payable as follows—

- (i) for the North Andaman, Rs. 1,00,000 per annum,
- (ii) for the Middle Andaman, Rs. 1,00,000 per annum,
- (iii) in case of a combined license for both islands, Rs. 2,00,000 per annum

10 Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound, which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them

11 Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands

12 The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employes and the convict population in the Andamans.

13 Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation

14 Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair

15 Such padank timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub-periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917 shall not exceed 500 tons of squares and 1000 tons of scantlings. There will be no limit to the quantity of timber other than padank which may be extracted from the areas under reference, and no restriction as to its disposal

16 The Inspector-General of Forests, Simla, will answer calls for further information

17 Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs 1,500 in cash or in Government securities. This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below

18 All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla. This agreement must be signed within three months of the acceptance of the tender

19 Tenders, marked "Tender for Andamans Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for padank or for other timber, or to assign any reasons for the refusal or acceptance of any tender

20 Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid

UNDER section 5 of the Indian Treasure Trove Act
VI of 1878, it is hereby notified that on 6th July 1913
a treasure of Rs 38 was found in the house of one
Marakal in Kurichi village, Salem taluk, by (1) Chinna-
kall Boyan, (2) Rama Boyan, and (3) Periyannan, coolies
of the village while erecting mud walls in the house of
the said Marakal

2 All persons claiming the said treasure or any part
thereof are hereby required to appear personally or by an
authorised agent before the Collector of Salem at his
office in Salem on the 1st August 1915 in view of their
claims being enquired into and determined according
to law.

E. W. LEAN, Acting Collector

Salem Collector's Office, the 16th March 1915

Notification.

IT is hereby notified that, under section 46 of the Local Self-Government Act, III (B.C.) of 1898, the Dinajpur District Board, at a special meeting held on the 26th February 1915, decided to levy road-tax on the district for the coming year 1915-16 at the maximum rate of half anna or six pies in the rupee on the annual value of land, etc.

J. C. CHAKRAVARTY,

Vice-Chairman, District Board

Dinajpur, the 3rd March 1915

(496—3)

Notice.

NOTICE is hereby given that all Exhibits filed in cases in the Court of the Municipal Magistrate, Calcutta, in the year 1912, will be destroyed if not taken back by the parties who filed them before 31st March 1915.

NIBARAN CHANDRA GHATAK,

Municipal Magistrate, Calcutta

Town Hall, Calcutta, the 13th January 1915

Notice.

ON and from 15th October, 1914, the Government of Bengal has ceased to undertake cash sales of publications of that Government at the Bengal Secretariat Book Depot.

Intending purchasers should in future apply to Messrs Cambray & Co., Booksellers and Publishers, of No. 9, Hastings Street, or to Messrs Rai M. C. Sarkar Bahadur & Sons, of 75-1-1, Harrison Road, Calcutta, at whose premises all publications of this Government which are for sale will be open to inspection.

Agents for the sale of Government publications and booksellers, who are allowed commission on the purchase of books, will be supplied by the Book Depot as at present.

The Book Depot will continue, as heretofore, to conduct sales of books by post, and persons desirous of procuring Government publications by this method, should address their requisitions to the Book Depot.

A. W. WATSON,

Secretary to the Government of Bengal,
Legislative Department

Legislative Department,

Book Depot, Calcutta.

The 11th December 1914

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate

them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta.

Lost

A RECEIPT numbered 1132 dated 8th March 1915, and granted by the Public Debt Office, Bank of Bengal, on submission of the undermentioned Government Promissory Note. Notice of loss has been given to the Public Debt Office, Bank of Bengal, and the undersigned is about to apply for surrender of the security—

No. 1405-C.—In modification of entry (13) of Schedule 1 to the Indian Arms Rules, 1909, the Governor-General in Council is pleased to direct that the exemption from the operation of the prohibitions and directions, contained in sections 13, 14, 15 and 16 of the Indian Arms Act, 1878 (XI of 1878), thereby made in favour of European or East Indian subjects of His Majesty the King-Emperor, shall cease to extend to B. McKeon of Rangoon.

H. WHITFIELD
Secy. to the Govt. of India

The following notifications, issued by the Government of India in the Department of Commerce and Industry, published in the *Gazette of India*, dated the 20th March 1915, are republished for general information.

J. G. CUMMING
Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

CUSTOMS.

Delhi, the 20th March 1915.

No. 2894-W.—In supersession of the Notifications in this Department No. 1683-W., dated the 12th December 1914, 2106-W., dated the 26th December 1914, 491-W. and 492-W., dated the 16th January 1915, 709-W., dated the

23rd January 1915, 1210-W., dated the 6th February 1915 and 1769-W., dated the 13th February 1915, the following Royal Proclamation is published for general information —

BY THE KING.

A PROCLAMATION

PROHIBITING UNDER SECTION 8 OF "THE CUSTOMS AND INLAND REVENUE ACT, 1879," AND SECTION 1 OF "THE EXPORTATION OF ARMS ACT, 1900," AND SECTION 1 OF "THE CUSTOMS (EXPORTATION PROHIBITION) ACT, 1914," THE EXPORTATION FROM THE UNITED KINGDOM OF WARLIKE STORES.

GEORGE R.I.

WHEREAS by section 8 of "The Customs and Inland Revenue Act, 1879," it is enacted that the exportation of arms, ammunition, and gunpowder, military and naval stores, and any articles which We shall judge capable of being converted into or made useful in increasing the quantity of military or naval stores, provisions, or any sort of victual which may be used as food for man may be prohibited by Proclamation.

And whereas by section 1 of "The Exportation of Arms Act, 1900," it is enacted that We may by Proclamation prohibit the exportation of all or any of the following articles, namely, arms, ammunition, military and naval stores, and any article which We shall judge capable of being converted into or made useful in increasing the quantity of arms, ammunition, or military or naval stores, to any country or place therein named whenever We shall judge such prohibition to be expedient in order to prevent such arms, ammunition, military or naval stores, being used against Our subjects or forces or against any forces engaged or which may be engaged in military or naval operations in co-operation with Our forces.

And whereas by section 1 of "The Customs (Exportation Prohibition) Act, 1914," it is enacted that section 8 of the aforesaid Customs and Inland Revenue Act, 1879, shall have effect whilst a state of war in which We are engaged exists as if in addition to the articles therein mentioned there were included all other articles of every description.

And whereas it is further enacted by section 2 of "The Customs (Exportation Prohibition) Act, 1914," that any Proclamation or Order in Council made under section 8, as so amended, of "The Customs and Inland Revenue Act, 1879," may, whilst a state of war exists, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade.

And whereas it is enacted by section 2 of "The Customs (Exportation Restriction) Act, 1914" that any Proclamation made under section 1 of the Exportation of Arms Act, 1900, may, whether the Proclamation was made before or after the passing of the Act now in recital, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade.

And whereas a Proclamation, dated the 10th November 1914, and various Orders, dated respectively, the 20th November, the 5th, the 11th and the 23rd December 1914, and the 4th and the 8th January 1915, prohibiting the exportation of certain articles therein referred to from the United Kingdom to certain or all destinations, have been issued in pursuance of the aforesaid powers.

And whereas it is expedient that the said Proclamation and Orders should be consolidated, with amendments and additions and that such Proclamation and Orders should be revoked:

And whereas the articles, other than arms, ammunition, or military or naval stores hereinafter enumerated are articles which We judge capable of being converted into or made useful in increasing the quantity of arms, ammunition, or military or naval stores:

And whereas, in order to prevent such arms, ammunition, or military or naval stores being used against Our subjects or forces or against any forces engaged or which may be engaged in military or naval operations in co-operation with Our forces, We have deemed it expedient to prohibit the exportation of the articles hereinafter enumerated:

NOW, THEREFORE, We have thought fit by and with the advice of Our Privy Council to issue this Our Royal Proclamation, declaring, and it is hereby declared, that the abovementioned Proclamation and Orders be and the same are hereby revoked :

And We have further thought fit, by and with the advice aforesaid, and in virtue and in exercise of the powers aforesaid, further to declare, and it is hereby declared, as follows :—

(A) That the exportation of the following goods be prohibited to all destinations :—

Aeroplanes, airships, balloons and aircraft, of all kinds and their component parts together with accessories and articles recognisable as intended for use in connection with aeroplanes, airships, balloons, and aircraft, including gold beaters' skin; shantung silk in the piece; flax fabric suitable for aeroplanes; non-inflammable "celluloid" sheet (or similar transparent material non-soluble in lubricating oil, petrol or water), aeroplane dope; high tensile steel tubes; aeroplane instruments (aneroids, barographs revolution indicators); aeroplane turnbuckles; steel stampings, magnetos; aeroplane engines and parts, fusel oil (amyl alcohol), amyl acetate; aceto-celluloses; trephenyl phosphate,

 Copper sulphate,
 Cresol (saponified);
 Formic aldehyde;
 Fulminate of mercury;
 Glycerine, crude and refined;
 Hexamethylene tetramin (urotropin) and its preparations;
 Hydrobromic acid;
 Potash, caustic,

Potash salts, namely:—

Bicarbonate,
 Bichromate;
 Carbonate;
 Chloride;
 Chrome alum;
 Metabisulphite;
 Prussiate,
 Sulphate (including Kainit),

Sodium nitrate,

Tartaric acid and alkaline tartrates;

Zinc sulphate,

Coal sacks;

Draw plates, jewelled, for drawing steel wire;

Ferro alloys, including—

Ferro-chrome;
 Ferro-manganese,
 Ferro-molybdenum,
 Ferro-nickel,
 Ferro-titanium,
 Ferro-tungsten;
 Ferro-vanadium;
 Spiegeleisen,

Ferro-silicon,

Graphite, including foundry (moulding) plumbago and plumbago for lubricating,

Hemp, the following manufactures of—

Cloth,

Cordage and twine, not including cordage or twine of Manila hemp or reaper or binder twine,

Horse shoes,

Jute, raw,

Metals and ores, the following, viz.—

Aluminium and alloys of aluminium;

Antimony and alloys of antimony;

Bauxite;

Chromite;

Cobalt;

Copper as wrought and part wrought, all kinds, including alloys of copper (such as brass, gunmetal, naval brass and delta metal, phosphor copper and phosphor bronze), copper and brass sheets, circles, slabs, bars, pipes, ingots, scrap, rods, plates, solid drawn tubes, condenser plates, copper wire, brass wire, bronze wire, solder containing copper;

Lead, pig, sheet or pipe (including solder containing lead);

Lead ore;

Manganese and Manganese ore;

Mercury;

Molybdenum and molybdenite,

Nickel and nickel ore;

Scheelite;

Selenium;

Tungsten;

- Vanadium;
 Wolframite;
 Zinc and zinc ore (including zinc ashes, spelter, spelter dross, and zinc sheets);
 Mica (including mica splittings) and micaite;
 Mineral jellies;
 Mines and parts thereof;
 Oil, blast furnace (except creosote and creosote oil);
 Oil, fuel shale;
 Oil, mineral lubricating (including mineral lubricating grease and lubricating oil composed of mineral and other oils);
 Oils, all vegetable (other than linseed oil, boiled and unboiled, unmixed with other oil, and not including essential oils);
 Oil, whale, namely, train blubber, sperm or head matter, and seal oil, shark oil, and Japan fish oil,
 Oleaginous nuts, seeds and products, the following, namely:—
 Castor beans;
 Cocoanuts;
 Copra,
 Cotton seed;
 Ground nuts (Arachides);
 Linseed,
 Palm kernels;
 Rape seed,
 Sesame seed;
 Soya beans,
 Oleo oil, Premier jus, and animal tallow;
 Petroleum, fuel oil (including turpentine substitute and paraffin oil);
 Petroleum, gas oil;
 Petroleum spirit and motor spirit (including Shell spirit);
 Pigskins, dressed or undressed;
 Portable forges;
 Provisions and victuals which may be used as food for man, namely —
 Animals, living for food;
 Barley and oats, including barley, meal and pearled barley, and oatmeal;
 Butter,
 Cheese,
 Eggs and shells;
 Lard and imitation lard;
 Malt,
 Margarine,
 Sugar, refined and candy;
 Sugar, unrefined;
 Wheat, wheat flour and wheat meal;
 Rope (steel wire) and hawsers;
 Rubber (including raw, waste and reclaimed rubber) and goods made wholly of rubber, including tyres for motor vehicles and for cycles, together with articles or materials especially adapted for use in the manufacture or repair of tyres,
 Search-lights,
 Sheepskins, tanned;
 Sheepskins, woollen, i.e., with the wool left on;
 Signalling lamps of all kinds capable of being used for signalling Morse or other code,
 Submarine sound signalling apparatus;
 Surgical bandages and dressing (including buttercloth),
 Telephone sets and parts thereof, field service telegraph and telephone cable;
 Torpedo nets;
 Torpedo tubes;
 Torpedoes and parts thereof;
 Turpentine (oil and spirit),
 Vessels, boats and craft of all kinds (including floating docks) and their distinctive component parts;
 Wagons, four-wheeled, capable of carrying one ton and over and their distinctive component parts;

Uniform clothing and military equipment;
 Wire, barbed, and galvanised wire, and implements for fixing and cutting the same (but not including galvanised wire-netting);
 Wire, steel, of all kinds,
 Wool, raw (sheep's and lamb's),
 Wool tops,
 Wool noils,
 Wool waste,
 Woollen rags, applicable to other uses than manure, pulled or not;
 Woollen and worsted cloth suitable for uniform clothing, not including women's dress stuffs or cloth with pattern,
 Woollen and worsted yarns,
 Woollen jerseys, carligan jackets, woollen gloves, woollen socks, and men's woollen underwear of all kinds.

C That the exportation of the following goods be prohibited to all foreign ports in Europe and on the Mediterranean and Black Seas, other than those of France, Russia (except Baltic ports), Belgium, Spain and Portugal —

Armour plates, armour quality castings, and similar protective material,
 Asbestos,
 Bags and sacks of all kinds (not including paper bags);
 Bicycles, and their distinctive component parts;
 Bladders, casings, and sausage skins,
 Camphor;
 Chemicals, drugs, etc.—

Bismuth and its salts,
 Iodine and its preparations and compounds;
 Mercury, salts and preparations of,
 Nux Vomica and its alkaloids and preparations,

Chronometers and all kinds of nautical instruments;
 Compasses for ships, and parts thereof, including fittings such as binnacles,
 Firearms, unrifled, for sporting purposes,
 Flaxen canvas, namely —

Hammock canvas,
 Kitbag canvas;
 Merchant Navy canvas,
 Royal Navy canvas,
 Tent canvas,

Goat skins, undressed;

Implements and apparatus designed exclusively for the manufacture of munitions of war, for the manufacture or repair of arms or of war material for use on land and sea, namely, plant for cordite and ammunition factories, viz —

Cordite presses,
 for cartridge cases,
 for shells or cartridges;
 Incorporators,
 Lapping machines;
 Rifling machines;
 Wire-winding machines,

India-rubber, sheet, vulcanised,
 Intrenching tools and intrenching implements, namely, pick-axes and grubbers, whether of combination pattern or otherwise; spades and shovels of all descriptions, helves and handles for pick-axes, grubbers, spades and shovels, and machinery for trenching and ditching,

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 17th March 1915, and is hereby promulgated for general information —

ACT No. III OF 1915.

An Act to amend the Foreigners Act, 1864.

WHEREAS it is expedient to amend the Foreigners Act, 1864; It is hereby enacted as follows —

1. This Act may be called the Foreigners (Amendment) Act, 1915.

2. In section 1 of the Foreigners Act, 1864, for the words "not being either a natural born subject of Her Majesty within the meaning of the Statute 3 and 4 William IV, chapter 85, section 81, or a Native of British India"

the following words shall be substituted, namely —

"(a) who is not a natural born British subject as defined in sub-sections (1) and (2) of section 1 of the British Nationality and Status of Aliens Act, 1914, or

(b) who has not been granted a certificate of naturalisation as a British subject under any law for the time being in force in British India:

Provided that any British subject who, under any law for the time being in

force in British India, ceases to be a British subject, shall thereupon be deemed to be a foreigner."

3. After section 3 of the Foreigners Act, 1864, the following section shall be inserted, namely —

Insertion of new section 3A, Act III of 1864

"3A (1). Whenever in a Presidency town the Commissioner of Police, or elsewhere the Magistrate of the District, considers that the Local Government should be moved to issue an order under section 3 in respect of any foreigner who is within the limits of such Presidency town or of the jurisdiction of such Magistrate, he may report the case to the Local Government and at the same time issue a warrant for the apprehension of such foreigner

(2) Any officer issuing a warrant under sub-section (1) may, in his discretion, direct by endorsement on the warrant that if such foreigner executes a bond with or without sureties for his attendance at a specified place and time, the person to whom the warrant is directed shall take such security and release such foreigner from custody

(3) Any person executing a warrant under sub-section (1) may search for and apprehend the foreigner named in such warrant; and, subject to any direction issued under sub-section (2), shall forthwith cause such foreigner when apprehended to be produced before the officer issuing the warrant

(4) When a foreigner for whose apprehension a warrant has been issued under sub-section (1) is produced or appears before the officer issuing such warrant, such officer may direct him to be detained in custody pending the orders of the Local Government, or may release him on his executing a bond with or without sureties to appear at a specified place and time and thereafter if and when required until such orders are obtained.

(5) Any officer who has in accordance with the provisions of sub-section (4), ordered a foreigner to be detained or released on his executing a bond shall forthwith report the fact to the Local Government. On the receipt of a report under this sub-section the Local Government shall without delay either direct that the foreigner be discharged or make an order for the removal of such foreigner in accordance with the provisions of section 3

W. H. VINCENT,
Secy. to the Govt. of India.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 19th March 1915, and is hereby promulgated for general information :—

ACT NO. IV OF 1915.

An Act to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences.

WHEREAS owing to the existing state of war it is expedient to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences; It is hereby enacted as follows :—

1. (1) This Act may be called the Short title, extent and duration Defence of India (Criminal Law Amendment) Act, 1915.

(2) It extends to the whole of British India including British Baluchistan, the Sonthal Parganas and the district of Angul.

(3) This section and section 2 shall come into operation at once. The Governor General in Council may, by

notification in the Gazette of India direct that the rest of the Act shall come into operation in any province or part thereof on such date as may be specified in such notification.

(4) This Act shall be in force during the continuance of the present war and for a period of six months thereafter:

Provided that the expiration of this Act shall not affect the validity of anything done in pursuance of it and any person convicted under this Act may be punished as if it had continued in force, and all prosecutions and other legal proceedings pending under this Act at the time of the expiration thereof may be completed and carried into effect, and the sentences carried into execution as if this Act had not expired.

2. (1) The Governor General in Power to make rules Council may make rules for the purpose of securing the public safety and the defence of

British India and as to the powers and duties of public servants and other persons in furtherance of that purpose.

In particular and without prejudice to the generality of the foregoing power, rules under this section may be made—

- (a) to prevent persons communicating with the enemy or obtaining information which may be used for that purpose,
- (b) to secure the safety of His Majesty's forces and ships and to prevent the prosecution of any purpose likely to jeopardise the success of the operations of His Majesty's forces or the forces of His Allies or to assist the enemy,
- (c) to prevent the spread of false reports or reports likely to cause disaffection or alarm or to prejudice His Majesty's relations with Foreign Powers or to promote feelings of enmity and hatred between different classes of His Majesty's subjects,
- (d) to empower any civil or military authority to issue such orders and take such measures as may be necessary to secure the safety of railways, ports, dockyards, telegraphs, post offices, works for the supply of gas, electric light or water, sources of water-supply, all means of communication and any areas which may be notified by such civil or military authority, as areas which it is necessary to safeguard in the public interest,
- (e) to enable any naval or military authority to take possession of any property, moveable or immoveable, for naval or military purposes, and to issue such orders and do such acts in respect of any property as may be necessary to secure the public safety or the defence of British India or any part thereof,
- (f) to empower any civil or military authority where, in the opinion of such authority, there are reasonable grounds for suspecting that any person has acted, is acting or is about to act in a manner prejudicial to the public safety, to direct that such person shall not enter, reside or remain in any area specified in writing by such authority, or, that such

person shall reside and remain in any area so specified, or that he shall conduct himself in such manner or abstain from such acts, or take such order with any property in his possession or under his control, as such authority may direct;

- (g) to prohibit or regulate the possession of explosives, inflammable substances, arms and all other munitions of war,
- (h) to prohibit anything likely to prejudice the training or discipline of His Majesty's forces and to prevent any attempt to tamper with the loyalty of persons in the service of His Majesty or to dissuade persons from entering the military or police service of His Majesty,
- (i) to empower any civil or military authority to enter and search any place if such authority has reason to believe that such place is being used for any purpose prejudicial to the public safety or to the defence of British India and to seize anything found there which he has reason to believe is being used for any such purpose
- (j) to provide for the arrest of persons contravening or reasonably suspected of contravening any rule made under this section and prescribing the duties of public servants and other persons in regard to such arrests;
- (k) to prescribe the duties of public servants and other persons as to preventing any contravention of rules made under this section and to prohibit any attempt to screen persons contravening any such rule from punishment; and
- (l) otherwise to prevent assistance being given to the enemy or the successful prosecution of the war being endangered.

(2) Rules made under this section may provide that any contravention thereof or of any order issued under the authority of any such rule shall be punishable with imprisonment for a term which may extend to seven years, or with fine, or with both, or if the intention of the person so contravening any such rule or order is to assist the

King's enemies or to wage war against the King, may provide that such contravention shall be punishable with death, transportation for life or imprisonment for a term which may extend to ten years, to any of which punishments fine may be added.

(3) All rules made under this section shall be published in the Gazette of India and shall thereupon have effect as if enacted in this Act.

3. (1) The Local Government may by order in writing direct that any person accused of anything which is an offence in virtue of any rule made under section 2, or accused of any offence punishable with death, transportation or imprisonment for a term which may extend to seven years, or of criminal conspiracy to commit, or of abetting, or of attempting to commit or abet any such offence shall be tried by Commissioners appointed under this Act.

(2) Orders under sub-section (1) may be made in respect of all persons accused of any offence referred to in that sub-section, or in respect of any class of person so accused, or in respect of persons or classes of persons accused of any particular offence therein referred to or accused of any class of such offences.

(3) No order under sub-section (1) shall be made in respect of or be deemed to include any person who has been committed under the Code of Criminal Procedure, 1898, for trial before a High Court, or in whose case an order for trial has been made under section 6 of the Indian Criminal Law Amendment Act, 1908, but, save as aforesaid, an order under that sub-section may be made in respect of or may include any person accused of any offence referred to therein whether such offence was committed before or after the commencement of this Act.

4. (1) Commissioners for the trial of persons under this Act shall be appointed by the Local Government.

(2) Such Commissioners may be appointed for the whole province or any part thereof or for the trial of any particular accused person or class of accused persons.

(3) All trials under this Act shall be held by three Commissioners, of whom at least two shall be persons who have served as Sessions Judges or Additional Sessions Judges for a period of not less than three years, or are persons qualified under section 2 of the Indian High Courts Act, 1861, for appointment as

Judges of a High Court or are advocates of a Chief Court or pleaders of ten years' standing.

5. (1) Commissioners appointed under this Act may take cognizance of offences without the accused being committed to them for trial, and, in trying accused persons, shall, subject to any rules made by the Local Government in this behalf, follow the Procedure prescribed by the Code of Criminal Procedure, 1898, for the trial of warrant cases by magistrates.

Provided that such Commissioners shall make a memorandum only of the substance of the evidence of each witness examined, and shall not be bound to adjourn any trial for any purpose unless such adjournment is in their opinion necessary in the interests of justice.

(2) In the event of any difference of opinion between the Commissioners the opinion of the majority shall prevail.

6. (1) The judgment of Commissioners appointed under the Act shall be final and conclusive and such Commissioners may pass upon any person convicted by them any sentence authorised by law for the punishment of the offence of which such person is convicted and no order of confirmation shall be necessary in the case of any sentence passed by them.

(2) If in any trial under this Act it is proved that the accused person has committed any offence whether referred to in section 3 or in any order under that section or not, the Commissioners may convict such accused person of such offence and pass any sentence authorised by law for the punishment thereof.

7. The provisions of the Code of Criminal Procedure, 1898, so far as they are inconsistent with the special procedure prescribed by or under this Act, shall not apply to the proceedings of Commissioners appointed under this Act, but save as otherwise provided, that Code shall apply to such proceedings and the Commissioners shall have all the powers conferred by the Code on a Court of Session exercising original jurisdiction.

8. (1) Notwithstanding the provisions of the Code of Criminal Procedure, 1898, or of any other law for the time being in force, or of anything having the force of law by whatsoever authority made or done, there shall be no appeal from any order or sentence of Commissioners appointed under this

Act, and no Court shall have authority to revise any such order or sentence, or to transfer any case from such Commissioners, or to make any order under section 491 of the Code of Criminal Procedure, 1898, or have any jurisdiction of any kind in respect of any proceedings under this Act.

(2) Nothing in sub-section (1) shall be deemed to affect the power of the Governor General in Council or the Local Government to make orders under section 401 or 402 of the Code of Criminal Procedure, 1898, in respect of persons sentenced by Commissioners under this Act.

9. Notwithstanding anything contained in the Indian Evidence Act, 1872, where the statement of any person has been recorded by a Magistrate, such statement may be admitted in evidence in any trial before Commissioners appointed under this Act if such person is dead or cannot be found or is incapable of giving evidence, and the Commissioners are of opinion that such death, disappearance or incapacity has been caused in the interest of the accused.

10. The Local Government may, by notification in the local official Gazette, make rules providing for—

- (i) the times and places at which Commissioners appointed under this Act may sit,

- (ii) the procedure of such Commissioners including the appointment and powers of their President, and the procedure to be adopted in the event of any Commissioner being prevented from attending throughout the trial of any accused person;
- (iii) the manner in which prosecutions before such Commissioners shall be conducted, and the appointment and powers of persons conducting such prosecutions;
- (iv) the execution of sentences passed by such Commissioners;
- (v) the temporary custody or release on bail of persons referred to or included in any order made under sub-section (1) of section 3 and for the transmission of records to the Commissioners; and
- (vi) any matter which appears to the Local Government to be necessary for carrying into effect the provisions of the Act relating or ancillary to trials before Commissioners.

11. No order under this Act shall be called in question in any Court, and no suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

STATEMENT OF OBJECTS AND REASONS

The existence of a state of war in which His Majesty's Government is engaged has, as in England, demonstrated the necessity of arming the executive with certain special temporary emergency powers requisite to secure the public safety and the defence of British India.

Further since the commencement of the war, there have been outbreaks of lawlessness in certain areas, the prompt punishment of which is essential in the interests of public security.

The present Bill confers powers on the Governor General in Council to make rules to meet the first object in view, while in those areas to which the special provisions may be extended, it provides for the creation of special tribunals for the more speedy trial of certain classes of offences which may be made over to them.

The Act will be only in force during the continuance of the present war and for a period of six months thereafter.

The 16th March 1915

R. H. CRADDOCK.

W. H. VINCENT,
Secy. to the Govt of India.

ORDERS BY THE HON'BLE THE VICE-CHANCELLOR AND SYNDICATE.

THE following books have been prescribed as text-books in Urdu for the Intermediate Examination in Arts of female candidates in 1916:—

Mus. Fas. Hali—The whole
Abi Hayat—pages 237—264.
Tarikh-ul-Islam, by Maulvi Muhammad Ihsanullah—pp 238—269.
Arayeshi Malifi—pages 4—36.
Udu Moalla.

SENATE HOUSE, *the 12th March 1915.*

P. BRÜHL, *Registrar.*

BENGAL STATE MEDICAL FACULTY.

IN exercise of the power conferred by section 4 of the Bye-laws of the State Medical Faculty (published under the Resolution of the Bengal Government No. 2545Medl., dated the 11th August 1914, in Part I of the *Calcutta Gazette* of the 12th idem), the following rules drawn up by the Governing Body of the State Medical Faculty for the conduct of the examination of that Faculty, are published for general information:—

RULES FOR EXAMINATIONS OF THE STATE MEDICAL FACULTY.**EXAMINATION FOR THE MEMBERSHIP OF THE STATE MEDICAL FACULTY.***Primary or Preliminary Scientific Examination.*

1 The Primary or Preliminary Scientific Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November or as near these dates as can be conveniently arranged.

The written part of the Examination shall be held in the following order —

Date.	10 A.M. to 1 P.M.	2 to 5 P.M.
Monday ...	Chemistry ...	Physics.
Tuesday .	Biology	

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2 Every Candidate for the Primary or Preliminary Scientific Examination shall apply to the Secretary in the form prescribed by the Governing Body together with a fee of Rs. 20 at least 21 days before the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every candidate shall be examined in the following Subjects —

- (a) Chemistry, Inorganic and Organic, having special reference to Practical Medical Science
- (b) Elementary Physics.
- (c) Elementary Biology

4 The Examination shall be written, oral and practical. There shall be one paper in each Subject. Three hours shall be allowed for each paper.

5. Full marks for each Subject and the minimum pass marks shall be as follows —

Subjects	Written	Oral and Practical	Total	Minimum pass marks in total	Minimum pass marks in oral and practical
Chemistry . . .	500	500	1,000	335	200
Physics	500	500	1,000	335	200
Biology . . .	500	500	1,000	335	200

6. A Candidate who fails to pass or present himself for examination shall not be entitled to claim a refund of the fee. Any candidate who fails to pass may be admitted to one or more subsequent examinations on payment of a like fee of Rs. 20 on each occasion and on producing a certificate from the Head of his College or School that he has since the last examination received further instruction to the satisfaction of the Head of his Institution in the

subject or subjects in which he has failed, provided that any Candidate who has failed four times will not be admitted to further examination except on the special recommendation of the Head of the College or School.

7 As soon as possible, after the examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate on passing shall receive a certificate in the form entered in the Appendix.

8 The Courses of Study for the Primary or Preliminary Scientific Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

9 Exemptions (*vide Schedule*).

Intermediate Examination

1 The Intermediate Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November, or as near these dates as can conveniently be arranged.

The written part of the examination shall be held in the following order.—

Date	10 A.M. to 1 P.M.
Monday	Anatomy.
Tuesday . . .	Physiology.
Wednesday ..	Materia Medica and Pharmacology

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2 Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 25 at least 21 days before the date fixed for the commencement of the examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects —

- (a) Anatomy
- (b) Physiology.
- (c) Materia Medica and Pharmacology.

4 The Examination shall be written, oral and practical. There shall be one paper in each subject. Three hours shall be allowed for each paper—

I.—The examination in Anatomy shall consist of—

- (i) A paper.
- (ii) An Oral and Practical examination.

II.—The examination in Physiology shall consist of—

- (i) A paper
- (ii) An Oral examination
- (iii) A Practical examination as defined in the *Syllabus*.

III.—The examination in Materia Medica and Pharmacology (including Pharmacy) shall consist of—

- (a) A paper.
- (b) An Oral examination
- (c) A Practical examination

5. Full marks for each subject and the minimum pass marks shall be as follows —

SUBJECT	Written.	Oral and Practical	Total.	Pass marks in total	Pass marks in oral and practical.
Anatomy	500	500	1,000	400	200
Physiology	500	500	1,000	400	200
Materia Medica ...	500	500	1,000	400	200

6. A Candidate who fails in not more than one subject shall, on payment of Rs. 15, be permitted to appear at the next six-monthly Examination only in that subject, and, on passing, shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination.

7. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 25 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of the Institution in the subject or subjects in which he has failed, provided that any Candidate who has failed four times will not be admitted to further Examination except on the special recommendation of the Head of the College or School.

8. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate on passing shall receive a certificate in the form entered in the Appendix.

9. The Courses of Study for the Intermediate Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

The Final Examination

1. The Final Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November, or as near as these dates as can be conveniently arranged.

The written part of the Examination shall be held in the following order —

Date	10 A M to 1 P M	2 to 5 P M
Monday	Medicine and Therapeutics	Hygiene
Tuesday	Surgery and Ophthalmology	General Pathology.
Wednesday	Midwifery, Gynaecology and Diseases of Children	Medical Jurisprudence

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 40 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish the certificates as required in the *Schedule*.

3. The Final Examination may be divided into two parts as defined below. Each part may be taken separately—

- 1st Part ... {
Medicine.
Surgery.
Midwifery
2nd Part . {
Pathology
Medical Jurisprudence
Hygiene

4. The Candidate shall be examined in the following subjects—

- 1st Part .. {
Medicine and Therapeutics
Surgery and Ophthalmology
Midwifery, Gynaecology and Diseases of Children
2nd Part ... {
General Pathology.
Medical Jurisprudence
Hygiene

5 The Examination shall, except as hereinafter stated, be written, oral and practical. There shall be one paper in each subject for which three hours shall be allowed—

I.—The Examination in Medicine shall consist of—

- (a) a paper
- (b) an Oral Examination.
- (c) a Clinical Examination (Practical)

II.—The Examination in Surgery shall consist of—

- (a) a paper
- (b) an Oral Examination.
- (c) a Clinical Examination
- (d) an examination in Operative Surgery. } Practical

III.—The Examination in Midwifery, etc., shall consist of—

- (a) a paper.
- (b) an Oral and Practical Examination.

IV.—The Examination in Pathology shall consist of—

- (a) a paper.
- (b) an Oral Examination
- (c) a Practical Examination.

V.—The Examination in Medical Jurisprudence shall consist of—

- (a) a paper.
- (b) an Oral Examination.

VI.—The Examination in Hygiene shall consist of—

- (a) a paper
- (b) an Oral Examination

5 Full marks for each Subject and the minimum pass marks shall be as follows —

—	Written	Oral	Practical	Total	Minimum pass marks in total	Minimum pass marks in oral and practical
Medicine	500	500	500	1,000	400	200
Surgery	500	500	500	1,000	400	200
Midwifery	500	500	500	1,000	400	200
General Pathology	500	500	500	1,000	400	200
Medical Jurisprudence	500	250	250	750	300	100
Hygiene	500	250	250	750	300	100

6. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 40 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of his Institution in the subject or subjects in which he has failed, provided that (a) any Candidate who has failed four times in either part will not be admitted for further Examination, and (b) any Candidate who has passed in two subjects in one or both parts shall be exempted from passing in those subjects in any future Examination.

7. As soon as possible, after the Examination, the Governing Body shall publish a list of the successful Candidates in alphabetical order. Every such Candidate shall receive a diploma in the form given in the Appendix.

8. The Courses of Study for the Final Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

EXAMINATION FOR A LICENTIATE OF THE STATE MEDICAL FACULTY.

The Primary Examination.

1 The Primary Examination shall be held twice a year, commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged

The written part of the Examination shall be held from 10 A.M. to 1 P.M.

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners

2 Every Candidate for the Primary Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs 8 at least 21 days before the date fixed for the commencement of the Examination. He shall also produce certificates as required in the *Schedule*

3 Every Candidate shall be examined in Chemistry and Physics

The Examination shall be written, oral and practical. There shall be a written paper for which three hours will be allowed

4 Full marks for the subject and the minimum pass marks shall be as follows —

Subject	Written	Oral and practical	Total	Minimum pass marks in oral and practical	Minimum pass marks in Total
Chemistry and Physics.	500	500	1,000	200	335

5 A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. 6 As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix

7 The Courses of Study for the Primary Examination are defined in the *Schedule*. For details refer to *Syllabus*.

8 Exemptions (Vide *Schedule*)

The Intermediate Examination

1 The Intermediate Examination shall be held twice a year commencing on the 1st Monday in May and 1st Monday in November or as near these dates as can conveniently be arranged. The written part of the Examination shall be held in the following order —

Date	10 A.M. to 1 P.M.
Monday ...	Anatomy
Tuesday ...	Physiology.
Wednesday ...	Materia Medica and Pharmacy

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners

2 Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 12 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3 Every Candidate shall be examined in the following subjects :—

- (a) Anatomy
- (b) Physiology,
- (c) Materia Medica and Pharmacy

The Examination shall be written, oral and practical There shall be a written paper in each subject, three hours being allowed for the same

4 Full marks for each subject and the minimum pass marks shall be as follows —

SUBJECT	Written	Oral and practical	Total	Minimum pass marks in oral and practical	Minimum pass marks in Total
Anatomy ...	500	500	1,000	200	400
Physiology ...	500	500	1,000	200	400
Materia Medica and Pharmacy	500	500	1,000	200	400

5 Any Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 12 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject or subjects in which he has failed, provided that after four failures he shall not be admitted to further examination

6 A Candidate who fails in one subject only shall on payment of Rs. 8 be permitted to appear in that subject at the next six-monthly Examination only If he passes he shall be held to have passed the entire Examination A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination

7 As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix

8 The Courses of Study for the Intermediate Examination are defined in the *Schedule* For details refer to *Syllabus*

9 Exemptions (*Vide Schedule*)

The Final Examination

1 The Final Examination shall be held twice a year commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged

The written part of the Examination shall be held in the following order —

Date	10 A M to 1 P M	2 to 5 P M
Monday	Medicine including Medical Pathology and Therapeutics	Medical Jurisprudence and Hygiene, including Vaccination.
Tuesday	Surgery, including Surgical Pathology and Operative Surgery	
Wednesday	Midwifery and Gynæcology	

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 30 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects:—

- (a) Medicine, including Medical Pathology and Therapeutics.
- (b) Surgery, including Surgical Pathology and Operative Surgery
- (c) Midwifery and Gynæcology
- (d) Medical Jurisprudence and Hygiene, including Vaccination.

4. The Examination shall be written, oral and practical. There shall be one written paper in each of the four subjects, for which three hours shall be allowed

(1) The Examination in Medicine and Therapeutics shall consist of—

- (a) A written paper,
- (b) An Oral Examination,
- (c) A Clinical Examination

(2) The Examination in Surgery shall consist of—

- (a) A written paper,
- (b) An Oral Examination,
- (c) A Clinical Examination
- (d) Minor Operative Surgery

(3) The Examination in Midwifery and Gynæcology shall consist of—

- (a) A written paper,
- (b) An Oral and Practical Examination

(4) The Examination in Medical Jurisprudence and Hygiene shall consist of—

- (a) A written paper,
- (b) An Oral Examination,

5. Full marks for each subject and the minimum pass marks shall be as follows:—

Subject	Written	Oral and practical	Total	Minimum pass marks in oral and practical.	Minimum pass marks in Total
Medicine, including Medical Pathology and Therapeutics	500	500	1,000	200	400
Surgery, including Surgical Pathology and Operative Surgery.	500	500	1,000	200	400
Midwifery and Gynæcology.	500	500	1,000	200	400
Medical Jurisprudence and Hygiene including Vaccination.	500	500	1,000	200	400

6. A Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 30 on each occasion, and on producing a certificate that he has since the last Examination received further instruction in the subject or subjects in which he has failed, to the satisfaction of the Head of the Institution.

7. A Candidate who fails in not more than two subjects may appear at any subsequent Examination in the subject or subjects in which he has failed, provided that he has within the previous six months undergone a further

course of instruction in these subjects, to the satisfaction of the Head of his College or School. The fee for re-examination shall be Rs 10 in each subject.

8. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a diploma in the form entered in the Appendix.

9. The Courses of Study for the Final Examination are defined in the *Schedule*. For details refer to *Syllabus*.

General Rules, including the appointment of Examiners.

1. THE Secretary shall, at such time as the President may determine, send to all members of the Governing Body a circular, requesting them to forward within 14 days the names of persons whom they consider suitable for appointment as Examiners.

2. Such recommendations with any applications from candidates for Examinerships received by the Secretary shall be referred to the Governing Body, who shall consider them at a special meeting convened for this purpose. In appointing Examiners the selection shall not necessarily be limited by these recommendations and applications.

3. There shall be two Examiners in each subject. Of the two Examiners one at least shall be a Professor or Teacher in that subject at a Recognised College or School. The second Examiner shall be selected on the grounds of possessing recent knowledge of the subject. Examiners shall ordinarily and subject to the approval of the Governing Body hold office for two years and shall be eligible for re-appointment only after the expiry of two years from the date of vacating office.

4. The oral, practical and clinical examinations shall be conducted by the two Examiners jointly. The written papers shall consist of two parts set jointly by the Examiners, each Examiner being responsible for reading and marking his own part.

5. Examiners in setting papers and in conducting the oral and practical examinations shall be guided as to the scope of the subject of examination by the Syllabus prescribed by the Governing Body.

6. The papers shall be delivered by the Examiners in person to the Secretary or sent to him in a sealed double cover *on or before* a date to be prescribed by the Governing Body. No copy of the questions set shall be retained by the Examiners.

7. Rolls containing the names of the candidates with spaces for the marks awarded and giving the dates on which the rolls have to be submitted will be supplied by the Secretary. Examiners are required to keep the results of the examinations and the marks assigned to Candidates strictly secret.

8. The results of the examination shall be submitted to the Secretary on or before the date fixed by the Governing Body.

9. As soon as possible after the tabulation of the results by the Secretary all the Examiners shall meet and draw up a report on the examination for the consideration of the Governing Body. The President of the State Medical Faculty shall be *ex-officio* President of the Board of Examiners.

10. No Candidate shall be declared to have passed unless he has attained the standard laid down in the Rules.

11. As soon as possible after the report of the Examiners has been considered by the Governing Body, the Secretary shall publish a list of successful Candidates in alphabetical order.

12. The Examiners shall not destroy the papers examined by them until 15 days after the results have been published.

RULES FOR THE GUIDANCE AND CONDUCT OF CANDIDATES DURING EXAMINATIONS.

1. The written Examination will commence on _____ and will continue up to _____. The dates and place of the Oral and Practical Examination will be fixed by the Secretary after consultation with the Examiners.

2. Candidates suffering from any illness or disease which would render their presence in any way prejudicial to the general body of Students under examination will not be allowed into the Examination Hall or will be expelled if found in the Hall

3. The doors of the Examination Hall shall be opened on the first day half an hour before the Examination takes place and on subsequent days a quarter of an hour before. No Candidate shall be admitted to Examination under any pretext later than half an hour from the commencement of the Examination. Candidates will be required to give up their answer books to the officer superintending the Examination precisely at 1 P M and 5 P M

4. Candidates before they enter the Examination Hall must leave outside any books, notes or papers they may have with them except the Receipt allowing them to attend the Examination which Candidates must bring with them each day. Candidates must provide their own pen-holders and pens.

5. A seat, with a number corresponding to that on his Receipt will be allotted to each Candidate and a book in which to write his answers will be found on his desk

6. Candidates must take their seats at least five minutes before the time fixed for giving out the papers which is at 10 A M and 2 P M

7. Any Candidate detected in helping another or attempting to obtain unfair assistance, will be struck off the list of Candidates. No communication whatever between Candidates, while under examination, will be allowed. Candidates are not permitted to have in their possession, while in the Examination Hall, any book, memorandum, or pocket-book, notes or papers whatsoever (even if these papers are in no way connected with the subject under examination) except the question paper, the Secretary's receipt and the book provided by the Faculty for writing out the answers, with a sheet of blotting paper. Candidates disregarding this caution are liable to the same penalty as those using unfair means

8. No Candidate, without the permission of the Presiding officer is to leave his seat or the Examination Room until conclusion of the Examination.

9. Every Candidate will write on the outside of his answer-book, his name, and roll number. He will write on one side of the paper only leaving a quarter margin. Any Candidate attempting to render the identification of his answer paper impossible or difficult by giving a false name and number or by intentionally omitting to state his name and number as required above, will have his name removed from the list of Candidate and shall be reported to the Governing Body for such further action as may be necessary

10. Any Candidate found guilty of making any objectionable or improper remarks on his answer papers will be reported to the Governing Body for such action as they may deem fit

11. No Candidate will be allowed to leave the room until an hour has elapsed from the time when the papers are given out

12. No Candidate will be allowed to re-enter the Examination Room during the hours of Examination after once quitting it or to leave the room without finally giving up his answer papers. In case of urgent necessity, a Candidate may, with the special permission of the Presiding Officer temporarily leave the Examination Room, but during his stay outside he must be under the surveillance of a thoroughly trustworthy person to be deputed by the Presiding Officer for that purpose.

13. A Candidate, having completed his paper, must hand it to the Presiding Officer before leaving the Examination Hall. The answer paper must, on no account be left on the desk

14. Any Candidate, wishing to ask a question will rise from his seat and remain standing until the Presiding Officer or his representative comes to him, but he will, on no account, leave his seat nor will he be allowed to make any noise to call the attention of the Presiding Officer

15. Friends and guardians of Candidates will not be allowed to enter the Examination Hall. The entrance of persons, unconnected with the Examination into the Hall is strictly forbidden

16. Precisely five minutes before the time fixed for giving out the question papers, a warning bell will be rung as a signal for all Candidates to take their seats. After the warning bell has been rung any outsider found loitering in the Hall or, in or near the entrance to the Hall will be expelled

MEMBERSHIP EXAMINATION.

Syllabuses of the subjects for study at the Preliminary Scientific Examination.

INORGANIC CHEMISTRY

LECTURES

CHEMICAL and physical changes Laws of chemical action Indestructibility of matter The balance, weights and measures Elements and compounds Classification of the elements Periodic law Atoms and molecules Symbols and formulæ Valency Equations Atomic weights Molecular weights Laws of chemical combination Dalton's Atomic theory Avogadro's law Calculation of formulæ from percentage composition and calculations relating to weight and volume

The principles of gravimetric and volumetric analysis with special reference to their application in the subsequent work of the Student

Classification of the elements Acids, bases and salts Chemical nomenclature and terminology

Study of the following with special reference to their subsequent application —

Oxygen—Oxides Ozone Allotropy

Hydrogen—Water, its composition by synthesis and analysis Impurities of water Hard and soft water Elements of water analysis Peroxide of Hydrogen

Nitrogen—Atmospheric air Nitric Acid Oxides of Nitrogen Nitrates and Nitrites Ammonia and Ammonium salts

Carbon—Its oxides Relation of Carbon Dioxide to animal and plant life Coal and coal gas Combustion Structure of flame. Cyanogen Hydrocyanic Acid, Metallic Cyanides

The Halogens—Chlorine, Bromine, Iodine, Fluorine Their compounds with Hydrogen Chlorides, Bromides and Iodides. Hypochlorites, Hypobromides Chlorates, Iodates

Sulphur—Its oxides Sulphuric Acid, Sulphurous and Hyposulphurous acids and their salts Sulphides Carbon Disulphide

Phosphorus.—Oxides and oxyacids Phosphates Phosphuretted Hydrogen

Boron and Silicon—Their oxides Boric Acid and Borax Silicic Acid and Dialysis Glass and Porcelain

The commoner Metals and Metalloids.—The common compounds of the following, having special regard to such as find application in the subsequent work of the Student—Arsenic, Antimony, Bismuth, Sodium, Potassium, Calcium, Barium, Magnesium, Zinc, Silver, Mercury, Copper, Iron, Aluminium, Chromium, Manganese, Tin, Lead, Platinum

Special attention will be paid to the general properties and reactions of compounds of medicinal and medico-legal importance and their methods of detection

PRACTICAL COURSE

The use of the balance. The preparation of common inorganic substances specially such as are employed in Medicine, and their purification by precipitation, crystallisation or distillation. Performance of experiments involving solution, filtration, oxidation and reduction.

Preparation and study of the principal properties of Hydrogen, Oxygen, Nitric Acid, Ammonia, Carbon Dioxide, Chlorine, Hydrochloric Acid, Sulphur Dioxide and Sulphuretted Hydrogen.

Determination of the composition of water by electrolysis.

Qualitative analysis of a simple salt containing one basic and one inorganic acid radicle.

Detection of common impurities in inorganic substances employed in Medicine such as Chlorine in Hydrochloric Acid, Oxides of Nitrogen in Nitric Acid, Lead in Sulphuric Acid, Arsenic in medicinal salts, Iodine in Potassium Iodide, Mercuric Chloride in Mercurous Chloride, etc.

Volumetric determinations involving simple applications of Alkalimetry and Acidimetry Estimation of Chlorides by the Thiocyanate and Chromate methods

ORGANIC CHEMISTRY

LECTURES

Methods by which organic compounds are purified and by which their purity and composition are established

Empirical and molecular formulæ Determination of molecular weights. Determination of melting and boiling points Fractional distillation.

The general properties of such of the principal types of organic compounds as are enumerated below —

Aliphatic compounds

Paraffins—Methane and Ethane.

Unsaturated hydrocarbons—Ethylene and Acetylene

Alcohols and their derivatives—Methyl Alcohol, Ethyl Alcohol and Glycerol

The lower Aldehydes—Formaldehyde and Chloral Hydrate Ketones, acetone

Acids—Formic, Acetic, Lactic, Oxalic, Tartaric and Citric

Ethyl Ether

Esters, hydrolysis including saponification

Carbohydrates The common sugars—Glucose, Lactose, Maltose and

Cane-sugar Starches Glucosides

Uric Acid and cyanides

Urea.

Aromatic or Cyclic series

Benzene and its simple derivatives

Phenols—Phenol and Resorcinol

Benzoic Acid and Salicylic Acid

The common vegetable Alkaloids

PRACTICAL COURSE.

Detection of the following elements in organic combination —

Carbon, Hydrogen, Nitrogen, Sulphur, Phosphorus and Chlorine

Preparation of a fatty acid from a fat

Preparation of a salt from an organic base and *vice versa*

Recognition of important Alkaloids

Tests for the following —

Ethyl alcohol, Acetic Acid, Oxalic Acid, Salicylic Acid, Phenol, Glucose, Cane-sugar and Urea.

Analysis of Urine and Urinary Calculi.

A B.—The whole subject of Chemistry is to be treated in an elementary way and with special regard to the subsequent work of the Student.

PHYSICS

LECTURES

(a) *General ideas.*

Units of measurement and definition of mass, force and motion.

Laws of motion

Velocity and acceleration.

Weight and gravitation

Work and energy

General properties of solids, liquids and gases

Laws of pressure of liquids and gases, measurement of pressure

The atmospheric pressure The barometer. Air pump Syphon

Equilibrium of floating bodies

Specific gravity, hydrometer, urinometer and lactometer

The pendulum

(b) *Heat*

Laws of expansion of solids, liquids and gases under heat

Measurement of temperature, thermometer, the clinical thermometer, the maximum and minimum thermometers

Vapour pressure and its measurement Boiling point Dew point Hygrometers.

Formation of Clouds, Rain, Fog, Dew, etc.

Quantity of heat Specific heat Changes of State Latent heat

Conduction, convection and radiation of heat Reflection and absorption of heat

(c) *Sound*

The production and propagation of sound

Reflection and refraction of sound

Relation between frequency and pitch

Vibration of strings Sonometer

Vibration of the air columns Organ pipes

Human Voice The Ear

The Stethoscope

(d) *Light.*

Sources of light

Propagation of light.

Shadows Photometers

Reflection and refraction of light.

Mirrors. Prisms Lenses Chromatic dispersion

Spectrum Spectroscope Colours

The microscope The telescope The eye, mechanism, of vision. short and long sight, Me

(e) *Magnetism and Electricity*

Properties of magnets Methods of magnetisation

Simple phenomena of magnetism and magnetic induction

The earth as a magnet Mariner's compass.

Electrical attraction and repulsion

Properties of conductor and non-conductor

Electrical induction

Distribution of electrification on conductors

Capacity and potential

Simple condensers Leyden jar

Electrophorous Electroscopes

Frictional machines—Wimshurst machine.

Atmospheric electricity. Lightning conductor

Voltaic cell

Electric current.
 Batteries.
 Galvanometer.
 Electromotive force and resistance
 Ohm's law Volt Ohm Ampère
 Heating effect of current.
 Elementary phenomena of electrolysis
 Electro-magnets
 Induced currents The induction coil
 Rontgen Rays
 Medical batteries

PRACTICAL COURSE

Length measurements by millimetre rule
 Eye estimation of tenths of a division
 Use of vernier.
 Determination of areas and volumes by measurements of linear dimensions
 Specific gravity of solids and liquids
 Use of the hydrometer
 Reading the barometer
 Use of thermometers
 Determination of melting and boiling points
 Humidity determination Wet and dry bulb thermometer Daniel's Hygrometer
 Verification of the laws of reflection and refraction of light at plane surfaces
 Focal length of concave mirrors
 Focal length of convex lenses
 Use of microscope
 Use of spectroscope
 Mode of making a simple electro-magnet
 Use of gold leaf electroscope
 Construction of a common battery
 Use of simple galvanometer
 Use of simple induction coil
 Use of magneto-electric machine

BIOLOGY

LECTURES AND PRACTICAL COURSE

An elementary knowledge of the structure and functions of animals and plants The subject should be treated very simply under the following headings —

- (1) Cells, animal and vegetable The different kinds of cells and their arrangement in the tissues The germ cells, spermatozoon and ovum, pollen and ovules, fertilization, segmentation and development, treated very simply
- (2) Metabolism in a broad sense, to include nutrition, growth, respiration, excretion, secretion and the storing of reserve material
- (3) Irritability, response to outer influence, stimuli, etc. Adaptability, movement, contraction, rhythmic movement. The circulation of fluids

The subject to be illustrated chiefly by reference to the following types which candidates will be required to dissect and examine microscopically —

Amoeba—Vorticella—Monocystis—Hydra—the earth-worm (Pheretima)—the pond-mussel (Unio)—the prawn (Palæmon)—Frog—Guinea-pig.
 Pleurococcus—Spirogyra—Yeast—Mucor—Fern—Pinus—the Maize plant—the Pea plant—Hibiscus (for secondary thickening).

Candidates must be prepared to examine and describe the parts of various flowering plants in simple technical terms. The examination in this part of the subject will be conducted so as to test the candidate's ability to observe carefully and describe with accuracy, rather than his knowledge of botanical terminology and classification.

Syllabuses of the subjects for Study at the Intermediate Examination.

MATERIA MEDICA

LECTURES

The systematic course of lectures will deal briefly with the natural history, and the physical and chemical properties of all drugs and medicinal agents mentioned in the British Pharmacopœia and will also include a full account of their pharmacological action upon the chief functions of the body, viz, Circulation, Respiration, Digestion, Absorption, Secretion and Excretion, Metabolism, Heat regulation, Motor, Sensory and Reflex mechanism, and the chemical transformations undergone in the body by the principal medicinal substances. The therapeutic use and modes of administration of the official drugs and medicinal agents will also be included in the lectures.

PRACTICAL COURSE

A course of instruction in Practical Pharmacy including practical knowledge of the preparation of medicines and of the constituents of the more important compounds of the British Pharmacopœia, as also prescription writing.

PHYSIOLOGY

LECTURES

The general Histology of the Animal cell, Epithelial and Connective tissues. Histology and Physiology of the Contractile tissues. Blood and Lymph. The Circulation of the Blood and Lymph. The Innervation and Nutrition of the Heart and the Innervation of the Blood vessels.

The Histology of the organs of Respiration, and the Physiology of Respiration including the chemistry thereof.

The general chemical composition of the body. The Chemistry of Digestion and Absorption. The Physiology of Absorption. Excretion and Metabolism. Animal Heat. Ductless Glands. Internal secretions. The Structure and Functions of the Central Nervous system, and organs of the special Senses. Reproduction.

PRACTICAL COURSE (INCLUDING THE SCOPE OF THE TEACHING).

(1) *Experimental Physiology.*

A practical knowledge of the working of the more important physiological instruments including a knowledge of the chief experiments illustrating the functions of the organs and tissues of the body and the methods used in recording the results obtained in a graphic manner.

The course shall include—

- I.—*Muscle-nerve preparation*.—Result of stimulation of different forms of stimuli—Action of interrupted and constant currents—Tetanus—Muscle Sound—Fatigue—Work done—Influence of Temperature, Load, Drugs Elasticity and Extensibility of muscle—Electrotonus—Reaction of Degeneration, etc.
- II.—*Frog's Heart*—Graphic record of beat—Stannius' experiment—Gaskell's Clamp—Latent Period of Heart—Action of heat, cold and constant current—Innervation Endocardiac pressure. Action of Drugs on Frog's Heart, etc
- III.—*Mammalian Heart*—Its Nutrition—Perfusion experiments. Cardiac Impulse—Sounds—Cardiograph—Action of Drugs, etc.
- IV.—*Blood Vessels*—Pulse—Sphygmographic Tracings. Blood pressure and methods of measuring it. Stromuhr—Kymograph—Manometers, etc—clinical methods of measuring blood pressure—Plethysmographs, etc
- V.—*Lungs*—Vital Capacity—Elasticity of Lungs Pneumograph. Laryngoscope, etc
- VI.—*Reflex action*—Knee-jerk Action of Poisons on Nervous system
- VII.—*Eye*—Accommodation—Phakoscope—Astigmatism and other defects Phosphenes—Retinal shadows—Perimetry. Colour-vision—Colour Blindness—Contrast Stereoscope Ophtalmoscope, etc
- VIII.—*Cutaneous Sensations*—Cold, Heat, Pressure and Pain-spots—Muscular Sense—Resistance, etc
- IX.—*Taste, Smell, Hearing*—Stereognostic Sense, etc

(2) Normal Histology

Methods of preparation of the different tissues of the body for histological purposes —

- (1) Hardening, Embedding, Section-cutting, Staining and Mounting.
- (2) Histology of the Blood Enumeration of red and white blood corpuscles Differential count of the white blood corpuscles. Crystals of Hæmoglobin
- (3) Recognition of sections of the different tissues of the body

(3) Chemical Physiology.

- (1) General chemical reactions and composition of Carbohydrates, Fats, Proteids and allied substances
- (2) Chemical composition of Animal and Vegetable Food-stuffs
- (3) Chemistry of Digestion—Action of Saliva, Gastric Juice, Succus Entericus and Bacterial Digestion
- (4) The Liver and products of its activity
- (5) The Blood—Estimation of alkalinity and gases of blood. Coagulation time. Estimation of Hæmoglobin. Spectroscopic examination of blood pigments. Simple methods of detection of blood stains
- (6) Chemistry of Urine.—Testing of Normal and Pathological urine including examination of urinary Sediments Estimation of Uric acid, Urea, Albumen, Sugar, Chlorides, Phosphates and total Nitrogen Pigments of urine. Polarimeter
- (7) Chemistry of Gastric Juice. Estimation of acidity. Tests for Hydrochloric acid, Lactic acid, Butyric acid.
- (8) Cryoscopy. Osmosis and Osmotic Pressure
- (9) Analysis of gases of expired air

At the Practical Examination the Student is expected to show his acquaintance with normal histology and with the methods employed for the demonstration of the fundamental physiological processes, as laid down in

the Syllabus and to carry out such chemical manipulations or simple experiments as are comprised therein. Special stress will be laid on such methods as are applicable to man or have bearing on the subsequent work of the Student. He will be expected to show knowledge of the following subjects laid down in the Practical Syllabus.—

I—*Experimental Physiology*

The uses of the more important physiological apparatus Physiological experiments —

(1) Nerve and Muscle—Single contraction, Tetanus, Excitability, Fatigue, etc. Modifications of contractions under different conditions (The graphic method to be made use of)

(2) Experiments on frog's heart—Stannius' experiment, action of heat and cold. Cardiograph. Action of drugs on heart's beat, etc

(3) Method of using the common forms of Sphygmographs. Tracings to be made

(4) Estimation of blood pressure and the use of the common Sphygmanometers

(5) Nervous regulation of Respiration. The Stethometer and Pneumograph

(6) Reflex action

(7) Experimental Physiology of the Eye. Accommodation, Colour sense. Perimetry, etc

II—*Normal Histology*

A knowledge of preparation of tissues for microscopic examination, fixing, hardening, embedding, section-cutting, staining, clearing, mounting, and recognition of specimens

Enumeration of red and white blood corpuscles.

III—*Physiological Chemistry.*

A practical knowledge of the coagulation time and alkalinity of the blood. Estimation of Hæmoglobin of the blood

Chemical composition of and tests for—

Carbohydrates and Fats, Proteids, principal food-stuffs, Saliva, Products of Peptic and Pancreatic digestion including tests for Hydrochloric acid, lactic acid. Bile. Blood. Milk. Urine.

Quantitative estimation of Albumen, Sugar, Urea and Chlorides in urine

The use of simple Spectroscope and Saccharimeter.

Syllabuses of the Subjects of Study at the Final Examination.

PATHOLOGY.

LECTURES,

General Pathology.—Health and disease. Aetiology. Heredity and environments. Defects of development. Processes of Infection and Immunity. Disorders of Nutrition and Auto-intoxication. Dropsy. Disorders of the blood and circulation. Processes of inflammation and repair. The process of fever. Degenerations and retrogressive changes. Tumours and

specific granulomata The more important structural changes produced in the organs and tissues by disease as recognised by the naked eye and microscopical investigations

Bacteriology.—The Morphology and Biology of the following Micro-organisms —Pyogenic Cocci, Pneumococcus and Gonococcus, B. Coli Communis, B. Anthracis, B. Diphtheriæ, B. Lepre, B. Tetani, B. Tuberculosis; B. Typhosus, Vibrio Cholerae Asiaticæ, B. Pestis, Streptothrix Actinomyces group, B. Dysentericus, M. Melitensis, Diplococcus Intracellularis Meningitidis, B. Influenzæ, Spirillum Obermeieri, Spirochæte of Syphilis, Pathogenic moulds

Parasitology —The Morphology and Biology of the following —Hæmatozoon Malariae, Amœba coli, Amœba dysenterica, Trypanosomes, Distomum Hepaticum, Distomum Crassum, Ascaris lumbricoides, Oxyuris vermicularis, Trichina Spiralis, Ankylostomum duodenale, Filaria Sanguinis Hominis, Dracunculus Medicinensis, Tricocephalus Dispar, Tænia Solium, Tænia Mediocanellata, Tænia Echinococcus, Bothriocephalus latus, Bilharzia hæmatobia, Parasite of Kala-azar, Amphistomum Hominis; Acarus Scabiei, Pediculi.

PRACTICAL COURSE

Technique of collection and pathological examination of morbid material such as Blood, Gastric and Intestinal contents, Urine, Pus, Sputum and Exudates

A practical knowledge of the apparatus used for bacteriological work, viz, Hot air Steriliser, Steam Steriliser, and Incubator Preparation of culture media Culture and inoculation methods

Preparation, section cutting, staining and mounting of pathological tissues, and their microscopical examination with a view to their recognition.

MEDICAL JURISPRUDENCE

LECTURES

Medical evidence with special reference to Indian Evidence Act Medico-legal Reports Dying declaration

Signs of Death Post-mortem stains Rigor Mortis. Cadaveric Spasm Putrefaction in Air Putrefaction in Water Mummification Formation of Adipocere

Examination of the Dead Body Post-mortem Examination in Medico-legal cases

Age in its Medico-legal relations. Development of the foetus Changes after birth The teeth Ossification and the Union of Epiphyses

Identity of the living Identity of the dead Sexual characteristics of the skeleton

Modes of dying Causes of sudden death.

Toxicology Diagnosis and general treatment of poisoning Evidence of poisoning in the dead Local effects produced by poisons, disease and post-mortem changes Preservation of viscera for analysis The detection of poisons by chemical and physiological tests Toxicology of the following poisons.—Mineral Acids, Corrosive alkalies, Carbolic Acid, Corrosive sublimate, Oxalic Acid, Salts of Copper, Lead, Antimony, Arsenic and Phosphorus Cyanogen compounds Alcohol Chloroform, Chloral Hydrate Kerosene oil. Carbon Dioxide, Carbon Monoxide. Sulphuretted Hydrogen Opium. Strychnine Aconite Datura, Belladonna, Cannabis Sativa Cocaine. Oleander Calotropis gigantea Plumbago Zeylanica Snake venom. Ptomaines

Death caused by burns or scalds. Mechanical injuries and wounds Chemical, Microscopical and Spectroscopical Examination of blood stains and other stains.

Modes of death resulting from Asphyxia. Hanging. Strangulation. Suffocation. Drowning. Resuscitation from drowning.

Death from lightning, from the electric current. Heat-stroke. Death from cold

Causation, symptoms and post-mortem appearances of Starvation

Medico-legal questions relating to pregnancy, delivery and abortion, infanticide, criminal offences, legitimacy.

Forms of Insanity. Delusions, illusions, hallucinations Criminal responsibility Modes of placing lunatics under restraint Medical certificates. Lunacy certificates Examination of Lunatics Testamentary capacity. Feigned insanity Placing habitual drunkards and cocaine eaters under restraint

HYGIENE

LECTURES

Air, in relation to Health and Disease —The causes and sources of the impurities found in air The diseases conveyed through the air The quantity of air necessary for health The principles of Ventilation

Water, in relation to Health and Disease —The character and classification of drinking-water The causes and sources of the impurities found in water and the methods of Purification The diseases conveyed by water and the methods of dealing with epidemics of such diseases Water-supply Methods of purification and filtration Character of good drinking-water

Food, in relation to Health and Disease —Dietetics The common adulteration of the chief articles of Diet. Diseases connected with deficiency or impurity of food-supply

Soil, in relation to Health and Disease —The Causes and Sources of the Impurities in the Soil and the Methods of dealing with them Diseases connected with the Soil The Method of dealing with Excreta and Sewage.

The Dwelling, in relation to Health and Disease —The construction of the Dwelling House, with reference to (a) the proper access of sunlight and air, (b) Methods of natural and artificial ventilation, warming and water-supply, and (c) the disposal of refuse and excremental matters. The situation and soil of the Dwelling House

Personal Hygiene with special reference to clothing in the Tropics.

The General Principles and Methods of Preventive Inoculation and Disinfection.

The Aetiology and Prevention of Epidemic and Endemic Diseases.

Disposal of the Dead in Hot Climates.

The Climate in the Tropics.

The powers and legal obligations of Medical Practitioners under the Municipal Act, the correct certification of the cause of death.

OPHTHALMIC SURGERY.

Examination of the Eye.—(a) Objective (b) Functional.

Diseases of the Conjunctiva, Cornea, Sclerotic, Iris, Ciliary Body, Chorooid, Lens, Vitreous, Retina, Optic Nerve, Lids, Lachrymal Organs and Orbit Congenital Defects Amblyopia and functional disorders of sight. Glaucoma.

Disturbances of mobility of the Eye Optical properties of the normal Eye and the theory of Spectacles. Anomalies of Refraction and Accommodation. Operations and their technique. Practical instruction in Ophthalmology and Refraction.

EXAMINATION FOR THE LICENSE.**Syllabuses of the subjects for Study.****CHEMISTRY.****LECTURES**

CHEMICAL and physical changes. Indestructibility of matter Elements and compounds Mechanical mixtures Chemical symbols and formulæ Laws of chemical combination Atomic theory. Simple methods of preparation and principal properties of the following —

Oxygen, Hydrogen, Nitrogen, Carbon, Chlorine, Bromine, Iodine, Fluorine, Sulphur, Phosphorus, Ammonia, Nitrous oxide, Nitric oxide, Nitric peroxide, Nitric acid, Carbon monoxide, Carbon dioxide, Hydrochloric acid, Hydrobromic acid, Hydriodic acid, Hydrofluoric acid, Sulphur dioxide, Sulphuric acid, Sulphuretted hydrogen, Oxides and Sulphides of Arsenic, Boric acid, Hydrocyanic acid

A study of the following — Water, Air, Marsh gas Bases, Acids and Salts

General properties of the following metals and the preparation and properties of their undermentioned compounds —

Potassium — Its Hydroxide, Carbonate, Nitrate, Chlorate, Iodide, Bromide, Permanganate and Cyanide

Sodium — Its Hydroxide, Carbonate, Bicarbonate, Chloride, Sulphate.

Calcium — Its Oxide, Hydroxide, Carbonate and Chloride

Magnesium — Its Oxide, Chloride and Sulphate

Zinc — Its Oxide, Chloride and Sulphate

Mercury. — Its Oxides and Chlorides.

Lead — Its Oxides, Nitrate

Iron. — Its Oxides, Chlorides and Sulphates

Preparation and properties of the following organic compounds — Alcohol, Ether, Chloroform, Chloral Hydrate, Acetic acid, Oxalic acid, Carbolic acid

A study of the following — Starch, Dextrin, Cane sugar, Grape sugar, Fermentation, Soaps and Saponification.

Simple qualitative examination of urine and urinary calculus

N.B. — The whole subject of Chemistry will be treated in an elementary way

PHYSICS.**LECTURES**

(a) *States of matter* — General properties of solids, liquids and gases.

(b) *Hydrostatics* — Floating bodies, Specific gravity, Hydrometers, Osmo-

sis

(c) *Pneumatics*. — Atmospheric pressure, Barometers, Boyle's law, Air pumps, Syphon.

(d) *Heat*. — Sources and effects of heat Temperature. Measurement of temperature. Thermometers, maximum and minimum thermometers, the clinical thermometer. Radiation, conduction, convection Latent heat

(e) *Light*. — Sources of light. Reflection, refraction and dispersion of light Plane and concave mirrors Simple lenses and prisms The solar spectrum The eye as an optical instrument Long and short sight The microscope.

(f) *Sound* — Production and propagation of sound Reflection of sound Velocity of sound Musical sounds Intensity Pitch and quality Tuning forks.

(g) *Electricity and Magnetism* — Elementary properties of magnets, Electrification by friction and induction. The electrophorus. Gold leaf electroscope The Leyden jar Electric conductors *Dynamic Electricity* —

Voltaic cell. Electro-magnet. Simple galvanometer Induced currents
Medical batteries

A B —The subject of Physics will be treated in an elementary way

PRACTICAL COURSE IN CHEMISTRY AND PHYSICS

Use of simple instruments such as —Syphon, thermometer, barometer, microscope, induction coil, magnets, batteries, burettes, pipettes. Chemical Analysis of urine, tests for sugar, albumen and bile.

MATERIA MEDICA AND PHARMACY.

LECTURES

1. (a) Definition of the various technical terms used in describing the action and preparation of medical agents and drugs

(b) The uses and methods of preparation of the more commonly used official pharmaceutical preparations.

(c) Knowledge of apothecary's scales and weights, also the various measures, signs and symbols

2 The sources, preparations, composition, doses, physiological action, therapeutic uses, and incompatibilities (physical, chemical and physiological) of the more commonly used drugs and their preparations, according to the British Pharmacopœia, and the Indian and Colonial addenda

PRACTICAL COURSE

- 1 Recognition of crude drugs and their more important preparations
- 2 Reading and writing of prescriptions in English, labelling and marking doses, and writing of directions, etc
- 3 Practical pharmacy and exercises in dispensing

PHYSIOLOGY

LECTURES

I —*Histology* —The Animal Cell, Epithelial Tissues, Connective Tissue (Dentine and development of Bone excluded), Muscular tissue, Nervous tissue

II —*Contractile Tissues* —Simple contraction—Tetanus, Fatigue, Principal changes associated with contraction Differences in function between Voluntary and Involuntary muscles Rigor mortis

III —*Dietetics and Digestive System* —Food-stuffs—classification of—principles of Dietetics Structure of the Oesophagus, Stomach, Small and Large Intestines, Salivary glands, Pancreas and Liver Composition of Saliva and its functions Composition and functions of Gastric juice, Pancreatic juice, Bile and Succus entericus Functions of the Large Intestines Absorption of food-stuffs Functions of Liver Mechanism of Deglutition Peristalsis, Defæcation.

IV.—*Respiratory System* —Structure of Trachea, Bronchi and Lungs. Mechanism in respiration Exchange of gases during respiration, Tidal air, Complemental air, Supplemental air, Residual air. Vital capacity. Apnoea. Asphyxia and its stages Effects of Respiration on Circulation.

V —*Circulatory System* —

(a) *Blood* —Composition of—, Red and white corpuscles, varieties of White cells—their functions Coagulation of blood.

(b) *Heart* —Structure. Innervation. Cardiac cycle. Heart sounds —their character and causation Heart block.

(c) *Blood Vessels* —Histology of Arteries, Veins, and Capillaries. Mechanism of blood flow. Pulse—its normal characters. Interpretation of pulse tracing Blood pressure. Vascular tone.

VI.—*Lymphatic System*.—Structure of Lymphatic Glands and Vessels. Composition of Lymph. Mechanism of Lymph flow.

VII.—*Urinary System*.—Structure and functions of Kidney. Urine—Physical characters and chemical composition. Common abnormal ingredients and their detection. Mechanism of Micturition.

VIII.—*Cutaneous System*.—Structure of Skin. Function of Skin
Sweat glands—their structure Composition of Sweat.

IX.—*Animal Heat*—Its regulation in warm-blooded animals.

X.—*The Ductless Glands*.—Structure and functions of Thyroid, Spleen, Supra-renal and Pituitary bodies

XI.—*Nerves and Central System*—

(a) Classification of Nerves

(b) The Central Nervous system.

(i) *Brain*—Structure and functions of Cerebral Cortex—Rolandic area The Cortical centres.

(ii) *The Cerebellum*—Functions of Cerebellum

(iii) *The Medulla*—Vasomotor, Respiratory and Cardiac centres.

(iv) *The Spinal Cord*—Structure of the Spinal cord Tracts of ascending and descending degeneration Functions of the Spinal cord Spinal Nerve roots

(c) Vasomotor Nerves

XII.—*Special Senses*—

(a) *The Vision*—Formation of retinal image Mechanism of Accommodation Iris—Structure and function Common Errors of Refraction

(b) *Hearing*—Anatomy and structure of middle and internal Ear Conduction of sound waves Mechanism of hearing

(c) *Taste and Smell*—Varieties of Papillæ of the Tongue and their structure Nerves of Taste Olfactory nerves

(d) *Cutaneous and Motor Sense*—Varieties of the End organs Varieties of cutaneous sense Muscle sense

XIII.—*Reproductive System*—The male reproductive organs. The female reproductive organs Fertilization of the ovum The Mammary glands

PRACTICAL COURSE

(a) Identification of histological specimens of Epithelium, Connective tissues, Muscular tissue Medullated Nerves Specimens of Spleen, Kidney, Liver, Thyroid, Human blood, Frog's blood, Lung, Stomach

(b) Staining and mounting of sections of tissues mentioned above

(c) Preparation and staining of Blood films Recognition of Leucocytes

(d) Use of the Hæmoglobinometer and Sphygmograph and Sphygmomanometer

(e) Estimation of Glucose Tests for Glucose, Albumen, Bile

GENERAL PATHOLOGY

LECTURES

I—A knowledge of—

(a) Processes of inflammation and repair

(b) Process of fever

(c) Processes of infection and immunity (elementary)

(d) Disorders of blood and circulation.

(e) Disorders of nutrition and auto-intoxication

(f) Degenerations and retrogressive changes

(g) The progressive tissue changes including Neoplasms

II—Elementary Bacteriology and Parasitology—

To embrace the study and morphology of the following—

Pyogenic Cocci. *Bacillus Coli-communis*. *Bacillus Pestis* *Bacillus Tetani* *Bacillus Tuberculosis*. *Vibrio Cholerae*. *Hæmatozoon malariae* *Amœba coli* Parasite of Kala-azar. *Ascaris*

lumbricoides. Oxyuris vermicularis Ankylostomum duodenale. Filaria Sanguinis Hominis Tænia Solium. Acarus scabiei Pediculi.

III.—*Morbid Anatomy and Histology*.—The more important structural changes produced in organs and tissues by the more common diseases.

PRACTICAL COURSE

- (a) Identification of pathological specimens from microscopical sections of the commoner affected organs and tissues
- (b) Preparation of blood films
- (c) Recognition of malarial parasites
- (d) Preparation and staining of sputum for tubercle bacillus
- (e) Technique of collection and pathological examination of urine and pus

MEDICAL JURISPRUDENCE

LECTURES

- I—Unnatural and sudden deaths—Giving of medical evidence—medico-legal reports and certificates
- II—Death—Chief forms of unnatural deaths, accident, suicide, homicide, poisoning Signs of death Post-mortem lividity—Rigor mortis—Putrefaction—Mummification Time elapsed since death Post-mortem examination in medico-legal cases
- III—Identity of the living and dead—Age in its medico-legal aspect—The teeth, ossification—union of important epiphyses—Sexual characteristics of the skeleton
- IV—Wounds and mechanical injuries—Definition and varieties—distinction between ante-and post-mortem, suicidal and homicidal wounds Results following wounds Causes of death from wounds Injuries of special regions Examination of weapons and identification of materials adherent to weapons
- V—Deaths from Asphyxia—Hanging, strangulation, suffocation and drowning
- VI—Deaths from—Burns, scalds, heat, cold, electric discharge, and starvation
- VII—Signs of Virginity, Rape and Sodomy
- VIII—Signs of Pregnancy—Quickening—Period of human gestation—Prolonged gestation—Superfoetation—Viable age—Signs of delivery—recent and remote
- IX—Criminal abortion and infanticide Signs of live birth—Signs of death from violence, and criminal neglect or omission.
- X—Poisons—Actions of Diagnosis and treatment of cases of common poisoning Post-mortem appearances in cases of poisoning Preservation and transmission of viscera for analysis from suspected poisoning cases
- XI—Toxicology Mineral acids Alkaline corrosives Corrosive Sublimates Carbolic acid Oxalic acid Phosphorus. Arsenic and its compounds Lead. Alcohol Chloral Hydrate Carbon Monoxide Carbon Dioxide Kerosene Oil. Opium Cannabis Indica Datura Belladonna Cocaine Strychnine and Nux Vomica Aconite Oleander Snake poison

HYGIENE AND VACCINATION

LECTURES.

- I.—*Air*.—Composition of— Vitiating, and impurities suspended and gaseous—Examination of air—Ventilation, natural and artificial methods—Diseases due to overcrowding.

II — *Water* — Sources, collection and storage — Uses — Impurities and Origin — Purification, wholesale and domestic — Water-borne diseases.

III. — *Climate and soil*. — Varieties — Rainfall — Sub-soil water — Building sites — Drainage.

IV — *Food and Diets*. — Classification and varieties of subsistence diets Diseases due to over-and under-feeding Preserved and tinned foods — Fermented beverages — Milk and its relation to infectious diseases.

V — *Personal Hygiene* — Cleanliness, clothing, exercise, rest and sleep.

VI — *Conservancy* — Methods in villages, jails, towns and cities — septic tanks — dry earth latrines — water-closets Disposal of sewage — Sewage Farms Disposal of dead.

VII — *Communicable Diseases and their Prophylaxis* — Endemic and epidemic — Plague, Cholera, Enteric, Tuberculosis, Malaria, Kala-azar, Elephantiasis, Rabies Anti-rabic inoculation Rôle of flies and suctorial insects in spreading diseases Rôle played by human carriers on spread of disease

VIII — *Disinfection*

IX — *Small-pox and Vaccination* — Prevalence, inoculation, dangers of vaccination Practical details of vaccination and methods of same Sources of vaccine lymph, preparation of skin, aseptic precautions Phenomena of successful vaccination

APPENDIX.

PRELIMINARY SCIENTIFIC OR PRIMARY EXAMINATION FOR
MEMBERSHIP OF THE STATE MEDICAL FACULTY.*(This application must reach the Secretary on or before the)*

APPLICATION.

TO THE SECRETARY OF THE STATE MEDICAL FACULTY.

SIR,

I REQUEST permission to present myself at the ensuing Preliminary Scientific Examination for the Membership of the State Medical Faculty.

The fee of Rupees is forwarded herewith.

I am,

SIR,

Yours obediently,

CERTIFICATE.

I CERTIFY that

The certificate has to be signed by the Principal of the College at which the candidate has studied.

_____ has fulfilled the requirements contemplated under clause I of the Schedule pertaining to the Preliminary Scientific Examination and that I know nothing against his moral character. I believe the subjoined account to be true. His age on the first day of the month of the Examination will be to the best of my information and belief years months.

Principal.

PARTICULARS TO BE FILLED IN BY THE CANDIDATE

Age

Date of passing the Matriculation Examination of a Recognised University or its equivalent

Date of passing the First or Intermediate Examination in Arts

Date of passing the Intermediate Examination in Science

Date of passing the B. A. or B. Sc.
Examination

Scientific subject or subjects in which the candidate has passed at the Intermediate Examination in Arts or Science or B. A. or B. Sc. Examination and in which he claims an exemption from examination under clauses 2 and 3 of the "Exemptions" specified in the Schedule

Particulars to be filled in by the Principal.

[illegible]

(This application must reach the Secretary on or before the _____.)

TO THE SECRETARY OF THE STATE MEDICAL FACULTY

I REQUEST permission to present myself at the ensuing Intermediate Examination for the Membership of the State Medical Faculty.

Yours obediently,

be true.

Principal.

Date of passing the Preliminary Scientific Examination of the State Medical Faculty
Date of passing the Preliminary Scientific M. B. Examination

Particulars to be filled in by the Principal

[illegible]

FINAL EXAMINATION FOR MEMBERSHIP OF THE STATE MEDICAL FACULTY.

(This application must reach the Secretary on or before the)

W A MARR, Collector of Burdwan

APPENDIX XXIII

(See paragraph 127)

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government situated along the Bankura-Taldangra road in the Bankura town, in the district of Bankura will be put up to sale at 12 noon on Friday, the 7th May 1915, corresponding with the 24th Baisakh 1322 B S at Bankura Collectorate

The purchasers of the several plots of land will be subject to the following conditions —

- 1st — If the amount of purchase money does not exceed Rs 100, the whole amount must be paid down at once
- 2nd — If the amount of purchase money exceeds Rs 10, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale
- 3rd — The plots of land will be sold revenue-free to the highest bidders
- 4th — The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it and a regular conveyance will then be granted to the purchaser

Bankura Collectorate, the 9th March 1915

A W. COOK, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Southern section of the Eastern Bengal State Railway, in the district of the 24-Parganas, will be put up for sale at Baranpur Railway station on 4th May 1915, corresponding with the 21st day of Baisakh, 1322 B.S., Tuesday, about 3-30 P.M.

The purchaser of the several plots of land will be subject to the following conditions —

1st —The purchaser will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or plough the land nearer than three feet from the same.

2nd —If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th —The plots of land will be sold revenue-free to the highest bidders

5th —The sale will become final on receipt, by the Collector, of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser

J. A. L. SWAN, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plot of land, no longer required by Government, situated along the Messrs Apar & Co.'s New Charaipur Siding of Toposi Extension mile 9, E I Railway, in the district of Burdwan, will be put up to sale at 2 P.M. o'clock on Wednesday, the 24th April 1915, corresponding with the 15th Baisak 1322 B.S., Asansol Dak Bungalow.

The purchasers of the several plots of land will be subject to the following conditions:—

- 1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway fencing, or plough the land closer than three feet from its foundation.
- 2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.
- 3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.
- 4th.—The plots of land will be sold revenue-free to the highest bidders.
- 5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands

1 Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

- (i) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait
- (ii) The Middle Andaman excepting that portion to the west of Yelga and south of the main line cleared from the junction of the Chara lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea

2 Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Port Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands

3 Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter, but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited

4 The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract

5 The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound

6 The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed—

- (i) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs

- (ii) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second class logs,
4,000 tons of third-class logs.

The outturn in the last six years of the license will be determined by working plans to be drawn up hereafter

7 In addition the licensees will be permitted to cut, subject to previous marking, should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows—

Gurjan over 8 ft. in girth, *dudu* and *pumma* over 7½ ft. in girth, and *loko*, black *chuglam*, white *chuglam*, white *bambire*, red *bambire*, and *taungpau* over 6 ft. in girth

8 The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill

9 For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled, but thereafter minimum annual royalties will be payable as follows—

- (i) for the North Andaman, Rs. 1,00,000 per annum,
- (ii) for the Middle Andaman, Rs. 1,00,000 per annum,
- (iii) in case of a combined license for both islands, Rs. 2,00,000 per annum

10 Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound, which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them

11 Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands

12 The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employes and the convict population in the Andamans.

13 Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation

14 Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair

15 Such padank timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub-periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917 shall not exceed 500 tons of squares and 1000 tons of scantlings. There will be no limit to the quantity of timber other than padank which may be extracted from the areas under reference, and no restriction as to its disposal

16 The Inspector-General of Forests, Simla, will answer calls for further information

17 Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs 1,500 in cash or in Government securities. This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below

18 All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla. This agreement must be signed within three months of the acceptance of the tender

19 Tenders, marked "Tender for Andamans Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for padank or for other timber, or to assign any reasons for the refusal or acceptance of any tender

20 Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid

L J KERSHAW,

Secretary to the Government of India,

Department of Revenue and Agriculture

NOTICE

Sale of Andamans timber in 1915

IT is notified for general information that quarterly
tenders will be invited during 1915 for shipments of
padauk and of pyinma (*Lagerstrœmia hypoleuca*), a
wood somewhat resembling jacaril, and of koko or siris
(*Albizia Lebbek*), in the form of rough-hewn logs or
'squares', to be shipped ordinarily by the Port Blair
mail steamer, or as opportunity may offer, by other
steamers

It is expected that the following minima quantities
will be available during the year —

Padauk, good and off-coloured ..	2,600 tons
Pyinma	500—1,000 ..
Koko	500 ..

Full particulars can be obtained on application to the
Divisional Forest Officer, Andamans, Port Blair

Notification

UNDER section 5 of the Indian Treasure Trove Act
VI of 1878, it is hereby notified that on 6th July 1913
a treasure of Rs 38 was found in the house of one
Marakal in Kurichi village, Salem taluk, by (1) Chinna-
kall Boyan, (2) Rama Boyan, and (3) Periyannan, coolies
of the village while erecting mud walls in the house of
the said Marakal

2 All persons claiming the said treasure or any part
thereof are hereby required to appear personally or by an
authorised agent before the Collector of Salem at his
office in Salem on the 1st August 1915 in view of their
claims being enquired into and determined according
to law.

E. W. LEAN, Acting Collector

Salem Collector's Office, the 16th March 1915

Notification.

IT is hereby notified that, under section 46 of the Local Self-Government Act, III (B.C.) of 1898, the Dinajpur District Board, at a special meeting held on the 26th February 1915, decided to levy road-tax on the district for the ensuing year 1915-16 at the maximum rate of half anna or six pies in the rupee on the annual value of land, etc.

J. C. CHAKRAVARTY,

Vice-Chairman, District Board

Dinajpur, the 3rd March 1915

(496—3)

Notice.

NOTICE is hereby given that all Exhibits filed in cases in the Court of the Municipal Magistrate, Calcutta, in the year 1912, will be destroyed if not taken back by the parties who filed them before 31st March 1915.

NIBARAN CHANDRA GHATAK,

Municipal Magistrate, Calcutta

Town Hall, Calcutta, the 13th January 1915

Notice.

ON and from 15th October, 1914, the Government of Bengal has ceased to undertake cash sales of publications of that Government at the Bengal Secretariat Book Depot.

Intending purchasers should in future apply to Messrs Cambray & Co., Booksellers and Publishers, of No. 9, Hastings Street, or to Messrs Rai M. C. Sarkar Bahadur & Sons, of 75-1-1, Harrison Road, Calcutta, at whose premises all publications of this Government which are for sale will be open to inspection.

Agents for the sale of Government publications and booksellers, who are allowed commission on the purchase of books, will be supplied by the Book Depot as at present.

The Book Depot will continue, as heretofore, to conduct sales of books by post, and persons desirous of procuring Government publications by this method, should address their requisitions to the Book Depot.

A. W. WATSON,

Secretary to the Government of Bengal,
Legislative Department

Legislative Department,

Book Depot, Calcutta.

The 11th December 1914

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate

them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta.

LEGISLATIVE DEPT. ;

BOOK DEPÔT BRANCH,

The 17th December, 1914.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

SULPHATE OF QUININE, SULPHATE OF CINCHONIDINE, CINCHONA FEBRIFUGE, RESIDUAL ALKALOID AND Quinoidine

Manufactured at the Bengal Government Cinchona Plantation

THESE articles are guaranteed to be free from wilful admixture with other Cinchona alkaloids. Quinine can be purchased by Government officers, District and Local Boards. It can also be purchased by Missionaries for bona fide public purposes. Otherwise it is not sold to private persons or firms. Cinchonidine is for sale to Government officers and to dealers. Cinchona Febrifuge can be purchased both in powder and in gram tablet forms by Government officers and the general public. It is also sold by the Principal Drugstore in Calcutta. Quinoidine or Pure Amorphous Alkaloid and Residual Alkaloid or Amorphous Cinchona Alkaloid which contains about 10 per cent. of Pure Amorphous Alkaloid are for sale to Missionaries and Government institutions only. These drugs are sold strictly cash and in advance, but private purchasers may use the V-P post system, and these are obtainable from the Superintendent, Juvenile Jail, Alipore.

The rates for these drugs from 1st April 1914 are as follows—

Sulphate of Quinine	Rs
For quantities of not less than 6 lbs in one delivery, 18 per lb.	
For any quantity less than 6 lbs in one delivery, 15 " "	

Sulphate of Cinchonidine	Rs
For quantities of not less than 6 lbs in one delivery, 12 per lb.	
For any quantity less than 6 lbs in one delivery, 14 " "	

Cinchona Febrifuge	Rs
For quantities of not less than 6 lbs in one delivery, 5 per lb.	
For any quantity less than 6 lbs in one delivery, 6 " "	
Residual Alkaloid or Amorphous Cinchona Alkaloid and Quinoidine or Pure Amorphous Alkaloid, for any quantity, Rs 4 per lb.	

Quinine is available in 1-oz, 3-lb, 1-lb and 1-lb tins.
Cinchonidine is available in 1-lb, 1-lb and 1-lb tins.
Cinchona Febrifuge is available in 1-lb, 1-lb and 1-lb tins.
Residual Alkaloid is available in 10-lb, 5-lb and 1-lb tins.
Quinoidine is available in 10-lb and 1-lb tins.

Transit charges are in addition to the above prices in every case.

Drugs are sold strictly cash and in advance. Price of postage must accompany the price of the drug (when the drug is required by post). No charges are made when drugs are sent by rail. The name of the railway station, steamer, or post office must be written distinctly when the parcels are required by rail, steamer or by post. A scale of postage is given below—
[For 1 and 3-lb 4 annas, 1 lb 6 annas, 2 lbs 10 annas, 3 lbs 12 annas, 4 lbs. Rs. 1, 5 lbs. Rs. 1 4, and for 6 lbs. Rs. 1 6]

OATH OR AFFIRMATION OF ALLEGIANCE.

LIST OF BUSINESS—ITEM No. 1.

The Hon'ble Jitisham-ul-Mulk Rais-ud-Daula Amn-ul-Omiyah Nawab Sir Asif Qadi Saiyid Wasif 'Ali Muza Khan Bahadur Mahabat Jang, Nawab Bahadur of Murshidabad, made an affirmation of his allegiance to the Crown.

THE LATE NAWAB OF DACCA.

His Excellency the PRESIDENT said —

"Before we proceed further with the business that is before us, I should like to read to you the following letter which has been received by the Secretary to the Council in reference to the resolution carried in this Council on the 19th January last.

ASHIMAN MANZIL, DACCA,

The 12th February 1915.

From Khwaja Habibullah, Nawab of Dacca

DEAR SIR,

I have the honour to acknowledge the receipt of your demi-official No 196 L, dated the 4th February current, and have to thank you for the copies of the abstract of the proceedings of a meeting of the Bengal Legislative Council held on the 19th January last

The family are deeply conscious of the gratitude they owe to the members of the Bengal Legislative Council for the resolution of sympathy in regard to the death of their head the late Nawab Sir Salmullah Bahadur

I am,

Dear Sir,

Yours faithfully,

(Sd) K HABIBULLAH

Nawab of Dacca

To A. W. WATSON, Esq, I.C.S.,

Secretary, Bengal Legislative Council, Calcutta.

STARRED QUESTIONS.

QUESTIONS AND ANSWERS.

LIST OF BUSINESS—ITEM No. 2.

By the Hon'ble RAI NALINAKSHA BASU BAHADUR —

*1. (a) Are the Government aware that the rayats in the neighbourhood of the Eden Canal entered into an agreement with the Eden Canal authorities for the supply of water for the irrigation of their lands?

Supply of water for the irrigation of canals in the neighbourhood of the Eden Canal.

(b) Are the Government also aware that the Eden Canal authorities have, in the last few years, failed to supply this water?

Questions and Answers.

N Basu, Mr Cowley, Maharaja of Nashipur; Mr Samman

By the Hon'ble RAI NALINAKSHA BASU BAHADUR —*concluded*

(c) In this connection has it been brought to the notice of Government that the canal authorities have throughout realised from the raiyats the entire amount which the latter stipulated to pay for the regular supply of this water?

(d) If so, are the Government considering the desirability of making an inquiry into the matter?

The Hon'ble Mr COWLEY replied —

1 (a) “ Yes

(b) It is the case that during recent years the supply of water to the Eden Canal has been precarious and during the past two years, 1913 and 1914, the supply has been nearly cut off by the sand *chur* which has formed in front of the Jaguti Sluice

In 1912 there was no complaint of short supply, probably on account of the assistance from rain

In 1913 water was supplied up to a fairly late date in the season, but the supply was deficient in October

In 1914 the supply completely failed in September

(c) It is incorrect to say that the canal authorities have throughout realised from the raiyats the entire amount which they stipulated to pay for the regular supply of water

It is the case that when crops have suffered owing to the failure of supply of water, remission of water rates is allowed, provided the applications are received before the crops are cut

Many such applications have been received for the year 1914 and are being inquired into, and remission will be given where necessary. It has been reported that the remission of water rates for the year 1914 may amount to Rs 10,000. A new supply sluice and head works about 2 miles below the existing sluice are now under construction and it is hoped will be completed before the next irrigation season. These works will ensure the supply for the time being since they are more favourably situated where the river is close to the bank and where at present there is no likelihood of a sand *chur* forming in front of it.

It is not considered necessary in the circumstances to make any further inquiry into the matter, the supply of water is governed by certain rules with which the raiyats are fully conversant and remission of water rates can be granted by the Divisional Canal Officer for injury to the crop on a leased area caused by a deficient supply of water, provided that a written application for remission has been made 15 days at least before the crop is cut.”

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur.—

Education of
Pardanashin Ladies
in the Lalbagh sub-
division

*2. (a) Will the Government be pleased to state whether any arrangements for *Pardanashin* Zenana education have been made in the Lalbagh subdivision?

(b) If so, how many lady teachers have been appointed?

The Hon'ble Mr. SAMMAN replied.—

(a) “Arrangements for *Pardanashin* Zenana education have been made in the Lalbagh subdivision of the Murshidabad district.

(b) One lady teacher has been appointed.”

*Questions and Answers.**Maharaja of Nashipur Mr Samman.*

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur —

*3. (a) Is it a fact that the Krishnagar Municipality has submitted a water-works scheme for the town and prayed for the usual Government grant of half the amount of the total cost? Water - w
scheme for
Krishnagar
municipality

(b) If so, will the Government be pleased to state what is the total cost of the proposed water-works and whether Government have passed any final orders in the matter?

The Hon'ble Mr SAMMAN replied —

(a) and (b) 'A complete water-supply scheme for the Krishnagar Municipality was drawn up by the Sanitary Engineer at an estimated cost of Rs 2,82,000, which was subsequently raised to Rs 2,91,000. This scheme was referred to the Municipal Commissioners in April, 1914, for resubmission with definite proposals for financing it, Government making an offer to pay one-half of the total cost. The Municipal Commissioners, while accepting the offer of financial assistance made by Government, resolved to move Government for further assistance towards the drainage scheme and decided to consider both schemes together on receipt of the reply from Government.

The financial aspect of these two schemes presents great difficulties. The whole question was thoroughly investigated and discussed with the Municipal Commissioners by the Hon'ble Member in charge of the Department during his recent visit to Krishnagar, and the Sanitary Engineer is now being consulted on a proposal to curtail the drainage scheme so as to reduce its capital cost and to bring the recurring charges for its upkeep within the financial resources available. The question of a Government contribution will be carefully considered on receipt of the Sanitary Engineer's report."

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur —

*4. (a) Is it a fact that the Krishnagar Municipality has submitted a drainage scheme for Goan town? Drainage
for Goan to
the King
Municipality

(b) If so, will the Government be pleased to state whether they have approved of the scheme and whether any contribution has been sanctioned by them for the same?

The Hon'ble Mr SAMMAN replied —

(a) and (b) "The Hon'ble Member is referred to the answer given by me to Question No 3."

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur —

*5. (a) Are the Government aware that the Zamindary Association of Rangpur submitted a memorial on the 25th November 1914, through the Commissioner of the Rajshahi Division, praying for the establishment of a Pasteur Institute at Rangpur. Establishm
Pasteur I
at Rangpur.

(b) Have the Government received the said memorial, and, if so, will they be pleased to state what orders have been passed thereon?

The Hon'ble Mr SAMMAN replied —

(a) "The answer is in the affirmative."

(b) The memorial has been received and the memorialists have been informed, in reply, that the decision regarding the utilization of the money subscribed to the King Edward Memorial Fund, Eastern Bengal and Assam, lay, not with the Government but with the subscribers themselves. The subscribers decided to devote a portion of the fund to the construction and equipment of a Pasteur Institute at Shillong, and steps have been taken accordingly. As there is to be a Pasteur Institute at Shillong, the Governor in Council considers it unnecessary to have another such institution so near to Shillong as Darjeeling."

*Questions and Answers.**Maharaja of Nashipur; Mr. Samman.*

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur —

*6 (a) Will the Government be pleased to state whether it is a fact that there has been an epidemic of small-pox recently in Calcutta?

(b) If so, will the Government be pleased to state what steps (if any) have been taken or are being taken to check the spread of the disease?

The Hon'ble Mr SAMMAN replied —

(a) "The answer is in the affirmative."

(b) To supplement the existing accommodation for small-pox patients in the Campbell Hospital, the Government have sanctioned the opening of a temporary small-pox hospital, which will provide accommodation for 100 patients. The Corporation of Calcutta have acquired a site at Gobra and are making the necessary arrangements in consultation with the Superintendent of the Campbell Hospital.

Temporary vaccinators have been appointed for the vaccination of persons working in the mills in or near Calcutta and of the shipping community of the port of Calcutta.

The task of dealing with the present epidemic is primarily one for the Health Department of the Corporation of Calcutta, which is fully alive to the situation. The following, among other measures, have already been taken by the Corporation —

(i) Shortly before the outbreak a warning notice urging the public to get vaccinated was published, and when small-pox was declared epidemic, a notification was published by beat of drum, by posters and in the press that all vaccination would be free of charge. As a result of this step the number of persons vaccinated has increased enormously.

(ii) The Health Department has been strengthened by the employment of extra vaccinators, both male and female, and also of Medical, Disinfecting and Bustee-cleansing Inspectors.

(iii) Sixteen Medical men of the town having volunteered to vaccinate the poor free of charge, arrangements have been made to supply them with fresh lymph.

(iv) All school-boys, students, and employes known to have been in contact with a case of small-pox are quarantined.

(v) A small hospital has been opened in Tangra for Indian patients who can afford to pay.

(vi) Ambulances have been provided at each of the principal hospitals of the town, and arrangements have been made for disinfecting the gharries in which persons suffering from infectious diseases are carried to the hospitals.

(vii) As many cases of small-pox are treated at home, medicated oil has been distributed free for use as a disinfectant."

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

*7. And the Government considering the advisability, in the interests of the health of the student community, of asking the Senate of the Calcutta University whether the dates for the University examinations could not be fixed in future in months other than February, March and April, when epidemics of illness are not infrequent in Calcutta?

The Hon'ble Mr. SAMMAN replied —

"The answer is in the negative."

Questions and Answers.

Maharaja of Nashipur; Mr. Kerr; Babu S. N. Ray; Mr. Samman

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

*8. (a) Are the Government aware that cattle in Bengal have much deteriorated in recent years?

(b) Are the Government considering the advisability of establishing^r pasture lands in every village?

The Hon'ble Mr. KERR replied —

(a) "Government are not aware that there has been a marked deterioration of cattle in Bengal in recent years. But it is a fact that the condition of the cattle in this Presidency is not satisfactory. The reasons are partly climatic and partly economic. The question of the remedies to be applied has been frequently discussed both in this Council and elsewhere.

(b) The Hon'ble Member is referred to the reply given to a similar question asked by him at the Council meeting of the 1st September, 1914. The reports of Commissioners in reply to the reference made to them on the subject of grazing grounds in Government estates have recently been received, and are under the consideration of the Board of Revenue."

By the Hon'ble BABU SURENDRA NATH RAY —

*9. (a) Will the Government be pleased to say whether it is a fact that fifteen thousand people, or some number approaching that figure, died of malarial fever in the Nadia district in November, 1914, and that the deaths in that district in December, 1914, were nearly fourteen thousand?

(b) Were any additional medical men sent to the district of Nadia during the outbreak of malarial fever in November, 1914.

(c) Are the Government aware that it is constantly asserted that the outbreak of malarial fever in an epidemic form in the Nadia, and adjoining districts, is due to the action of the Eastern Bengal State Railway in closing the Matukari Bund in the district of Murshidabad?

(d) Will the Government be pleased to state what steps (if any) they are taking to put down malaria in those districts?

The Hon'ble Mr. SAMMAN replied —

(a) "No separate statistics are kept for malarial fever. Deaths from fever of all kinds in the district of Nadia numbered 11,554 in November, 1914, and 11,526 in December, 1914.

(b) The answer is in the negative.

(c) Government have no information on this point.

(d) In order to put down malaria, every endeavour is being made to popularise the use of quinine, and almanacs, printed in the vernacular, containing a leaflet on malaria and its remedies, are widely distributed in all districts. Certain quantities of quinine have been supplied free of cost to the Mission dispensaries at Ranaghat, Ratanpur and Meherpur.

In accordance with expert medical opinion, the District Boards and Municipalities have been requested to arrange for the administration of adequate doses of quinine to all persons treated for the disease at charitable dispensaries. In exceptional cases, grants have been given from Provincial Revenues to such Municipalities as are really unable to bear the extra charge incurred on this account.

As a temporary measure, Assistant Surgeons have been appointed to deliver lectures on sanitation and hygiene, with special reference to malaria, at all Government High schools and Technical schools and at some aided schools.

Liberal grants have been made to Municipalities to assist them in carrying through water-supply and drainage projects.

The substantial additions made to the incomes of District Boards by the surrender of the Public Works Cess should enable these bodies to do far more than hitherto to combat malaria."

Questions and Answers

*Babu S. N. Banerji; Mr. Cumming; Raja Mahendra Ranjan Ray
Chaudhuri; Mr. Samman.*

By the Hon'ble BABU SURENDRA NATH BANERJI —

*14. Will the Government be pleased to state what additional expenditure, both recurring and non-recurring, will be incurred in partitioning the district of Mymensingh into three, and the district of Midnapur into two districts?

The Hon'ble Mr CUMMING replied —

"No estimates have yet been prepared. With regard to Midnapur, a report has been called for from the Public Works Department in paragraph 10 of Resolution No 1155 P, dated the 26th January, 1915, published in the *Calcutta Gazette* of the 27th idem."

By the Hon'ble BABU SURENDRA NATH BANERJI —

*15. Is it in the contemplation of the Government to introduce administrative and other changes on the basis of the recommendations of the District Administration Committee before April, 1916?

The Hon'ble Mr CUMMING replied —

"Government have invited an expression of public opinion on these recommendations, and, apart from the cases of Midnapur and Mymensingh, have not so far decided what changes should be introduced. His Excellency in Council hopes to come to a decision without undue delay, but the introduction of any reforms that may be considered desirable must always be subject to financial considerations."

By the Hon'ble BABU SURENDRA NATH BANERJI —

*16. Will the Government be pleased to lay on the table a detailed estimate of the cost, both recurring and non-recurring, which will be incurred in effecting the division and re-adjustment of administrative areas as recommended in Part II of the Report of the District Administration Committee?

The Hon'ble Mr CUMMING replied —

"No estimates have been prepared."

UNSTARRED QUESTIONS.

By the Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI —

I. Will the Government be pleased to state what measures (if any) have so far been taken to reduce the high rate of Infantile mortality in Bengal generally, and in certain districts specially, to which I drew attention in a resolution moved by me in March last year?

The following reply by the Hon'ble Mr SAMMAN was laid on the table:—

"In his speech on the Resolution moved in March, 1914, the Hon'ble Nawab Syed Shams-ul-Huda assured the Hon'ble Member that Government were determined to make a systematic effort to combat ignorance and to diffuse knowledge of sanitation and necessary preventive measures among the public."

The whole question of hygiene and sanitation, including the instruction of girls and women in domestic hygiene and in matters relating to maternity and the management of children, has since been carefully examined by a Committee appointed by Government. That Committee has recently finished its discussions but its report has not yet been received by Government. It is understood that several practical suggestions have been made by the Committee, these will be carefully considered by Government on receipt of the report. Till then it is not possible for Government to formulate any general line of action, but in the meanwhile the Sanitary Officers of Government are doing all that lies in their power to combat ignorance in these subjects."

Questions and Answers

Maulvi A. K. Faz-ul-Haq; Mr. Samman

By the Hon'ble MAULVI A. K. FAZ-UL-HAQ —

II (a) Will the Government be pleased to state whether *Maktabs* of all classes are subsidized by the District Boards in accordance with the provision of the Model Rules of 1911 for the administration of Primary grants, which allowed the *Maktabs* 50 per cent above the scale of grants to corresponding *Pathshalas*?

(b) Will the Government be pleased to state whether provisions have been made for subsidizing Upper Primary *Maktabs* similar to Upper Primary schools?

The following reply by the Hon'ble Mr. SAMMAN was laid on the table —

(a) "The model rules of 1911 have been adopted by District Boards; but it has been ascertained that, owing to a misunderstanding, effect has not in all cases been given to rule 25 which provides for an addition of 50% to the ordinary rates of subsistence and deferred allowances in the case of *mianjis* of recognised *Maktabs*. The Director of Public Instruction has invited the attention of Divisional Inspectors of Schools to this omission and has issued necessary instructions.

(b) The answer is in the negative. Under the rules, *Maktabs* are expected to teach only up to the Lower Primary standard. The Department of Education, therefore, recognises no distinction between Upper Primary and Lower Primary *Maktabs*."

By the Hon'ble MAULVI A. K. FAZ-UL-HAQ —

III Will the Government be pleased to state whether effect has been given to the Earle Scheme for the opening of *Mianji* training schools and appointing inspecting Maulvis in all the districts of the Burdwan and Presidency Divisions?

The following reply by the Hon'ble Mr. SAMMAN was laid on the table —

"The scheme drawn up by Sir Archdale Earle in 1908 contemplated the opening of six *mianji* training schools in the Burdwan and Presidency Divisions. Of these, five have been opened in the districts of Midnapore, Hooghly, the 24-Parganas, Jessore and Khulna.

Sir Archdale Earle further recommended that an inspecting *Maulvi* be appointed in every district that contained more than 90 *maktabs* and *Koran* schools. Effect has been given to this proposal in the Burdwan and Presidency Divisions."

By the Hon'ble MAULVI A. K. FAZ-UL-HAQ —

IV. Will the Government be pleased to state whether they are considering the question of the appointment of Muhammadan Additional Deputy Inspectors of schools in the Districts of Howrah, Bankura and the proposed District of Kharagpur?

The following reply by the Hon'ble Mr. SAMMAN was laid on the table —

"The answer is in the negative."

By the Hon'ble MAULVI A. K. FAZ-UL-HAQ —

V. Are the Government considering the advisability of making a definite pronouncement as to the future policy which the Government propose to adopt regarding the Laskarpur and other mosques included in the area acquired by the Port Commissioners of Calcutta?

*The Bengal Steam-Boilers and Prime-movers (Amendment) Bill.**The Bengal Embankment (Sundarbans) Bill Mr. Cumming; Mr. Beatson Bell.*

The following reply by the Hon'ble MR. CUMMING was laid on the table —

"The future of the Laskaipur Mosque and other mosques in the port area involves questions of legal rights between the Port Commissioners and the Muhammadan public. If there is any doubt or uncertainty as to these rights, the matter can be set at rest either by agreement of parties or by a judicial decision.

Government have always avoided and will continue to avoid, as far as circumstances permit, taking any action likely to hurt the religious sentiments of any class of His Majesty's subjects, and have no doubt that the same considerations will influence any action which the Port Commissioners may propose to take in connection with these mosques."

THE BENGAL STEAM-BOILERS AND PRIME-MOVERS (AMENDMENT) BILL, 1915

LIST OF BUSINESS—ITEMS Nos. 3 & 4.

The Hon'ble Mr. Beatson Bell presented the Report of the Select Committee on the Bengal Steam-boilers and Prime-movers Bill, 1915, and moved that the said Report be taken into consideration.

He said —

"My Lord, I need not trouble the House with any speech as the Select Committee have been unanimous in their Report. They have made a few verbal alterations in the Bill and I think the House will be of opinion that those verbal alterations are improvements. The House will remember that when I introduced the Bill, I mentioned that the question of steam-vessels in the mufassal required further consideration. We have so amended the Bill that we have laid down nothing hard and fast regarding steam-vessels in the mufassal. Action will be taken as occasions require by statutory notification.

The motion was put and agreed to.

The Hon'ble Mr. Beatson Bell moved that the Bill be passed.

The motion was put and agreed to.

THE BENGAL EMBANKMENT (SUNDARBANS) BILL, 1915.

LIST OF BUSINESS—ITEM No. 5.

The Hon'ble Mr. Beatson Bell moved that the Report of the Select Committee on the Bengal Embankment (Sundarbans) Bill, 1915, be taken into consideration.

The motion was put and agreed to.

DISCUSSION OF AMENDMENTS.

Clause 2

List of Amendments—Motion No. 1.—The Hon'ble Raja Hrishikesh Laha moved that for the first three lines of clause 2 of the Bill the following be substituted, namely —

"Subject to the condition that such extension shall not affect any right which the owners of the embankments may acquire to alluvial lands accreting to their estates, the following enactments are hereby extended to such embankments in the Sundarbans as abut on navigable rivers, namely .—"

*The Bengal Embankment (Sundarbans) Bill.**Mr Beatson Bell ; Babu S. N. Banerji.*

He said —

"My Lord, it should be observed that by section 1 of Ben Act II of 1882 the Sundarbans was excluded from the operation of that Act. The exclusion was not simply accidental, but it was deliberately done with a view to encourage the reclamation of the Sundarbans. This part of the province, as is well known, is covered with jungles and infested with wild beasts, and on account of the various ramifications of channels, creeks and watercourses it is frequently liable to be inundated with floods of salt water which render the lands unfit for cultivation. The Sundarbans therefore from its peculiar condition was and ought to be differently treated from other parts of the province, not only to induct lessees upon the lands but also to render the lands properly cultivable. Unless the amendment be accepted the enforcement of the Bill, if it pass into law as it is, will seriously affect not only the position of the grantees but also that of the Government themselves. It will interfere with the terms of the lease which the Government have granted, the first condition being 'that one-fourth of the entire area leased shall be for ever exempted from assessment as an estimated allowance for unassessable area, such as that occupied by watercourses, creeks, tanks, roads, the space required for the construction of the lessee's embankments, dams, tow-paths, etc., and for reclaimable waste lands.'

The reason given in the Statement of Objects and Reasons for the introduction of the Bill is — 'cultivators in that tract have accordingly been in the habit of erecting such embankments (with the object of excluding the tidal spill) in areas in which the land has not been raised, by the natural deposit of silt, to the mean level of the high water of the spring and neap tides, and great deterioration of the tidal channels, as well as of the natural drainage of the country, has resulted.' But as a matter of fact the lessees and the cultivators, as a general practice, do not construct any embankment on fluvial accretions, unless and until they are well formed and elevated enough to prevent the newly-constructed embankment being swept away by tidal waves, otherwise the expenses incurred by them will be a sheer waste of money and the trouble undergone and the labour devoted would be totally lost.

Another result of the Bill will be that it will be detrimental to the vested interest of the lessee. If the embankments and then control go over to Government, then the lessee will be deprived of his ordinary right of the owner to an accretion when his lands abut on a navigable river, as the rivers in the Sundarbans often change their beds. Thus he will suffer a double loss, namely, his crops and his right to accreted land."

The Hon'ble BABU SURENDRA NATH BANERJI said —

"My Lord, I should like to ask a question with reference to a few of the observations which have been made by the Hon'ble Raj-Hrishikesh Laha. Is it a fact, and the Hon'ble Member in charge of the Bill will probably be able to make a statement, that if this Bill becomes the law of the land it will interfere with vested rights, the rights which have been guaranteed by the terms of the leases granted to the lessees by Government? I think in legislation we must have a sacred care of all vested rights. The interests of the community may perhaps make it necessary to encroach upon vested rights, but I think that must be done with the greatest caution, and an absolutely overwhelming case must be made out before an encroachment of the kind can be allowed either in law or justice. I should like to hear the remarks of the Hon'ble Member in charge with regard to that particular point.

The Hon'ble Mr BEATSON BELL said —

"My Lord, the amendment which has just been moved is in two parts. The Hon'ble Member wants to add the word 'subject to the condition that such extension shall not affect any right which the owners of the embankments may acquire to alluvial lands accreting to their estates, the following enactments are hereby extended to such embankments in the Sundarbans as abut on navigable rivers.' In other words, the Hon'ble Member wants us

*The Bengal Embankment (Sundarbans) Bill**Mr. Beatson Bell.*

first to safeguard the law regarding alluvial accretions and, secondly, to limit the application of this Act to such rivers as are navigable.

As regards the first proposal, I think I need only refer the Council to Regulation XI of 1825. That Regulation says — 'When land may be gained by gradual accession, whether from the recess of a river or from the sea, it shall be considered an increment to the tenure of the person to whose land or estate it is thus annexed, whether such land or estate be held immediately from Government by a zamindar or other superior landholder, or as a subordinate tenure by any description of under-tenant whatever.'

That is the law of the land, and we have no intention of making any alteration in that law. I may mention that in the district of Bakarganj, one portion of the district is now under the old Sundarbans Act, and the other portion under the new Sundarbans Act. But the law of alluvion which I have just quoted applies throughout the whole district. This has never been questioned by any one and never will be questioned. Government have no intention of altering the law of alluvion. We are dealing with a totally different problem. I think that disposes of the first part of the amendment.

The second part is a request that this new legislation shall be confined to such lands as abut on navigable rivers. It will simplify matters if I explain a little more clearly what is the problem before us. Bengal, as we know, consists of a network of rivers which flow down from the hills and of tracts of land between those rivers. Near the sea those tracts of land are generally very low. If it is left to nature to work its beneficent action, the river overflows its banks, silt is deposited on these lowlands, and they are gradually raised to such a height that they are suitable for cultivation. But many people have been in too great a hurry and have tried to cultivate the land before it has reached a safe height, namely, the mean between the top of the spring-tide and the top of the neap-tide. Opinions agree that that is the only safe criterion. But we have all been in too great a hurry, with the result that before these lowlands are ready for cultivation, embankments have often been erected for keeping off the water, and with it the beneficent silt which nature is pouring down. As a result, two evils have come upon us. This silt, prevented from coming to the lowlands, must go somewhere. It is deposited in the beds of rivers which are thus becoming choked up and navigation is being blocked. That is the first evil. On the inland side of the embankment the land is gradually becoming lower and lower compared with the bed of the river, till we come to a stage when it is absolutely impossible to secure the drainage of the country. In other words the country is water-logged, and the health of the population suffers. That is the second evil.

The opinion of a large body of engineers who have examined the question. Twenty-five years ago, Colonel McNeile—some here may still remember that brilliant Engineer—took up the question. He recorded this weighty memorandum—

'It has for some years been realized, that in many parts of Bengal, where embankments have been constructed along the margins of silt-bearing rivers, or tidal estuaries, an alteration has resulted in the comparative levels of the country on different sides of the embankment, which is becoming a source of difficulty, and even of danger.

'When these embankments, in lines along one or both sides of a river, or forming a "circuit" in the form between the branches of a river or tidal creek, were first brought to such a state of efficiency as practically to exclude the flood or tidal water, the drainage of the "protected" area was easily arranged for by the sluices in the embankment at the sites of natural minor drainage lines, as the general level of the land was, of course, the same on both sides of the embankment; but the well-known action of silt-bearing rivers spilling over their banks when in flood, and to a still greater degree of the influx and efflux of tidal water, heavily laden with silt, has by degrees, but steadily, raised the marginal lands between the embankments and the channels,

*The Bengal Embankment (Sundarbans) Bill.**Mr. Beates Bell*

as well as (within tidal influence at any rate) the beds of the channels themselves, so that the original uniformity of level has disappeared and the "protected" lands are almost everywhere, though in varying degrees, lower than formerly, as compared with the average level of the land outside and the channels into which they were drained, the difference of level being now, in some instances, so great that much difficulty is experienced in arranging for their drainage at all.

This note of warning was sounded to us 25 years ago. But I am afraid it fell on deaf ears, and we went on much as before. The question was again taken up in a very able note by Mr. Addams-Williams in 1909. Referring specially to the lands in the Sundarbans, he wrote.—

'The effect of this reclamation is fully understood. The tides are excluded from spilling over the land, and a large volume of water is prevented from flowing up the creeks, with the result that the back flow on the ebb tide is decreased, the current diminishes and the silt carried up by the flow-tide is deposited in the creeks themselves instead of on the land, the ebb tide being too weak to create sufficient scour to wash out the whole of the silt deposited by each flow-tide. As the process of reclamation continues matters become worse and worse until the lands on both banks of the creeks are entirely reclaimed, and tidal spill is totally stopped; a dead end is then formed at the head, and the creek entirely silts up in three or four years, the bed becomes higher than the area reclaimed, and drainage is impossible, the result being that during the rains the water lies on the land which becomes water-logged, the crops are destroyed and the people to obtain a living migrate to neighbouring lots until a similar state of affairs is established, when they again have to move on. This is what is actually taking place now.'

Mr. Addams-Williams goes on to mention a number of concrete cases which he saw with his own eyes, and I cannot better summarise the situation than by quoting a note recorded a few days ago by the Hon'ble Mr. Cowley—

'To reclaim lowlands by shutting off the tidal spill is no doubt beneficial to the lessee who looks only for present pecuniary profit from his holding or grant, but the effect of his present action is to hand down to posterity a water-logged insanitary, ill-drained, and consequently profitless inheritance.'

That is the state of affairs which has been brought to the notice of Government, and I think the Council will agree that we would have been acting criminally if we had taken no action on the reports which are before us. I thoroughly agree with the Hon'ble Babu Surendra Nath Banerji in thinking that even though the evil be very great, we must have scrupulous respect for existing contracts. I have examined all the existing leases, but I could not find a single clause in a single lease which gave the lessees an unrestricted right to make embankments. The Hon'ble Raja Hrishikesh Laha has quoted one of these leases, but I think the Council will be unanimously of opinion that there is nothing in that lease which gives an unrestricted right of making embankments. All that the lease says is that, in consideration of embankments and other uncropped land, Government will give 25 per cent. of the land rent free. That is very far from saying that the lessee has an unrestricted right of making embankments, in fact that has nothing to do with the question. Other leases are absolutely silent on the subject of embankments, while in the most recent leases—those of the raiyatwari tracts in Bakarganj—it is distinctly assumed that Government will exercise full control in respect of all embankments.

I can therefore assure my hon'ble friend that we are not violating a single clause of a single lease. If we were I would not be here supporting the Bill.

Then there is another point regarding the legal position, which I think has been overlooked. It is sometimes assumed that these lands belong to

*The Bengal Embankment (Sundarbans) Bill.**Mr. Beatson Bell ; Raja Hrishikesh Laha.*

the lessees. This is very far from being the case. Throughout the Sundarbans Government are themselves the zamindar and are the party chiefly interested in the prosperity of the tracts. So long ago as 1828, it was distinctly laid down as follows —

‘The uninhabited tract known by the name of the Sundarbans has ever been, and is hereby declared still to be, the property of the State. the same not having been alienated or assigned to zamindars, or included in any way in the arrangements of the perpetual settlement, it shall therefore be competent to the Local Government to make, as heretofore, grants, assignments and leases of any part of the said Sundarbans, and to take such measures for the clearance and cultivation of the tract as it may deem proper and expedient.’

All that we are doing now is to take certain measures which we deem ‘proper and expedient,’ for the cultivation of these tracts. Well, that is the main position regarding the legal aspect of the case and regarding the difficulties with which we are faced and which we are honestly trying to remove

The Hon’ble Raja has asked us to confine our operations to the banks of those streams which are navigable. I think every gentleman of the legal profession here will agree with me that it is extraordinarily difficult to define the word ‘navigable.’ I had occasion some twelve years ago to look into the question judicially. Many Acts and rulings were put before me, but they all seemed to come back to this that a navigable river is a river which is navigable. Perhaps the most helpful authority is Ulpian, the old Roman jurist, who laid down that every river is to be considered navigable upon which a raft can float. This is very much the same indication as we find in the Bengal Canals Act of 1864. This Act, it is true, refrains from laying down what is a navigable canal, but it defines ‘vessels’ as follows —

‘the word “vessel” shall include any ship, barge, boat, raft, timber, bamboos or floating materials, propelled in any manner’

In other words, our own Canals Act practically agrees with the dictum of Ulpian. Now, it is well known that rafts can float in almost every creek of the Sundarbans. If therefore we confine this Bill to navigable rivers, there is practically no restriction at all, and the Raja’s amendment will be a dead letter. Apart from this we cannot, as a matter of principle, accept the amendment. Supposing it means that Government should restrict *bunds* on big rivers but allow them on small rivers, the result would be that the country instead of having one big *bund* would be corrugated with a network of small ones and the drainage would be as bad as ever. That being so, I must ask the Council not to accept the amendment which has been proposed by the Hon’ble Member.”

The Hon’ble RAJA HRISHIKESH LAHA said —

“After the explanation given by the Hon’ble Member in charge of the Bill, I beg to withdraw the amendment.”

The motion was then, by leave of the President, withdrawn.

List of Amendments—Motions Nos. 2 and 3. The Hon’ble RAJA HRISHIKESH LAHA, with the permission of the President, moved the following two amendments together :—

2. For clause 2(2) of the Bill the following be substituted, namely —

“(2) the Bengal Embankment Act, 1882, except—

(a) sections 38, 39 and 40 and such portions of section 18(b) and section 76(b) as relate to the erection of new embankments, and

(b) such portions of the Act as have been repealed.”

*The Bengal Embankment (Sundarbans) Bill**Raja Hrishikesh Laha; Mr. Beatson Bell.**Clause 3.*

3. For clause 3(1) of the Bill, the following be substituted, namely :-

"3(1) The Bengal Embankment Act, 1855, except sections 7 and 12, and the Bengal Embankment Act, 1866, are hereby repealed"

He said —

The construction of embankments by cultivators and lessees in the Sundarbans is an absolute necessity. Good outturn of crops depends upon rain water; and its preservation is necessary for the safety of the crops. If the Bill, as reported by the Select Committee, be passed into law, then under section 76 of the Act of 1882 the cultivator or lessee constructing any embankment, however small it may be, without the previous permission of the Collector, for the safety of his crops, would be liable to punishment. When leases were granted for the Sundarban lands the lessees were led to believe by the terms of their leases that they would be at liberty to do anything upon their lands, including the construction of embankments, for the preservation of their crops. In fact it was not then in the contemplation of Government to interfere in their construction, and the lessees were led to cherish that belief by the express exclusion of the Sundarbans from the operation of the Embankment Act of 1882. Any interference now would be construed as a violation of contractual rights and cannot be justified on any ground. If the lessees or cultivators be referred to the Collector on every occasion for constructing an embankment, the latter may, without any proper knowledge of the locality and trusting only to Police reports, refuse their applications after putting them to considerable inconvenience, trouble and expense. It will be considered a great hardship by them, and it is quite conceivable that this provision will have the effect of scaring away lessees and cultivators whose only hope of undergoing trouble and expense for the reclamation of lands lies on a good outturn of crops. Moreover, it would not be possible to approach the Collector conveniently either by the grantee or by the cultivators in every case where new embankments will have to be erected, and this will surely act as a clog to the improvement of waste and jungle lands and thereby retard or stop all progress.

I may be argued that, under section 6 of Ben Act II of 1882, the Government may by notification include a small portion of the Sundarbans within which the provisions of clause (b) of section 76 shall take effect, but this notification even in a restricted way will have the effect of turning a smiling cultivated tract into a jungle without doing any good to navigable rivers which are getting silted up or have silted up, unless Government are prepared to spend a large sum of money by dredging them up, which I do not think is feasible.

As regards my amendment to sub-clause (1) of clause 3 of the Bill, sections 7 and 12 of the Bengal Embankment Act of 1855 confer two valuable rights. The first gives the lessees power to appoint their own arbitrator for determining the amount of compensation where the claim is admitted by the Revenue authorities, but where it is rejected he has not been deprived of his right to bring a civil action. These rights have not been given by Ben. Act II of 1882. By section 12 the determination of the value of houses, huts and buildings is left to a Jury of three respectable inhabitants who have thorough knowledge of the locality. They are also empowered by the Act to decide the disputed rights of claimants. These two sections provide for the obtaining of speedy justice which is very desirable and which is much appreciated by the public. They are preferable to those sections of Ben Act II of 1882 which leave the determination of claims for compensation to the Collector under the Land Acquisition Act."

The Hon'ble Mr. BEATSON BELL said :—

"My Lord, I may say at once that Government are not prepared to accept the two amendments which have been proposed. These two amendments have very properly been taken as one. Here also, as in our last

*The Bengal Embankment (Sundarbans) Bill**Mr. Beatson Bell; Raja Hrishikesh Laha.*

discussion, there are two points at issue. The first request of the Hon'ble Member is that we should not take power in regard to new embankments. Well, that is the main point at issue. Under the present law, we are allowed to remove embankments which are doing harm, but we have no power to come in at the initial stage and say that an embankment shall not be erected, and it is just because we have now no power to interfere at the initial stage that we are introducing this Bill. It is only common sense, and only fair to all parties concerned, that if we object to an embankment we should do it before it is erected and before people have gone to the trouble and expense of putting it up. I can assure the Hon'ble mover that Government have no intention to act unreasonably in this matter; if the land is fit for cultivation we shall never refuse an embankment, but if it is unfit for cultivation, if a man desires to put up an embankment which will be a curse to posterity, it is only fair that we should have the power in the Sundarbans, as we have in the rest of Bengal, to say that this embankment shall not be erected until nature has done its work. That is why we cannot accept the proposal that new embankments should be excluded from the Bill.

The other proposal that has been put forward is briefly this: that when we find it necessary to remove an embankment we should give compensation under the old Act of 1855 and not under the new Act of 1882. The new Act lays down that the procedure shall be the ordinary procedure of the Land Acquisition Act—that is to say, the Collector first makes his award showing how much damage has been done to the parties. If they are dissatisfied with the Collector's decision, they have a right of appeal to the District Judge, and if they are dissatisfied with the decision of the District Judge, they can go to the High Court and the High Court will give what is almost—though not altogether—a final decision. I believe that part of the desire to avoid the Land Acquisition Act is based on the assumption that the Land Acquisition Act does not provide an appeal to the Privy Council. Well, that is rather a difficult legal question. An appeal was disallowed in a recent case, but I think that all that was laid down was that there is no appeal as of right. It is quite conceivable that some case may yet find its way to the Privy Council. But apart from that, just because of this real or supposed facility of getting to the Privy Council—does the Hon'ble Member seriously desire to go back to the Act of 1855? I am not sure that he has studied this Act very thoroughly before he made his proposal. He assumes, I suppose, that most Collectors are benevolently inclined, but that there may be a few who are executively minded and who may act in an unreasonable spirit. He is therefore anxious that the law should be so worded that it can curb the zeal of these executively-minded Collectors. But such a Collector proceeding under the Act of 1855 can, I am sure, take far more drastic measures than a Collector proceeding under the Act of 1882. As I have just shown, in every case under the Act of 1882, there is an appeal to the District Judge, and then to the High Court, and the Collector cannot possibly block the way, however much he may be inclined to do so. Under the Act of 1855, on the other hand, the Collector can obstruct the landlord at every turn. I strongly advise my friend not to rush light-heartedly into the Act of 1855."

The Hon'ble RAJA HRISHIKESH LAHA, interrupting, said:—

"But there are arbitrators."

The Hon'ble MR. BEATSON BELL, continuing, said:—

"Yes: I am coming to that. Under the Act of 1855, when the claim for damage is put forward before the Collector, he can do one of two things. Supposing my friend the Hon'ble Raja alleges that he has been damaged to the extent of a lakh of rupees, and puts in a petition to the Collector. It is open to the Collector to reject the petition outright, and to say that the Raja has not suffered a penny of loss. If he does that, I quite admit that the Raja has a full right to go to the Civil Court and possibly up to the Privy Council. But our friend, the executively-minded Collector, is not going to be so simple as to do that. He has only to record a finding to the effect that the Raja has

*The Bengal Embankment (Sundarbans) Bill**The Calcutta Port (Amendment) Bill.**Mr. Beatson Bell.*

suffered a loss not of one lakh of rupees, but of, let us say, a thousand rupees. In that case the Raja has to wait until the procedure by arbitration has been fully worked out. Under that procedure, the Collector nominates one arbitrator and the Raja nominates another. Suppose the Raja nominates the Hon'ble Mr. B. Chakravarti, the Collector very likely will then nominate his senior Deputy Collector—there is nothing against this in the Act. The Hon'ble Mr. Chakravarti and the senior Deputy Collector then sit together and try to appoint a third arbitrator, but each side has full right to object to the nominations of the other side. The nominations of Mr. Chakravarti will probably be rejected by the Deputy Collector, and the nominations of the Deputy Collector will probably be rejected by the Hon'ble Mr. Chakravarti—both sides acting in perfect good faith. In that way, a week will pass and what happens then? The law lays down that if the two arbitrators neglect to appoint a third arbitrator within a period of 7 days after having been required to do so, the Collector may himself appoint the third arbitrator. The three arbitrators then sit together and by a majority of two to one assess the damages at ten thousand rupees, instead of one lakh claimed by the Raja. The Raja is naturally somewhat dissatisfied with this decision and would like to go to the High Court and to the Privy Council, but I am afraid he is absolutely debarred from doing so unless he can show that the arbitrators were guilty of corruption or misconduct. Even if the Raja is able to show that these arbitrators acted in a spirit of corruption and misconduct, he only gets a decree to that effect. He gets no decision as to the proper amount of compensation. He has then to begin the arbitration all over again, fresh arbitrators being appointed in the same manner as before. I am sure, therefore, that the Hon'ble Raja and his friends will be much better advised to stick to the ordinary Land Acquisition Act under which they have a full right of appeal on every occasion to the District Judge and to the High Court. For these reasons, my Lord, I would strongly advise my friend, the Hon'ble Raja Hrishikesh Laha, not to press these amendments."

The amendments were then, by leave of the President, withdrawn.

The following amendment was also, by leave of the President, withdrawn —

List of Amendments—Motion No. 4.—The Hon'ble Raja Hrishikesh Laha to move that clause 3(2) of the Bill be omitted.

LIST OF BUSINESS—ITEM No. 6.

The Hon'ble Mr. Beatson Bell moved that the Bengal Embankment (Sundarbans) Bill, 1915, be passed.

The motion was put and agreed to.

THE CALCUTTA PORT (AMENDMENT) BILL, 1915**SUPPLEMENTARY LIST OF BUSINESS—ITEMS Nos. 6A TO 6D.**

The Hon'ble Mr. BEATSON BELL moved for leave to introduce a Bill further to amend the Calcutta Port Act, 1890.

He said —

"My Lord, the Bill has been circulated to Hon'ble Members, and I hope it will be quite non-contentious. It is really a formal matter. Under section 31 of the Calcutta Port Act, the Commissioner may determine the conditions under which their officers and servants shall, on retirement, receive pensions, gratuities or compassionate allowances, and also the amount of such pensions, etc. But it has been held by our legal advisers that it is very doubtful whether the Vice-Chairman comes under the definition of 'officers or servants.' All who know the working of the Port Act know that the hardest worker on the staff is the Vice-Chairman. He gives up the whole of

*The Calcutta Port (Amendment) Bill**Mr. Beatson Bell; Babu S. N. Banerji; The President.*

his time to the work, and it has hitherto been assumed both by the Vice-Chairman and by the Port Commissioners themselves, that on the retirement of the Vice-Chairman they could give him a suitable retiring pension. In fact, the case has always been thought to be analogous to that of the Calcutta Corporation where the wholtime Vice-Chairman is entitled to a pension. A labourer is not only worthy of his hire, but he is worthy of something to keep body and soul together after retirement in his old age. It is to make this clear that we have introduced this Bill."

The motion was put and agreed to

The Hon'ble Mr Beatson Bell, in moving His Excellency the President to suspend the Rules of Business to admit of the Bill being taken into consideration, said as follows —

"The Council will naturally want to know why it is proposed that this Bill, even though it is so simple and non-contentious, should be passed in a hurry. That is a very natural and very reasonable question. The answer is simply this, that we are all agreed that to legislate with retrospective effect, especially in a personal matter of this nature, is a most objectionable procedure. Well, the Council will remember that Sir Frederick Dumayne, who was a member of this Council, has gone home on leave preparatory to retirement. He went home with the hope and on the understanding that a suitable pension would be given to him on his retirement, but it has come upon us as a bombshell that the Port Commissioners cannot, as the law now stands, give him a penny. He is about to retire, actually on the 18th of this month, and if we defer the consideration of this Bill and take it up in the usual course, Sir Frederick Dumayne will have retired and then we shall be in the very undesirable position of legislating with retrospective effect to meet his case. It is simply in order to avoid this very objectionable practice that I ask that the Bill should be taken into consideration at once. There is no real danger that the Port Commissioners will misuse the power to be given them by this Bill and will give an unreasonably large pension to any Vice-Chairman, but to make this absolutely clear we have inserted the following salutary words, namely—

(a) 'provided that the amount of such pension, gratuity or compassionate allowance shall in no case, without the special sanction of the Government of India, exceed what would be admissible in the case of Government servants, of similar standing and status, and

(b) the conditions aforesaid shall not, without similar sanction, be more favourable than those for the time being prescribed for such Government servants'

This is to say, the pension of the Vice-Chairman will be entirely under the control of the Civil Service Regulations and no fancy pension can be given to him."

The Hon'ble BABU SURENDRA NATH BANERJI said.—

"How did you deal with previous Vice-Chairmen?"

The Hon'ble Mr BEATSON BELL (after consulting the Hon'ble Mr. Stevenson-Moore) replied —

"They were Government servants and they got their pensions from Government."

HIS EXCELLENCY THE PRESIDENT said:—

"I declare the rules suspended, as desired."

The Hon'ble Mr. Beatson Bell then moved that the Bill be taken into consideration.

The motion was put and agreed to

The Hon'ble Mr. Beatson Bell also moved that the Bill be passed.

The motion was put and agreed to.

The Calcutta Improvement (Amendment) Bill.

*Nawab Syed Shams-ul-Huda; Maharajah Bahadur of Burdwan;
Babu S. N. Banerji*

THE CALCUTTA IMPROVEMENT (AMENDMENT) BILL, 1915.

LIST OF BUSINESS—ITEMS Nos. 7 AND 8.

The Hon'ble Nawab Syed Shams-ul-Huda moved that the Report of the Select Committee on the Calcutta Improvement (Amendment) Bill, 1915, be taken into consideration

HIS EXCELLENCY THE PRESIDENT said —

"The next motion (No 8) was to have been moved by the Hon'ble Maharaja of Nashipur, but as he is absent from Council to-day. I am prepared, at his request, to allow the Hon'ble Maharajah Bahadur of Burdwan to move the motion instead as a special case."

The Hon'ble Maharajah Bahadur of Burdwan then moved, by way of amendment to Motion No 7, that the consideration of the Bill, as amended by the Select Committee, be deferred till the Autumn Session of the Council

He said —

"My Lord, on behalf of the Hon'ble Maharaja of Nashipur, I beg to move by way of amendment, Motion No 7, that the consideration of the Bill as amended by the Select Committee be deferred till the Autumn Session of the Council, and in doing so, I beg to observe that I do not think that this postponement will in any way hamper the hands of the Improvement Trust. I am always, as a rule, opposed to shoving down the throats of an unwilling public a piece of legislation which is not beyond the pale of controversy, and of which there is doubt, and grave doubt, in certain quarters as to the advisability of certain of its provisions, and I think that at a time like the present it would be advisable to postpone all legislation of a nature which is likely to give rise to heated discussions in Council. I beg, therefore, to move this amendment, and trust that Your Excellency and Your Excellency's Government will be pleased to accede to it"

The Hon'ble BABU SURENDRA NATH BANERJEE said —

"My Lord, I desire to associate myself with the motion which has been moved by the Hon'ble Maharajah Bahadur of Burdwan. My Lord, we are a subordinate Council and I think that in matters of principle, we ought to follow the lead of the Imperial Council. The lead which the Imperial Council has given us in this matter, is the avoidance of all controversial legislation on an occasion like this. I think that we should follow the example of the Imperial Council and I may say this, as a member of that Council, that this principle has been most scrupulously followed at the instance of His Excellency the Viceroy. As my friend has pointed out, there is a great difference of opinion with regard to this matter, and this Bill is likely to give rise to heated agitation and controversy, not only within these walls, but outside as well. The Bill will be taken up by the press, discussions will be started, controversies will rage and passions roused and excited, and all this is most undesirable at the present moment. What are the arguments on the other side of the case? If the Bill is postponed for a few months, will anything serious happen? I suppose Calcutta will go on as before and the administration will move on in its accustomed course without any hitch, and I do not think that any cataclysm of a fearful nature will take place. In view, therefore, of the precedent and the example set by the Imperial Council, and in view of the exigencies of the present situation, and, I think, of the clear demand of public opinion and that of the opinions of ratepayers of Calcutta, I do submit that the Hon'ble Member in charge of the Bill should agree to the postponement of this Bill. Nothing will be lost by the acceptance of this amendment, but on the other hand the passage of the Bill will be facilitated by the support of the public."

*The Calcutta Improvement (Amendment) Bill.**Rai R. C. Pal Bahadur; The President; Nawab Syed Shams-ul-Huda.*

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I desire to know whether I am competent to speak after the Hon'ble Member in charge of the Bill has spoken on the motion, and also after my friend the Hon'ble Mr. Bompas has spoken. I should like to follow them. If not, I will speak now with Your Excellency's permission.

HIS EXCELLENCY THE PRESIDENT said —

"I am afraid I cannot give an assurance to the effect that you may speak after the Hon'ble Mr. Bompas."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, I desire to associate myself with the motion that has been moved by my friend the Hon'ble Maharajadhiraja Bahadur of Burdwan. My Lord, though public opinion is very acute and keen, yet, having regard to the troublous times through which we are passing, we considered it wise to restrain ourselves. The public of Calcutta met at a Conference in the rooms of the British Indian Association, which was presided over by the Hon'ble Maharajadhiraja Bahadur of Burdwan, and I am sure the Hon'ble Maharajadhiraja Bahadur has really expressed the public opinion on the subject when he has said that there is a strong public feeling against this measure. The previous speaker, the Hon'ble Babu Surendra Nath Banerji, has laid stress on the fact that the Government of India, and not only the Government of India but the Home Government also, has expressed the wish that no controversial matters should be taken up at the present time. Unfortunately, My Lord, this piece of legislation is the subject of keen controversy between the Government and the public, and I am sure the Government would do well to accede to the request which the public has made through their spokesman, the Hon'ble Babu Surendra Nath Banerji, and especially through their President, the Hon'ble Maharajadhiraja Bahadur of Burdwan. My Lord, the time will soon come when the Calcutta Improvement Act will require revision, and I am sure, having regard to the acuteness of feeling in regard to the operations of the said Act, the Government of Bengal, with deference to that public opinion, will soon take up the Act for revision, and it would be better, and more suitable, and very gratifying to the public at large, that this piece of legislation be taken up when the entire Act is taken up for revision. If not, at least this Bill should be postponed for a few months in order that the public may be in a position to acquaint Government respectfully and humbly with all their views on the subject. The public is not in a mood, my Lord, at the present time to give expression, in the emphatic manner which the occasion demands, to their views and opinions on the subject, and there is a general feeling not to embarrass the Government in any way in this supreme crisis. Therefore, we have felt it our duty through our President, the Hon'ble Maharajadhiraja Bahadur of Burdwan, and others, to approach Your Excellency with the prayer that the Bill might be postponed for a few months. My Lord, if I may be permitted to give expression to the popular opinion and to the keen feeling of my community, there is one fact which comes uppermost in their minds, and that is, the operation of sections 78 and 81 of the Calcutta Improvement Act. My Lord, the operation of section 78 of the Improvement Act, whereby large and extensive areas of land are taken within the zone of acquisition, quite outside the road line, has caused widespread dissatisfaction in the community, and, my Lord, this section 78 gives absolute power to the Board without any appeal to any authority as to the mode and imposition of the exemption fee. If I may be permitted to draw Your Excellency's attention, I would point out some of the salient facts in regard to some of the improvement schemes."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA, interrupting, said —

"My Lord, I rise to a point of order. I do not think my friend can discuss the provisions of section 78 and other sections of the Improvement Act in connection with this motion for the postponement of the Bill."

The Calcutta Improvement (Amendment) Bill

The President; Rai R. C. Pal Bahadur; Nawab Saiyid Nawab Ali Chaudhuri; Raja Dinendra Narayan Ray; Mr. Stewart; Nawab Syed Shams-ul-Huda; Maharajadhiraja Bahadur of Burdwan.

HIS EXCELLENCY THE PRESIDENT said —

"I must say I cannot see any relevancy between the working of these sections and the motion under discussion."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR, continuing, said :—

"My Lord, I bow to Your Excellency's ruling. I was simply explaining the reasons which have led me to support the motion of my friend the Hon'ble Maharajadhiraja Bahadur of Burdwan. However, my Lord, I will not go into details, but those details would have been very interesting to the Hon'ble Member in charge of the Bill. I think, my Lord, that all that I need say is that this very modest representation of the community should meet with a suitable response at the hands of the Government, and I hope, my Lord, now that I am precluded from stating the reasons at length, that the Government will appreciate that there are good reasons for this motion."

The Hon'ble NAWAB SAIYID NAWAB ALI CHAUDHURI, KHAN BAHADUR, said —

"My Lord, I beg to support the amendment which has been moved by the Hon'ble Maharajadhiraja Bahadur of Burdwan."

The Hon'ble RAJA DINENDRA NARAYAN RAY said —

"My Lord, I fully support the amendment. It will not in any way hamper the work of the offices of the Calcutta Improvement Trust. They have already got sufficient work in their hands which will last for some months more, and as the outside public is for further consideration of the matter, I believe there cannot possibly be any objection to postponing it for a few months more."

The Hon'ble Mr F. H. STEWART said .—

"My Lord, without going into the *pros* and *cons* of the matter now under discussion might I make a remark with reference to a suggestion which has emanated from the Hon'ble Babu Surendra Nath Banerji. He said that it would be a good thing to follow the example of the Imperial Legislative Council. But it seems to me that this would be a very dangerous proposition to adopt. It must be remembered that the Imperial Legislative Council has an official majority whereas in this Council the majority is non-official, and if we were to carry the Hon'ble Mr. Banerji's proposal to its logical conclusion we might almost as well have no Council at all. I am a little surprised that this proposal should have been made by such a champion of democratic liberty as my friend the Hon'ble Mr. Banerji."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"I am sorry that I have to oppose this motion. The motion is based on two grounds. One is that we should follow the example of the Imperial Legislative Council and the other is....."

The Hon'ble the MAHARAJADHIRAJA BAHADUR OF BURDWAN, interrupting, said —

"May I correct the Hon'ble Member? I did not say anything about following the Imperial Council."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA, interrupting, said —

"Some of the speakers have stated that as one of the reasons. As regards following the example of the Government of India, I do not think we need follow it and the hon'ble the member himself repudiates it. The Government of India have laid down no rigid principle which we must follow. In every case we have to consider and decide ourselves whether we ought to abandon a particular measure for fear that it might create excitement and embarrass the Government. So far as this Bill is concerned, it is of local application. Its operation is confined within the limits of the Calcutta Municipality and municipalities within the neighbourhood of

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda; Maharajadhiraja Bahadur of Burdwan.

Calcutta. It goes no further. I know some meetings were held in which certain resolutions were passed. Beyond that we have not received any proof of any serious opposition to this Bill. It has been said that if time is given, probably the passage of the Bill through the Council will be facilitated. My Lord I can say this with confidence, that in the Select Committee we have made very large concessions with reference to this Bill. One very important part of this Bill we dropped out of deference to the wishes of the non-official members of the Select Committee. That apparently has not facilitated the passage of the Bill through the Council and I doubt that, if an adjournment is given, it would facilitate the passage. The Bill lays down no new principle, at least nothing of a very important character. The main principles of the Bill are to be found either in the Calcutta Improvement Act or in the Calcutta Municipal Act—in the Calcutta Improvement Act—with reference to municipalities in the neighbourhood of Calcutta—and in the Calcutta Municipal Act with reference to the area within the municipal limits. So it is not anything new that we are bringing forward before this Council. I do not think, therefore, that this Bill is of such a character that it would be of any advantage postponing it at the present moment. Sufficient time has been given for its consideration and much time was spent in the Select Committee in going through this Bill and many alterations have been made. My hon'ble friend Babu Surendra Nath Banerji said that the postponement of the Bill will do no harm, that Calcutta will go on as usual in spite of the postponement. I may say, my Lord, with equal certainty, that if this Bill were passed Calcutta would go on as usual in spite of the Bill. I feel therefore bound to oppose this motion."

The Hon'ble THE MAHARAJADHIRAJA BAHADUR OF BURDWAN said —

"My Lord, I am afraid, I must press my motion. The Nawab Sahib has said that no new argument has been brought forward by us for postponing this Bill. We on this side of the House think that Government have also brought forward no new argument. The real truth is that Government have made up their minds to proceed with the Bill before the Council and they have got a very strong President of the Improvement Trust who wants to have this Bill passed soon. All we can do is to press our motion and thereby record our protest against its passing at such a time. I beg to press for a division."

A division was then taken with the following result:—

<i>Ayes—18</i>		<i>Noes—22</i>	
The Hon'ble Babu Surendra Nath Ray		The Hon'ble Nawab Syed Shams-ul-Huda.	
" Dr Nkratan Sarkar		" " Mr N D Bentson Bell, C.I.E.

*The Calcutta Improvement (Amendment) Bill.**Rai R. C. Pal Bahadur.*

The following members were absent :—

The Hon'ble	Mr P C. Lyon, c.s i.
"	" Maulvi Mazharul Anwar Chaudhuri
"	" Nawab Saiyid Hossam Haider Chaudhuri, Khan Bahadur.
"	" Maulvi A K Faz-ul-Haq
"	" Rai Prasanna Kumar Ray Bahadur.
"	" Dr. Deba Prasad Sarmadhikari, c.i e.
"	" Sri Satyendra Prasanna Sinha, Kt
"	" Maharaja Jagadindra Nath Ray.
"	" Mr Byomkes Chakravarti
"	" Maharaja Ranajit Sinha of Nashipur.
"	" Mr R Glen.

The Hon'ble Raja Mahendra Ranjan Ray Chaudhuri abstained from voting.

The Ayes being 18 and the Noes 22 the motion was lost.

The President then declared Motion No. 8 to be lost and Motion No 7 to be carried

3 LIST OF BUSINESS—ITEM No. 9.

The Hon'ble Nawab Syed Shams-ul-Huda moved that the clauses of the Bill be considered for settlement in the form recommended by the Select Committee.

The motion was put and agreed to

DISCUSSION OF AMENDMENTS.

[At the suggestion of the Hon'ble Nawab Syed Shams-ul-Huda Motion No 5 in the List of Amendments was taken up before Motion No. 1.]

Clause 3.

Proposed new section 63 (1).

List of Amendments—Motion No. 5.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that the words "and building line (if any)" in lines 8 and 9 of sub-section (1) of the proposed new section 63 (clause 3 of the Bill) be omitted.

He said —

"Provision for a building line was not included in the original Bill. On the contrary, the original Bill provided for the repeal of the expression 'building line' from the Act. It has, however, been re-inserted in the Bill by the majority of the Select Committee. The real object of the Bill is to empower the Board to prescribe projected public streets with a view to prevent buildings being erected before the maturity of any Improvement Scheme, but the Bill as amended by the Select Committee goes very much beyond the original object of the Bill. The Corporation when it was consulted on the subject had before it the proposal to empower the Board only to prescribe projected public streets within the area of the Calcutta Municipality and there was no proposal to invest the Board with the power to proscribe building line. A projected public street may be 100 feet in width, and to call upon the owners of properties, many of whom stick to their old ancestral holdings with the fervour of religion, to further set back any building in the rear of the street alignment to a depth of as many feet (it may be 20, 30 or even 50 feet), as the Board may direct, would be inflicting the greatest hardship upon owners of properties, especially the owners of small holdings. It may be that, in not a few cases, the residue of the land, after giving up the portion required for the projected public street and the portion to be left open between the street alignment and the main wall of a building in conformity to

*The Calcutta Improvement (Amendment) Bill**Rai R. C. Pal Bahadur; Raja Hrishikesh Laha.*

the building line will be practically useless for a suitable building. It will mean absolute destruction to owners of small plots who will be rendered homeless. The Board has got the power to align streets of any width under the Calcutta Improvement Act. What is the necessity then of the additional power to prescribe a building line? Both for purposes of better facilities for traffic and ventilation a street may be prescribed of as much width as may appear necessary. Again for purposes of ventilation the Corporation have the building regulations prescribing one-third or two-thirds open space in each holding in areas where attached and detached buildings are allowed. There is therefore no necessity of prescribing building lines for purposes of providing open spaces. From an æsthetic point of view it is hardly practicable to have the main walls of all the buildings abutting on a street built at an uniform distance from the street alignment. If the building line is prescribed say 10 feet away from the street alignment different owners might build their houses leaving different spaces between their buildings and the street alignment. One may leave 10, another may leave 15, another may leave 30 feet. Is it not therefore better and more equitable to acquire land outright for a projected public street, and reserve a certain portion, if necessary, in the rear of the actual road line for garden plots, or pleasure walks, etc., such as is provided in Carnac Street, Circular Road and in many other streets in the European quarter of the town? In Russa Road where the Improvement Trust have acquired land for 100 and 150 feet roadway the Board propose to have on two sides of the street a garden walk planted by rows of trees. The ornamentation and beautification of projected public streets can best be attained in this way without further encroachment upon the holdings of land-owners, the vast majority of whom are poor middle class people.

There is no provision for a building line in the Bombay Improvement Act, and they have not been hampered in carrying out the improvement scheme, and have not sought for the amendment of the Act in this respect. So far as I have been able to ascertain there is no provision for a building line in the English Town Planning Act. Having regard to these facts and the strong public opposition to this proposal, and the divergence of opinion in the Select Committee, I hope the Government will be pleased to omit this provision, and to accept my amendment."

The Hon'ble RAJA HRISHIKESH LAHA said —

'My Lord, I beg to support the amendment a similar one to which also stands in my name. The definition of 'building line' is not at all necessary. Power should not be given to the Calcutta Improvement Trust to prescribe building lines in rear of street alignments. On principle the power to prescribe building lines should rest with the Calcutta Corporation which has also the power to control the erection of buildings. I do not know for what purpose this authority should be vested in the Improvement Trust. If it were for pulling down unwholesome houses and keeping the front of the buildings well ventilated then this power would be superfluous. Already under the Building Regulations of the Calcutta Corporation the owners of houses have to leave open one-third space and side spaces in erecting new buildings in order to make them airy and sanitary, and it would be a gross injustice to them if they were again called upon to leave further open spaces in the rear of the street alignment.'

In the discussion that followed on the Calcutta Improvement Bill in 1911, my hon'ble friend Mr. Bompas said, 'Calcutta has to be brought up to date, and presumably the duties on the owners of the land and buildings in Calcutta to bring Calcutta to date. They have a moral duty as regards the disposal of their property.' The landlords of Calcutta believed that their moral duty was satisfied when they were deprived of the additional compensation of 15 per cent which is usually paid to all people in Bengal whose lands and houses are acquired under the Land Acquisition Act. They will pay about 75 lakhs, considerably more than the Government of India's contribution of 50 lakhs, and if they were again called upon to make a sacrifice

The Calcutta Improvement (Amendment) Bill.

Babu S. N. Ray ; Raja Dinendra Narayan Ray ; Nawab Syed Shams-ul-Huda

by leaving open a certain amount of space ranging say from 5 to 50 feet, the numerous small holdings would be swept away and the middle class people would be the greatest sufferers. The general line of building should follow the street alignment and it would be sufficient if the houses were built in a row. No objection could be taken to building lines in undeveloped areas where there would be no difficulty in keeping open spaces between the street alignment and the building, but this would not be feasible in Calcutta. As the provision now stands, it would operate very harshly upon small owners of property and its omission therefore is in every way desirable."

The Hon'ble BABU SURENDRA NATH RAY said —

"My Lord, I have only a few words to add to what has already been said by the Hon'ble Rai Radha Charan Pal Bahadur and the Hon'ble Raja Hrishukesh Laha. The Hon'ble Member in charge of the Bill has told us just now that substantial amendments proposed by the non-official members have been accepted by him in the Select Committee. This is a fact and we are very grateful to him and to the other official members for then having accepted our amendments. But if our amendments have been accepted, there has also been an attempt to tighten the grip of the Trust on the question of the building line which was first proposed in the Select Committee. May I explain how poor house-owners will be affected by this proposal? Suppose a man has only 6 cottahs of land. He can manage to build a house on it. Under the regulations of the Calcutta Corporation he has to leave about one-third of his land before he can build his house. That leaves him about 4 cottahs. Under the provisions of the new Act, he will have to leave another one-third of his land as vacant, so it comes to this—that a man owning 6 cottahs of land, he will be allowed to build only on two cottahs. And if he wants to sell his land he will receive only the value of 2 cottahs of land. This places the owner of small properties in a not very enviable position. With these words I support the amendment moved by my Hon'ble friend Rai Radha Charan Pal Bahadur."

The Hon'ble RAJA DINENDRA NARAYAN RAY said —

"My Lord, I was in the Select Committee when the question was discussed threadbare and we insisted upon deleting the words 'building line'. It will be a great hardship to the small holders if they are compelled to leave more land than what they are already required to do under the Municipal Act. I fully agree with the previous speakers that it will cause real hardship, and I support the amendment."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I have to oppose this amendment. Before I give my reasons, I wish to offer an explanation as to why the building line was omitted from the Bill as originally drafted and had to be inserted in the Select Committee. I believe, if in the original Bill we had kept the building line, our troubles would have been much less here. What happened was this. As I said when opposing the motion for adjournment, the provision about the building line within the Calcutta Municipality exists in the Calcutta Municipal Act and in the neighbourhood of the Calcutta Municipality in section 63 of the Improvement Act. It was considered when the Bill was originally drafted that the building line within the Calcutta Municipality should be dealt with by the General Committee of the Corporation, because section 35 of the Calcutta Municipal Act lays down that the General Committee may from time to time prepare schemes and plans of proposed public streets showing the direction of such streets, the street alignment and the building-line, etc. It was, however, discovered that although the General Committee could lay down a building line, it could only do so with reference to schemes framed by that committee, and that if the Improvement Trust projected a street, it would not be open to the General Committee to lay down the building line. It was also felt that the provision for a building line as a matter of fact existed with reference

*The Calcutta Improvement (Amendment) Bill.**Rai R. C. Pal Bahadur; The President.*

to municipalities in the neighbourhood of Calcutta, in section 63 of the Improvement Act, and there was no reason why it should not be extended to Calcutta also. These are the reasons why in the Bill as originally drafted there was no provision about the building line and how it came to be inserted in the Select Committee.

A proposal has been made that the building line should go out altogether and arguments have been put forward in support of that proposal. I do not think, my Lord, I need be drawn into the discussion whether it is right to lay down a building line or not. The building line was deliberately adopted by the legislature on more than one occasion, once in framing section 356 of the Calcutta Municipal Act and another time in section 63 of the Improvement Act. I therefore do not desire to enter into the justification for prescribing a building line at all. We are only giving the Trust the power that is now divided between the Trust and the Calcutta Municipality. I think the arguments against the building line are hardly of any great force and would not have been pressed at all if we had not made the mistake of dropping the building line from the original Bill. With these remarks I oppose the amendment."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said.—

"My Lord, the words 'building line' were, as has been clearly and lucidly explained by the Hon'ble Member in charge, omitted from the original Bill, and they were omitted with the sanction of the Government of India. My Lord, I am not a lawyer, neither am I conversant with the procedure of Government, but I think when a particular provision was omitted with the sanction of the Government of India, when the Government of India gave its permission for the introduction of the Bill, I do not know whether the Select Committee was quite competent to re-insert it. The Hon'ble Member in charge of the Bill, my Lord, has correctly stated that he does not want to enter into the merits of the question, because if I understood him aright in Select Committee"—

HIS EXCELLENCY THE PRESIDENT said —

"Proceedings in Select Committee are confidential and they should not be referred to in discussions in this Council."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR, continuing, said:—

"I apologise, my Lord. The Hon'ble Member has stated that in the municipalities in the neighbourhood of Calcutta, the original section 63 contained the words 'building line' and I think, my Lord, this is a correct statement of facts, but what I want to point out is that the Government very wisely and deliberately omitted these words, because in the outlying areas of the Calcutta Municipality it is quite possible for the Trust to open out roads of sufficient width as will not only provide sufficient means of traffic and sufficient room for ventilation, etc., but also sufficient space for having avenues and gardens or something like that. What has the Improvement Trust done in portions of Russa Road? They have taken up land, excluding surplus land for the actual roadway, 150 feet in width, and it has been proposed to set apart about 60 or 65 feet for roadway and the remainder for footpaths and avenues with benches arranged for the comfort and convenience of pedestrians. But, my Lord, that is quite practicable in the outlying areas where land is cheap and where hardships will be much less felt than in the town proper. The Trust have acquired much land in this way in the southern portion of the Russa Road scheme at a cost which is stated to be nil in the statement which has been published. But, it is different when you come to deal with land in the town proper. I think, therefore, my Lord, having regard to these facts, and also to the fact that it was stated in Select Committee by some of the members on the Government side, that the building line would not be prescribed within the town area, I think that the building line may be omitted from the proposed new section 63 (1)."

The motion was then put and lost.

*The Calcutta Improvement (Amendment) Bill.**Nawab Syed Shams-ul-Huda : Rai R. C. Pal Bahadur*

The following motions were then, by leave of the President withdrawn —

Clause 2

List of Amendments—Motion No. 1.—The Hon'ble Rai Radha Charan Pal Bahadur to move that sub-clause (1a) (aa) of clause 2 be omitted

List of Amendments—Motion No. 2.—The Hon'ble Raja Hushikesh Laha to move that sub-clause (1a) (aa) of clause 2 be omitted

List of Amendments—Motion No. 3.—The Hon'ble Babu Surendra Nath Ray to move that sub-clause (1a) (aa) of clause 2 be omitted

List of Amendments—Motion No. 4.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved —

that in lines 3 and 4 of clause (1a) (aa) of clause 2 the words "a street or" be omitted

He said —

"My Lord, it will be seen that the building line means the line up to which the main wall of a building at the rear of a street or a projected street. I believe, my Lord, the intention is to prescribe a building line in connection with a projected street and not on a street. A street as defined in the Calcutta Municipal Act includes both public and projected streets and therefore I do not think the Act gives power to the Board to prescribe a building line on any street but on a projected street, that is the intention of the legislature. The words should therefore be excluded to prevent confusion in the future. It might lead to the Board assuming power to prescribe a building line in connection with existing public or private streets which it is never contemplated that the Board should do. To clear all doubts about the matter, I move for the deletion of these words."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"I am glad to be able to accept this amendment."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"I thank the Hon'ble Member."

The motion was then put and agreed to

The following motions were, by leave of the President, withdrawn —

List of Amendments—Motion No. 6.—The Hon'ble Raja Hushikesh Laha to move that the words "and building line (if any)" in lines 8 and 9 of sub-section (1) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 7.—The Hon'ble Babu Surendra Nath Ray to move that the words "and building line (if any)" in lines 8 and 9 of sub-section (1) of the proposed new section 63 (clause 3 of the Bill) be omitted

List of Amendments—Motion No. 8.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after the word "width" in line 10 of sub-section (1) of the proposed new section 63 (clause 3 of the Bill) the following words be added, namely:—

"(which, in the case of streets within the Calcutta Municipality, shall in no case exceed 100 feet)."

*The Calcutta Improvement (Amendment) Bill**Rai R. C. Pal Bahadur, Nawab Syed Shams-ul-Huda*

He said —

"My Lord, section 63 gives power to the Board to prescribe a projected public street, and I think, my Lord, now that 'building line' is retained in the Bill, there should be some restriction as regards the width of the street. I think there should be some limit. When we are legislating, I do not think that we should have anything indefinite and uncertain. I have suggested a maximum of 100 feet which, I hope, will be admitted to be a quite adequate and reasonable width. Moreover, having regard to the fact that the Board will have power to prescribe a building line on both sides of the street beyond 100 feet in the town proper, and as, my Lord, it has been generally found that a maximum width of a road has been up to date fixed at 100 feet, I submit that my proposal is a reasonable one and ought to be accepted."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I am sorry that I cannot accept this amendment. My Hon'ble friend may be right in saying that 100 feet is a very reasonable limit, and it is possible that the greater width may not in most cases be insisted upon. At the same time the question is whether there is any reason why we should tie down the hands of the Improvement Trust in this way. There is a limit in section 356 of the Calcutta Municipal Act, but the limit is just the other way. It says —

'The width of such projected street shall not be less than 40 feet or in a bustee 20 feet inclusive of space for footpaths.'

So that the Calcutta Municipal Act lays down the minimum, not the maximum, the Improvement Trust lays down neither the maximum nor the minimum, and I think in a case like this it is much better to trust to the judgment and discretion of those who are entrusted with the duty of improving the town of Calcutta. There are other safeguards also. If a scheme is framed by the Trust, it comes up before Government for sanction where it is closely scrutinised. Besides the greater the width, the greater is the cost to the Trust. For these reasons, I do not think that any restriction on the power of the Trust, such as is now suggested by the Hon'ble Member, is called for. I therefore beg to oppose the motion."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, I beg to say a few words in reply. It is quite true that in the Calcutta Municipality the minimum width is 40 feet and it is also true that there is no minimum or maximum in the Calcutta Improvement Act. My friend has admitted that in most cases 100 feet would be a very reasonable width. I desire to explain, with Your Excellency's permission, what the real feeling of my countrymen on the subject is. What I mean to say is, that although the minimum is 40 generally the width has been 60, 70 and 80 feet, and in the town area it has been 80 to 100 feet. Having regard to the large predominance of the popular element in the Calcutta Corporation the omission to lay down any maximum is not of very great moment, whereas in the Board, the absence of such popular element makes all the difference. I think that there should be some restriction so that the 100 feet should be the maximum in the town area and that is the reason why I have moved this amendment."

The motion was put and was

List of Amendments—Motion No. 9.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that at the end of sub-section (1) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely —

"Provided that no building line shall be shown in any such plan at a greater distance than 15 feet from the rear of the street alignment."

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur; Babu Mahendra Nath Ray; Nawab Syed Shams-ul-Huda.

He said .—

"My Lord. I hope our chagrin and disappointment in having lost our motions for the omission of the building line will be in some respect mitigated by the acceptance of this amendment. I hope the Council will see the reasonableness of the proposal of restricting the width of the building line and my proposal is that it should not be made compulsory on the owner of the building to leave more than 15 feet of his own land between the street alignment and the main wall of his building. The roads as opened out by the Trust are generally 80 to 100 feet wide, and some minor roads are 40 feet wide, and I am sure it will be considered quite fair and reasonable if 15 feet space is left on each side of the street. To give unrestricted power to the Board without a maximum limit might lead to hardship and oppression in some cases."

The Hon'ble BABU MAHENDRA NATH RAY said —

"May I make a suggestion in connection with the amendment which is now before us? The definition of a building line proposed means the line up to which the main wall of a building abutting on a projected public street may lawfully extend. I was trying to inquire whether there was any provision in the law anywhere with reference to which this expression 'lawfully extends' has been used, and I have not been able to discover anything. A similar expression occurs in the Calcutta Municipal Act. In the regulations under this Act I find that a minimum limit of 4 feet is prescribed, but there is no maximum limit proposed, but that is not in regard to a projected street but to a street under construction. The difficulty pointed out by the Hon'ble Member, the mover of this amendment, is no doubt a real one. We have in this Act as well as in the Calcutta Municipal Act a reference to the limit contemplated in the law. It would be unsatisfactory if there is nowhere any provision in law with reference to the limit to which the line may extend. It is not only a matter of drafting but one which goes to the root of the case. If it is intended to leave the matter entirely to the discretion either of the Calcutta Corporation or of the Improvement Trust the use of the expression 'lawfully extends' in the definition seems to me to be misleading. I may be wrong, but in view of what I have been able to discover it seems to me that it would be desirable, in view of the expression 'lawfully' used in the definition, to make a provision somewhere in the law, by which the absolute power evidently vested either in the Improvement Trust or in the Calcutta Corporation may be limited. However, at the present moment we are dealing not with the Corporation, but with the Improvement Trust."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA, interrupting, said .—

"My hon'ble friend has been reading from an old copy of the Act, and it is time that he should have a new copy. The portions which he has read have been expunged."

The Hon'ble BABU MAHENDRA NATH RAY said —

"I may be wrong as to the 4 feet limit in the Municipal Act, but that does not affect the question."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA, continuing, said —

"I think the arguments which I brought forward in connection with the amendment No. 8 apply equally well to this amendment. As I have said, as regards the building line there is no minimum and no maximum in the Improvement Act as it now exists. It has been considered desirable that the Trust should be left unfettered in this matter, and should be allowed to lay down the building line according to the requirements in each case. It may be that in the suburbs where land is cheaper there will be a wider building line than in the town of Calcutta, where land is very much dearer, but I do not think it is desirable to have any such limit in the Act, and therefore oppose the amendment."

*The Calcutta Improvement (Amendment) Bill.**Rai R. C. Pal Bahadur.*

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I may explain that the Calcutta Municipal Act no doubt does not contain any maximum or minimum. The Calcutta Municipal Act is a recent Act, and came into operation only 11 years ago, and I believe I am correct in stating this. The Hon'ble Mr. Payne, who has moved closer to the Hon'ble Member in charge, will correct me if I am wrong when I say that there were only two streets, during the last 11 years of the existence of the Calcutta Municipal Act of 1899, in which building line has been prescribed, and these two streets are Earle Street, 50 feet wide and 10 feet building line, the other street (Faniapookur Street) is 60 feet wide, and a new road in the Fringe Area, which was honoured by your Excellency's presence the other day, is 40 feet wide and 10 feet building line, which, I may say frankly, was prescribed at the suggestion of the Hon'ble Mr. Bompas. My Lord, during the last 11 years there have been two building lines in the Calcutta Municipality not exceeding 10 feet in width, and therefore although it is in the Municipal Act, there has not been any real hardship, because that section has practically remained a dead letter. But, as I have said before, the Calcutta Municipality is one thing, and the Calcutta Improvement Trust is another. I think, therefore, that there should be some restriction, because who knows what will emerge from the closed doors of the Improvement Trust and be hurled upon the heads of the ratepayers? I, therefore, humbly submit that there should be some restriction, and after great deliberation and consultation, submitted to your Excellency's Council a proposal that it should be 15 feet because the Municipality unanimously prescribed 10 feet. I do not mean the elected Commissioners whose opinions may not have so much weight, but the whole Corporation including the President of the Trust, who is a member of the Corporation, acquiesced in and supported the 10-foot building line. Therefore my Lord, I think that my humble submission that a 15-foot building line might be prescribed by the Trust is a very reasonable one, and I hope that this may be accepted by the Hon'ble Member in charge, who, I am sure, is not very much against this proposal."

The motion was put and lost.

The following motion was, by leave of the President withdrawn —

List of Amendments—Motion No. 10.—The Hon'ble Rai Radha Charan Pal Bahadur to move that at the end of sub-section (1) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely —

"Provided also that no building line shall be prescribed for any proposed public street situated within the Calcutta Municipality."

List of Amendments—Motion No. 11.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that at the end of sub-section (1) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"Provided that no building line shall be prescribed for any proposed public street situated—

(a) within the area included in Wards I to XVIII of the Calcutta Municipality as defined in Schedule III of the Calcutta Municipal Act, 1899, or

(b) within such portions of Wards XIX to XXV of the said Municipality (as so defined) as the Local Government, in consultation with the Corporation, may from time to time determine."

He said —

"My Lord, one by one all our amendments relating to the building line have been lost, and this is the only one which awaits its fate. But I earnestly pray that it may not meet the fate of the previous ones. Ward No 1 to Ward No. 18 as defined in the Calcutta Municipal Act represents the old town of Calcutta, already improved and built over and is the home of the middle class population of the city, each family holding generally 3 or 4 cottahs of land for their dwelling house, which is not only their home

*The Calcutta Improvement (Amendment) Bill.**Rai R. U Pal Bahadur; Nawab Syed Shams-ul-Huda.*

but the home of their domestic deities. It is wholly unnecessary to proscribe both projected public street and building line within that area. It will therefore be some comfort to the perturbed mind of the middle class people to know that the legislature, by an express provision, has excluded their area from the operation of the building line provision. I believe the Board will never prescribe a building line in the town proper, and, if I am correct in my belief, is it not better to reassure the public mind by explicitly providing for the exclusion of the area from the operation of the building line? Ward No. 19 to Ward No. 25 is the old suburban municipality, which was amalgamated with the Calcutta Municipality in 1888. Part of it such as Bhawanipur, Kalighat, Russa Road, Hazra Road and other places have been improved, and are already in hand for improvement. These areas may fitly be excluded from the operation of the building line, but as it is not possible to discriminate those areas by Wards as defined in the Municipal Act, I have suggested that the Local Government, in consultation with the Corporation, may exclude such portions of Ward 19 to Ward 25 as may be necessary. I hope that this amendment will meet with some consideration."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"I am sorry, My Lord, that I have to oppose this amendment also. One effect of this amendment, if carried, would be to make the law rather inconsistent. Within the limits of the Calcutta Municipality there is a similar provision in section 356 of the Calcutta Municipal Act, so that, if this amendment were carried, the effect would be that if the General Committee of the Corporation proposed a scheme they would be at liberty to lay down a building line, but as soon as the Trust proposed to do so, the right of laying down a building line would be gone. I do not think that this is desirable, and as we have deliberately adopted the policy of laying down the building line both within the Calcutta Municipality and outside it, and as this amendment, if accepted, would have the effect of nullifying what has already been done, I oppose it."

The motion was put and lost

List of Amendments—Motion No. 12.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved —

(i) that the word 'and' at the end of clause (b) of sub-section (2) of the proposed new section 63 (clause 3 of the Bill) be omitted, and

(ii) that after clause (c) of the said sub-section the following be added, namely —
' and

(d) the period (which shall not be less than sixty days) within which objections to the said plan may be submitted to the Board "

He said —

"My Lord, this is a section in which it is stated that the Board shall prepare a notice stating the fact that a plan has been made and so forth. What has been suggested is just to insert specifically in the notice the period within which objections to the said plan may be submitted to the Board. Under the present Act, in every notice of the Improvement Scheme the period within which objections may be taken is specified and I am sure there can be no objection to the period of limitation within which these objections may be filed being included in the present Bill."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, my hon'ble friend, Rai Radha Charan Pal Bahadur, appealed to me to show some consideration for withdrawing one of his amendments, and I will show him that consideration by accepting this amendment."

The motion was put and agreed to.

The Calcutta Improvement (Amendment) Bill

Babu S. N. Ray; Nawab Syed Shams-ul-Huda; Babu Mahendra Nath Ray.

List of Amendments—Motion No. 13.—The Hon'ble BABU SURENDRA NATH RAY moved —

that after clause (i) of sub-section (2) of the proposed new section 63 (clause 3 of the Bill) the following be inserted, namely —

(ia) “forward a copy of the notice by post to each owner affected. and ”

He said .—

“I may tell your Lordship that there are very few people in Calcutta who read the *Calcutta Gazette*. In fact I may say that only an infinitesimal portion of the population of Calcutta read the *Calcutta Gazette*, and the number of those who read newspapers is also limited. In these circumstances it seems necessary that there should be personal service of notice upon the persons who are affected, and the cheapest mode of serving notices is the post office. This being a very cheap vehicle for service of notice, I do not understand why it should not be resorted to by the Calcutta Improvement Trust. I propose, and it is a very reasonable proposal, as it will not cost the Trust a large amount of money, that notices be served on owners of property through the medium of the post office.”

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

“My Lord, I am prepared to accept the principle of this amendment, but not the form in which it is moved. The word ‘owner’ is a very ambiguous one, and, following the words in section 45, I would accept the amendment in the following form —

(Ia) forward a copy of the said notice to any person whose name appears in the municipal assessment book as being primarily liable to pay the owner's share of the consolidated rate, or the rate on the annual value of holdings as the case may be, in respect of any land included within the proposed public street, and ”

The Hon'ble BABU MAHENDRA NATH RAY said .—

“Is it not similar to amendment No. 16, which stands in my name? Unless there is something wrong in the form, will the Hon'ble Member see if amendment No. 16 will do?”

The Hon'ble NAWAB SYED SHAMS UL-HUDA said —

“I have some objection to the words ‘notice to be served’ in No. 16, because I do not think the Trust should take the responsibility of proving service of notice. We do not want to take the responsibility of serving the notice and therefore I cannot accept that amendment.”

The motion was then put in the form suggested by the Hon'ble Nawab Syed Shams-ul-Huda and agreed to.

The following motion were then, by leave of the President, withdrawn .—

“and

(iv) cause, within thirty days from the date of the first publication of the notice under clause (i), a notice to be served on every person whose name appears in the Municipal assessment-book as being primarily liable to pay the owner's share of the consolidated rate or the rate on the annual value of holdings, as the case may be, in respect of any land shown in the said plan ”

List of Amendments—Motion No. 17.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after the word “shall” in line 4 of sub-section (3) of the proposed new section 63 (clause 3 of the Bill) the words “hear and ” be inserted

He said—

“My Lord, in the present Act all objections to an improvement scheme are heard. It gives an opportunity to the objector to explain his objections fully, and point out in the plan laid on the table before the meeting of a Sub-Committee of the Board any alternative alignment which the parties affected might suggest. The Members of the Committee, as I know from personal experience, can at once understand the alternative alignment, and where feasible, they adopt, in not a few cases, the alternative alignment in preference to the original alignment. Discussion between the parties and the Committee also enables both parties to come to a satisfactory conclusion, whereas mere consideration of applications by the Committee as summarized in 3 or 4 lines in the précis cannot help the Board to come to a proper decision. It is a fundamental principle of all British enactments that people are heard before their objections are disposed of. It is opposed to all principles of justice, equity and fair play that a man's property should be taken from him without giving him an opportunity of being heard. It is of vital importance in a matter like this, where a person's property is at stake, to give him a hearing, otherwise it would accentuate the feeling of disappointment and dissatisfaction which is created in the minds of those whose hearths and homes are liable to be taken ”

The Hon'ble RAJA HRISHIKESH LAHA said —

“My Lord, I beg to support the amendment. The amendment is necessary to allow the owners the right of being heard as is done in the case of an Improvement Scheme under section 47 of the Calcutta Improvement Act. This would be the more advantageous course to follow as the party would then have an opportunity of suggesting an alternative scheme which might be beneficial to him as well as to the Trust, or of laying his grievances before the Board which might induce them to alter their plan, as has been done in the case of the China Bazar Scheme.”

The Calcutta Improvement (Amendment) Bill.

Babu S. N. Banerji; Nawab Syed Shams-ul-Huda; Rai R. C. Pal Bahadur.

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, I desire to associate myself with this amendment. The Hon'ble Member in charge of the department is himself a lawyer. He will admit the justice of the contention which has now been put forward. You cannot strike a man without giving him a hearing. In cases under the Bengal Municipal Act, of petty encroachments which you desire to remove, you give the man a hearing, and the same procedure is followed in all proceedings in the Calcutta Municipality. I think it is a fundamental principle of justice, fair play and equity. What possible objection could there be to your giving the party a hearing. I think it is a plain elementary maxim of justice which, I am sure, my friend will gladly accept."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I am sorry that I must oppose the amendment. The reason is that when a scheme matures into an improvement scheme there is already a hearing provided by section 47 of the Improvement Act which says —

'that the Board shall consider any objection, representation and state-
ment of dissent, and after hearing all persons making any such
objection, representation or dissent, who may desire to be heard,
the Board may either abandon the scheme or apply to the local
Government, for sanction, etc., with such modifications as may be
considered necessary',

and it has been thought that nothing would be gained by having two hearings. The scheme would have to go through section 47, and because there is a provision for hearing under section 47 of the Act which remains unaffected by the amendment, it is thought that the amendment only proposed will lead to delay and loss of time and is not necessary."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, I appreciate the spirit in which the reply is given by the Hon'ble Member in charge. I believe, my Lord, he appreciates also the necessity of hearing the objectors, but his difficulty is that whereas in the case of an improvement scheme, when the projected street will be taken up as an improvement scheme, the objector will be heard, he does not see the necessity of giving two hearings to an objector. My Lord, I think that that information has been gathered from the Trust, but my Lord, I have been associated with the Trust very intimately for the last three years. I shall try to explain the circumstances, but I do not know whether they will be convincing. I hope that it will create some impression on the mind of the Hon'ble Member. My Lord, a projected street is framed from the corner of the Scotch Kirk to Sova Bazar or Beadon Street. The street will not materialise into a street scheme for the next 10 years. The parties affected may be 500, and during the 10 years before it materialises into a street scheme, 250 people may be swept away, because those who do not want to erect or re-erect or add to a building, will come to the Board for acquisition of their property. My Lord, if out of 500, 250 vanish, 250 remain there. Is it fair, I beg to ask, that, of the 250 people who have been swept away during this period, not one should be allowed the opportunity of coming before the Chairman of the Trust and the Board with an alternative plan, and explaining, with the line of their expert engineers, that this or that plan is the better alignment than the alignment that was originally shown there. My own experience, sitting in these Committees, is that if an objector comes in person and explains the position from the plan, then, my Lord, we are in a much better position to consider whether the line should be shifted elsewhere or not. Having regard to these facts—I do not know how far I have made it clear to the Hon'ble Member—I hope he will see his way to accept my amendment."

The Calcutta Improvement (Amendment) Bill

A division was then taken with the following result :—

<i>Ayes—10</i>		<i>Noes—25.</i>

The ayes being 10 and the noes 25, the motion was lost.

The following motion was, by leave of the President, withdrawn — . .

List of Amendments—Motion No. 18.—The Hon'ble Raja Hrishikesh Laha to move that after the word "shall" in line 4 of sub-section (3) of the proposed new section 63 (clause 3 of the Bill) the words "hear and" be inserted.

*The Calcutta Improvement (Amendment) Bill.**Nawab Syed Shams-ul-Huda; Rai R. U Pal Bahadur.*

List of Amendments—Motion No. 19.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after sub-section (3) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely .—

“(3a) If the Board apply to the Local Government for sanction as provided in sub-section (3), they shall simultaneously forward to the Government a full statement of all objections and representations made to them under the said sub-section.”

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

“I am prepared to accept this amendment with a little verbal alteration. It should run thus .—

“(3a) If the Board apply for sanction as provided in sub-section (3), they shall simultaneously forward to the Local Government a full statement of all objections and representations made to them under the said sub-section.”

The Hon'ble Rai Radha Charan Pal accepting the above alteration, the motion, in its modified form, was put and agreed to

List of Amendments—Motion No. 20.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after sub-section (3) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely .—

“(3aa) Whenever any notice of the making of any plan is published by the Board under clause (i) of sub-section (2), if such notice relates to more than one plan, or if more than one such notice is published within the period of 60 days from the date of the publication of any previous notice, the Board shall, at the request of the Corporation or any other local authority as aforesaid, allow the Corporation or such local authority, as the case may be, such further time as may be reasonable to make any representation as aforesaid.”

He said .—

“My Lord, a period of 60 days is fixed in the Bill for consideration of the plan of a projected public street by the local authorities. During that period a local inspection may be made, a sort of informal conference is held with the rate-payers, the plan is considered in the Committee, which takes at least two meetings, and then it comes up to the Corporation, and nearly 60 days are taken up in the proper consideration of a single plan. For aught I know, the Board have got several ready-made plans of projected public streets which may be published at once or in rapid succession within the first 60 days, and the local authorities may find it difficult to fully consider all the plans within the short time at their disposal. To obviate this difficulty I have proposed that extension of time should be allowed. I hope this amendment will be accepted.”

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

“My Lord, I do not think that this is necessary because I think the Trust have power to fix the date, and it is not likely that they would rush the Corporation with too many projects at one time.”

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

“What I want to explain, My Lord, is this, that it gives some statutory right to the Corporation or other local authority to ask for time.”

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

“My Lord, I do not think the Hon'ble Member can say that at any time the Corporation asked for time to consider a scheme and time was not given.”

The motion was put and lost.

*The Calcutta Improvement (Amendment) Bill.**Dr. Nilratan Sarkar ; RAI R. C. Pal Bahadur*

List of Amendments—Motion No. 21.—The Hon'ble Dr. Nilratan Sarkar moved that after the word "street" in line 8 of sub-section (6) of the proposed new section 63 (clause 3 of the Bill) the following be inserted, namely :—

"for a period of five years"

He said —

"My Lord, the amendment seeks to lay down a time-limit within which the Board must make up their mind definitely in regard to a proposed public street after it has been notified as such. As the proposed new section stands now, when the scheme has passed through the various stages, from the preparation of plans down to the notification of same by the Local Government, the character of a projected public street will attach to the area concerned until such time as it is declared to be a public street or the notification is cancelled. The omission of any time-limit, within which either of these decisions should be arrived at by the Board, will lead to serious inconvenience to the owners. The effect of the notification of any projected public street being that a *status quo* will have to be maintained in regard to the affected area for an indefinite length of time and quite a number of disabilities will attach to the owner's rights of use, occupation, and disposal of the area under notice. The element of uncertainty and unsettlement induced by the notification should not be enhanced by leaving the Board free to lengthen out the period of suspense indefinitely.

It is true that a similar provision in the Municipal Act has no time-limit. But there is a great difference in the matter of new erections. The proposed measure will invest the Board with more ample and drastic authority than what has been provided for the Calcutta Corporation under the Municipal Act. Section 356 read with 352 in the latter Act deals with projected public streets and it imposes no embargo upon the privilege of the owner to make new erections, the operation of the section being confined to the setting back of any building or wall which has fallen down or been burnt down, or taken down so far as they stood across the street alignment or building line of the projected street. In this view of the matter new erections may be permitted within the area of projected public streets under the Municipal Act, while they will be prohibited by the Improvement Act.

Five years is a reasonably long time beyond which the Board should not take to come to a decision in this matter, at least the Government should not allow a longer time."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, I support this amendment. It is necessary that there should be some time-limit within which a proposed public street should either be completed or abandoned. In the absence of any such time-limit, and having regard to the fact that the scheme might be cancelled at any time by the Local Government, the owners of properties affected by the scheme would seriously be handicapped in dealing with such properties. In this connection I would quote the following from the letter of the Chairman of the Corporation communicating the views of the Corporation to Government on the subject. The Chairman observes —

'They consider that a time-limit should be prescribed for its operation. It was pointed out that several years may elapse before a projected public street materialises into a sanctioned street scheme, and in not a few cases the alignment will ultimately be abandoned. This being so, it would not be equitable to prevent landholders from developing and improving their properties for an indefinite time. The limit which the Committee proposes is two years from the date of the notification of the projected public street under section 63 (6). The Committee consider that this period should give the Improvement Trust sufficient time to frame a street scheme and that the limitation should have a wholesome effect in preventing unnecessary delay on the part of the Trust.'

*The Calcutta Improvement (Amendment) Bill.**Nawab Syed Shams-ul-Huda, Mr. Bompas.*

A public street may be projected to-day, but it may not be an accomplished fact ten or twenty years hence, and in the meantime the owners of properties affected by the scheme continue to suffer indefinitely. There is a strong public feeling that this state of things should not be allowed to come into existence."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I am sorry that I am not in a position to accept this amendment. There is some force in what my hon'ble friend has said, but the difficulty is that, if accepted, the value of the Bill to the Trust will be greatly minimised. The whole idea is that plans will be made and gradually carried into execution. I am informed by the Chairman of the Calcutta Improvement Trust that their programme will take about 20 years to complete, and with that knowledge I find it difficult to say that the Bill itself will serve much useful purpose if we put a limit of 5 years, because after 5 years all the notices issued and proceedings taken will be nullified and the same process will have to be gone over again. Therefore, I cannot accept the amendment."

The Hon'ble Mr. BOMPAS said —

"My Lord, I am not able to understand how anybody who assents to the principle of the Bill can support this amendment. The Bill, with the concurrence of the Corporation, the Improvement Trust and this Council, provides for the laying down of street alignments when it is intended to make a street. That is not an unprecedented provision of law. It exists in most of the countries in Europe. Since 1909 it has existed in England, and in Calcutta for a great many years, and the advantage of it is obvious. It is so obvious that practically it has been brought into force in every country and everybody wants to know why it was not brought into force before. If a city is growing it is inevitable that streets will have to be made and main thoroughfares opened. It is also clear that private individuals will build houses, manufactories and other buildings. The question is, is it in the interests of the community, and is it in the interests of private individuals to allow private individuals to build all these buildings on the roads when you will have to pull them down again? Is it not a mere matter of commonsense if we are about to make roads and erect buildings to exercise a little foresight and see that the buildings are not placed on the lines that the streets are going to follow? What object will there be in saying, you will not build houses on the line of future roads for the next 5 years, and after 5 years may build them and have them pulled down again? I would have a road alignment permanently fixed, as in other cities of Europe. Paris is especially proud in having its streets laid down for 25 years hence. Most of the German and Italian towns lay out their expected growths for a quarter of a century ahead, and if you are going to lay down any streets at all you ought to maintain this principle.

The alternative idea, the only idea that suggests itself to me as justifying an amendment like this is that the Trust has been given certain funds to carry out certain works, and if the Trust have done their duty they should carry out these works in 5 years. But no one has suggested that the Trust can spend their money in 5 years; it is financially impossible. With the capital at its disposal, the Trust has to turn it over and over again. The Trust acquires land, makes roads, sells the surplus land and starts with fresh capital.

What is the advantage to the private owner of this amendment? Under the Bill as it stands, if a private owner has land falling within the street alignment, he can call upon the Trust at any time to acquire it. Why compel the Trust to acquire it if the owner does not wish it? If it suits the private individual to continue to hold his land subject to these disabilities, why not allow him to do so? The alternative, if he wishes to get rid of it, is open to him. Take the case of roads in the centre of the town: is it to the interests of the private individual that the Trust should be compelled to hasten its operations? Looked at from the point of view of the private owner surely the more

*The Calcutta Improvement (Amendment) Bill.**Mr. Payne; R. C. Pal; The President; Dr. Nilratan Sarkar.*

slow and gradual the operation of the Trust the less hardship is it likely to impose. It may not be so inconvenient for him to sell 10 years hence. I cannot understand, and there is no precedent that I know of, or any legislation in any town in the world, for having temporary road alignments. If 150 years ago, when Calcutta was growing and buildings were being erected, they had exercised foresight and laid down alignments for broad streets, all this expenditure of money would have been saved."

The Hon'ble Mr. PAYNE said :—

"My Lord, as the Hon'ble Rai Radha Charan Pal Bahadur has referred to a letter of mine in his speech, I think it is only right that I should point out that the quotation read by him does not refer to this clause at all. It refers to clause (bbb) of section 8 of the Schedule and not to the clause under discussion."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I have a motion on this very subject, and I would not therefore formally move it. It is differently worded, but may I have the right to reply?"

His Excellency the PRESIDENT said :—

"No. I am afraid the Hon'ble Dr. Nilratan Sarkar alone has the right of reply."

The Hon'ble DR NILRATAN SARKAR said :—

"My Lord, I moved this amendment on a question of principle as well as a question of details. First, as to the principle, if it is agreed that there should be a time-limit for the notification—and all notifications have a lapse—the Government may accept my amendment. If any difficulty should arise in practice, they may easily renew the notice. Some compromise may be arrived at for that purpose. In fact, it may be troublesome to go again through the details of the various processes required by this section. If necessary, the notice may be renewed without so much formality and waste of time.

As regards the details, the Hon'ble the Chairman of the Trust has based his arguments upon convenience from the point of view of the Trust. No doubt his arguments are sound from his point of view. But from the point of view of individual owners, I think a time-limit would be much more convenient to us than to have our land and property indefinitely placed in such a disadvantageous position as is contemplated in this section. It is true that in the Municipal Act, for a similar purpose, there is no time-limit. But there is a vast difference between section 356 of the Municipal Act and this section of the Improvement Act. The Hon'ble Mr. Bompas has also said there is nothing to prevent the owner from applying for his property being acquired. Even this the owner cannot do unless he submits a plan, whether bogus or genuine, and has it rejected by the Chairman. In these circumstances I would press for the acceptance of this amendment."

The motion was put and lost.

The following motion was then, by leave of the President, withdrawn :—

List of Amendments—Motion No. 22.—The Hon'ble Dr. Nilratan Sarkar to move that after the word "declared" in line 9 of sub-section (6) of the proposed new section 63 (clause 3 of the Bill) the following be inserted, namely, "within the said period."

List of Amendments—Motion No. 23.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after the words "the said notification has been

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda; R. C. Pal.

cancelled" in line 12 of sub-section (6) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"in which case the fact of such cancellation shall be announced in the Calcutta Gazette and in local newspapers."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I am anxious to consider further the principle underlying this amendment, but there is some doubt about the form, and I would ask my hon'ble friend to leave it over for to-day."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"Very well, my Lord"

The discussion of the motion was then adjourned to the next day.

List of Amendments—Motion No. 24.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after sub-section (6) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"(6a) Where any land has been acquired after the issue of a notification under sub-section (6) sanctioning the plan of the proposed public street, the owner from whom such land has been acquired, or his successor in interest, shall, if such notification is subsequently cancelled, have the right to reclaim the land on payment of a sum not exceeding the compensation paid to him."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I may inform my Hon'ble friend that we are considering this amendment, and, if he agrees, it may be taken up to-morrow."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"Very well, my Lord."

The discussion of the motion was then adjourned to the next day.

The following motions were then, by leave of the President, withdrawn.

List of Amendments—Motion No. 25.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after sub-section (6) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

(6aa) "When any proposed public street is not declared to be a public street under section 65, or section 66, as the case may be, within five years from the date of publication of the notification referred to in sub-section (6), such notification shall be deemed to be cancelled."

List of Amendments—Motion No. 26.—The Hon'ble Babu Mahendra Nath Ray moved that at the end of sub-section (6) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"or

(c) the expiration of four years from the date of the said notification."

*The Calcutta Improvement (Amendment) Bill.**R. C. Pal; Nawab Syed Shams-ul-Huda.**Clause 3.**Proposed new section 63 (8).*

List of Amendments.—Motion No. 27.—The Hon'ble Babu Surendra Nath Ray to move that for sub-section (8) of the proposed new section 63 (clause 3 of the Bill) the following be substituted, namely —

“If any person desires to erect, re-erect or add to any wall or building within the street alignment of a projected public street shown in any plan sanctioned by the Local Government under this section, he shall submit an application in writing to the Chairman for permission so to do :

“Provided that nothing in this sub-section shall relieve any person from the liability to obtain such sanction as it may be necessary to obtain under any law for the time being in force from any local authority ”

List of Amendments—Motion No. 28.—The Hon'ble Rai Radha Charan Pal Bahadur moved that the words “twelve feet in height including the plinth” be substituted for the words “eight feet in height” in line 2 of sub-section (8) of the proposed new section 63 (clause 3 of the Bill).

He said —

“My Lord, a wall 8 feet in height is permitted to be built within the building line but it will be a very low wall and would not be sufficient protection for a house. Twelve feet including the plinth is a fair and reasonable height and I hope that this amendment will be accepted.”

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

“My Lord we are prepared to accept the next amendment and adopt 10 feet as the height if my friend will withdraw this amendment.”

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

“I thank my hon'ble friend for whatever concession he may be pleased to make us.”

The amendment was then, by leave of the President, withdrawn.

List of Amendments—Motion No. 29.—The Hon'ble Rai Radha Charan Pal Bahadur moved that the words “ten feet” be substituted for the words “eight feet” in line 2 of sub-section (8) of the proposed new section 63 (clause 3 of the Bill).

The motion was put and agreed to.

The following motion was, by leave of the President, withdrawn.

List of Amendments—Motion No. 30.—The Hon'ble Raja Hrishikesh Laha to move that the words “or building line” in lines 3 and 4 of sub-section (8) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 31.—The Hon'ble Rai Radha Charan Pal Bahadur moved that the words “or re-erect” be inserted after the words “to erect” in line 2 of clause (i) of sub-section (8) of the proposed new section 63 (clause 3 of the Bill)

He said .—

“My Lord, to be consistent with the opening sentence of the clause (i) where the words “erect and re-erect” occur, it is necessary to insert the word “re-erect” after the word “erect” in the latter part of the clause.

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda; R. C. Pal; Raja Hrishikesh Laha.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I accept this amendment."

The motion was put and agreed to.

List of Amendments—Motion No. 32.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after the word "balcony" in line 12 of sub-section (8) of the proposed new section 63 (clause 3 of the Bill) the words "or verandah not exceeding 6 feet in width" be added.

He said :—

"My Lord, it was intended in the Select Committee to allow a small verandah projecting from the main wall of the building over the vacant land within the premises in the rear of the street alignment within the building line of a projected public street. A verandah not exceeding 6 feet in width in front of a house built on approved architectural design will not only add to the convenience and comfortable use of a building but will enhance the beauty and ornamentation of the street frontage. I hope this addition will be allowed."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I am sorry that we cannot accept this amendment. The "building line" has already been adopted and we are not prepared to modify it further."

The motion was put and lost.

List of Amendments—Motion No. 33.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after the words "an outhouse not exceeding 15 feet in height" in lines 14 and 15 of sub-section (8) of the proposed new section 63 (clause 3 of the Bill) the words "excluding the plinth" be added.

He said :—

"My Lord, an out-office 15 feet in height inclusive of the plinth will render the rooms low and ill-ventilated. The higher the plinth the better for the house. I have added the words "excluding the plinth in order to encourage the building of good and substantial plinths."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, the reasons I gave for opposing Amendment No. 32 apply equally to this amendment."

The motion was put and lost.

List of Amendments—Items Nos. 34 and 35.—The Hon'ble Raja Hrishikesh Laha, with the permission of His Excellency the President, moved motions Nos. 34 and 35 together, as follows :—

"That the word 'sixty' be substituted for the word 'thirty' in line 15 of sub-section (8a) of the proposed new section 63 (clause 3 of the Bill).

That the words 'which period may be extended on application' be added at the end of sub-section (8a) of the proposed new section 63 (clause 3 of the Bill)."

He said :—

"My Lord, thirty days would be too short a period for the removal of a wall or a building as the owner will have to take steps for the safety of the remaining portion of his house or for building a new wall or for pulling down the old wall. This will undoubtedly take time and it would be fair and reasonable to allow poor owners to adopt necessary measures for the protection of their property."

The Calcutta Improvement (Amendment) Bill:

Nawab Syed Shams-ul-Huda } *Raja Hrishikesh Laha*

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I think it would be better if my Hon'ble friend moved 34 separately, as we are prepared to accept it, but not No 35"

The Hon'ble RAJA HRISHIKESH LAHA said —

"I am quite agreeable to that"

Motion No 34 was then put and agreed to

The following motions were, by leave of the President, withdrawn :—

List of Amendments—Motion No. 35.—The Hon'ble Raja Hrishikesh Laha to move that the words " which period may be extended on application" be added at the end of sub-section (8a) of the proposed new section 63 (clause 3 of the Bill)

*Clause 3**Proposed new section 63(10)*

List of Amendments—Motion No. 36.—The Hon'ble Raja Hrishikesh Laha to move that the words—

" or

(ii) between the street alignment and the building line" in lines 4, 5 and 6 of sub-section (10) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 37.—The Hon'ble Babu Surendra Nath Ray to move that the words—

" or

(ii) between the street alignment and the building line" in lines 4, 5 and 6 of sub-section (10) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 38.—The Hon'ble Babu Mahendra Nath Ray to move that at the end of sub-section (10) (ii) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely—

" or

(iii) partly within the street alignment and partly between the street alignment and the building line"

List of Amendments—Motion No. 39.—The Hon'ble Raja Hrishikesh Laha moved that the brackets and words " (including compensation for severance)" be inserted after the word " refusal" in clause (a) of sub-section (10) of the proposed new section 63 (clause 3 of the Bill)

He said —

" My Lord, justice demands that when the Trust acquires a portion of a building it shall not only pay the value of the land and building, but also the cost of deterioration that would be caused to that building by pulling down a portion which would have the effect of rendering the rest uninhabitable or causing great inconvenience to the owner. In common fairness compensation for severance should be granted."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

" My Lord, I oppose this motion because I think it is unnecessary. The acquisition would be under the Land Acquisition Act and the principle of that Act would apply, unless expressly abrogated. The Land Acquisition Act does recognise claims for compensation by reason of severance, and therefore I think amendment is unnecessary, and I oppose it."

The motion was put and lost.

*The Calcutta Improvement (Amendment) Bill.**R R.C. Pal.*

The following motions were, by leave of the President, withdrawn :—

List of Amendments—Motion No. 40.—The Hon'ble Babu Surendra Nath Ray to move that the words " or between the street alignment and the building line, as the case may be" in clause (b) of sub-section (10) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 41.—The Hon'ble Dr. Nilratan Sarkar to move that for the words, brackets and letter " in case (a)" in line 20 of sub-section (10) of the proposed new section 63 (clause 3 of the Bill) the following be substituted, namely —

" in both case (a) and case (b)"

List of Amendments—Motion No. 42.—The Hon'ble Dr. Nilratan Sarkar to move that after the words, brackets and letter " in case (b)" in line 23 of sub-section (10) of the proposed new section 63 (clause 3 of the Bill) the following be inserted, namely —

" at their option "

List of Amendments—Motion No. 43.—The Hon'ble Dr. Nilratan Sarkar to move that before the proviso to sub-section (10) of the proposed new section 63 (clause 3 of the Bill), the following be inserted, namely .—

" Provided that any land so acquired shall either be forthwith added to the street or be kept as an open space for public use, and shall in no case be disposed of according to the provisions of section 81."

List of Amendments—Motion No. 44.—The Hon'ble Dr. Nilratan Sarkar to move that for the proviso to sub-section (10) of the proposed new section 63 (clause 3 of the Bill) the following be substituted, namely :—

" Provided further that, in the case of such land as falls within the street alignment only, the Board shall not exercise such option, unless the owner requires the Board to acquire the same in lieu of paying compensation therefor."

List of Amendments—Motion No. 45.—Hon'ble RAI RADHA CHARAN PAL BAHADUR said .—

" My Lord, I should like to move my amendment No. 45 in two parts."

Leave ~~was~~ given and the Hon'ble Rai Radha Charan Pal Bahadur moved that the proviso to sub-section (10) of the proposed new section 63 (clause 3 of the Bill) be omitted.

He said .—

" My Lord, in the proposed section 63, sub-section (10), option is given to the owner of the land, who is refused permission to erect, re-erect or add to a building or wall, to call upon the Board either to pay him compensation for any damage sustained by him or to acquire so much of his land as falls within the street alignment, but it is also provided that it shall be optional with the Board to acquire the land or building as the case may be in lieu of paying compensation. The proviso nullifies the option given to the owner in clauses (a) & (b) of sub-section (10), and is quite inconsistent with those clauses. What you give with one hand you take away with the other. The property belongs to the owner, and it is for him to exercise the option either to claim compensation for any damage sustained, and to retain the property as it stands, suffering all inconvenience and hardships on account of its restricted use, or to call upon the Board to acquire the property

*The Calcutta Improvement (Amendment) Bill.**R. C. Pal ; Nawab Syed Shams-ul-Huda.*

in question at once. If the Board proceeds to execute the projected public street at once, they must acquire the property immediately, but if there is delay in executing the scheme the owner has the option either to retain the property on payment of compensation by the Board or to sell it outright to the Board. Why should there be again any option in favour of the Board? This is neither fair nor just and will create in the minds of the people an impression that the so-called option to the holders of properties is illusory. I would like to draw Your Excellency's special attention to this. The option is given to the person either to suffer all the disabilities till the road is completed 20 or 30 years hence by taking some compensation as damages, or to call upon the Board to acquire the property outright. My Lord, in the concluding portion of the clause, option is given to the Board, when the amount of compensation exceeds the estimated cost of acquisition, to acquire the property. I think, My Lord, that what is stated in the beginning is nullified by the subsequent portion of the clause, where the option is given to the Board."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said.—

"My Lord, I do not think that my hon'ble friend is right in saying that what is given in the first portion is taken away by the proviso. The owner of the land has got the right either to claim compensation or to ask for the acquisition of so much of the land as falls within the street alignment. A case may occur in which compensation to be awarded is so large that it is much more convenient to the Board, instead of paying compensation, to pay the full value of the land, and therefore option has been given to the Board in case a man comes and claims compensation, to say, 'No, instead of compensation, we will acquire the land and pay you the full value,' so that both parties are on very much the same footing. Option is given to the owner to claim either compensation or acquisition. For this reason, I oppose the amendment."

The motion was put and lost.

The Hon'ble Rai Radha Charan Pal Bahadur then moved that after subsection (10) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely:—

'Provided that an appeal shall lie to the Board against any refusal of permission by the Chairman as aforesaid.'

He said:—

"My Lord, following the Calcutta Municipal Act, where an appeal lies against the decision of the Chairman to the General Committee. I think there should be a provision of an appeal to the Board against the Chairman's order, more so because the word 'Chairman' has been substituted in the place of the word 'Board' in the Bill. I have reasons to believe that it will be accepted by the present Chairman of the Board. For it will not impair his powers and influence which have unrestricted scope in the Board."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, we are able to accept this amendment with a slight change in the wording. We will accept it if put in this form, and as a new subsection (11).

"(11) An appeal shall lie to the Board from any refusal by the Chairman to grant an application under this section."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said.—

"I accept the Hon'ble Member's suggestion."

The motion was put in the altered form and agreed to.

The Calcutta Improvement (Amendment) Bill.

Babu S N Banerji; Nawab (Syed Shams-ul-Huda; R C Pal

List of Amendments—Motion No. 46.—The Hon'ble Babu Surendra Nath Ray moved that at the end of sub-section (10) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely —

“Provided further that the owner shall be entitled to damages (if any) sustained by him by reason of the severance of such land from his other land, or by reason of the acquisition injuriously affecting his other property (moveable or immoveable) or his means of livelihood”

He said —

“My Lord, this proviso, I need hardly tell the Council, is taken from section 23, clause (1) (iv) of the Land Acquisition Act. My friend, the Hon'ble Member in charge of the Bill, has just now said, in opposing the amendment of the Hon'ble Raja Hrishukesh Laha, that inasmuch as the acquisition will be made under the provisions of the Land Acquisition Act, the parties will be entitled to claim damages for severance. But there may be a zealous Land Acquisition Collector who would say that the acquisition is made not at the instance of the Trust but at the instance of the owner of the property, and therefore he is not entitled to any damages for severance, he is entitled only to claim compensation for what is actually acquired. Of course, I can very well understand that if there be a good judge, he would give compensation for severance also, but why not reaffirm the principle? I cannot use the speech of my hon'ble friend in this Council, after the Privy Council decision and say that the Hon'ble Member in charge of the Bill has said that, as the acquisition is made under the Land Acquisition Act, the claimant will be entitled to claim damages for severance. In these circumstances I do not see any reason why the principle which has been already laid down should not be reaffirmed.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

“My Lord, I do not think we ought to reaffirm a principle where it is unnecessary to do so. Nothing can be more clear than this, that the acquisition is to be made under the Land Acquisition Act, and the words my friend has quoted are taken from the Land Acquisition Act. I do not think it is necessary to include them in the new Improvement Act. I do not think any Court can possibly hold that, because the owner of a plot of land exercises the right which the law gives him to claim compensation, he is therefore not entitled to full compensation. If he can go so far as to say that nothing should be given for severance, he may as well say that when the owner of the land himself came and asked for acquisition he is not entitled to any compensation at all. I do not think there is any doubt or any mistake that we have to clear up, and for this reason I oppose the motion as being unnecessary.”

The motion was put and lost.

List of Amendments—Motion No 47.—The Hon'ble Rai Radha Charan Pal Bahadur moved that at the end of sub-section (10) of the proposed section 63 (clause 3 of the Bill) the following be added, namely —

“Provided further that if the land falling either within the street alignment, or between the street alignment and the building-line, as the case may be, is reasonably required for the full and unimpaired use of the premises of which it forms a part, the Board shall be bound, if the owner so requires, to acquire the whole of the said premises.”

He said —

“My Lord, this is practically on the same lines as the previous motion, and if the Hon'ble Member is not prepared to accept it, I do not wish to waste the time of the Council and would withdraw it.”

The motion was then, by leave of the President, withdrawn.

The Calcutta Improvement (Amendment) Bill.

R C Pal; Raju Hrishikesh Lah; Nawab Syed Shams-ul-Huda

The following motions were also, by leave of the President, withdrawn.

List of Amendments—Motion No. 48.—The Hon'ble Rai Radha Charan Pal Bahadur to move that clause 6 be omitted.

List of Amendments—Motion No. 49.—The Hon'ble Rai Radha Charan Pal Bahadur to move that in line 11 of clause 6 the words "twelve feet" be substituted for the words "eight feet."

List of Amendments—Motion No. 50.—The Hon'ble Rai Radha Charan Pal Bahadur moved that in line 11 of clause 6 the words "ten feet" be substituted for the words "eight feet"

The motion was put and agreed to.

The following motion was, by leave of the President, withdrawn.

List of Amendments—Motion No. 51.—The Hon'ble Babu Surendra Nath Ray to move that the words "or building-line" in line 13 of clause 6 be omitted.

List of Amendments—Motion No. 52.—The Hon'ble Rai Radha Charan Pal Bahadur moved that clause 6A be omitted.

He said —

"My Lord, this clause provides for a penalty for failure to remove a building or wall in respect of which an agreement has been made, and the fine may extend to one hundred rupees. This clause is not at all necessary, for the subsequent clause 7A gives the Chairman the power to remove such wall or building at the cost of the owner, and in many cases the cost of demolition and removal of rubbish is more than met by the sale of building materials. Where is the necessity, therefore, of having the unpopular provision of a prosecution entailing a fine of one hundred rupees, when the object is easily gained by the demolition of the building by the Chairman?"

I think, my Lord, that this prosecution clause is unnecessary, as the object is easily gained by the subsequent clause."

The Hon'ble RAJA HRISHIKESH LAHA said —

"My Lord, I beg to support this amendment. This clause provides a penalty for failing to comply with the requisition of the Trust. The penalty clauses are certainly superfluous, as the removal of a wall or building and the recovery of expenses incurred thereby are provided in clause 7A. It will have the effect of harassing people, as the owner would be sufficiently punished when he does not get compensation for the building he had constructed, and over and above that, to make him liable to punishment would be very harsh indeed. Already the large acquisition of lands has made the Calcutta Improvement Trust very unpopular, and this provision will make it doubly so."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I do not think that the full significance of this clause has been realised. The clause provides that when a person has executed an agreement, as provided in section 63, if he fails to remove such a wall or building within the time specified in the notice, he may come forward and say 'I cannot do it, you had better do it yourself', the Chairman will then do it for him. But if he neither comes and asks the Chairman to do it, nor does it himself, he is only then liable to be fined. I do not think in a case like that there is any question of hardship at all."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"If I may be permitted to explain, my Lord, it is not merely a question of the removal of a wall, etc. When a written notice is given to the owner, and it is not complied with, then the Chairman may proceed to remove such

*The Calcutta Improvement (Amendment) Bill.**Nawab Syed Shams-ul-Huda.*

wall or building and recover the cost of same by the sale of materials. This ought to be enough. There may be cases in which poor illiterate men may not be able to remove the building or the wall within the given time. I have great respect for Mr Bompas, but there may be underlings in the subordinate ranks who might start a prosecution. We cannot expect the President of the Improvement Trust to watch all these minor matters. It is sufficient to avoid the contingency of the Board being saddled with any additional cost. It is amply provided for by the subsequent clause, and there is no use in having a prosecution section again."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"May I add a few words, my Lord? Section 174A refers to section 171A. The former says 'When a written notice.....is not complied with by the owner thereof for the time being as provided in section 171A.' It is only when you do nothing under section 171A that 174A comes in. Therefore if you drop 171A, 174A becomes perfectly meaningless."

The motion was put and lost.

The following motions were, by leave of the President, withdrawn —

List of Amendments—Motion No. 53.—The Hon'ble Raja Hrishikesh Laha to move that clause 6A be omitted.

List of Amendments—Motion No. 54.—The Hon'ble Babu Surendra Nath Ray to move that clause 6A be omitted.

Clause 7A.

List of Amendments—Motion No. 55.—The Hon'ble Babu Surendra Nath Ray to move that clause 7A be omitted.

Clause 8.

List of Amendments—Motion No. 56.—The Hon'ble Babu Mahendra Nath Ray to move that for the words 'After clause (b) in' in line 1 of clause 8 the following be inserted, namely —

"After clause (b) in sub-section (2) of".

Adjournment.

The Council was then adjourned to the next day, Wednesday, the 3rd March, 1915, at 11 A.M.

A. W. WATSON,

DISCUSSION OF AMENDMENTS.

Clause '8.

List of Amendments—Motion No. 57.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that clause 8 (bb) be omitted.

He said —

"My Lord, the introduction of this novel clause is hotly opposed by the public. I fail to see what is the impediment that is sought to be removed by the introduction of this clause. The Corporation has been acquiring land and there has been no difficulty with them for want of a similar provision in the Calcutta Municipal Act. The Land Acquisition Collector or the Tribunal of the Improvement Trust have not found any difficulty in acquiring land. This provision unnecessarily introduces an element of controversy in the matter of valuation. A projected street is framed to-day and a line is drawn in the plan, and ten years after the land is acquired and the road is made. How can the increase and decrease of the value of land alleged to be due to the projected street be determined. A piece of land valued at Rs. 1,000 on the date of the notification of the projected public street is found ten years after, when the land is acquired for the purpose of opening out the road, to value Rs. 1,500. The difference of Rs. 500 cannot be solely ascribed to the projected public street. There is normal growth in the value of land which may be due to other factors, such as development of trade, shifting of some particular trade from one quarter to another quarter of the town, the expansion of residential quarters in the town, etc. Is it possible to ascertain how much of that 500 is attributable to the projected public street, and how much to other causes? Is there any expert who will be able to say that out of Rs. 500 Rs. 200 is due to the projected street and Rs. 300 to other causes? It is also to be remembered that in the Calcutta Improvement Act the schedule modifying the ordinary Land Acquisition Act provides that the market value of the land at the time of the declaration for its acquisition is to be taken into account. I must frankly state to Your Excellency that there is a great apprehension in our community that this clause will prove highly oppressive to the persons affected by the operations of the Trust, that it will arm the Valuer of the Trust, however well-intentioned he may be, with arbitrary powers, and that the valuation will be made on a mere speculation as is now being done in fixing exemption fees. Already the valuations of the Trust have created a widespread dissatisfaction, and the insertion of this provision in the Bill will deepen and accentuate that feeling. Much is made of the fact by the Chairman of the Improvement Trust that the Corporation was consulted by the Board before they approached the Government for legislation, but no stress is laid on the fact that the Corporation strongly opposed this clause. It is not fair to take advantage of the Corporation's support of one clause and to ignore its opposition to another clause. Further, as I have said, the public opinion is strongly arrayed against it. I may be permitted to state frankly to Your Excellency that the apprehension is that, whatever the increase may be, that is to say, the whole of Rs. 500 in my foregoing illustration, will be set down to the projected street, and the poor owner deprived of it. My Lord, the operations of the Improvement Trust are such that nearly the whole of the supposed possible increase of the value of land is realized from the owners of land and buildings, who are mostly poor middle class people. In England, in the Town Planning Act, it is provided that where, by the making of the town-planning scheme, any property is increased in value, the responsible authority shall be entitled to recover from any person, whose property is so increased in

*The Calcutta Improvement (Amendment) Bill.**Rai R. C. Pal Bahadur; Raja Hrishikesh Laha*

value, one-half of the amount of the increase. How differently are we treated here. Lord Morley, with that tender and generous regard for the attachment of the oriental people to their hearth and home, vetoed the proposal regarding betterment in the original Calcutta Improvement Trust Bill, but the Act is so worked that his generous intention is frustrated and the middle class people are crushed by the imposition of heavy exemption fees, and this clause will add to their agony. In this connection it would not be inappropriate to quote the following letter to Government from the Corporation of Calcutta —

4. 'In recommending the omission of the proposed clause (bb) of Article 9 of the Schedule, the Committee were chiefly actuated by the consideration of the difficulties which would be likely to arise in the practical working of this provision. It is probable that in a considerable number of cases there will be an interval of several years between the time when a projected street is notified under section 63 (6) and the actual acquisition of the land after the approval of a street scheme. The Committee are of opinion that in such cases it will be almost impossible to determine what proportion of any increase in land value which may have accrued during the interval is attributable to the alignment of the projected public street through the area in question and in what proportion to the normal rise of land value and other causes. It was also contended that in order to arrive at an estimate of the appreciation due to the street alignment it would be necessary to go back to the period before that alignment was laid down, and it would be difficult to ascertain the value of the land in question and land in the vicinity at that time. The Committee were also of opinion that, apart from the practical difficulties in working, the principle of valuing property at a rate other than its market value at the time of the declaration under section 6 of the Land Acquisition Act is unjustifiable. It was also pointed out that the main object of the amendment was to prevent the erection of buildings on the line of projected streets, and that, having secured this end, the Improvement Trust ought to take the good with the bad and pay the market value of the land which they eventually decide to acquire. The Corporation have aligned projected streets from time to time under section 356 of the Calcutta Municipal Act, and it has not been found in actual experience that any extensive increase in the value of land has resulted from such alignments. The Committee are of opinion that the same will probably be the case with the projected streets laid down by the Improvement Trust. They consider therefore that it is undesirable to introduce any innovation into the existing law relating to land acquisition in order to provide for a contingency which is not likely to arise to any substantial degree in actual practice.'

My Lord, I need not now further dilate on the subject, but, after hearing what the Hon'ble Member in charge of the Bill has to say, I shall quote to the Council the opinion of some of the eminent English jurists on the subject."

The Hon'ble RAJA HRISHIKESH LAHA said :—

"My Lord, I beg to support this amendment. This is a novel way of fixing the market value of lands falling within the road alignment. There is no time-limit prescribed for the acquisition of the land, and it would be impossible for the parties affected to know their position. It gives one the idea that the Board will be able to acquire land without paying proper compensation. When there is no time-limit the acquisition may take place many years after the publication of the notification, and how the market value can be ascertained after the lapse of so many years I fail to understand. If the observation of my Hon'ble friend Mr Payne contained in his letter of the 12th January last to the effect that 'it has not been found in actual experience that any extensive increase in the value of land has resulted from such alignment' be correct, then there is no necessity for this provision, and any increase in value that might take place may be divided in equal proportion between the Trust and the owners. The clause as it stands would not help in ascertaining definitely what proportion of the increase is due to street alignment and what to a normal rise in value, even if a register of the value of the lands affected on the date of the declaration has been prepared in the

• *The Calcutta Improvement (Amendment) Bill.* •

Babu Surendra Nath Ray ; Nawab Syed Shams-ul-Huda.

presence of the parties upon unimpeachable evidence. The clause is very peremptory in its tone, and the effect would be that all the advantages would go to the Trust even if the rise in value were due to an accession of traffic or to causes other than the street alignment. I would therefore move for its omission."

The Hon'ble BABU SURENDRA NATH RAY said.—

"My Lord, even experienced judges have found it difficult in land acquisition cases to find out the present market value of land. It would be almost impossible to find out what was the market value of land sometimes, probably some years before the actual acquisition. One has to proceed upon conjectures and hypotheses, and not upon actual data. Land is not like food-stuff sold in the Calcutta Municipal Market or Chetla Hât, the price list of which is published daily or weekly in the *Calcutta Gazette*. It is admitted on all hands that there is a normal rise in the price of land in Calcutta. It would be difficult—almost impossible—to find out what has been the rise on account of this normal rise in the price of land and what has been due to the declaration of a street alignment. It is the poor owner of property who will have to suffer, for when once the award is made by the Collector the whole burden of proof is upon the claimant to show what has been the rise in price on account of normal rise in price in the locality and what on account of the declaration of the street alignment. The Calcutta Corporation in its letter on the subject of the Calcutta Improvement Amendment Bill justly says—'The Committee are of opinion that in such cases it will be almost impossible to determine what proportion of any increase in land value which may have accrued during the interval is attributable to the alignment of the projected public street through the area in question and in what proportion to the normal rise of land value in other cases.' Moreover, from actual experience, the Calcutta Corporation is in a position to state that no extensive increase in the value of land has resulted from alignments of projected streets under section 356 of the Calcutta Municipal Act.

Under the circumstances I cannot understand what good will result by inserting a clause in the Act which may have the effect of putting poor people to unnecessary harassment and trouble."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I think the amendment that has been proposed is based on a misapprehension of what is intended by the clause 8 (bb). A good deal has been made of the difficulty that will be felt in finding out to what extent a particular cause has led to a rise in the value of a piece of land. But as a matter of fact there is no question of finding out anything, but it is only a question of disregarding certain factors. The clause runs thus—'If the market value has been increased or decreased owing to the land falling within or near to the alignment of a projected public street, such increase or decrease shall be disregarded.' Thus all arguments which are based on the difficulty for a Court to find out to what extent value has risen on account of a particular cause are beside the mark. Then it has been said that where there has been a rise in value and the question arises several years after, it would be very difficult to find out how much of the rise is due to other causes and how much to the cause referred to in this clause. If that is a difficulty, the Land Acquisition Courts have worked under similar difficulties for years. Let us examine the present section 24 of the Land Acquisition Act. It says 'but the Courts shall not take into consideration . . . fifthly, any increase to the value of land acquired likely to accrue from the use to which it is put.' Does not the same difficulty arise here also? The Courts have to do their best, and I have not heard that these difficulties have prevented Courts from doing justice in land acquisition cases. As a matter of fact, this clause (bb) is only an extension of section 24 of the Land Acquisition Act, and is meant to meet the new elements introduced by this Bill. This clause in the Bill deals with increases likely to take place by reason of mere publication of plans of projected streets in the value of land which

*The Calcutta Improvement (Amendment) Bill.**Mr Bompas, Kibbu S. N. Banerji.*

actually fall within the street alignment or which are adjacent to such projected streets. As regards the justice of this provision, nothing has been said to show that it is inequitable and that we are in any way depriving the land-owners of anything that legitimately belongs to them. The Trust publish a scheme and everybody knows that there is a probability within a certain number of years of a street passing through a particular locality. That causes a rise in the value of land. This clause provides that such rise shall be disregarded. It also says that if there has been a decrease for such a cause the decrease should also be disregarded. So it is for the benefit of the land-owners as well of the Trust that this provision should exist. I am not convinced that a wrong principle has been embodied in this clause. I therefore oppose the amendment."

The Hon'ble MR. BOMPAS said:—

"My Lord, may I add a few words to emphasize what the Hon'ble Member in charge of the Bill has said when he points out that the proposed section deals with decrease in the value of land as well as with increase? Of course it may be said that if the proposed section is omitted we can let the ordinary law take its course until we see that injustice is done and then amend the law. But if we see clearly that the Land Acquisition Act as it stands will work injustice and cause hardship to private individuals, why should we not avoid that by amending the law when we have the chance? From the discussion which took place yesterday on some of the proposed amendments it is quite clear that Members of this Council see that the fact that a street alignment has been laid down will have a prejudicial effect on the value of property falling within that alignment. Take the case of a rented house. A man wants to let his house; but who will take it if he cannot make the necessary alterations to suit the business to be carried on in that house? Then, again, a man wants to sell a house. Who will buy it for residential purposes if it is known that in ten years it will be acquired and demolished by the Trust. Obviously there would be fewer competitors for properties falling within the street alignment, and if your competitors fall off it means that your price diminishes and the market value of the property is decreased. The Trust then comes to make its roads. The Collector has no option. The Collector, under the law as it stands, has to acquire the property at the market value. Is it fair that the Trust should first of all by notification diminish the market value of the property falling within the street alignment and then acquire it at the lower value? It seems to me most unjust and prejudicial to the interests of private land-owners, and it seems to me that this is the most important aspect because whether the Trust acquires any given property outside a road alignment is problematical, but what is certain is it has to acquire the property within the line. It is uncertain to what extent there will be land speculation, leading to inflated prices of land outside the alignment, but it seems to me absolutely certain, and this view must be shared by everybody, that there will be a distinct depreciation in the value of land within the street alignment. Therefore, I would ask the mover of this amendment to be very careful how far he presses it. So much for the case of decrease. As regards the increase, it seems to me that if you take it one way you should take it the other way also."

The Hon'ble BABU SURENDRA-NATH BANERJI said:—

"My Lord, it seems to me from the observations which have fallen that this amendment is largely inspired by a keen regard for the interests of the ratepayers. I am very much obliged to the President of the Improvement Trust for his developing this regard, for I fear that he has never been credited with a feeling of regard for the interests of the people.

Be that as it may, my Lord, here stands out this fact that the representatives of the ratepayers, who might be imagined to be as keenly interested in their welfare as the President of the Improvement Trust, do not want this amendment in the interest of the ratepayers. Their representatives—duly elected and authorised representatives—are against an amendment

*The Calcutta Improvement (Amendment) Bill**Babu S. N. Banerji, Rai R. C. Pal Bahadur*

which the President of the Improvement Trust wants on their behalf. Whose authority is this Council to accept on an occasion like this, that of the Hon'ble Mr Bompas who constitutes himself as their protector, or the two Hon'ble gentlemen who have been returned as their representatives? I think that there can be only one answer to this question. viz., we ought to accept the authority of the Hon'ble Rai Radha Charan Pal Bahadur and the Hon'ble Raja Krishukesh Laha

Another observation has been made by the Hon'ble Member who has just spoken. He thinks that the Land Acquisition Act is bound to operate harshly and even unjustly unless it is amended upon the lines suggested. I think we might as well wait till the Land Acquisition Act has been in operation for some time. It represents the accumulated wisdom of a large number of experienced lawyers and administrators. Why take a leap in the dark unless upon the basis of actual fact and actual experience? I think that if it is found as a result of the operation of the Land Acquisition Act, in regard to this particular class of cases, that injustice is done or that hardship is the result, this Council might be trusted to remedy the hardship and remove the injustice. I do not see why it is necessary to take a jump into the unknown against the protests of the recognised representatives of the people. There is already an uncertain element in the Land Acquisition Act, and you introduce another uncertain element, viz., whether an increase or decrease in the value of the land will take place as the result of this alignment. In this matter it seems to me that we ought to wait and see how the Land Acquisition Act operates and then, if necessary, the legislature might be moved to remedy any defects or to remove any grievances."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, I may be permitted to say a few words in reply. The Hon'ble Member in charge of the Bill, if I have followed him right, has observed that this clause is a very innocuous one. It is that the increase in the value of the land will be disregarded and nothing further will be done. If I have understood him right, that was the gist of his observations. My Lord, from an ordinary commonsense point of view I might explain the situation. A projected street is proscribed to-day over a certain area, 20 years after certain premises are acquired, when the projected street is taken up as a regular street scheme for the purpose of opening up the road, to-day the value of that piece of land is Rs. 1,000 per cottah, 20 years after, when it is declared for acquisition, a man comes before the Land Acquisition Collector and claims Rs. 1,500 per cottah and cites the ordinary market value according to the records of sales in the locality and proves that the value is Rs. 1,500 per cottah. It will then be said that this increase of Rs. 500 is due to the projected public street and must be disregarded, and my contention is this, that there are several factors which will support that increase and not merely the projected public street. The Hon'ble Member has quoted clause 'fifthly' of section 23 of the Land Acquisition Act. My Lord, several lawyers and others, who are also chiefly interested in the City of Calcutta and have large stakes in the city, have considered this question within the last few months, and have discussed the provisions of the Bill, and they all think that this provision is very prejudicial to the parties concerned. Regarding the use to which a particular property is put, I can quite understand that that should not be disregarded. A certain property is ordinarily used for a residential house, but if it is intended to be used for a mill or anything of the kind it will no doubt appreciate in value on account of that use, and that use will be disregarded. I have got a piece of land on the bank of the river which is a garden house. I can come up to the Land Acquisition Collector and say that though its value is Rs. 200 per cottah, I can get a mill-owner to buy it for Rs. 500 per cottah. That fact will, however, be disregarded. That is a tangible thing which can be proved or disproved, but the fact whether the value of land is raised from Rs. 1,000 to Rs. 1,500 and the increase of Rs. 500 per cottah is due to a projected street or is due to normal growth in the value of the land is not possible for the

*The Calcutta Improvement (Amendment) Bill**Rai R. C. Pal Bahadur.*

Land Acquisition Collector to investigate and to decide in awarding compensation on that basis. Then I will quote the opinions of English authorities as expressed in the Report of the Select Committee appointed by the House of Lords in 1894 on the subject.

In that report I find the following opinions recorded :—

'But the effect of the public works in raising the value of neighbouring lands is shown by experience to be uncertain. Whether in any particular case it is possible for a valuer to pronounce that such an effect had been produced by the completion of any public work, is a point upon which the evidence of eminent valuers differs greatly.'

My Lord, the actual improvement remains to be effected, the line is drawn by the Trust and the improvement may be effected 20 years hence. I can quite understand that when a road is completed and all the buildings abut on the road, then there may be reasonable increase in the value of the land. But here, my Lord, the line as drawn now, and it is assumed that 20 years hence the value of the land will be increased. Then, my Lord, about the decrease in value of the land, I cordially appreciate the motive that has induced the Hon'ble Mr. Bompas to support this proposal. It is in fact his own proposal. There is no similar provision in the Calcutta Municipal Act. I have given very careful attention to the observations that have fallen from the Hon'ble Mr. Bompas, and I have discussed the matter with him and with many friends who have some experience. I will cite one hypothetical case. If I have got a one-storied house on a street which falls within a projected street, I cannot make it two-storied, the value sterilises therefore. If I sell that one-storied house, I may sell it for Rs 5,000, but if the man who buys it is permitted to build a second storey without being liable to remove it he can sell it for Rs 5,000, but as he cannot do so the value sterilises, and so there is no decrease, and therefore I can see no advantage to the people by the retention of this clause. On the contrary there is risk of considerable injury to the owners of the property. My Lord, I may be permitted to lay one fact before your Lordship, and it is this, that it is not the big landlords that will be affected by the Bill, but it is the vast majority of poor middle class people who are merely dragging on their way, trying to make both ends meet as traders or clerks, and sticking to their ancestral hearths and homes and living under the beneficent rule of the British Government. These are the people who will be affected; they are not well conversant with the art of agitation which reverberates through the halls of this Council. There is a genuine feeling of alarm and dissatisfaction in our community, and I earnestly pray, my Lord, that this clause may be omitted from the Bill. We have got three years' experience of the working of this Act, and we do not think that any case has been made out for the incorporation of this clause in the Bill."

A division was taken with the following result :—

The following member abstained from voting.—

The Hon'ble Raja Mahendra Ranjan Ray Chaudhuri

The ayes being 16 and the noes 21, the motion was lost.

The following motions were, by leave of the President, withdrawn :—

List of Amendments—Motion No. 58.—The Hon'ble Raja Hrishikesh Laha to move that clause 8 (bb) be omitted

List of Amendments—Motion No. 59.—The Hon'ble Babu Surendra Nath Ray to move that clause 8 (bb) be omitted

List of Amendments—Motion No. 60.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that in line 2 of clause 8 (bb) the words "solely by reason of" be substituted for the words "owing to"

He said —

"My Lord, now that the previous amendment is lost, I hope the Hon'ble Member will accept this amendment and clearly indicate in the clause that only such increase and decrease of valuation due solely to the land falling within the street alignment shall be disregarded

This is the intention of the Hon'ble Member, I think, and it should be clearly stated so as to prevent any ambiguity."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said.—

"My Lord, so far as this amendment goes, it is merely a matter of drafting. We all think that what the clause aims at is to lay down that so much of any increase or decrease as is due to the land falling within or near to the alignment of the projected public street shall be disregarded. I am not personally convinced that there is any doubt as regards the meaning of the clause as it stands in the Bill, but if my friend prefers, I am prepared to change the wording a little and put it in this way 'If the market value has been increased or decreased owing to the land falling within or near the alignment of a projected public street, so much of the increase or decrease as may be due to such cause shall be disregarded.' But it appears to me that such a change is not really necessary."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said.—

"I thankfully accept this modification. It is on the same lines as my amendment No. 63 where very similar words occur."

The motion was then put in the following form and agreed to :—

That after the words "public street" in clause 8 (bb) the following words be substituted for those now standing in the Bill, namely :—

"so much of the increase or decrease as may be due to such cause shall be disregarded."

The Calcutta Improvement (Amendment) Bill

Rai R. C. Pal Bahadur; Dr. Nilratan Sarkar; Nawab Syed Shams-ul-Huda; Babu S. N. Banerji

List of Amendments—Motion No. 61.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that the words "or near to" in line 3 of clause 8 (bb) be omitted

He said —

"My Lord, this clause speaks not only of land falling within the alignment of a projected street, but also of land falling within or near to the alignment of the projected street. I can understand the acquiring of land falling within the projected public street, but I fail to see why the land near to should also be taken into account. Large and extensive quantity of surplus land is included within the zone of acquisition and the retention of the words 'near to' will evidently apply to the surplus land. As surplus lands are exempted at the discretion of the Board under section 78 of the Act or disposed of under section 81 of the Act, absolutely on the Board's own terms, where is the necessity of applying this provision to the surplus land? This provision is not to be found in the Bombay Improvement Act or in the English Town Planning Act."

The Hon'ble DR. NILRATAN SARKAR said —

"My Lord, I beg to support this amendment. The expression 'near to' appears to be very vague, and it should not find a place in any legislation. It might mean 100 or 1,000, it might mean anything. It might be near to one alignment or it may be near to another. For that reason the owners of a particular plot may be affected. I can well understand the appreciation of a plot of land near some alignment of some projected street, but I fail to understand why there should be any depreciation at all. It appears to me that there is some inconsistency also in the framing of this amendment. On the whole I think 'near to' should be omitted."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I am sorry I have to oppose this amendment. It seems to me that the principle is the same whether the land falls within a street alignment or is near a street alignment. Language is always more or less uncertain, but we can trust to the judgment of those who will deal with the matter to determine what is near and what is not near. We have, in some parts of the Act, referred to lands affected by a particular scheme. The same difficulty would probably arise in determining what are the precise lands that have been affected by a scheme and what are the lands that have not been so affected. When land falls outside a street alignment, but near it, there will naturally be a great deal of increase in the value of it, and if the land falls within a street alignment, there may also be increase due to speculators coming in and trying to get a high value from the Trust as compensation. So that under all circumstances it seems eminently desirable to provide for both cases, as the Trust will have to acquire not only what land is necessary in order to make a road, but also land near it. For these reasons such a provision seems to be necessary and I do not think we can accept the amendment."

The Hon'ble BABU SURENDRA NATH BANERJI said —

"My Lord, I am sorry that the speech of the Hon'ble Member in charge of the Bill is very unconvincing. The whole objection to that phrase 'near to' is its vagueness. My friend says that those who administer the law might be trusted to specify according to their judgment what should be understood by that phrase in a particular case. My Lord, we are making the law, and there is no reason why we should not take upon ourselves the responsibility of specifying what we mean by that expression. I think it is hardly consistent with the dignity or the duty of this legislature to keep a vague phrase like that and thus shift the responsibility on to other shoulders. Its vagueness is its greatest objection, and we ought not to allow vague expressions of that kind to find a place in the laws framed by this Council. We hope

The Calcutta Improvement (Amendment) Bill.

*Maulvi A. K. Faz-ul-Haq; Nawab Syed Shams-ul-Huda,
Babu S. V. Banerji.*

that Your Excellency will kindly reconsider the position which has been taken in this matter and will not allow this matter to be left to be dealt with later on by administrators of the law who may not have the same opportunity of knowing things as we have at present "

The Hon'ble MAULVI A. K. FAZ-UL-HAQ said .—

"My Lord, if I venture to interpose in this discussion it is not because I wish to add to the discussions that have already clustered around this unfortunate clause of the Bill, but because I wish to make it clear in this Council that the Hon'ble Member in charge of the Bill has almost, if I may use the expression, added to our confusion. The Hon'ble Member has said that language and legal language must always be more or less vague."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"I never said that "

The Hon'ble MAULVI FAZ-UL-HAQ said —

"I understood the Hon'ble Member to say that language can be precise, in all cases it may be more or less vague. But so far as we are concerned he said this much, that so far as the purpose of legislation goes, we cannot provide for all possible cases, and our language must necessarily be vague. I take exception to this statement, because if legislators leave their language more or less vague they will not only add to the difficulties of litigants, but to the task which Courts have in administering the law. Moreover, I do not think that the words 'near to' are of such a character that they can be easily appreciated even by those who will be responsible for administering the law in all cases which may come before them. The Hon'ble Babu Surendra Nath Banerji has said that language should be clear and precise, and he has also expressed a desire that in passing this provision into law the language should be made as clear and distinct as possible. I think, my Lord, it is not possible even for a legislature to define words so vague as 'near to'. It may mean 10 yards, 1,000 yards, it may mean 10 miles.

If this is so, I respectfully submit that an expression of such a character should be omitted from any legislation that we may undertake. With these words, I support the amendment "

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, with reference to what has been said by the Hon'ble Maulvi A. K. Faz-ul-Haq I may say that I could not possibly have said all that has been attributed to me. I know it is impossible always to express with precision everything that we want to convey. If we could do that, probably my friend the Hon'ble Maulvi Faz-ul-Haq would not have been where he is now, nor I where I am. We have to take human language with all its imperfections. If my friends were willing to assist us, they might have proposed a limit, say, of 200 or 300 feet "

The Hon'ble BABU SURENDRA NATH BANERJI, interrupting, said —

"Why should not we do it now?"

The Hon'ble NAWAB SHAMS-UL-HUDA continuing said :—

No one has come forward with any such proposal and no amendment on these lines can now be considered. Now, if we look to Legislative enactments generally, we do not always find absolute precision. For instance, in this very Act you have the provision 'that any provision of this Act may be extended to any municipality in the neighbourhood of the Calcutta

*The Calcutta Improvement (Amendment) Bill.**Mr Bompas; Rai¹ C. Pal Bahadur.*

Municipality.' Has it been defined 'what exactly the word 'neighbourhood' means or what distance constitutes neighbourhood?' I can find hundreds of words of the same kind. As I have said it is impossible to define everything with scientific precision. A good deal must be left to the judgment and commonsense of the Court that will adjudicate on the value of land. We cannot make everything absolutely clear."

The Hon'ble MR BOMPAS said :—

"My Lord, may I point out that although the word 'near' may be vague, there will be no vagueness when you come to deal with concrete cases. If it were proposed to pass a law that when land is taken up near an alignment, the Collector shall pay double its value or half its value, then it would have been necessary to define with the utmost preciseness the limits within which such remarkable provisions should prevail. But, as it is, in every particular case the question will be whether the value of particular property has been affected, that is, increased or decreased by the alignment, and that is a question which can be decided in each particular case, because obviously the decrease and increase will have to be marked and the person who claims it will have to prove the market value of that lot of land and that it is not the same as the market value of similar plots of land in the neighbourhood. Therefore it does not matter. You will not have to decide in any particular case whether the land is sufficiently near or sufficiently far from the road alignment to take in or out of this clause. All that the Collector will have to decide is whether it has been affected by its proximity."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I do not wish to raise any controversy with the Hon'ble Member in charge over the expression 'near to.' More competent persons than myself—my Hon'ble friend Babu Surendra Nath Banerji and Maulvi Faz-ul-Huq—have dealt with it. I do not quarrel with the Hon'ble Member in charge. I crave for a sympathetic hearing at his hands. My Lord, I have gained some experience of the working of the Trust in various Committees and Sub-Committees, and I wish to know—and it is yet to be stated—what is the reason of having those words 'near to'? My Lord, a street scheme is published; there is the line drawn for a 100-feet road and the blue verge of acquisition goes some 200 or 300 feet on both sides of the street. That is the zone of acquisition of surplus lands. Therefore under section 78 of the Act these surplus lands outside the actual roadline are set free on payment of certain exemption fees. This is the way the Trust is working for the last three years and there has been no difficulty. Sitting in small committees, what I have found is this. A man's property falls on the roadway in a 100-feet road; he has got another piece of land which is by the side of it, and it is said that if you give up this land free and pay us something in cash then we will exempt the land which is outside the actual roadline. This is the way in which section 78 is worked. It is a technical section, and I do not know whether I have made myself clear, but this is the way the operation of the Trust is going on. There has been no difficulty as regards the acquisition of land falling within the roadline and as regards the fixing of exemption fee—where is the necessity of inserting the words 'near to' again? The Hon'ble Member in charge has not given us any special reason or cited any concrete case which requires the insertion of these words. My Lord, as regards ambiguity, I will say this. We have to deal with a lot of ambiguities and, where specially, as we have no appeal to the Tribunal, we have to submit to the interpretation of the Board. Take, for instance, Council House Street, supposing it is to be widened 100 feet; within say about 60 or 70 or 100 feet there is an Insurance office, who have got a piece of land in Old Court House Street. It may be said that the value of that land has been increased. That is the reason why there is apprehension in public mind. In Bombay there is some limit to the acquisition of the surplus land. I understand it is 80 feet there on both sides of the street. Having regard to these facts, I think it would be a

*The Calcutta Improvement (Amendment) Bill**Rai R. C. Pal Bahadur.*

gracious concession to public opinion if these words are omitted. The Trust would not be a loser by a single farthing—the Hon'ble Mr. Bompas will see to that."

A division was then taken with the following result :—

Ayes—17

 The Hon'ble Mr R Glen

The ayes being 17 and the noes 21, the motion was lost

The following motions were, by leave of the President, withdrawn —

List of Amendments—Motion No. 62.—The Hon'ble Mr. Nilratan Sarkar to move that the words "or near to" in line 3 of clause 8(bb) be omitted.

List of Amendments—Motion No. 63.—If motion No 57 be not carried, the Hon'ble Rai Radha Charan Pal Bahadur to move that for the words "such increase or decrease shall be disregarded" in lines 4 and 5 of clause 8(bb), the following be substituted, namely :—

"so much only of the increase or decrease, if any, as may be due to such cause shall be disregarded."

List of Amendments—Motion No. 64.—If neither motion No. 57 nor motion No. 63 be carried, the Hon'ble Rai Radha Charan Pal Bahadur to move that the brackets and words "(if any)" be inserted after the word "decrease" in line 4 of clause 8(bb).

List of Amendments—Motion No. 65.—The Hon'ble Babu Surendra Nath Ray to move that the brackets and words "(exceeding eight feet in height)" in lines 5 and 6 of clause 8(bbb) be omitted.

*The Calcutta Improvement (Amendment) Bill.**Nawab Syed Shams-ul-Huda ; Rai R. C. Pal Bahadur**Clause 8.*

New Amendment 65A.—The Hon'ble NAWAB SYED SHAMS-UL-HUDA, with the permission of the President, moved that for the word "eight" in clause 8 (bbb) the word "ten" be substituted.

He said :—

"This hardly needs an explanation. The words in the Bill are 'exceeding eight feet in height.' As a matter of fact, we have accepted, in connection with a prior amendment, 'ten feet' as the maximum height and hence the necessity for this amendment, which is merely consequential."

The motion was put and agreed to.

The following motion was, by leave of the President, withdrawn —

List of Amendments—Motion No. 66.—The Hon'ble Babu Surendra Nath Ray to move that the words "at building line" in line 7 of clause 8 (bbb) be omitted.

The discussion of Motions Nos 23 and 24 in the List of Amendments, which had been postponed from the meeting of the 2nd March, was then taken up.

List of Amendments—Motion No. 23.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, with regard to Amendment No 23, the redraft of the clause, which has been shown to me this morning, will meet the requirements I have in view, namely, that when a notification is cancelled the fact will be notified in the Gazette."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I would suggest that the following be substituted for Amendment No 23, namely —

'That, instead of the words 'the said notification has been cancelled' in line 12 of sub-section (6) of the proposed new section 63 (clause 3 of the Bill), the following be substituted, namely :—

'the said notification has been cancelled by another notification' :"

Motion 23, in its amended form, was then put and agreed to.

List of Amendments—Motion No. 24.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after sub-section (6) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"(6a) Where any land has been acquired after the issue of a notification under sub-section (6) sanctioning the plan of the proposed public street, the owner from whom such land has been acquired, or his successor in interest, shall, if such notification is subsequently cancelled, have the right to reclaim the land on payment of a sum not exceeding the compensation paid to him."

He said —

"My Lord, after a projected public street has been sanctioned by the Local Government, lands and buildings falling within the alignment may be acquired and, suppose subsequently the Local Government deem fit to cancel the notification about a projected public street, what is to become of the land or building acquired in the meanwhile? Justice demands that the land should be returned to the owner or his successor in interest upon payment to the Board of the amount of compensation received by such owner. In other words, it is only fair that the parties should be placed in the same position as they were before the making of the proposed scheme."

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda; Babu S. N. Banerji; Rai R. C. Pal Bahadur; Mr. Bompas.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Lord, I was prepared to consider the principle of this amendment but a difficulty has arisen. We are advised that to a certain extent the amendment affects the principles of the Land Acquisition Act, and we are not authorised to accept such an amendment without the permission of the Government of India. I am therefore very sorry that although I am inclined to sympathise with the principle I am not able to accept the amendment proposed by my Hon'ble friend. It is possible, indeed likely, that after some time we shall have to amend the Calcutta Improvement Act in certain other particulars, and probably we may then take the opportunity of approaching the Government of India with some such proposal as that contained in this amendment. We will consider that matter in due course, but I cannot make any promise now. For the present, having regard to the technical difficulties brought to our notice, I am sorry I cannot accept this amendment."

The Hon'ble BABU SURENDRA NATH BANERJI said —

"My Lord, if the principle is accepted by the Government, I think this matter might be postponed for the sanction of the Government of India; then it might be dealt with. There is no great hurry about it; the Bill might be passed and this matter be allowed to stand. The Land Acquisition Act is likely to be modified, this and other provisions will have to be considered, and it might be postponed until either sanction has been obtained from the Government of India or until after the Land Acquisition Act has been so dealt with. I think the Hon'ble Member in charge of the Bill may see his way to accede to this."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"My Hon'ble friend can withdraw his proposal and rely on us to consider it afterwards. The proposal which he makes is a new one, and, so far as we are concerned, at the present moment we are unable to accept it, but if my Hon'ble friend will withdraw his amendment, we shall consider whether we should not in due course approach the Government of India in connection with this matter."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, the principle is seemingly admitted, which is my good fortune. Now, my Lord, it is stated that this provision cannot be accepted without the sanction of the Government of India when the entire Act may be revised. This might perhaps take some years, and in the meantime the people will suffer. May I not crave Your Excellency, for the sake of the people under your Excellency's sway, to postpone the passing of this Bill for a fortnight in order to make a reference to the Government of India, and then the Bill can be passed? If the principle is considered just and proper, should it not be given effect to? I am entirely in your Excellency's hands."

The Hon'ble MR BOMPAS said —

"My Lord, may I point out that there will not be any practical inconvenience to let the law stand as it is, as what the Hon'ble Rai Radha Charan Pal Bahadur is asking for is actually contained within the Act as it stands. Obviously, if the Trust acquired land for a street alignment and the street alignment were abandoned, the Trust would proceed to dispose of the land. Under section 81 the Trust is bound to offer the land in the first case to the previous owners of the land from whom it was acquired. Nothing is said about the price, but obviously the price of the land would not have been affected if no road had been made and no improvement carried out, and assuming the Trust honestly tries to carry out the intentions of the Act, the price would be

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur, Nawab Syed Shams-ul-Huda

unaffected and would be actually the price at which the land was acquired. But section 81, which does that, is a complete section and provides for the various interests being represented. The Hon'ble Mover of the amendment says the owner of the land is to have the land back at the price that he has been paid for it, but he may have been paid a fractional part of the price. The Collector has compensated the lessees, etc., and the actual owner may have only received part of the value of the land. The principle of the amendment may be unobjectionable, but the amendment could not possibly be acted upon in its present form."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, when the promise is given that the matter will be taken up later on, we must be content. With reference to the proposal of the Hon'ble Mr. Bomras, I know section 81 which we work from week to week. My proposal is that the land is to be returned at the price at which it was purchased and that is not provided in section 81. The Board may dispose of it at any price, and that is the difficulty I wanted to overcome."

The motion was then, by leave of the President, withdrawn.

New Amendment No. 24A—The Hon'ble NAWAB SYED SHAMS-UL-HUDA, with the permission of the President, moved the following supplement —

Amendment—At the end of line 12 of sub-section (6) of the proposed new section 63 (clause 5 of the Bill), the following words be added —

"Provided that such cancellation shall not affect the validity of any action taken by the Board in pursuance of the said notification."

He said —

"I think, my Lord, it will be conceded that such a provision as this is an absolutely necessary addition to sub-section (6), because, if a notification is cancelled and certain rights and interests have in the meantime accrued under anything that has been done under cover of that notification in the exercise of the powers vested in the Board by this Bill, it is necessary that these rights and interests should be safeguarded. For instance, if the Board have dealt with land in any way while the original notification is in force, then a claim may arise. But if the notification is cancelled everything that has been done under that notification could be swept away as the effect of that cancellation unless you provide otherwise. Therefore it is necessary to have such a provision, and I accordingly move that it be inserted in the Bill."

The amendment was put and agreed to.

LIST OF BUSINESS—ITEM No. 10.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA moved that the Secretary be directed to renumber the clauses and sub-clauses of the Bill in consecutive order, and to make corresponding alterations in all cross references thereto.

The motion was put and agreed to.

LIST OF BUSINESS—ITEM No. 11.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA moved that the Bill, as settled in Council, be passed.

He said :—

"My Lord, in asking that the Bill as settled in Council be passed I wish just to say a few words by way of explanation. I am aware that a certain amount of dissatisfaction has been caused by the rejection by this Council of a large number of amendments moved by non-official members. Hon'ble Members would, however, remember that in a matter of this kind Government have no interest except the interest which they themselves represent. The

*The Calcutta Improvement (Amendment) Bill.**Nawab Syed Shams-ul-Huza, Babu S. N. Banerji.*

Trust is not a Department of Government, and Government only exercise a certain amount of statutory control over the Trust. Government have no reason, therefore, to take a partisan attitude in this legislation. As I said in the very beginning when opposing the motion for adjournment that within the limits of the Calcutta Municipality the powers we are now conferring on the Improvement Trust are exercisable by the General Committee of the Corporation, and I wonder why what was good for the General Committee of the Corporation should not be considered equally good for the Trust? The attitude of the non-official Members seems to have been largely influenced by a distrust of the body by whom the powers given by the Bill would be exercised. I sincerely regret this feeling. The Trust have just begun their work, and it would be an asset of great value to them if they could enlist on their side the co-operation of the Calcutta public. That at this stage, when the work of the Trust has been mainly of a destructive character, feelings should be roused against their operations is not unnatural, but I am certain that when the Trust have built then broad roads and laid down their fine avenues the Calcutta land-owners will realise that the Trust is their best friend and benefactor. There seems also to exist an apprehension in the minds of the non-official Members that the Trust will take advantage of the powers given to them by this Bill to hurl on the heads of the public petty and ill-considered schemes, and then, like an octopus, spread the net on all sides, taking possession of everybody's land, doing everything for themselves, and allowing no one to do anything with them. That, having thus prevented building operations on any large scale, they will ultimately withdraw most of their plans and make fresh ones. It was this feeling that led to the proposal for fixing a time-limit after which a proposed public street should cease to be such within the meaning of the law. If the Trust were an irresponsible and a malevolent body having no regard for the interest or convenience of the land-owners of this town, I would have felt the strongest sympathy with this desire of the non-official Members for a time-limit. But everyone must realise that the Trust exists for the improvement of this town, in the progress and prosperity of which non-officials are even more vitally interested than the officials, and I have no doubt that the powers that have been placed in the hands of the Trust will be used with moderation and with due regard to the interests and the susceptibilities of the public at large, and that it will not take long for the citizens of Calcutta and the Calcutta Improvement Trust to find out how much of the future well-being and prosperity of this town under the present adverse conditions depend on their mutual goodwill. I hope that this explanation will satisfy Hon'ble Members of this Council and remove any feeling of irritation that may exist, remembering that there was no time more fitting than the present for my countrymen to show their whole-hearted co-operation with Government."

The Hon'ble BABU SURENDRA NATH BANERJI said —

"My Lord, may I be permitted to make one or two observations with reference to the remarks which have fallen from my Hon'ble friend opposite? My friend seems to be under the impression that we on this side of the House are inspired by some malevolent feeling towards the Trust. On behalf of the non-official Indian Members, I will say this that we entertain no such feeling whatsoever. If any feeling of mistrust—I will not characterize it as a feeling of irritation—has been aroused in the minds of the Indian community, I think the Trust itself is largely responsible for the creation of that feeling. I think that that feeling has found expression in the columns of various newspapers and I believe also in the utterances of many of our public men, and we, who are here representing the views of the public and who act as their spokesmen, feel it our duty to give expression to that feeling in as strong, clear and emphatic a manner as we can. All that we seek to do on this side of the House is to provide safeguards against the abuse of power. My Lord, power is a most dangerous thing, and the chief object of the machinery of modern administration is to devise safeguards against the abuse of power and authority

*The Calcutta Improvement (Amendment) Bill.**Rai R. C. Pal Bahadur.*

wherever it is vested. Large powers are conceded to the Trust, and proper safeguards have to be provided in order that these powers may not unconsciously be abused. I think, we are helping your Excellency's Government by proposing amendments and provisions which would have this effect, and in this we were performing a public duty. It is therefore very much to be regretted that in the discharge of those duties we should be accused of being inspired by any malevolent feeling. I do hope and trust, my Lord, that the Trust will so conduct itself that when its labours are over the public of Calcutta will congratulate it on its success. It depends on the Trust whether that hope shall be realized or whether it shall prove futile."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said —

"My Lord, before this motion is put to the vote, I desire most cordially to acknowledge the patience, courtesy and forbearance with which the Hon'ble Member in charge of the Bill conducted the deliberations of the Select Committee and also in this Council. Although it has not been our good fortune to succeed in getting many of our amendments accepted by this Council or by the Select Committee, I am grateful that some concession has been made, however small it may be. I avail myself of this opportunity of stating one fact, and it is this, that there should be no misunderstanding in the mind of anyone, whether inside or outside this Council, that we have no feeling of antipathy towards the Trust. We, Indians or Europeans, welcome the improvement of Calcutta, and I would ask the Hon'ble Member in charge of the Bill to examine the records of the Calcutta Improvement Trust. I think he will find that the Indian Members have generally supported the schemes for opening out broad roads through the congested parts of the city. Thanks to the enlightenment and culture which we receive under the aegis of British rule, we appreciate the necessity for the improvement of this town. We know that it is for our well-being, but we are not agreed as to the ways in which it might be carried out. I have been urged by a large section of my countrymen, whom I have met during the last few months, to give expression before your Excellency's august presence to the feeling of dissatisfaction which pervades this community. And to what is this dissatisfaction due?"

The wide, extensive and unlimited acquisition of surplus lands, the exorbitant and crushing exemption fees without any appeal to any constituted tribunal, the payment of 16 times the annual value of buildings added to the fact of the deprivation of the statutory allowance of 15 per cent. as compensation and of the right of appeal to the High Court—all these have engendered in the minds of the people a grave dissatisfaction. And, my Lord, who are the people affected? They are not the so-called big landlords, but the poor and middle class people. The oriental people whom you meet in the street or in office or in the market—even the poorest of them—possess a chitree or a cottah of land at least for his dwelling tenement, and these are the people who will be largely affected by the operations of the Trust. What we feel, my Lord, is this, that while we frankly acknowledge the honesty of purpose, the best of motives and the single-mindedness with which the Chairman of the Trust sets to work, we must say that the method of work is one which is not approved by the community at large which we represent. There must be some radical change. The sentiments to which I give expression to-day before Your Excellency will be laid some day before Your Excellency with a view to some amendment of this Act, so that the wide and unlimited powers which the Board now possess for the acquisition of surplus land may be to some extent limited, and there should be some tribunal to decide what should be the exemption fees. I do not wish, my Lord, at this hour to take up the time of this Council, but I cordially join the Hon'ble Member in charge of the Bill in the hope that the Act which is now passed in the face of strenuous opposition will be enforced with moderation and utmost consideration to the feelings of the people."

The motion was then put and agreed to

*Resolutions.**Mr Beatson Bell; Raja Mahendra Ranjan Ray Chaudhuri.*

RESOLUTIONS.

LIST OF BUSINESS—ITEMS Nos. 12 to 14.

(UNDER THE RULES FOR THE DISCUSSION OF MATTERS OF GENERAL PUBLIC INTEREST)

12. The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI moved the following resolution —

"This Council recommends to the Governor in Council that steps be taken for the establishment, under the financial aid of the State, of Industrial Co-operative Societies in the various districts of this Presidency."

The Hon'ble Mr BEATSON BELL said —

"My Lord, I think it would facilitate the course of the debate if I state at once that Government are prepared to accept this resolution if there be a small amendment made in it. I beg to suggest that instead of the words 'financial aid of the State,' the words 'on a sound financial basis' be substituted. The Resolution would then read —

'This Council recommends to the Governor in Council that steps be taken for the establishment, on a sound financial basis, of Industrial Co-operative Societies in the various districts of this Presidency.'"

[The Hon'ble Raja Mahendra Ranjan Ray Chaudhuri was understood to intimate that he was prepared to accept the modification proposed, but he proceeded to read a speech in support of his resolution. The Hon'ble Babu Surendra Nath Banerji thereupon rose and suggested that the speech be taken as read. His Excellency the President, however, ruled that such a proceeding would not be in order and that it was open to the Hon'ble Member to proceed with his speech if he so desired, even though there did not seem, in the circumstances, that there was much debateable matter to discuss.

Several Hon'ble Members — 'Accept, accept']

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI said —

"My Lord, I most gladly accept the modification suggested by the Hon'ble Member. The speech which I was about to make was merely a speech of thanks to the Government for the sympathetic consideration accorded to my resolution. I am sorry that some of my friends should seemingly desire to taken exception to my making it."

The Resolution was then put in the modified form and I agreed to

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI also moved the following resolution —

"This Council recommends to the Governor in Council that steps be taken to provide for Government, or Government-guaranteed, Industrial loans for the encouragement of small home industries in this Presidency."

The Hon'ble Mr. BEATSON BELL said —

"My Lord, I may say again that if a slight amendment be made in this resolution we shall be very glad to accept it. I would modify it as follows:—

'This Council recommends to the Governor in Council that steps be taken for the encouragement by all practical means of small home industries in this Presidency.'"

*Resolutions**Raja Mahendra Ranjan Ray Chaudhuri; Mr Beatson Bell;**The President*

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI said.—

"My Lord, I accept the modification suggested by the Hon'ble Member."
The resolution was then put in the modified form and agreed to

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI also moved the following resolution—

"This Council recommends to the Governor in Council that steps be taken for—

- (a) the establishment in this Presidency of small Agricultural and Dairy Farms and Fruit culture and Preserve industries for the training and employment of educated youths, and
- (b) the appointment of practical lecturers and financial advisers for the benefit of the peasant and industrial classes."

The Hon'ble MR. BEATSON BELL said—

Will you permit me to intimate to the Hon'ble Member that if he makes a few verbal changes in his resolution we shall be glad to accept it? My suggestion is that the resolution should read thus—

"This Council recommends to the Governor in Council that further steps be taken—

- (a) for encouraging the educated youths of this Presidency to take up agricultural farming, dairy farming, fruit farming and fruit preserving as their profession in life, and
- (b) for disseminating agricultural and economic knowledge among the peasantry and industrial classes."

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI said—

"My Lord, I beg to accept the resolution as modified by the Hon'ble Member."

The resolution was then put in the modified form and agreed to.

HIS EXCELLENCY THE PRESIDENT said—

"Before adjourning the Council, there is one matter which I should like to mention to Hon'ble Members. Rule 17 of the Rules of Business lays down—

"Votes shall be taken by voices, by show of hands, or by division, and shall always be taken by division if any Member so desires."

I think it might possibly meet with the wishes of some Members if on a future occasion the President should, in suitable circumstances, exercise his discretion of taking votes by show of hands. It would save a good deal of time. Of course any Hon'ble Member will always have the right of insisting on my taking a division if he so wishes. But I think it might perhaps frequently meet the convenience of Members if I actually tried to ascertain the sense of the Council by calling for a show of hands, and I propose to do this more frequently in future."

The Hon'ble BABU MAHENDRA NATH RAY C.I.L.

The Hon'ble RAI HARI MOHAN CHANDRA BAHADUR

The Hon'ble CHAUDHURI MUHAMMAD ISMAIL KHAN

The Hon'ble BABU UPENDRA LAI RAY

THE AMENDED DRAFT FINANCIAL STATEMENT.

LIST OF BUSINESS—ITEM No. 1.

The Hon'ble Mr. Beatson Bell presented the amended draft Financial Statement for Bengal for 1915-16

Mr. BEATSON BELL said —
 I beg to lay on the table the Amended Draft Financial Statement, and the revised estimate for the current year. The Council is already aware of the financial situation of India in general and of Bengal in particular, and I need not say anything in general terms to-day. The various heads will be explained in detail by the different members who are immediately concerned.

The broad outline of the situation is merely this: that in the coming year we can, for obvious reasons, expect no help in the way of doles from the Government of India. We at first thought that we would not be able to draw at all on our provincial balances, but I am glad to say that the Government of India have been generous to us in this respect, and have allowed us to draw upon our provincial balances at first to the extent of 25 lakhs, and afterwards to the extent of 29 lakhs. They have given us this extra four lakhs, as Hon'ble Members are aware, in order that the work might proceed on the Calcutta University Institute and on the Baker Hostel which, we feared at one time, might have to be postponed indefinitely. These two good works are going on, thanks to the special arrangements made by the Government of India. Apart, however, from the 29 lakhs, we have to rely upon our own resources and we must be very economical all round. I take this opportunity of thanking the Heads of Departments and my friends, the non-official members of this Council for the generous way in which they have realized the situation and have treated the Financial Department. We would be only too glad to provide funds for them, but as everyone realises, it is impossible to do this, and I thank those who have helped us so generously in this matter."

LIST OF BUSINESS—ITEM No. 2.

The Hon'ble Mr. BEATSON BELL introduced the following heads:—

REVENUE—

1—Land-revenue

EXPENDITURE—

3 Land-revenue.

8 Provincial Rates.

18. General Administration.

*The Amended Draft Financial Statement.**Mr. Beatson Bell; Mr. Kerr*

He said —

"Sir, I have the honour to introduce the budget heads relating to Land-revenue, Provincial Rates and General Administration. As regards Provincial Rates and General Administration, I have nothing to add to the remarks in the Draft Financial Statement. Under the head 'Land-revenue', it may be noted that the revised estimate of receipts for 1914-15 is nearly 12 lakhs less than the sanctioned estimate. There is a decrease of $1\frac{1}{2}$ lakhs under ordinary revenue, due to the fact that the unsatisfactory nature of the winter rice harvest in the Government estates in Contai rendered it impossible to collect the greater part of the revenue which was suspended in the previous year owing to floods. There is a deficit of over $1\frac{1}{2}$ lakhs in the recoveries on account of survey and settlement charges, due mainly to the setback which was given to recovery operations in the Eastern Bengal districts by the fall in the price of jute, which occurred after the outbreak of the war. The same reason, coupled with a comparatively poor winter rice harvest, accounts for another deficit of $6\frac{1}{2}$ lakhs in the rent collections in Government estate. For 1915-16, we estimate that the total receipts will be 291 lakhs, or about 5 lakhs less than the sanctioned estimate for the current year. The uncertainty regarding the future of the jute market and the price of rice generally makes it impossible to estimate with any degree of accuracy the amount which will be recovered on account of the cost of Survey and Settlement Operations and on account of the rent collections in Government estates. We have therefore thought it advisable to make a cautious estimate under these heads. The expenditure to be debited to the Land-revenue head shows a slight increase, as we have assumed that the existing restrictions on the grant of leave will continue throughout the year and that consequently a larger number of officers will be at work and drawing full pay than would ordinarily be the case. In other respects, the estimate has been framed with the strictest regard to economy, but I am glad to say that it has been possible to provide a special grant of Rs 1,20,000 for the improvement of Government estates. Of this amount Rs 70,000 will be devoted to the development of the successful colonisation operations in Bakarganj which promise to be highly remunerative, and Rs 50,000 to improvements in other Government estates."

LIST OF BUSINESS—ITEM No. 3.

The Hon'ble MR KERR introduced the following heads —

REVENUE—

IX—Forests

EXPENDITURE—

11—Forests.

REVENUE—

XXIA—Agriculture

EXPENDITURE—

26A—Agriculture.

REVENUE—

XXIB—Scientific and Miscellaneous Departments

EXPENDITURE—

26B—Scientific and Miscellaneous Departments.

The Amended Draft Financial Statement.

Mr Kerr.

He said —

"Sir, I have the honour to introduce the budget heads relating to the Forest Department. Like many other items in the Provincial Budget, they bear traces of the dislocation of business caused by the war. The fall in the price of jute has seriously affected the purchasing powers of persons connected with the jute industry who are large customers for *sāl* timber, and concessions have had to be made in regard to many important timber contracts which were entered into before the outbreak of the war. The result is that instead of realising a revenue of 16 lakhs in the current year, we expect that our receipts will not now rise much above 13 lakhs. For next year we have estimated a revenue of 14½ lakhs but much will depend on conditions which cannot now be foreseen. It is, however, reasonable to expect that there will be some recovery shortly in the demand for timber and other forest produce. The estimates of expenditure have also been somewhat curtailed in view of the urgent need for economy, and some much-needed improvements in the equipment of the department will have to stand over until funds are available.

"I turn now to the items which were formerly dealt with under the head 'Other Minor Department.' Under recent orders of the Government, Mr. India this head has now been divided into two, 'XXI—A and 26—A—Legal to lawfare' and 'XXI—B and 26—B—Scientific and Miscellaneous Departments.' Apart from the advantage of clearer accounting thus effected, this change does away with the somewhat invidious nomenclature under which the Agricultural and other Scientific Departments were formerly officially classified as minor departments. Under the head XXI—A are shown the Agricultural receipts and the Veterinary receipts, the receipts from Agriculture including receipts on account of Botanical and other public gardens and experimental cultivation, while under the head 26—A are shown expenditure relating to the Agricultural and Veterinary Departments and the Department which deals with Co-operative Societies. The other items of receipts and expenditure under the old head have now been included under the new head 'Scientific and Miscellaneous Departments.'

The receipts of the Agricultural and Veterinary Departments are not important and no detailed explanation of the variations in the budget need be given. The expenditure side of the budget has unfortunately been affected by the financial stringency. The revised estimate for the current year amounts to Rs. 9,76,000 as compared with Rs. 11,86,000 in the sanctioned budget. The decrease is mainly due to lapses in the special grants. It was decided that in the present financial situation it would be impossible to start any large new projects which would involve heavy expenditure during the financial year 1915-16. The estimate for 1915-16 is Rs. 11,17,000. Here again we have been obliged to confine ourselves to making provision for carrying on the current work of the department, and it has not been found possible to allow for any large expansion or the undertaking of new schemes. Full provision has, however, been made for the needs of the Co-operative Department which are rapidly growing on account of the very satisfactory expansion of the Co-operative movement in this Province. Under the new head 'Scientific and Miscellaneous Departments' the revised estimate of receipts for 1914-15 amounts to Rs. 4,30,000 as against the sanctioned estimate of Rs. 1,87,000. The increase is mainly due to the credit of three-fifths of the sale proceeds of quinine treatments sold through the agency of Civil Surgeons, and to the satisfactory sale of quinine sulphate of which a large stock was laid in during the previous year. There has also been a nominal increase of some Rs. 40,000 on account of fees for the registration of Joint Stock Companies which have previously been credited under the Registration head. The estimate of receipts for the next year has been put at Rs. 3,53,000. The expenditure under this head for 1915-16 is estimated at Rs. 5,05,000 against the revised estimate of Rs. 5,28,000 for the current year. The decrease is due mainly to economies which it is necessary to effect in view of the financial situation."

*The Amended Draft Financial Statement**Mr. Stephenson.***LIST OF BUSINESS—ITEM No. 4.**

The Hon'ble MR STEPHENSON introduced the following heads.—

REVENUE—

V.—EXCISE

EXPENDITURE—

7 EXCISE

He said —

“Sir, I have the honour to introduce the Excise heads

Turning to the Excise estimates, at the beginning of the year we raised the duty on country spirit over a large portion of the Province and there was a considerable increase in the license fees realised in the current year. We anticipated a decreased consumption and the revenue of the year was estimated at 158 lakhs, being a little over 1 lakhs more than the last year. It might have been anticipated that the effects on duty, the abolition of a considerable number of shops and the reduction of sale over most of the Province would be felt most in the first quarter of the current year, but during the first four months the revenue showed a steady increase over last year and the consumption of country spirit and *ganja* showed no marked tendency to decrease. On the outbreak of war there was a marked decrease in consumption and in every month since the figures have been consistently lower than those for last year, the decrease on the whole being greatest in the puto districts and Calcutta. The total decrease in consumption to the end of January compared with last year's figures is nearly 75,000 gallons in country spirit, 11,000 seers of *ganja* and 5,000 seers of opium. It is sometimes complained that agricultural prosperity or the reverse is too readily accepted as the explanation for variations in Excise figures, but I think these facts do show conclusively that Excise consumption does in the main depend upon agricultural conditions even more than restrictive measures and within limits is an index of the prosperity or reverse of the Province. While from a temperance point of view the figures are no doubt acceptable, we must be prepared for a considerable rise in consumption again when normal conditions are restored. We now anticipate that our revenue will be slightly higher than that of last year, the increase in the first four months being nearly wiped out by the decreases since and the revised is placed at 155 lakhs. Next year we are raising the treasury price of opium to Rs. 40 per seer and the duty on *ganja* from Rs. 15 to Rs. 20 a seer. The settlements so far made show very varying results, but on the whole the higher duties on *ganja* and opium will more than counterbalance the decrease in license fees. We hope that agricultural conditions will improve and we place the estimate of Excise revenue at 160 lakhs, being 5 lakhs more than the revised estimate of the current year.

As regards expenditure, sanction has been received for the current year for the reorganisation proposals and steps have been taken to put them in train. The total increase of expenditure will be 2½ lakhs, but in the present circumstances we have only been able to repeat in the next year's budget the provision of 1½ lakhs which we made in the current year. The reorganisation therefore can only be partially effected. Some improvement of conditions has already been granted to meet the more urgent claims of the Department and provision has been made to place the Excise Administration of districts under Superintendents of Excise from the commencement of the next year; but the addition to the numbers and the complete regrading of Inspectors and Sub-Inspectors will have to be postponed till we can find the money in the following year.”

*The Amended Draft Financial Statement**Mr. Stephenson, Mr. Cumming*

The Hon'ble MR STEPHENSON introduced the following heads —

EXPENDITURE—

6—Stamps

10—Assessed Taxes

He said —

"Turning now to the heads of expenditure under '6-Stamps' and '10-Assessed Taxes,' the heads are equally divided between Imperial and Provincial Revenues. The figures under the head 'Stamps' are to be found in page 41 of the Financial Statement. It is estimated that the expenditure next year will be Rs. 6,05,000 against Rs. 5,51,000, the revised estimate, and Rs. 7,52,000 in the budget for 1915-16. The decrease in the revised estimate is partly under discount owing to the smaller sale of stamps but chiefly under cost of stamp paper, as favourable terms have been obtained from the contractors. In 1915-16 larger provision has been made for discount on the larger sale of stamps and for the consequent larger supply of stamp papers for the same."

MR CUMMING: "As regards expenditure under the head 'Assessed Taxes' are concerned with the establishment for the collection of tax. There is nothing special in the figures to which I need draw attention."

LIST OF BUSINESS—ITEM No. 6.

The Hon'ble Mr CUMMING introduced the following head —

EXPENDITURE—

19A—Courts of Law

He said —

"Sir, I have the honour to introduce the figures relating to Courts of Law."

The total budget estimate for 1914-15 which was 99½ lakhs has been raised to over one crore in the revised estimate with reference to the actuals of the first nine months of the year. The increase is chiefly under the head 'Law Officers,' and is due to larger payments on account of legal fees in connection with the several political cases. Expenditure under the head 'Civil and Sessions Courts' and arrears payments on account of the revision of the Subordinate Judicial Service sanctioned towards the close of 1913-14 also contributed towards the general increase.

The total estimate for the year 1915-16 has been fixed at Rs. 1,01,24,000. This includes provision for the sanctioned number of High Court Judges, the Inspector of Judicial offices and the Registrar of Insolvency. Larger provision has also been made for fees to pleaders in criminal and civil suits in the mufassal, and to meet increased demands for rates and taxes and contingencies of the Presidency Magistrates' Courts owing to the division of the Courts and their location in three places.

No provision has been made for new major works under the head "Courts of Law". Only five projects have been selected provisionally. These are: (1) the construction of double Munsifi at Bhola, (2) a Munsif's residence at Sherpur, (3) additions to the Munsif's Court buildings at Contai, (4) a quadruple Munsifi at Netrokona, and (5) a new record-room in the District Judge's Court, Midnapore. They will be treated as works in progress during next year. A sum of Rs. 8,000 has been provided for judicial minor works in the Provincial Civil Works Budget for the year 1915-16."

*The Amended Draft Financial Statement.**Mr. Cumming.***LIST OF BUSINESS—ITEM No. 7.**

The Hon'ble MR. CUMMING introduced the following heads :—

REVENUE—

XVII.—Police.

EXPENDITURE—

20.—Police

REVENUE—

XVIB.—Jails.

EXPENDITURE—

19B —Jails.

He said :—

"Sir, I have the honour to introduce the heads of expenditure for 20—Police and 19 B Jails, and in doing so I desire to refer to the outstanding features of the Budget.

As regards Calcutta, rules will be issued shortly under the new Motor Vehicles Act. In order to provide for their efficient administration and to cope with the great increase of motor traffic in Calcutta in recent years, the staff at present employed on motor traffic duty requires to be strengthened. Provision has been made accordingly in the Budget.

The Police staff on duty in Bara Bazar has been temporarily increased in order to effect the more efficient patrolling of that thoroughfare.

I now turn to the Bengal Police Budget. Provision was made in last year's budget for the recurring expenditure necessary to complete the reorganization of the Subordinate Police and River Police in Eastern Bengal; but owing to difficulties in recruiting and lack of proper accommodation, it was not possible to give full effect to the schemes, and a provision of Rs. 10,000 and Rs. 40,222 respectively has accordingly been made this year.

The organization of the Police in respect of numbers, equipment and conditions of service generally is still susceptible of much improvement. A lump provision of Rs. 5,51,023 has been made for 11 new projects, the principal items of which I shall now mention.

As regards the reorganization of the Subordinate Police and organization of the River Police in Eastern Bengal districts, an Imperial grant of 4 lakhs for non-recurring expenditure on launches and buildings has been made.

The boat establishment in Eastern Bengal was last under revision between the years 1876-95. During the last 20 years the cost of living, wages of labour and rates of boat-hire have risen considerably, but no increase has been sanctioned either in the pay of boatmen or in the scale of allowances allowed to Police Officers for the hire of boats. An increased number of boats is also necessary for efficient Police work in water-logged districts during the rains. The extra expenditure involved is Rs. 59,265 per annum on account of permanent and Rs. 37,856 on account of temporary boat establishment; but effect will be given to the scheme gradually as funds permit, and Rs. 49,000 has now been provided in the budget.

The pressure of work at headquarters has been much augmented owing to the increased attention now being paid to the problems of Police Administration, and with the sanction of His Majesty's Secretary of State a second Personal Assistant to the Inspector-General of Police has been appointed.

*The Amended Draft Financial Statement.**Mr. Cumming; Mr. Hornell.*

It is proposed to split up the section of the E. I. R. which formerly lay within the old Province of Bengal into two Superintendents' charges, and the jurisdiction of each Superintendent will be fixed as far as possible in accordance with Provincial boundaries. This involves an increase of staff.

The Inspector-General of Police has also represented the need of a permanent detachment of armed Police at Serajganj, and an increase in the armed Police reserves at Bogra and Malda.

A scheme for the more efficient safeguarding of Government treasuries has been approved, and provision has been made for an increase in the number of guards employed on this important duty.

As regards the Jails Budget, there are no items of new expenditure costing more than Rs. 5,000 in 1915-16.

The current year's total provision of Rs. 2,50,000 for warder establishment has been retained in the budget. This includes part provision, as in the current year, for the scheme for the revision of the warder establishment, details of which are still under discussion with the Government of India.

In 1915-16, the industry of printing, which was the main industry in the Dacca Calcutta, has ceased, owing to the creation of a new Press in Bihar and the new Press in Calcutta, a new industry had to be started and blanket manufacture was selected for the Dacca Jail. Another reason was that the old blanket manufactory at Bhagalpur had been transferred to the Bihar Province. The new machinery provided for in the current year's budget is being received from England by instalments, and an establishment consisting of a qualified European Deputy Superintendent and Indian Assistants has been appointed. Arrangements have been made to start the factory as soon as possible.

The sanctioned estimate of Rs. 5,00,000 for dietary charges for 1914-15 has been increased, in accordance with the actuals for 1913-14 and the first five months of the current year, to Rs. 6,25,000.

The provision under the head "Superintendents and Jailors" has been reduced in view of anticipated savings in salaries owing to the reversion of officers to military duty."

LIST OF BUSINESS—ITEM No. 8.

The Hon'ble Mr. HORNELL introduced the following heads:—

REVENUE—

XIX.—Education.

EXPENDITURE—

22 — Education.

He said:—

"Sir, I have the honour to introduce the heads of Revenue and Expenditure in the Education Budget for 1915-16.

2. As regards the receipt side I shall merely mention one or two points. The first is an item of Rs. 16,000 against 'fees and fines' in Eastern Bengal Madrasahs. Hitherto the amounts realised under this head were credited to the Mohsin Fund. In future they are to be regarded as departmental receipts. A word of explanation is necessary with regard to the change of procedure. The entire cost of the Dacca, Chittagong and Rajshahi Madrasahs has hitherto been met from the Mohsin Fund supplemented by a contribution

*The Amended Draft Financial Statement.**Mr. Honnell.*

from Provincial Revenues. The income from 'fees and fines' was credited to the Fund. It has been considered expedient to modify the arrangement so as to show 'fees and fines' as departmental receipts and to debit the cost of the maintenance of the three Madrasahs, partly to Provincial Revenues and partly to the Mohsin Fund. The change of procedure which has been given effect to from the beginning of the current financial year will not operate to the disadvantage of the general scope of the Mohsin Fund as at present defined. I may also explain that the new arrangement will facilitate the introduction of a re-arrangement now under consideration whereby the Mohsin Fund will be relieved of all responsibility in connexion with the cost of maintaining Government Madrasahs. The result of this arrangement will be that the whole of the above cost will be defrayed from public revenues, the money now expended for this purpose from the Mohsin Fund being set free for the provision of scholarships for Muhammadan students, for increasing the allotment for free and partially free studentships for Muhammadan pupils and generally for improving the facilities for such pupils, which already exist in, or may hereafter be introduced into, ordinary colleges and schools and in Madrasahs which may adopt the reformed course.

3 The only other item on the revenue side which I need mention in the estimate of Rs. 24,000 for fee receipts against the proposed school. This school will be accommodated, to start with, at Alipore, which has been placed at the disposal of the Government of Bengal for this purpose for a period of five years. The details of the scheme have not yet been finally passed by the Secretary of State, but it has been decided with his consent to start the institution on a modest scale as soon as possible. Sanction has been accorded to the immediate appointment of a European assistant master and four Indian assistant masters, pending the introduction of the full scheme. We hope to be able to secure the services of a suitable European officer who is now available in India, and this officer will open the school and conduct it with the Indian masters, until the full staff has been recruited. Full particulars of the arrangements which it has been decided to make will be published as soon as possible. It is a pity that the introduction of the full scheme has been delayed but the war in Europe has made the recruitment in England of officers for educational work in India very difficult.

4. In turning to the expenditure side of the budget I need not dwell on the conditions which have made it necessary for the Education Department, in common with other departments, to face the new financial year with a restricted budget under certain heads.

5 The total of the charges provided from Provincial Revenues for the year in prospect amounts to Rs. 60,12,000 against a sanctioned provision of Rs. 61,00,000 for the current financial year. The reduction of Rs. 58,000 will fortunately involve no serious complications during the current year. The estimates of expenditure under certain heads are, for example, stipends to students in Guru-training schools and the lump provision for reforming the system of training of primary school teachers in East Bengal, under which heads the reduction referred to has chiefly been effected, are based upon the fulfilment of certain conditions. These conditions have not proved to be capable of easy or immediate fulfilment and the result is that while we provided last year for the expenditure under these heads of a certain amount at a maximum for 1914-15, the grant was not fully taken up and the amounts provided in the budget for 1915-16 are based on a calculation of the actual expenditure for the current financial year. Such additional expenditure as may normally be incurred under the above heads will be adjusted during the financial year 1915-16 with the help of savings which will by a similar process accrue under the recurring Imperial assignments for primary education. This method of adjustment will obviously be impracticable after a time for when the sanctioned schemes are in full working the maximum expenditure under each head in accordance with these schemes will be incurred. While therefore no

*The Amended Draft Financial Statement.**Mr. Hornell.*

difficulty need be anticipated during the coming financial year as a result of the reduction of Rs. 58,000, I would point out that it will ultimately be necessary to provide for the full scale of expenditure involved in the various schemes which have been sanctioned. The general result so far as the Provincial allotment is concerned is that we shall be next year in approximately the same position as we were during the current year. Certain new items of expenditure have been included in the new Budget. These are noticed in the financial statement and do not require explanation.

6. Now for the Imperial assignments all the recurring grants made by the Government of India up to date have been provided in the new budget. I dealt at some length with the distribution of these grants in March last and it is unnecessary for me to do more on the present occasion than say that definite schemes have been drawn up for the utilization of these grants and have already been put into operation. I must here repeat what I have already stated on more than one occasion, namely, that it is not possible to arrange for the full utilization of a recurring grant of this nature in a single operation or in a single year. All large schemes are of necessity progressive and in some cases the grants will not be fully taken up for some years. In the meantime the savings effected in any year until the full development is reached, will be available either for capital expenditure or for the purchase of stamps or for the purchase of stamps on appropriate heads or, as I have just explained in connexion with the reduction of the Provincial allotment by Rs 58,000, for the purpose of adjustment of unforeseen contingencies that may have to be faced owing to retrenchments, etc.

7. Since the submission of the last budget to Council we have received an additional Imperial recurring grant of Rs. 1,50,000 a year for general educational purposes.

This grant has been distributed as follows —

	Rs.
(1) European education ...	15,000
(2) Grants-in-aid to colleges ...	35,000
(3) Muhammadan education ...	84,000
(4) Sanskrit education ...	10,000
(5) Improvement of the office establishment of the Divisional Inspector of Schools ...	6,000
Total ...	1,50,000

8. The position with regard to the Imperial grant for non-recurring expenditure on education requires some explanation. As will be seen from a reference to the table provided at page 19 of the draft financial statement a total sum of Rs. 48,98,000 was provided in the current year's budget under Imperial grants for non-recurring expenditure. Of this sum it was calculated that an amount of Rs. 17,00,000 would be spent during 1914-15. After this estimate was arrived at additional expenditure amounting to about six lakhs was subsequently sanctioned and incurred. The unexpended balance of the non-recurring Imperial grants stands to-day therefore at Rs. 25,88,000. In ordinary circumstances the whole of the unexpended balance would have been regranted, but during the year 1915-16 it has been found practicable to reallocate Rs. 2,00,000 only. This sum, it will be noticed, has been bracketed against three items in the table on page 18 of the draft financial statement, but it will be open to the department to utilise this provision towards meeting expenditure under any of the heads of capital expenditure for which allotments were originally made by the Government of India. The amount available falls far short of requirements. The original assignments have all been earmarked for specific purposes, and the problem for the coming year will be how to utilise the sum of Rs. 8,00,000 to the best possible advantage. There are one or two large schemes which the department is pledged to see through, and these will receive first attention. The balance of the funds then available

*The Amended Draft Financial Statement.**Surgeon-General Harris.*

will be devoted to financing projects already in progress and such minor but urgent projects as require to be taken up without delay. A considerable number of schemes which have matured during the year and for which funds have been provisionally earmarked will have to be postponed for the present. This is disappointing but the circumstances are exceptional and we need not assume that the schemes will have to be abandoned.

9. There are likely to be savings during the next year or so on the recurring Imperial assignments and these will, as far as practicable, be utilised to supplement the funds available for capital expenditure."

LIST OF BUSINESS—ITEM No. 9.

The Hon'ble SURGEON-GENERAL HARRIS introduced the following heads —

REVENUE—

XX—Medical.

EXPENDITURE—

21.—Medical

RECEIPTS.

He said —

"Sir, the estimated receipts of the Medical Department for the current year were originally passed for Rs. 3,97,000, but taking into consideration the actuals of the past 9 months and in view of the transfer of the credit of the sale proceeds of quinine 'treatments' sold through the agency of the Civil Surgeons from the Medical Budget to the Budgets of the Jail and Cinchona Departments, these receipts were fixed in the revised estimate at Rs. 3,75,000. Again allowing for the growing receipts from the Medical College and from the two Government medical schools under the head of schools fees, and also the fees received from paying patients at the large Hospitals, the revised estimates for 1915-16 have been put down at Rs. 3,80,000.

The revised estimate of expenditure for the current year is Rs. 25,54,000 against the budget estimate of Rs. 25,56,228 (excluding sanitation) and shows a small decrease of Rs. 2,228. The decrease is nominal and is due chiefly to the transfer of one lakh to the Public Works Department to meet a portion of the cost of constructing the School of Tropical Medicine and partly to the fact that the allotment of Rs. 50,000 for the purchase of equipment for the school was not utilized and partly to the savings in the salary of district medical officers and the medical officers attached to the Medical College, Calcutta, owing to the deputation of a large number of Indian Medical Service officers to military duty. On the other hand increased charges were incurred under Hospitals and Dispensaries specially under Supplies and Services, and special grants were also made. Rs. 18,000 to the Albert Victor Hospital and Rs. 12,000 to the Eden Sanitarium, Dargeeling, and there were expenses in connection with the introduction of the scheme for the association of independent medical practitioners with Government hospitals. Effect was given to this scheme in the Mayo and Sambhu Nath Pundit Hospitals in the months of June and July last respectively. It involved a recurring expenditure of Rs. 9,470 per annum on account of the paid staff employed to assist the honorary staff and other charges, besides an initial expenditure of Rs. 9,400 for laboratory equipment, instruments, etc.

The estimate for next year amounts to Rs. 23,56,000. It includes Rs. 63,000 for the School of Tropical Medicine, viz., Rs. 13,000 which is the unexpended balance of the Imperial grant and Rs. 50,000 for equipment. When the foundation stone was laid by His Excellency Lord Carmichael last

*The Amended Draft Financial Statement**Surgeon-General Harris; P. N. Mukharji.*

year it was hoped that the school would be opened during the current year, but for reasons which I need not enter into now, I fear that our hopes cannot be realized. Owing to this doubt no provision has at present been made for the staff, etc., of this school. I may say that it has been decided that a Hospital for Tropical Diseases shall be constructed as an adjunct to the school, but as the hospital will be built and maintained out of funds raised by subscriptions, it has not been thought necessary to make any provision for it in this budget.

The unexpended balance amounting to Rs 20,000 out of the grant of one lakh sanctioned by the Imperial Government for medical relief has been provided for expenditure next year.

This budget also includes the provision for two grants-in-aid each of Rs. 10,000 in order to meet the initial charges of two newly constituted bodies. (a) the State Medical Faculty and (b) the Council of Medical Registration.

The appointment of an Indian Medical Service Personal Assistant to Surgeon-General having now been sanctioned by the Secretary of State, the provision for the pay and allowances of this officer has been repeated, but it is not expected that an Indian Medical Service officer will be available until 1915-16, in view of the war. Full provision has also been made for the stamping in connection with the scheme for the association of private medical practitioners with the Mayo and Sambhu Nath Pundit Hospitals.

A sum of Rs 1,000 has again been provided for typewriting machines for a few more Civil Surgeons' offices. Provision has been made for the purchase of an Epidiascope for the Medical College at a cost of Rs 1,500. The provision on account of Municipal taxes on medical buildings has been reduced in view of the fact that the owner's share will now be paid by the Public Works Department and met from that budget. Increased grants have been provided on account of supplies and services of the Medical College Hospital and a sum of Rs. 200 on account of the revision of the establishment of that institution.

To meet the growing needs of the times it has been considered advisable to appoint three anaesthetists to the Medical College Hospital, and provision for their pay at Rs. 100 each per mensem has been made.

The budget also includes provision of Rs 1,000 and Rs. 2,052 to meet the cost of the revision of the establishments of the Presidency General Hospital and Medical College respectively, which has already been sanctioned. Finally provision has also been made (a) for the training of nurses, and (b) for expenditure in connection with the Serological Laboratory at the Medical College. A sum of Rs 15,000 has been provided in the former case, and Rs 35,000 in the case of the Serological Laboratory."

LIST OF BUSINESS—ITEM No. 10

The Hon'ble RAI PRINIA NATH MUKHARJI BAHADUR introduced the following heads —

REVENUE—

11.—Registration

EXPENDITURE—

12.—Registration

He said .—

"Sir, I have the honour to introduce the estimates of Revenue and Expenditure relating to the Registration Department.

*The Amended Draft Financial Statement**P. N. Mukharji; Mr. Samman.*

The receipts for next year are estimated at Rs. 19,00,000 against the sanctioned estimate of Rs. 20,50,000 in the current year. Owing to the slackness in the jute trade due to war conditions, the income of the department has declined since August last, and the revised estimate for the current year has been placed at Rs. 18,00,000. The estimate for next year allows for the normal increase of one lakh over this reduced figure. This is one of the earning departments of Government which has been affected by the war. This is shown in paragraph 20, page 12 of the Financial Statement.

On the expenditure side we have provided for Rs. 11,23,000. The sanctioned provision for the present year was Rs. 11,99,000. The revised estimate is Rs. 11,51,000. This decrease is due to several causes. The Registrar of Joint Stock Companies and his establishment have been transferred from this department on the appointment of a separate whole-time Registrar. Formerly, the work was done by the Registrar of Assurances, Calcutta, who was an officer of the department. There was also a provision for improving the salaries of District Sub-Registrars and of the establishment of district headquarters offices which had to be kept back owing to the outbreak of war. We have had to hold up schemes for the improvement of the cadre of Sub-Registrars and District Sub-Registrar. The appointment of an additional fourth Inspector of Registrations have been generally approved, but which cannot be put in the budget. Proposals for the much-needed revision of establishment of district and mufassal offices have been worked out, but for obvious reasons effect cannot be given to them so long as the present conditions last. In this respect, the Registration Department has been badly hit, as several very useful schemes which have been matured with considerable trouble and care and which would have benefited the department very materially, have had to be postponed until normal conditions return.

It will be seen that whereas the receipts are estimated at 19 lakhs the expenditure is about 11½ lakhs which is 59 per cent of the receipts. This department, therefore, gives the State a considerable surplus."

LIST OF BUSINESS—ITEM No. 10 A.

The Hon'ble Mr. SAMMAN introduced the following head —

EXPENDITURE.—**24.—Sanitation.**

He said —

"Sir, I beg leave to introduce the consideration of the figures in the revised Financial Statement for 1915-16 which relate to the Sanitation Department."

These figures will be found on pages 56 and 57. Under the head "Sanitation and Vaccination" the estimate for 1915-16 has been placed at Rs. 3,07,000, against Rs. 3,93,000, the sanctioned estimate for the current year, and Rs. 4,19,000, the revised estimate.

The decrease is chiefly under salaries and contingencies.

(a) *Salaries* — A lump deduction of Rs. 20,000 has been made as some of the Deputy Sanitary Commissioners have returned to military duty and no officers have yet been taken in their places.

(b) *Contingencies (Rs. 50,000)*.—In 1912 the Governing Body of the Indian Research Fund Association made a grant of Rs. 50,000 for jungle clearing in Bengal as a measure against malaria. Since then this amount has

*The Amended Draft Financial Statement.**Mr Samman; Mr. Beatson Bell.*

been provided in the Budget every year, but not spent. The Provincial Malaria Committee found it impossible to formulate a definite scheme of jungle-cutting on practical lines and suggested that the grant might be more profitably used on subsoil drainage. Two schemes for subsoil drainage were drawn up and the matter was referred to the Government of India, who declined to sanction the diversion of the grant to another purpose and asked for the return of the money. The sum of Rs. 50,000 was accordingly replaced at the disposal of the Indian Research Fund Association, and no such provision has been made in the next year.

The lump grants for recurring and non-recurring expenditure are shown

Rs	
18,82,772	for non-recurring
9,50,000	for recurring
28,32,772	
10,00,000	lump deduction
18,32,772	

on page 57. The total for the current year, after making a lump deduction of ten lakhs, amounts to Rs 18,32,772. The whole of this will not be utilised before the 31st March. The principal items which have already been sanctioned or will probably be sanctioned during the current year from these grants are shown in paragraph 63 on page 23 of the statement. As explained in para-

graph 5 the only provision that has been made for expenditure in 1915-16 is a sum of Rs. 9,50,000 for recurring expenditure. Information is desired on any point I shall be very happy to supply it.

LIST OF BUSINESS—ITEM No. 11.

The Hon'ble MR. BEATSON BELL introduced the following heads —

REVENUE—

XXIII—Stationery and Printing.

EXPENDITURE—

30—Stationery and Printing.

He said —

"Sir, I have not much to say in connection with this head. The revised estimate of receipts shows an increase of Rs. 36,000 which is due to the sale of waste-paper and unserviceable materials from the Dacca Jail Press which has been abolished. The serviceable materials have been sold to the Government of Bihar and Orissa for opening a Jail Press of their own at Gaya which has been adjusted by *minus* entry on the expenditure side. The receipt budget for next year is Rs. 1,32,000 against Rs. 1,37,862—the actuals of 1913-14—and calls for no particular remarks. On the expenditure side the revised estimate shows a decrease of Rs. 88,000 which has been fully explained in paragraph 57 of the Amended Draft Financial Statement and I have nothing further to add. The budget for next year amounts to Rs. 13,87,000 and provision has been made according to actual requirements. No provision has been made for the Dacca Jail Press while the cost of the Forms Department has now been amalgamated with the Presidency Jail Press.

As explained before in the Council, the Secretariat Press was hopelessly congested, but some accommodation in the Military Accounts Department Buildings in Kolar Street having been available, a portion of the Press has been removed there and we have been able to give more space to the confidential section, the establishment of which will now be revised. A lump provision of Rs. 6,000 has been made for this purpose."

*The Amended Draft Financial Statement**Mr. Cowley***LIST OF BUSINESS—ITEM No. 12.**

The Hon'ble Mr COWLEY introduced the following heads —

REVENUE—

XVIII—Ports and Pilotage

EXPENDITURE—

21—Ports and Pilotage

REVENUE—

XXIX—Irrigation—Major Works

EXPENDITURE—

42—Irrigation—Major Works—Working Expenses

REVENUE—

XXX—Irrigation—Minor Works and Navigation

EXPENDITURE—

43—Irrigation—Minor Works and Navigation

He said —

“Sir, the only noticeable matter in connection with the figures under Ports and Pilotage is the decrease during the current year on both the receipt and expenditure sides of the estimates for pilotage charges. This is due to a falling off in the number of vessels entering and leaving the Calcutta Port in consequence of the partial suspension of trade caused by the war

As regards the Budget for the next year, it allows for normal expenditure, and the receipts have been framed in view of the adverse trade conditions

Coming now to the heads of the budget entitled XXIX—Receipts—Irrigation—Major Works and 42—Expenditure—Irrigation—Minor Works and Navigation, XXX—Receipts and 43—Expenditure, the Major Works with which we have to deal in this Presidency, as at present constituted, are the Midnapore and Hooghly Tidal Canals. The latter is for navigation only, while the former provides for both irrigation and navigation. There has been a reduction in the navigation receipts from these canals, specially in the latter, due partly to the closure of the canal for silt-clearance and partly to the effects of the severe floods of the year 1913. The navigation receipts from these canals have also generally suffered from railway competition

As the work of clearing silt out of the locked reaches taken up last year was nearly completed in that year, there has been no increase in the expenditure of the year 1914-15 and none is anticipated during 1915-16. As considerable expenditure is incurred every year on clearance of silt from portions of these canals, it would be more economical to carry out such work by a dredger instead of by hand-labour as at present. It is hoped that it will be possible to purchase a suitable dredger for this purpose when the war is over.

I now turn to the heading ‘Minor Works and Navigation,’ which is more important in its effect upon Provincial Revenues. The chief sources of revenue under this head are the tolls received from navigation on the Calcutta Canals, the Sundarbans route and the Madaripur Bhil route, which together form the navigable route for boats and inland steamers between Calcutta and Eastern Bengal. The receipts from these sources are estimated at Rs. 4,07,000 out of the total estimated receipts of Rs. 5,24,000 against the

W. Cowley, Mr Cumming.

There has been a considerable increase in the revised estimate of expenditure under 'Minor Works and Navigation' for the current year, as compared with the budget. This is due to a special provision of Rs 6,00,000 for purchasing dredging plant for the maintenance and improvement of the inland waterways of the Presidency.

The clearing of the bed of the Saraswati river in connection with the Rajapur drainage works, for which Rs. 60,000 was provided for expenditure during the current year, has not as yet been taken up, as, owing to the present financial contingency, funds for the completion of the work are not at present available. The work in connection with dredging the Angaria Creek on the Sunderbans route is nearing completion while that for dredging the Puthmarri Channel on the existing steamer route between Calcutta and Barisal has been postponed pending a final decision on the Grand Trunk Canal project of which it will form a part. Fair progress has been made on the construction of the second supply sluice and connected works, Eden Canal, for which Rs. 20,000 has been provided in the coming year. The Ganges from Digha to Rajmahal being now in the Province of Bihar and Orissa, a proportionate sum out of the provision of Rs. 35,000 made for the Ganges Training Works will have to be transferred to that Government during 1915-16. This arrangement will continue during the currency of the existing financial settlement. Provision has been made as usual for carrying out training works during 1915-16 in the Dhalaswari and Buriganga rivers to facilitate navigation and to improve the water-supply of the town of Dacca. The protective revetments on the river-side slope of the Hooghly left embankment at Diamond Harbour were very badly damaged by the storm of 24th July 1913, and, as advised by the Inspector-General of Irrigation, further protective works in the form of a concrete mattress are being carried out. It is expected that the work, as taken up, will be completed by 31st March 1916."

The Hon'ble Mr. CUMMING introduced the following heads :—

XXXI—Civil Works in charge of Civil Officers.

45. Civil Works in charge of Civil Officers.

*The Amended Draft Financial Statement**Mr. Cumming; Mr. Green.*

He said.—

“Sir, on the receipt side, the income is Rs 1,57,000, and it calls for no remark.

On the expenditure side, the items are principally divided between District Boards, Municipalities and the Calcutta Improvement Trust. The details will be found at page 23 of the Amended Draft Financial Statement, and I need not go into further details. There is, however, one head to which I might draw attention and that is a recurring grant of one lakh which has been given for five years to Divisional Commissioners and another grant of Rs 52,000 which has been given for two years to District Magistrates. I need hardly say that these grants are much appreciated and are wisely made.

No other items call for any remark.”

LIST OF BUSINESS—ITEM No. 14.

The Hon'ble Mr GREEN introduced the following budget.—

REVENUE—

XXXI—Civil Works in charge of the Public Works Department

EXPENDITURE—

45—Civil Works in charge of the Public Works Department

He said.—

“Sir, I have to introduce for the consideration of the Council the Budget for *Civil Works in charge of the Public Works Department*.

There is an increase of Rs 85,000 in the receipt side of the revised budget for the current year which is principally due to larger realization of rent on Government buildings and larger receipts on account of the sale proceeds of old Government buildings.

For next year (1915-16) receipts have been estimated at Rs 1,25,000 i.e., Rs 45,000 less than the anticipated receipts for the current year. This decrease is due to the estimated receipts on account of sale of Government buildings next year being less than those in the present year.

On the expenditure side, under original works, in the Revised Estimate, there is a decrease of Rs. 3,73,000 which is principally due to the expectation that the full grant for several works in connection with buildings and communications, chiefly those for road improvement in the Duars, will not be fully utilized during the year.

Under Repairs the increase of Rs 1,12,000 in the Revised Estimate is mainly due to extra grants, given this year, for advance collection of metal for next year's road maintenance, additional grants given to supplement insufficient budget grants for certain roads in the Central Circle, chiefly for the Grand Trunk Road, and the provision of extra grants for special repairs to the Tista Valley Road in the Darjeeling district.

The increase of Rs. 93,000 in establishment in the revised estimate is partly due to additional grants given to meet the cost of establishment under the Sanitary Engineer and of additional establishment required during the end of the year in connection with the Dacca University buildings, and partly owing to insufficient provision having been made in the current year's budget for establishment in general.

G

*The Amended Draft Financial Statement**Mr. Green*

The increase of Rs 19,000 in Tools and Plant is due to the purchase of elephants, steam-rollers, etc., in connection with the improvement of the Duars roads.

The anticipated expenditure of Rs 90,000 under stock represents the increase in the value of stock over last year's closing balance. This is mainly due to the manufacture of bricks for the Dacca University buildings and buildings in other parts of the Province.

The grant for expenditure during the coming year has been fixed at Rs 64,88,000 against Rs 89,00,000, the revised estimate for the current year. From this we have first to meet our recurrent expenditure on Establishment, Tools and Plant, and Repairs, and to make adequate provision for carrying on original works in progress.

For Establishment we have provided Rs 13,50,000 against Rs 12,40,000, the revised estimate for 1914-15. The increase is principally due to the fact that, it is estimated the Imperial contribution of 21½ per cent on works to be executed for the Government of India, during the coming year, will be less by Rs 63,000 than in the current year. Rupees 35,000 has also been provided for the cost of establishment required in connection with the Dacca University buildings for the full year. The balance of the increase has been provided to meet demands for temporary establishment which may arise during the year.

For Tools and Plant only Rs 50,000 is provided against Rs. 89,000, the revised estimate for the current year, as owing to the reduction in the probable expenditure on original works, it is estimated that the expenditure on Tools and Plant will also be much less.

The amount provided for repairs is Rs 22,00,000 against Rs 22,95,000, the revised estimate for the current year. The grant of Rs 22,00,000 has been fixed at the lowest sum possible in order to provide adequately for carrying on, during the coming year, works which are now in progress.

A provision of Rs 24,63,900 has been made to complete the works which will be in progress on 31st March 1915, and on which expenditure has been incurred during the current year.

This leaves a sum of only Rs. 1,24,100 available for works not yet commenced. Of this a sum of Rs 3,00,000 has been set aside for Minor Works, each costing Rs 5,000 and less, and in the case of the Education Department Rs. 10,000 and less, and Rs 1,24,100 as a reserve under communications, to meet among other things certain liabilities incurred on works on which no expenditure has been incurred during the current year.

This leaves nothing for new Major Works.

The Minor Works grant of Rs 3,00,000 includes Rs 2,54,000 to be placed at the disposal of Commissioners of Divisions and Heads of Departments thus :—

			Rs
Education Department	56,000
Medical	38,000
Registration	12,000
Police (Mufassal)	38,000
Police (Calcutta)	12,000
Jails	30,000
Excise	8,000
Commissioners of Divisions	60,000

and Rs. 46,000 for the following purposes :—

Courts of Law	8,000
Residences of Local Government	20,000
P. W. Reserve	18,000

*The Amended Draft Financial Statement.**Mr. Beatson Bell.***LIST OF BUSINESS-ITEM No. 15.**

The Hon'ble MR. BEATSON BELL introduced the following heads.—

REVENUE—**XII—Interest.****EXPENDITURE—****1—Refunds and Drawbacks****REVENUE—****XXII—Receipts in aid of Superannuation.****EXPENDITURE—****29—Superannuation.****REVENUE—****XXV—Miscellaneous.****EXPENDITURE—****32—Miscellaneous.**

He said —

“ Sir, I have now come to the last batch of Budget heads.

As explained in Council in past years the Interest budget represents for the most part the loan transactions of the Local Government. We borrow money from the Imperial Government at $3\frac{1}{2}$ per cent. calculated on the mean outstanding balance and re-lend it under the Land Improvement and Agriculturists Loans Act to Co-operative Societies, on drainage and embankment advances, to land-holders, etc. and to local bodies, such as Municipalities and District Boards (excluding Presidency Corporations). The receipts comprise the interest which we receive. The increase under the head is due to the provision for larger advances to Municipalities for works of sanitary improvements. The estimates for 1915-16 and the revised estimates are shown in paragraph 21 of the Amended Draft Financial Statement.

Refunds and Drawbacks occur in the different departments. We budget on the basis of the average actuals of the past three years excluding special payments. The details are shown in page 29 of the Financial Statement.

In the Superannuation budget the receipts represent the contributions of officers lent to foreign service or employed for the management of private estates and deductions for Pilotage Pension Funds. The charges are pensions and gratuities actually disbursed. The charges under this head tend to rise year after year owing to increase in the number of claims to pensions. A provision of two lakhs has been made to meet charges for the commutation of pensions against Rs. 1,50,000 provided in the revised estimates for the current year.

The Miscellaneous budget comprises several small items. The detailed figures under receipts are shown in pages 35-36 of the Financial Statement. The revised estimate of receipts is Rs. 6,89,000 against Rs. 5,92,000, the budget estimate, or an increase of Rs. 97,000. The increase is chiefly under the head ‘Unclaimed Deposits,’ the estimate for which has been raised from Rs. 4,80,000 to Rs. 5,55,000. The rest of the increase is under ‘Fees’ for Government audits on account of realisation of arrears in Miscellaneous Fees, Recoveries of Law Charges and other small items. The budget for next year is Rs. 6,90,000 which includes Rs. 5,80,000 for unclaimed deposits based

*The Amended Draft Financial Statement.**Mr. Beatson Bell; Shams-ul-Huda.*

on the average of three years ending 1913-14. The other items are based on past actuals and do not call for any remarks.

On the expenditure side the detailed figures are shown in pages 61-62 of the Financial Statement. The revised estimate shows a nominal saving of Rs. 6,33,000 which is mainly due to the adjustment under appropriate heads of charges for grain compensation allowance, for which 4 lakhs was provided in the budget, and of grants sanctioned by His Excellency from his allotment of one lakh for petty grants, also to the reappropriation of the reserve provision of $1\frac{1}{2}$ lakhs in order to meet charges under other heads; and finally to savings in the provision of Rs. 50,000 for gratuitous relief in flooded districts. Against these transfers and adjustments additional charges were incurred on the following accounts: first, donations for charitable purposes under which special grants were given to the Calcutta Orphanage for extension, to the District Charitable Society for the construction of a female vagrant ward within the compound of the Government Alms House and to the Salvation Army; secondly, there were additional charges for the Port Development Committee and the District Administration Committee; thirdly, compensation was paid to the Assistants of the Eastern Bengal and Assam Secretariat for exemption of lands and houses taken up by Government at Dacca.

The budget for next year is Rs. 10,60,000. This includes Rs. 1,70,000, 1915-16, the budget for the current year, for donations for charitable purposes, year provision of Rs. 20,000 for any unforeseen special Commissions of Enquiry, increased provision of Rs. 10,000 for guarantee for new telegraph lines urgently wanted for the Police Department, the usual allotment of one lakh for petty grants by His Excellency, $1\frac{1}{2}$ lakhs as general reserve which we usually keep to meet unforeseen demands, as it is impossible to work without such a reserve, past experience having shown that demands will arise which we cannot now foretell, half a lakh for gratuitous relief and 4 lakhs for the grant of grain compensation allowance to the menials of all the departments. The question of raising the pay of menials both in Calcutta and in the mufassal is still under consideration, and it is hoped that the scheme will be submitted to the Government of India before long."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said —

"Gentlemen, before we adjourn I think that it is necessary to remind Hon'ble Members that resolutions on the Financial Statement must reach the Secretary to the Council not later than 11 A.M. on Monday, the 8th March. This has already been intimated to Hon'ble Members by the Secretary in a circular dated the 11th February. I desire also to remind Hon'ble Members that, last year, in response to a representation made to him, His Excellency gave Hon'ble Members an assurance that, so far as was possible, copies of the speeches introducing the various 'Heads' of the Amended Draft Financial Statement would be furnished to Hon'ble Members on the date of delivery. Out of the 14 speeches made to-day, 10 have already been printed up and are now obtainable from the Secretary, to whom application for the same shall be made."

ADJOURNMENT.

The Council was then adjourned to Saturday, the 13th March, 1915, at 11 A.M.

A. W. WATSON.

*Secy. to the Govt of Bengal and
Secy. to the Bengal Legislative Council.*

CALCUTTA;
The 17th March, 1915.

Abstract of the Proceedings of the Bengal Legislative Council assembled under the provisions of the Indian Councils Acts, 1861, 1892 and 1909, and the Government of India Act 1912.

THE Council met in the Council Chamber in Government House on Saturday, the 13th March, 1915, at 11 A.M.

Present :

HIS Excellency the Right Hon'ble THOMAS DAVID, BARON CARMICHAEL OF SKIRLING, G.C.I.E., K.C.M.G., Governor of the Presidency of Fort William in Bengal, *presiding*

*Questions and Answers**Nawab Saiyid H. H. Chaudhuri* Mr. Cumming; Mr. Kerr**LIST OF BUSINESS—ITEM No. 1.****STARRED QUESTIONS.**

By the Hon'ble NAWAB SAIYID HOSSAM HAIDER CHAUDHURI,
KHAN BAHADUR —

*1 Will the Government be pleased to state whether they have at present under consideration the proposal to transfer to another site the headquarters station of the Noakhali district owing to the continuous erosion by the river of Noakhali town? Transfer of head quart station of Noakhali distri

The Hon'ble MR CUMMING replied —

" Government are keeping in view the possibility that, owing to the effects of the erosion by the river Mahana, it may be necessary to transfer the existing town of Noakhali. The effects of the erosion are being observed and Government receive periodical reports. As a matter of precaution, Government are obtaining information regarding possible sites for a new headquarters, in case it should be necessary to vacate Noakhali, but no definite proposal is under consideration, and Government have an open mind on the question "

By the Hon'ble NAWAB SAIYID HOSSAM HAIDER CHAUDHURI,
KHAN BAHADUR —

*2 (a) Will the Government be pleased to state whether it is a fact that scarcity of food-grains prevails in some of the districts of the Presidency, notably in the districts of Dacca and Bakarganj? Scarcity of grains in districts.

(b) If so, to what is this scarcity due and what steps are the Government taking to relieve the consequent distress?

The Hon'ble MR KERR replied --

" Government are not aware that scarcity of food-grains prevails in any of the districts in this Presidency. The want of rain in September and October seriously affected the winter rice crop in several districts, and the outturn for the province as a whole is estimated at 72 per cent of the normal. The price of common rice in most districts (including Dacca and Bakarganj), is, however, less than it was at this period last year. The prices of wheat, dal, and the cheaper food-grains are somewhat higher than last year, but have nowhere reached a pitch indicating any scarcity. The situation is being carefully watched, but there are at present no signs of distress calling for intervention on the part of Government "

By the Hon'ble NAWAB SAIYID HOSSAM HAIDER CHAUDHURI,
KHAN BAHADUR. —

*3. (a) Will the Government be pleased to state whether the rules and orders governing the Education Department are identical in both Eastern and Western Bengal? Uniformity of the rules and orders of the Education Department Eastern and Western Bengal.

(b) If not, in what do they principally differ?

Questions and Answers.

Mr. Samman; Maharaja of Nashipur.

(c) If the answer to clause (a) of the question be in the negative, will the Government be pleased to state whether the existing differences are to remain, or whether (and if so, when) the said rules and orders are to be made uniform throughout the Presidency?

The Hon'ble Mr SAMMAN replied —

(a) "The rules are identical in most matters of importance, but differ in many points of detail"

(b) The chief sets of rules which contain points of difference in the two parts of the Province are those governing curricula, the distribution of scholarships and grants in aid, the powers of the Director of Public Instruction and his subordinate officers and the prescription of text-books

(c) It has been decided to co-ordinate the rules relating to most, but not all, of these matters, and the work of co-ordination is well in hand, though it cannot be completed when the final assimilation of the rules will be completed"

By the year 10 MAHARAJA RANAJIT SINHA of Nashipur —

ear marking
portion of the
Public Works cess
for sanitary
purposes

*1 Are the Government earmarking any proportion of the grant of the Public Works cess to the District Boards for sanitary purposes during the next year?

The Hon'ble Mr SAMMAN replied —

"The answer is in the negative"

UNSTARRED QUESTIONS.

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur —

amount spent
sanitation from
Public Works cess

I.—Will the Government be pleased to furnish a statement showing the amount spent by each District Board for sanitation out of the assignment from Public Works cess?

The following reply by the Hon'ble Mr. SAMMAN was laid on the table —

"District Boards were not asked to keep any separate account of expenditure out of the grants made to them on the surrender of the Public Works Cess. The total amount expended by each District Board in 1913-14 on account of sanitation, exclusive of vaccination charges, is shown in the statement appended. Figures for the current year are not yet available."

*Questions and Answers.**Mr. Samman.*

*Questions and Answers.**Maharaja of Nashipur ; Mr. Samman.*

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur .—

Expenditure on
itary purposes
rural and urban
as.

II.—Will the Government be pleased to furnish a detailed statement of the amount spent on sanitary purposes both in rural and urban areas during the current financial year?

The following reply by the Hon'ble Mr SAMMAN was laid on the table:—

“ Figures for the current financial year are not yet available They will be compiled as soon as possible after the year has closed ”

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur —

The Hare and Hindu Schools

III.—(a) Will the Government be pleased to lay on the table a statement giving the names of the teachers of the Hare and Hindu Schools and the monthly salaries they draw?
B. the Government be pleased to state the annual income of the aforesaid two institutions and the expenditure incurred for their maintenance?

The following reply by the Hon'ble Mr SAMMAN was laid on the table:—

“(a) Two statements are laid on the table.

(b) The income and expenditure of these schools since 1911-12 have been as follows —

<i>Hare School</i>			
Year	Income		Expenditure
	Rs		Rs.
1911-12	25,453	..	24,117
1912-13	27,612	..	22,991
1913-14	29,101	..	23,090
<i>Hindu School.</i>			
1911-12	28,830	...	23,961
1912-13	30,282	...	24,635
1913-14	28,961	...	23,904

The figures for expenditure are exclusive of pensionary charges and the cost incurred on the maintenance and repair of the school buildings ”

Statement referred to in the Answer by the Hon'ble Mr. Samman to Question No. III (unstarred) asked by the Hon'ble Maharaja Ranajit Sinha of Nashipur at the Council meeting of the 13th March, 1915.

*The Revised Financial Statement.**Mr. Beatson Bell.*

THE REVISED FINANCIAL STATEMENT.

LIST OF BUSINESS—ITEM No. 2.

The Hon'ble Mr. BEATSON BELL presented the Revised Financial Statement for Bengal for 1915-16.

He said :—

"My Lord, I beg to lay on the table the Revised Financial Statement for the year 1915-16. I have very little to say on the subject, the memorandum has already been circulated to Hon'ble Members, and they are all familiar with its contents. As regards the receipts for the current year, there is a slight alteration in the estimate for stamps, and the provincial share will now amount to Rs. 101 lakhs. The other item of interest is one with which all are familiar, namely, the fact that His Excellency the Viceroy at the Convocation the other day made a grant of Rs. 10 lakhs for hostels in Calcutta. This appears as an item of receipt in the current year, and an item of expenditure in the year to come.

There are no other items to which I need draw attention."

REVISED FINANCIAL STATEMENT, BENGAL, 1915-16.**FINANCIAL DEPARTMENT.****FINANCE.**

Calcutta, the 12th March 1915.

MEMORANDUM.

IN accordance with Rule 14 (1) and (2) of the Bengal Legislative (Financial Statement) Rules, 1912, published with Notification No. 4482 F, dated the 10th December 1912, the following memorandum is circulated indicating the alterations in the figures which have been made since the circulation of the Amended Draft Financial Statement Bengal, for 1915-16, on the 4th instant.

2 The following changes have been made under the orders of the Government of India --

REVISED ESTIMATE, 1914-15.**RECEIPTS.**

IV—Stamps.—The revised estimate has been raised by two lakhs from Rs. 2,00,00,000 to Rs. 2,02,00,000. The Provincial share amounts to Rs. 1,01,00,000.

6

The Revised Financial Statement

Transfers between Imperial and Provincial Revenues.—The Government of India have sanctioned a non-recurring assignment of ten lakhs for a grant to the Calcutta University for constructing hostels. This has raised the estimate of receipts under this major head from Rs. 58,59,000 to Rs. 68,59,000. The estimate of total receipts now stands at Rs. 6,20,06,000.

CHARGES.

22—Education.—Raised by Rs. 1,50,000 with reference to later actuals which include payment of arrear increase of pay to officers of the Education Department recently sanctioned with retrospective effect.

45—Civil Works in charge of Public Works Department.—Raised by Rs. 3 lakhs to provide for the grants sanctioned to the Public Works Department to meet the cost of land acquisition for the David Hare Training College at Ballygunge and the Bothune College, Calcutta.

The estimate of total expenditure has been raised from Rs. 6,52,36,000 to Rs. 6,56,86,000, and the closing balance has been raised from Rs. 2,74,81,000 to Rs. 2,81,31,000.

BUDGET, 1915-16.

CHARGES

A provision of ten lakhs has been made under *22—Education* for a grant to the Calcutta University for constructing hostels sanctioned by the Government of India as stated above.

The total charges for 1915-16 will now be raised from Rs. 6,48,29,000 to Rs. 6,58,29,000, and the closing balance will be reduced to Rs. 2,41,09,000, thus :—

		Revised estimate, 1914-15	Budget, 1915-16
		Rs.	Rs.
Opening balance	..	3,18,11,000	2,81,31,000
Receipts	6,20,06,000	6,18,07,000
Total	...	9,38,17,000	8,99,38,000
Charges	6,56,86,000	6,58,29,000
Closing balance	...	2,81,31,000	2,41,09,000

Copies of the revised Financial Statement are circulated herewith.

N. D. BEATSON BELL.

REVISED FINANCIAL STATEMENT, BENGAL, 1915-16.**PART I.—General Review.****(1) ACCOUNTS FOR 1913-14.**

WHEN the revised estimate for 1913-14 was laid before the Council on the 26th March 1914, the receipts of the year were estimated at Rs. 6,16,70,000 and the charges at Rs. 6,25,70,000, while the anticipated closing balance was Rs. 3,04,30,000. The accounts of the year, which have now been finally closed, show that the actual receipts amounted to Rs. 6,21,41,472 and the charges to Rs. 6,16,60,630, while the closing balance was Rs. 3,18,11,112. The receipts were therefore better by Rs. 4,71,472, this improvement having occurred chiefly under Stamps (Rs. 1,55,416), owing to larger duty on probate and letters of administration and to settlement proceedings, Excise (Rs. 1,88,578), attributed to the prosperous conditions of the year, Assessed Taxes (Rs. 68,958), caused by the favourable trade conditions of 1912-13 which swelled the profits of the coal and jute companies, Registration (Rs. 16,144), due to the favourable economic conditions of the year leading to a more rapid extension in the demand for registration, Ports and Pilotage (Rs. 36,604), chiefly under Pilotage fees, the revised estimate of which was underestimated, Miscellaneous (Rs. 90,760), partly contributed by larger lapse of unclaimed deposits than had been anticipated and partly by special recoveries on account of service payments of previous years. The actual charges were less by Rs. 9,09,370, mainly under Education (Rs. 3,97,185) and Medical (Rs. 49,541) chiefly owing to non-utilization of the Imperial grants for education and sanitation, respectively, to the extent anticipated in January Stationery and Printing (Rs. 53,594), due to smaller consumption of stationery; Miscellaneous (Rs. 1,28,582), for smaller expenditure in gratuitous relief in flooded areas, Civil Works in charge of Public Works Department (Rs. 1,55,615), due to savings in the grants for original works, to the reduction of stock and recovery of amounts advanced to contractors for manufacture of bricks, and lastly under Civil Works in charge of the Civil Department (Rs. 2,55,737), owing to smaller grants to municipalities for expenditure on sanitation.

(2) REVISED ESTIMATE, 1914-15.

2 The revised estimate for 1914-15 as now passed, on the basis of the actuals of the first nine, and in some cases ten, months of the current year is compared below with the sanctioned estimate for the year —

	Sanctioned estimate.	Revised estimate	Better (+) or worse (-) Rs.
	Rs.	Rs.	Rs.
Opening balance ...	3,04,30,000	3,18,11,000	+13,81,000
Revenue receipts ...	5,72,11,000	5,51,47,000	- 20,64,000
Transfers between Imperial and Provincial Revenues ..	+57,84,000	+68,59,000	+10,75,000
Total receipts ...	6,29,95,000	6,20,06,000	- 9,89,000
Grand Total ...	9,34,25,000	9,38,17,000	+3,92,000
Total expenditure ...	7,35,93,000	6,56,86,000	+79,07,000
Closing balance ...	1,98,32,000	2,81,31,000	+82,99,000

3. The increase under Transfers between Imperial and Provincial Revenues is due to the following additional assignments from Imperial Revenues.—

	Rs.
Assignment for provincialization of salaries of Civil Veterinary Department ..	+29,000
Assignment for non-realization of small recovery claims of freights, etc., on stores from England in the office of the Agent Government Consignments ..	+6,000
Additional assignment for Lieutenant-Colonel Sutherland's deputation to serological enquiry ..	+10,000
Assignment for purchase of copies of Indian Household Reference Chart and Indian Household Emergency Chart... ..	+2,000
Further non-recurring grant for Dacca University ..	+1,00,000
Smaller assignment for cost of forms for Bihar and Orissa Government (Rs 2,15,000 against Rs 2,32,000) ..	- 17,000
Smaller assignment for cost of forms for Assam Administration (Rs 94,000 against Rs 1,29,000) ..	- 35,000
No recovery from Bihar Government in connection with fishery experiments, against Rs 11,000 originally proposed ..	- 11,000
Transfer from Provincial to Imperial Revenues for net gain for premises No 9, Hare Street made over to Provincial Government for management ..	- 9,000
Assignment for grant to the Calcutta University for hostels ..	+10,00,000
	<u>+10,75,000</u>

4. The decrease of revenue is the net result of decreases under some heads and increase under others. The decreases aggregate Rs. 29,66,000 and are chiefly under the following heads.—

Land Revenue—(Rs. 6,81,000), due to smaller collections owing to the slackness of jute trade and non-realization of the anticipated collections of suspensions of 1913-14.

Stamps—(Rs. 10,50,000), caused by dislocation of business and trade caused by the war.

Excise—(Rs. 3,00,000), attributed to the present crisis which has affected consumption.

Forests—(Rs. 2,90,000), caused by smaller sales of timber owing to difficulty experienced in financing the timber trade.

Registration—(Rs. 2,50,000), due to the decrease in the number of registrations.

Courts of Law—(Rs. 33,000), due to smaller fines in magisterial courts and smaller recoveries of court-fees realized in cash.

Ports and Pilotage—(Rs. 1,91,000), due to dislocation of trade caused by the war.

Education—(Rs. 50,000) the budget was fixed rather high.

Irrigation—Minor Works and Navigation in charge of the Public Works Department—(Rs. 13,000), due to stoppage of jute traffic in the Calcutta and Eastern Canals and to the silting up of the Manikdah Entrance Channel and consequent blockage of traffic in the Madaripur Bhul route and to remission of water rates in the Eden Canal.

The increase, on the other hand, amounts to Rs. 9,02,000, and is mainly under the following heads.—

Assessed Taxes—(Rs. 4,00,000), attributed to the favourable trade conditions of 1913-14 which swelled the profits of some of the coal and jute companies and many banks.

Scientific and Miscellaneous Departments—(Rs. 2,13,000), caused by larger sale of quinine and to the credit here of $\frac{1}{4}$ of the sale-proceeds of quinine treatments.

Stationery and Printing—(Rs. 36,000), due to the sale of waste-paper and unserviceable materials from the Dacca Jail Press on its removal to Gaya.

Miscellaneous—(Rs. 97,000), due chiefly to larger anticipated lapse of deposits.

Civil Works in charge of the Public Works Department—(Rs. 85,000), due to larger collections of rent on Government buildings and larger proceeds from sale of Government buildings.

5. On the expenditure side the revised estimate shows a total decrease of Rs. 97,69,000, and is chiefly under the following heads—

Stamps—(Rs. 1,00,000), due to reduction in the price charged by contractors for the supply of stamp paper and also to smaller payment of discount for smaller sales.

Excise—(Rs. 1,36,000), due to savings in the lump grants for reorganization of the department and for the construction of steam-launches

Forests—(Rs. 43,000), due to lapse of the provision for new boilers for the steam-launches *Hawk* and *Helen Grey* of the Sundarbans Division and savings in the grant for stores, communications and improvements as well as under salaries.

Registration—(Rs. 18,000), due to lapse of the provision for reorganization of establishment of District offices and revision of the cadre of District Sub-Registrars

Police—(Rs. 5,18,000), due to savings in the grant for maintaining charges for River police and reorganization of the Eastern Bengal District Police.

Ports and Pilotage—(Rs. 1,65,000), due to smaller payments to pilots owing to the partial suspension of trade and to non-payment of Rs. 75,000 provided provisionally for the purchase of a grab dredger at Chittagong

Education—(Rs. 60,20,000), due to savings in the Imperial grants for both recurring and non-recurring expenditure

Medical—(Rs. 17,58,000), due to savings in the grant for sanitation and non-utilization of the grant for equipment of the School of Tropical Medicine as well as the transfer of a portion of the grant for Sanitation and the School of Tropical Medicine to the Public Works Department and other heads

Agriculture—(Rs. 2,10,000), due to lapse of the lump provision for extra fieldmen, demonstrators and apprentices, savings in the grants for sericultural experiments, experimental farms, seed stores, salaries of the Botanic Gardens, and in the lump non-recurring grant for improvements.

Stationery and Printing—(Rs. 88,000), due to adjustment by reduction of expenditure of the sale-proceeds of the machinery of the Dacca Jail Press taken over by the Bihar and Orissa Government for the Gaya Jail.

Miscellaneous—(Rs. 6,33,000), due to the adjustment of grants made by His Excellency to the appropriate heads, to the reappropriations of the reserve provision to meet expenditure under other heads, to the transfer of charges for grain allowance to the different departments by reappropriation from the lump provision under this head and savings in the grant for gratuitous relief

On the other hand, there was a total increase in expenditure of Rs. 18,62,000 the largest items of which are noted below—

Land Revenue—(Rs. 42,000), for larger expenditure under Salaries owing to the recall of officers from leave

General Administration—(Rs. 55,000), due to several officers having been placed on special duty in the Secretariat.

Courts of Law—(Rs. 3,51,000), due to the same reason as under Land Revenue, to larger payments to pleaders for fees in connection with political cases, arrear pay on account of the revision of the Subordinate Judicial Service, and to the debit of grain allowance charges by transfer from 32—Miscellaneous.

- c Jails—(Rs. 3,62,000), for increased expenditure under rations and larger purchase of raw materials for the preparation of manufactures.

Superannuations—(Rs. 53,000), for larger grant for commutation of pensions.

Irrigation—Minor Works and Navigation in charge of the Public Works Department—(Rs. 2,78,000) for grant for the purchase of a dredger.

Civil Works in charge of the Civil Department—(Rs. 5,02,000), chiefly for larger grants to local funds for works of sanitary improvements by transfer from Medical and larger provision for augmentation grants.

Civil Works in charge of the Public Works Department—(Rs. 2,41,000), due to additional grants for land acquisition in connection with the Dacca and Hare Training College at Ballyganj and the Bethune College, Calcutta.

6. The net result of these changes is that the closing balance of 1914-15, which was estimated at Rs. 1,98,32,000 in March last, is now estimated at Rs. 2,81,31,000. The increase is chiefly due to smaller expenditure under Police, Education, Medical, and Agriculture, as mentioned above, and to the assignment of 10 lakhs for Calcutta University hostels.

(3) BUDGET ESTIMATE, 1915-16.

The opening balance of 1915-16 is the closing balance of 1914-15, and is Rs. 2,81,31,000.

8. The estimates for the year, as provisionally approved by the Government of India, show receipts aggregating Rs. 6,18,07,000, an expenditure of Rs. 6,58,29,000, and a closing balance of Rs. 2,41,09,000. Out of the special grant of 50 lakhs for the Calcutta Improvement Trust, which has appeared in the accounts since 1903-04, 40 lakhs have already been paid to the Trust, and the balance 10 lakhs will be paid in 1915-16. Of the estimated closing balance, the following are earmarked for special expenditure—

	Rs.
Minimum balance	20,00,000
Balance of discretionary grant ..	10,19,000
Balance of the Imperial grant for Education ..	87,14,000
Ditto ditto Police ..	8,50,000
Ditto ditto Sanitation ..	40,19,000
Ranchi Lunatic Asylum ..	25,00,000
Amount earmarked for provincial equipments for the three years 1916-17 to 1918-19 ..	24,00,000
Grant promised to Belgatchia Hospital ...	5,00,000
Total ..	2,20,62,000

The difference between Rs. 2,41,09,000 and Rs. 2,20,62,000 = 20,47,000, is the free balance available for new expenditure in the near future.

9. The total estimated charges for 1915-16 amount to Rs. 6,58,29,000 which is in excess of the income by Rs. 40,22,000, owing mainly to the following provisions:—

	Rs.
Grant to the Calcutta Improvement Trust ...	10,00,000
Non-recurring expenditure of the Education Department from Imperial grants ...	18,00,000
Non-recurring expenditure of the Police Department from Imperial grants ...	4,00,000
Balance of the Imperial grant for the Agricultural Department ..	20,000
Balance of the Imperial grant for Medical relief ..	20,000
Equipment for the School of Tropical Medicine	50,000
Additional grant for the management of Government estates ..	50,000
Grant for gratuitous relief ..	50,000
Lump grant for Civil Works in charge of the Public Works Department ...	4,88,000

10. In the exceptional circumstances of the present year it has been found impossible to provide for the regrant of all the unexpended balances of the Imperial grants for Education, Sanitation, Police and discretionary grants. Under the orders of the Government of India, the budget had been prepared on the basis that the Provincial receipts cover all the charges and that the Provincial balances are not available for expenditure in 1915-16. Consequently, only the recurring grants for Education and Sanitation could be provided, but subsequently the Government of India have allowed a deficit of Rs. 40,22,000 including the special non-recurring grant of ten lakhs to the Calcutta University for hostels recently sanctioned and provision has been made for the non-recurring charges mentioned in the paragraph above.

11. A schedule is attached showing the new schemes, costing individually more than Rs. 5,000 in any one year, which have been included in the budget. The non-recurring charges on account of these schemes amount to Rs. 17,820, and the recurring charges to Rs. 2,99,950. Besides these, the budget includes the following new schemes of a more or less petty nature.—

(a) NON-RECURRING CHARGES.

Land Revenue—

	Rs.	Rs.
Purchase of a boat for the Collector of Rajshahi ..	2,500	
Opening of two bridle roads in the Chittagong Hill Tracts...	21,751

Personal allowance of the Manager, Darjeeling Branch Press ..		600
<i>Miscellaneous—</i>		
Grant to the Lady Mayo Nursing Association, Chittagong ..		1,500

PART II.—Detailed remarks on the Budget for 1915-16.

RECEIPTS.

12 *Land Revenue*—The total collections in 1913-14 amounted to Rs 2,80,28,537, and the estimate for 1915-16 as provisionally passed by the Government of India is Rs 2,91,40,000 against Rs. 2,84,80,000, the revised estimate for 1914-15. The estimate includes Rs. 17,92,000 for recoveries of Survey and Settlement charges, against Rs. 15,58,000, the revised estimate for 1914-15.

13 The estimated Provincial share of Land Revenue is calculated as follows —

	Estimate, 1914-15.	Revised estimate, 1914-15.	Estimate, 1915-16.
	Rs	Rs	Rs
Gross Land Revenue	2,96,64,000	2,84,80,000	2,91,49,000
<i>Deduct</i> —Estimated collections from Government Estates (wholly Provincial)	47,00,000	40,50,000	44,37,000
<i>Deduct</i> —Recoveries of cost of maintenance of boundary pillars (wholly Provincial)	2,000	2,000
<i>Deduct</i> —Recoveries of Survey and Settlement Charges (wholly Imperial) ..	20,24,000	15,58,000	17,92,000
Total Deduction	67,26,000	56,10,000	62,29,000
Net amount divisible between Imperial and Provincial revenues ..	2,29,38,000	2,28,70,000	2,29,20,000
Provincial share, one-half ..	1,14,69,000	1,14,35,000	1,14,60,000
<i>Add</i> —Collections from Government Estates (wholly Provincial) ...	47,00,000	40,50,000	44,37,000
<i>Add</i> —Recoveries of cost of maintenance of boundary pillars (wholly Provincial)	2,000	2,000
Total Provincial receipts	1,61,71,000	1,54,87,000	1,58,97,000

14. *Stamps*.—The revenue from Stamps for 1914-15 was estimated at Rs. 2,23,00,000. The actuals in 1913-14 amounted to Rs. 2,19,10,831, and the collections in the first ten months of 1914-15 show a decrease of Rs. 14,58,000 as compared with the actuals of the corresponding period of the preceding year. The receipts under this head show improvement up to the end of July 1914, but steadily declined from August, owing to dislocation of business and trade caused by the war. Some decrease is also anticipated in the last two months and the revised estimate for 1914-15 has been passed for Rs. 2,02,00,000. It is anticipated that the decrease will not continue in 1915-16, but there might be a small increase of one lakh and the budget for that year has been placed at Rs. 2,03,00,000. The Provincial share is one-half and amounts to Rs. 1,01,00,000 for 1914-15 and Rs. 1,01,50,000 for 1915-16.

15. *Excise*.—The budget estimate of the total revenue under this head for 1914-15 was placed by the Government of India at Rs. 1,58,00,000. The actuals of 1913-14 amounted to Rs. 1,53,88,578, and those of the first ten months of 1914-15 show a small increase of Rs. 1,82,000 only over the actuals of the corresponding period of the preceding year. The present crisis has affected consumption in the chief jute-growing districts and the revised estimate for 1914-15 has been passed for Rs. 1,55,00,000, and allowing for a progressive increase of 5 lakhs, the estimate for 1915-16 has been placed at Rs. 1,60,00,000. The treasury price of opium will be raised to Rs. 40 per seer from 1st April 1915, and the duty on ganja will be raised from Rs. 15 to Rs. 20. On the other hand, owing to the rise in price of opium and to the war, a large decrease in consumption is anticipated. The receipts under this head are wholly Provincial.

16. *Provincial Rates*.—The collections from the Public Works Cess are now being surrendered to District Boards. Under General Rates for the management of Private Estates, the estimate of receipts for 1915-16 is Rs. 1,10,000, which is the same as the revised estimate for 1914-15. The actuals of 1913-14 which included collections of arrears were Rs. 1,31,340.

17. *Assessed Taxes*.—The budget estimate of receipts from Income tax for 1914-15 was Rs. 61,00,000. The actual collections in 1913-14 amounted to Rs. 66,37,916 and collections in the first ten months of the year 1914-15 show an increase of Rs. 4,15,000 over those of the corresponding period of last year. The increase is attributed to the favourable trade conditions of 1913-14 which swelled the profits of some of the coal and jute companies and many of the banks. The revised estimate for 1914-15 has been passed for Rs. 69,00,000. Owing to the war in Europe the conditions of trade are now unfavourable, and the profits of bankers and industrial concerns will be greatly affected during 1914-15. As the assessment for 1915-16 will be based on the profits of 1914-15, the estimate for that year has been placed at a reduced sum of Rs. 61,00,000. The Provincial share is one-half and amounts to Rs. 30,50,000 and Rs. 30,50,000 respectively.

18. *Forests*.—The total receipts under this head for 1914-15 were estimated at Rs. 16,00,000 against Rs. 16,16,111, the actuals of 1913-14. The collections in the first ten months of 1914-15 show a decrease of Rs. 2,40,000 as compared with those of the corresponding period of last year. The sales of timber have declined owing to the difficulty experienced in financing the timber trade and to a diminution of the purchasing power of jute cultivators who are large customers for *sal*, and the revised estimate for 1914-15 has been placed at Rs. 13,10,000. Allowing for an increase of Rs. 1,40,000 in 1915-16, the estimate has been passed for Rs. 14,50,000. The Conservator anticipates a substantial increase in 1915-16.

19. *Registration*.—The budget estimate for 1914-15 was Rs. 20,50,000 against Rs. 20,16,144, the actuals of 1913-14. The actual collections in the first nine months of the year 1914-15 amounted to Rs. 12,69,000 and for the remaining three months of the year the receipts have been taken at Rs. 5,31,000 and the revised estimate has been placed at Rs. 18,00,000. The revenue under this head underwent considerable fluctuations up to August

1914, and has since that month declined steadily owing to the slackness of the jute trade. Allowing for an increase of one lakh, the estimate for 1915-16 has been passed for Rs 19,00,000.

20. *Interest*.—The estimate of loans provides for a return in the way of interest during 1915-16 of Rs 5,29,000 against Rs. 4,62,000 in 1914-15 as shown below :—

	Revised estimate, 1914-15	Estimate, 1915-16.
	Rs.	Rs.
Interest on advances to cultivators, etc.	55,000	50,000
Interest on advances to co-operative Credit Societies	3,000	2,000
Interest on drainage and embank- ment advances	9,000	14,000
Interest on loans to landholders	1,59,000	1,60,000
" " " to Municipalities and District Boards, etc.	2,09,000	2,90,000
Miscellaneous	27,000	13,000
Total	4,62,000	5,29,000

The decrease under Miscellaneous is due to the payment of the interest on arrears of the Public Works Cess to the District Boards.

21. *Law and Justice—Courts of Law*—The actuals in 1913-14 amounted to Rs. 8,42,811, while the receipts in the first nine months of 1914-15 show an increase of Rs. 9,000 over those of the corresponding period of last year. The revised estimate for 1914-15 has been placed at Rs. 8,62,000, and the estimate for 1915-16 has been passed for Rs. 9,13,000. The increase is chiefly under fees, fines and forfeitures.

22. *Jails*—The actuals in 1913-14 amounted to Rs. 6,71,947, but the receipts in the first eight months of the year 1914-15 show an increase of Rs. 52,000 as compared with those of the corresponding period of last year, and the revised estimate for 1914-15 has been placed at Rs. 7,31,000. It has been decided that two-fifths of the receipts from the sale of quinine packets should be taken under this head instead of one-fifth as before. The sale-proceeds of quinine treatment, which were credited to the head Medical, are also from 1914-15 credited to this head and to the Cinchona Department in the proportion of 2 : 3. The estimate for 1915-16 has been passed for Rs. 7,60,000.

23. *Police*—The budget estimate for 1914-15 was Rs. 1,77,000 against Rs. 1,56,684, the actuals of 1913-14. The receipts in the first nine months of 1914-15 show an increase of Rs. 25,000 over those of the corresponding period of last year on account of larger receipts from the Motor Cycle Act, and the revised estimate for 1914-15 has been placed at Rs. 1,87,000. The estimate for 1915-16 is Rs. 1,86,000.

24. *Ports and Pilotage*.—The actuals in 1913-14 amounted to Rs. 16,76,604, while the budget estimate for 1914-15 was originally passed for Rs. 17,16,000. The actual collections in the first nine months amounted to Rs. 11,06,857 and for the last three months of the year the receipts have been taken at Rs. 4,18,143, and the revised estimate has been placed at Rs. 15,25,000. The decrease is under Pilotage receipts and is due to the reduction in the number of vessels entering and leaving the Calcutta port in consequence of the dislocation of trade caused by the war. The estimate for 1915-16 has been passed for Rs. 16,20,000 and provides for a receipt of Rs. 72,000 for the hire by the Government of India of the steamer *Guide* for station duty at Port Blair, against Rs. 30,000 provided for in the revised estimate on the same account.

25. *Education*.—The actuals in 1913-14 amounted to Rs. 8,10,953, and the budget estimate for 1914-15 was Rs. 8,62,000. This has been reduced to Rs. 8,12,000 in the revised estimate with reference to the actuals of the first nine months of the current year which amounted to Rs. 5,68,321, against Rs. 5,65,585 obtained in the corresponding period of last year. The estimate for 1915-16 has been passed for Rs. 8,86,000, and includes Rs. 24,000 from fees of the residential school for Indian boys at Hastings House, Calcutta, and Rs. 16,000 on account of fees and fines from Madrassas, which were hitherto credited to the Mohsin Fund.

26. *Medical*.—The budget estimate for 1914-15 was Rs. 3,97,000 and included Rs. 50,000 under Medicines sold by Civil Surgeons. This included the sale-proceeds of quinine treatments prepared by the Juvenile Jail and sold through the agency of Civil Surgeons, which are now readjusted by credit to the Jails and Cinchona Departments in the proportion of 2/3, with effect from 1914-15. Against this decrease, there was an increase under Hospital receipts and College fees, and the revised estimate has been placed at Rs. 3,75,000. The budget for 1915-16 has been placed for Rs. 3,80,000, and includes larger receipts from college and school fees.

27. *Agriculture*.—Under the orders of the Government of India the head Scientific and other Minor Departments has now been divided into two heads—(A) Agriculture, which includes the items Veterinary, and Stallion receipts; Agriculture, Botanical and other gardens, receipts on account of public exhibitions and fairs, while the other items have been classified under (B) Scientific and Miscellaneous Departments. The budget estimate for 1914-15 under Agriculture was Rs. 85,000, but this has been reduced to Rs. 78,000 in the revised estimate, the actuals of 1913-14 having been Rs. 78,756. The estimate for 1915-16 has been passed for Rs. 82,000 and includes larger receipts from the Veterinary Department.

28. *Scientific and Miscellaneous Departments*.—The budget estimate for 1914-15 was Rs. 1,87,000 against Rs. 1,98,925, the actuals of 1913-14. The actuals in the first eight months of 1914-15 amounted to Rs. 4,10,000 (of which Rs. 3,73,000 represented the sale-proceeds of cinchona and its products against Rs. 1,50,000, the estimate for the whole year.) This special increase is due to the credit of three-fifths of the sale-proceeds of quinine treatments sold through the agency of Civil Surgeons and to the large sale of quinine sulphate, of which a large stock was laid in, in 1912-13. The increase is also partly due to the credit of fees for registration of Joint Stock Companies which were hitherto credited to the head, Registration. The revised estimate for 1914-15 has been placed at Rs. 4,30,000, but as such large receipts may not continue in 1915-16, the estimate under this head has been passed for Rs. 3,53,000, providing for Rs. 3,00,000 as receipts from cinchona, against Rs. 3,71,000 anticipated in 1914-15.

29. *Receipts in aid of Superannuation*.—The budget estimate for 1914-15 was Rs. 39,000, but in the revised estimate this has been raised to Rs. 42,000 in view of the actual collections in the first nine months of the year, showing an increase of Rs. 3,500. The estimate for 1915-16 has however been passed for Rs. 40,000.

30. *Stationery and Printing*.—The estimate for 1914-15 was Rs. 1,20,000 against Rs. 1,37,862, the actuals of 1913-14, but in the revised estimate this has been raised to Rs. 1,56,000 in view of the actual collections in the first nine months of the year. The increase is attributed to the sale of waste-paper and unserviceable materials from the Dacca Jail Press on its removal to Gaya. The estimate for 1915-16 has been placed at Rs. 1,32,000.

31. *Miscellaneous*.—The receipts for 1914-15 were estimated at Rs. 5,92,000 against Rs. 7,68,760, the actuals of 1913-14, which included Rs. 6,01,162 from unclaimed deposits. The budget estimate under this sub-head was Rs. 4,80,000, but in the revised estimate it has been raised to Rs. 5,55,000, and the total receipts to Rs. 6,89,000. The estimate for 1915-16 has been placed at Rs. 6,90,000 and includes Rs. 5,80,000 for unclaimed deposits.

32. *Irrigation, Major Works (Direct Receipts).*—The budget estimate for 1914-15 was Rs. 2,67,000 against Rs. 2,46,579, the actuals of 1913-14. The actual collections in the first ten months of 1914-15 show a decrease of Rs. 24,000 and the revised estimate has been placed at Rs. 2,40,000. The decrease is due to restricted traffic on account of the silted condition of the Hiji Tidal Canal and smaller export of rice through the Midnapore Canal. The revised estimate has been repeated for the budget for 1915-16. The Provincial share is one-half and amounts to Rs. 1,20,000 for both the years.

33. *Irrigation, Minor Works and Navigation in charge of the Public Works Department.*—The budget estimate for 1914-15 was Rs. 6,10,000 against Rs. 5,65,040, the actuals of 1913-14. The actual collections in the first nine months of 1914-15 show a decrease of Rs. 27,000 and the revised estimate for the year has been placed at Rs. 5,24,000. The decrease is chiefly due to stoppage of jute traffic in the Calcutta and Eastern Canals and Madanpur Bhil route, as well as smaller receipts from tollage on steamers in the latter, also for smaller collections from water-rate in the Eden Canal. The Magra Hât Drainage is not complete and increased receipts are expected from this canal and the estimate for 1915-16 has been placed at Rs. 5,70,000. The Provincial share is one-half and amounts to Rs. 2,62,000 in 1914-15 and to Rs. 2,85,000 in 1915-16.

34. *Civil Works in charge of the Public Works Department.*—The budget estimate for 1914-15 was Rs. 3,30,000 against Rs. 4,34,258, the actuals of 1913-14. The actuals of the first nine months of 1914-15 show an increase of Rs. 35,000 and the revised estimate has been passed for Rs. 4,70,000. The increase is due to the growth of receipts from rent of Government buildings and larger sale-proceeds of buildings. The estimate for 1915-16 has been placed at Rs. 4,25,000.

35. *Transfer between Imperial and Provincial Revenues.*—This is a new head opened under the orders of the Government of India to show the net assignments to or from Provincial Revenues in place of the major head "Land Revenue—Adjustments" which was included under the major head of Land Revenue. The estimate includes the following transfers from Imperial Revenues:—

	Rs
Contribution for Famine Relief Scheme	60,000
Grant to the Calcutta Improvement Trust for 60 years	1,50,000
Recurring assignment in connection with remission of appropriations from Public Works Cess	24,93,000
Recurring grant for Sanitation	5,00,000
Contribution to meet charges of Lieutenant-Colonel Sutherland's deputation for serological enquiry	35,000
Grant of one-half of the salaries of Health Officers in municipalities	30,000
Contribution to meet the cost of Deputy Sanitary Commissioners	19,000
Recurring assignment for the Belgachia Veterinary College	30,000
Recurring assignment for provincialisation of salaries of Civil Veterinary Department	29,000
Contribution from Bihar and Orissa in connection with Fishery Department	9,000
Recurring grant for Dacca University	45,000
Non-recurring grant for Dacca University for five years from 1914-15	1,00,000
Recurring grant for popular education	9,25,000
Recurring grant for aided English Secondary Schools	1,50,000
Recurring grant to the Church Missionary Society College, Calcutta	6,000

	Rs.
Recurring grant for the extension of education among poorer classes of the domiciled community	40,000
Recurring grant for the improvement of female education ..	30,000
Recurring grant for the development of the work of the Calcutta University	65,000
Recurring grant for education	13,20,000
Further recurring grant for education	1,50,000
Assignment in connection with Scientific Research of Dr. J C Bose	9,000
Assignment for the cost of forms, etc., for the Assam Administration	1,05,000
Assignment for grant to the Chittagong Port Fund for 5 years from 1913-14	75,000
Recurring assignment for recovery claims of the office of the Agent, Government Consignments	11,600
Contribution for recovery of cost of transmission of records by revised procedure introduced by the Court Fees Act ...	6,000
Recurring assignment for pensions of title-holders ..	3,000
Recurring assignment for remission of certain recoveries from local bodies	26,000
Recurring grant for the amalgamation of the clerical establishment of the Art Section of the Indian Museum with the Calcutta School of Art	1,000
Assignment for Traffic Registration Office, Bhairab Bazar ..	1,000
Contribution from Bihar and Orissa Government towards pay of Electrical staff	8,000
Total	64,40,000

The estimate also includes the following transfers from Provincial to Imperial Revenues —

	Rs.
Recurring fixed adjustment under the terms of the Settlement	7,98,000
Recurring grant to Bihar and Orissa Government for grants to Colleges	21,000
Recurring grant to Bihar and Orissa for law charges formerly paid by this Government	15,000
Recurring adjustment for No. 9, Hare Street	9,000
Total	7,73,000

The net assignment from Imperial Revenues is Rs. 64,40,000 — 7,73,000 = Rs. 56,67,000.

EXPENDITURE.

36. *Refunds and Drawbacks.*—The total Provincial expenditure in 1915-16 is estimated at Rs. 1,41,000, against Rs. 1,35,000, the Budget estimate for 1914-15, and Rs. 1,35,656, the actuals of 1913-14. The estimates under this head are based, as usual, on the average actuals of the previous three years, excluding special payments. The actuals of 1911-12 included a special payment of Rs. 6,000 under Land Revenue for an erroneous credit given in 1910-11 for cost of maps, and those of 1912-13 a special payment of Rs. 8,000 under Stamps. The revised estimate for 1914-15 has been placed at Rs. 1,64,000 and includes special payments of Rs. 12,000 for license fees under Excise in Darjeeling, and of Rs. 8,000 for refund of Income-tax to a Russian Trading Company. c

37. *Assignments and Compensations.*—The budget estimate for 1914-15 was Rs. 43,000, but this has been reduced to Rs. 32,000 in the revised estimate owing to smaller payments of Malikana. The estimate for 1915-16 is Rs. 42,000 which provides for actual claims.

38. *Land Revenue.*—The total provincial expenditure for 1915-16 is estimated at Rs. 36,66,000, against Rs. 35,75,000, the revised, and Rs. 35,33,000 the Budget estimate, for 1914-15 as shown below.—

	1914-15		1915-16
	Budget Rs.	Revised. Rs.	Budget. Rs.
(1) Charges of District Administration	27,01,000	28,60,000	28,48,000
(2) Charges on account of Land Revenue collections	10,000	17,000	24,000
(3) Management of Government Estates	5,68,000	4,58,000	5,28,000
(4) Survey and Settlement	2,13,000	1,81,000	2,00,000
(5) Land Records	41,000	59,000	66,000
Total	35,33,000	35,75,000	36,66,000

The estimate under (1) provides for larger grant under salaries of Magistrates, etc., as no leave will primarily be given to the Indian Civil Service Officers during the war, for increased grant for travelling allowances of officers, for diet and travelling allowances to witnesses, and for remuneration to copyists. The increase in the revised is due to additional expenditure under Salaries owing to the recall of Indian Civil Service Officers from leave. The decrease in the revised estimate under (3) is due to lapse of provision for improvements in Government estates.

39. *Stamps*—The estimate for 1914-15 was Rs. 7,52,000, but in view of the decrease under receipts and consequent smaller payments of discount and the favourable terms for the supply of stamp paper, the revised estimate has been reduced to Rs. 5,51,000. The Controller of Stamps and Stationery has reported that under the new agreement with the contractors for the supply of stamp paper the provision of some of the items have been reduced by 50 per cent, and that the cost of demy paper has also been much reduced. The budget for 1915-16 has been passed for Rs. 6,05,000 and follows the anticipated increase under receipts. The charges of this department are divided equally between the Imperial and Provincial revenues and the Provincial share amounts to Rs. 2,76,000 and Rs. 3,03,000 respectively.

40. *Excise*—The estimates for 1914-15 was Rs. 8,77,000, but in the revised estimate this has been reduced to Rs. 7,41,000 as the grant for the reorganization of the department will not be fully utilized, and out of the sum of Rs. 50,000 for the construction of launches Rs. 20,000 only will probably be spent. The budget for 1915-16 is Rs. 8,02,000 and includes 1½ lakhs for the reorganization of the department, Rs. 20,000 for the construction of boats and launches, and Rs. 5,000 for the construction of quarters.

41. *Provincial Rates.*—The cost of collections of the cesses and the valuation and revaluation charges are debited in the first instance to the head "3—Land Revenue—Charges of District Administration," but ultimately recovered from District Boards and the recoveries including pension contributions are taken in reduction of expenditure under that head.

42. *Assessed Taxes.*—The estimate for 1914-15 was Rs. 1,51,000, but in the revised estimate this has been raised to Rs. 1,54,000 owing to higher grade pay of the Deputy Collector and to the payment of leave allowances to Assessors in Calcutta. The budget for 1915-16 is Rs. 1,52,000. The Provincial share is one-half and amounts to Rs. 77,000 and Rs. 76,000 respectively.

43. *Forests.*—The estimate for 1914-15 was Rs. 7,27,000, but in the revised estimate this has been reduced to Rs. 6,84,000 with reference to the

actuals of the first nine months of the year. The decrease is due to the provision for new boilers of the launches *Hawk* and *Helen Grey* not having been utilized. The provision for the construction of certain roads also has not been utilized in full. The budget for 1915-16 amounts to Rs. 6,66,000 and includes provision for the supply of new boilers referred to above and for the anticipated return of senior officers from leave. The decrease in 1915-16 is due to exclusion of special expenditure on roads and buildings.

44. *Registration*—The estimate for 1914-15 was Rs. 11,99,000, but in the revised estimate this has been reduced to Rs. 11,51,000 owing to the non-utilization of the lump provision for revision of the cadre of District Sub-Registrars, and the establishment in District Offices, and to the transfer of the provision for the new Registrar of Joint-Stock Companies to '26B—Scientific and Miscellaneous Departments'. The estimate for 1915-16 is Rs. 11,23,000, and does not provide for retention of establishment.

45. *Interest on Ordinary Debt*—This is interest payable from the Provincial revenues to the Imperial revenues on the amount advanced by the latter to the Local Government for loans to cultivators, under the Agriculturists' Loans and Land Improvements Loans Acts, for advances to Co-operative Societies, for advances on drainage and embankment schemes, for loans to notabilities and to municipalities and other public corporations (excluding Presidency Corporations).

46. *General Administration*—The estimate for 1914-15 was Rs. 23,53,000, but in the revised estimate this has been raised to Rs. 24,08,000. The increase is partly under staff and household of the Governor owing to the increased charges on account of establishment, travelling allowances and contingencies for the separation of the offices of the Private Secretary to Governor and Military Secretary to Governor and partly under Civil Secretariat chiefly for the charges on account of officers on special duty on the recall of Indian Civil Service Officers from leave. The estimate for 1915-16 is Rs. 23,74,000 and generally follows the budget for 1914-15 with additions under staff and household for the reasons given above and under Civil Secretariat for increase of salary of the Chief Secretary and increased establishment sanctioned for the Education and Commerce branches for increase of work.

47. *Law and Justice—Courts of Law*.—The estimate for 1914-15 was Rs. 99,53,000, but in the revised estimate this has been raised to Rs. 1,03,04,000 with reference to the actuals of the first nine months of the year. The increase is chiefly under Law Officers owing to larger payment of pleaders' fees in connection with the several political cases and partly under Civil and Sessions Courts, owing to arrear payments on account of revision of the Subordinate Judicial Service sanctioned towards the close of 1913-14 and partly under Criminal Courts owing to recall of Indian Civil Service Officers from leave as explained under "3—Land Revenue". The estimate for 1915-16 is Rs. 1,01,24,000. It includes full provision for the sanctioned number of High Court Judges, Inspector of Judicial Offices, Registrar of Insolvency and Additional Sub-Deputy Collectors for appointment as Circle Officers, larger provision for fees to pleaders in criminal and civil suits in the mufassal, larger grants for rates and taxes and contingencies of the Presidency Magistrate's Courts owing to the division of Courts in 3 places, and for the payment of rewards in Arms Act cases, and for the arrest of both armed and unarmed dacoits.

48. *Jails*.—The estimate for 1914-15 was Rs. 20,76,000 but the actuals in 1913-14 amounted to Rs. 22,62,882, and the revised estimate for 1914-15 has been raised to Rs. 23,78,000 with reference to the actuals of the first eight months of the year. The increase is chiefly due to larger dietary charges and the purchase of raw materials. The estimate for 1915-16 is Rs. 21,95,000. The decrease is due to small provision for dietary charges and purchase of raw materials as compared with the figures for the revised estimates but larger than the budget grant for 1914-15.

49. *Police*.—The following table shows the figures under this head—

HEADS.	Actuals, 1913-14.	1914-15.		Estimate, 1915-16.
		Budget.	Revised.	
	Rs.	Rs.	Rs.	Rs.
Presidency Police ..	15,95,085	17,23,000	17,08,000	17,45,000
Superintendence ..	3,15,600	2,62,000	2,85,000	2,34,000
Criminal Investigation Department ..	4,78,009	4,95,000	5,56,000	5,31,000
District Executive Force	64,60,986	80,74,000	72,21,000	73,87,000
Village Police ..	30,000	30,000	5,000	8,000
Special ..	2,22,718	2,42,000	2,56,000	3,01,000
Railway ..	26,214	3,19,000	3,46,000	3,25,000
Cattle-pounds ...	236	250	500	250
Refunds ..	3,976	2,750	2,500	3,750
Lump deduction ...		—2,50,000	
Total ..	94,71,081	1,08,98,000	1,03,80,000	1,05,35,000

The revised estimate for 1914-15 has been framed with reference to the actuals of the first eight months of the year. The decrease is chiefly due to partial utilization of the lump provisions for additional police and re-organization of the subordinate police in the Eastern Bengal districts and to savings in the allotment for river police. The estimate for 1915-16, is Rs. 1,05,35,000 and includes .—

	Rs
<i>Presidency Police</i> —	
Increased staff for registration of motor vehicles ..	8,580
Increased staff for Barabazar Thana	11,420

<i>District Police</i> —	
Revision of boat establishment in Eastern-Bengal districts ...	49,000
Appointment of Second Personal Assistant of the Inspector-General of Police ..	20,000
Re-organization of the Subordinate Police of Eastern-Bengal districts ..	10,000
Re-organization of the River Police ..	40,222
Non-recurring expenditure from Imperial grants for re-organization and River Police, viz., for launches and buildings, etc.	4,00,000
Crew for the new launch for the Assistant Superintendent of Police, Munshiganj ..	4,000
Staff for new Police Hospital, Chinsura ..	2,260
Re-constitution of Town Police, Rampur Boalia ..	2,399
Increase of staff at Dhanbad Railway Police ..	2,448
Increased staff for division of East Indian Railway Jurisdiction ..	6,618
Armed Police, Pabna, Malda and Bogra ..	9,381
Head-quarters treasury guards ..	5,692

50. *Ports and Pilotage*.—The estimate for 1914-15 was Rs. 15,39,000, but in the revised this has been reduced to Rs. 13,74,000, owing to smaller payments to the pilots due to the partial suspension of trade owing to the war and to the lapse of the provision of Rs. 75,000 for grant to the Chittagong Port Fund for a grab dredger which was not sanctioned. The estimate for 1915-16 is Rs. 14,76,000, and provision has been made for normal expenditure of the department with reference to requirements. It includes the Government grant of Rs. 1,50,000 to the Chittagong Port Fund.

51. *Education*.—The total Provincial expenditure in 1914-15 was estimated at Rs. 1,45,43,000, but in the revised estimate this has been reduced to Rs. 85,23,000 with reference to the actual charges in the first ten

months of the year. The decrease is chiefly due to savings in the grants from Imperial Revenues which were not fully utilised. During the year the Government of India sanctioned an additional non-recurring grant of one lakh for five years for the Dacca University and a non-recurring grant of 10 lakhs for the Calcutta University for hostels, which have not been utilised. The budget grant for 1915-16 is Rs. 1,05,62,000, and is thus compared with the actuals of the past three years

HEADS	ACTUALS			1914-15		1915-16
	1911-12	1912-13	1913-14	Budget	Revised	Budget
University ...	66,028	5,15,000	1,18,500	1,20,000	1,20,000	1,15,000
Direction ..	2,17,189	1,53,080	1,51,032	1,67,000	1,62,000	1,58,000

Lump provision for hostels out of Calcutta and Dacca	2,17,000
Lump provision for hostels in Calcutta	8,70,000	..	8,00,000
Expenditure from the non-recurring assignment of 75 lakhs	30,00,000
Lump provision for improving popular education	9,25,000
Lump provision for regrant of savings of 1912-13	1,72,000
Lump provision for secondary education	1,28,000	..	1,50,000
Lump provision for female education (recurring)	30,000	..	30,000
Expenditure of the recurring grant	25,20,000	..	13,20,000
Further recurring grant	1,50,000	..	1,50,000
Dacca University and hostels (non-recurring)	3,00,000	..	1,00,000
Dacca University and hostels (recurring)	45,000	..	45,000
Calcutta University for hostels (Non-recurring)	10,00,000
Lump deduction	5,00,000
Total ..	61,21,873	73,76,829	81,12,515	1,45,43,000	85,23,000	1,05,62,000

The budget for 1915-16 includes the following items of expenditure :—

	Rs.
Assistant Professor for Philosophy, Presidency College ..	4,800
Shorthand-typist, Presidency College ..	900
Higher pay for the Lady Principal, Bethune College ..	2,400
Female attendants for Inspectress and Assistant Inspectress of Schools ..	3,040
Remuneration of authors and publishers in connection with the preparation of Urdu Readers for girls ..	2,000
Non-recurring grant for Dacca University recently sanctioned by the Government of India ..	1,00,000
Non-recurring expenditure out of the Imperial grants for past years (details not settled) ..	4,00,000
Non-recurring expenditure out of the Imperial grants for past years in connection with the Calcutta University Institute and the Baker hostel ..	4,00,000
Grant to the Calcutta University for Hostels ..	10,00,000
Cost of Cookery class, Dow Hill School ..	1,680

The Imperial grants are likely to be expended in 1914-15, thus :—

	Budget grant.	AMOUNT LIKELY TO BE SPENT DURING 1914-15.		Total probable expenditure.
		Under Education.	Under '45—C W. (P W D.)"	
<i>Non-recurring</i>	Rs.	Rs.	Rs.	Rs.
Non-recurring expenditure ...	5,10,000	11,000	1,23,000	1,34,000
Hostels outside Calcutta and Dacca ..	2,17,000	28,000	53,000	81,000
Non-recurring Imperial assignments ..	10,00,000	4,46,000	10,67,000	15,13,000
Dacca University ..	3,00,000	1,000	40,000	41,000
Hostels in Calcutta ..	8,70,000	1,15,000	1,26,000	2,41,000
<i>Recurring.</i>				
Dacca University ..	25,000	4,47,000	1,05,000	5,77,000

Popular education ..	1,28,000	1,28,000	1,28,000
Secondary Aided Vernacular Schools ..	30,000	10,000	40,000
Female education ..	1,50,000	60,000	60,000
Recurring grant ..				
Total ..	89,43,000	20,32,000	16,61,000	36,96,000

52. *Medical.*—The estimate for 1914-15 was Rs. 47,81,000, but this has been reduced to Rs. 30,23,000 in the revised estimate with reference to the actuals of the first nine months of the year. The decrease is chiefly due to savings in the grant for works of sanitary improvements and also to the transfer of a portion of the grant which was made to Municipalities and District Boards to the head "45.—Civil Works in charge of Civil officers" and a portion to "45.—Civil Works in charge of the Public Works Department." The sum of Rs. 50,000 given to the Provincial Government by the Indian Research Fund for jungle clearing was refunded to that body in 1914-15 as the amount could not be spent in the way suggested. Many of the Indian Medical Service officers have reverted to the Military Department, and this also caused some saving in expenditure. The budget for 1915-16 amounts to Rs. 36,13,000 and includes the following items :—

Rs.

Lump grant for expenditure on Works of sanitary improvements (Imperial recurring grant) ..	5,00,000
Lump grant being the amount allowed in the Provincial settlement ...	4,50,000
Lump grant for Medical Relief, being the unexpended Imperial grant ..	20,000
Lump grant for the School of Tropical Medicine, being the unexpended Imperial grant ...	13,000
Lump grant for equipments of the school ...	50,000
Lump grant for the State Medical Faculty ...	10,000
Lump grant for the Bengal Council of Medical Registration ...	10,000

The grants for Presidency Hospitals are shown below.—

	Salaries	Estab- lishment	Allow- ances	Clothing and bedding	Diet.	Other supplies	Conti- nencies	Total.
	Rs	Rs	Rs	Rs	Rs	Rs	Rs	Rs.
Medical College Hos- pital ..	50,910	19,228	200	90,000	1,11,000	87,662		3,59,000
General Hospital	67,920	10,096	1,360	77,000	36,600	18,024		2,41,000
Campbell Hospital	14,520	27,528	11,000	36,000	18,000	33,952		1,41,000
Albert Victor Asylum for Lepers ..	5,400	3,576	180	17,000	1,200	7,644		35,000

53 *Political*—The estimate for 1915 is Rs 30,000 against Rs 29,000. the budget estimate for 1914-15. The increase is under Miscellaneous for lump provision for demarcation of boundaries at the question of the settlement of the whole boundary along the Meeh is under consideration.

54 *Agriculture*—The heads "Scientific and other Minor Departments" has now been divided under the orders of the Government of India into two Major heads "Agriculture" and "Scientific and Miscellaneous Departments" Under the former head Veterinary, Agriculture, Botanic and other public gardens, Bacteriology and Co-operative Societies are shown, while all the other minor heads are now shown under "Scientific and Miscellaneous Departments" The estimate under the former head for 1914-15 was Rs. 11,05,000 but in the revised estimate this has been reduced to Rs. 9,76,000 with reference to the actuals of the first nine months of the year. The decrease is chiefly under expert staff owing to lapse of the provision for extra fieldmen. under Sericulture owing to savings in the grant for experiments and large savings in the non-recurring grant for agricultural improvements. The budget for 1915-16 is Rs 11,17,000 and includes the following items of expenditure —

	Rs
Cost of printing postcard forms for reporting cattle diseases	1,000
Cost of an officer under training in the Veterinary College	6,480
Cost of a Veterinary Assistant to be in charge of Government elephants in Jalpaiguri	1,400
Cost of temporary establishment for Jute forecast work	4,300
One District Agricultural Officer	1,200
Additional Supervisors	4,800
Cost of three Laboratory Assistants	4,500
Clerks for Agricultural Supervisors	1,800
Additional Fieldmen Demonstrators	6,000
Cost of two Inspectors for the Co-operative Department	2,400
Lump provision for revision of establishment for the Office of the Registrar, Co-operative Societies	6,476

55 *Scientific and Miscellaneous Departments*—The estimate for 1914-15 was Rs. 5,14,000, but in the revised estimate this has been reduced to Rs 5,28,000. The decrease is chiefly owing to smaller expenditure in the Factories and Fisheries Departments and savings in the grants for Gazetteers as the work of revision has not yet been completed. The budget for 1915-16 is Rs 5,05,000 and includes provision for Assistant Registrar of Joint Stock Companies, Rs. 3,600, carp culture by Fishery Department, Rs. 2,000, experimental culture in Sundarbans fisheries, Rs. 2,000; and fishery yarn, Rs. 2,000.

56. *Superannuation*—The charges under this head rise year after year owing to increase in the number of claims to pension. The estimate for 1914-15 was Rs 32,31,000. but in the revised this has been raised to Rs. 32,84,000 as the allotment for the commuted value of pensions has been raised from Rs 75,000 to Rs. 1,50,000. The estimate for 1915-16 is Rs. 34,29,000 and includes 2 lakhs for the commutation of pensions.

57. *Stationery and Printing.*—The following table shows the charges under this head :—

HEADS.	Actuals, 1913-14.	Budget estimate, 1914-15.	Revised estimate, 1914-15.	Budget estimate, 1915-16.
	Rs.	Rs.	Rs.	Rs.
Forms Department at the Presidency ...	59,712	71,000	62,000
Stationery purchased in this country	25,905	25,000	29,000	28,000
Government Presses ...	6,360	6,81,000	6,00,000	6,94,000
Printing at private presses ...	1,005	2,000	3,000	3,000
Stationery supplied from Central Stores	58,232	6,60,000	6,60,000	6,60,000
Refunds	2,907	2,000	2,000	2,000
Total	14,85,406	14,41,000	13,56,000	13,87,000

The estimate for 1914-15 is Rs. 14,41,000, but in the revised estimate this has been reduced to Rs. 13,56,000, chiefly owing to the adjustment by reduction of expenditure under the Government Presses of Rs. 69,000, being the sale-proceeds of machinery, etc., supplied by the Dacca Jail and the Gaya Jail Press. The provision for overtime allowance to the clerks of the Forms Branch was not required in 1914-15, and hence the decrease under that minor head. That branch has now been amalgamated with the Jail Press and the charges are now included under Government Presses. The estimate for 1915-16 is Rs. 13,87,000. No provision has been made for the Dacca Jail Press which has been abolished, while Rs. 6,000 has been included for the improvement of the Confidential Section of the Secretariat Press.

58. *Miscellaneous.*—The estimate for 1914-15 is Rs. 10,81,000 but in the revised this has been reduced to Rs. 4,48,000. The reduction is due to the adjustment, under appropriate heads, of expenditure sanctioned by His Excellency from the provision for petty grants, of charges for grain compensation allowance and to the reappropriation of the reserve provision of Rs. 1,50,000 in order to meet expenditure under other heads and the savings in the allotment of Rs. 50,000 for gratuitous relief in the flooded districts. Against these transfers and savings additional charges were incurred under Special Commissions of Enquiry on account of the Port Development Committee and District Administration Committee. Special grants of Rs. 5,000, Rs. 3,000 and Rs. 2,500 have been sanctioned for the construction of a female vagrant ward within the compound of the Government Alms House, for the extension of the Calcutta Orphanage and to the Salvation Army respectively. The budget for 1915-16 is Rs. 10,16,000 and includes the following items :—

	Rs.
Allotment for petty grants by His Excellency ...	1,00,000
Ditto for payment of grain compensation allowance ...	4,00,000
Gratuitous relief ...	50,000
General reserve for unforeseen requirements ..	1,50,000
Guarantee charges for telegraph lines ..	10,000

59. *Irrigation Major Works (Working expenses).*—The actual expenditure in 1913-14 amounted to Rs. 2,97,789 and the estimate for 1914-15 was Rs. 2,96,000 but in the revised estimate this has been reduced to Rs. 2,58,000 with reference to the actuals for the first eight months of the year. The decrease is chiefly under "Maintenance and Repairs of the Midnapore Canal." The estimate for 1915-16 has been passed for Rs. 2,67,000. The Provincial share (one-half) amounts to Rs. 1,29,000 and Rs. 1,33,000 respectively.

60. *Irrigation—Minor Works and Navigation in charge of the Civil Department.*—The budget for 1914-15 was Rs. 8,000 but owing to the adjustment under Public Works Department of expenditure on bandalling the Ganges near Rampore-Baalia by transfer from this head the revised estimates has

been reduced to Rs. 2,000. The budget for 1915-16 has been placed at the same amount and the Provincial share for both the years 1914-15 and 1915-16 amounts to Rs. 1,000.

61. *Irrigation—Minor Works and Navigation in charge of the Public Works Department.*—The estimate for 1914-15 was Rs. 22,38,000 against Rs. 19,24,457, the actuals of 1913-14. During the year additional grants aggregating six lakhs was sanctioned for the purchase of dredging plant required for the maintenance and improvement of waterways, but Rs. 19,250 has been placed at the disposal of the District Board of Bakarganj as Government contribution for re-excavation of the Damoda channel by the District Board. The revised estimate now stands at Rs. 27,94,000. The estimate for 1915-16 is Rs. 22,92,000 and includes the following items:—

	Rs.
Construction of an escape from first reach of the Midnapore canal	11,000
Acquisition of land required for working the dredge <i>Foyers</i>	50,000
Second supply sluice and other work in connection with the Eden canal	20,000
Training works in the river Ganges between Digba and Damukdia	35,000
Training works in the Dhauleswar and Burigonga rivers	60,000
Maintenance and repairs of the Dura Hât Drainage	40,000
Flood damage repairs to embankments	1,00,000
Works to mitigate the effects of the Damodar floods	35,000
Raising the Damodar left embankment	70,000
Concrete mattress protection at Diamond Harbour	70,000

The Provincial share (one-half) amounts to Rs. 13,97,000 for 1914-15 and Rs. 11,46,000 for 1915-16.

62. *Civil Works in charge of the Public Works Department.*—The estimate for 1914-15 was Rs. 89,59,000, but in the revised estimate this has been raised to Rs. 92,00,000 for expenditure of the special grants for land acquisition in connection with the David Hare Training College at Ballyganj and the Bethune College, Calcutta. The estimate for 1915-16 is Rs. 64,88,000, which is distributed thus:—

	1914-15		1915-16
	Budget Rs.	Revised Rs.	Budget Rs.
Original works	55,59,000	54,86,000	28,88,000
Repairs	21,83,000	22,95,000	22,00,000
Establishment	11,17,000	12,40,000	13,50,000
Tools and plants	70,000	89,000	50,000
Stock and suspense		90,000	
Total	89,59,000	92,00,000	64,88,000

The grants for repairs, establishment and tools and plants have been fixed at the lowest sum possible and large reductions had to be made in the grant for original works. As the whole of the available money is required for works in progress there is no money to allot for new works. Rupees 3,00,000 has been allowed to Heads of Departments for Minor Works grant against Rs. 4,25,000 for 1914-15 and the amount is distributed thus:—

	Rs.
Education	56,000
Medical	38,000
Registration	12,000
Police	38,000
Calcutta Police	12,000
Jails	30,000
Excise	8,000
Courts of Law	8,000
Commissioner of Divisions	60,000
Residences of Local Government	20,000
Public Works Reserve	18,000
Total	3,00,000

63. *Civil Works in charge of the Civil Department.*—The estimate for 1914-15 was Rs. 20,77,000 but in the revised estimate this has been raised to Rs. 25,79,000 partly for larger augmentation grants to District Boards but chiefly for grants for water-works and sanitation for which provision was made under "Medical". The estimate for 1915-16 amounts to Rs. 22,09,000 and includes the following —

	Rs.
Grant to the Calcutta Improvement Trust ..	11,50,000
Special grants for feeder roads ..	40,000
Augmentation grant ..	7,30,500
